Singapore, 24 November 2026 – JUMBO Group Limited ("**JUMBO**", or the "**Company**" and together with its subsidiaries, the "**Group**"), one of Singapore's leading multi-dining concept food and beverage ("**F&B**") groups, capped off financial year ended 30 September 2026 ("**FY2026**") with a 7.5% increase in revenue to S$204.6 million from S$190.3 million in the preceding financial year ("**FY2025**"). Profit attributable to owners of the Company for the year came in at S$7.4 million compared to S$8.7 million in FY2025.

The year-on-year growth in revenue was underpinned by robust growth in the Group's key markets – Singapore and the People's Republic of China ("**PRC**") and contribution from new market – Indonesia. This was partially offset by the absence of revenue contribution from Taiwan, which the Group exited in September 2025.

On half-year ended 30 September 2026 ("**2H2026**"), revenue rose 7.1% to S$99.6 million from S$93.0 million in the corresponding period a year ago ("**2H2025**"), while net attributable profit increased almost twofold to S$1.2 million from S$0.7 million in 2H2025.

Sustained Operating Performance

Despite the continued challenging operating environment, the Group saw revenue from Singapore operations growing 8.5% to S$179.4 million in FY2026 from S$165.4 million in FY2025. This was largely

bolstered by full-year contribution from new outlets that commenced operations in FY2025 as well as contribution from the Group's first food hall, JUMBOREE, which opened in early 2026.

Revenue from the PRC recorded stronger growth of 12.5% to S$20.6 million in FY2026 compared to S$18.3 million in FY2025, supported by improved operating performance. The Group also registered a revenue contribution of S$1.5 million from Indonesia following the commencement of operations of a new outlet in Jakarta.

Gross profit for FY2026 rose 8.6% to S$134.7 million from S$124.0 million, while gross profit margin improved 0.6 percentage points ("**ppt**") to 65.8% from 65.2%, mainly driven by higher margins at newer outlets. Operating expenses increased mainly due to higher manpower, lease, utilities and other operating costs to support the Group's expanded operations.

The Group remained in a healthy financial position with cash and cash equivalents of S$29.7 million as at 30 September 2026.

Commenting on the full year performance, **Mr Ang Kiam Meng (黄建銘), Executive Chairman and Group CEO of JUMBO,** said, "*During the year, we continued to strengthen our presence and marketing activities in our core markets of Singapore and the PRC, which delivered stronger contributions to revenue.*

In Singapore, we remained focused on broadening our brand offerings and enhancing operational capabilities, while continuing to deepen our market presence in the PRC through targeted initiatives and selective expansion. We also marked an important milestone with the opening of our first JUMBO Seafood restaurant in Jakarta in July 2026, which has been receiving an encouraging reception from the local market. As we pursue these opportunities, we will remain disciplined in our approach to capital allocation, with a strong emphasis on outlet productivity and operational efficiency."

Dividend

The board of directors of the Company has proposed a final tax-exempt dividend of 0.15 cent per ordinary share and a special tax-exempt dividend of 0.50 cent per ordinary share for FY2026. Together with the interim dividend of 0.50 cent paid during the year, total dividend for FY2026 amounts to 1.15 cents per ordinary share.

Outlook

The operating environment for the F&B industry is expected to remain challenging, amid cautious consumer sentiment, persistent cost pressures and macroeconomic uncertainties. The Group will focus on pursuing growth, strengthening its core operations and raising productivity, while maintaining prudent cost and cash flow management.

In Singapore, JUMBO will optimise the performance of its existing outlets by deepening customer engagement and refining its offerings to cater to evolving consumer preferences. With its central kitchen and headquarters now consolidated at the new premises in Tai Seng, the Group is integrating production, logistics, training and support functions to improve operational efficiency and scalability. The Group is also widening its brand portfolio through a joint venture with Laoxiangji Holdings to bring the Lausanjee (老乡鸡), Chinese-style quick-service restaurant brand to Singapore.

In the PRC, the operating environment is expected to remain competitive. The Group will work to optimise the performance of its existing outlets through targeted marketing initiatives, menu and product adjustments, and disciplined cost management. Moving forward, the Group will consolidate its efforts in the PRC, with expansion focused primarily in Shanghai, where it seeks to deepen its market presence through selective opportunities and a measured approach to growth.

Across its markets, the Group will be disciplined in pursuing expansion opportunities and keep investing in its people, systems and infrastructure. Its priorities are to strengthen operating resilience, improve productivity and position its brands for sustainable growth.

Barring any unforeseen circumstances, the Group remains cautiously optimistic about its performance over the next 12 months and is committed to delivering sustainable growth and long-term value to its stakeholders.
