The Group also took home two other accolades: the Overall Sector Winner and Highest Returns to Shareholders over Three Years for the Consumer Cyclical Industry. It is MoneyMax's second consecutive year winning the Overall Sector Award under the Consumer Cyclical industry, a testament to its consistent performance and ability to deliver value to shareholders.

Organised annually by The Edge Singapore, the Centurion Club Awards honour outstanding companies listed on the Singapore Exchange Securities Trading Limited ("**SGX-ST**") with a market capitalisation of more than S$100 million and below S$1 billion as at 31 March 2026. The awards recognise companies with exceptional financial strength, sustainable growth and a proven track record of creating long-term value for stakeholders.

Commenting on the award, **Dato' Sri Dr. Lim Yong Guan, Executive Chairman and Chief Executive Officer of MoneyMax**, said: "We are deeply honoured to receive the "Centurion of the Year" Award, a first for MoneyMax and a milestone that places us at the top of the Centurion Club across all sectors. This recognition validates our strategic focus on operating excellence, disciplined execution and continuous innovation over the years. We are sincerely grateful to The Edge Singapore and the distinguished judging panel for this honour."

Dato' Sri Dr. Lim added, "This achievement would not have been possible without our exceptional team and the continued support of our Board of Directors, our shareholders, customers and business partners. This recognition further strengthens our momentum as we embark on the next phase of growth."

Building on this track record, 2026 has been a landmark year for the Group. In May, MoneyMax successfully transferred to the Mainboard of the SGX-ST, with its share placement in April fully subscribed by three EQDP fund managers. On the funding side, the Group complemented its existing S$500 million medium term note ("**MTN**") programmes in Singapore with another RM500 million commercial paper/ MTN programme in Malaysia, which was assigned ratings of AA-$_{(cg)}$ / MARC-1$_{(cg)}$. Backed by a stronger balance sheet, the Group accelerated its store expansion, opening more than 30 new stores year-to-date and growing its network to over 140 outlets across Singapore and Malaysia.
