Over S$147.7 million in contracts secured since January 2026, across diversified industries

Singapore, 17 November 2026 – Deluge Corporation Limited (SGX: 9DC) (德力祺集团有限公司) ("**Deluge**" or the "**Group**") is pleased to announce that it has secured approximately S$18.5 million in new contracts across Singapore and Malaysia, bringing its cumulative contract wins since January 2026 to more than S$147.7 million.

The latest awards span infrastructure, marine and offshore, residential and industrial projects, including a data centre project in Penang, Malaysia, demonstrating the breadth of the Group's capabilities and continued customer confidence in its engineering solutions.

With new contract wins underscoring the Group's competitive edge in securing new projects, Deluge's outstanding order book has surpassed S$459.1 million as at 17 November 2026, strengthening revenue visibility over the coming years. Deluge will continue to actively pursue new project opportunities, drawing on its established track record, extensive experience and technical expertise to support order book replenishment.

Expanding Regional Presence in Specialised Industries

The Penang data centre project reinforces the Group's specialised capabilities in serving the growing data centre sector and marks another milestone in Deluge's expansion beyond its established markets in Johor and Kuala Lumpur.

Against the backdrop of continued investments in data centres, industrial facilities and infrastructure, the Group sees further opportunities to strengthen its geographic footprint and participate in Malaysia's industrial and infrastructure development.

The Penang project is targeted for completion by 31 March 2027 and is expected to contribute positively to the Group's financial performance for the financial year ending 31 March 2027 ("**FY2027**"), subject to project progress and revenue recognition.
