PROFIT GUIDANCE ON THE FINANCIAL YEAR ENDED 31 MAY 2025

The Board of Directors (the “**Board**”) of TOTM Technologies Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) wishes to announce that, following a preliminary review of the Group’s unaudited financial results for the financial year ended 31 May 2025 (“**FY2025**”), the Group is expected to report a significantly higher net loss for FY2025.

The significantly higher expected net loss for FY2025 is mainly attributable to impairment of goodwill currently recorded in the balance sheet. The impairment was made based on the preliminary assessment of the current value-in-use of the relevant cash generating unit, which determined by discounting the pre-tax future cash flows to be generated from the continued use of the cash generating unit, as compared to of the current carrying value of the cash generating unit recorded in the balance sheet. As a result, there is also a significant impairment recorded for the Company’s investment in its subsidiaries.

The Company is still in the process of finalising its financial results for FY2025 and will provide further details of the Group’s financial performance when it releases the unaudited financial results on or around 30 July 2025.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company. Persons who are in doubt as to the action they should take should consult their stockbrokers, bankers, solicitors, accountants or other professional advisers.
