ENTRY INTO BINDING HEADS OF TERMS FOR GENERAL PROJECT COLLABORATION FOR OFFSHORE RENEWAL ENERGY PROJECTS

---

1. INTRODUCTION

The Board of Directors (the "**Board**" or the "**Directors**") of Federal International (2000) Ltd. (the "**Company**" and together with its subsidiaries, the "**Group**") wishes to announce that its wholly-owned subsidiary, Federal Hardware Engineering Co. Pte. Ltd. ("**FHEC**"), has, on 17 August 2026, entered into a Binding Heads of Terms (the "**Binding HoT**") with HBA Offshore International Pte. Ltd. ("**HBA**"), in relation to a strategic collaboration for the pursuit and execution of offshore renewable energy projects exclusively (the "**Proposed Collaboration**").

The Proposed Collaboration represents an important step for both parties to jointly pursue opportunities in the rapidly growing offshore renewable energy market and establish a framework for long-term cooperation on selected projects.

2. DETAILS OF THE PROPOSED COLLABORATION

2.1 Details of HBA Offshore International Pte. Ltd.

HBA is a private company limited by shares incorporated in Singapore with UEN 202132799N. HBA specialises in engineering, procurement, construction, operations and maintenance services for offshore oil and gas and renewable energy facilities. Its capabilities span the development, execution and support of offshore energy infrastructure projects.

2.2 Purpose and Objectives of Binding HoT

The Binding HoT establishes the key principles and framework governing the Proposed Collaboration between the parties, as well as their respective intentions to collaborate in good faith to bid for and if awarded, jointly execute offshore renewable energy projects by leveraging their respective expertise, capabilities, resources and industry networks.

The parties intend to work towards entering into definitive agreements ("**Definitive Agreement(s)**") that will establish the detailed commercial, technical and operational arrangements for specific projects as and when suitable opportunities are identified.

3. FINANCIAL EFFECTS

The Proposed Collaboration is not expected to have any material impact on the net tangible assets per share or earnings per share of the Group for the current financial year ending 31 December 2026.

4. INTERESTS OF DIRECTORS AND CONTROLLING SHAREHOLDERS

Save for their shareholdings in the Company (if any), none of the Directors or controlling shareholders (as defined in the Listing Manual) of the Company has any interest, direct or indirect, in the Proposed Collaboration.

5. FURTHER ANNOUNCEMENTS

The Company will make such further announcements at the appropriate juncture as and when there are material developments in relation to the Proposed Collaboration.

6. CAUTION IN TRADING

Shareholders and potential investors of the Company are advised to read this announcement by the Company carefully. Shareholders are advised to refrain from taking any action in respect of their securities in the Company which may be prejudicial to their interests, and to exercise caution when dealing in the securities of the Company. In the event of any doubt, shareholders should consult their stockbrokers, bank managers, solicitors, accountants or other professional advisers.

By Order of the Board
FEDERAL INTERNATIONAL (2000) LTD.

Mr Koh Kian Kiong
Executive Chairman and Chief Executive Officer
18 August 2026

About Federal International (Bloomberg Code: FEDI SP)

Established in 1974 and listed on the mainboard of the Singapore Stock Exchange in 2000, Federal International (2000) Limited ("**Federal**" and together with its subsidiaries, the "**Group**"), is an integrated service provider and procurement specialist in the oil and gas, and energy industries. The Group's main trading business contributes substantially to total turnover. The Group's strategy for sustainable growth of the trading business is through forming strategic partnerships with regional/EPCIC contractors.

The Group also specializes in turnkey fire detection, control and suppression projects which includes the design, engineering, supply, installation and testing & commissioning, servicing and maintenance. Over the years, strategic partnerships with leading global fire detection and suppression manufacturers attest to the Group's professionalism and integrity as a reliable fire suppression solution provider.

In addition, the Group has a design and manufacturing facility located in Scotland, the United Kingdom. The facility is American Petroleum Institute (API) Q1, Spec 6D, ISO 9001:2015 and Pressure Equipment Directive 97/23/EC (PED) certified. Products manufactured also meet the Safety Integrity Level (SIL) Qualification independently certified by Exida. The Group also owns a floating, storage and offloading ("**FSO**") vessel through its 30% interest in an associate. The FSO is chartered to PT Pertamina Hulu Energi OSES.

Over the years, Federal is proud to have been awarded ISO certification, an internationally recognised standard that ensures we meet the needs of our clients through an Integrated Management System.
