

## **Disclaimer**

This presentation may contain certain forward-looking statements that are not statements of historical fact. Investors can identify some of these statements by forward-looking terms such as 'expect', 'believe', 'plan', 'intend', 'estimate', 'anticipate', 'may', 'will', 'would', and 'could' or similar words. However, please note that these words are not the exclusive means of identifying forward-looking statements.

If at all, there are any forward-looking statements, they are based on current expectations, projections and assumptions about future events. Although Sembcorp Industries believe that these expectations, projections and assumptions are reasonable and there is basis for the statements to be made, these forward-looking statements are subject to the risks (whether known or unknown), uncertainties and assumptions about Sembcorp Industries and its business operations. Some of the key factors that could cause such differences are, among others, the general industry economic and business conditions, currency fluctuations between the Singapore dollar and other currencies, governmental, statutory, regulatory or administrative initiative affecting our business industry trends, future levels and composition of our assets and liabilities, future profitability of our operations, competitive landscape, changes in Singapore tax or similar laws or regulations, and changes in, or the failure to comply with governmental regulations, including exchange control regulations, if any. Given these risks, uncertainties and assumptions, the forward-looking events referred to in this presentation may not occur and actual results may differ materially from those expressly or impliedly contemplated in these forward-looking statements. Investors are cautioned not to place undue reliance or dependency on these forward-looking statements.

Sembcorp Industries has no present obligation whatsoever to update or revise any forward-looking statement, whether as a result of new information, changes in business dynamics, future events or otherwise, except as strictly required by law or a court order.

## **FY2017 Performance Round-up**

## 2017 was a challenging year for Sembcorp Industries

- Turnover at S\$8.3 billion, up 6%
- Profit from Operations at S\$795.3 million, down 13%
- Net Profit at S\$230.8 million, down 42%
- EPS at 10.5 cents
- ROE at 3.2%

D,	, D	usi	ino	00
יט	/ レ	uSi		33

Net Profit Change, 2017 vs 2016	
Utilities	<b>↓</b> 60%
- before exceptional items	<b>↓</b> 25%
Marine	<b>₩</b> 86%
Urban Development	<b>1</b> 50%

### FY2017 Dividend

- Proposing a final dividend of 2.0 cents per share. If approved, to be paid on May 15, 2018
- This will bring FY2017 dividend to 5.0 cents per share or a dividend payout ratio of 48%

In line with these challenging times, the directors are taking a voluntary 15% reduction in directors' fees for FY2017. Group President & CEO and senior management are taking a voluntary pay reduction of 15% and 10% respectively

# Looking Ahead: Addressing challenges head-on. Taking decisive steps to reposition Sembcorp for success in a rapidly changing world

- Undertook a strategic review of our businesses in 2017
- Charted a clear roadmap for the way forward

## Snapshot: Transformation Roadmap towards

# sembcorp

## **Sustainable Value Creation**

3

### **Achieve**

### **Sustainable Value Creation**

- A leader in our industry sectors
- Sustainable businesses that deliver long-term value and growth
- Lift returns

### Grow

- Pursue growth strategies
- Deepen reach and expand in existing and growth markets
- · Active and systematic capital recycling

## Reposition

- Review / establish strategies and business models
- Refocus businesses, strengthen performance and balance sheet
- Reshape organisation and enhance capabilities

## 3 Strategic Pillars

underpin our journey towards sustainable value creation

## 1. Performance Lift performance, strengthen balance sheet

HOW? Reposition Utilities. Ensure strong business models in Utilities, Marine and Urban Development

HOW? Capital recycling, e.g. India IPO,S\$0.5 billion targeted Utilities divestment proceeds

## 2. Sustainability Manage risks, leverage opportunities, make a positive impact

HOW? Double renewables capacity. Reduce carbon emission intensity. Support UN's sustainable development goals

## 3. Dynamic Organisation Drive performance, support growth

HOW? Enhance capability development & leadership, governance & culture

## **Our Businesses**

### Lift performance, strengthen balance sheet

- Strong business models and industry positions
- In sectors with long-term growth opportunities, e.g. clean energy, urbanisation, gas solutions
- Proven capabilities, strong track record and a valued partner to customers and governments

Macro themes	Global energy transition, low-carbon and cleaner energy	Urbanisation and Well-positioned to sustainable benefit from the O&M development in Asia industry recovery	
Our Businesses	Sembcorp Utilities 100%	Sembcorp Development 100%	Sembcorp Marine 60.9%
Competitive Position	Owner-operator of a balanced portfolio of high-efficiency thermal and renewable assets	Solid track record in transforming raw land into self-sufficient urban developments	Offers solutions across the O&M value chain, both within and beyond the oil & gas sector
	Proven deep integration expertise in the provision of energy, water and onsite logistics	Strong franchise in Asia. Delivers the economic engine to support industrialisation & urbanisation	Best-in-class integrated facilities. Investments in new technologies and solutions
Conclusions from the review	Reposition as an integrated energy player	Move up the value chain to business hubs & smart cities	Support the business through the cycle

# Repositioning Utilities as an Integrated Energy Player

sembcorp

Lift performance, strengthen balance sheet

Fundamental shifts in the global energy landscape

### **Decarbonisation**

Changing global energy mix to more gas and renewables, less coal

#### Decentralisation

Shift to distributed energy systems opening up opportunities for merchant & retail power

### Digitalisation

Deployment of digital technologies to enhance operations and capture new opportunities

### **Demand disruptions**

Energy efficiency
Distributed generation
Electrification of vehicles

## **Integrated Energy Player**

Expanding and deepening our presence across the energy and utilities value chain.

(1) Focus on 3 business lines

(2) Balanced portfolio in certain developing and developed markets

Deepen presence in 4 key markets

Singapore & SEA

China

India

UK

(3) Create value through the Sembcorp O<sup>4</sup> model

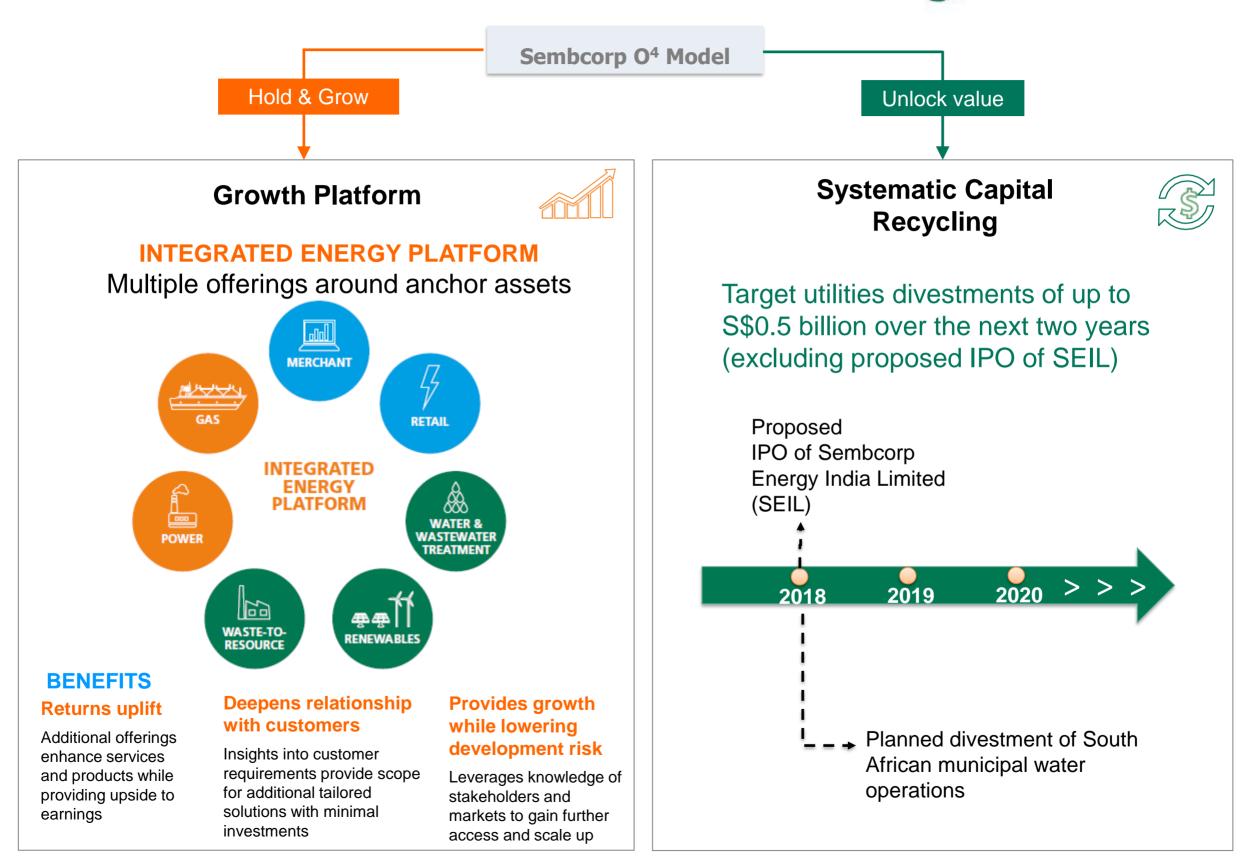

## Creating value through the Sembcorp O<sup>4</sup> Model

## **Sustainability**

### Double renewables capacity to ~4,000MW by 2022

To create one of the region's leading independent renewable energy players

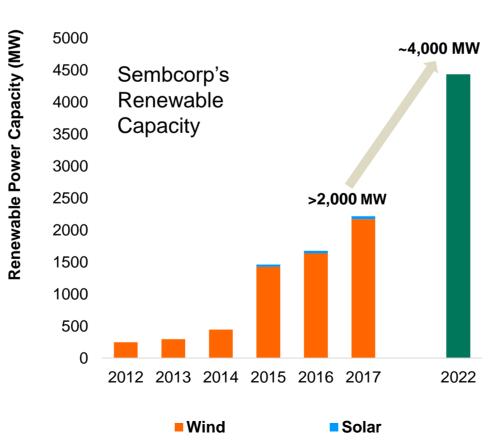

### Reduce carbon emission intensity by close to 25%

From 0.55tCO<sub>2</sub>e/MWh to 0.42tCO<sub>2</sub>e/MWh by 2022, and to less than 0.40tCO<sub>2</sub>e/MWh by 2030

## Play a part in furthering the UN Sustainable Development Goals (SDGs)

Priority SDGs: 6 & 7

# Potential growth opportunities for renewables in the region

## **Dynamic Organisation**

Drive performance, support growth

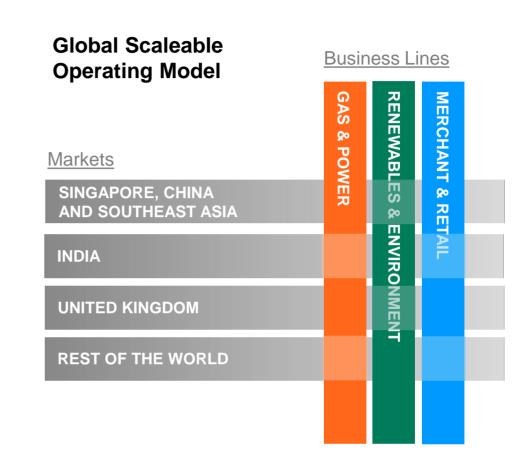

## Capability development and leadership

- Augment capabilities in new business lines, e.g. merchant & risk, retail & downstream
- Accelerate technology adoption and deployment of digital technologies
- Performance scorecard includes specific ESG KPIs

### **Governance and culture**

- Moving towards an Integrated Audit Framework (Finance, IT, Operations, HSSE)
- Integrity at core of culture
  - New ethics & compliance function
  - Revised code of conduct and enhanced anti-bribery & corruption programme

Risk & Governance Ecosystem
