Message from Board of Directors

DEAR SHAREHOLDERS

I am pleased to present to shareholders of the Metech International Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) this Annual Report for the financial year ended 31 December 2025 (“**FY2025**”), highlighting the significant progress achieved under the stewardship of the newly constituted board of directors (the “**Board**”). The results delivered during the financial year reflect our commitment to operational excellence, prudent governance, and strategic foresight.

For FY2025, the Group had recorded an increase in revenue of approximately S\$1.40 million from approximately S\$2.93 million in the financial year ended 31 December 2024 (“**FY2024**”) to approximately S\$4.34 million in FY2025. In addition, the Group had also narrowed its loss attributable to owners of the Company by approximately S\$1.97 million, from approximately S\$2.48 million in FY2024 to approximately S\$0.50 million in FY2025.

We remain focused on maintaining alignment with prevailing government policies while adapting to evolving market dynamics and investor sentiment. This approach

ensures that our strategies remain relevant, resilient, and positioned to capture opportunities in a rapidly changing environment.

Our priority continues to be the enhancement of shareholder value through sustainable growth and the strengthening of our organisational foundations. By fostering innovation, reinforcing compliance, and maintaining financial discipline, we are confident in our ability to build a more robust enterprise that serves the long-term interests of our shareholders and stakeholders.

For and on behalf of the Board, we extend our appreciation for your continued trust and support, and we look forward to advancing together toward greater success.

ER KWONG WAH
CHAIRMAN OF THE BOARD

METECH INTERNATIONAL LIMITED

Board of Directors

MR. ER KWONG WAH

INDEPENDENT NON-EXECUTIVE CHAIRMAN

MR. ER KWONG WAH was appointed as an Independent Director of the Company on 9 November 2023 and was re-elected to the Board on 29 June 2024. He was subsequently appointed and redesignated as the Chairman of the Board on 23 February 2026. Mr. Er chairs the Audit Committee and is also a member of the Remuneration Committee and Nominating Committee of the Company. Mr. Er will be seeking re-election at the forthcoming AGM of the Company to be held on 30 April 2026.

Mr. Er spent 27 years in the service of the Singapore Government. Whilst in the civil service, he served in various ministries such as the Ministry of Defence, the Public Service Commission, Ministry of Finance, Ministry of Education and the Ministry of Community Development. He held Permanent Secretary Positions first with the Ministry of Education from 1987-1994 and then with the Ministry of Community Development until his retirement in 1998. After his retirement from the civil service, he was appointed Executive Chairman of Sembawang Maritime and Logistic Ltd till 2001 when he left to take up the position of Executive Director of a leading private education institution in Singapore, until 2016. Currently, he is also the Lead Independent Director of Luxking Group Holdings Limited and the Independent Director of Nutryfarm International Ltd..

A Colombo Plan and Bank of Tokyo Scholar, Mr. Er obtained the Bachelor of Applied Science degree (BASc) with Honours in Electrical Engineering at the University of Toronto, Canada in 1970, and the Master in Business Administration (MBA) from the Manchester Business School, University of Manchester in 1978.

Whilst in the Civil Service, he was conferred the Public Administration Medal (Gold) in 1990. In 1991, he was conferred the Commandeur dans l'Ordre des Palmes Academiques by the Government of France.

For his contributions in serving the community, he was conferred the Public Service Medal (2004) and the Public Service Star (2009) by the Government of Singapore.

Mr. Er is a Senior Accredited Director (SID), a Fellow of the Institute of Engineers Singapore, and a Fellow of the Chartered Institute of Marketing, United Kingdom.

MR. PANG WEI HAO

EXECUTIVE DIRECTOR AND
CHIEF EXECUTIVE OFFICER

MR. PANG WEI HAO was appointed as the Executive Director and Chief Executive Officer of the Company on 29 August 2024. Mr. Pang will be seeking re-election as the Executive Director of the Company at the forthcoming AGM of the Company to be held on 30 April 2026.

Mr. Pang was formerly the Chief Executive Officer of Yalida Holding Sdn Bhd between 2022 to 2024 and was the Assistant General Manager of Sunrich Integrated Sdn Bhd between 2009 to 2022.

Mr. Pang holds a Professional Diploma in Manufacturing Management and Administration from Universiti Teknologi Malaysia and a Professional Master in Business Administration from Universiti Teknologi Malaysia.

Board of Directors

MS. LUCY YOW SU CHIN

INDEPENDENT NON-EXECUTIVE DIRECTOR

MS. LUCY YOW SU CHIN was appointed as an Independent Non-Executive Director of the Company on 22 September 2023 and was re-elected to the Board on 27 June 2025. Ms. Yow chairs the Nominating Committee and is also a member of the Audit Committee and Remuneration Committee of the Company.

Ms. Yow is currently the Head of Wealth Management of a multi-family office, and her responsibilities include advising high net worth individuals, and managing their investments, businesses and real estate portfolios/funds. Ms. Yow is also an advisor and director in several other local and foreign companies.

Ms. Yow holds a Doctor of Business Administration from Singapore University of Social Sciences, Master of Science in Applied Finance from Singapore Management University, Master of Business Administration (Marketing) from University of Leicester, Bachelor of Social Sciences (Economics) from National University of Singapore. She is a certified Applied ESG and Investment Advisor (WMI), a Chartered Fintech Professional (CfTP), and an Accredited Director (SID).

MR. NG OOI HOOI

INDEPENDENT NON-EXECUTIVE DIRECTOR

MR. NG OOI HOOI was appointed as an Independent Non-Executive Director of the Company on 18 September 2024 and was re-elected to the Board on 27 June 2025. Mr. Ng chairs the Remuneration Committee and is also a member of the Audit Committee and Nominating Committee of the Company.

Mr. Ng was previously with Keppel Land Limited as President, Singapore and Regional Investments between 2017 to 2022 and President, Regional Investments between 2013 to 2017.

Mr. Ng holds a Bachelor of Economics with First Class Honours from the Australian National University and a Master in Public Administration from Harvard University. Mr. Ng is an Accredited Senior Director with the SID.

Key Management

MR PANG WEI HAO

CHIEF EXECUTIVE OFFICER

MR PANG WEI HAO as the Company's Chief Executive Officer is responsible for overall operations, corporate affairs and business developments of the Company and its subsidiaries.

Performance Review

FINANCIAL REVIEW

Comprehensive Statement of Income

In FY2025, the Group generated revenue of approximately S\$4.34 million, representing an increase of 47.78% compared to S\$2.93 million recorded in FY2024. The significant increase in revenue was mainly attributed to the commencement of a new revenue stream from the Group's the wholesale distribution of health supplements products, which began in December 2024.

In FY2025, the Group recorded cost of sales of approximately S\$3.79 million, as compared to approximately S\$2.78 million in FY2024. The increase in the cost of sales is in line with the increase in revenue, as a result of a higher transaction volume from the Group's Health Supplements Business.

As a result of the above, the Group generated a gross profit of approximately S\$0.55 million in FY2025, as compared to a gross profit of approximately S\$0.15 million in FY2024. Correspondingly, the gross profit margin improved from approximately 5.25% in FY2024, to approximately 12.66% in FY2025 mainly attributable to the economies of scale.

Other income increased by approximately S\$0.19 million from approximately S\$59,000 in FY2024 to approximately S\$0.25 million in FY2025. The increase in other income in FY2025 was mainly attributable to the recognition of a gain on disposal of property, plant and equipment.

Administrative expenses decreased by approximately S\$0.51 million from approximately S\$1.86 million in FY2024 to approximately S\$1.35 million in FY2025. This decrease was mainly attributable to the decrease in legal and professional fees.

Impairment losses on property, plant and equipment decreased by approximately S\$0.28 million, which was recognised in FY2024. No such impairment loss was recorded in FY2025.

Finance costs recognised in FY2025 were consistent with FY2024, which was solely attributable to the amortisation of interest expense on lease liabilities.

As a result of the above, the Group's loss from continuing operations for FY2025 decreased by approximately S\$1.37 million, from approximately S\$1.93 million in FY2024 to approximately S\$0.56 million in FY2025. The reduction in the losses were mainly attributable to (a) the new revenue stream from the wholesale distribution of health supplements products recognised on a full-year basis, (b) a significant reduction in administrative and other expenses and (c) the absence of a one-off impairment losses on property, plant and equipment.

In addition to the above, the Group had recorded a profit from discontinued operations of approximately S\$70,000 in FY2025, as compared to approximately a loss from discontinued operations of approximately S\$0.69 million in FY2024.

Accordingly, the Group recorded a total loss of approximately S\$0.49 million in FY2025, as compared to approximately S\$2.62 million in FY2024.

A foreign currency translation loss of approximately S\$26,000 was recognised in FY2025, as compared to S\$nil in FY2024 as a result of the majority of the Group's cash being held in Chinese Renminbi.

The Group narrowed its losses in FY2025, recording a loss attributable to equity holders of the Company of approximately S\$0.50 million in FY2025, as compared to approximately S\$2.48 million in FY2024.

FINANCIAL POSITION

Property, plant and equipment decreased by approximately S\$0.44 million from S\$0.48 million as at 31 December 2024 to approximately S\$44,000 as at 31 December 2025, mainly due to the disposal of property, plant and equipment.

Trade and other receivables had increased by approximately S\$2.08 million from approximately S\$0.18 million as at 31 December 2024 to approximately S\$2.26 million as at 31 December 2025. The increase in trade and other receivables was mainly due to the trade receivables from the sale of health supplements products as well as deposits paid in relation to the Company's office premises at 54 Pandan Road.

Performance Review

Cash and cash equivalents decreased by approximately S\$1.27 million from approximately S\$1.47 million as at 31 December 2024 to approximately S\$0.2 million as at 31 December 2025. Details for the decrease in cash and cash equivalents are explained in the review for the statement of cash flows below.

Assets of disposal group classified as held for sale of approximately S\$8,000 as at 31 December 2025 are mainly related to the assets of Asian Eco Technology Pte. Ltd. ("AET"). Please refer to Notes 11 and 12 of the Independent Auditors Report for FY2025 as set out in this Annual Report for further information relating to the disposal of AET.

Current and non-current lease liabilities had decreased by approximately S\$0.21 million from approximately S\$0.21 million as at 31 December 2024 to S\$nil as at 31 December 2025, following the termination of the lease assets associated with the lease liability during FY2025.

Trade and other payables had increased by approximately S\$1.51 million from approximately S\$2.24 million as at 31 December 2024 to approximately S\$3.75 million as at 31 December 2025. The increase was mainly attributable to (a) trade payables arising from the Health Supplements Business, and (b) the drawdown of the S\$3.0 million interest-free loan extended by Mr. Cao Shixuan to the Group which was partially offset by the completion of the previous debt capitalisation exercises on 2 April 2025 and 27 August 2025 respectively.

Contract liabilities of approximately S\$1.36 million as at 31 December 2024 were recognised as revenue during FY2025. Accordingly, as at 31 December 2025, there were no outstanding contract liabilities.

Liabilities directly associated with disposal group classified as held for sale of approximately S\$0.16 million are mainly related to the liabilities of AET. Please refer to Notes 11 and 12 of the Independent Auditors Report for FY2025 as set out in this Annual Report for further information relating to the disposal of AET.

The Group incurred a negative working capital of approximately S\$1.44 million as at 31 December 2025 compared to a negative working capital of approximately S\$2.04 million as at 31 December 2024. Notwithstanding

the negative working capital position as at 31 December 2025, the Company is of the view that the Group can continue operating as a going concern based on the considerations set out in Note 3(b) of the Independent Auditors Report for FY2025 of this Annual Report.

CASH FLOW

The Group recorded an increase in net cash used in operating activities of approximately S\$2.15 million, from approximately S\$0.25 million in FY2024 to approximately S\$2.40 million in FY2025. This was mainly attributed to (a) the increase in trade and other receivables approximately S\$1.74 million, and (b) the decrease in other payables and contract liabilities of approximately S\$1.52 million, which was partially offset by a reduction in losses before income tax in FY2025, a one-off gain on disposal of property plant and equipment in FY2025, and the absence of a one-off impairment loss on property plant and equipment recognised in FY2024.

Net cash of approximately S\$0.04 million was generated from investing activities in FY2025 compared to S\$nil in FY2024. Net cash generated in FY2025 was mainly attributed to the sale of property, plant and equipment amounting to approximately S\$0.48 million, which was partially offset by additions of property, plant and equipment of approximately S\$4,000 as well as a deposit placed for the proposed acquisition of property, plant and equipment of approximately S\$0.44 million.

Net cash of approximately S\$1.09 million was generated from financing activities of the Group in FY2025 as compared to net cash of S\$1.66 million generated in FY2024. This was mainly attributable to the drawdown of the loan from an employee (being Mr. Cao Shixuan) of approximately S\$1.16 million, which was partially offset by the repayment of lease liabilities of approximately S\$64,000 and interest on lease liabilities of approximately S\$7,000.

As a result of the above, the Group's cash and cash equivalents as at 31 December 2025 decreased by approximately S\$1.27 million from approximately S\$1.47 million as at 1 January 2025 to approximately S\$0.2 million as at 31 December 2025, after taking into consideration the gain due to currency translation on cash and cash equivalents of approximately S\$1,000.

Corporate Governance Report

The Board of Directors (the “**Board**” or the “**Directors**”) of Metech International Limited (“**Metech**” or the “**Company**” and together with its subsidiaries, the “**Group**”) is committed to achieving and maintaining a high standard of corporate governance within the Group. The Company recognises that good corporate governance provides the foundation for growth and enhancing investors’ confidence.

The Board is committed to complying with the principles and provisions in the revised Code of Corporate Governance 2018 (the “**Code**”) and the accompanying practice guidance issued in August 2018, which formed part of the continuing obligations of the listing rules of Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) Listing Manual Section B: Rules of Catalist (“**Catalist Rules**”) and to continually review and improve its practices.

This report describes the Group’s corporate governance structures and practices that were in place throughout the financial year ending 31 December 2025 (“**FY2025**”), with specific reference made to the principles and provisions of the Code.

The Board is pleased to confirm that for FY2025, save as disclosed in this report, the Group has adhered to the principles set out in the Code. In so far as any provision of the Code has not been complied with, the reasons and relevant explanations have been provided.

BOARD MATTERS		
The Board's Conduct of Affairs		
<i>Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.</i>		
Provisions of the Code		Metech Corporate Governance Practices
1.1	Directors are fiduciaries who act objectively in the best interests of the company and hold Management accountable for performance. The Board puts in place a code of conduct and ethics, sets appropriate tone-from-the-top and desired organisational culture, and ensures proper accountability within the company. Directors facing conflicts of interest recuse themselves from discussions and decisions involving the issues of conflict.	The Board is collectively responsible for the stewardship of the Group and is primarily responsible for the preservation and enhancement of long-term value and returns for the shareholders. During FY2025, the Board has worked diligently to fulfil their primary responsibilities as follows: (a) provide leadership, set strategic directions and ensure that the necessary financial and human resources are in place for the Company to meet its objectives; (b) set an appropriate tone from the top and desired organisational culture and ensures proper accountability within the Company;

Corporate Governance Report

.....

	(c) ensure that a framework of prudent and effective controls is established to enable risks to be assessed and managed, including the safeguarding of shareholders' interests and the Company's assets; (d) review and guide the performance of the Management; (e) ensure that the Company's values and standards are upheld and that obligations to shareholders and other stakeholders are met; (f) consider sustainability issues as part of its strategic formulation; and (g) identify key stakeholder groups and recognise that their perceptions affect the Company's reputation. The Directors have the appropriate core competencies and diversity of experience to enable them to contribute effectively. They can objectively raise issues and seek clarification from the Board and the Management as and when necessary, on matters pertaining to their area of responsibilities. Each Director is required to promptly disclose any conflict or potential conflict of interest in relation to a transaction or proposed transaction. On an annual basis, each Director is also required to submit details of his associates for purposes of monitoring interested person transactions. In addition, the Constitution of the Company restricts a Director from voting in respect of any contract or arrangement or any other proposal whatsoever in which he has any interest, directly or indirectly. A Director shall also not be counted in the quorum at a meeting in relation to any resolution on which he is required to abstain from voting.
--	---

Corporate Governance Report

1.2	Directors understand the company's business as well as their directorship duties (including their roles as executive, non-executive and independent directors). Directors are provided with opportunities to develop and maintain their skills and knowledge at the company's expense. The induction, training and development provided to new and existing directors are disclosed in the company's annual report.	To the best of their abilities, all Directors exercise due diligence and independent judgment in dealing with the business affairs of the Group and are obliged to act in good faith and to take objective decisions in the interest of the Group. The Board is kept up to date on pertinent business developments in the business, including the key changes in the relevant regulatory requirements and financial reporting standards, risk management, corporate governance and industry. The Directors are periodically furnished with information concerning the Group so that they can be kept up to date on the performance of the Group, and the decisions and actions taken by the Management. On an ongoing basis, the Company updates the Directors regarding developments in new laws and regulations or changes in regulatory requirements and financial reporting standards or corporate governance practices or news articles which are relevant to or may affect the businesses of the Group. In addition, the Company encourages the Directors to be members of the Singapore Institute of Directors ("SID"), and for them to receive updates and training from SID, as well as to attend relevant courses and seminars, so that they can stay abreast and be apprised of developments in the financial, legal and regulatory requirements and the business environment, at the Company's expense. For newly appointed directors, the Company will conduct an orientation programme to provide them with extensive background information about the Group's structure and core values, its strategic direction and corporate governance practices as well as industry-specific knowledge. The orientation programme gives the Directors an understanding of the Group's businesses to enable them to assimilate into their new role. For new Directors with no prior experience of an issuer listed on SGX-ST, the Company ensures that they undergo training in the roles and responsibilities of a director of a listed company within one (1) year from the date of his or her appointment to the Board as prescribed under Practice Note 4D of the Catalyst Rules (the "Mandatory Training").
-----	--	--

Corporate Governance Report

		The details of update sessions, seminars, conferences and training programmes attended by the Directors collectively in FY2025 include: - briefing by the external auditors, Moore Stephens LLP to, the AC and the Board on the developments in financial reporting and governance standards; and - updates provided by the Chief Executive Officer to the Board at each meeting on the business and strategic developments pertaining to the Group's business. Details of the LED courses attended by Mr. Pang Wei Hao and Mr. Ng Ooi Hooi in FY2025 are as follows: <table border="1"> <thead> <tr> <th>Date</th><th>LED Course</th><th>Attended by</th></tr> </thead> <tbody> <tr> <td>11 March 2025</td><td>Listed Entity Directors Essentials</td><td>Mr. Pang Wei Hao Mr. Ng Ooi Hooi</td></tr> <tr> <td>13 March 2025</td><td>Board Dynamics</td><td>Mr. Pang Wei Hao Mr. Ng Ooi Hooi</td></tr> <tr> <td>14 March 2025</td><td>Board Performance</td><td>Mr. Ng Ooi Hooi</td></tr> <tr> <td>18 March 2025</td><td>Stakeholder Engagement</td><td>Mr. Pang Wei Hao Mr. Ng Ooi Hooi</td></tr> <tr> <td>19 March 2025</td><td>Environmental, Social and Governance Essentials</td><td>Mr. Pang Wei Hao Mr. Ng Ooi Hooi</td></tr> <tr> <td>14 October 2025</td><td>Audit Committee Essentials</td><td>Mr. Ng Ooi Hooi</td></tr> <tr> <td>14 October 2025</td><td>Board Risk Committee Essentials</td><td>Mr. Ng Ooi Hooi</td></tr> </tbody> </table> As at the date of this Report, Mr. Pang Wei Hao has yet to register for and attend LED 3 – Board Performance, and will endeavour to register and complete the same as soon as practicable. Corporate Governance Report

1.3	The Board decides on matters that require its approval and clearly communicates this to Management in writing. Matters requiring board approval are disclosed in the company's annual report.	The Company has in place internal guidelines which specify the corporate matters that require the approval of the Board and these internal guidelines have been clearly communicated to the Management in writing. They include the following: (a) approval of financial results and all announcements; (b) approval of the annual report and financial statements; (c) convening of shareholders' meeting; (d) approval of change of corporate strategies including significant acquisitions and disposals and funding of investments; (e) authorisation of new banking facilities and declaration of interim and/or proposal of final dividends; (f) overseeing the process for risk management, financial reporting and compliance, and evaluating the adequacy of internal controls, as may be recommended by the Audit Committee ("AC"); (g) reviewing the performance of the Management, approving the nominees to the Board and the appointment of key management personnel, as may be recommended by the Nominating Committee ("NC"); (h) reviewing and endorsing the framework of remuneration for the Board and key management personnel, as may be recommended by the Remuneration Committee ("RC"); (i) reviewing and endorsing corporate policies in keeping with good corporate governance and business practices; and
-----	--	--

Corporate Governance Report

		(j) considering sustainability issues, e.g. environmental, social and governance factors, as part of the strategic formulation. The Company has also devised and adopted a set of internal controls and guidelines that set out the financial authorisation regime and approval limits for borrowings, including off-balance sheet commitments, investments, acquisitions, disposals, capital and operating expenditures, requisitions, and expenses. Under the financial authorisation regime and approval limits, approval sub-limits are provided at management level to facilitate operational efficiency.
1.4	Board committees, including Executive Committees (if any), are formed with clear written terms of reference setting out their compositions, authorities and duties, including reporting back to the Board. The names of the committee members, the terms of reference, any delegation of the Board's authority to make decisions, and a summary of each committee's activities, are disclosed in the company's annual report.	To assist the Board in discharging its oversight functions and to enhance the Company's corporate governance framework, various Board Committees, namely the AC, the RC and the NC have been constituted with clearly defined written terms of reference. These terms of reference are reviewed on a regular basis, along with the committee structures and membership, to ensure their continue relevance, taking into consideration the changes in the governance and legal environment. Any change to the terms of reference of any Board Committee requires the written approval of the Board. All Board Committees are actively engaged and play an important role in ensuring good corporate governance in the Company and within the Group. The Directors are invited to attend meetings of the Board Committees. The Board acknowledges that while the Board Committees have the authority to examine issues and report back to the Board with their decisions and recommendations, the ultimate responsibility on all matters lies with the Board. The terms of reference and the activities of the respective Board Committees are set out under the various Principles in this report.

Corporate Governance Report

Composition of Board and Board Committees

As at the date of this report, the Board comprises four (4) Directors, three (3) of whom are Independent Directors. The composition of the Board and Board Committees are as follows:

NAME OF DIRECTOR	AUDIT COMMITTEE	REMUNERATION COMMITTEE	NOMINATING COMMITTEE
Pang Wei Hao (Executive Director & Chief Executive Officer)	–	–	–
Er Kwong Wah (Independent Chairman)	Chairman	Member	Member
Lucy Yow Su Chin (Independent Director)	Member	Member	Chairwoman
Ng Ooi Hooi (Independent Director)	Member	Chairman	Member

Details of the Directors' shareholdings in the Company and its related corporations as of 21 January 2026 are disclosed in the "Directors' Statement" section of this annual report.

1.5	Directors attend and actively participate in Board and board committee meetings. The number of such meetings and each individual director's attendances at such meetings are disclosed in the company's annual report. Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of each company.	The Board meets regularly and is provided with relevant updates and information. The dates of meetings of all the Board and Board Committee meetings as well as the annual general meetings ("AGM") are scheduled well in advance each year, in consultation with the Board. When a physical meeting is not possible, timely communication with members of the Board can be achieved through teleconferencing and videoconferencing facilities, which is allowed under the Company's Constitution. Besides formal meetings, the Board and Board Committees also make decisions through circulating resolutions. The Board held four (4) scheduled meetings in FY2025. Besides the scheduled Board meetings, the Board meets on an ad-hoc basis as warranted by circumstances. To ensure adequate independent views, it is a practice for all Board meetings to require at least one (1) Independent Director to be present as part of the quorum.
-----	---	---

Corporate Governance Report

		All Directors are required to declare their directorships at least annually, or as and when there are changes to be reported. When a Director has multiple directorships, the NC will consider whether the Director is able to adequately carry out his duties as a Director of the Company, after taking into consideration the number of directorships and other principal commitments. Although some of the Directors have multiple directorships, the NC is satisfied that the Directors are still able to devote sufficient time and attention to the matters of the Company in discharging their obligations and duties towards the Company. The Board has not set the maximum number of directorships a Director may hold because each Director would be able to manage and assess his own capacity and ability to take on additional obligations or commitments when serving on the Board. In addition, the Board is of the view that setting a maximum number of directorships would not be meaningful as the contributions of the Directors would depend on many factors and their respective varied capabilities.
--	--	---

Board and Board Committee Meetings and Attendance

The attendance of the Directors at the scheduled Board and Board Committee meetings during FY2025 is set out below:

NAME OF DIRECTOR	BOARD	AUDIT COMMITTEE	REMUNERATION COMMITTEE	NOMINATING COMMITTEE	GENERAL MEETINGS
No. of meetings held	4	4	1	1	2
No. of meetings attended:					
Pang Wei Hao (Executive Director & Chief Executive Officer)	4	4	1	1	2
Er Kwong Wah (Independent Chairman)	4	4	1	1	2
Lucy Yow Su Chin (Independent Director)	4	4	1	1	2
Ng Ooi Hooi (Independent Director)	4	4	1	1	2

Corporate Governance Report

1.6	Management provides directors with complete, adequate and timely information prior to meetings and on an on-going basis to enable them to make informed decisions and discharge their duties and responsibilities.	The Directors are periodically furnished with information concerning the Group so that they can be kept up to date on the performance of the Group, as well as the decisions and actions taken by the Management. The Directors are also informed on a regular basis as and when there are any significant developments or events relating to the Group's businesses and operations. Board and Board Committees' papers are circulated to the Directors ahead of meetings to allow Directors sufficient time to review and consider the matters to be discussed so that discussions can be more meaningful and productive. Where necessary, other members of the Management or external consultants engaged or external parties, by way of invitation, for a specific project or discussion will be available during the meetings to address queries and provide additional information or advice to the Board, where the Board thinks fit.
1.7	Directors have separate and independent access to Management, the company secretary, and external advisers (where necessary) at the company's expense. The appointment and removal of the company secretary is a decision of the Board as a whole.	The Directors have separate and independent access to the Management and the Company Secretary at all times through email, telephone or face-to-face meetings. Under the direction of the Chairman, the Company Secretary ensures timely and good information flows within the Board and its Board Committees and between the Management and Independent Directors. The appointment and the removal of the Company Secretary are subject to the approval of the Board as a whole. The Directors, whether individually or collectively, in furtherance of their duties, can seek legal and other independent professional advice concerning any aspect of the Group's operations or undertakings, at the Company's expense.

Corporate Governance Report

BOARD COMPOSITION AND GUIDANCE

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

Provisions of the Code		Metech Corporate Governance Practices
2.1	An “ independent ” director is one who is independent in conduct, character and judgement, and has no relationship with the company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director’s independent business judgement in the best interests of the company.	Each Independent Director is required to complete a Confirmation of Independence Checklist annually to confirm his or her independence based on the guidelines as set out in the Code. The Independent Directors must also confirm whether they have any relationships as stated in the Code that would otherwise deem any of them not to be independent. The Board and NC will review the independence of Directors based on the guidelines defined in the Code and the Catalist Rules, and any other salient factors. In its review, the NC will consider the nature of relationships and circumstances that could influence the judgments and decisions of the Directors prior to obtaining approval from the Board. Based on the respective confirmations and results of the NC’s review, the NC is satisfied that in FY2025, the Independent Directors have complied with Provision 2.1 of the Code and did not fall under any of the circumstances as set out in Rule 406(3) (d) of the Catalist Rules. None of the Independent Directors have served the Company for a period exceeding nine (9) years.
2.2	Independent directors make up a majority of the Board where the Chairman is not independent.	In FY2025, while the Board did not have a Chairman of the Board, the Company had complied with Provision 2.2 of the Code, as a majority of the Board comprised Independent Directors. As of the date of this report, an independent Chairman has been appointed to the Board.

Corporate Governance Report

2.3	Non-executive directors make up a majority of the Board.	The Board comprised one (1) Executive Director and Chief Executive Officer and three (3) Independent Directors. Accordingly, non-executive Independent Directors made up a majority of the Board and the Company is in compliance with Provision 2.3 of the Code.
2.4	The Board and board committees are of an appropriate size, and comprise directors who as a group provide the appropriate balance and mix of skills, knowledge, experience, and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate. The board diversity policy and progress made towards implementing the board diversity policy, including objectives, are disclosed in the company's annual report.	The profile of the Directors and key information are set out in the section entitled “Board of Directors” and under Provision 4.5 of this report under “additional information on Directors who are seeking re-election”. The NC is responsible for examining the size and composition of the Board and Board Committees. The Board's policy in identifying Director nominees is primarily to have an appropriate mix of members with complementary skills and core competencies and experience for the Group, regardless of gender. The NC annually reviews the existing attributes and competencies of the Board in order to determine the desired expertise or experience required to strengthen or supplement the Board whilst taking into account the scope and nature of the Group's businesses. This assists the NC in identifying and nominating suitable candidates for appointment to the Board. The NC is satisfied that the current Board has the right mix of talent with proven track records and requisite experience in their respective areas of expertise to steer the Company in achieving its strategic goals.

Corporate Governance Report

.....

	The Company has in place a Board Diversity Policy which reflects the Company’s recognition of diversity as a crucial element in achieving its strategic objective and fostering sustainable development of the Company. The Company believes that diversity enhances the decision-making capacity of the Board, making it more effective in responding to organisational changes. Having diverse perspectives enhances Board discussions, ensuring that the decisions made by the Board have been thoroughly considered from all points of view. The NC of the Company is responsible for reviewing and assessing the Board composition on behalf of the Board, and for recommending the appointment of new Directors. When assessing the Board’s composition, the NC considers the advantages of diversity in various aspects including, but not limited to, age, gender, cultural and educational backgrounds, ethnicity, professional expertise, skills, knowledge, length of service, and any other factors that the Board may consider relevant and applicable from time to time, in order to maintain an appropriate range and balance of skills, experience and background on the Board. The Board is of the view that while it is important to promote boardroom diversity in terms of gender, age and ethnicity, the normal selection criteria based on an effective blend of competencies, skills, extensive experience, and knowledge to strengthen the Board should remain a priority. While the policy did not establish specific targets for female directors on the Board, the Company is committed to actively seeking opportunities to include female directors as and when opportunity arises. As at the date of this report, the Board consists of one (1) female and three (3) males, representing 25% female representation on the Board. Ms. Lucy Yow Su Chin was initially appointed as an Independent Director on 22 September 2023 and was subsequently re-elected to the Board on 27 June 2025.
--	---

Corporate Governance Report

.....

	The same approach applies to achieving age diversity on the Board. The Company aims to diversify the age range among Directors as opportunities arise. The Company refrains from imposing age limits on its Directors, recognising that many Directors are highly experienced professionals in their respective fields, capable of making significant contributions to the Board’s guidance of the Company. The Board is fully committed to promoting age diversity and acknowledges the value each member brings, regardless of age, and seeks to combat age stereotyping and discrimination to create an inclusive environment. The Company also does not establish specific targets for ethnic diversity within the Board, however, it will actively work towards achieving appropriate ethnic diversity among Directors as and when the opportunity arises. Notwithstanding the foregoing, the Company believes that the Board is sufficiently diverse, having considered, among others, the diversity of skills, experience, knowledge, and gender representation among its current Directors. The NC will review the Board Diversity Policy periodically, and where appropriate, in order to ensure its continued effectiveness, will recommend appropriate revisions to the Board. With regards to the Board Diversity Policy, the Board is of the view that it has made meaningful progress in implementing the policy by appointing experienced professionals with diverse backgrounds, including varied geographical exposure, age groups, and expertise across multiple industries and sectors, as part of the refresh of the Board and management, taking into account the legacy and history of the Company. Each Director has been appointed based on his calibre and experience and is expected to bring his knowledge and experience in his field of expertise to contribute to the development of the Group’s strategy and the performance of its businesses. The Board will continue to review its composition and size to ensure optimal balance in the membership of the Board.
--	---

Corporate Governance Report

2.5	Non-executive directors and/or independent directors, led by the independent Chairman or other independent director as appropriate, meet regularly without the presence of Management. The chairman of such meetings provides feedback to the Board and/or Chairman as appropriate.	The views and opinions of the non-executive Independent Directors provide alternate perspectives to the Group's businesses and they bring independent judgment on business activities and transactions involving conflicts of interest and other complexities. Where necessary, the Company co-ordinates informal meetings for the Independent Directors without the presence of the Management to review matters such as Board effectiveness and Management's performance. The Independent Directors had met and discussed with the external auditors once in the absence of key management personnel in FY2025.
CHAIRMAN AND CHIEF EXECUTIVE OFFICER <i>Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.</i>		
Provisions of the Code		Metech Corporate Governance Practices
3.1	The Chairman and the Chief Executive Officer ("CEO") are separate persons to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making.	The Board did not have a Chairman in FY2025. As of the date of this report, the Chairman of the Board and the CEO are separate individuals who are not related to each other. While there was no Chairman of the Board appointed in FY2025, the responsibilities of the Chairman were assumed by the Chairman of the Audit Committee, taking into account his extensive experience and expertise across various SGX-ST listed companies. Notwithstanding the above, the Board is of the view that an appropriate balance of power and authority was maintained, taking into consideration the above, as well as that majority of the Board comprises Independent Directors and that the respective Board Committees are chaired by the Independent Directors of the Company.

Corporate Governance Report

		Accordingly, the aforementioned practices were consistent with the intent of Provision 3.1 of the Code. Further, as an illustration, the CEO is not able to unilaterally approve any payments. Joint payment approval is required by the Independent Chairman and the CEO prior to any disbursement of payments. In addition, business directions of the Company are approved by the Board as a whole.
3.2	The Board establishes and sets out in writing the division of responsibilities between the Chairman and the CEO.	Chairman of the Board The Chairman of the Company is responsible for the effective conduct of Board meetings. The Chairman's responsibilities in respect of Board proceedings include: (a) leading the Board to ensure its effectiveness in all aspects of its role; (b) setting the agenda and ensuring that adequate time is available for discussion of all agenda items, in particular, strategic issues; (c) promoting a culture of openness and debate at the Board; (d) ensuring that the Directors receive complete, adequate and timely information; (e) ensuring effective communication with shareholders; (f) encouraging constructive relations within the Board and between the Board and Management; (g) facilitating the effective contribution of Non-Executive Directors in particular; and (h) promoting high standards of corporate governance.

Corporate Governance Report

		Chief Executive Officer The Chief Executive Officer of the Company, together with the Management, is responsible for: (a) developing, with the Board, a consensus for the Company's vision and mission; (b) developing and implementing the strategic plan set by the Board; (c) providing strong leadership and effective day-to-day management of the Company to deliver the plan; (d) driving a culture of compliance and ethical behaviour; and (e) ensuring that the Board is informed about key company activities and issues.
3.3	The Board has a lead independent director to provide leadership in situations where the Chairman is conflicted, and especially when the Chairman is not independent. The lead independent director is available to shareholders where they have concerns and for which contact through the normal channels of communication with the Chairman or Management are inappropriate or inadequate.	The Board did not have a Chairman nor a lead independent director in FY2025. Mr. Er Kwong Wah, who is the Independent Non-Executive Director, was appointed as the Chairman of the Board with effect from 23 February 2026. Subsequent to his appointment as Chairman of the Board, no lead independent director is required as the Chairman of the Board is independent. Mr. Er will play an important role in facilitating the contribution of Non-Executive Directors, fostering constructive relations within the Board and with Management, and ensuring effective communication between the Company and its shareholders. Mr. Er will also serve as the point of contact for shareholders in situations where there are concerns or issues and contact through the normal channels with the Management, had failed to resolve the concerns or issues, or where such communication is inappropriate or inadequate. Notwithstanding the above, all directors individually and collectively are available to shareholders as a channel of communication between shareholders and the Board.

Corporate Governance Report

.....

	The aforementioned applied throughout FY2025, and accordingly, the Company is of the view that while Provision 3.3 was not complied with in FY2025, the practices adopted by the Board are consistent with the intentions of Provision 3.3 and Principle 3 of the Code as the Independent Directors were accessible to shareholders at all times, and there was no one individual with unfettered powers of decision-making, respectively. Shareholders may voice any concerns to the Chairman and/or the Board, by addressing their correspondence to the Chairman of the Board and/or the relevant directors via email at shareholder@metechinternational.com and/or by post to the Company's registered address at 54 Pandan Road, Singapore 609292. To enable independent decision making of the Board and to ensure that there is an appropriate balance of power and authority on the Board, the Independent Directors are responsible for providing a non-executive perspective to the activities of the Group and contributing a balanced viewpoint to all Board deliberations. There were no queries or requests received on any matters which required the Independent Directors' attention in FY2025.
--	---

Corporate Governance Report

BOARD MEMBERSHIP

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Provisions of the Code	Metech Corporate Governance Practices
4.1 The Board establishes a Nominating Committee (“NC”) to make recommendations to the Board on relevant matters relating to: (a) the review of succession plans for directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel; (b) the process and criteria for evaluation of the performance of the Board, its board committees and directors; (c) the review of training and professional development programmes for the Board and its directors; and (d) the appointment and re-appointment of directors (including alternate directors, if any).	The primary functions of the NC in accordance with its terms of reference are, <i>inter alia</i>, as follows: (a) to make recommendations to the Board on relevant matters relating to the review of board succession plans for Directors, in particular, the appointment and/or replacement of the Chairman, the Chief Executive Officer and key management personnel; (b) to make recommendations to the Board on the process to evaluate the performance of the Board, its Board Committees and Directors. In this regard, the NC will decide how the Board's performance is to be evaluated and will propose objective performance criteria to address how the Board has enhanced long-term shareholder value; (c) to implement the process to assess the effectiveness of the Board as a whole and its Board committees, and to assess the contribution of the Chairman of the Board and each individual Director to the effectiveness of the Board and to each Board committee; (d) to review and determine annually, and as and when circumstances require, the independence of a Director in accordance with the definition of independence in the Code, together with any other salient factors;

Corporate Governance Report

		(e) to review the composition of the Board annually to ensure that the Board and the Board Committees comprise of Directors who as a group provide an appropriate balance and diversity of skills, expertise, gender and knowledge to the Company and provide core competencies such as accounting or finance, business or management experience, commercial and corporate legal, industry knowledge, strategic planning experience, and customer-based experience and knowledge to the Company; (f) where a Director has multiple directorships, to decide whether the Director is able to and has been adequately carrying out his duties as a Director of the Company, taking into consideration, <i>inter alia</i>, the number of directorships and other principal commitments of the Director; (g) where new Directors are appointed with no prior experience of an issuer listed on SGX-ST, the NC ensures that they undergo training in the roles and responsibilities of a Director of a listed company; (h) to ensure that the Directors undergo mandated training and professional development programmes for Directors; and (i) to make recommendation on the appointment of Directors (including alternate Directors). In respect of re-nominations of Directors who are retiring by rotation for re-election by shareholders, to have regard to the Director's contribution and performance (e.g. his attendance, preparedness, participation, and candour).
--	--	---

Corporate Governance Report

4.2	The NC comprises at least three directors, the majority of whom, including the NC Chairman, are independent. The lead independent director, if any, is a member of the NC.	All members of the NC are Independent Directors and the composition of the NC is as follows: Ms. Lucy Yow Su Chin (Chairwoman) Mr. Er Kwong Wah Mr. Ng Ooi Hooi
4.3	The company discloses the process for the selection, appointment and re-appointment of directors to the Board, including the criteria used to identify and evaluate potential new directors and channels used in searching for appropriate candidates in the company's annual report.	<i>Process for selection and appointment of New Directors</i> The NC is responsible for identifying candidates and reviewing all nominations for the appointment of Directors. The criteria for the appointment of Directors is driven by the need to position and shape the Board according with the requirements of the Group, its vision, mission, and business goals. In recommending new Directors, if any, the NC relies mainly on the contacts and network of the entire Board. However, the NC may engage the services of external recruitment companies, if necessary. The Board, with the help of the NC, assesses the background, skill sets, career experience and professional qualifications of a candidate to determine whether he or she is able to contribute to the growth of the Group. The Board places particular attention on his or her past achievements to determine whether he or she can enhance the quality and robustness of the decision-making process of the Board. The NC then meets with the shortlisted potential candidates with the appropriate profile to assess suitability and to ensure that the candidates are aware of the expectation and the level of commitment required, before recommending the most suitable candidate to the Board for approval and appointment as a Director of the Company.

Corporate Governance Report

.....

	<i>Process for Re-appointment of Directors</i> All Directors submit themselves for renomination and re-election at regular intervals. Under the Company's Constitution, each Director shall retire from office at least once every three (3) years and a retiring Director shall be eligible for re-election. Pursuant to Regulation 89 of the Company's Constitution, one-third of the Board is to retire from office by rotation and be subject to re-appointment at the AGM of the Company. In addition, Regulation 88 of the Company's Constitution stipulates that a Director newly appointed by the Board shall only hold office until the next AGM following his appointment. Thereafter, he is subject to be re-appointed at least once every three (3) years at the AGM of the Company. In assessing whether the Director should be recommended for re-election, the NC would assess the performance of the Director in accordance with the performance criteria set by the Board; review the annual evaluations done by the Board, Board Committees and individual Directors; and assess the current needs of the Board. Subject to the NC's satisfactory assessment, the NC would recommend the proposed re-election of the Director to the Board for its consideration and approval. Each member of the NC abstains from making any recommendations and/or participating in any deliberation of the NC and from voting on any resolution in respect of the assessment of his re-nomination as a Director of the Company. The Board recognises the contribution of its Independent Directors who over time have developed deep insight into the Group's businesses and operations and who are therefore able to provide invaluable contributions to the Group. As such, the Board has not set a fixed term of office for each of its Independent Directors so as to be able to retain the services of the Directors as necessary.
--	--

Corporate Governance Report

		Pursuant to Regulation 89 of the Company's Constitution, Mr. Er Kwong Wah and Mr. Pang Wei Hao will be retiring from office and will be subject to re-appointment at the forthcoming AGM of the Company. Accordingly, Mr. Er Kwong Wah and Mr. Pang Wei Hao have indicated their willingness to seek re-election at the forthcoming AGM of the Company and their re-appointment will be subject to shareholders' approval. Please refer to the table set out on under Provision 4.5 of this report and the section entitled 'Board of Directors' in this Annual Report on information relating to Mr. Er Kwong Wah and Mr. Pang Wei Hao, as set out in the form of Appendix 7F of the Catalist Rules, pursuant to Rule 720(5) of the Catalist Rules.
4.4	The NC determines annually, and as and when circumstances require, if a director is independent, having regard to the circumstances set forth in Provision 2.1. Directors disclose their relationships with the company, its related corporations, its substantial shareholders or its officers, if any, which may affect their independence, to the Board. If the Board, having taken into account the views of the NC, determines that such directors are independent notwithstanding the existence of such relationships, the company discloses the relationships and its reasons in its annual report.	The NC is responsible for determining the independence of the Directors as set out under Provision 2.1 above. The Board, after taking into consideration the views of the NC, is of the view that its Independent Directors as at the date of this report are independent and that no individual or small group of individual dominates the Board's decision-making process and none of them have any relationships as stated in the Code that would otherwise deem any of them not to be independent. During FY2025, there was no alternate Director on the Board.

Corporate Governance Report

4.5	The NC ensures that new directors are aware of their duties and obligations. The NC also decides if a director is able to and has been adequately carrying out his or her duties as a director of the company. The company discloses in its annual report the listed company directorships and principal commitments of each director, and where a director holds a significant number of such directorships and commitments, it provides the NC's and Board's reasoned assessment of the ability of the director to diligently discharge his or her duties.	The NC ensures that new Directors are aware of their duties and obligations. For re-nomination and re-appointment of Directors, the NC takes into consideration the competing time commitments faced by Directors and their ability to devote appropriate time and attention to the Company, which are also evident in their level of attendance and participation at Board and Board Committee meetings. The NC and the Board are satisfied that all the Directors were able to and have been adequately carrying out their duties as Directors of the Company in FY2025. Each Director's company directorships and principal commitments can be found in the Board of Directors Profile in the Annual Report.																		
The following additional information on Mr. Pang Wei Hao and Mr. Er Kwong Wah, who are seeking re-election as Directors at the forthcoming annual general meeting, is to be read in conjunction with their respective biographies under the section entitled "Board of Directors".																				
<table border="1"> <thead> <tr> <th>Details</th><th>Pang Wei Hao</th><th>Er Kwong Wah</th></tr> </thead> <tbody> <tr> <td>Date of Appointment</td><td>29 August 2024</td><td>9 November 2023</td></tr> <tr> <td>Date of last re-appointment (if applicable)</td><td>27 June 2025</td><td>29 June 2024</td></tr> <tr> <td>Age</td><td>44</td><td>79</td></tr> <tr> <td>Country of principal residence</td><td>Malaysia</td><td>Singapore</td></tr> <tr> <td colspan="3"> The Board's comments on this appointment (including rationale, selection criteria, board diversity considerations and the search and nomination process) </td></tr> </tbody> </table>	Details	Pang Wei Hao	Er Kwong Wah	Date of Appointment	29 August 2024	9 November 2023	Date of last re-appointment (if applicable)	27 June 2025	29 June 2024	Age	44	79	Country of principal residence	Malaysia	Singapore	The Board's comments on this appointment (including rationale, selection criteria, board diversity considerations and the search and nomination process)			The Board, having considered the recommendation of the NC and having reviewed and considered the qualifications, working experience and suitability of Mr. Pang Wei Hao ("Mr. Pang"), is of the view that Mr. Pang has the requisite experience and capability to assume the responsibility as Executive Director and Chief Executive Officer of the Company. Accordingly, the Board of Directors had approved the re-appointment of Mr. Pang as Executive Director and Chief Executive Officer of the Company.	The Board, having considered the recommendation of the NC and having reviewed and considered the qualifications, working experience and suitability of Mr. Er Kwong Wah ("Mr. Er"), is of the view that Mr. Er has the requisite experience and capability to assume the responsibility as Independent Director of the Company and believes that he will be able to provide greater balance and diversity of skills, experience and knowledge amongst the Board. Further, the Board also considers Mr. Er to be independent for the purpose of Rule 704(7) of the Catalist Rules. Accordingly, the Board of Directors had approved the re-appointment of Mr. Er as an Independent Director of the Company.

- (1) Mr. Er was an Independent Non-Executive Director of China Sky Chemical Fibre Co., Ltd. of which has been placed under the judicial management of a judicial manager pursuant to an order to be made by the Court on 14 September 2018 under Section 227B and the provisions of Part VIIIA of the Companies Act 1967.

Mr. Er was an Independent Director of USP Group Holdings Ltd. ("**USP Group**") from 1 August 2019 to 30 September 2019. After he had stepped down from USP Group, it is noted that a winding up application was made against USP Group on 8 April 2020 by Mr. Oon Koon Cheng ("**Mr. Oon**"). As Mr. Er was no longer a director of USP Group, he is not privy to the details relating to the winding up application, save for the announcements made by USP Group. Mr. Er notes that on 9 March 2021, USP Group announced that it had paid the last final instalment of S\$300,000 plus interest to Mr. Oon on 16 February 2021, and the High Court of Singapore had granted leave for Mr. Oon to withdraw his winding up application against the company on 4 March 2021. For more details, please refer to USP Group's announcements dated 15 September 2020, 17 September 2020, 4 October 2020, 10 October 2020, and 1 November 2020 on SGXNET.

As an independent director of Firstlink Investments Corporation Ltd., Mr. Er also sat as an independent director on its subsidiaries, Hosted Patio Pte. Ltd. and Portico (Prime) Pte. Ltd. from 2016 to 2018, which were subject to creditors' voluntary winding up in 2018.

Corporate Governance Report

- (2) In 2005, Firstlink Investments Corporation Ltd., where Mr. Er was an Independent Non-Executive Director, received a public reprimand from SGX for failing to immediately disclose the acquisitions of Golden Concept Enterprise Limited and La Petite Bodyline UK Limited by its subsidiary. The acquisitions were completed on 30 December 2004.

In February 2012, it was announced that the Monetary Authority of Singapore ("**MAS**") received a report from the Singapore Exchange on potential breaches of the Securities and Futures Act by China Sky Chemical Fibre Co., Ltd. and its directors. The matter was referred to the Commercial Affairs Department ("**CAD**") investigations. On 12 February 2015, the MAS announced that the CAD, in consultation with MAS and the Attorney General's Chambers, subsequently agreed to discontinue criminal investigations so that a civil penalty settlement could take place with the former chief executive officer. Mr. Er was not the subject of the CAD investigations.

In 2018, Success Dragon International Holdings Limited, was fined for HKD\$17,000.00 for the failure in or late filing of Return of Changes in Company Secretary, Directors or Authorised Representative of Registered Non-Hong Kong Company under sections 791(2)(b) or 791(2)(c) of the Companies Ordinance. Mr. Er was an Independent Non-Executive Director from 2 July 2014 to 14 September 2017. The failure in or late filing of the said return occurred after he ceased to be an Independent Non-Executive Director.

- (3) In 2011, China Sky Chemical Fibre Co., Ltd., where Mr. Er was an Independent Non-Executive Director, was directed by SGX to engage a Special Audit to investigate the company on issues related to interested party transactions, high cost of equipment maintenance and the purchase of a piece of land. The whole board of directors, including Mr. Er, was publicly reprimanded by SGX on 16 December 2011 and was subsequently placed on the Directors' and Executive Officers' Watchlist due to non-compliance of SGX's directives to appoint a Special Auditor by China Sky Chemical Fibre Co., Ltd.. Mr. Er was subsequently removed from the Directors' and Executive Officers' Watchlist on 24 July 2018.

In 2020, ACRA investigated China Environment Ltd. and its directors, including Mr. Er, after the company failed to comply with the requirements of Section 175(1) – Annual General Meeting, Section 197(1) – Annual Return by Companies and Section 201(1) – Financial Statements and consolidated financial statements of the Companies Act 1967. After the investigation, ACRA issued an advisory letter to Mr. Er, noting that there were strong mitigating factors in his favour, and to exercise due diligence when carrying out his duties as a director.

Corporate Governance Report

.....

BOARD PERFORMANCE		
Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.		
Provisions of the Code		Metech Corporate Governance Practices
5.1	The NC recommends for the Board’s approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each board committee separately, as well as the contribution by the Chairman and each individual director to the Board.	The Board, based on the recommendation of the NC, recognises the need for regular reviews and evaluation of the effectiveness of the Board as a whole, each Board Committee and the effectiveness of individual Directors. Based on the recommendations of the NC, the Board has in place an annual assessment exercise for the Directors to assess the effectiveness of the Board as a whole, each Board Committee, and the contribution by individual Directors to the effectiveness of the Board. The performance criteria for the Board and Board Committees evaluation are in respect of board structure, strategy and performance, board risk management and internal control, board information, board procedures, Chief Executive Officer and top management, standards of conduct, compensation and communication with shareholders. The primary objective of the board evaluation exercise is to create a platform for the Board to provide constructive feedback on board procedures and processes, and changes which should be made to enhance the effectiveness of the Board.

Corporate Governance Report

		Individual Director's performance is evaluated annually and informally on a continual basis by the NC and the Chairman of the Board. Some factors taken into consideration by the NC and the Chairman of the Board include contribution to the development of strategy, availability at board meetings (as well as informal contribution via email and telephone), interactive skills, degree of preparedness, industry, business knowledge and experience each Director possess which are crucial to the Group's business. The individual Director evaluation exercise assists the NC in determining whether to re-nominate Directors who are due for retirement at the forthcoming annual general meeting, and in determining whether Directors with multiple directorships are able to and have adequately discharged their duties as Directors of the Company. The Board may consider the use of external facilitators in the performance assessment, if required, to provide a greater level of objectivity in the evaluation process. Such facilitator should be independent of the Company and its directors.
5.2	The company discloses in its annual report how the assessments of the Board, its board committees and each director have been conducted, including the identity of any external facilitator and its connection, if any, with the company or any of its directors.	During FY2025, the evaluation of the Board and Board Committees was conducted via questionnaires, which was completed by each member of the Board and each member of the respective Board Committees. Each Director also completed an individual Director assessment checklist to assess each Director's performance and contribution to the Board's effectiveness. To ensure confidentiality, the completed evaluation forms were submitted to the Company Secretary for collation. The consolidated responses were presented to the NC for review before submitting to the Board for discussion and to determine areas for improvement to enhance the Board's effectiveness. Following the review in FY2025, the Board is of the view that the Board and its Board Committees operate effectively, and each Director is contributing to the overall effectiveness of the Board. No external facilitator was used in the evaluation process.

Corporate Governance Report

REMUNERATION MATTERS

PROCEDURE FOR DEVELOPING REMUNERATION POLICIES

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Provisions of the Code		Metech Corporate Governance Practices
6.1	The Board establishes a Remuneration Committee (“RC”) to review and make recommendations to the Board on: (a) a framework of remuneration for the Board and key management personnel; and (b) the specific remuneration packages for each director as well as for the key management personnel.	The role of the RC is to review and make recommendations to the Board on the remuneration package of each Executive Director and key management personnel (“KMPs”). The RC also recommends the level of Directors’ fees which are subject to the approval of shareholders. No Director is involved in the deliberation of his or her own remuneration. Where necessary, independent professional advice on the framework for remuneration packages may be sought by the RC.
6.2	The RC comprises at least three directors. All members of the RC are non-executive directors, the majority of whom, including the RC Chairman, are independent.	The RC comprises three (3) Directors, all of whom are Independent Directors. The members of the RC are as follows: Mr. Ng Ooi Hooi (Chairman) Mr. Er Kwong Wah Ms. Lucy Yow Su Chin
6.3	The RC considers all aspects of remuneration, including termination terms, to ensure they are fair.	In recommending the remuneration packages of the Executive Director and KMPs, the RC is largely guided by the financial performance of the Group. It believes that the remuneration level should be competitive and sufficient to attract, retain and motivate the Executive Director and KMPs. In devising the packages, the RC is aware that termination clauses, wherever applicable, have to be fair and not overly generous. The Directors are not involved in deciding their own remuneration. Each member of the RC abstains from voting on any resolutions in respect of his remuneration package. The recommendations of the RC are submitted to the Board for endorsement. The Company’s remuneration policy may be amended to take into account the overall performance of the Company, the meeting of key targets, shareholders’ value enhancement and individual performance, to ensure they are fair.

Corporate Governance Report

6.4	The company discloses the engagement of any remuneration consultants and their independence in the company's annual report.	The RC has explicit authority within its terms of reference to seek appropriate expert advice in the field of executive compensation outside the Company on remuneration matters where necessary. During FY2025, the RC did not engage the service of an external remuneration consultant.
LEVEL AND MIX OF REMUNERATION <i>Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.</i>		
Provisions of the Code		Metech Corporate Governance Practices
7.1	A significant and appropriate proportion of executive directors' and key management personnel's remuneration is structured so as to link rewards to corporate and individual performance. Performance-related remuneration is aligned with the interests of shareholders and other stakeholders and promotes the long-term success of the company.	The Executive Director does not receive any Directors' fees but is remunerated as a member of the Management. The remuneration packages of the Executive Director and the KMPs comprise a fixed component (basic salary) and a variable component (cash-based annual bonus) that is linked to the performance of the Group as a whole as well as the individual's performance. This is designed to align remuneration with the interests of shareholders and to link rewards to corporate and individual performance so as to promote the long-term sustainability of the Group. The Company currently does not have any contractual provisions which allow it to reclaim incentives from the Executive Director and KMPs in certain circumstances. The Board is of the view that as the Group pays performance bonuses based on the actual performance of the Group and/or the Company (and not on forward-looking results) as well as the actual results of its Executive Director and KMPs, "claw back" provisions in the service agreements may not be relevant or appropriate. In addition, the Executive Director owes a fiduciary duty to the Company and the Company may avail itself to remedies against the Executive Director in the event of such breach of fiduciary duties.

Corporate Governance Report

		When reviewing the structure and level of Directors' fees for the Non-Executive Directors, the RC takes into consideration the Directors' respective roles and responsibilities on the Board and Board Committees and the frequency of Board and Board Committee meetings. Each of the Non-Executive Directors receives a base Director's fee. Directors who serve on the various Board Committees as Chairman also receive additional fees.
7.2	The remuneration of non-executive directors is appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities.	Each of the fees payable to the non-executive Directors is appropriate to the level of contribution, taking into account factors such as effort and time spent, and responsibilities of the non-executive Directors. The RC will ensure that the non-executive Directors are not over-compensated to the extent that their independence may be compromised. These fees are subject to shareholders' approval at each annual general meeting of the Company and the amounts are disclosed in Provision 8 below.
7.3	Remuneration is appropriate to attract, retain and motivate the directors to provide good stewardship of the company and key management personnel to successfully manage the company for the long term.	The remuneration policy of the Company is to offer compensation packages that are at least pegged to market rates and reward good performances. The adopted principle is that the remuneration packages must be attractive in order to attract, retain and motivate Directors, executives and managers. The size of the remuneration packages takes into account the performance of the Company and the individuals. In structuring the compensation framework, the RC also takes into account the risk policies of the Group, the need for the compensation to be symmetric with the risk outcomes and the time horizon of risks.

Corporate Governance Report

DISCLOSURE ON REMUNERATION

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Provision 8.1(a) – The breakdown of the total remuneration of the Directors and the CEO of the Company for FY2025 is set out below. The Directors' fees are subject to shareholders' approval at the upcoming AGM.

	Base/Fixed Salary \$	Directors' fees \$	Total \$
NON-EXECUTIVE DIRECTORS			
S\$250,000 and below			
Ms. Lucy Yow Su Chin	–	40,000	40,000
Mr. Er Kwong Wah	–	40,000	40,000
Mr. Ng Ooi Hooi	–	40,000	40,000
EXECUTIVE DIRECTOR			
Below S\$250,000			
Mr. Pang Wei Hao	63,135	–	63,135

Save as disclosed, none of the directors received any variable or performance-related income or bonuses, benefits in kind, stock options granted, share-based incentives and awards, and other long-term incentives in FY2025.

Provision 8.1(b) – The Company does not have any KMPs who are not also Directors or the CEO.

Guidelines of the Code		Metech Corporate Governance Practices
8.2	The company discloses the names and remuneration of employees who are substantial shareholders of the company, or are immediate family members of a director, the CEO or a substantial shareholder of the company, and whose remuneration exceeds S\$100,000 during the year, in bands no wider than S\$100,000, in its annual report. The disclosure states clearly the employee's relationship with the relevant director or the CEO or substantial shareholder.	During FY2025, save for Mr. Cao Shixuan, who was a controlling shareholder of the Company and was employed as a General Manager of a subsidiary of the Company, there were no employees who are substantial shareholders of the Company, or are immediate family members of a Director, the Chief Executive Officer or substantial shareholder of the Company. For the avoidance of doubt, Mr. Cao Shixuan's remuneration as General Manager did not exceed S\$100,000 during FY2025. As at the date of this report, Mr. Cao Shixuan is no longer a substantial shareholder of the Company.

Corporate Governance Report

8.3	The company discloses in its annual report all forms of remuneration and other payments and benefits, paid by the company and its subsidiaries to directors and key management personnel of the company. It also discloses details of employee share schemes. <u>Metech International Limited Performance Share Plan (“Metech PSP”)</u> The Metech PSP was approved by shareholders at an EGM of the Company on 30 December 2024. The objective of the Metech PSP is to (a) foster an ownership culture within the Group which aligns the interests of participants with the interests of the shareholders of the Company; (b) motivate participants to achieve key financial and operational goals of the Company and/or their respective business divisions and encourage greater dedication and loyalty to the Group; and (c) ensure that the total employee remuneration remains sufficiently competitive, facilitating the recruitment of new participants and/or retain existing participants whose contributions are important to the long-term growth and profitability of the Group. The participants of the Metech PSP include full time employees of the Group and Directors of the Company (including Non-Executive Directors) (collectively, “Group Executives”), as well as employees who are controlling shareholders or associates of controlling shareholders, who are also Group Executives (the “Participants”). The Metech PSP is administered by the RC. Please refer to Provision 6.2 for the members of RC. The Metech PSP will expire on 29 December 2034. The Metech PSP contemplates the award of such number of fully-paid shares granted under the Metech PSP (“Awards”), free of charge, to Participants provided that certain prescribed performance targets (if any) are met and upon expiry of the prescribed performance period. The performance condition for the granting of the Award shall be determined at the discretion of the RC, which may comprise factors such as (but are not limited to) the market capitalisation or earnings of the Company at specified times. The length of the vesting period in respect of the Awards of such number of fully-paid ordinary shares granted under the Metech PSP will be determined on a case-by-case basis by the RC. Further details on the Metech PSP were set out in the Company’s circular to shareholders dated 13 December 2024. No Awards have been granted by the Company pursuant to the Metech PSP since its adoption.

Corporate Governance Report

ACCOUNTABILITY AND AUDIT RISK MANAGEMENT AND INTERNAL AUDIT		
<i>Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.</i>		
9.1	The Board determines the nature and extent of the significant risks which the company is willing to take in achieving its strategic objectives and value creation. The Board sets up a Board Risk Committee to specifically address this, if appropriate.	The Board acknowledges that it is responsible for the governance of risks and the overall internal control framework, but recognises that an adequate and effective internal control system will not preclude all errors and irregularities as the internal control system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against the occurrence of material errors or misjudgement in decision making. The Group has engaged an external party to conduct an internal audit report to put in place a documentation on its risk profile which summaries the material risks faced by the Group and the countermeasures in place to manage or mitigate those risks for the review by the AC and the Board. On an annual basis, the internal audit function prepares the risk management plan taking into consideration the risks identified which is approved by the AC. Please refer to Principle 10.4 of this report for more information of the internal audit function. As part of the external audit plan, the external auditors also reviewed and reported certain key accounting controls relating to financial reporting, covering only selected financial cycles and highlight material findings, if any, to the AC. In FY2025, the AC, on behalf of the Board, reviewed the external and internal audit reports relating to the adequacy and effectiveness of the Company's risk management and internal control systems, including financial, operational, compliance and information technology controls. It also reviewed the effectiveness of the actions taken by the Management on the recommendations made by the external and internal auditors in this respect.

Corporate Governance Report

.....

9.2	The Board requires and discloses in the company’s annual report that it has received assurance from: (a) the CEO and the Chief Financial Officer (“CFO”) that the financial records have been properly maintained and the financial statements give a true and fair view of the company’s operations and finances; and (b) the CEO and other key management personnel who are responsible, regarding the adequacy and effectiveness of the company’s risk management and internal control systems.	For FY2025, the Board received: (a) written assurance from the Chief Executive Officer that the Group’s financial records have been properly maintained and the financial statements give a true and fair view of the Group’s operations and finances; and (b) written assurance from the Chief Executive Officer that the Group’s risk management and internal controls systems in place were adequate and effective to address the financial, operational, compliance and information technology risks in the context of the current scope of the Group’s business operations. Based on the Group’s framework of management controls in place, the internal control policies and procedures established and maintained by the Group, as well as the reviews performed by the external and internal auditors, the Board, with the concurrence of the AC, is of the opinion that the risk management and internal control systems of the Group, addressing the financial, operational, compliance and information technology risks are adequate and effective for FY2025.
-----	--	---

Corporate Governance Report

AUDIT COMMITTEE

Principle 10: The Board has an Audit Committee (“AC”) which discharges its duties objectively.

Guidelines of the Code		Metech Corporate Governance Practices
10.1	The duties of the AC include: (a) reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the company and any announcements relating to the company’s financial performance; (b) reviewing at least annually the adequacy and effectiveness of the company’s internal controls and risk management systems; (c) reviewing the assurance from the CEO and the CFO on the financial records and financial statements; (d) making recommendations to the Board on: (i) the proposals to the shareholders on the appointment and removal of external auditors; and (ii) the remuneration and terms of engagement of the external auditors; (e) reviewing the adequacy, effectiveness, independence, scope and results of the external audit and the company’s internal audit function; and (f) reviewing the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on. The company publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns.	The key terms of reference of the AC sets out its duties and responsibilities. The responsibilities of the AC are, <i>inter alia</i>, as follows: (a) to review the relevance and consistency of the accounting standards, the significant financial reporting issues, recommendations and judgements made by the external auditors so as to ensure the integrity of the financial statements of the Group and any announcements relating to the Group’s financial performance; (b) to review and report to the Board at least annually, on the adequacy and effectiveness of the Group’s risk management systems and internal controls, including financial, operation, compliance and information technology risks; (c) to review the effectiveness and adequacy of the Group’s internal and external audit function; (d) to review the assurance from the Chief Executive Officer and the Group Financial Controller (as applicable) on the financial records and financial statements; (e) to review the scope and results of the internal and external audit, and the independence and objectivity of the internal and external auditors; (f) to make recommendations to the Board on the proposals to the shareholders on the appointment, reappointment and removal of the external auditors, and approve the remuneration and terms of engagement of the external auditors; (g) to review the system of internal controls and management of financial risks with the internal auditors and the external auditors;

Corporate Governance Report

.....

	(h) to review the co-operation given by the Management to the external auditors; (i) to review and approve any interested person transactions; and (j) to review the whistle-blowing policy and arrangements by which employees may, in confidence, raise concerns about possible improprieties in matters of financial reporting and to ensure that arrangements are in place for the independent investigations of such matters and for appropriate follow-up actions to be taken. In carrying out its duties, the AC is guided by the Guidebook for Audit Committees in Singapore. It also has its own terms of reference that set out its duties and responsibilities in assisting the Board to maintain a high standard of Corporate Governance, particularly by providing an independent review of the effectiveness of financial reporting, management of financial and control risks, and monitoring of the internal control systems. The AC has the power to conduct or authorise investigations into any matter within its scope of responsibility. It is also given reasonable resources to enable it to perform its function properly, including access to external consultants and auditors. The AC meets with the Company's external auditors to review accounting, auditing and financial reporting matters. The AC has full access to the Management and full discretion to invite any members of the Management to attend its meetings, as well as to procure reasonable resources to enable it to discharge its function properly. In respect of the external audit, Moore Stephens LLP was appointed as the Group's external auditors at the AGM held by the Company on 27 June 2025 until the conclusion of the forthcoming AGM. The AC held four (4) meeting in FY2025 where the external auditors were present in one (1) of the meetings.
--	--

Corporate Governance Report

.....

	For FY2025, the AC has reviewed certain key audit matters highlighted by the external auditors, full details of which can be found on page 97 of the Annual Report. The AC has undertaken a review of the services, adequacy of audit plan and scope, independence and objectivity of the external auditors, taking into consideration the Audit Quality Indicators Disclosure Framework published by Accounting and Corporate Regulatory Authority (“ACRA”) at the firm level and at the audit engagement partner level. Consideration was also given to the experience of the engagement partner and key team members involved in the audit engagement. In addition, Moore Stephens LLP, the external auditors of the Company, has confirmed that they are a public accounting firm registered with the ACRA and has provided a confirmation of their independence to the AC. The AC noted that the external auditors will be paid S\$77,000 (FY2024: S\$84,000) for their audit service for FY2025. The AC has also undertaken a review of all non-audit services provided by the auditors and noted that they did not provide any non-audit services in FY2025. Having considered the adequacy and experience of the firm, their overall qualification and their independence status, the AC is satisfied that Rule 712 of the Catalist Rules has been complied with and has recommended the re-appointment of Moore Stephens LLP as auditors of the Company to the Board. The auditors of the Company’s subsidiaries are disclosed in Note 15 of the Financial Statements in this Annual Report. In appointing auditors for the Company’s subsidiaries, the Group has complied with Rules 712 and 715 of the Catalist Rules. The same auditing firm based in Singapore was appointed to audit the accounts of the Company and its Singapore-incorporated subsidiaries.
--	---

Corporate Governance Report

.....

	The AC and the internal auditors of the Company have the authority to receive whistleblowing complaints. The AC has in place a register of complaints for the purposes of recording all complaints received, and monitors the whistle-blowing framework that has been put in place in the Company, which provides guidelines and procedures for employees of the Group or any other persons to raise concerns regarding matters of suspected fraud, corruption, dishonest practices or other similar breaches regarding accounting, financial and audit matters, as well as alleged irregularities and violation of a general, operational and financial nature against the Company or against any applicable law, and other matters, and ensures that arrangements are in place for independent investigations of such matters and appropriate follow-up actions. The independent investigations would be conducted by a team led by the AC Chairman, with the assistance of the independent professional parties if necessary (i.e., lawyers, auditors, etc). All employees have been informed to direct such concerns to the AC and the AC reports to the Board on such matters at Board meetings. As per the whistle-blowing framework, the Group ensures that the identity of the whistle-blower is kept confidential and is committed to ensure protection of the whistle-blower against detrimental or unfair treatment. There were no reported incidents pertaining to whistleblowing during FY2025 and up to the date of this Annual Report. The AC is kept abreast by the Management and the external auditors of changes to the financial reporting standards, Catalyst Rules and other codes and regulation which could have an impact on the Group's businesses and financial statements.
--	---

Corporate Governance Report

10.2	The AC comprises at least three directors, all of whom are non-executive and the majority of whom, including the AC Chairman, are independent. At least two members, including the AC Chairman, have recent and relevant accounting or related financial management expertise or experience.	As at the date of this report, the members of the AC are as follows: Mr. Er Kwong Wah (Chairman) Ms. Lucy Yow Su Chin Mr. Ng Ooi Hooi Mr. Er Kwong Wah, the Chairman of the Audit Committee, brings a wealth of expertise and experience to the role, having served as the Chairman of Audit Committees for other listed companies over many years. Ms. Lucy Yow Su Chin, in addition to holding a Master of Science in Applied Finance from Singapore Management University, has garnered extensive working experience in the finance industry. Mr. Ng Ooi Hooi, who was appointed in FY2024, also has significant working experience within the financial field. Accordingly, the Board is satisfied that the current composition of the AC is adequate and appropriately qualified to discharge their responsibilities as defined under the AC's terms of reference, taking into consideration that all three (3) members of the AC have recent and relevant accounting or related financial management expertise or experience.
10.3	The AC does not comprise former partners or directors of the company's existing auditing firm or auditing corporation: (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation.	None of the members of the AC nor the AC Chairman are former partners or directors of the Group's existing auditing firm nor do any of them have any financial interests in the said auditing firm.

Corporate Governance Report

10.4	The primary reporting line of the internal audit function is to the AC, which also decides on the appointment, termination and remuneration of the head of the internal audit function. The internal audit function has unfettered access to all the company's documents, records, properties and personnel, including the AC, and has appropriate standing within the company.	The Company's internal audit function is outsourced to In.Corp Business Advisory Pte. Ltd. ("In.Corp") that reports directly to the AC Chairman and administratively to the Management. The internal auditors have full access to the Company's documents, records, properties and personnel, including the AC. In.Corp has extensive experience as internal auditors for both issuers listed on the SGX-ST and the Hong Kong Stock Exchange. Its SGX-ST listed clients include 12 existing engagements, such as serving as internal auditors of UOB Kay-Hian Holdings Limited, Nordic Group, and Vin's Holdings Ltd. The AC reviews the internal audit activities including, overseeing and monitoring the implementation of the improvements required on any internal control weaknesses that have surfaced. The AC ensures that the internal audit function is adequately resourced and has appropriate standing within the Company. The engagement partner, Ms. Ruby Rouben, is a Certified Internal Auditor and a Chartered Accountant of Singapore, with over 16 years of experience within the audit industry and has led internal audit and risk advisory engagement with various public and private entities. The engagement team is supported by approximately four (4) staff comprising one (1) engagement partner, one (1) manager, and two (2) associates. In light of the above, the AC and the Board have reviewed the adequacy and effectiveness of the internal audit function as required under Catalyst Rule 1204(10C), and is of the view that the internal audit function is independent, effective and adequately resourced, and will continue to strengthen the existing internal controls, where applicable.
10.5	The AC meets with the external auditors, and with the internal auditors, in each case without the presence of Management, at least annually.	In FY2025, the AC had one (1) meeting with the external auditors without the presence of the Management and one (1) meeting with the internal auditors without the presence of the Management.

Corporate Governance Report

SHAREHOLDER RIGHTS AND ENGAGEMENT

SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Guidelines of the Code	Metech Corporate Governance Practices
11.1 The company provides shareholders with the opportunity to participate effectively in and vote at general meetings of shareholders and informs them of the rules governing general meetings of shareholders.	Shareholders are informed of general meetings through the announcements released to the SGXNet and on the Company's corporate website, to ensure fair dissemination to shareholders. Annual reports are prepared and issued to all shareholders. The Board makes every effort to ensure that the annual report includes all the relevant information about the Company, including future developments and other disclosures required by the Catalist Rules, Companies Act and Singapore Financial Reporting Standards (International). As the Board is accountable to the shareholders, it is the aim of the Board to provide shareholders with a balanced and easy-to-understand assessment of the Company's performance, position and prospects when presenting financial and other price sensitive public reports, and reports to regulators, if required. The annual general meeting ("AGM") is the principal forum for dialogue with shareholders. The Company encourages its shareholders to attend AGM to ensure a high level of accountability and to stay informed of the Company's performance and plans. Relevant rules and procedures governing the annual general meetings, including voting procedures, will be clearly communicated to shareholders. The Company's Constitution allows a shareholder to appoint one (1) or two (2) proxies to attend and vote on his or her behalf. The upcoming AGM for FY2025 will be held at 54 Pandan Road, Singapore 609292.

Corporate Governance Report

		Accordingly, shareholders who want to exercise their voting rights would be required to (i) vote at the respective meetings or (ii) appoint proxies, including the Chairman of the respective meetings, to vote on their behalf at the respective meetings. The Company recognises the value of feedback from shareholders. The Company has taken steps to solicit and understand the views of the shareholders, especially during annual general meetings, shareholders are given ample time and opportunities to air their views and concerns. All substantial and relevant questions related to the general meetings were submitted to Chairman of the meetings in advance of the meetings. All resolutions at general meetings are put to vote by poll and the results of the number of votes cast for and against each resolution, together with the respective percentages, will be made via a separate announcement on the same day on SGXNET.
11.2	The company tables separate resolutions at general meetings of shareholders on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where the resolutions are “bundled”, the company explains the reasons and material implications in the notice of meeting.	The resolutions tabled at the general meetings are each proposed as separate resolutions, including the election or re-election of each Director. Detailed information on each item in the agenda is accompanied with the explanatory notes detailed in the notice of general meeting. “Bundling” of resolutions will only be done where resolutions are interdependent and linked so as to form one (1) significant proposal. Where the resolutions are “bundled”, the Company will explain reasons and material implications in the notice of general meeting. In FY2025, there were no “bundling” of resolutions at the Company’s general meetings.

Corporate Governance Report

11.3	All directors attend general meetings of shareholders, and the external auditors are also present to address shareholders' queries about the conduct of audit and the preparation and content of the auditors' report. Directors' attendance at such meetings held during the financial year is disclosed in the company's annual report.	At general meetings of the Company, shareholders are given the opportunity to communicate their views and are encouraged to ask questions of the Directors and Management on matters affecting the Company. All Directors were present at the last AGM. All Directors will endeavour to be present at the Company's forthcoming FY2025 AGM to address shareholders' questions relating to the Company and the Group. In addition, the Company had informed shareholders to submit its queries in advance of the respective meetings and that the Company would address their questions prior to the respective meetings by publishing its responses on SGXNet. The Company's external auditors, Moore Stephens LLP, were present at the last AGM, and will also be present at the upcoming AGM and are available to assist the Directors in addressing any relevant queries by the shareholders relating to the conduct of the audit and the preparation and content of the auditors' report.
11.4	The company's Constitution (or other constitutive documents) allow for absentia voting at general meetings of shareholders.	The Company does not implement absentia voting methods such as voting via mail, e-mail or fax as these may only be possible following careful study to ensure that integrity of the information and authentication of the identity of shareholders through the web is not compromised.
11.5	The company publishes minutes of general meetings of shareholders on its corporate website as soon as practicable. The minutes record substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting, and responses from the Board and Management.	The Company prepares detailed minutes of general meetings, which include comments and the questions raised by shareholders, together with the responses from the Board and the Management, and such minutes are publicly available on the Company's website and on SGXNET within one (1) month after the general meetings.

Corporate Governance Report

11.6	The company has a dividend policy and communicates it to shareholders.	The Company does not have a fixed dividend policy. The form, frequency and amount of dividends to be declared each year will take into consideration the Group's profit growth, cash position, positive cash generated from operations, projected capital requirements for business growth and other factors that the Board may deem appropriate. Based on these factors, the Board did not recommend any payment of dividends for FY2025.
ENGAGEMENT WITH SHAREHOLDERS <i>Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.</i>		
12.1	The company provides avenues for communication between the Board and all shareholders, and discloses in its annual report the steps taken to solicit and understand the views of shareholders.	The Board is mindful of its obligation to provide timely and relevant information to shareholders. The Company is committed to treating all shareholders of the Company fairly and equitably to facilitate their ownership rights. The Company recognises and strives to protect and facilitate the exercise of shareholders' rights, and will continually review and update such governance arrangements. The Board believes in timely and accurate dissemination of information to shareholders and does not engage in selective disclosure. The Company adheres strictly to the continuous disclosure obligations of the Company pursuant to the Catalist Rules. Announcements on financial results, major changes to the composition of the Board, changes to interests of Directors and substantial shareholders, major developments in the Company, annual reports, notices and circulars of general meetings and extraordinary meetings and other stipulated disclosures are made through SGXNET. The aforementioned announcements and other information on the Company can also be found on the Company's website at www.metechninternational.com which shareholders are able to access freely and at any time to their convenience.

Corporate Governance Report

12.2	The company has in place an investor relations policy which allows for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with shareholders.	The Company currently does not have an investor relations policy in place, but will consider having one as the Company expands its business. In the meantime, information on the Company can be found on the Company's website which shareholders are able to access freely and shareholders can submit their feedback and raise any questions to the Company at the email address provided on the Company's website. While the Company does not have an investor relations policy in place, the Company is of the view that its existing practices are consistent with the intent of Provision 12.2 of the Code. Shareholders of the Company have the avenues to engage with the Directors and Management such as by attending the general meetings of the Company or reaching out to the Company via email with any questions, suggestions or feedback. In addition, shareholders are kept informed of any key updates and developments of the Company through announcements made on SGXNet.
12.3	The company's investor relations policy sets out the mechanism through which shareholders may contact the company with questions and through which the company may respond to such questions.	The Board views the AGM as the principal forum for dialogue with shareholders, being an opportunity for shareholders to raise issues pertaining to the resolutions tabled for approval and/or asking the Directors or the Management questions regarding the Company and its operations.
ENGAGEMENT WITH STAKEHOLDERS <i>Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.</i>		
13.1	The company has arrangements in place to identify and engage with its material stakeholder groups and to manage its relationships with such groups.	The Group has regularly engaged its stakeholders through various mediums and channels to ensure that the business interests are aligned with those of the stakeholders, to understand and address their concerns so as to improve services and product standards, as well as to sustain business operations for long term growth. The stakeholders have been identified as those who are impacted by the Group's businesses and operations and those who are similarly able to impact the Group's businesses and operations. Four (4) stakeholder groups have been identified through an assessment of their significance to the business operations. They are namely, employees, investors, regulators and customers.

Corporate Governance Report

13.2	The company discloses in its annual report its strategy and key areas of focus in relation to the management of stakeholder relationships during the reporting period.	The Group has undertaken a process to determine the environmental, social and governance (ESG) issues which are important to these stakeholders. These issues form the materiality matrix upon which targets, performance and progress are reviewed and endorsed by the Board annually. Having identified the stakeholders and the material issues, the Company has mapped out the key areas of focus in relation to the management of the respective stakeholder relationships. Please refer to the Sustainability Report on pages 59 to 90 of this Annual Report for further details.
13.3	The company maintains a current corporate website to communicate and engage with stakeholders.	All material information on the performance and development of the Group and of the Company is disclosed in a timely, accurate and comprehensive manner through SGXNET and the Company's website. The Company does not practice selective disclosure of material information. All materials on the quarterly, half-year and full year financial results are available on the Company's website at www.metechinternational.com. The comprehensive website, which is updated regularly, contains various information on the Group and the Company which serves as an important resource for investors and all stakeholders.

DEALING IN SECURITIES

With respect to Rule 1204(19) of the Catalist Rules, the Company has a set of internal guidelines to provide guidance to the Directors and employees of the Group on their dealings in the Company's securities, as well as the implications of insider trading. The Company prohibits its Directors and employees from dealing in the Company's securities for the period commencing two (2) weeks prior to the announcement of the Company's financial statements for the first three quarters of the financial year, and one (1) month prior to the announcement of the Company's full year financial statements and ending on the date of the announcement of the relevant results.

Reminders were emailed to all Directors and employees of the above ruling before the commencement of the respective periods. In the same emails, they were also reminded not to deal in the Company's securities when they are in possession of any potentially price sensitive information which have not been announced, or on short-term considerations.

Corporate Governance Report

INTERESTED PERSON TRANSACTIONS

The Company's internal policy with respect of any interested person transactions ("**IPTs**") sets out the procedures for review and approval of such IPTs. When a potential conflict of interest arises, the Directors concerned do not participate in discussions and refrain from exercising any influence over other members of the Board. Prior to entry by the Company into an IPT, the Board and AC will review such a transaction to ensure that the relevant rules under Chapter 9 of the Listing Manual are complied with. In FY2025 there were no IPTs involving transactions of S\$100,000 or more and the Company does not have a shareholders' mandate pursuant to Rule 920 of the Catalist Rules.

MATERIAL CONTRACTS

With respect to Rule 1204(8) of the Catalist Rules, save as disclosed below, there were no material contracts involving the interests of the Chief Executive Officer, any Director or controlling shareholder entered into by the Company or any of its subsidiaries which were still subsisting at the end of the financial year reported on, or if not then subsisting, entered into since the end of the previous financial year.

During FY2025, the Company had entered into the following material contracts involving the interests of Mr. Cao Shixuan, who was a controlling shareholder of the Company during FY2025. For the avoidance of doubt, Mr. Cao Shixuan ceased to be a controlling shareholder of the Company on 20 March 2026.

The Company had, on 25 March 2024 and 7 October 2024, entered into an interest-free loan agreement of S\$1.0 million (the "**First Loan**") and an interest-free loan agreement of S\$3.0 million (the "**Second Loan**") with Mr. Cao Shixuan respectively. The maturity dates of the First Loan and the Second Loan are on a date falling 12 months from the date of the respective loan agreements. The First Loan and Second Loan were unsecured. Shareholders should refer to the announcements dated 25 March 2024 and 7 October 2024 for further information relating to the First Loan and Second Loan, respectively.

On 14 March 2025, the Company and Mr. Cao Shixuan entered into a loan conversion agreement for the partial repayment of the First Loan, pursuant to which S\$504,000 of the First Loan was converted through the allotment and issuance of 18,000,000 new ordinary shares in the capital of the Company (the "**Conversion Shares**") at an issue price of S\$0.028 per Conversion Share (the "**March 2025 Debt Capitalisation**"). The March 2025 Debt Capitalisation was completed on 2 April 2025.

On 30 June 2025, the Company and Mr. Cao Shixuan entered into a further loan conversion agreement to capitalise the remaining balance of the First Loan of S\$296,000 into 13,454,545 Conversion Shares at an issue price of S\$0.022 per Conversion Share (the "**June 2025 Debt Capitalisation**"). The June 2025 Debt Capitalisation was subsequently completed on 27 August 2025. Pursuant to the June 2025 Debt Capitalisation, the First Loan had been fully repaid.

Corporate Governance Report

Subsequent to FY2025, the Company had, on 24 March 2026, entered into a third loan conversion agreement (the **"Debt Capitalisation Agreement"**) with Mr. Cao Shixuan in relation to the partial conversion of the amount utilised under the Second Loan, amounting to S\$1,500,000, through the allotment and issuance of 62,500,000 Conversion Shares at an issue price of S\$0.024 per Conversion Share (the **"Proposed Debt Capitalisation"**). The Proposed Debt Capitalisation is subject to Shareholders' approval at an extraordinary general meeting to be convened at 11.00 a.m. on 30 April 2026, or immediately after the adjournment of the FY2025 annual general meeting. Shareholders should refer to the announcement dated 24 March 2026 and the circular to shareholders issued by the Company on 16 April 2026 for further information relating to the Proposed Debt Capitalisation.

In addition, pursuant to the Debt Capitalisation Agreement, the Company and Mr. Cao Shixuan had further agreed to extend the maturity date of the Second Loan which was neither utilised nor converted pursuant to the Proposed Debt Capitalisation for an additional six (6) months from the date of the Debt Capitalisation Agreement. As at the date of this report, an aggregate amount of approximately S\$1.24 million remains available for drawdown by the Company under the Second Loan.

NON-SPONSOR FEES

With respect to Rule 1204(21) of the Catalist Rules, S\$8,250 in non-sponsorship fees were paid to the Company's sponsor, Novus Corporate Finance Pte. Ltd., in FY2025.

Sustainability Report

Board Statement

Dear Stakeholders,

The Board of Directors (the “**Board**” or the “**Directors**”) of Metech International Limited (the “**Company**”, and together with its subsidiaries, the “**Group**” or “**Metech**”) is pleased to present Metech’s annual sustainability report (the “**Report**”) for the financial year ended 31 December 2025 (“**FY2025**”). The Group believes that sustainable practices are crucial for our long-term success and the well-being of our stakeholders. We are committed to integrating sustainability into all aspects of our business operations, recognising the interconnectedness of Economic, Environmental, Social, and Governance (“**EESG**”). As a responsible corporate citizen, we strive to create a positive impact on society and the planet.

As a participant in the environmental solution industry, our goal is to progressively transform towards a climate-resilient model, while promoting fairness and equality within our Group. The Board is keenly aware of the escalating risks associated with climate change and global warming, and we are fully committed to upholding human rights throughout our operations and value chain, as well as enhancing our social and economic performance. In line with this, we endeavour to incorporate EESG considerations into all aspects of our business activities. In accordance with the contents of the report, we have incorporated multiple disclosures based on the recommendations of the Task Force on Climate-related Financial Disclosures¹ (“**TCFD**”). In view of the recent enhancements to the sustainability reporting regime announced by the SGX-ST on 23 September 2024 and 25 August 2025, the Company will continue to work towards greater maturity of its climate-related disclosures by incorporating climate-related requirements in the IFRS Sustainability Disclosure Standards issued by the International Sustainability Standards Board (“**ISSB**”) in the coming years.

Our dedication lies in upholding and promoting the human rights and working conditions of our clients and employees, ensuring their awareness of their rights. The Board and Audit Committee (“**AC**”) are responsible for overseeing and monitoring significant sustainability issues as part of our annual strategic planning process. Through a materiality assessment, the Board identifies the most relevant topics and integrates their implications into our strategic direction. To achieve these objectives, the Board has established short-term, medium-term, and long-term metrics and targets to effectively address the various material topics. Progress towards these goals is actively monitored. Looking ahead, we acknowledge the significance of collaborating with our stakeholders to address the interconnected challenges that our industry faces.

In conclusion, we are delighted to present our annual sustainability report, which highlights our recent accomplishments over the past year. We extend our gratitude to you for your continuous support throughout this endeavour. We remain dedicated to collaborating with all stakeholders in order to create a sustainable future and make significant strides in the realm of sustainability.

The Board of Directors
Metech International Limited

¹ TCFD fulfilled its remit and was disbanded in Oct 2023. Following the publication of the inaugural ISSB Standards IFRS S1 and IFRS S2, the IFRS Foundation has taken over the responsibilities for monitoring the progress of companies’ climate-related disclosures from TCFD.

Sustainability Report

ABOUT THIS REPORT

Scope of Report

This Report describes the sustainability activities and performance of Metech, as well as highlights the Economic, Environmental, Social, and Governance aspects of the Group's operations for FY2025. The entities covered in this Report are consistent with those included in our audited consolidated financial statements. The date disclosed and contents within this Report have been disclosed in good faith and to the best of our knowledge. Together with the other information set out in our Annual Report, this Report provides comprehensive and transparent reporting to our stakeholders.

Reporting Framework

Save as disclosed below, this Report has been prepared in compliance with the sustainability reporting requirements as specified in Rules 711A and 711B of the Listing Manual Section B: Rules of Catalist (the "**Catalist Rules**") of the Singapore Exchange Securities Trading Limited (the "**SGX-ST**"), as well as with reference to the internationally recognised Global Reporting Initiative ("**GRI**") Universal Standards 2021. The GRI Standards were selected as our reporting framework because it provides guiding principles on report content and quality as well as suggests specific performance disclosures relevant to our material EESG topics. The content of this Report was defined by the four (4) reporting principles established by the GRI Standards:

1. **Stakeholder Inclusiveness:** This Report content is determined based on various stakeholder engagements and internal discussions that Metech considers to be accountable.
2. **Sustainability Context:** This Report covers the Group's performance in various EESG aspects.
3. **Materiality:** Material issues in this Report are determined through stakeholders' engagements and internal discussions. All relevant factors are then weighted according to their respective importance to stakeholders, as well as their impact on Metech's business.
4. **Completeness:** This Report covers the impacts that Metech contributes to the material topics during the reporting period using all relevant data and information collected.

Report Content and Quality

This Report outlines our sustainability strategies, policies, and performance that align with our corporate values. It also addresses the concerns and issues frequently raised by stakeholders of Metech. To ensure consistency and the delivery of high-quality content, we have implemented the eight principles of accuracy, balance, clarity, comparability, completeness, sustainability context, timeliness, and verifiability, as set forth by the GRI. Furthermore, we have adhered to the seven (7) principles for effective disclosure developed by TCFD: disclosures should represent relevant information; be specific and complete; be clear, balanced and understandable; be consistent over time; be comparable among companies within a sector, industry or portfolio; be reliable, verifiable and objective; and be provided on a timely basis. Due to cost constraints, Metech is still working with its internal auditors to incorporate its sustainability reporting process into its internal audit plan and for the requisite internal review to be carried out. Accordingly, the Company has not complied with Rule 711B(3) of the Catalist Rules and will endeavor to do so as soon as possible. The Board has assessed that external assurance is not required at this juncture.

Feedback

As part of our continuous efforts on improving our sustainability performance, we welcome any questions, comments, or feedback on any aspect of this Report. Please write to us at: info@metechinternational.com.

Sustainability Report

SUSTAINABILITY GOVERNANCE STRUCTURE

The Board, in collaboration with the Group's Chief Executive Officer ("CEO"), consistently examines environmental trends and assesses potential risks and opportunities related to climate change to ensure effective oversight of strategic risk management. Important sustainability factors, including climate-related metrics and targets, are consolidated and presented to the Board for annual review.

The Board and AC hold the ultimate responsibility for overseeing sustainability reporting and have actively considered sustainability issues in the Group's business and strategy. They have identified significant EESG factors and have supervised the management and monitoring of these factors.

The CEO receives support from personnel across various departments and divisions within the Group. The CEO receives regular updates on the progress of the Group's key sustainability initiatives and assesses workplace and human rights practices. Specifically, the CEO oversees the adoption and implementation of climate strategies and policies, regularly updating the Board and AC on the performance of programmes and practices.

Roles and Responsibilities of management of the Company (the "Management")

Designation	Roles	Responsibilities
Chief Executive Officer	◆ Oversees the development of the Group's strategic direction and vision ◆ Sustainability strategies and action plans to address climate-related risks and impacts ◆ Supports the cultivation of a sustainability-focused culture throughout the Group	◆ Provides strategic guidance and formulate Group's sustainability strategy ◆ Identifies climate-related risks and opportunities ◆ Reviews climate-related metrics and targets ◆ Manages day-to-day operations pertaining to the Group's EESG performances ◆ Evaluates EESG risks and monitors climate-related performance within the Group's business practices

Sustainability Report

Designation	Roles	Responsibilities
Department/Division Personnel	◆ Perform various department functions related to sustainability initiatives	◆ Optimise strategies based on departmental functions to promote environmentally friendly initiatives ◆ Raise awareness of climate resilience when establishing and managing customer relationship ◆ Collaborate closely with the CEO to assess and manage climate-related risks and opportunities

In accordance with Rule 720(6) of the Catalist Rules, as at the date of this Report, all Directors on the Board had completed the necessary sustainability training courses conducted by the Singapore Institute of Directors (“SID”), namely the Environmental, Social and Governance Essentials (or the Listed Entity Director Programme 9).

●

STAKEHOLDER ENGAGEMENT

At Metech, we recognise the importance of actively engaging with our key stakeholders to better understand their expectations and concerns. We maintain continuous dialogue with them through various platforms and feedback mechanisms, as well as conduct regular materiality assessment to gather valuable insights. Both internal and external stakeholders play a critical role in helping us achieve our sustainable business goals. We value their input and recognise that they can contribute to positive and meaningful impacts.

By having a deep understanding of our stakeholders, including their evolving needs, interests, and emerging concerns, we ensure that our sustainability strategy and programmes remain relevant and effective in delivering the desired outcomes.

The table below summarises the key stakeholder groups we engage with, the current methods and frequency of engagement, as well as their expectations and commitments to sustainability.

Sustainability Report

Key Stakeholder	Engagement Methods	Frequency	Needs/ Expectations	Commitments to Sustainability
Employees	Employment rules and policies	Annual	◆ Healthy work-life balance	◆ Provide a safe and cohesive working environment ◆ Rewarding work and performance ◆ Provide fair and equal opportunities to all employees
	Dialogue/feedback/ evaluation sessions between employees and management	Annual	◆ Remuneration and benefits ◆ Career opportunities and development	
	Advocate flexible working hours to promote work-life balance	Ad-hoc	◆ Safe and healthy work environment	
	Training and development programme	Ad-hoc	◆ Fair & performance-based employment practice	
Customers	Regular meetings with representatives of clients	Ad-hoc	◆ Quality products, graded certification and availability of services	◆ Participation as a vested stakeholder in selected projects ◆ Forging strong and successful relationships in the long term
	Written and verbal feedback through business communications	Perpetual	◆ Create sustainable development for future generations	
	Website feedback service	Perpetual	◆ Convenience and compliance with environmental regulations	

Sustainability Report

Key Stakeholder	Engagement Methods	Frequency	Needs/ Expectations	Commitments to Sustainability
Suppliers	Suppliers' feedback through emails, phone calls and fax	Ad-hoc	◆ Providing quality products ◆ Open communication ◆ Ethical business practices	◆ Supplier policies and requirements ◆ Fair and timely payment terms ◆ Occupational health and safety practices ◆ Strong and lasting cooperation
	Supplier on-site meetings	Ad-hoc		
Investors and Shareholders	Annual General Meetings	Annual	◆ Business growth and returns, strategic direction, and outlook ◆ Risk management process and sound corporate governance practices ◆ Timely and transparent reporting including sustainability performance based on international reporting standards ◆ Balance between economic viability and environmental sustainability	◆ Strive to generate sustainable long-term returns on investment ◆ Provide clear goals and visions for business expansion ◆ Adhere to timely and transparent dissemination of accurate and relevant information ◆ Improve Investor Relations website
	Regular meetings with representatives of business partners	Ad-hoc		
	Timely and transparent updates of financial results and announcement	Quarterly		
	Extraordinary general meetings and SGX announcements	Ad-hoc		
	Media/news/marketing activities	Ad-hoc		
	Whistleblowing channel	Perpetual		
	Other relevant disclosures via Metech's website	Perpetual		

Sustainability Report

Key Stakeholder	Engagement Methods	Frequency	Needs/ Expectations	Commitments to Sustainability
Government and Regulators	Sustainability Report	Annual	◆ Compliances with safety & environmental laws and regulations	◆ Strict compliance with relevant laws and regulations ◆ Encouraging lifelong learning for mid-career change and skill-upgrading ◆ Understand and support initiatives driven by the Government
	Government training workshops and surveys	Ad-hoc	◆ Reduce emissions, waste, and other detrimental environmental effects	
	Cooperating with public sector for their environmental needs	Ad-hoc	◆ Providing training and skills-upgrading, such as courses organised by Institute of Singapore Chartered Accountants ("ISCA") and SID	
	Website feedback service	Perpetual		

Sustainability Report

MATERIALITY ASSESSMENT

At Metech, we recognise the significance of identifying and prioritising the issues that are most important to our stakeholders and are frequently raised by them. We utilise a variety of channels and feedback mechanisms to analyse the expectations of our stakeholders regarding EESG aspects, including human rights concerns, across our value chain.

Having regard to the current scale and size of the Company’s operations, the Board has conducted an internal assessment and is of the view that the material topics which were identified in FY2024 remain relevant and applicable for FY2025.

In conducting our materiality analysis for FY2025, we undertook internal discussions and reviews to evaluate the continued relevance of these material topics, taking into consideration the external business landscape that emerged during FY2025. This review was guided by our established three-stage approach to defining material topics.

Subsequently, we concluded that our eight (8) material topics identified continue to remain relevant and aligned to our sustainability agenda in FY2025. Accordingly, we continue to report on these topics, taking into consideration the evolving landscape and stakeholder concerns.

Sustainability Report

FY2025 Materiality Assessment

No.	EESG Material Topic	EESG Pillar
1	Emissions	Environmental
2	Impact on Environment and Natural Resources	
3	Climate Change	
4	Health and Safety	Social
5	Employment Practices and Compliance	
6	Staff Training and Development	
7	Business Conduct and Ethics	Governance
8	Economic Performance	Economic

ENVIRONMENTAL

Climate Change

In line with the Paris Agreement's goal of limiting global temperature rise to below 1.5°C, we have made addressing climate change one of our top EESG priorities. Our main emphasis is on reducing Greenhouse Gas ("GHG") emissions throughout our operations and value chain. We are actively engaged in developing strategies to strengthen our business divisions' climate resilience. A critical initial step involves understanding the potential risks and opportunities associated with climate change and assessing their financial implications on our business operations.

TCFD Climate-related Risk Analysis

Governance

The Group's sustainability strategy, including climate-related risks and opportunities, falls under the ultimate accountability of the Board. To ensure effective evaluation and monitoring of these risks and opportunities, specific committees have been established. Please refer to our Sustainability Governance Structure on pages 61 and 62 of the Report for further details.

Sustainability Report

Strategy

At Metech, we are proactive in seizing opportunities and effectively managing risks through our sustainability strategy. Our goal is to transform our business into a performance-driven entity that also has a positive impact on the climate. Our climate strategy revolves around identifying, evaluating, and mitigating climate-related physical and transition risks across our value chain. We strive to operate within the boundaries and make business decisions that result in a net positive impact.

To assess the potential impacts of climate change on our business, we have adopted a risk analysis that focuses primarily on two (2) climate scenarios: a scenario where global temperature increase is limited to 2°C or lower, and a scenario with no mitigation efforts. This analysis allows us to evaluate the potential effects of climate change on our operations.

Scenario	Paris-aligned scenario (Below 2°C)	No mitigation scenario (4°C)
Rationale	◆ In this scenario, the world manages to reduce CO₂e emissions through several far-reaching measures, such as legislation, global carbon taxes, and major shifts in consumption patterns and lifestyles. ◆ This scenario is selected to assess the transition impacts in an economy shifting to a low carbon world. It reflects actions required to limit global warming to under 2°C.	◆ In this scenario, the world fails to curb rising CO₂e emissions by 2100. Legislation and carbon taxes are expected to play a less significant role in this scenario, whereas impacts from extreme weather events are assumed to grow in magnitude. ◆ This scenario is selected to assess the physical risks under a high-emission scenario, consistent with a future with limited policy changes to reduce emissions.
Underlying model	International Energy Agency's Sustainable Development Scenario	Intergovernmental Panel on Climate Change ("IPCC") Representative Concentration Pathway 8.5, mostly long term
Assumptions	Transition features: ◆ Carbon price introduced ◆ Fossil fuel subsidies phased out by 2050 in net-importers and by 2035 in net-exporters ◆ Increased generation from renewable energy	Physical features: ◆ Global emissions continue to rise because of high carbon intensity ◆ Global mean sea level rise of 0.63m by 2100 ◆ High frequency and intensity of heat waves and extreme precipitation events

Sustainability Report

Climate-Related Risks and Opportunities

Based on the aforementioned scenarios, we have identified several climate-related risks in terms of physical risks and transition risks, along with corresponding business opportunities. These risks and opportunities have the potential to impact our business, and we have developed mitigation measures to address them should these scenarios materialise. Here is an overview:

Risk Type	Impact	Mitigating Measures
Physical Risks		
Chronic Rising mean temperatures	- Increased pressure on cooling and air conditioning, leading to increased operation and maintenance costs *Time Period: Short, Medium, Long Financial Impact: Increased operational expenses Impact Area: Group level	Equipment that requires cooling are placed in segregated rooms with controlled room temperature
Transition Risks		
Technology	- Capital investments into technology development - Cost of adoption *Time Period: Medium, Long Financial Impact: Increased capital expenditure Impact Area: Group level	Improve product offerings sustainability to generate competitive advantage
Market	- Increased cost of electricity *Time Period: Short, Medium, Long Financial Impact: Increased operational expenses Impact Area: Group level	Stay up to date on market trends related to environmental performance

Sustainability Report

Risk Type	Impact	Mitigating Measures
Business Opportunities		
Resource Efficiency/ Energy Sources	- Optimising energy efficiency and water conservation in our office and operations can lead to expenditure reductions - Increased energy resilience - Use of lower-emission sources of energy such as hydrogen and/or solar energy *Time Period: Short, Medium, Long Financial Impact: Decreased operational expenses	
Products and Services	- Enhanced competitiveness - Health supplements offerings sourced sustainability through regenerative agriculture and produced using low-carbon or carbon neutral manufacturing process can appeal to environmentally conscious consumers seeking environmentally friendly and sustainable health supplement products *Time Period: Short, Medium, Long Financial Impact: Increased revenue due to increased demand for sustainability-sourced health supplements	

**Short means 0-5 years, Medium means 5-15 years and Long means 15+ years*

The above is a preliminary climate-related risks and opportunities assessment by the Group. We will progressively expand on our scope of climate-related risks and opportunities assessment and monitoring. We target to incorporate quantitative disclosures of the impacts arising from the identified climate-related risks by 2030.

Emissions

Our operations primarily generate GHG emissions through the utilisation of purchased electricity in our office, which contributes to Scope 2 GHG emissions. In this Report, we disclose our Scope 2 indirect emissions in accordance with the GHG Inventory Guidance, GRI Standards, and TCFD recommendations.

Sustainability Report

The Group's environmental performance in FY2025 is as below:

Pollutants	CO ₂
Operating Margin (OM) Grid Emission Factor (GEF)²	
Singapore	0.402
Global Warming Potential (GWP)	1

Financial Year	FY2025
Electricity Consumed (MWh)	3.23
CO₂ Emissions (tCO₂e)	1.30
Number of Employees	13
Energy consumption intensity	0.25
GHG Intensity (tCO₂e/employee)	0.10

Furthermore, at Metech, we are fully dedicated to reducing our energy consumption and promoting environmental consciousness among our employees. Our management has taken proactive measures to instill a sense of environmental responsibility in all our business practices. To achieve this, we have implemented the following actions:

- ◆ Encouraging employees to switch off lights, computers, and electrical appliances when not in use;
- ◆ Conducting regular maintenance of equipment to optimise energy efficiency; and
- ◆ Integrating energy-efficient fixtures and fittings, such as LED lights and smart lighting solutions.

Given that Metech's operations do not involve direct fuel consumption for electricity generation, no Scope 1 emissions were generated or recorded for FY2025. The Company sources its electricity from an external provider, and the associated Scope 2 emissions are detailed in the table above. The Company will continue to monitor its emissions, and should there be any Scope 1 emissions in the future, they will be incorporated into the Company's sustainability reporting accordingly.

Furthermore, we are actively progressing towards assessing, collecting, and disclosing our Scope 3 emissions. Our specific roadmap and targets regarding Scope 3 emissions can be found in the following section.

² GHG emissions data are calculated based on, including but not limited to, "The Greenhouse Gas Protocol: A Corporate Accounting and Reporting Standards" issued by the World Resources Institute and the World Business Council for Sustainable Development, "Appendix to Part II: Monitoring Plan of Greenhouse Gas (GHG) Emissions Measurement and Reporting Guidelines" published by National Environment Agency and 2021 Electricity Grid Emission Factor issued by the Energy Market Authority of Singapore.

Sustainability Report

Impact on Environment and Natural Resources

At Metech, the Group demonstrates its dedication to environmental responsibility and sustainability by actively promoting energy efficiency and conservation within its office premises. This commitment is exemplified through the use of energy-efficient LED lightbulbs, which offer greater durability and energy savings compared to traditional incandescent bulbs while maintaining adequate lighting levels.

In FY2025, the Metech sustainability team is led by our CEO and is assisted by the various personnel from the various department and divisions within the Group, which plays a crucial role in fostering an environmentally conscious culture among employees. They encourage everyone to turn off lights when not in use and advocate for digital documentation whenever possible. If printing is necessary, the team promotes double-sided printing and encourages the reuse of single-sided paper. Additionally, the office has embraced the eco-friendly practice of recycling paper to minimise waste. Furthermore, when it comes to trading with suppliers, the Group recognises the significance of engaging with suppliers who share a commitment to sustainability. By doing so, Metech contributes to the promotion of sustainable trade and reduces the potential for environmental degradation.

To achieve this goal, Metech rigorously assesses potential trading partners to ensure they align with principles of global citizenship, sustainability, and corporate responsibility. The Group seeks out suppliers who adhere to best practices and regulations within the realm of sustainability and maintain a credible reputation. This selective approach reinforces Metech's dedication to environmental stewardship and responsible business practices.

Our Performance and Targets

The Board and Management set goals and targets to measure progress for each of the material factors under EESG. The table below summarises our performance in FY2025 for the targets that were set in the previous financial year ended 31 December 2024 ("FY2024"):

Material Topics	Targets Set in FY2025	Performance in FY2025
Emissions	◆ Maintain or reduce GHG emission (Scope 2) levels and emission intensities ◆ Promote employee awareness towards emission reduction initiatives ◆ Regularly monitor and report on progress	◆ Emissions decreased due to a reduction in energy consumption ◆ Achieved ◆ Achieved
Impact on Environment and Natural Resources	◆ Monitor energy usage in our office premises and across our value chain ◆ Promote more energy saving habits and initiatives ◆ Regularly track progress and assess the effectiveness of the initiatives	◆ Achieved ◆ Achieved ◆ Achieved

Sustainability Report

Material Topics	Targets Set in FY2025	Performance in FY2025
Climate Change	◆ Monitor our operations for potential climate-related risks ◆ Commencement of the assessment of Scope 3 emissions and progressive data collection for relevant categories ◆ Establish quantitative metrics and targets for GHG emissions	◆ Achieved ◆ In progress ◆ In progress

Our sustainability efforts are driven towards achieving net zero carbon emissions by the year 2050. In pursuit of this goal, we established the following targets:

Material Topics	Short-Term Target (1-2 years)	Medium-Term Target (2030)	Long-Term Target (2050)
Emissions	◆ Maintain or reduce GHG emission (Scope 2) levels and emission intensities ◆ Promote employee awareness towards emission reduction initiatives ◆ Regularly monitor and report on progress	◆ Align the medium-term target with broader sustainability goals and international frameworks, such as the Paris Agreement ◆ Create a comprehensive strategy encompassing various initiatives, and partnerships to achieve the medium-term target	◆ Set a long-term emissions reduction target that aligns with global climate objectives, aiming for carbon neutrality or net-zero emissions by 2050
Impact on Environment and Natural Resources	◆ Monitor energy usage in our office premises and across our value chain ◆ Promote more energy saving habits and initiatives ◆ Regularly track progress and assess the effectiveness of the initiatives	◆ Include disclosure of quantitative metrics and targets	◆ Reduce energy consumption to achieve overall net zero GHG emissions target

Sustainability Report

Material Topics	Short-Term Target (1-2 years)	Medium-Term Target (2030)	Long-Term Target (2050)
Climate Change	◆ Monitor our operations for potential climate-related risks ◆ Commencement of the assessment of Scope 3 emissions and progressive data collection for relevant categories ◆ Establish quantitative metrics and targets for GHG emissions	◆ Include disclosures of the quantitative impact of identified climate-related risks ◆ Include disclosure of Scope 3 emissions	◆ Achieve net zero GHG emissions

SOCIAL

At Metech, we strongly uphold the importance of fostering a supportive work environment that nurtures the professional growth and advancement of our employees. Our unwavering dedication lies in cultivating an inclusive and collaborative Group culture that embraces the diverse viewpoints and backgrounds of our staff, empowering them to reach their highest capabilities. To achieve this, we offer a wide range of training courses, programs, and educational opportunities, ensuring that our employees thrive and, in turn, bolster the resilience of the entire Group.

Health and Safety

At Metech, the well-being and safety of our employees rank among our highest priorities. It is crucial to us that our workplaces are free from risks to safeguard the safety and welfare of our staff. To achieve this, we adopt a proactive and precautionary approach, consistently implementing measures that foster a secure and hazard-free working environment. By doing so, we aim to promote positive health outcomes and overall well-being for all our valued employees.

To maintain a safe work environment, we require our employees to strictly adhere to safety rules and procedures during their work. Additionally, we conduct regular safety awareness campaigns and provide training to ensure that all employees are well-informed about potential business hazards. This equips them to handle and respond effectively to emergencies, including fire incidents. As at the end of FY2025, we have no incidents on work-related fatalities, injuries, and ill-health.

Sustainability Report

.....

Employment Practices and Compliance

Metech prioritises fair and performance-based employment and recruitment practices to attract top talent and ensure the retention of existing employees. To uphold these principles, the Group has established an Employment Handbook and various policies, including the Code of Conduct, which govern hiring, termination, and retirement procedures. Employee welfare practices are aligned with the Singapore Government's pro-family leave scheme, and key benefits encompass comprehensive remuneration packages, performance bonuses, leave entitlements, insurances, and reimbursement of medical and dental claims.

We also strongly believe in the value of diversity and inclusion, and we ensure that all employees, regardless of nationality, gender, age, race, or ethnicity, are treated with fairness, respect, and dignity. Our recruitment and employment practices are based on merit, fostering a positive corporate culture that values the contributions of every individual.

In addition, we are dedicated to providing a work environment that is conducive, safe, and free from discrimination. We strictly prohibit any form of retaliation against individuals who report allegations of discrimination, violations of the Code of Conduct, or any other instances of improper behaviour in good faith. In FY2025, we received no reports of child labour, forced labour, or compulsory labour involved in our business practices, further reaffirming our commitment to ethical and responsible employment practices.

In FY2025, the total number of employees at Metech increased by 86% compared to FY2024, from seven (7) to 13 employees. Among them, seven (7) were male and six (6) were female. All our employees are permanent and full-time staff.

Metech had a turnover rate³ of 40% in FY2025, which was primarily due to the resignation of four (4) employees across FY2025, arising from the Group's restructuring exercise undertaken in view of the Group's current scale of operations and financial position, as well as attritions. Metech aims to achieve its target set for a low employee turnover rate of 30% in FY2026.

³ Turnover rate is computed by taking number of employees who left the Group in FY2025 divided by the average number of employees across the year. Average number of employees is obtained by adding the number of employees at the beginning and end of the year and dividing by two (2).

Sustainability Report

Employee Breakdown

Number of Employee by Age Group	FY2025
< 30 years old	–
30 – 50 years old	10
> 50 years old	3
Total	13

Number of employee turnover – by gender	
Male	7
Female	6
Total	13

Metech remains dedicated to providing fair and progressive opportunities to all employees. During the period under review, performance discussions were conducted on an informal basis rather than through a structured annual evaluation process. The Group recognises the need to formalise these practices and is working towards implementing a consistent annual performance review framework, to better identify individual development gaps and learning needs. Employee feedback will also be more systematically captured to support improvements in the working environment and career development opportunities.

Staff Training and Development

Our dedication to investing in our human capital is unwavering, ensuring their skills and knowledge remain up-to-date. Each year, we prioritise upskilling and reskilling through a combination of internal and external training courses and programmes. These initiatives not only help our employees stay informed about industry trends but also ensure compliance with relevant regulations.

To address emerging challenges, we encourage employees, including members of the Board, to further enhance their skill sets by participating in courses offered by third-party organisations, such as The Institute of Singapore Chartered Accountants (“ISCA”) and Singapore Institute of Directors (“SID”). Furthermore, we are open to exploring diverse training opportunities that prove beneficial to our employees and the Group. Our commitment to personal development and career advancement is unwavering, and we are willing to invest in the growth and success of our talented workforce.

In FY2025, total training hours logged by employees of the Company amounted to approximately 20 hours. The average training hours by genders and by employment group are presented in table form below.

Average training hours per employee by gender (hours) in FY2025	Average training hours per employee by employment group (hours) in FY2025
Male: 2.86	Management: 20
Female: nil	Executive staffs: nil

Sustainability Report

Our Performance and Targets

The Board and Management set goals and targets to measure progress for each of the material factor under EESG. The table below summarises our performance in FY2025 for the targets that were set in FY2024:

Material Topics	Targets Set in FY2024	Performance in FY2025
Employment Practices and Compliance	◆ Maintain low employee turnover (30%)	◆ Not achieved This target set in FY2024 was not achieved due to the overall restructuring of the Company in response to the Company's business and financial position and attrition

We are determined to provide our employees with the necessary skillset, knowledge, and capabilities that will enable them to unlock their full potential. By doing so, we aspire to foster a collaborative and forward-thinking workforce, equipped to thrive in the future. To achieve these objectives, we have set the following targets for FY2026:

Material topics	Perpetual Target	Performance in FY2025
Health and Safety	◆ Maintain zero incident of non-compliances with regulatory standards related to the health and safety of employees, customers, and workplace ◆ Maintain zero incidents related to work-related injuries, fatalities, or ill-health	◆ Achieved ◆ Achieved
Employment Practices and Compliance	◆ Maintain zero non-compliance with employment regulations	◆ Achieved
Staff Training and Development	◆ Offer internal and external training courses that are beneficial to the personal development and career progression of our employees at all levels	◆ Not achieved due to competing operational priorities that limited the rollout of planned training initiatives. Upon stabilisation of the Group's operations, the Group will strive to roll out its planned training initiatives for its employees.

Sustainability Report

Material topics	Short-Term Target 1-2 years	Medium-Term Target (2030)
Employment Practices and Compliance	◆ Maintain low employee turnover (30%)	◆ Maintain gender, age, and regional diversity of workforce ◆ Maintain low employee turnover (30%)

GOVERNANCE

At Metech, we take a strong stance against corruption and non-compliance, maintaining a zero-tolerance approach. Our commitment lies in upholding exemplary business ethics and adhering to best practices in governance to promote corporate sustainability. Please refer to the Corporate Governance Report set out on pages 8 to 58 of our Annual Report 2025 for details on our compliance with the established Code of Governance (the “**Code**”).

Aligned with the Code’s principles, we have introduced various sustainability measures to ensure the seamless integration of effective and robust governance practices into our decision-making processes and risk management strategies.

Business Conduct and Ethics

Whistle Blowing Policy

Metech places great emphasis on promoting transparency and accountability through its Whistle Blowing Policy. This policy actively encourages employees and third parties to report any potential improprieties, including suspected bribery, violations, or misconduct.

One crucial aspect of the Whistle Blowing Policy is its commitment to safeguarding the confidentiality of the complainant’s identity, providing assurance that there will be no fear of retaliation or reprisal for speaking up. Additionally, as part of the orientation process for new employees, they are briefed on essential policies, including the Whistle Blowing Policy, to ensure they are aware of the available channels for reporting concerns. Please refer to pages 45 to 48 of the Annual Report for more details of our Whistle Blowing Policy.

To maintain a high level of awareness and transparency, any changes or updates to the Whistle Blowing Policy will be effectively communicated to employees in writing when they occur. This proactive approach ensures that all stakeholders are well-informed and empowered to contribute to a culture of integrity and compliance within the Group. Employees and stakeholders are encouraged to report any breaches in ethical conducts via the Group’s approved whistleblowing channels, i.e., via integrity@metechinternational.com.

Roadmap for EESG Risk Management

Metech recognises the utmost importance of maintaining a robust risk management system to protect the Group’s interests and build trust with stakeholders. In response, the Group has developed a roadmap to integrate EESG risks into the existing enterprise risk management process, considering how these risks interact with traditional financial risks and identify potential interdependencies.

Sustainability Report

.....

The Group plans to commence by conducting a thorough assessment of the Group's current risk management practices and the extent to which EESG factors are considered, as well as creating awareness among key stakeholders, including senior management and the board, about the importance of integrating EESG risks into the overall risk management framework. When the Group's business operations have achieved a more mature and stable stage, Metech plans to establish a Sustainability Steering Committee that aligns with the existing enterprise risk management structure, and aims to develop a clear policy and governance framework that sets out the Group's commitment to EESG risk management. This committee will play a crucial role in guiding the Group on the specific approaches to identify, assess, and manage climate – and sustainability-related risks and opportunities, encompassing environmental and social impacts. By adopting this proactive approach, Metech aims to stay ahead in safeguarding its sustainable growth and positive contributions to the environment and society.

Legal & Regulatory Compliance

Ensuring strict adherence to local laws and regulations remains a topmost priority for Metech, as it plays a crucial role in fostering trust among our stakeholders and solidifying our position in the health supplements industry.

To guarantee compliance with all relevant laws and regulations, we have enlisted the expertise of external legal advisors. They conduct comprehensive reviews of our agreements, contracts, and regulatory submissions, keeping us well-informed about any updates or changes in existing laws. By relying on their professional advice, we maintain a proactive approach to staying compliant. Some of the key laws and regulations that Metech diligently complies with are as follows:

- ◆ Employment Act and Employment of Foreign Manpower Act;
- ◆ Companies Act;
- ◆ Catalyst Rules of the SGX-ST; and
- ◆ Personal Data Protection Act.

In respect of the Catalyst Rules, the Company was in breach of Rules 406(3)(a), 707(1), 711A and 711B(3) of the Catalyst Rules during FY2025, details of which are set out below.

In respect of Rule 406(3)(a) of the Catalyst Rules, the Company was in breach of Rule 406(3)(a) due to the non-completion of the mandatory training requirements prescribed under Practice Note 4D of the Catalyst Rules (the “**Mandatory Training**”) by Mr. Ng Ooi Hooi and Mr. Pang Wei Hao, who were first-time directors appointed in FY2024. As announced by the Company on 20 August 2025 and 31 December 2025, Mr. Ng Ooi Hooi has since completed the Mandatory Training on 14 October 2025. Mr. Pang Wei Hao has yet to complete LED 3 – Board Performance (a core module under the SID Listed Entity Programme), and as disclosed in the Corporate Governance Report, will endeavour to register for and complete the same as soon as practicable.

In respect of Rule 707(1) of the Catalyst Rules, the Company was in breach for the period from 1 May 2025 to 27 June 2025, being the date on which the Company convened its annual general meeting for FY2024.

Sustainability Report

.....

In respect of Rule 711A of the Catalist Rules, the Company was in breach for the period from 16 April 2025 to 11 June 2025, being the date on which the Company released its annual report and sustainability report for FY2024.

For the avoidance of doubt, the Company had, on 10 April 2025, via its continuing sponsor, applied to the SGX-ST to seek for an extension of time of (a) 60 days for the Company to issue its annual report and sustainability report for FY2024, being no later than 14 June 2025, and (b) 60 days for the Company to hold its annual general meeting for FY2024, being no later than 29 June 2025 (the **"Waivers"**). As announced by the Company on 29 May 2025, the SGX-ST had, on 28 May 2025, responded that it was of the view that there were no extenuating reasons to grant the Waivers.

Notwithstanding the rejection by the SGX-ST, the Company worked closely with its auditors to expedite the completion of the audit, and subsequently released the FY2024 annual report and sustainability report on 11 June 2025, and convened the annual general meeting for FY2024 on 27 June 2025.

In respect of Rule 711B(3) of the Catalist Rules, as disclosed above in this Report, due to cost constraints, the Company is still working with its internal auditors to incorporate its sustainability reporting process into its internal audit plan and for the requisite internal review to be carried out. Accordingly, the Company had not complied with Rule 711B(3) of the Catalist Rules and will endeavor to do so as soon as possible.

Save as disclosed above, in FY2025, there were no other incidents of non-compliance. While the Group acknowledges that it did not fully comply with all applicable regulations, it remains fully committed to maintaining compliance with all applicable regulations within the jurisdictions where we operate. We aim to continue strengthening its internal processes, and reinforce our dedication to ethical business practices and regulatory responsibility, and to avoid such breaches in future financial years.

Anti-Corruption and Fraud

As a Group that is listed on Catalist of the SGX-ST, Metech upholds a strong commitment to maintaining exemplary business conduct and vehemently opposes all forms of corruption. Our dedication to ethical practices is complemented by open and transparent communication platforms with our stakeholders, enabling us to achieve sustainability goals and metrics while maximising economic returns.

In addition to employing a transparent communication mechanism, we have implemented several measures to proactively address and mitigate the risks of bribery and corruption within the Group. To reinforce our anti-corruption efforts, we have appointed the CEO as the designated officer responsible for overseeing due obligations. This officer's role includes identifying potential ethics non-compliance incidents, reporting them to the Board and management, and subsequently developing and executing escalation plans.

In FY2025, there were no incidents of non-compliance with anti-corruption laws and regulations, underscoring our commitment to ethical practices and responsible corporate governance. Through these measures, we continually reinforce our stance against corruption and strive to build trust among our stakeholders while maintaining sustainable growth and positive contributions to society.

Sustainability Report

.....

Our Performance and Targets

The Group places great emphasis on robust corporate governance and ethical business practices, recognising their pivotal role in shaping Metech’s progress towards sustainability objectives. With a firm commitment to compliance, Metech strives to uphold all relevant regulations and adhere to the principles outlined in the Code of Governance, ensuring responsible and sustainable business practices moving forward.

The Board and Management set goals and targets to measure progress for each of the material factor under EESG. The table below summarises our performance in FY2025 for the targets that were set in FY2024:

Material topics	Perpetual Target set in FY2024	Performance in FY2025
Business Conduct and Ethics	◆ Maintain zero incidents of non-compliance and violations with the Code ◆ Maintain zero incidents of non-compliance and violations with Code of Business Conduct and Ethics ◆ Maintain zero incidents of material non-compliance with all other applicable law and regulations. ◆ Ensure human rights concerns and directive are recognised at the Board level and adopted through the value chain through risks and impact identification, prevention, and mitigation	◆ With respect to the Code, while the Company had deviations from certain provisions, it has explained that its existing practices are, in essence, aligned with the underlying intent of the relevant provisions. ◆ Achieved ◆ Not achieved due to reasons as stated in the Company’s announced dated 10 April 2025. ◆ Achieved

Sustainability Report

For our business conduct and ethics, we have the following targets based on the current reporting year FY2025 as set out below:

Material topics	Short-Term Target	Medium-Term Target (2030)	Long-Term Target (2050)
Business Conduct and Ethics	◆ Maintain zero incidents of non-compliance and violations with the Code ◆ Maintain zero incidents of non-compliance and violations with Code of Business Conduct and Ethics ◆ Maintain zero incidents of material non-compliance with all other applicable law and regulations ◆ Ensure human rights concerns and directive are recognised at the Board level and adopted through the value chain through risks and impact identification, prevention, and mitigation	◆ Maintain a multi-year record of zero incidents of material non-compliance with governance codes, ethical standards, and applicable laws ◆ Actively participate in or lead industry working groups on ethical business conduct and human rights ◆ Ensure human rights concerns and directive are recognised at the Board level and adopted through the value chain through risks and impact identification, prevention, and mitigation	◆ Maintain a multi-year record of zero incidents of material non-compliance with governance codes, ethical standards, and applicable laws ◆ Actively participate in or lead industry working groups on ethical business conduct and human rights ◆ Ensure human rights concerns and directive are recognised at the Board level and adopted through the value chain through risks and impact identification, prevention, and mitigation

Sustainability Report

ECONOMIC

Metech is focused on achieving long-term improvements in its economic performance through efficient management of its business portfolio and operations. To achieve this, the Group places a high priority on a comprehensive evaluation process that takes into account not only financial aspects but also environmental, social, and governance criteria. This approach ensures that sustainability principles are promoted and integrated into the decision-making process, aligning with Metech's commitment to responsible and sustainable business practices.

Economic Value Generated and Distributed

Financial Year		FY2025 SGD'000
Economic Value Generated		4,336
Economic Value Distributed	Operating Costs	4,615
	Employee Wages and Benefits	525
	Capital Providers	7
	Government	–
	Communities	–
	Total Economic Value Distributed	5,147
Economic Value (Distributed)/Retained		(560)

The Group maintains a strong sense of resilience and vigilance in monitoring the dynamic market conditions and sustainable customer preferences. Our commitment is to remain relevant in the industry, while enhancing our services and performance. Through these efforts, we aim to stay responsive to changing market demands, foster sustainable growth, and reinforce our position as a leading player in the industry.

Sustainability Report

Our Performance and Targets

The Board and Management set goals and targets to measure progress for each of the material factor under EESG. The table below summarises our performance in FY2025 for the targets that were set in FY2024:

Material Topic	Targets Set in FY2024	Performance in FY2025
Economic Performance	◆ Maintain a healthy and positive financial position	◆ Not achieved This target was not achieved primarily due to the ongoing overall restructuring exercise undertaken by the Company, and the time and resources required to stabilise the Company's diversification into the health supplement and food waste business.

For our economic performance in the future, we have the following targets based on the current reporting year FY2025.

Material Topic	Short-Term Target (1-2 years)	Medium-Term Target (2030)	Long-Term Target (2050)
Economic Performance	◆ Maintain a healthy and positive financial position	◆ Set quantifiable targets for energy efficiency to reduce the carbon footprint and lower operating expenses	◆ Attain long-term financial stability and profitability by integrating sustainability into core business strategies

To understand more about our economic performance, please refer to pages 91 to 162 of the Annual Report for FY2025.

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

The directors present their statement to the members together with the consolidated financial statements of Metech International Limited (the “Company”) and its subsidiaries (collectively the “Group”) for the financial year ended 31 December 2025 and the statement of financial position of the Company as at 31 December 2025.

In the opinion of the directors:

- (a) the consolidated financial statements of the Group and the statement of financial position of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2025 and the financial performance, changes in equity and cash flows of the Group for the year ended on that date; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due as discussed in Note 3(b) to the consolidated financial statements.

1 Directors

The directors of the Company in office at the date of this statement are:

Er Kwong Wah	(Independent Chairman)
Pang Wei Hao	(Executive director and Chief Executive Officer)
Lucy Yow Su Chin	(Independent director)
Ng Ooi Hooi	(Independent director)

2 Arrangements to Enable Directors to Acquire Shares or Debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects was to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other corporate body.

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Directors' Interests in Shares or Debentures

No directors who held office at the end of the financial year had an interest in the shares or debentures of the Company, or of related corporations, either at the beginning or at the end of the financial year.

There was no change in any interests for the directors between the end of the financial year and 21 January 2026.

4 Share Options

Other than the share incentive schemes as disclosed in the Report on Corporate Governance included in the Company's Annual Report and information disclosed elsewhere in the financial statements:

Options Granted

During the financial year, no options to take up unissued shares of the Company or its subsidiaries were granted.

Options Exercised

During the financial year, there were no shares of the Company or its subsidiaries issued by virtue of the exercise of options to take up unissued shares.

Unissued Shares under Option

At the end of the financial year, there were no unissued shares of the Company or its subsidiaries under option.

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

5 Audit Committee

The members of the Audit Committee at the end of the financial year were as follows:

Er Kwong Wah (Chairman)
Lucy Yow Su Chin
Ng Ooi Hooi

The Audit Committee carried out its functions in accordance with Section 201B(5) of the provision of Companies Act 1967, the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited (“SGX-ST”) and the Code of Corporate Governance and assists the Board of Directors in the execution of its corporate governance responsibilities within its established terms of reference.

The duties of the Audit Committee, amongst other things, include:

- (a) review the audit plans of the internal and external auditors of the Group and the Company, and review the internal auditors’ evaluation of the adequacy of the Group’s/Company’s system of internal accounting controls and the assistance given by the Group’s/Company’s management to the external and internal auditors;
- (b) review the half-year announcement, annual financial statements and the auditor’s report on the annual consolidated financial statements of the Group which includes the Company and its subsidiaries before their submission to the Board of Directors;
- (c) review the effectiveness of the Group’s/Company’s material internal controls, including financial, operational, compliance and information technology controls and risk management via reviews carried out by the internal auditors;
- (d) meet with the external auditor, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC;
- (e) review legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators;
- (f) review the cost effectiveness and the independence and objectivity of the external auditors;

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

5 Audit Committee (cont'd)

The duties of the Audit Committee, amongst other things, include: (cont'd)

- (g) review the nature and extent of non-audit services provided by the external auditors;
- (h) recommend to the Board of Directors the external auditors to be nominated, approve the compensation of the external auditors and review the scope and results of audit;
- (i) report actions and minutes of the Audit Committee to the Board of Directors with such recommendations as the Audit Committee considers appropriate;
- (j) review interested person transactions in accordance with the requirements of the Listing Manual Section B: Rules of Catalist of the SGX-ST; and
- (k) undertake such other functions and duties as may be agreed to by the Audit Committee and the Board of Directors.

The Audit Committee, having reviewed all non-audit services (if any) provided by the independent auditors to the Group, is satisfied that there were no non-audit services rendered that would affect the independence of the external auditors. The Audit Committee has also conducted a review of interested person transactions.

The Audit Committee has met with the independent auditors, without the presence of the Company's management, at least once a year.

It is the opinion of the Board of Directors with the concurrence of the Audit Committee that the Group's internal controls including financial, operational, compliance and information technology controls, were adequate.

Further details regarding the Audit Committee are disclosed in the Report on Corporate Governance included in the Company's Annual Report.

The Audit Committee has recommended to the Board of Directors the nomination of Moore Stephens LLP for their re-appointment as independent auditors of the Company at the forthcoming Annual General Meeting.

Directors' Statement

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

6 Independent Auditors

The independent auditors, Moore Stephens LLP, have expressed their willingness to accept re-appointment as auditors.

On behalf of the Board of Directors,

.....
Pang Wei Hao
Director

.....
Er Kwong Wah
Director

Independent Auditor's Report

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Metech International Limited (the “Company”) and its subsidiaries (collectively the “Group”), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2025, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the “Act”) and Singapore Financial Reporting Standards (International) (“SFRS(Is)”) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2025 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (“SSAs”). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (“ACRA”) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (“ACRA Code”), as applicable to audits of financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in Singapore. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 3(b) to the financial statements which indicates that the Group incurred a net loss and total comprehensive loss of S\$490,000 (2024: S\$2,617,000) and S\$516,000 (2024: S\$2,617,000) respectively and net cash flows used in operating activities of S\$2,398,000 (2024: S\$246,000) during the current financial year ended 31 December 2025.

As at that date, the Group and the Company have net current liabilities of S\$1,441,000 (2024: S\$2,039,000) and S\$1,456,000 (2024: S\$1,404,000) respectively; and the Group and the Company have net liabilities of S\$1,397,000 (2024: S\$1,681,000) and S\$1,455,000 (2024: S\$1,400,000) respectively.

As stated in Note 3(b), these conditions indicate a material uncertainty that may cast significant doubt on the Group's and the Company's ability to continue as going concerns. Our opinion is not modified in respect of this matter.

Independent Auditor's Report

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

(cont'd)

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
Revenue recognition We refer to Note 3(t) and Note 5 to the financial statements. Under SSA 240, <i>The Auditor's Responsibilities Relating to Fraud in an Audit of Financial Statements</i>, revenue recognition is a presumed fraud risk. For the financial year ended 31 December 2025, the Group recorded revenue of S\$4,336,000 (2024: S\$2,934,000) from continuing operations. Revenue recognition is susceptible to the higher risk that the revenue is recognised when the control of goods has not been transferred to customers.	Our response We have performed the following key audit procedures: • reviewed the Group's control environment on the revenue cycle; • performed sample testing on revenue and receipts and verified to its source documents such as delivery orders and bank statements; • reviewed the Group's revenue from sale of goods is recognised in accordance with the Group's revenue recognition policy under SFRS(I) 15 Revenue; • performed cut-off test to ensure the Group has complied with proper cut-off procedures and revenue is recognised in the appropriate accounting period; • tested journal entries made to revenue accounts; and • reviewed the adequacy of disclosures relating to revenue in Note 3(t) and Note 5 to the financial statements. Our findings We found the Group's revenue recognition to be consistent with its accounting policy as disclosed in Note 3(t) to the financial statements. We also found that the relevant disclosures on revenue in the financial statements to be adequate.

Independent Auditor's Report

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

(cont'd)

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent Auditor's Report

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

(cont'd)

Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

Independent Auditor's Report

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

(cont'd)

Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiaries incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Ms Chong Jia Yun, Michelle.

The accompanying notes form an integral part of these financial statements

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

These notes form an integral part of, and should be read in conjunction with, the accompanying financial statements.

1 Corporate Information

Metech International Limited (the “Company”) is a public limited liability company incorporated and domiciled in Singapore with its registered office and principal place of business at 54 Pandan Road Singapore 609292. The Company is listed on the Catalist of the Singapore Exchange Securities Trading Limited (“SGX-ST”).

The principal activity of the Company is that of investment holding. The principal activities of the subsidiaries are disclosed in Note 15.

2 Application of Singapore Financial Reporting Standards (International) (“SFRS(I)s”)

(a) Application of New and Revised Standards and Interpretations

The accounting policies adopted are consistent with those of the previous financial year except that for the current financial year, the Group has adopted all the new and revised SFRS(I) and interpretations of SFRS(I) (“INT SFRS(I)”) issued that are relevant to the Group and effective for annual financial periods beginning on or after 1 January 2025. The adoption of the new and revised SFRS(I) has had no material financial impact on the financial statements of the Group.

(b) New and Revised Standards Issued but Not Yet Effective

As at the date of authorisation of the financial statements, the Group has not adopted the new or revised SFRS(I) that have been issued but not yet effective. Management is in the process of assessing the impact of these new standards/amendments on the financial performance or financial position of the Group and is of the view that the adoption of these new standards/amendments will not have material impact on the consolidated financial statements in the period of initial application.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

2 Application of Singapore Financial Reporting Standards (International) (“SFRS(I)s”) (cont’d)

(b) New and Revised Standards Issued but Not Yet Effective (cont’d)

At the date of authorisation of these financial statements, the following are the new and revised standards that are not yet effective:

Description	Effective for annual periods beginning on or after
Amendments to SFRS(I) 9 <i>Financial Instruments</i> and SFRS(I) 7 <i>Financial Instruments: Disclosures</i> : Amendments to the Classification and Measurement of Financial Instruments	1 January 2026
Annual Improvements to SFRS(I)s – <i>Volume 11</i>	1 January 2026
Amendments to SFRS(I) 18 <i>Presentation and Disclosure in Financial Statements</i>	1 January 2027
Amendments to SFRS(I) 19 <i>Subsidiaries without Public Accountability: Disclosure</i>	1 January 2027
Amendments to SFRS(I) 10 <i>Consolidated Financial Statements</i> and SFRS(I) 1-28 <i>Investments in Associates and Joint Ventures</i> : Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred indefinitely, early application is still permitted

SFRS(I) 18: Presentation and Disclosure in Financial Statements

This standard will replace SFRS(I)1-1 Presentation of Financial Statements. Whilst many of the requirements will remain consistent, the new standard will have impacts on the presentation of the Consolidated Statement of Comprehensive Income and consequential impacts on the Consolidated Statement of Cash Flows. It will also require the disclosure of the non-SFRS(I) management performance measures and may impact the level of aggregation and disaggregation throughout the primary financial statements and the notes. An entity is required to apply the amendments to SFRS(I) 1-1 for annual reporting periods beginning on or after 1 January 2027. Earlier application is permitted. SFRS(I) 18 requires retrospective application with specific transition provisions.

Other than the above, the Directors do not expect any material impact from the application of these standards.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies

(a) Basis of Preparation

The consolidated financial statements of the Group and the statement of financial position of the Company have been prepared in accordance with the provisions of the Companies Act 1967 and SFRS(I). The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I) requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 4.

(b) Going Concern Assumption

The Group incurred a net loss and total comprehensive loss of S\$490,000 (2024: S\$2,617,000) and S\$516,000 (2024: S\$2,617,000) respectively and net cash flows used in operating activities of S\$2,398,000 (2024: S\$246,000) during the current financial year ended 31 December 2025. As at that date, the Group and the Company have net current liabilities of S\$1,441,000 (2024: S\$2,039,000) and S\$1,456,000 (2024: S\$1,404,000) respectively; and the Group and the Company have net liabilities of S\$1,397,000 (2024: S\$1,681,000) and S\$1,455,000 (2024: S\$1,400,000) respectively.

The above conditions indicate the existence of a material uncertainty which may cast significant doubt on the Group's and the Company's ability to continue as going concerns.

Notwithstanding the above, the directors of the Company believe that the use of the going concern assumption in the preparation and presentation of the financial statements for the financial year ended 31 December 2025 is appropriate after taking into consideration the following factors:

- i. Management has prepared a cash flow projection for its operations for the next twelve months and is satisfied that the Group will have sufficient cash flows.
- ii. The Group has plans to raise capital and obtaining additional funds for working capital and the management will continue to evaluate various strategies to obtain alternative sources of finance where necessary to enable the Group to meet its obligations as and when they fall due.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(b) Going Concern Assumption (cont'd)

- iii. Following the completion of testing and commission of the biomass carbon reduction system machines in Taiwan, the machines intended for the pilot trial, have arrived at the factory and have successfully completed testing and commissioning. At the same time, the Group is actively engaged in discussions with various corporations to expand into different regional markets. Furthermore, the Group is currently in negotiations with Colorful Paradise Agricultural Cooperation Co., Ltd. ("CPAC") in respect of the proposed joint venture company.

In relation to the non-binding memorandum of understanding with MLF Ingredients Sdn. Bhd. ("MLF") entered on 16 July 2025, the Group is in discussions with MLF on arriving at proposed pricings for its potential products for the South Korea and United States market.

- iv. With respect to the Health Supplements Business, the Group is actively working to grow its health supplement sales by leveraging the health supplements license recently obtained by its supplier to expand marketing efforts and sales outreach across various regions of the People's Republic of China. In anticipation of increased demand, the Group is also working with its supplier to enhance production capacity through factory expansion and investments in additional machinery, while concurrently undertaking the necessary repackaging and production activities.

Separately, the Group remains in discussions with Burpple 2021 Pte. Ltd. on the possibility of a strategic collaboration in 2026. Both Burpple and the Group are exploring the incorporation of the health supplement products onto Burpple's ecommerce platform through its various sales channels while concurrently reviewing the business model and undertaking the necessary restructuring and preparatory work.

- v. The Group had on 7 October 2024, entered into an interest-free loan agreement with Mr. Cao Shixuan ("Mr. Cao"), an employee of the Group, for an aggregate amount of S\$3.0 million (the "Second Loan") of which S\$1.53 million has been drawn down by the Group. Notwithstanding that the Second Loan had matured on 6 October 2025, Mr. Cao had verbally agreed with the Group that the balance of the Second Loan of S\$1.47 million remains available for drawdown as at year end.

Subsequent to the financial year end, the Group drawn down a further S\$0.19 million and entered into a debt conversion agreement with Mr. Cao, converting a partial amount of S\$1.5 million loan to be repaid through the allotment and issuance of 62,500,000 new ordinary shares in the capital of the Company (the "Conversion Shares") at a conversion price of S\$0.024 per Conversion Share, subject to approval from shareholders and SGX-ST. Mr. Cao also agreed to grant an extension of the maturity date for an additional six months to 23 September 2026 for the remaining outstanding loan.

- vi. The Group will continue to implement cost cutting measures.
- vii. Mr. Cao has indicated to the Group that he will continue to provide financial support and assistance, where necessary, to enable the Group to meet its debts and obligations as and when they fall due.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(b) Going Concern Assumption (cont'd)

After considering the cash flow projection prepared by management, which took into consideration the internally generated funds, the available loan facilities provided by Mr. Cao and subsequent to year end, the proposed debt capitalisation of S\$1.5 million owed to Mr. Cao, the Board of Directors has concluded that the Group and the Company have the ability and sufficient financial resources to enable the Group and the Company to continue as going concerns for at least for the next twelve months.

In the event that the Group and the Company are unable to continue as going concerns, the Group and the Company may be unable to discharge their liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded in the statements of financial position. In addition, the Group and the Company may have to provide for further liabilities that might arise, and to reclassify non-current assets as current assets. No such adjustments have been made to these financial statements.

(c) Group Accounting

Consolidation

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group re-assess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Non-controlling interests comprise the portion of a subsidiary's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, consolidated statement of changes in equity and statements of financial position.

Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(c) Group Accounting (cont'd)

Acquisition of businesses

The Group applies the acquisition method to account for business combinations when the acquired set of activities and assets meets the definition of a business and control is transferred to the Group. In determining whether an integrated set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process that together significantly contribute to the ability to create output. A business can exist without including all of the inputs and processes needed to create output. The Group has an option to apply a 'fair value concentration test' that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The concentration test can be applied on a transaction-by-transaction basis. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets. If the test is met, the set of activities and assets is determined not to be a business and no further assessment is needed. If the test is not met, or if the Group elects not to apply the test, a detailed assessment must be performed applying the normal requirements in SFRS(I) 3.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes the fair value of any contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. The choice of measuring non-controlling interests at fair value or at the proportionate share of the acquiree's net assets applies only to instruments that represent present ownership interests and entitle their holders to a proportionate share of the net assets in the event of liquidation. All other components of non-controlling interests are measured at fair value unless another measurement basis is required by SFRS(I).

The excess of the sum of the fair value of the consideration transferred in the business combinations, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill on the statement of financial position.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(c) Group Accounting (cont'd)

Disposals of subsidiaries or businesses

When a change in the Company's ownership interest in a subsidiary result in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific Standard. Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Transaction with non-controlling interests

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

(d) Non-current assets (or disposal group) classified as held for sale and discontinued operation

Non-current assets or disposal groups are classified as held for sale or distribution if their carrying amount will be recovered through a sale transaction or distribution rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

When the Group is committed to a sale plan involving loss of control of a subsidiary, all of the assets and liabilities of that subsidiary are classified as held for sale when the criteria set out above are met, regardless of whether the Group will retain a non-controlling interest in its former subsidiary after the sale. Non-current assets (or disposal groups) classified as held for sale (held for distribution) are measured at the lower of the assets' previous carrying amount and fair value less cost to sell (fair value less costs to distribute).

The assets are not depreciated or amortised while they are classified as held-for-sale. In addition, equity accounting of associates and joint ventures ceases once classified as held for sale. Any impairment loss on initial classification and subsequent measurement is recognised as an expense. Any subsequent increase in fair value less costs to sell (not exceeding the accumulated impairment loss that has been previously recognised) is recognised in profit or loss.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

- (d) Non-current assets (or disposal group) classified as held for sale and discontinued operation (cont'd)

A discontinued operation is a component of an entity that either has been disposed of, or that is classified as held-for-sale and;

- i. represents a separate major line of business or geographical area of operations; or
- ii. is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations; or
- iii. is a subsidiary acquired exclusively with a view to resale.

When a component of an entity qualifies as a discontinued operation, the comparative statement of comprehensive income is retrospectively restated to segregate the results of all operations that have been discontinued by the end of the latest reporting period.

- (e) Investments in Subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses in the statement of financial position of the Company.

On disposal of investments in subsidiaries, the difference between the net disposal proceeds and the carrying amount of the investments are recognised in profit or loss.

- (f) Foreign Currencies

Functional and presentation currency

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates (its functional currency).

The consolidated financial statement is presented in Singapore Dollar (S\$), which is the Company's functional and presentation currency. All values are rounded to the nearest thousand (S\$'000) except when otherwise indicated.

Transactions and balances

In preparing the financial statements of each individual entities, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(f) Foreign Currencies (cont'd)

Transactions and balances (cont'd)

Currency translation differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the reporting date are recognised in profit or loss, unless they arise from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations.

Those currency translation differences are recognised in the translation reserve in the consolidated financial statements and transferred to profit or loss as part of the gain or loss on disposal of the foreign operation.

Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value is determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Translation of Group entities' financial statements

The results and financial position of each entity in the Group (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing exchange rates at the end of the reporting period;
- income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- all resulting exchange differences are recognised in other comprehensive income and accumulated in the currency translation reserve within equity. These currency translation differences are reclassified to profit or loss on disposal (i.e. a disposal involving loss of control) of the entity giving rise to such reserve. Any currency translation differences that have been previously been attributed to non-controlling interests are derecognised, but they are not reclassified to profit or loss.

In the case of a partial disposal (i.e. no loss of control) of a subsidiary that includes a foreign operation, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in the profit or loss. For all other partial disposals (i.e. of associates or jointly controlled entities not involving a change of accounting basis), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate at the reporting date.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(g) Property, Plant and Equipment (including right-of-use assets)

Measurement

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

The cost of an item of property, plant and equipment includes its purchase price and any costs that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. The projected cost of dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Depreciation

Depreciation is charged so as to write off the cost of assets over their useful lives, using the straight-line method, on the following bases:

Leasehold buildings	3 years
Plant and equipment	2 to 10 years
Furniture and fittings	3 years

The carrying amounts of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed, and adjusted as appropriate, at each reporting date. The effects of any revision are recognised in profit or loss when the changes arise.

Subsequent expenditure

Subsequent expenditure related to property, plant and equipment that has been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. Other subsequent expenditures are recognised as repair and maintenance expenses in profit or loss during the financial year when incurred.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(g) Property, Plant and Equipment (including right-of-use assets) (cont'd)

Disposal

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

(h) Impairment of Non-Financial Assets

Non-financial assets are tested for impairment whenever there is any indication that these assets may be impaired.

At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any), on an individual asset.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(h) Impairment of Non-Financial Assets (cont'd)

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(i) Inventories

Inventories are measured at the lower of cost and net realisable value. The amount of any write-down of inventories to net realisable value and all losses, is recognised in the period the written off or loss occurs. Cost is determined as the average cost of production, using the weighted average method. Cost includes cost of raw materials, labour and an attributable portion of overheads.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and estimated costs to be incurred in marketing, selling and distribution.

(j) Financial Assets

Classification and measurement

The Group classifies its financial assets at amortised costs.

The classification depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial assets. The Group reclassifies debt instruments when and only when its business model for managing those assets changes.

Financial assets with embedded derivatives are considered in their entirety when determining their cash flows are solely payment of principal and interest.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(j) Financial Assets (cont'd)

Classification and measurement (cont'd)

Initial recognition

At initial recognition, the Group measures a financial asset at its fair value, plus in the case of a financial asset not at fair value through profit or loss, transactions costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of a third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement

The subsequent measurement categories depend on the Group's business model for managing the asset and the cash flow characteristics of the asset.

For debt instruments measured at amortised cost, these are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest and are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Impairment

The Group assesses on a forward-looking basis the expected credit losses associated with the financial assets measured at amortised costs and financial guarantee contracts.

Loss allowances of the Group are measured on either of the following bases:

- 12-month expected credit loss - represents the expected credit loss that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- Lifetime expected credit loss - represents the expected credit loss that will result from all possible default events over the expected life of a financial instrument or contract asset.

The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(j) Financial Assets (cont'd)

Impairment (cont'd)

Simplified approach – Trade receivables

The Group applies the simplified approach to provide expected credit losses for all trade receivables as permitted by SFRS(I) 9. The simplified approach requires expected lifetime losses to be recognised from initial recognition of the receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

General approach – Other financial assets

The Group applies the general approach to provide for expected credit loss on all other financial assets, which requires the loss allowance to be measured at an amount equal to 12-month expected credit loss at initial recognition.

At each reporting date, the Group assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime expected credit loss. In assessing whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit loss, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information that is reasonable and supportable, including the Group's historical experience and forward-looking information that is available without undue cost or effort.

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month expected credit loss.

The Group considers a financial guarantee contract to be in default when the debtor of the loan is unlikely to pay its credit obligations to the creditor and the Group in full, without recourse by the Group to actions such as realising security (if any is held). The Group only applies a discount rate if, and to the extent that, the risks are not taken into account by adjusting the expected cash shortfalls.

The maximum period considered when estimating expected credit loss is the maximum contractual period over which the Group is exposed to credit risk.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(j) Financial Assets (cont'd)

Impairment (cont'd)

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. The evidence includes the observable data about the significant financial difficulty of the borrower and default or past due event.

Measurement of expected credit loss

Expected credit losses are probability-weighted estimates of credit losses. Credit losses are measured at the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). Expected credit losses are discounted at the effective interest rate of the financial asset.

Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Recognition and Derecognition

Regular way purchases and sales of financial assets are recognised on the trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset measured at amortised cost, the difference between the carrying amount and the net sale proceeds is recognised in profit or loss.

(k) Cash and Cash Equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand, bank deposits, and short-term, highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(l) Financial Liabilities

Financial liabilities include trade and other payables and lease liabilities. They are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instruments.

All financial liabilities, except for financial liabilities at fair value through profit or loss, are recognised initially at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, they are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process. For financial liabilities, at fair value through profit or loss, they are subsequently measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

A financial liability is classified as non-current if the Group has the right to defer settlement for at least twelve months after the reporting period. This right must exist and be substantive as of the reporting date.

(m) Offsetting of Financial Assets and Financial Liabilities

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position, when and only when, there is a currently enforceable legal right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

(n) Other Payables

Other payables are initially measured at fair value, and subsequently carried at amortised cost, using the effective interest method.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(o) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(p) Leases

When the Group is the lessee

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

The Group recognised right-of-use assets and lease liabilities at the date which the underlying assets become available for use. Right-of-use assets are measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement dates and lease incentives received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets.

Right-of-use assets are presented within “Property, plant and equipment” in the statements of financial position. Right-of-use assets are subsequently depreciated using the straight-line method from the commencement dates to the earlier of the end of the useful lives of the right-of-use assets or the end of the lease term.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(p) Leases (cont'd)

When the Group is the lessee (cont'd)

The initial measurement of lease liability is measured at the present value of the lease payments discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group shall use its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments (including in-substance fixed payments), less any lease incentives receivables;
- variable lease payments that are based on an index or rate, initially measured using the index or rate at the commencement date;
- amounts expected to be payable under residual value guarantees;
- the exercise price of a purchase option if it is reasonably certain to exercise the option; and
- payment of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

For contracts that contain both lease and non-lease components, the Group allocates the consideration to each lease component on the basis of the relative stand-alone price of the lease and non-lease components. The Group has elected not to separate lease and non-lease components for property leases and account these as one single lease component.

Lease liabilities are measured at amortised cost, and are remeasured when:

- there is a change in future lease payments arising from changes in an index or rate;
- there is a change in the Group's assessment of whether it will exercise lease extension and termination options;
- there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee; or
- there is a modification to the lease term.

When lease liabilities are re-measured, corresponding adjustments are made against the right-of-use assets. If the carrying amounts of the right-of-use assets have been reduced to zero, the adjustments are recorded in the profit or loss.

The Group has elected to not recognise right-of-use assets and lease liabilities for short-term leases that have lease terms of 12 months or less and low value assets. Lease payments relating to these leases are expensed to profit or loss on a straight-line basis over the lease term.

Variable lease payments that are not based on an index or a rate are not included in the measurement and initial recognition of the lease liability. The Group shall recognise those lease payments in profit or loss in the periods that triggered those lease payments.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(q) Government Grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Government grants shall be recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

(r) Share Capital

Ordinary shares are classified as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

(s) Employee Benefits

Employee benefits are recognised as an expense, unless the costs qualify to be capitalised as an asset.

Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they accrue to employees. A provision for the estimated liability for annual leave is recognised for services rendered by employees up to the reporting date.

(t) Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

Sale of goods

Revenue from the sale of goods is recognised at a point in time when the control of the goods is transferred to the end customers (i.e. when the goods are delivered in accordance with the applicable incoterms or/and terms and conditions and significant risks and rewards of ownership of the goods have been transferred to the customer).

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(t) Revenue (cont'd)

Sale of goods (cont'd)

A corresponding receivable is recognised for the consideration that is unconditional when only the passage of time is required before the payment is due. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due or associated costs.

(u) Income Tax

Current tax

Income tax expense represents the sum of the tax currently payable and deferred tax. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where the current and deferred tax arises from the initial accounting for a business combination, the tax effect is taken into account in the accounting for the business combination.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reporting in the profit or loss because it excludes items of income or expenses that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group's liability for current tax is calculated using tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on the differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(u) Income Tax (cont'd)

Deferred tax (cont'd)

Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

(v) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the executive committee whose members are responsible for allocating resources and assessing performance of the operating segment.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

3 Material Accounting Policies (cont'd)

(w) Related Parties

A related party is defined as follows:

A related party is a person or entity that is related to the entity that is preparing its financial statements (in this Standard referred to as the “reporting entity”).

- a. A person or a close member of that person’s family is related to a reporting entity if that person:
 - i. has control or joint control over the reporting entity;
 - ii. has significant influence over the reporting entity; or
 - iii. is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.
- b. An entity is related to a reporting entity if any of the following conditions applies:
 - i. the entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
 - ii. one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - iii. both entities are joint ventures of the same third party;
 - iv. one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - v. the entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity;
 - vi. the entity is controlled or jointly controlled by a person identified in (a);
 - vii. a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or
 - viii. the entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

(x) Fair Value Estimation

The carrying amounts of current financial assets and current financial liabilities, carried at amortised cost, are assumed to approximate their fair values.

The fair value of financial liabilities carried at amortised cost are estimated by discounting the future contractual cash flows at the current market interest rates that are available to the Group for similar financial liabilities.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

4 Critical Accounting Estimates, Assumptions and Judgements

Estimates, assumption and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Management considers whether there are any indications that these assets may be impacted adversely. If any such indication existed, an estimate was made of the realisable amount and/or fair value of the relevant assets.

The Group makes estimates and assumptions concerning the figure. The resultant accounting estimates will by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(a) Critical Judgements in Applying the Accounting Policies

Use of going concern assumption in the preparation of the financial statements

The critical judgements underlying the going concern assumption are set out in Note 3(b) to the financial statements.

(b) Key Sources of Estimation Uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(i) Impairment of investments in subsidiaries

Management reviews the Company's investments in subsidiaries (including loan receivables from subsidiaries which are in substance part of the net investments in subsidiaries, if any) at each reporting date to determine whether there is any indication that these investments may have suffered an impairment loss. If any such indication exists, the recoverable amount of the investment is estimated to determine the amount of impairment loss.

The Company's management determined the recoverable amounts of the individual cash-generating units based on the higher of the fair value less cost of disposal and value-in-use calculations as disclosed in Note 3(h) to the financial statements. The calculations require the use of estimates and assumptions. Changes to these estimates and assumptions would result in changes in the carrying amount of the Company's investment in a subsidiary at the reporting date.

As at 31 December 2025, the Company recognised impairment loss on investments in subsidiaries as the recoverable amounts based on fair value less cost to sell, which approximated their net assets/liabilities positions at reporting date, were lower than its carrying amounts as disclosed in Note 15 to the financial statements. The allowances for impairment loss charged to the Company's profit or loss are disclosed in Note 15 to the financial statements.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

4 Critical Accounting Estimates, Assumptions and Judgements (cont'd)

(b) Key Sources of Estimation Uncertainty (cont'd)

(ii) Loss allowance for trade and other receivables

The Group measures the loss allowance for receivables in accordance with the accounting policy as disclosed in Note 3(j). In making this estimation and judgement, the Group evaluates, among other factors, the ageing analysis of receivables, the financial healthiness and collection history of individual debtors and expected future change of credit risks, including the consideration of factors such as general economy measure, changes in macro-economic indicators, etc.

The carrying amount of the Group's and the Company's trade and other receivables at 31 December 2025 are disclosed in Note 17. The information about the expected credit losses on the Group's trade and other receivables are disclosed in Note 17 and Note 27(b) to the financial statements.

5 Revenue

Disaggregation of revenue from contract with customers

The Group's revenue is disaggregated by principal geographical areas, major product and service line and timing of revenue recognition. This is consistent with the revenue information as disclosed in Note 26.

	Group	
	<u>2025</u>	<u>2024</u>
	S\$'000	S\$'000
<i>Principal geographical market</i>		
People's Republic of China	4,336	2,934

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

10 Income Tax Expenses

	Group	
	2025 S\$'000	2024 S\$'000
Current income tax	-	-
A reconciliation of the effective tax rate to the Group's tax rate applicable to results before income tax are as follows:		
	Group	
	2025 S\$'000	2024 S\$'000
Loss from continuing operations	(560)	(1,929)
Profit/(loss) from discontinued operation	70	(688)
Loss before income tax	(490)	(2,617)
Tax at the applicable tax rate of 17% (2024: 17%)	(83)	(445)
Income not subject to tax	(42)	-
Tax effect of non-deductible items	18	149
Deferred tax benefits not recognised	107	296
	-	-

The Group's applicable tax rate used for the reconciliation above is the corporate tax rate of 17% (2024: 17%) payable by corporate entities in Singapore on taxable profits under the relevant tax regulation. The remaining corporate entity of the Group operating in jurisdiction other than the above is not material.

As at the reporting date, the Group has unutilised tax losses and capital allowances of approximately S\$18,246,000 (2024: S\$17,617,000) that are available for offset against future taxable profits of those corporate entities of the Group in which these tax losses arose. The use of these unutilised tax losses is subject to the agreement of the tax authorities and compliance with certain provisions of the tax regulation of the respective countries in which the corporate entities of the Group operate. The unutilised tax losses have no expiry dates.

The deferred tax assets arising from these unutilised tax losses and capital allowances of approximately S\$3,102,000 (2024: S\$2,995,000) have not been recognised in accordance with the Group's accounting policy in Note 3(u) to the financial statements.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

11 Discontinued Operation

Plan to dispose lab-grown business operation

On 3 October 2025, Asian Green Tech Pte. Ltd. (“AGT”) entered into a conditional sale and purchase agreement with Wuhan Xilu Trading Co., Ltd., a company registered and incorporated in the People’s Republic of China (the “Purchaser”) to dispose its subsidiary, Asian Eco Technology Pte. Ltd. (“AET”), which carried out lab-grown diamond business operation. Pursuant to the sale and purchase agreement, AGT had agreed to sell, and the Purchaser had agreed to purchase its entire shares (80% of the total issued and paid-up capital of AET), for a total cash consideration of S\$1.00, subject to the terms and conditions of the sale and purchase agreement. The disposal of AET is in line with the Company’s strategy by monetise its non-core assets. The Company will be holding an extra-ordinary general meeting for the shareholders to vote for the disposal.

	Group	
	2025 S\$'000	2024 S\$'000
<i>Profit/(Loss) for the year from discontinued operation</i>		
Other income	84	91
Administrative expenses	(14)	(281)

Profit/(Loss) before tax	70	(688)
Income tax expenses	-	-
Profit/(Loss) for the year from discontinued operation (attributable to owners of the Company)	56	(547)
Profit/(Loss) for the year from discontinued operation (attributable to non-controlling interests)	14	(141)
<i>Cash flows from discontinued operation</i>		
Net cash outflows from operating activities	(24)	(100)
Net cash inflows from investing activities	-	-
Net cash inflows from financing activities	24	89
Net cash outflows	-	(11)

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

12 Disposal Group Classified as Held For Sale

	2025 S\$'000	Group 2024 S\$'000
Assets related to Asian Eco Technology Pte. Ltd. ("AET")	8	-
Liabilities associated with assets held for sale	158	-

As described in Note 11 Discontinued Operation, the Group is seeking to dispose of AET and expects to hold an extra-ordinary general meeting for the shareholders to vote for the disposal.

As AET is the principal contributor to the Group's lab-grown diamond business operation, its proposed disposal constitutes the disposal of a major component of the Group's operations and is therefore considered a significant disposal group.

The major classes of assets and liabilities of AET at the end of the reporting period as follows:

	Group 2025 S\$'000
Other receivables	8
Other payables	(158)
Net liabilities of disposal group classified as held for sale	(150)

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

13 Loss per Share

(a) Basic loss per share

	Group 2025	2024
<i>Loss for the year attributable to equity holders of the Company used in the computation of basic loss per share (S\$'000)</i>		
Loss for the year from continuing operations	(560)	(1,929)
Profit/(Loss) for the year from discontinued operation	56	(547)
Total basic loss per share	<u>(504)</u>	<u>(2,476)</u>
 Weighted average number of ordinary shares for the purpose of computation of basic loss per share ('000)		
	<u>187,749</u>	<u>162,474</u>
 <i>Basic and diluted loss per share (cents per share)</i>		
Loss per share from continuing operations	(0.30)	(1.19)
Profit/(Loss) per share for discontinued operations	0.03	(0.33)
Total loss per share	<u>(0.27)</u>	<u>(1.52)</u>

(b) Diluted loss per share

For the purpose of calculating diluted loss per share, net loss attributable to equity holders of the Company and the weighted average number of ordinary shares in issue are adjusted for the effects of all potential dilutive ordinary shares.

As at 31 December 2025 and 2024, the Company has no outstanding warrants that are convertible into the Company's ordinary shares.

There are no potential dilutive shares during the financial years ended 31 December 2025 and 2024.

Diluted loss per share is the same as basic loss per share for the financial years ended 31 December 2025 and 2024.

During the current financial year, the Group disposed of its diamond-related mechanical devices and equipment, which originally cost S\$4,848,000, to a third party as the Group plans to discontinue its lab-grown diamond business operation. A gain on disposal of property, plant and equipment of S\$239,000 was recognised in the profit or loss.

The other machinery, which had an initial cost of S\$511,000, was disposed of for an amount equal to its carrying amount of S\$119,000 in order to settle debts owed to a former employee.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

14 Property, Plant and Equipment (cont'd)

Right-of-use assets acquired under leasing arrangement are presented together with the owned assets of the same class. During the financial year ended 31 December 2025, the Group derecognised right-of-use assets and the corresponding lease liabilities (Note 23). The Group's write off of property, plant and equipment included derecognition of right-of-use assets amounting to S\$141,000 (2024: S\$1,000).

During the previous financial year ended 31 December 2024, the Group recognised an additional impairment loss on plant and equipment amounting S\$775,000 to profit or loss. The impairment loss was made with reference to the recoverable amount of the plant and equipment which was based on the fair value less cost of disposal. Management relied on the independent valuation report to determine the recoverable amount of the plant and equipment and adjusted the impairment loss accordingly.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

15 Investments in Subsidiaries (cont'd)

(c) Impairment assessment of subsidiaries

During the previous financial year ended 31 December 2024, the Company recognised an additional impairment loss on investments in subsidiaries amounting to S\$20,000 as its recoverable amounts based on fair value less cost to sell, which were assessed to approximate its net assets/liabilities positions at reporting date, were lower than its carrying amounts and the subsidiaries were in loss positions. There is no reversal on investments in subsidiaries during the current financial year as the subsidiaries continued to be in loss positions. The fair value of the investments is measured under Level 3 of the Fair Value Hierarchy, as defined in Note 27(d).

(d) Interest in subsidiaries with material non-controlling interests

The Company has the following subsidiaries that have material non-controlling interests as at the reporting date:

	Asian Eco Technology Pte. Ltd. (20%) S\$'000
<u>31.12.2025</u>	
Accumulated non-controlling interest at 1 January 2025	(997)
Profit allocated to non-controlling interests	14
Accumulated non-controlling interest at 31 December 2025	<u>(983)</u>
<u>31.12.2024</u>	
Accumulated non-controlling interest at 1 January 2024	(856)
Loss allocated to non-controlling interests	(141)
Accumulated non-controlling interest at 31 December 2024	<u>(997)</u>

		843	179	14	84
Total trade and other receivables		2,264	179	14	84

(a) Trade receivables

Trade receivables are non-interest bearing and generally has credit of 30 to 90 (2024: 30 to 90) day terms. Loss allowance for trade receivables is measured in accordance with the accounting policy as disclosed in the accounting policy Note 3(j) to the financial statements. There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

The Group's credit risk exposure in relation to trade receivables are set out in the provision matrix as presented below. The Group's provision for loss allowance is based on past due as the Group's historical credit loss experience does not show significantly different loss patterns for different customer segments.

	Current	< 30 days	31 to 90 days	> 90 days	Total
	S\$'000	S\$'000	S\$'000	S\$'000	S\$'000

Trade receivables - gross carrying amount at default	-	-	-	14	14
Loss allowance - lifetime ECL	-	-	-	(14)	(14)
	-	-	-	-	-

* insignificant ECL rate

The movements in the allowance account used to record the impairment loss for trade receivables during the financial year are as follows:

	Group	
	<u>31.12.2025</u>	<u>31.12.2024</u>
	S\$'000	S\$'000
Balance at beginning and end of the year	14	14

(b) Amounts due from subsidiaries (non-trade)

	Company	
	<u>31.12.2025</u>	<u>31.12.2024</u>
	S\$'000	S\$'000
Amount due from subsidiaries	7,864	8,295
Less: Allowances for impairment	(7,864)	(8,238)
	-	57

Except for a balance of S\$2,798,000 (2024: S\$2,798,000) due from subsidiaries as at 31 December 2025 which is non-trade in nature, unsecured, interest bearing at 6% per annum and repayable on demand; the remaining non-trade balance of S\$5,066,000 (2024: S\$5,497,000) due from subsidiaries are unsecured, interest-free and repayable on demand.

The movements in the impairment loss allowance account for amount due from subsidiaries, measured based on lifetime expected credit loss, during the financial year are as follows:

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

17 Trade and Other Receivables (cont'd)

(b) Amounts due from subsidiaries (non-trade) (cont'd)

	Company	
	<u>31.12.2025</u>	<u>31.12.2024</u>
	S\$'000	S\$'000
Balance at beginning of the year	8,238	8,283
Reversal of impairment loss	(374)	(45)
Balance at end of the year	<u>7,864</u>	<u>8,238</u>

(c) Other receivables – third parties

The movements in the impairment loss allowance account for other receivables, measured based on lifetime expected credit loss, during the financial year are as follows:

	Group		Company	
	<u>31.12.2025</u>	<u>31.12.2024</u>	<u>31.12.2025</u>	<u>31.12.2024</u>
	S\$'000	S\$'000	S\$'000	S\$'000
Balance at beginning and end of the year	437	437	437	437

(d) Deposits

These deposits are mainly relating to the deposit for purchase of property, plant and equipment and monthly payments for the new office premises that the Group plans to acquire. In the event of termination of the acquisition plan, the monthly payments are refundable, otherwise, they could be offset against the purchase consideration.

(e) Advances

The advance payment to a supplier for purchase of lab grown diamonds and to a former non-controlling interest for purchase of lab grown diamonds and business travelling expenses were unsecured, interest free and repayable on demand. The Group has fully impaired the advances measured based on lifetime expected credit loss as follows:

	Group	
	<u>31.12.2025</u>	<u>31.12.2024</u>
	S\$'000	S\$'000
Balance at beginning and end of the year	<u>235</u>	<u>235</u>

The impairment loss was made as management is of the view that these advances are not recoverable. Management has taken steps to recover the advances from supplier as no diamonds have been received by the Group. The Group may commence legal action to apply to the Court to freeze the bank accounts of the supplier.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

Total	<u>3,753</u>	<u>2,240</u>	<u>1,473</u>	<u>1,493</u>

Trade payables are normally settled in 30 to 90 days terms.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

22 Trade and Other Payables (cont'd)

The amounts due to subsidiaries are non-trade in nature, unsecured, interest free and repayable on demand.

The loan from an employee of S\$3.0 million is unsecured, interest free and repayable on 7 October 2025. The repayment date has been subsequently extended to 23 September 2026 (Note 29). The Company had, on 24 March 2026, entered into a loan conversion agreement with the employee in relation to the partial repayment of the utilised loan, amounting to S\$1.5 million through the allotment and issuance of new ordinary shares in the capital of the Company at a conversion price of S\$0.024 per share.

23 Lease Liabilities

(a) The Group as a lessee

The Group made lease payments for buildings for the office premises. These are recognised within property, plant and equipment (Note 14). The Group's recognised lease liabilities and the carrying amounts of right-of-use assets at reporting date are as follows:

	Group	
	<u>31.12.2025</u>	<u>31.12.2024</u>
	S\$'000	S\$'000
Leasehold buildings	-	208

The additions of right-of-use assets classified within property, plant and equipment during the previous financial year was S\$268,000. The lease has been terminated during the current financial year because the Group has moved to a new office premises that it plans to acquire. The monthly payments made for the new office premises are refundable in the event of termination of the acquisition plan or can be offset against the purchase consideration.

Depreciation charges on right-of-use assets classified within property, plant and equipment during the financial year are as follows:

	Group	
	<u>31.12.2025</u>	<u>31.12.2024</u>
	S\$'000	S\$'000
Leasehold buildings	67	77

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

26 Operating Segments

The Group has three reportable segments, Health Supplements Business, Lab-Grown Diamond and Corporate (2024: Health Supplements Business, Lab-Grown Diamond and Corporate) which are the Group's strategic business units. For each of the strategic business units, the Group's Chief Executive Officer (CEO) reviews and monitors the operating results of these strategic business units separately for the purpose of internal management reports on a monthly basis to make strategic decisions.

Segments

- Health Supplements Business segment, provides wholesale of health supplements, commence during the previous financial year ended 31 December 2024.
- Lab-Grown Diamond segment consists of manufacturing and distribution of lab-grown diamonds. This segment has been discontinued during the current financial year.
- Corporate segment consists of investment holding company which does not meet any of the quantitative threshold for determining a reportable segment.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment results before income tax, as included in the internal management reports that are reviewed by the Group's CEO. Segment results before income tax is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

Notes to the Financial Statements

27 Financial Instruments

Financial Risk Management Objectives and Policies

The Group is exposed to financial risks arising from its operations. The key financial risks include credit risk, foreign currency risk and liquidity risk.

Financial risk management is carried out by management under policies approved by the Board of Directors. The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management of the Group.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

27 Financial Instruments (cont'd)

Financial Risk Management Objectives and Policies (cont'd)

(a) Foreign currency risk

The Group is exposed to foreign exchange risk as it maintains its assets and liabilities in various currencies. Exposure to currency risk is monitored on an on-going basis and the Group endeavors to keep its net exposure at an acceptable level.

The Group has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the respective functional currencies of the Group entities, primarily Singapore Dollar ("SGD"), US Dollar ("USD") and Renminbi ("RMB").

To manage the foresaid foreign currency risk, the Group maintains a natural hedge, whenever possible, by depositing foreign currency proceeds from sales into foreign currency bank accounts which are primarily used for payments of purchases in the same currency denomination.

The Group's foreign currency exposure based on the information provided to key management is as follows:

	<u>SGD</u> S\$'000	<u>USD</u> S\$'000	<u>RMB</u> S\$'000	<u>Total</u> S\$'000
Group				
31.12.2025				
<u>Financial assets</u>

	478	1,421	556	2,455
<u>Financial liabilities</u>				
Trade and other payables	(2,327)	(1,402)	(24)	(3,753)
Net financial (liabilities)/assets	(1,849)	19	532	(1,298)
Less: Net financial liabilities/(assets) denominated in the respective entities' functional currencies	1,849	(19)	(532)	1,298
Currency exposure	-	-	-	-

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

27 Financial Instruments (cont'd)

Financial Risk Management Objectives and Policies (cont'd)

(a) Foreign currency risk (cont'd)

The Group's foreign currency exposure based on the information provided to key management is as follows: (cont'd)

	SGD S\$'000	USD S\$'000	RMB S\$'000	Total S\$'000
Group				
<u>31.12.2024</u>				
<u>Financial assets</u>				
Trade and other receivables	110	-	-	110
Cash and bank balances	17	1,449	1	1,467
	127	1,449	1	1,577
<u>Financial liabilities</u>				
Other payables	(854)	(1,358)	(28)	(2,240)
Lease liabilities	(211)	-	-	(211)
	(1,065)	(1,358)	(28)	(2,451)
Net financial (liabilities)/assets	(938)	91	(27)	(874)
Less: Net financial liabilities/(assets) denominated in the respective entities' functional currencies	938	(91)	27	874
Currency exposure	-	-	-	-

If USD strengthen/weaken by 5% against SGD, with all other variables including tax being held constant, the effect arising from the net financial assets/(liabilities) position on the Group's loss before income tax is considered insignificant.

The Company has not disclosed its exposure to foreign currency risk as the Company's exposure is considered insignificant.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

27 Financial Instruments (cont'd)

Financial Risk Management Objectives and Policies (cont'd)

(b) Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in a loss to the Group. The Group's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and bank balances), the Group minimises credit risk by dealing exclusively with high credit rating counterparties.

The Group has adopted a policy of only dealing with creditworthy counterparties. The Group performs ongoing credit evaluation of its counterparties' financial condition and generally do not require a collateral.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group has determined the default event on a financial asset to be when internal and/or external information indicates that the financial asset is unlikely to be received, which could include default of contractual payments due for more than 120 days or there is significant difficulty of the counterparty.

The Group does not hold any collateral or other credit enhancements to cover its credit risk associated with its financial assets.

Trade receivables

As disclosed in Note 3(j), the Group uses a provision matrix to measure the lifetime expected credit loss allowance for trade receivables. In measuring the expected credit losses, trade receivables are grouped based on their shared credit risk characteristics and numbers of days past due. The expected credit losses on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. Further details on the loss allowance of the Group's credit risk exposure in relation to the trade receivables is disclosed in Note 17.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

27 Financial Instruments (cont'd)

Financial Risk Management Objectives and Policies (cont'd)

(b) Credit risk (cont'd)

Cash and bank balances

The cash and bank balances are entered into with bank and financial institution counterparties, which are rated A3, based on rating agency ratings. Impairment on cash and bank balances has been measured on the 12-month expected loss basis and reflects the short maturities of the exposures. The Group considers that its cash and bank balances have low credit risk based on the external credit ratings of the counterparties. The Group uses a similar approach for assessment of expected credit losses for cash and bank balances to those used for debt investments. The amount of the allowance on cash and bank balances was considered insignificant.

Other receivables

For the purpose of impairment assessment, other than as disclosed elsewhere in the financial statements for other receivables with impairment losses, the other remaining receivables are considered to have low credit risk as there has been no significant increase in the risk of default on the receivables since initial recognition. Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to 12-month expected loss basis.

In determining the expected credit loss allowance, management has taken into account the historical default experience and the financial position of the counterparties, adjusted for factors that are specific to the debtors and general economic conditions of the industry in which the debtors operate, in estimating the probability of default of each of these financial assets occurring within their respective loss assessment time horizon, as well as the loss upon default in each case.

Other than as disclosed elsewhere in the financial statements, there has been no change in the estimation techniques or significant assumptions made during the current reporting period in measuring the loss allowance using 12-month expected credit loss.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

Financial Risk Management Objectives and Policies (cont'd)

(b) Credit risk (cont'd)

Credit risk grading guideline

The Group's management has established the Group's internal credit risk grading to the different exposures according to their degree of default risk. The internal credit risk grading which are used to report the Group's credit risk exposure to key management personnel for credit risk management purposes are as follows:

Internal rating grades	Definition	Basis of recognition of expected credit loss
i. Performing	The counterparty has a low risk of default and does not have any past-due amounts	12-month ECL
ii. Under-performing	There has been a significant increase in credit risk since initial recognition (i.e. interest and/or principal repayment are more than 30 days past due)	Lifetime ECL (not credit-impaired)
iii. Non-performing	There is evidence indicating that the asset is credit-impaired (i.e. interest and/or principal repayments are more than 90 days past due)	Lifetime ECL (credit impaired)
iv. Write-off	There is evidence indicating that there is no reasonable expectation of recovery as the debtor is in severe financial difficulty (i.e. interest and/or principal repayments are more than 180 days past due)	Asset is written off

(b) Credit risk (cont'd)

Credit risk exposure and significant credit risk concentration

The credit quality of the Group's financial assets, as well as maximum exposure to credit risk by credit risk rating grades, is presented as follows:

	Internal credit rating	Expected credit loss (ECL)	Gross carrying amount S\$'000	Expected credit loss allowance S\$'000	Net carrying amount S\$'000
Group					
<u>31.12.2025</u>					
Trade receivables	Performing	Lifetime ECL (Simplified)	1,421	-	1,421
Trade receivables	Non-Performing	Lifetime ECL (Simplified)	14	(14)	-
Other receivables	Performing	12-month ECL	464	-	464
Other receivables	Non-Performing	Lifetime ECL (Credit impaired)	1,044	(672)	372
<u>31.12.2024</u>					
Trade receivables	Non-Performing	Lifetime ECL (Simplified)	14	(14)	-
Other receivables	Performing	12-month ECL	58	-	58
Other receivables	Non-Performing	Lifetime ECL (Credit impaired)	724	(672)	52
Company					
<u>31.12.2025</u>					
Other receivables	Performing	12-month ECL	10	-	10
Other receivables	Non-Performing	Lifetime ECL (Credit impaired)	8,301	(8,301)	-
<u>31.12.2024</u>					
Other receivables	Performing	12-month ECL	5	-	5
Other receivables	Non-Performing	Lifetime ECL (Credit impaired)	8,732	(8,675)	57

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

27 Financial Instruments (cont'd)

Financial Risk Management Objectives and Policies (cont'd)

(c) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group monitors its liquidity risk and maintains a level of cash and bank balances deemed adequate by management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. Further discussion on the Group's liquidity is disclosed in Note 3(b).

The financial liabilities of the Group and the Company as at the reporting date are mostly repayable on demand or within the next one year.

(d) Fair value of financial instruments

Fair value measurements recognised in the statement of financial position

The Group has established control framework with respect to the measurement of fair values. This framework includes the finance team that reports directly to the Group's key management, and has overall responsibility for all significant fair value measurements, including Level 3 fair values.

Significant valuation issues are reported to the Company's Audit Committee.

Fair value hierarchy

The financial instruments that are measured subsequent to initial recognition at fair value are required disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- i. Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- ii. Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- iii. Level 3 – Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

There was no transfer between Level 1 and 2 during the current and previous financial years.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

27 Financial Instruments (cont'd)

Financial Risk Management Objectives and Policies (cont'd)

(d) Fair value of financial instruments (cont'd)

Other financial assets and financial liabilities

The fair values of financial assets and financial liabilities with a maturity of less than one year are assumed to approximate their carrying amounts because of the short-term maturity of these financial instruments.

28 Capital Management

The Group's objectives when managing capital are to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholders' value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

Management monitors capital with reference to a net debt-to-equity ratio. The Group's strategies are to maintain a prudent balance between the advantage and flexibility afforded by a capital position and the higher return on equity that are possible with greater leverage. The Group's overall strategy remains unchanged from the previous financial year.

The net debt-to-equity ratio is calculated as net debt divided by total equity. Net debt is calculated as total liabilities less cash and cash equivalents. Total equity includes all capital and reserves of the Group that are managed as capital.

	Group	
	<u>31.12.2025</u>	<u>31.12.2024</u>
	S\$'000	S\$'000
Net debt	3,713	2,342
Total equity	(1,397)	(1,681)
Net debt-to-equity ratio	N.M.	N.M.

* N.M. – Not meaningful as the Group is in a net deficit equity position.

Notes to the Financial Statements

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

29 Event After the Reporting Date

On 24 March 2026, the Group entered into a debt conversion agreement with Mr. Cao Shixuan (the “Lender”) converting S\$1.5 million loan (the “Capitalised Loan”) which was overdue to be repaid through the allotment and issuance of 62,500,000 new ordinary shares in the capital of the Company (the “Conversion Shares”) at a conversion price of S\$0.024 per Conversion Share (the “Proposed Debt Capitalisation”). The Proposed Debt Capitalisation is subject to approval from shareholders and SGX-ST. The Company and the Lender have further agreed to extend the Maturity Date of the loan of S\$0.22 million which was neither repaid nor converted pursuant to the Proposed Debt Capitalisation for an additional six months from the date of the Debt Capitalisation Agreement (the “Extended Maturity Date”), the revised Maturity Date being 23 September 2026.
