## **Newly appointed General Manager in Indonesia**

Mirach Energy Limited (the “Company”) is pleased to announce that it has appointed Mr Kholid Alatas as the General Manager for Prisma Kampung Minyak Limited. The Company believes that Kholid will oversee, strengthen its KSO operations in Indonesia, and further enhance its oil and gas asset portfolio.

Kholid has a wealth of experience in managing production and geophysical operations in new and mature oil fields, as well as in enhanced oil recovery (EOR) fields, both in onshore and offshore projects. He also has extensive experience working with KSOs (Joint Operations Agreements) and PSCs (Production Sharing Contracts) in Indonesia. He has won several awards on “The Best Operations Performance, Safety and Environment” from the Indonesian ministries, governors and BPMIGAS.

Before joining Prisma Kampung Minyak Limited, Kholid worked as the General Manager at PT Benua Asia Energy and held key positions at ASAMERA, Gulf Resources, Pearl Energy and Salamander Energy, including that of an operation geophysicist, production and operations manager, HSE Manager and as a vice president of operations.
