Mr Ji Zenghe (吉增和), Executive Chairman of The Place Holdings, said, “Despite the challenging external environment due to the COVID-19 pandemic, we made good progress on our strategic priorities over the past year.

The initial steps we implemented to strengthen our business foundation are showing promising results and we are building on this momentum to create new value propositions within our three business pillars.

We aim to accelerate our growth plans for the year ahead and remain fully focused on our strategy to deliver long-term sustainable value for stakeholders.”

Emerging Stronger

Under the leadership of Executive Chairman, Mr Ji Zenghe (吉增和) and Executive Director and Chief Executive Officer, Mr Fan Xianyong (樊献勇) and combined with their deep property management experience and long-standing business track record, the management team has strategically shaped the Group's business model with a new growth approach that integrates its capabilities and experience in property management, cultural tourism, “new-retail” solutions and omni-channel strategies.

In April 2019, the Group acquired a freehold property, previously known as Realty Centre, located at 15 Enggor Street in the CBD area, for S\$148 million. With a land size of approximately 11,000 square feet, the mixed development property has a plot ratio of approximately 5.6 and a maximum height of 35 storeys. As the freehold property is located within the Anson precinct, it is entitled to bonus plot ratios of between 25% and 30% if there is a change of use under the Central Business District (CBD) Incentive Scheme initiated by the Urban Redevelopment Authority of Singapore in 2019.

In November 2020, the Group announced that it has completed the subscription of a 80% equity stake in Tianjie Yuntai Wanrun (Xiuwu) Property Development Co., Ltd (“Wanrun”), which owns approximately 270,500 km² of commercial land in the South East of Mount Yuntai. The area surrounding Wanrun's property site has undergone significant developments and the Group is currently in the midst of completing the process to change the land zoning from commercial to residential, which will result in an increase in gross floor area, and allow the property project to be marketed to a wider group of potential buyers.

In December 2020, The Place Holdings and MCC Land established a strategic framework agreement to build a long term and mutually beneficial relationship in relation to potential and upcoming construction and development of residential and commercial property projects, projects management, as well as development and management of cultural tourism projects.

Subsequently in January 2021, the Group announced the co-investment, development and acquisition of a 20% equity stake in MCC Land's new mixed development project located right

next to Tanah Merah MRT interchange. The 99-year lease land parcel was acquired by MCC Land for \$248.99 million in November 2020 after a government tender that drew 15 bids from various developers. The mixed development site has a site area of 8,880 square metres and can potentially yield 265 condo units and 2,000 square metres of commercial space.
