Accordingly, the assets related to the above-mentioned three plants are classified as assets of disposal group classified as held-for-sale on the balance sheet.

Current liabilities

Our current liabilities comprise other payables and liabilities directly associated with disposal group classified as held-for-sale. As mentioned above, due to notifications received by the Miluo and Xiangyin plants to cease their operations and the Company's plan to dispose of the 3 PRC subsidiaries operating the 3 plants, all liabilities related to the above-mentioned three plants are classified as liabilities directly associated with disposal group classified as held-for-sale on the balance sheet.

The increase was due to the accrual of workers' salaries (comprising inter alia, allowances for living expenses etc) in the three plants as outstanding labour contracts are pending satisfactory resolution.

As at 30 September 2016, other payables amounted to RMB17.8 million. The increase in other payables of RMB3.8 million from RMB14.0 million as at 31 December 2015 to RMB17.8 million as at 30 September 2016 was mainly due to the accrual of staff costs and professional expenses under the Company.
