

PRESS RELEASE

FOR IMMEDIATE RELEASE

Sarine Showcasing New Technology Lab at Hong Kong Shows

Hod Hasharon (Israel), 27 Feb 2018 – Singapore Exchange Mainboard-listed Sarine Technologies Ltd ("Sarine" or "the Company" and together with its subsidiaries "the Group"), (U77:SI), a worldwide leader in the development, manufacture and sale of precision technology products for the evaluation, planning, processing, finishing, grading and trading of diamonds and gemstones, announces its participation in Hong Kong shows showcasing its new Sarine Technology Lab and the unique services it offers.

Starting today at the Hong Kong International Diamond, Gem & Pearl Show at AsiaWorld Expo (booth 10A-05) thru March 3rd, and continuing at the Hong Kong International Jewellery Show at the Convention and Exhibition Centre in Wanchai (booth 5CON-015B) from March 1st thru 5th, Sarine will be showcasing its Sarine Technology Lab and the various services offered as packages under one roof. We will be demonstrating our already proven offerings, the Sarine Profile™ imaging and showcasing technologies and our light performance grading, along with our newly launched artificial-intelligence (AI) based 4Cs grading and Sarine Diamond Journey™.

As a service to our investing public, we are providing links to some of the marketing material we will be utilising during the shows:

- ❖ Rapaport special supplement - Technology Meets Gemology, showcasing technology issues of interest to the diamond industry today, published January 31st, 2018 – to view Rapaport Special Supplement [CLICK HERE](#).
- ❖ Our new marketing video – To view Sarine Profile™ video [CLICK HERE](#).

About Sarine Technologies:

Established in 1988, Sarine Technologies Ltd. is a worldwide leader in the development and manufacturing of advanced evaluation, planning, processing, and finishing systems for diamond and gemstone production. Sarine products include the Galaxy[®] family of inclusion mapping systems, rough diamond planning optimisation systems, laser cutting and shaping systems, laser-marking and inscription machines and polished diamond Clarity, Color, Cut and light performance grading tools and visualisation systems. Sarine systems have become standard tools in every modern manufacturing plant, properly equipped gemology lab and diamond appraisal business, and are essential aids for diamond polishers, dealers and retailers. For more information about Sarine and its products and services, visit <http://www.sarine.com>.
