ANOTHER PROJECT WIN TO TREAT MUNICIPAL SLUDGE IN TANGYIN COUNTY, HENAN PROVINCE, CHINA

The Board of Directors of Leader Environmental Technologies Limited (“**Leader**”, “**Group**” or “**Company**”) wishes to announce that the consortium, participated by the Company’s wholly-owned subsidiary United Greentech (Guangzhou) Co. Ltd (“**UGGZ**”), has secured a RMB72.0 million (approximately S\$12.9 million) Build-Operate-Transfer (“**BOT**”) contract to treat municipal sludge from the wastewater treatment plants in Tangyin county, Henan.

The consortium is made up of:

S/N	Parties	Shareholdings %
1	Econ Technology Co Ltd	55
2	Tangyin County Lingjia Huan Bao Co Ltd	35
3	United Greentech (Guangzhou) Co. Ltd. (“ UGGZ ”)	10
	Total	100

1. Econ Technology Co., Ltd (“**Econ**”) is a subsidiary of Shandong Hi-Speed Co. Ltd. (“**SDHS**”) which is a state-owned enterprise listed on the Shanghai Stock Exchange (600350.SS).
2. Tangyin County Lingjia Huan Bao Co Ltd is a privately owned enterprise in Henan province.

The consortium will design, build and operate the treatment facility for 30 years. The treatment capacity for the plant is 100 tons/day with a total investment of RMB72.0 million.

UGGZ will be responsible for providing the Group's proprietary technologies, namely continuous thermal hydrolysis ("**CTH**") and efficient energy recovery system for sludge treatment. The contract value for the supply of equipment is approximately RMB40 million. In addition, the project is able to generate stable and recurring income for the Group.

Mr Li Li, CEO of the Company commented on the project win: "This is our second project win in 2025 with SDHS. We are proud to be a technology provider for the partnership with SDHS in building the portfolio of sludge treatment projects. Against the backdrop of China's quest to reduce carbon footprint, we see significant market potential for our sludge technology. The Group will continue to maintain our asset-light business model and focus to tap on the sludge treatment market in China."

The construction of the project is scheduled to commence immediately and completed within one year. This is expected to contribute positively to the revenue of the Company for the financial year ending 31 December 2025.

None of the directors or controlling shareholders of the Company has any interest, direct or indirect, in the project.

BY ORDER OF THE BOARD OF DIRECTORS OF
LEADER ENVIRONMENTAL TECHNOLOGIES LIMITED

Mr Ngoo Lin Fong
