The Group's borrowings of \$309.1 million (31 March 2013 \$224.3 million) consist of fixed rate notes, the Asset Securitisation Programme 2012 and Syndicated Senior Loan in Malaysia.

On 23 April 2013, a \$500 million Multicurrency Medium Term Note programme was established. Notes issued on 24 April 2013 comprise of \$125 million 3-year unsecured fixed rate notes due in 2016.

The Asset Securitisation Programme 2012 is secured against the trade receivables of Courts (Singapore) Pte Ltd ("CSL"). CSL has also provided a guarantee and indemnity in favour of the Senior Beneficiary, The Hong Kong and Shanghai Banking Corporation Limited, in respect of amounts payable under the Asset Securitisation Programme 2012.

The Syndicated Senior Loan is secured by a fixed charge over the designated bank accounts of Courts (Malaysia) Sdn Bhd ("CMB") and all credit balances in respect thereof, a debenture covering a fixed and floating charge over all the assets of CMB (both present and future), an assignment over existing and future trade receivables and corporate guarantee issued by CMB.

Group Income Statement - Period Ended 31 December 2013

Sales

The Group's sales of \$203.3 million for Q3 FY13/14 was 4.0% or \$7.8 million higher than Q3 FY12/13.

Singapore's sales, which contributed to 67% of the Group's sales, registered a 2.9% decrease in Q3 FY13/14 compared to Q3 FY12/13, due to lower digital and electrical product sales. The fall in sales was due to weaker consumer demand and lower bulk sales during the period.

Malaysia's sales, which contributed to 33% of the Group's sales, grew by 20.8%. Strong growth was mainly attributable to higher credit sales from an aggressive credit campaign launched during the period and higher furniture and electrical product sales. The opening of new stores during the financial year also contributed to the increase in sales.

Gross profit

Gross profit increased by 12.8% or \$7.4 million and gross profit margin increased from 29.6% in Q3 FY12/13 to 32.1% in Q3 FY13/14. This was mainly due to higher service charge income from higher credit sales in Malaysia.

Other income and other gains - net

Other income and other gains - net decreased by \$2.4 million or 69.7% mainly due to a write back of impairment on overdue debtors in Malaysia and Singapore in Q3 FY12/13. There was no such write back in this quarter.

Distribution and marketing expenses

Distribution and marketing expenses increased marginally from \$16.3 million in Q3 FY12/13 to \$16.9 million in Q3 FY13/14. As a percentage of sales, it remained constant at 8.4%.

Administrative expenses

Interest on borrowings increased from \$4.1 million in Q3 FY12/13 to \$5.0 million in Q3 FY13/14 mainly due to accrued interest on the \$125 million fixed rate notes, partially offset by lower interest expense from the Asset Securitisation Loan resulting from loan repayment in Singapore.

Income tax expense

The tax expense of \$2.0 million for Q3 FY13/14 was based on taxable profit from Singapore and Malaysia operations. The effective tax rate for Q3 FY13/14 was higher than the Singapore statutory tax rate mainly due to non-tax deductible expenses.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

Statement / plans outlined previously (as per note 10 of Q2 FY13/14 announcement) have been completed or are on track as planned.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

In Singapore, the Ministry of Trade and Industry expects a modest GDP growth of between 2% and 4% against a backdrop of downside risks driven by uncertainties in the global market. Retail spending statistics released in November 2013 indicated dampened consumer sentiment over the past year. Consumer sentiment is expected to remain soft for the next six months, with fewer companies within the retail industry surveyed by Singstat expecting business conditions to improve from January to June 2014.

In Malaysia, the macro environment is expected to remain challenging with a modest GDP growth rate projected for 2014. According to Malaysian Rating Corp, Malaysia is expected to record a GDP growth of 5% in 2014 due to numerous challenges ranging from softer consumer spending and stricter lending measures by financial institutions⁵. Looking forward, consumers are expected to remain cautious with their spending as a result of the various government subsidy rationalisation measures and cost increases. Nonetheless, the Group continues to implement a series of measures to cope with a weaker retail environment in Malaysia. Some of the measures have shown promise in their infancy stage when they were introduced in 3Q FY13/14. This includes an aggressive campaign to ramp up credit sales.

Malaysia's long term fundamentals remain favourable and the Group continues to execute its expansion plans. The second Courts Megastore in Subang was opened in January 2014 and the Group continues to explore various expansion opportunities in Malaysia.

In Indonesia, construction work for the Group's first 'Big-Box' Megastore in Bekasi is currently on track and the store is expected to open ahead of schedule, by 2Q FY14/15. Construction negotiations for the Group's second 'Big-Box' Megastore in BSD City, Serpong is currently ongoing and opening is targeted in the second half of FY14/15. The Group's Indonesia business is poised to benefit from Indonesia's growing middle class, notwithstanding the current slowdown in domestic demand given concerns with inflation, depreciating Rupiah and an increase in fuel prices.

With the progress made to date, the Group is open to exploring various other opportunities in the region.

Barring any unforeseen circumstances, the Group expects to remain profitable in FY2014.
