(1) Reflects valuation of the property in its entirety.

(2) Funan, which is undergoing redevelopment into an integrated development, has been reclassified from Investment Properties to Investment Properties Under Development in 2016.

(3) As at 31 December 2017, Funan is held through CMT, Victory Office 1 Trust and Victory Office 2 Trust (each of Victory Office 1 Trust and Victory Office 2 Trust are wholly-owned by CMT). As the property is undergoing redevelopment into an integrated development, the value reflected is the total land value of the retail and office components of the integrated development. On 31 October 2017, CMT completed the divestment of all the units in Victory SR Trust and the land value of the serviced residence component of the integrated development has been excluded from the valuation of Funan accordingly as at 31 December 2016.

(4) Not meaningful because Raffles City Singapore comprises retail units, office units, hotels and convention centre.

(5) The decrease in the valuation of Westgate was largely due to lower rent reversions as well as a lower market rental forecast in view of the increased competition in the western region of Singapore.
