

OPERATIONAL UPDATE ON THE CIEMAS GOLD PROJECT

The board of directors (“**Board**”) of Wilton Resources Corporation Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) refers to the Company’s announcement dated 8 April 2024, in relation to the Company’s operational update on the Ciemas Gold Project (“**Announcement**”).

Further to the Announcement, the Board would like to update that the pricing and supply of cyanide has started to normalize and barring unforeseen circumstances, the Group aims to achieve production capacity of 300 tonnes per day in September 2024. In August 2024, the Group produced 2,562 grams of Gold Dore.

The Group will continue to identify and address its processing circuit to improve its processing efficiency, effective recoverability and sustainable uptime to achieve its target production capacity of 500 tonnes per day.

The Group’s application for permit to import cyanide has been approved by the Kementerian Perdagangan Republik Indonesia (Ministry of Trade of the Republic of Indonesia) and is currently pending approval from the Kementerian Perindustrian Republik Indonesia (Ministry of Industry of the Republic of Indonesia) on the quota to import cyanide.

The Company will continue to monitor the situation and make appropriate announcement(s) as and when there are material developments.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the securities of the Company and are advised to read this announcement and any further announcements by the Company carefully. When in doubt, shareholders of the Company and potential investors are advised to seek independent advice from their professional advisors before trading or making any investment decision in the Company’s securities.
