21. EXTRACT FOR THE QUALIFIED OPINION

The following is an extract of the qualified opinion by the independent auditor of the Company in respect of the financial statements for the year ended 30 April 2018:

QUALIFIED OPINION

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the “**Act**”) and Financial Reporting Standards in Singapore (“**FRSs**”) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 30 April 2018, and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and of the changes in equity of the Company for the year ended on that date.

BASIS FOR QUALIFIED OPINION

Corresponding figures and impairment loss

The opening balances as at 1 May 2017 and the comparative figures disclosed in these consolidated financial statements are based on the consolidated financial statements of the Group for the previous financial year ended 30 April 2017, on which we expressed a qualified opinion in our independent auditor’s report dated 1 August 2018. Our basis for qualified opinion on the consolidated financial statements of the Group for the previous financial year ended 30 April 2017 are disclosed in Note 36 to the financial statements.

During the current financial year, the following impairment losses have been recognised:

- (i) the Group recognised an impairment loss on property, plant and equipment amounting to US\$11,720,000 in the Group’s profit and loss as disclosed in Note 15 to the financial statements.
- (ii) the Company recognised impairment losses on investments in subsidiaries and amount due from subsidiary amounting to US\$79,460,000 and US\$31,497,000 respectively in the Company’s profit or loss as disclosed in Note 19 to the financial statements.

However, we are unable to determine how much of the impairment losses on the property, plant and equipment, investments in subsidiaries and amount due from subsidiary, if any, relates to the profit or loss in prior years. Consequently, we are unable to determine whether any adjustments might be necessary to the profit or loss for the financial year ended 30 April 2018 and opening accumulated losses as at 1 May 2017 of the Group and the Company.

Our opinion on the current financial year’s financial statements is also modified because of the possible effect of the above matters as well as the other matters as described in Note 36 to the financial statements on the comparability of the current year’s figures and the corresponding figures.

BASIS FOR QUALIFIED OPINION (CONTINUED)

Corresponding figures and impairment loss (Continued)

We conducted our audit in accordance with Singapore Standards on Auditing (“**SSAs**”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (“**ACRA**”) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (“**ACRA Code**”) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

We draw attention to Note 3 to the financial statements with respect to the Group’s and the Company’s ability to continue as going concerns. During the financial year ended 30 April 2018, the Group incurred a net loss from continuing operations of US\$13,383,000 (2017: US\$11,076,000) and the Company incurred a net loss of US\$112,459,000 (2017: US\$1,742,000). As at 30 April 2018, the Group’s current liabilities exceeded the current assets by US\$57,595,000 (2017: US\$22,692,000) and the Group’s total liabilities exceeded the total assets by US\$9,563,000 (2017: Net assets of US\$759,000) respectively. As disclosed in Note 23 to the financial statements, the Group has not made payments of principal repayments at their respective due dates of other borrowings owing to a strategic partner. Other borrowings due to a strategic partner totalled US\$5,438,000 as at 30 April 2018. The Group also received a letter dated 11 July 2018 from New Page Investments Limited demanding a total sum of US\$33,248,000 to be repaid on or before 1 August 2018.

These factors indicate the existence of material uncertainties that may cast significant doubt about the Group’s and the Company’s ability to continue as going concerns and to realise their assets and discharge their liabilities in the ordinary course of business. Nevertheless, for the reasons disclosed in Note 3 to the financial statements, the directors of the Company believe that the use of the going concern assumption in the preparation and presentation of the financial statements for the financial year ended 30 April 2018 is appropriate. Our opinion is not further modified in respect of this matter.

MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

BUSINESS REVIEW AND OUTLOOK

BUSINESS REVIEW

The Group has engaged in the Tinplate Manufacturing business since 2012. Located in Jiangsu, the Tinplate Manufacturing segment with its Taizhou plant (“**Taizhou Plant**”) principally engages in manufacturing, sales and distribution of tinplate products. With a strong team of competent and experienced personnel, coupled with a progressive technology, high-quality-level products as well as comparatively new machine and equipment, the Group has successfully strived the resumption of the operations of the factory in Taizhou in May 2018 and generated US\$5.6 million revenue for the six months ended 31 October 2018.

OUTLOOK

Tinplate products are widely used in packaging material such as processed food and beverage, paints, aerosols, cooking oil and cover/lid/shell of different types of containers. Tinplate products are non-toxic, highly resistance to corrosion, able to preserve food better by blocking light as oxidant and also with high recyclability. The stringent environmental rules in mainland China have forced unqualified factories closure since 2018 which has significantly lowered the supply of tinplate products in PRC and export. Since the inception of revitalization, the Taizhou Plant has been designed with the proper consideration on environmental protection. A 3-year sewage disposal license was granted on 18 December 2018 by the Taizhou City Environmental Protection Bureau which enable the Taizhou Plant to expand its value chain on a critical process – the “pickling” for the raw steel. Taizhou Plant is highly recognised by the Government of Xinghua City, Taizhou in Jiangsu province.

Demand has also been growing with the increasing use of tinplate to replace the non-degradable packages and also as substitutes to overcome the current disadvantages in using PET material (e.g. for cooking oil). Furthermore, the increasing consumption of canned food together with the growth of e-commerce purchases on canned food all over the world compounded the growth in demand of tinplate products.

With the support of the Company’s executive Chairman, Mr. Zhu Jun, the Company considers its Tinplate Manufacturing business having enormous growth potential and becoming the key revenue driver for the Group.

In spite of the suspension of operation of the Taizhou Plant, the Group has laid down strong foundations throughout the chain of steel product manufacturing and has established a strong presence and will continue to have a strong influence in the steel industry. The Company will consider to resume the Trading & Distribution business, which is under suspension, should market and economic conditions prevail.

The Group will actively explore and identify more meaningful investment and other business opportunities riding on the “One Belt; One Road”, the construction of Greater Bay Area and the high growth in Mainland China.

EMPLOYEES AND REMUNERATION POLICIES

The Group had employed 177 employees in Hong Kong and the PRC as at 31 October 2018. Employee costs, excluding directors’ emoluments, were approximately US\$1.1 million for the 1HFY2019 (1HFY2018: US\$1.37 million).
