News from Our Portfolio Companies

Limaca Medical Ltd. (**"Limaca"**) announced that The Centers for Medicare & Medicaid Services (CMS) has granted transitional pass-through (TPT) payment for Limaca's *Precision-GI™ motorized endoscopic biopsy device*, which is also an FDA (US Food and Drug Administration) Designated Breakthrough product and FDA cleared. This enables entry to the United States market for the product.

Phytolon Ltd. announced that it secured an investment from Rich Products Ventures (RPV), the corporate venture capital fund of global, family-owned food company Rich Products, to help drive commercialization of its innovative, sustainable and clean-label solution for natural food colorings.

Sol Chip Ltd. announced that it has received its first order for 20,000 units of its SolRad device from a prominent European real estate company and one of the largest publicly traded real estate companies in Europe. Controlling and monitoring radiators and water heating systems is a source of enormous untapped efficiency potential for real estate management companies. SolRad enables optimization of management and operational costs.

EcoPhage Ltd. a pioneer in the development and commercialization of bacteriophages-based bactericides with minimal environmental impact and maximum efficacy, announced that it has signed a distribution agreement with Maian Ltda, to market its GoldenEco, a bacteriophages-based bactericide, in the Brazilian market.
