## **F NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

### **1 Corporate information**

VICOM Ltd (the Company) (Registration No. 198100320K) is incorporated in the Republic of Singapore with its registered office at 205 Braddell Road, Singapore 579701. Its principal place of business is at 385 Sin Ming Drive, Singapore 575718. The Company is listed on the Singapore Exchange Securities Trading Limited.

The principal activities of the Company are those of an investment holding company and the provision of motor vehicle evaluation and other related services. The principal activities of the companies in the Group are in the business of testing services which include the provision of motor vehicle inspection services and provision of non-vehicle testing, inspection and consultancy services.

These condensed interim consolidated Financial Statements as at and for the six months ended 30 June 2021 comprise the Company and its subsidiaries (collectively, the Group). They are expressed in Singapore dollars and all values are expressed in thousand (\$'000) except when otherwise indicated.

### **2 Basis of Preparation**

The condensed interim Financial Statements for the six months ended 30 June 2021 have been prepared in accordance with SFRS(I) 1-34 Interim Financial Reporting issued by the Accounting Standards Council Singapore. The condensed interim Financial Statements do not include all the information required for a complete set of Financial Statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last annual Financial Statements for the year ended 31 December 2020.

The Group has applied accounting policies and methods of computation in the condensed interim Financial Statements for the current reporting period consistent with those of the audited Financial Statements for the year ended 31 December 2020.

In the current financial period, the Group has adopted all the new and revised Singapore Financial Reporting Standards (International) ("SFRS(I)s") that are relevant to its operations and effective for annual periods beginning on 1 January 2021.

The adoption of these new and revised SFRS(I)s has no material effect on the amounts reported for the current or prior years.

The condensed interim Financial Statements are presented in Singapore dollar which is the Company's functional currency.

#### **2.1 Use of judgements and estimates**

##### *Critical judgements in applying the Group's accounting policies*

In the application of the Group's accounting policies, Management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. Management is of the opinion that any instances of applications of judgements are not expected to have a significant effect on the amounts recognised in the condensed interim Financial Statements (apart from those involving estimations, which are dealt with below).

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

### Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below:

#### **Goodwill impairment review**

The Group tests goodwill annually for impairment at year end, or more frequently if there are indicators that goodwill might be impaired.

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units ("CGU") to which goodwill has been allocated. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. No provision for impairment has been recognised. The carrying amount of goodwill at the end of the reporting period is disclosed in Note 12.

The recoverable amounts of the CGUs are determined from value in use calculations. The key assumptions for the value in use calculations are those regarding the discount rates and growth rates.

The Group prepared cash flow forecasts derived from the most recent financial budgets approved by Management for the next year and extrapolates cash flows for the following 4 years based on an estimated growth rates of approximately 1.5% for 30 June 2021.

The discount rate applied to the forecast is 4.62% for 30 June 2021.

As at 30 June 2021, any reasonably possible changes to the key assumptions applied are not likely to cause the recoverable amount to be below the carrying amount of the CGU.

#### **Allowance for expected credit losses**

The Group makes allowances for expected credit losses based on an assessment of the recoverability of trade receivables. The impairment provisions for trade receivables are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The identification of loss allowance requires use of judgement and estimates. Where the expectation is different from the original estimate, such difference will have an impact on the carrying amount of the trade receivables and loss allowance in the period in which such estimate has been changed.

### **3 Seasonal Operations**

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

### **4 Segment information**

The Group operates predominantly in Singapore. All vehicle inspection and non-vehicle testing services are managed and reported together as one segment in order to improve productivity and efficiency as these services have similar economic characteristics and processes. Hence there are no other reportable segments to be presented.

## 7.2 Related Party Transactions

There are no material related party transactions apart from those disclosed elsewhere in the financial statements.

## 8 Taxation

The Group calculates the period income tax expense using the tax rate that would be applicable to the expected total annual earnings. The major components of income tax expense in the condensed interim consolidated statement of profit or loss are:

	The Group	
	1H2021	1H2020
	\$'000	\$'000
Current income tax expense	2,624	1,894
Deferred income tax expense relating to origination and reversal of temporary differences	(218)	(145)
	<u>2,406</u>	<u>1,749</u>

## 9 Dividends

During the period, the Company paid dividends as follows:

	The Group	
	1H2021	1H2020
	\$'000	\$'000
Tax-exempt one-tier final dividend in respect of previous Financial year: - 6.22 cents (2020: 6.07 cents) per ordinary share	22,054	21,531

## 11 Financial assets at fair value through other comprehensive income ("FVTOCI")

	The Group and The Company	
	30 June 2021	31 December 2020
	\$'000	\$'000
Investment in equity instrument designated as at FVTOCI Unquoted equity shares	<u>1,346</u>	<u>1,327</u>

The investment in unquoted equity instrument represents an investment in research and development activities and/or the commercial application of this knowledge. The fair value of the investment is based on the net value of the investment provided by an independent third party.

This investment in equity instrument is not held for trading. Instead, it is held for medium to long-term strategic purposes. Accordingly, Management has elected to designate this investment in equity instrument as at FVTOCI as they believe that recognising short-term fluctuations in the investment's fair value in Profit or Loss would not be consistent with the Group's strategy of holding this investment for long-term purposes and realising its performance potential in the long run.

No investment in equity investments measured at FVTOCI has been disposed of during the current reporting period.

## 11.1 Fair value measurement

The carrying amounts of cash and cash equivalents, trade and other current receivables and payables provisions and other liabilities approximate the respective fair values due to the relatively short-term maturity of these financial instruments, except for lease liabilities as disclosed in Note 14.

The Group classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- a. quoted prices in active markets for identical assets or liabilities (Level 1);
- b. inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (Level 2); and
- c. inputs for the asset or liability that are not based on observable market data (Level 3).

### *Fair value hierarchy*

The table below analyses financial instruments by the levels in the fair value hierarchy based on inputs to valuation techniques.

	<u>Level 3</u>	
	<u>The Group and The Company</u>	
	30 June	31 December
	2021	2020
	\$'000	\$'000
Financial assets at fair value through other comprehensive income	1,346	1,327

The fair value of the investment is based on the net value of the investment provided by an independent third party. Any significant isolated increase or decrease in the unobservable input relating to the projected share price based on latest round of financing can result in a higher or lower fair value measurement respectively.

## 12 Goodwill

	The Group	
	30 June 2021	31 December 2020
	\$'000	\$'000
Carrying amount: At beginning and end of period	11,325	11,325

Goodwill acquired in business combination is allocated, at acquisition, to the cash-generating units ("CGUs") that are expected to benefit from that business combination. The carrying amount of goodwill had been allocated as follows:

	The Group	
	30 June 2021	31 December 2020
	\$'000	\$'000
Testing and inspection services	9,268	9,268
Vehicle inspection services	2,057	2,057
	11,325	11,325

The Group tests goodwill annually for impairment or more frequently if there are indicators that goodwill might be impaired.

## 13 Vehicles, premises and equipment

During the six months ended 30 June 2021, the Group acquired assets amounting to \$8.4 million (30 June 2020: \$7.2 million) and disposed of assets amounting to \$2k (30 June 2020: \$1k).

## 14 Aggregate amount of Group's borrowings

	The Group	
	30 June 2020	31 December 2021
	\$'000	\$'000
<b><u>Lease liabilities</u></b>

Amount repayable in one year or less, or on demand	1,053	1,092
Amount repayable after one year	31,170	31,691
	32,223	32,783

The lease liabilities of \$32.2 million relates to the leases recognised in accordance with *SFRS(I) 16 Leases*.

## 15 Share capital

	The Group and the Company			
	30 June 2021	31 December 2020	30 June 2021	31 December 2020

End of interim period	<u>354,568,000</u>	<u>354,568,000</u>	<u>36,284</u>	<u>36,284</u>

Fully paid ordinary shares carry one vote per share and carry a right to dividends.

On 12 June 2020, the Company completed and effected the share split of every one (1) existing ordinary share in the capital of the Company held by shareholders of the Company into four (4) ordinary shares ("Share Split").

## 16 Subsequent events

There are no known subsequent events which have led to adjustments to this set of interim financial statements.

## **F OTHER INFORMATION REQUIRED BY LISTING RULE APPENDIX 7.2**

### **1 Audit**

The financial statements have not been audited or reviewed.

### **2 Auditors' Report**

Not applicable.

### **3 Review of performance of the Group**

Performance Review

Revenue

The Group's total revenue of \$49.2 million for 1H21 was \$9.3 million or 23.4% higher than 1H20. This was largely due to a stronger 2Q21 which benefitted from the absence of a complete lockdown which was in effect in the corresponding period in 2020.

Operating Costs

The Group's operating costs of \$34.2 million for 1H21 were \$5.8 million or 20.5% higher than 1H20, contributed by higher staff costs and contract services. The increase in operating costs is in line with higher business volumes.

Operating Profit

Consequently, the Group's operating profit of \$14.9 million for 1H21 was \$3.5 million or 30.5% higher than 1H20.

The Group's profit before tax of \$14.6 million for 1H21 was \$3.0 million or 25.7% higher than 1H20.

#### 4 Any variance between forecast or prospect statement previously disclosed and the actual results

No forecast or prospect statement has been previously disclosed.

#### 5 Group outlook

The demand for the vehicle testing business is expected to remain strong with the implementation of annual periodic inspection for all licensed ride-hail and street-hail service provider vehicles in April 2021.

Demand for the non-vehicle testing business is expected to remain relatively weak with manpower related challenges and high Safe Management Measures compliance costs as Singapore continues to battle the pandemic.

Overall, the Group performance remains challenging as a result of unpredictable COVID-19 developments.
