# CHAIRMAN'S STATEMENT

## Dear Shareholders,

For and on behalf of the Board of Directors of CFM Holdings Limited (the "Company"), I am pleased to present the Annual Report and Financial Statements for the year ended 30 June 2015.

This year has again been an exciting year for the Company, where we acquired a new subsidiary company trading in disposables and wearable for use in clean room, bio-medical, laboratories and hospitals. This acquisition will diversify our business risks due to the challenging environment within our core business of metal stamping, metal plates and fabrication of engineering tools.

## Overall Financial Performance Review

The Group has shown a decrease in revenue from S\$35 million to S\$31 million for the 12 month period from 1 July 2014 to 30 June 2015. Gross Profit Margin also decreased from 18.8% to 17.1% for fiscal year 2015. This is mainly due to rising cost of production but offset by management efforts to continue implementing cost cutting measures and increased efficiency. The expenses for the Group has increased for this fiscal year due to higher expenses incurred with the additions of new subsidiaries to the Group and purchases of property, plant and equipment. As a result, the Group has made a loss of \$0.58 million for this financial year.

## Prospects and Outlook

The Group, in its efforts to diversify its business risks, has invested into a trading company that deals with disposables and wearable for use in clean room, bio-medical, laboratories and hospitals. The outlook for this sector looks promising as we are confident of growing the business. However, for its core business on metal stamping and fabrication, the outlook remains challenging. Therefore, the management will continue to monitor and tighten cost control over its operations and to constantly improve productivity. In addition, the Group will continue to evaluate business opportunities locally and overseas.

As at the date of this report, the Company has, on 1 July 2015, invested 10% stake in a Mexican company dealing in assembling of standard parts of home appliances for multi-national companies. The management anticipates growth opportunities in Mexico especially with the influx of multi-national companies that are customer-potentials expanding into it.

With regards to the litigations with the Group's previous customer and the main contractor for the Singapore building, updates have been made through announcements in SGXnet dated 10 February 2014 and 1 July 2015, respectively, and in Note 29(b). To date, there has not been any material update.

Regarding the Singapore building as announced on 17 September 2015, Cheong Fatt Holdings Pte Ltd ("**CFH**"), a subsidiary of the Company had on 16 September 2015 obtained the Temporary Occupation Permit ("**Partial TOP**") of the new factory ("**Property**") excluding first storey showroom, third and fourth storey.

The Management is currently working with the relevant parties to take the necessary action for the issuance of the full TOP for the Property prior to 30 October 2015. If full TOP is not received on that date, the Company will seek extension with the relevant authorities. However, the outcome of the application for the TOP and the extension with the relevant authorities is uncertain and cannot be reliably determined and accordingly, no provision is made in the financial statements.

# CHAIRMAN'S STATEMENT

Due to the receipt of this Partial TOP on 16 September 2015, henceforth the Management is not required to vacate the second and fifth floors of the Property. The management has relocated the tenants within the Property to these two floors to facilitate them to continue their business operations.

In relation to the matters pertaining to the temporary occupation permit for the Property, Shareholders are advised to read the earlier announcements made by the Company on 9 February 2015, 22 May 2015, 1 July 2015, 9 July 2015, 17 July 2015 and 17 September 2015 carefully.

## **Appreciation**

I would like to express my appreciation to my fellow Directors, the management team and all our employees for their dedication and commitments to the Group and to our valued customers and our business partners for their invaluable support.

## **Ip Kwok Wing**

## Financial and Operation Review

### Overview of the Group's Operations

Our Group designs, fabricates tool-and-die and manufactures fabrication and metal stamping components for the electronics, automotive, telecommunications and mechanical and electrical industries. Our operations are in Singapore, Malaysia, Slovak Republic, China and Indonesia. We are established in these countries to maintain proximity with our customers.

In 2015, our Group also acquired a new trading company dealing in disposables and wearable for use in clean room, bio-medical, laboratories and hospitals.

### Singapore and Indonesia

Our Singapore and Indonesia operations contributed 25.7% of the Group's revenue. Singapore operation focused on Marketing & Sales, Design and Procurement activities. We also specialize in prototyping and sheet metal fabrication. The sales for FY2015 has increased by 28.1% mainly from the trading business. Our Singapore operation has incurred a net loss for the year.

Our Indonesia operation went through a restructuring in fiscal year 2015. Revenue for the year was higher than prior year. It turned around and generated a profit for this financial year.

### Malaysia

During the financial year under review, our Malaysian operations contributed 46.0% of the Group's revenue. The revenue was 11.3% lower as compared to FY2014 mainly due to decrease in orders by some of our customers. Various cost control exercises and measures

in addition to the improvement in the production efficiency efforts have been implemented during this financial year.

### Eastern Europe

Our Slovak Republic operation managed to contribute 19.7% of the Group's revenue with the continued support from our strategic customers.

We will continue to develop new customers in Eastern and Western Europe to further increase our revenue from our Slovak Republic's operation. The Group will continue to improve the production efficiency and to implement cost cutting exercise in our Slovak Republic operation. We foresee our Slovak operation will continue to be one of the profit contributors to our Group in the coming year.

### China

Our operation in China has decreased during the financial year as compared to FY2014. Improve production efficiency, cost control, and enlargement of customers base remain our key priorities in the coming year.

### Uzbekistan

Since the last financial year, we have been seeking opportunity to withdraw from the investment in Uzbekistan. The financial year under review, our Uzbekistan operation continues to be in pre-operating status. In view of our project in Uzbekistan is slower than our initial projection and expectation, we have decided to exit from Uzbekistan. As at the date of this report, the Company is still trying to dispose of this entity to its other shareholders but no material update as yet.

# FINANCIAL AND OPERATION REVIEW

## Review of Consolidated Profit and Loss Statement

### Revenue

For the financial year ended 30 June 2015 ("FY2015"), the Group registered a revenue of S\$31.03 million which was a decrease of S\$3.73 million from the previous corresponding financial year. The decrease was mainly due to decreased contributions from operations in Slovakia and Malaysia by S\$5.51 million and offset partially by increase contributions in Singapore and Indonesia by S\$1.75 million. The increase in Singapore operations is mainly due to the acquisition of CFM Infratrade Pte Ltd in January 2015 which contributed S\$1.36 million from January 2015 to June 2015.

### Gross Profit

Our gross profit decreased from S\$6.53 million in FY2014 to S\$5.31 million in FY2015. Gross profit margin also decreased from 18.80% to 17.10% for the same period. The decreased gross profit margin was attributed by the following factors:

- a. Demands for metal stamping fell due to uncertain global economies; and
- b. End of product life for some customers' products in the metal stamping segments; but offset by
- c. Higher margin gained from the trading activities from the new subsidiary acquired in January 2015.

### Other Income

Other income in FY2015 consists of income from gain from disposal of investment property (S\$0.19 million), gain on foreign exchange (S\$0.35 million), gain on disposal of property, plant & equipment (S\$0.11 million), rental income (S\$0.18 million), government grant (S\$0.04 million) and other miscellaneous income (S\$0.09 million). Other income has increased from S\$0.53 million in FY2014 to S\$0.96 million in FY2015 which was mainly attributed by:

- a. Gain on disposal of investment property;
- b. Gain on foreign exchange;
- c. Rental income; and
- d. Gain on disposal of property, plant & equipment.

### Marketing and Distribution Expenses

Marketing expenses decreased from S\$1.11 million in FY2014 to S\$0.78 million in FY2015. This was mainly due to decrease in entertainment expenses and sales commission paid.

### Administrative and Other Expenses

Administrative expenses in FY2015 consist mainly of directors' remuneration and salary expenses (S\$2.90 million), professional fees (S\$1.03 million), depreciation charge (S\$0.40 million), land lease, office rental and property tax for Singapore factory (S\$0.38 million), office repairs and maintenance (S\$0.28 million), Printing & Stationery (S\$0.10 million), travelling expenses (S\$0.11 million), provision for obsolete stocks (S\$0.06 million), allowance for bad debts (S\$0.07 million), telephone (S\$0.07 million), stamp duty (S\$0.07 million), and other miscellaneous expenses (S\$0.37 million).

It has increased from S\$5.11 million in FY2014 to S\$5.84 million in FY2015 mainly due to increase in depreciation expenses of S\$0.15 million, professional fees of S\$0.43 million and salaries of S\$0.19 million, offset by a decline in provision for bad debts of S\$0.11 million.

### Finance Costs

Finance costs remain relatively unchanged in FY2014 and FY2015. The finance costs related to finance leases for new machines and equipment and bank charges.

### Income Tax Expense

The Group tax expense decreased from S\$0.38 million in FY2014 to S\$0.16 million in FY2015. Lower tax expense in FY2015 was mainly due to lower profit generated by the profitable subsidiaries.

### Loss for the Year

Overall, the Group recorded a loss after tax of S\$0.58 million in FY2015 as compared to a profit of S\$0.40 million in FY2014.

# FINANCIAL AND OPERATION REVIEW

## Review of Consolidated Balance Sheet

### Non-Current Assets

Property, plant and equipment increased from S\$13.06 million as at 30 June 2014 ("FY2014") to S\$15.08 million as at 30 June 2015. The increase is mainly due to capitalization of the construction costs of the new Singapore factory and the purchase of a factory in Malaysia. However, it is offset by depreciation charge of S\$1.31 million for the year and the disposal of property, plant & equipment.

Investment property in a Malaysian subsidiary was disposed in December 2014.

### Current Assets

Inventories decreased by approximately S\$0.31 million as at 30 June 2015 after net of inventories written down.

Trade receivables increased from S\$7.26 million as at 30 June 2014 to S\$8.81 million as at 30 June 2015 due to slower receipts from some customers. Trade receivables turnover has increased from 76 days to 104 days.

Other receivables for FY2015 consist mainly of deposits and prepayments (S\$0.68 million), tax recoverable mainly from Malaysian tax authority (S\$0.09 million) and other receivables (S\$0.08 million). It has decreased from S\$1.04 million as at 30 June 2015 to S\$0.83 million as at 30 June 2015. The decrease was mainly due to tax refund received for a subsidiary.

### Current Liabilities

Trade payables as of 30 June 2015 remained relatively unchanged for FY2014 and FY2015.

Other payables and provision increased from S\$4.50 million as at 30 June 2014 to S\$4.57 million as at 30 June 2015 mainly due to accrual of construction and consultancy fees of S\$0.30 million for the Singapore building and additional construction cost of S\$0.89 million, but offset by payment of the prior year construction cost of S\$1.27 million to the builder of the Singapore factory by the financial institution.

### Finance Lease and Borrowings

Total borrowings for the Group increased from S\$4.21 million as at 30 June 2014 to S\$9.02 million as at 30 June 2015. This was mainly due to the drawdown of the construction loan for the rebuilding of the Singapore factory and bank loan for the purchase of Malaysia factory.

## Review of Consolidated Statement of Cash Flows

For the full year ended 30 June 2015, the Group had used net cash outflow of S\$1.98 million from its operating activities as compared to net cash inflow of S\$0.18 million for FY2014. The decrease in net cashflow was due to:

The Group generated operating cash inflow before working capital changes of S\$0.76 million in FY2015, as compared to S\$1.93 million in FY2014 mainly due to loss before tax of S\$0.43 million in FY2015 as compared to profit before tax of S\$0.78 million in FY2014. As a result of a decrease in inventories of S\$0.95 million, increase in receivables of S\$0.78 million, increase in payables of S\$2.33 million and foreign translation adjustment of S\$0.42 million, the Group recorded a net cash used from operating activities of S\$1.98 million in FY2015, as compared to cash inflow of S\$0.18 million in FY2014.

Net cash flows used in investing activities amounted to S\$2.84 million in FY2015 as compared to S\$4.88 million in FY2014. The net cash flow used was mainly for the purchase of property, plant & equipment and acquisition of a subsidiary of S\$3.47 million, but offset partially by proceed from disposal of property, plant and equipment and investment property of approximately S\$0.63 million.

Net cash from financing activities of approximately S\$4.43 million in FY2015 was mainly attributed by:

- proceeds from borrowings of approximately S\$5.78 million; but offset by
- repayment of borrowings of S\$0.82 million;
- net repayment of finance lease liabilities of approximately S\$0.23 million;
- Interest payment of S\$0.22 million; and
- Increase in fixed deposits pledged of S\$0.08 million.

The Group's cash and cash equivalent decreased from S\$4.18 million as at FY2014 to S\$3.77 million as at FY2015.

# CORPORATE GOVERNANCE

The Board of Directors (the “**Board**”) and the management (the “**Management**”) of CFM Holdings Limited (the “**Company**”) are committed to maintaining a high standard of corporate governance to ensure greater transparency and protection of shareholders’ interests, and are pleased to inform that the Company has adhered to the principles and guidelines of the Code of Corporate Governance 2012 (the “**Code**”) wherever feasible, pursuant to Rule 710 of Listing Manual Section B: Rules of Catalist (the “**Catalist Rules**”) issued by the Singapore Exchange Securities Trading Limited (“**SGX-ST**”). Proper explanation would be given where there is a deviation from the recommended guidelines.

This report outlines the Company’s corporate governance processes and structure, with specific reference to the principles and guidelines of the Code. The Board and Management will continue to uphold the highest standards of corporate governance within the Company in accordance with the Code.

## (A) BOARD MATTERS

### Board’s Conduct of its Affairs

***Principle 1: Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the success of the company. The Board works with the Management to achieve this and the Management remains accountable to the Board.***

#### *Role of the Board*

The Board assumes responsibility for stewardship of the Company and its subsidiaries (the “**Group**”). Its primary role is to provide entrepreneurial leadership, set strategic aims for the Company, and protect and enhance long-term value and returns for the shareholders. It oversees the business affairs of the Group and approves the Group’s strategic plans, key business initiatives, major investments and divestments proposals, and funding decisions.

Additionally, the Board has direct responsibility for decision-making in respect of the following corporate events and actions:

- (a) ensure that necessary financial and human resources are in place for the Company to meet its objectives;
- (b) oversee the processes of risk management, financial reporting and compliance, and evaluate the adequacy of internal controls;
- (c) establish a framework of prudent effective control which enable risks to be assessed and managed including safeguarding of Shareholder’s interests and Company’s assets.
- (d) establish, together with the Management, the strategies and financial objectives to be implemented by the Management;
- (e) review the financial performance of the Group and performance of the Management, approve the nominations of the Board of Directors and appointment of key executives, as may be recommended by the Nominating Committee;

# CORPORATE GOVERNANCE

- (f) review and endorse the framework of remuneration for the Board and key executives as may be recommended by the Remuneration Committee;
- (g) ensure accurate, adequate and timely reporting to, and communication with shareholders;
- (h) assume responsibility for corporate governance;
- (i) review and assist to set company's values and standard, and to ensure that obligations to shareholders and other stakeholders are understood and met;
- (j) identify the key stakeholder groups and recognise that their perceptions affect the company's reputation; and
- (k) consider sustainability issues, e.g. environmental and social factors, as part of its strategic formulation.

All Directors must objectively discharge their duties and responsibilities at all times as fiduciaries in the interest of the Company and to make decision in the interest of the company. To facilitate the Board in the execution of the Board's responsibilities, certain functions of the Board have been delegated to three (3) Board committees, comprising of an Audit Committee ("AC"), a Nominating Committee ("NC") and a Remuneration Committee ("RC"). Each of these Board committees functions within clearly defined terms of reference and operating procedures which are reviewed on a regular basis. These Board committees have the authority to examine particular issues and report back to the Board with their recommendations. The ultimate responsibility for the final decision on all matters, however, lies with the entire Board.

The Board meets four (4) times a year and as warranted by particular circumstances. The Articles of Association of the Company allow Board meetings to be conducted by way of telephone conference.

The number of Board and Board committee meetings held during the financial year ended 30 June 2015, as well as the attendance of each member at these meetings, is set out below:

| Name of Directors                 | Board Meetings | Board Committee Meetings |            |              |
|-----------------------------------|----------------|--------------------------|------------|--------------|
|                                   |                | Audit                    | Nominating | Remuneration |

# CORPORATE GOVERNANCE

The Company has adopted internal guidelines setting forth matters which require Board approval. Matters which are specifically reserved to the full Board for decision are those involving interested person transactions (“**IPTs**”) (including, among others, conflict of interest issues in relation to substantial shareholders and directors of the Company), material acquisitions and disposal of companies or assets, corporate or financial restructuring, share issuance and dividends, and financial results and corporate strategies. Each Board member makes decisions objectively in the interests of the Group.

All newly appointed directors will be given appropriate training, if necessary including training as a director and how to discharge those duties when he is first appointed to the Board. All new directors will be briefed on the business activities of the Group and its strategic goals, and will undergo an orientation program which includes visits to the Group’s operating facilities to gain a better understanding of the Group’s business operations and governance practices. Upon appointment of each director, the Company will provide a formal letter to the director, setting out the director’s duties and obligations. Directors who are first-time directors, or who have no prior experience as directors of a listed company, will also undergo briefings on the roles and responsibilities as directors of a listed company. With the recommendation from Nominating Committee, all future appointment of directors will have both the Board Resolution and also formal letter of appointment. In addition, all first time directors will be provided with training in areas such as accounting, legal and industrial specific knowledge either internally or externally.

As and when necessary the directors would receive further relevant training especially in areas such as directors’ duties and responsibilities, corporate governance, changes in financial reporting standards, insider trading, as well as changes in the relevant provisions of the Companies Act, Cap. 50, so as to update and refresh them on matters that affect or may enhance their performance as Board and Board committee members.

## **Board Composition and Balance**

***Principle 2: There should be a strong and independent element on the Board, which is able to exercise objective judgement on corporate affairs independently, in particular, from Management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the Board’s decision making.***

The NC determines on an annual basis whether or not a director is independent, bearing in mind the Code’s definition of an “independent director” and guidance as to relationships the existence of which would deem a director not to be independent. In addition, in deciding whether or not a director is independent, the NC also takes into consideration whether a director has business relationships with the Company or any of its related companies, and if so, whether such relationships could interfere, or be reasonably perceived to interfere, with the exercise of the director’s independent judgement with a view to the best interests of the Company. The NC is of the view that based on the Code’s definition of an “independent director” and guidance as to relationships, the three (3) current independent non-executive directors are independent, and no individual or small group of individuals dominates the Board’s decision-making process. In addition, none of the independent non-executive directors has served on the Board beyond nine (9) years from the date of his first appointment.

# CORPORATE GOVERNANCE

The Board presently comprises six (6) directors, three (3) of whom are independent non-executive directors. As the Chairman of the Board and the CEO are immediate family members, the present composition of the Board complies with the Code's guidelines that independent directors make up at least half of the Board.

The nature of the current directors' appointments and membership on the Board committees is as follows:

| Name of Directors   | Position held on the Board | Board Committee Membership |            |              |
|---------------------|----------------------------|----------------------------|------------|--------------|
|                     |                            | Audit                      | Nominating | Remuneration |
| Ip Kwok Wing        | Executive Chairman         | –                          | –          | –            |
| Janet Lim Fong Li   | Executive Director & CEO   | –                          | –          | –            |
| Kenneth Ip Yew Wa   | Executive Director         | –                          | –          | –            |
| Peter Lai Hock Meng | Lead Independent Director  | Chairman                   | Member     | Member       |
| Ong Wei Jin         | Independent Director       | Member                     | Chairman   | Member       |
| Er Kwong Wah        | Independent Director       | Member                     | Member     | Chairman     |

The size and composition of the Board is reviewed annually by the NC which is of the view that the current Board size of six (6) directors, three (3) of whom are independent non-executive directors, is appropriate and facilitates effective decision-making, taking into account the nature and scope of the Company's operations.

The NC is also satisfied that the Board comprises directors who as a group provide core competencies such as accounting or finance, business or management experience, industry knowledge, strategic planning experience and customer-based experience or knowledge, which are required for the Board to be effective.

Independent directors constructively challenge and help develop proposals on strategy; and review the performance of Management in meeting agreed goals and objectives and monitor the reporting of performance.

The independent directors discuss regularly without the presence of Management matters such as the changes that they like to see in Board processes, corporate governance initiatives, and matters which they wish to discuss during the Board meetings.

## **Chairman and Chief Executive Officer**

***Principle 3: There should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the company's business. No one individual should represent a considerable concentration of power.***

Different individuals assume the roles of the Chairman of the Board ("**Executive Chairman**" or "**Chairman**") and the Chief Executive Officer ("**CEO**"). The Executive Chairman is Mr Ip Kwok Wing.

# CORPORATE GOVERNANCE

As the Executive Chairman, Mr Ip Kwok Wing sets guidelines on and is responsible for the exercise of control over the quantity and quality, and the timeliness of the flow of information between the Management and the Board, so that the directors receive accurate, timely and clear information for them to make sound decisions. He also schedules Board meetings and oversees the preparation of the meeting agenda in particular strategic issue to enable the Board to perform its duties effectively and responsibly. In addition, the chairman also promotes a culture of openness and debate at the board.

The Executive Chairman also encourages constructive relations between the Board and Management, and between the executive directors and independent directors, as well as effective communication with shareholders. To facilitate effective contribution of directors, and in particular, the independent directors, the Executive Chairman ensures that relevant information on business initiatives, industry developments and press commentaries on matters relating to the Company or the industries in which it operates are circulated to the Board members on a continuous basis so as to enable them to be updated and thereby enhance the effectiveness of the independent directors and the Board as a whole.

The Executive Chairman takes a leading role in the Company's drive to achieve and maintain a high standard of corporate governance with the support of the directors, the Management and the Company Secretary.

Mr Ip Kwok Wing is assisted by Mdm Janet Lim Fong Li, who assumes the role of the CEO. Mdm Janet Lim Fong Li, together with the Management comprising the general managers and Chief Financial Officer, are responsible for the day-to-day management, and implementing the strategic goals of the Group.

Although Mr Ip Kwok Wing and Mdm Janet Lim Fong Li are husband and wife, the Board is of the view that there are sufficient safeguards and checks to ensure that the process of decision-making by the Chairman and the CEO is independent without any influence from each other, and there is no compromise in accountability for the following reasons:

- (a) the independent directors actively participate during Board meetings and challenge the assumptions and proposals of the Management unreservedly, both during and outside of Board meetings on pertinent issues affecting the affairs and business of the Group. Their view and opinion provide alternative perspective to the Group's business and they bring independent judgement to bear on business activities and transactions involving conflict of interest and other complexity. The independent directors review the management performance and management reporting frameworks on quarterly interval. They are also involved in the development and evaluation of strategy proposals proposed by management from time to time; and
- (b) all major decisions made by the Executive Chairman and CEO of the Company are reviewed and approved by the Board.

Mr Peter Lai Hock Meng who is the Chairman of Audit Committee, member for both Nominating Committee and Remuneration Committee had been appointed as Lead Independent Director on 28 December 2012. The Lead Independent Director is available to shareholders where they have concerns and for which contact through the normal channels of the Chairman, the CEO or the Chief Financial Officer ("CFO") has failed

# CORPORATE GOVERNANCE

to resolve. Led by the Lead Independent Director, the independent directors meet periodically without the presence of the other directors, and the lead independent director provides feedback to the Chairman after such meetings.

Notwithstanding the above, the Board retains the right to review the current status as facts and circumstances change.

## **Board Membership**

***Principle 4: There should be a formal and transparent process for the appointment and re-appointment of directors to the Board.***

The Company has established a NC to, among other things, make recommendations to the Board on all Board appointments. The NC currently comprises the following non-executive directors, all of whom are independent:

|                     |   |          |
|---------------------|---|----------|
| Ong Wei Jin         | – | Chairman |
| Er Kwong Wah        | – | Member   |
| Peter Lai Hock Meng | – | Member   |

## *Role of the NC*

The role of the NC is to establish a formal and transparent process for the appointment of new directors and the re-appointment of directors retiring by rotation as well as to assess the effectiveness of the Board and the overall contribution of each director towards the effectiveness of the Board.

The primary functions of the NC include the following:

- (a) to make recommendations to the Board on all Board appointments, including re-nominations having regard to that director's contribution and performance;
- (b) to review the independence of the directors on an annual basis;
- (c) to decide whether the director is able to and has been adequately carrying out his duties as director, in particular, where a director has multiple board representations;
- (d) to review and make recommendations to the Board on all candidates nominated (whether by the Board, shareholders or otherwise) for appointment or reappointed to the Board, taking into account the candidate's track record, age, experience, capabilities and other relevant factors;
- (e) to identify and nominate candidates for the approval of the Board to fill vacancies in the Board as and when they arise;
- (f) to decide how the Board's performance may be evaluated and propose objective performance criteria for the Board's approval;

# CORPORATE GOVERNANCE

- (g) to assess the effectiveness of the Board as a whole;
- (h) to review board succession plans for directors, in particular, the Chairman and for the CEO; and
- (i) to review training and professional development programs for the Board.

The basis of the NC's annual determination as to whether a director is or is not independent is set out in the write up of Principle 2 of this Corporate Governance Report.

The NC has also adopted internal guidelines addressing competing time commitments that are faced when directors serve on multiple boards. The NC determines annually whether a director with multiple board representations is able to and has been adequately carrying out his duties as a director of the Company. In making this determination, the NC took into account the respective director's actual conduct and effectiveness on the Board, and the time and attention given by each of them to the affairs of the Company, and is satisfied that all the directors having multiple board representations have been able to and have adequately carried out their duties as a director. To further ensure directors could carry out his duties adequately and effectively, the NC also places a maximum limit of eight (8) non-executive directorships an independent director can hold on the board of listed companies (excluding non-listed companies and other non-profit or non-commercial organizations) if he is not holding a full time job. In the event of a director holding a full time job, the maximum limit of his directorships in listed companies should not be more than six (6). During the financial year, the NC has reviewed and confirmed that all the directors have met the criteria and are able to carry out their duties as a director.

## *Process for appointment of new directors*

The NC has recommended, and the Board has approved, a formal process for the selection of new directors as follows:

- (a) The NC evaluates the balance of skills, knowledge and experience on the Board and, in the light of such evaluation and in consultation with Management, prepares a description of the role and the essential and desirable competencies for a particular appointment;
- (b) Directors and Management may suggest suitable potential candidates. If necessary, the NC may enlist external help (for example, from the Singapore Institute of Directors, search consultants, advertisements) to source for potential candidates;
- (c) The NC assesses suitability of short-listed candidates and discusses with them, if necessary, to ensure that the candidate(s) are aware of the expectations and the level of commitment required; and
- (d) The NC makes recommendations to the Board for approval.

# CORPORATE GOVERNANCE

## *Criteria for appointment of new directors*

All new appointments are subject to the recommendation of the NC based on, among others, the following objective criteria:

- (a) Integrity;
- (b) Independent mindedness;
- (c) Possess core competencies which meet the current needs of the Company and complement the skills and competencies of the existing directors on the Board;
- (d) Able to commit time and effort to carry out duties and responsibilities effectively;
- (e) Experience in the relevant field of business of the Company or industries in which it operates; and
- (f) Financially literate.

All directors are to submit themselves for re-nomination and re-election at regular intervals of at least once every three years. Under the Company's existing Articles of Association, one-third of the directors for the time being (or if their number is not a multiple of three, the number nearest to but not less than one-third) shall retire from office by rotation at each annual general meeting ("**AGM**") of the Company. A newly appointed director must also submit himself for re-election at the AGM immediately following his appointment.

The following key information regarding directors is set out on the following pages of this Annual Report:

- (a) pages 36, 37 and 38 – Academic and professional qualifications, date of first appointment as director, date of last re-election as director, directorships or chairmanships both present and those held over the preceding three years in other listed companies and other principal commitments, whether appointment is executive or non-executive, or considered by the NC to be independent; and
- (b) page 42 – Shareholdings in the Company and its related companies.

## **Board Performance**

***Principle 5: There should be a formal annual assessment of the effectiveness of the Board as a whole and the contribution by each director to the effectiveness of the Board.***

The Board has implemented a formal process for assessing the effectiveness of the Board as a whole.

The NC determines how the Board's performance may be evaluated and proposes objective performance criteria. Such performance criteria are approved by the Board and address how the Board has enhanced long-term shareholders' value.

# CORPORATE GOVERNANCE

## *Evaluation process*

Each Board member is required to complete a Board Assessment Checklist. Based on the returns from each of the directors, the Chairman of the NC prepares a consolidated report and thereafter presents the report to the Board for discussion on the changes which should be made to help the Board discharge its duties more effectively. No external facilitator was appointed for the purposes of the Board assessment.

## *Performance criteria*

The performance criteria for the Board evaluation are in respect of the Board size, composition and independence, conduct of meetings, corporate strategy and planning, risk management and internal control, Board performance in relation to discharging its principal functions, Board committee performance in relation to discharging their responsibilities as set out in their respective terms of reference, achievement of financial targets which includes return on equity, improvement of performance of the Company's share price vis-a-vis the Singapore Straits Times Index, recruitment policy, process for determining remuneration and compensation of directors and key executives, financial reporting, and communication with shareholders.

The Board assessment exercise provided an opportunity to obtain constructive feedback from each director on whether the Board's procedures and processes allowed him to discharge his duties effectively and the changes that should be made to enhance the effectiveness of the Board as a whole. The Board is of the view that such evaluation is sufficient and more meaningful than an assessment of each individual director's performance.

## **Access to Information**

***Principle 6: In order to fulfil their responsibilities, directors should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.***

To assist the Board in fulfilling its responsibilities, the Management provides the Board with complete and adequate information in a timely manner. As a general rule, Board papers are required to be sent to directors at least seven (7) days before the Board meeting so that the members may better understand the matters prior to the Board meeting and discussion may be focused on questions that the Board has about the Board papers. However, sensitive matters may be tabled at the meeting itself or discussed without any papers being distributed. Key executives who can provide additional insight into the matters at hand would be present at the relevant time during the Board meeting.

The Management also provides the Board members with background or explanatory information relating to matters to be brought before the Board, copies of disclosure documents, budgets, forecasts, quarterly internal financial statements, together with explanations for any material variance between the projections and actual results in respect of its financial performance. Given the current company's operation, the Board deems that the provision of quarterly internal financial statement is sufficient.

# CORPORATE GOVERNANCE

The directors are also provided with the names and contact details of the Company's senior management and the Company Secretary to facilitate direct, separate and independent access to senior management and the Company Secretary.

The Company Secretary administers, attends and prepares minutes of Board proceedings. He assists the Executive Chairman to ensure that Board procedures (including but not limited to assisting the Chairman to ensure the timely and good information flow to the Board and Board committees, and between senior management and the independent directors, and facilitating orientation and assisting in the professional development of the directors) are followed and regularly reviewed to ensure effective functioning of the Board, and that the Company's memorandum and articles of association and relevant rules and regulations, including requirements of the Companies Act, Cap. 50 and the Listing Manual Section B: Rules of Catalist (the "**Catalist Rules**") of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") are complied with. He also assists the Chairman and the Board to implement and strengthen corporate governance practices and processes with a view to enhancing long-term shareholders' value.

The appointment and removal of the Company Secretary are subject to the approval of the Board as a whole.

Subject to the approval of the Executive Chairman, the directors, whether as a group or individually, may seek and obtain independent professional advice to assist them in the discharge of their duties, at the expense of the Company.

## (B) REMUNERATION MATTERS

### Procedures for Developing Remuneration Policies

***Principle 7: There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.***

The RC currently comprises entirely independent non-executive directors as follows:

|               |   |          |
|---------------|---|----------|
| Er Kwong Wah  | – | Chairman |
| Ong Wei Jin   | – | Member   |
| Lai Hock Meng | – | Member   |

The RC is responsible for ensuring a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors and senior management. The principal functions of the RC include the following:

- (a) to review and recommend to the Board a framework of remuneration for the Executive Chairman, directors, and key management personnel of the Company. The framework will cover all aspects of remuneration, including without limitation, directors' fees, basic salaries, allowances, bonuses, options and benefits-in-kind;

# CORPORATE GOVERNANCE

- (b) to review the remuneration packages of all managerial staff who are related to any of the executive directors or CEO;
- (c) in the case of directors' service contracts, to consider what compensation or commitments the directors' contracts of service, if any, would entail in the event of early termination;
- (d) to recommend to the Board in consultation with senior management and the Executive Chairman, any long-term incentive scheme (including share schemes) and to consider the eligibility of directors for benefits under such long-term incentive schemes; and
- (e) consider and make recommendations to the Board concerning the disclosure of details of the Company's remuneration policy, level and mix of remuneration and procedure for setting remuneration, and the details of the specific remuneration packages of the directors and executives of the Company, in addition (if appropriate) to those required by law or by the Code.

The RC also administers the CFM Holdings Performance Share Scheme, which was approved at the Company's extraordinary general meeting ("EGM") held on 30 April 2015.

The RC has access to professional advice from experts outside the Company on executive remuneration matters as and when necessary. In accessing the professional advice from experts outside the Company, the RC will ensure that existing relationships, if any, between the company and its appointed remuneration consultants will not affect the independence and objectivity of the remuneration consultants. The company will also disclose the names and firms of the remuneration consultants in the annual remuneration report, and include a statement on whether the remuneration consultants have any such relationships with the company. The Company did not appoint any remuneration professionals to advise on the executive remuneration during the financial year.

Each member of the RC will refrain from voting on any resolution in respect of the assessment of his remuneration. No director will be involved in determining his own remuneration.

In addition to the above, the RC will also review the Company's obligations arising in the event of termination of the executive directors' and key management personnel's contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous. The RC aims to be fair and avoids rewarding poor performance.

## **Level and Mix of Remuneration**

***Principle 8: The level and structure of remuneration should be aligned with the long-term interest and risk policies of the Company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.***

The RC assists the Board to ensure that remuneration policies and practices are sound in that they are able to attract, retain and motivate without being excessive, and thereby maximise shareholders' value.

# CORPORATE GOVERNANCE

In setting remuneration packages, the RC takes into consideration the pay and employment conditions within the industry and in comparable companies. As part of its review, the RC ensures that the performance related elements of remuneration form a significant part of the total remuneration package of executive directors and is designed to align the directors' interests with those of shareholders and link rewards to corporate and individual performance. The RC also reviews all matters concerning the remuneration of independent directors to ensure that the remuneration commensurate with the level of contribution, taking into account factors such as effort and time, and responsibilities of the directors. The Company will submit the quantum of directors' fees for each year to the shareholders for approval at each AGM.

The Board and RC note the recommendation by the Code on the long term incentive scheme for executive directors and key management personnel. The RC has reviewed and recommended to the Board the adoption of a performance share scheme for directors, key management personnel and employees. The Company will seek the approval of its shareholders at this annual general meeting for the adoption of the performance share scheme.

Only the executive directors have entered into service contracts with the Company, which are for a fixed appointment period and thereafter renewed annually, unless earlier terminated by either party by not less than six (6) months written notice, or payment of an amount equal to six (6) months' salary in lieu of notice. The RC reviews what compensation commitments the executive directors' contracts of service would entail in the event of early termination, and aims to be fair and avoid rewarding poor performance. Through the use of contractual provisions, the Group has the ability to reclaim incentive components of remuneration from the relevant management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company.

## **Disclosure on Remuneration**

***Principle 9: Every company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration, in the company's annual report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.***

### *Policy in respect of independent directors' remuneration*

The independent directors do not enter into service contracts with the Company. They are paid directors' fees, the amount of which is dependent on their level of responsibilities. Each independent director is paid a basic fee and variable allowance. In addition, independent directors who perform additional services through Board committees are paid an additional fee for such services. The Chairman of the AC is also paid a higher fee compared to members of that committee in view of the greater responsibilities carried by that office. The amount of directors' fees payable to independent directors is subject to shareholders' approval at the Company's AGMs.

### *Remuneration policy in respect of executive directors and other key management personnel*

The Company advocates a performance-based remuneration system that is highly flexible and responsive to the market and the performance of the Company and the individual employee. This allows the Company to better align executive compensation with shareholders value creation. The total remuneration mix comprises annual fixed cash and annual performance incentive. The annual fixed cash component comprises the annual basic salary plus any other fixed allowances. The annual performance incentive is tied to the performance of the Company and the individual employee.

Notes:

- Ip Kwok Wing and Janet Lim Fong Li are husband and wife.
- Kenneth Ip Yew Wa is the son of Ip Kwok Wing (Executive Chairman) and Janet Lim (CEO). The remuneration for his appointment as Executive Director of the Company and as a general manager of Hantong Metal Component (Penang) Sdn Bhd during the financial year ended 30 June 2015 was within the range of S\$100,000 to S\$150,000.
- Kenneth Ip Yew Wa was appointed to the Board on 1 November 2014.
- The total remuneration paid to the top five key management personnel (who are not directors or the CEO) is S\$550,000.

The Company has not disclosed exact details of the remuneration of its CEO, directors and key management personnel as it is not in the best interests of the Company and the employees to disclose such details due to the sensitive nature of such information.

No termination, retirement and post-employment benefits were granted to directors, the CEO or the top five key management personnel for the financial year ended 30 June 2015.

Save as disclosed above, there were no other employees of the Company or its subsidiaries who are immediate family members of any director or the CEO, and whose remuneration exceeded S\$50,000 for the financial year ended 30 June 2015. "Immediate family member" means the spouse, child, adopted child, stepchild, brother, sister or parent.

## *CFM Performance Share Plan*

The Company had undertaken a comprehensive review of employee remuneration and benefits and introduced a new employee share performance scheme on 30 April 2015 (the “**Plan**”) that is intended to increase the Company’s flexibility and effectiveness in its continuing efforts to reward, retain and motivate employees to improve their performance. In line with this, the Company believes that the Plan will strengthen the overall effectiveness of performance-based compensation schemes.

The Plan allows the Company to target specific performance objectives and to provide an incentive for participants who are awarded shares under the Plan (“**Participants**”) to achieve these targets, which ultimately, will create and enhance economic value for Shareholders. The Directors believe that the Plan will incentivise Participants to excel in their performance and encourage greater dedication and loyalty to the Company. Through the Plan, the Company will be able to recognise and reward past contributions and services and motivate Participants to continue to strive for the Group’s long-term prosperity. In addition, the Plan aims to foster an ownership culture within the Group.

The Company believes that attracting and retaining outstanding individuals as employees is paramount to the Group’s long-term objective of achieving continuous growth, expansion and profitability in its business and operations. It is hoped that through the implementation of the Plan, the Company will be able to remain an attractive and competitive employer and be better positioned to manage its fixed overhead costs without compromising on performance standards and efficiency.

Through the Plan, the award of fully-paid Shares, free of charge, to the Participants (the “**Awards**”) is intended to be a more attractive form of bonus from the Company to the Participants. In addition, the Company believes that the Plan will be more effective than cash bonuses in motivating employees as it gives them a stake in the ownership of the Company whilst at the same time allowing the Company to offer incentives and remuneration packages compatible with other multinational companies.

The Plan will serve as an additional and flexible incentive tool. With the Plan, the Company would be able to tailor share-based incentives according to the objectives to be achieved.

The Awards granted under this Plan will be determined at the sole discretion of the Remuneration Committee which will oversee and administer the Plan. In considering the grant of an Award to a Participant, the Remuneration Committee shall take into account (where applicable) criteria such as the rank, scope of responsibilities, performance, years of service and potential for future development of the selected Employee.

The total number of New Shares which may be issued pursuant to Awards granted under the Plan shall not exceed 15% of the issued Shares of the Company (excluding any Shares held in treasury) on the day Shareholders approve the Plan, provided always that the total number of New Shares which may be issued pursuant to Awards granted under the Plan when aggregated with the aggregate number of Shares which may be granted under any other share plan or share option scheme shall not exceed any limits prescribed by the SGX-ST. Further details of the Plan can also be found on page 42 of the Directors’ Report.

There were no performance shares issued by the Company since the commencement of the performance share scheme on 30 April 2015.

## (C) ACCOUNTABILITY AND AUDIT

### Accountability

***Principle 10: The Board should present a balanced and understandable assessment of the Company's performance, position and prospects.***

The Board is responsible for providing a balanced and understandable assessment of the Company's performance, position and prospects, including interim and other price sensitive public reports, and reports to regulators (if required). The Management currently provides executive directors with appropriately detailed management accounts, which shows a balanced and understandable assessment of the Company's performance, position and prospects on a quarterly basis.

Each quarter's financial results are also presented to all members of the Board for their review on a quarterly basis. The Board has embraced openness and transparency in the conduct of the Company's affairs, whilst preserving the commercial interests of the Company. Financial reports and other price sensitive information are disseminated to shareholders through announcements via SGXNET to the SGX-ST, press releases, the Company's website, and public webcast and media and analyst briefings. The Board will take adequate steps to ensure compliance with legislative and regulatory requirements, including requirements under the listing rules of the securities exchange, for instance, by establishing written policies where appropriate.

### Risk Management And Internal Controls

***Principle 11: The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the company's assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.***

The Company's internal and external auditors conduct an annual review of the adequacy and effectiveness of the Company's internal controls, including financial, operational and compliance controls, information technology controls, and risk management policies and systems established by the Management (collectively "**internal controls**"). Any material non-compliance or failures in internal controls, and recommendations for improvements, are reported to the AC and the Board. The AC and the Board also review, at least annually, the effectiveness of the actions taken by the Management on the recommendations made by the internal and external auditors in this respect.

Relying on the reports from external auditors, internal auditors and the representation from the Management, the AC has carried out assessments on the adequacy of the internal controls during the financial year. Any material non-compliance or weaknesses in internal control or recommendations from the external auditors and internal auditors to further improve the internal controls were reported to the AC. The AC will also follow up on the actions taken by the management and the recommendations made by the external auditors and internal auditors.

## CORPORATE GOVERNANCE

Arising from the various weaknesses highlighted by the internal auditors in FY2012 particularly on “the Commission Payments” and “Senior Management Remuneration Package” in FY2012, various steps as a continuous improvement process been implemented by the Management, various Board Committees and the Board to improve the internal controls.

For “the Commission Payments”, the Company has implemented all “business referral fees” must be documented by agreements setting out, inter alia, the nature and basis for computation of the relevant Commission Payments, as well as to provide for appropriate representation and warranties, and none of such payments must be made in cash. In addition, such payment shall also be subject to prior authorization and payment approval as well as any other internal controls by the Internal Auditors in due course after the completion of a full review and formulation or implementation of action plan(s) in relation to this matter. The Board is satisfied and is of the opinion that the control measures implemented by the Group to address “the Commission Payments” issue is adequate.

As for “Senior Management Remuneration Package”, the Company has implemented all decisions regarding salary increments or adjustments, bonuses, profit-sharing, allowances and benefits to be payable, made or given to the Senior Management, whether on a group or individual basis, and all other transactions or dealing with the Senior Management in their personal capacity must be made only with, or subject to the prior approval of the Remuneration Committee and the Board, and all payments relating to the any foregoing must be counter-signed or approved by the one member of the RC after, inter alia, verification of compliance with such directors, approval or policies of the RC or the Board which may be in place. The Board is satisfied and is of the opinion that the control measures implemented by the Group to address “the Senior Management Remuneration Package” issue is adequate.

In addition, the Company regularly reviews and improves its other business processes and activities to identify areas of significant business risk as well as taken appropriate measures to control and mitigate these risks. The Group reviews all significant control procedures and highlights the significant matters to the AC and Board.

The Board also notes that all risk management system and internal control system contain inherent limitations and cost effective system of risk management system and or internal controls could only provide reasonable and not absolute assurance against the occurrence of material errors, financial misstatement, poor judgement in decision making, human error, losses and or other irregularities.

Based on the various control systems put in place and maintained by the Company, (including, inter alia, control measures implemented by the Group to address “the Commission Payment” and “the Senior Management Remuneration Package”), the report from the external auditors and internal auditors on follow-up action taken by the Management, periodic reviews by the Management, various Board Committees and the Board, the Board with the concurrence of the AC is of the opinion that the system of internal controls maintained by the Company were adequate in addressing financial, operational, compliance risks, information technology controls and risk management system.

# CORPORATE GOVERNANCE

For the financial year ended 30 June 2015, the Board had received assurance from the CEO and CFO that (i) the financial records have been properly maintained and the financial statements gives a true and fair view of the Company's operations and finances; and (ii) the Company's risk management and internal control systems were effective.

The Board will continue to review and take appropriate steps to strengthen the Group's overall internal control system.

## **Audit Committee**

***Principle 12: The Board should establish an Audit Committee ("AC") with written terms of reference which clearly set out its authority and duties.***

The AC currently comprises the following non-executive directors, all of whom are independent:

|                     |   |          |
|---------------------|---|----------|
| Peter Lai Hock Meng | – | Chairman |
| Er Kwong Wah        | – | Member   |
| Ong Wei Jin         | – | Member   |

Mr Peter Lai Hock Meng has accounting and related financial management expertise and experience. The Board considers Mr Ong Wei Jin and Mr Er Kwong Wah as having sufficient financial management knowledge and experience to discharge his responsibilities as a member of the AC.

The primary functions of the AC are as follows:

- (a) to review the financial and operating results and accounting policies of the Group;
- (b) to review the scope and results of the audit and its cost effectiveness;
- (c) to review the financial statements before their submission to the Board and the external auditors' report on those financial statements;
- (d) to review the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements and any formal announcements relating to the Company's financial performance;
- (e) to review the half-yearly and annual announcement of results of the Group to SGX-ST before submission to the Board for approval;
- (f) to consider and review the assistance given by the Management to the auditors;
- (g) to discuss with the external auditors before the audit commences the nature and scope of the audit, and ensure co-ordination where more than one audit firm is involved;

## CORPORATE GOVERNANCE

- (h) to review the external audit plan and the results of the external auditors' examination and evaluate the effectiveness of the Group's internal control system including review of the internal auditor's internal audit plan and internal audit findings;
- (i) to review and report to the Board the adequacy and effectiveness of the Company's risk management and internal controls system, including financial, operational, compliance and information technology controls once a year;
- (j) to review the independence and objectivity of the external auditors;
- (k) to recommend the appointment or re-appointment of external auditors, and approve the terms of engagement and audit fees payable to the external auditors;
- (l) to review IPTs to ensure that they are carried out on normal commercial terms and are not prejudicial to the interests of shareholders, and are in compliance with the then prevailing rules and regulations of the SGX-ST (in particular, Chapter 9 of the Catalist Rules of the SGX-ST);
- (m) to review the scope and the results of internal audit procedures and the evaluation of the overall internal control systems by the internal auditors;
- (n) to commission and review the major findings of internal investigations into matters where there is any suspected fraud or irregularity or failure of internal controls or infringement of any relevant law, rule or regulation which has or is likely to have a material impact on the Company's operating results and/or financial position; and
- (o) to undertake such other functions and duties as may be required by law or the Catalist Rules of the SGX-ST and by such amendments made thereto from time to time.

The AC has the explicit authority to investigate any matter within its terms of reference, full access to and co-operation by Management and full discretion to invite any director or executive officer to attend its meetings, and reasonable resources to enable it to discharge its functions properly.

In addition, the AC has independent access to the internal auditors and the external auditors, who report independently their findings and recommendations to the AC. The AC meets with the internal auditor and external auditor without the presence of management, reviews the adequacy of the internal control established by the management on annual basis.

During the year, the AC performed independent reviews of the financial statements of the Company before the announcement of the Company's half year and full year results. The AC also reviewed and approved both the Company's internal auditors' and external auditors' plans to ensure that the plans covered sufficiently the terms of audit scope in reviewing the significant internal controls of the Company. Such significant controls comprise financial, operational and compliance controls. All audit findings and recommendations put up by the internal and the external auditors were forwarded to the AC. Significant issues were discussed at these meetings.

# CORPORATE GOVERNANCE

In addition, the AC undertook a half yearly review of the independence and objectivity of the external auditors through discussions with the external auditors, as well as reviewing the non-audit fees awarded to them and has confirmed that the non-audit services performed by the external auditors would not affect their independence. Fees paid or payable by the Group to external auditors for audit services for the financial year ended 30 June 2015 amounted to S\$145,000 and there were no non-audit fees paid or payable.

The Company confirmed that Rule 712, Rule 715 and 716 of the Catalist Rule in relation to the auditors of the Company have been complied with. In addition, the Board and AC are satisfied that the appointment of different auditors to its subsidiaries would not compromise the standard and effectiveness of the audit of the Company.

The Company has implemented a "Whistle-Blower Policy" ("**Policy**") which provides for the mechanisms by which employees and other persons may, in confidence, raise concerns about possible improprieties in financial reporting or other matters to the AC Chairman. The AC will review the Policy to ensure arrangements are in place for the independent investigation of such matters and for appropriate follow-up action.

On a quarterly basis, the Management reports to the AC on any IPTs.

As part of efforts by the AC in keeping abreast of changes to accounting standards and issues, the AC is kept updated by the external auditors on new financial reporting standards during the year.

## **Internal Audit**

***Principle 13: The company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits.***

The role of the internal auditors is to assist the AC to ensure that the Company maintains a sound system of internal controls by regular monitoring of key controls and procedures and ensuring their effectiveness, undertaking investigations as directed by the AC, and conducting regular in-depth audits of high risk areas. The AC approves the hiring, removal, evaluation and compensation of the internal auditors. The internal auditors report to the AC Chairman and to the CEO administratively. The internal auditors have unfettered access to all the Company's documents, records, properties and personnel, including access to the AC.

An independent and internal audit firm, Protiviti was engaged to undertake the review of material internal controls, including financial, operational and compliance controls on a significant business unit of the Group. All findings and recommendations of Messrs Protiviti were submitted to the AC for deliberation with copies of these reports extended to the CEO and the relevant senior management officers. Protiviti carries out its function according to the standards set by nationally or internationally recognised professional bodies including the Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

The AC also reviewed the adequacy and effectiveness of the internal audit function of the Group annually and their view of the state of the internal controls for the Group is stated in Principle 11 as above. In addition, the AC will review the adequacy of the internal audit function annually and ensure that the internal audit function is adequately resourced and has appropriate standing within the company.

## (D) COMMUNICATION WITH SHAREHOLDERS

### Communication with Shareholders

***Principle 14: Companies should treat all shareholders fairly and equitably, and should recognize, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements.***

***Principle 15: Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.***

***Principle 16: Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company.***

The Group values dialogue with shareholders. The Board is also mindful of its obligations to provide timely and fair disclosure of material information to the SGX-ST in accordance with the Corporate Disclosure Policy as set out in the Catalist Rules of the SGX-ST. The Board's policy is that all shareholders should be equally and timely informed of all major developments that impact the Group.

Material information is disclosed and communicated to shareholders in a comprehensive, accurate and timely manner through:

- (a) announcements of full year and half year financial results which are published via the SGXNET;
- (b) annual reports or circulars of the Company that are prepared and sent to all shareholders;
- (c) notices of annual general meetings and extraordinary general meetings published in the newspapers; and
- (d) press releases on major developments of the Group.

Shareholders are invited to attend shareholders' meetings to put forth any questions they may have on the motions to be debated and decided upon. If any shareholder is unable to attend, including corporations which provide nominee or custodial services, he is allowed to appoint up to two (2) proxies to vote on his behalf at the meeting through proxy forms sent in advance. In the general meeting of shareholders, the Company will ensure that shareholders have the opportunities to participate effectively by informing them of the rules, including voting procedures that govern general meetings of shareholders. At shareholders' meetings, each distinct issue is proposed as a separate resolution. All directors are present at the general meetings and the chairman of each Board committee is required to be present to address questions at annual general meetings. External auditors are also present at such meetings to assist the directors to address shareholders' queries, if necessary. The Company Secretary prepares minutes of shareholders' meetings, which incorporates substantial comments or queries, if any, from shareholders and responses from the Board and Management. These minutes are available to shareholders upon request. Results of general meetings are announced on the same day following the conclusion of the general meeting.

# CORPORATE GOVERNANCE

For greater transparency, the Company will put all resolutions to vote by poll at its fifteenth shareholders general meeting and an announcement of the detailed results of the number of votes cast for and against each resolution and the respective percentages will be made on the same day. Independent scrutineers will be appointed to oversee the voting process and enhance their disclosures on voting outcomes.

The Company is not implementing absentia voting methods such as voting via mail, e-mail or fax until security, integrity and other pertinent issues are satisfactorily resolved. However, the Company will establish and maintain regular dialogue with shareholders to gather views or inputs and their concerns.

The Group currently does not have a formal dividend policy as it needs to conserve its financial resources for expansion.

## **(E) DEALINGS IN SECURITIES**

The Company has adopted its own guidelines based substantially on the provisions of Rule 1204(19) of the Catalist Rules of the SGX-ST. These internal guidelines apply to dealings in securities by certain employees (including directors and other officers) of the Group. The Company issues circulars to its directors and officers reminding them not to deal in the listed securities of the Company, for a period of one (1) month before the half year and full year results, or if they are in possession of unpublished price-sensitive information. In addition, the directors and officers of the Company are advised not to deal in the Company's securities on short-term considerations.

## **(F) RISK MANAGEMENT**

The Company does not have a Risk Management Committee. However, the Management regularly reviews the Group's business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks. The Management reviews all significant control policies and procedures and highlights all significant matters to the Board and the AC.

## **(G) INTERESTED PERSON TRANSACTIONS ("IPT")**

The Board has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC. All IPTs are subject to review by the AC to ensure that all such transactions are conducted at arm's length basis, on normal commercial terms and will not be prejudicial to the interests of the shareholders.

As a listed company on the Singapore Exchange, the Company is required to comply with Chapter 9 of the SGX-ST's Catalist Rules on Interested Person Transactions. To ensure compliance, the Company has taken the following steps:

- (a) Compliance with Chapter 9 is an integral part of the credit approval process for the Company; and
- (b) An annual update of directors' personal particulars is obtained.

# CORPORATE GOVERNANCE

There was no interested person transaction above S\$100,000 conducted during the financial year ended 30 June 2015.

## (H) MATERIAL CONTRACTS

Save for the executive directors' service contracts, there were no material contracts, not being contracts entered into in the ordinary course of business, had been entered into by the Company and its subsidiaries involving the interest of the CEO, any director or controlling shareholder of the Company during the period under review.

## (I) NON-SPONSOR FEES

There were no non-sponsor fees paid to the Company's sponsor, Asian Corporate Advisors Pte. Ltd., for the financial year ended 30 June 2015.

There was no change in any of the above-mentioned interests in the Company between the end of the financial year and 21 July 2015.

# DIRECTORS' REPORT

## 3. DIRECTORS' INTERESTS IN SHARES AND DEBENTURES (CONTINUED)

Ip Kwok Wing and Janet Lim Fong Li are deemed interested in shares held by the other by virtue of their relationship as spouses.

By virtue of Section 7 of the Singapore Companies Act, Ip Kwok Wing and Janet Lim Fong Li are deemed to have an interest in the shares held by the Company in its subsidiaries.

## 4. DIRECTORS' CONTRACTUAL BENEFITS

Since the end of the previous financial year, no director has received or become entitled to receive a benefit by reason of a contract made by the Company or a related corporation with the director or with a firm of which he is a member, or with a company in which he has a substantial financial interest, except as disclosed in the financial statements. Certain directors received remuneration from related corporations in their capacity as directors and/or executives of these related corporations.

## 5. CFM PERFORMANCE SHARE PLAN

The Company had undertaken a comprehensive review of employee remuneration and benefits and introduced a new employee share performance scheme on 30 April 2015 (the "Plan") that is intended to increase the Company's flexibility and effectiveness in its continuing efforts to reward, retain and motivate employees to improve their performance. In line with this, the Company believes that the Plan will strengthen the overall effectiveness of performance-based compensation schemes.

The Plan allows the Company to target specific performance objectives and to provide an incentive for participants who are awarded shares under the Plan ("Participants") to achieve these targets, which ultimately, will create and enhance economic value for Shareholders. The Directors believe that the Plan will incentivise Participants to excel in their performance and encourage greater dedication and loyalty to the Company. Through the Plan, the Company will be able to recognise and reward past contributions and services and motivate Participants to continue to strive for the Group's long-term prosperity. In addition, the Plan aims to foster an ownership culture within the Group.

The Company believes that attracting and retaining outstanding individuals as employees is paramount to the Group's long-term objective of achieving continuous growth, expansion and profitability in its business and operations. It is hoped that through the implementation of the Plan, the Company will be able to remain an attractive and competitive employer and be better positioned to manage its fixed overhead costs without compromising on performance standards and efficiency.

Through the Plan, the award of fully-paid Shares, free of charge, to the Participants (the "Awards") is intended to be a more attractive form of bonus from the Company to the Participants. In addition, the Company believes that the Plan will be more effective than cash bonuses in motivating employees as it gives them a stake in the ownership of the Company whilst at the same time allowing the Company to offer incentives and remuneration packages compatible with other multinational companies.

# DIRECTORS' REPORT

## 5. CFM PERFORMANCE SHARE PLAN (CONTINUED)

The Plan will serve as an additional and flexible incentive tool. With the Plan, the Company would be able to tailor share-based incentives according to the objectives to be achieved.

The Awards granted under this Plan will be determined at the sole discretion of the Remuneration Committee which will oversee and administer the Plan. The Remuneration Committee comprises of three directors, namely, Er Kwong Wah, Peter Lai Hock Meng and Ong Wei Jin. A member of the Committee who is also a participant of the Plan must not be involved in its deliberation in respect of shares awarded or to be awarded to him. In considering the grant of an Award to a Participant, the Remuneration Committee shall take into account (where applicable) criteria such as the rank, scope of responsibilities, performance, years of service and potential for future development of the selected Employee.

The total number of New Shares which may be issued pursuant to Awards granted under the Plan shall not exceed 15% of the issued Shares of the Company (excluding any Shares held in treasury) on the day Shareholders approve the Plan, provided always that the total number of New Shares which may be issued pursuant to Awards granted under the Plan when aggregated with the aggregate number of Shares which may be granted under any other share plan or share option scheme shall not exceed any limits prescribed by the SGX-ST.

There were no performance shares issued by the Company since the commencement of the performance share scheme on 30 April 2015.

## 6. AUDIT COMMITTEE

The members of the Audit Committee ("AC") during the year and at the date of this report are:

Peter Lai Hock Meng – Chairman  
Er Kwong Wah  
Ong Wei Jin

The AC carried out its functions in accordance with Section 201B(5) of the Singapore Companies Act which include:

- (a) to review the financial and operating results and accounting policies of the Group;
- (b) to review the scope and results of the audit and its cost effectiveness;
- (c) to review the financial statements before their submission to the Board of Directors ("Board") and the external auditor's report on those financial statements;
- (d) to review the significant financial reporting issues and judgments so as to ensure the integrity of the financial statements and any formal announcements relating to the Company's financial performance;

# DIRECTORS' REPORT

## 6. AUDIT COMMITTEE (CONTINUED)

- (e) to review the half-yearly and annual announcement of results of the Group to Singapore Exchange Securities Trading Limited ("SGX-ST") before submission to the Board for approval;
- (f) to consider and review the assistance given by the Management to the auditors;
- (g) to discuss with the external auditor before the audit commences the nature and scope of the audit, and ensure co-ordination where more than one audit firm is involved;
- (h) to review the external audit plan and the results of the external auditor's examination and evaluate the effectiveness of the Group's internal control system including review of the internal auditor's internal audit plan and internal audit findings;
- (i) to review and report to the Board the adequacy and effectiveness of the Company's Risk Management and Internal Controls System, including financial, operational, compliance and information technology controls once a year;
- (j) to review the independence and objectivity of the external auditor;
- (k) to recommend the appointment or re-appointment of external auditor, and approve the terms of engagement and audit fees payable to the external auditor;
- (l) to review interested person transactions ("IPTs") to ensure that they are carried out on normal commercial terms and are not prejudicial to the interests of shareholders, and are in compliance with the then prevailing rules and regulations of the SGX-ST (in particular, Chapter 9 of the Catalist Rules of the SGX-ST);
- (m) to review the scope and the results of internal audit procedures and the evaluation of the overall internal control systems by the internal auditors;
- (n) to commission and review the major findings of internal investigations into matters where there is any suspected fraud or irregularity or failure of internal controls or infringement of any relevant law, rule or regulation which has or is likely to have a material impact on the Company's operating results and/or financial position; and
- (o) to undertake such other functions and duties as may be required by law or the Catalist Rules of the SGX-ST and by such amendments made thereto from time to time.

The AC is satisfied with the independence and objectivity of the external auditor and has nominated Baker Tilly TFW LLP for re-appointment as independent auditor of the Company at the forthcoming Annual General Meeting.

Further details regarding the AC are disclosed in the Report on Corporate Governance.

# INDEPENDENT AUDITOR'S REPORT

## TO THE MEMBERS OF CFM HOLDINGS LIMITED

### REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of CFM Holdings Limited (the "Company") and its subsidiaries (the "Group") as set out on pages 50 to 115, which comprise the balance sheets of the Group and the Company as at 30 June 2015, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

#### *Opinion*

In our opinion, the consolidated financial statements of the Group and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Company as at 30 June 2015 and the financial performance, changes in equity and cash flows of the Group for the year ended on that date.

#### *Emphasis of Matter*

We draw attention to Note 29(c) to the financial statements which describes the uncertainty in relation to the outcome of the application for the temporary occupation permit for a subsidiary's property. Our opinion is not modified in respect of this matter.

Note A:

During the financial year, the Group acquired property, plant and equipment with an aggregate cost of \$3,977,000 (2014: \$7,451,000) of which \$96,000 (2014: \$167,000) was financed by means of finance leases and \$140,000 (2014: \$28,000) relates to borrowing costs arising from a bank loan borrowed specifically for the purpose of the construction of a leasehold building which have been capitalised. Cash payment of \$2,905,000 (2014: \$5,308,000) was made to purchase property, plant and equipment of which \$1,928,000 (2014: \$2,741,000) was paid from the proceeds from borrowings. An amount of \$836,000 (2014: \$1,948,000) relating to the construction of the leasehold building in Singapore remained outstanding as at 30 June 2015.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

## 1. CORPORATE INFORMATION

The Company (Co. Reg. No. 200003708R) is incorporated and domiciled in Singapore and is a public limited company listed on the Catalist of Singapore Exchange Securities Trading Limited ("SGX-ST").

The registered office and principal place of business of the Company is located at 4 Ang Mo Kio Avenue 12, #05-01, CFM Building, Singapore 569498.

The principal activity of the Company is investment holding. The principal activities of the subsidiaries are disclosed in Note 13.

The ultimate controlling party of the Group is Ip Kwok Wing and his spouse, Janet Lim Fong Li.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### (a) Basis of preparation

The consolidated financial statements of the Group and the balance sheet of the Company have been prepared in accordance with the provisions of the Singapore Companies Act and Singapore Financial Reporting Standards ("FRS").

The financial statements have been prepared under the historical cost convention except as disclosed in the accounting policies below.

The financial statements are presented in Singapore dollar ("S") and all values are rounded to the nearest thousand ("S'000") except when otherwise indicated.

The preparation of financial statements in conformity with FRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the financial year. Although these estimates are based on management's best knowledge of current events and actions and historical experiences and various other factors that are believed to be reasonable under the circumstances, actual results may ultimately differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Critical accounting estimates and assumptions used that are significant to the financial statements, and areas involving a major degree of judgments or complexity, are disclosed in Note 2(x).

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (a) Basis of preparation (Continued)

The carrying amounts of cash and bank balances, trade and other current receivables and payables, investments and current amounts due from subsidiaries approximate their respective fair values due to the relatively short-term maturity of these financial instruments.

In the current financial year, the Group has adopted all the new and revised FRS and Interpretations of FRS ("INT FRS") that are relevant to its operations and effective for the current financial year. The adoption of these new/revised FRS and INT FRS did not have any material effect on the financial results or position of the Group and the Company.

New and revised standards, amendments to standards and interpretations that have been issued at the reporting date but are not yet effective for the financial year ended 30 June 2015 have not been applied in preparing these financial statements. None of these are expected to have a significant effect on the financial statements of the Group and the Company except for the adoption of the following new FRS which are relevant to the Group:

#### FRS 115 Revenue from Contracts with Customers

FRS 115 replaces FRS 18 'Revenue', FRS 11 'Construction contracts' and other revenue-related interpretations. It applies to all contracts with customers, except for leases, financial instruments and insurance contracts. FRS 115 provides a single, principle-based model to be applied to all contracts with customers. It provides guidance on whether revenue should be recognised at a point in time or over time, replacing the previous distinction between goods and services. The standard introduces new guidance on specific circumstances where cost should be capitalised and new requirements for disclosure of revenue in the financial statements. The standard is effective for annual periods beginning on or after 1 January 2017. The Group will reassess its contracts with customers in accordance with FRS 115.

#### FRS 109 Financial Instruments

FRS 109 includes guidance on the classification and measurement of financial assets and financial liabilities and de-recognition of financial instruments. FRS 109, when effective will replace FRS 39 Financial Instruments: Recognition and Measurement. This standard is effective for annual periods beginning on or after 1 January 2018. The Group will review the requirements of FRS 109 and re-assess the classification and measurement of its financial assets and financial liabilities in accordance with this standard.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (b) Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and rendering of services, net of goods and services tax, rebates and discounts, and after eliminating sales within the Group. Revenue is recognised to the extent that it is probable that the economic benefits associated with the transaction will flow to the entity, and the amount of revenue and related cost can be reliably measured.

- Revenue from sale of goods is recognised when a group entity has delivered the goods to the customer and significant risks and rewards of ownership of the goods have been passed to the customer.
- Revenue from rendering of services is recognised during the financial year in which services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be performed.
- Rental income from operating leases are recognised on a straight-line basis over the lease terms.
- Interest income is recognised on a time proportion basis using the effective interest method.

### (c) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the balance sheet date. The financial statements of the subsidiaries are prepared for the same reporting date as the parent company. Consistent accounting policies are applied for like transactions and events in similar circumstances.

Intragroup balances and transactions, including income, expenses and dividends, are eliminated in full. Profits and losses resulting from intragroup transactions that are recognised in assets, such as inventory and property, plant and equipment, are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (c) Basis of consolidation (Continued)

Business combinations are accounted for using the acquisition method. The consideration transferred for the acquisition comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes the fair value of any contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary. Acquisition-related costs are recognised as expenses as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

Any excess of the fair value of the consideration transferred in the business combination, the amount of any non-controlling interest in the acquiree (if any) and the fair value of the Group's previously held equity interest in the acquiree (if any), over the fair value of the net identifiable assets acquired is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the date of acquisition.

Non-controlling interests are that part of the net results of operations and of net assets of a subsidiary attributable to the interests which are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if the subsidiary incurred losses and the losses allocated exceed the non-controlling interests in the subsidiary's equity.

For non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in the event of liquidation, the Group elects on an acquisition-by-acquisition basis whether to measure them at fair value, or at the non-controlling interests' proportionate share of the acquiree's net identifiable assets, at the acquisition date. All other non-controlling interests are measured at acquisition-date fair value or, when applicable, on the basis specified in another standard.

In business combinations achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions (i.e. transactions with owners in their capacity as owners) and therefore, no gain or loss is recognised in profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (c) Basis of consolidation (Continued)

When a change in the Company's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill, non-controlling interest and other components of equity related to the subsidiary are derecognised. Amounts recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific FRS.

### (d) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses. On disposal of the investment, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

### (e) Property, plant and equipment

Property, plant and equipment are initially stated at cost and subsequent carried at cost less accumulated depreciation and any impairment in value.

The cost of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the asset.

On disposal of a property, plant and equipment, the difference between the net disposal proceeds and its carrying amount is taken to profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (e) Property, plant and equipment (Continued)

No depreciation is provided on freehold land and leasehold building construction-in-progress. Depreciation of other property, plant and equipment is calculated on a straight-line basis to write off the cost of the property, plant and equipment over their expected useful lives. The estimated useful lives are as follows:

|                         |   |                |
|-------------------------|---|----------------|
| Freehold buildings      | – | 20 to 50 years |
| Renovation              | – | 5 to 10 years  |
| Office equipment        | – | 3 to 10 years  |
| Machinery and equipment | – | 8 to 10 years  |
| Furniture and fittings  | – | 3 to 10 years  |
| Toolings                | – | 5 years        |
| Motor vehicles          | – | 3 to 10 years  |
| Leasehold building      | – | 32 to 37 years |

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use.

### (f) Intangible assets

Customer relationships were acquired in business combinations and are recognised at cost and are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These costs are amortised to profit or loss using the straight line method over its estimated useful life of 10 years. It is assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year-end.

### (g) Investment property

#### *Cost model*

Investment property comprises significant portions of leasehold property that are held for long-term rental yields and for capital appreciation.

Investment property is initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. Depreciation is calculated using a straight-line method to allocate the depreciable amounts over the lease term.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (g) Investment property (Continued)

#### *Cost model (Continued)*

The residual values, useful lives and depreciation method of investment property is reviewed and adjusted as appropriate at each balance sheet date. The effects of any revision are included in profit or loss when the changes arise.

Investment property is subject to renovations or improvements at regular intervals. The cost of major renovations and improvements is capitalised as addition and the carrying amounts of the replaced components are written off to profit or loss. The cost of maintenance, repairs and minor improvement is charged to profit or loss when incurred.

On disposal of an investment property, the difference between the disposal proceeds and the carrying amount is recognised in profit or loss.

### (h) Inventories

Inventories are valued at the lower of cost and net realisable value. Cost is determined on a first-in, first-out basis. The cost of finished goods and work in progress comprises raw material, direct labour, other direct costs and related production overheads based on normal operating capacity but excluded borrowing costs.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling expenses.

### (i) Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand, deposits with financial institutions which are subject to an insignificant risk of change in value, bank overdrafts that form an integral part of the Group's cash management, and other short-term high liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

### (j) Financial assets

#### *(i) Classification*

The Group classifies its financial assets according to the nature of the assets in the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition. The Group's financial assets are loans and receivables and available-for-sale financial assets.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (j) Financial assets (Continued)

#### (i) Classification (Continued)

##### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except those maturing later than 12 months after the balance sheet date which are classified as non-current assets. Loans and receivables are classified within investment, trade and other receivables (excluding prepayments and tax recoverable), amounts due from subsidiaries and cash and bank balances on the balance sheets.

##### Available-for-sale financial assets

Available-for-sale financial assets include equity securities. Investments in equity securities classified as available-for-sale are those which are neither classified as held for trading nor designated at fair value through profit or loss. They are included in non-current assets unless management intends to dispose of the assets within 12 months after the balance sheet date.

#### (ii) Recognition and derecognition

Regular purchases and sales of financial assets are recognised on trade-date – the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of a financial asset, the difference between the net sale proceeds and its carrying amount is recognised in profit or loss. Any amount in the fair value reserve relating to that asset is also transferred to profit or loss.

#### (iii) Initial measurement

Loans and receivables and available-for-sale financial assets are initially recognised at fair value plus transaction costs.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (j) Financial assets (Continued)

#### (iv) Subsequent measurement

Loans and receivables are carried at amortised cost using the effective interest method, less impairment.

Available-for-sale financial assets are subsequently measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except that impairment losses, foreign exchange gains and losses on monetary instruments and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is de-recognised. Investments in equity instruments whose fair value cannot be reliably measured are measured at cost less impairment loss.

#### (v) Impairment

Loans and receivables

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired.

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the receivable is impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account, and the amount of the loss is recognised in profit or loss. The allowance amount is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the assets become uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in profit or loss.

Available-for-sale financial assets

Impairment loss for available-for-sale financial assets carried at cost is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. The amount of impairment loss is recognised in profit or loss and such losses are not reversed in subsequent periods.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (k) Financial liabilities

Financial liabilities include trade and other payables (excluding accruals for employee leave and advance billings), finance lease liabilities and interest-bearing borrowings. Financial liabilities are recognised on the balance sheets when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. Financial liabilities are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

A financial liability is derecognised when the obligation under the liability is extinguished. Gains and losses are recognised in profit or loss when the liabilities are derecognised and through the amortisation process.

### (l) Provisions for other liabilities

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past event, and it is probable that an outflow of economic resources will be required to settle that obligation and the amount can be estimated reliably. Provisions are measured at management's best estimate of the expenditure required to settle the obligation at the balance sheet date. Where the effect of the time value of money is material, the amount of the provision shall be discounted to present value using a pre-tax discount rate that reflects the current market assessment of the time value of money and risks specific to the obligation.

When discounting is used, the increase in the provision due to passage of time is recognised as a finance cost in profit or loss.

### (m) Borrowing costs

Borrowing costs, which comprise interest and other costs incurred in connection with the borrowing of funds, are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are recognised in the profit or loss using the effective interest method.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (n) Employee benefits

#### (i) Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for leave as a result of services rendered by employees up to balance sheet date.

#### (ii) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund in Singapore, and will have no legal or constructive obligation to pay further contributions once the contributions have been paid. Contributions to defined contribution plans are recognised as an expense in the period in which the related service is performed.

### (o) Income tax

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in profit or loss except to the extent that it relates to items recognised directly to equity, in which case it is recognised in equity.

Current tax is the expected tax payable or recoverable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable or recoverable in respect of previous years.

Deferred income tax is provided using the liability method, on all temporary differences at the balance sheet date arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except where the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination, and at the time of transaction, affects neither the accounting nor taxable profit or loss.

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference can be controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on currently enacted or substantively enacted tax rates at the balance sheet date.

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (o) Income tax (Continued)

Deferred tax are charged or credited to equity if the tax relates to items that are credited or charged, in the same or a different period, directly to equity.

### (p) Foreign currency

#### (i) *Functional and presentation currency*

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The financial statements of the Group and the Company are presented in Singapore dollar, which is the Company's functional and presentation currency.

#### (ii) *Transactions and balances*

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Currency translation gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss, except for currency translation differences on net investment in foreign entities and borrowings and other currency instruments qualifying as net investment hedges for foreign operations which are included in the currency translation reserve within equity in the consolidated financial statements.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rate at the date when the fair values are determined.

#### (iii) *Translation of Group entities' financial statements*

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the Group's presentation currency are translated into the presentation currency as follows:

- (a) Assets and liabilities are translated at the closing rates at the date of the balance sheet;

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (p) Foreign currency (Continued)

#### (iii) Translation of Group entities' financial statements (Continued)

- (b) Income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- (c) All resulting exchange differences are taken to the currency translation reserve within equity.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are taken to the foreign currency translation reserve.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

On disposal of a foreign group entity, the cumulative amount of the currency translation reserve relating to that particular foreign entity is reclassified from equity and recognised in profit or loss when the gain or loss on disposal is recognised.

### (q) Leases

When a Group entity is the lessee:

#### (i) Finance leases

Leases of property, plant and equipment where the group entity assumes substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value of the leased property or the present value of the minimum lease payments. Each lease payment is allocated between reduction of the liability and finance charges. The corresponding rental obligations, net of finance charges, are included in finance lease liabilities. The interest element of the finance cost is taken to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (q) Leases (Continued)

#### (ii) Operating leases

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are taken to profit or loss on a straight-line basis over the period of the lease.

When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognised as an expense in the period in which termination takes place.

When a Group entity is the lessor:

#### (i) Operating leases

Leases where the group entity retains substantively all the risks and rewards of ownership of the asset are classified as operating leases. Rental income (net of any incentives given to lessees) is recognised on a straight-line basis over the lease term.

### (r) Impairment of non-financial assets

At each balance sheet date, the Group reviews the carrying amount of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (r) Impairment of non-financial assets (Continued)

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

### (s) Financial guarantees

The Company has issued corporate guarantees to banks for bank borrowings for its subsidiaries. These guarantees are financial guarantee contracts as they require the Company to reimburse the banks if the subsidiaries fail to make principal or interest payments when due in accordance with the terms of their borrowings.

Financial guarantee contracts are initially recognised at their fair values plus transaction costs. Financial guarantees are classified as financial liabilities.

Subsequent to initial measurement, the financial guarantees are stated at the higher of the initial fair value less cumulative amortisation and the amount that would be recognised if they were accounted for as contingent liabilities. Financial guarantee contracts are amortised to profit or loss over the period of the subsidiaries' borrowings.

### (t) Dividends

Interim dividends are recorded during the financial year in which they are declared payable.

Final dividends are recorded in the Group's financial statements as a liability in the period in which they are approved by the Company's shareholders.

### (u) Share capital

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

### (v) Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the balance sheet and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalments.

When the grant relates to an expense item, it is recognised in profit or loss over the period necessary to match them on a systematic basis to the costs that it is intended to compensate.

### (w) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incurs expenses, including revenues and expenses that relate to transactions with other components of the Group. Operating segments are reported in a manner consistent with the internal reporting provided to the Group's chief operating decision maker for making decisions about allocating resources and assessing performance of the operating segments.

### (x) Significant accounting estimates and judgments

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of asset or liability affected in the future periods.

#### Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

#### (i) *Impairment of non-financial assets*

The Group assesses whether there are any indicators of impairment for all non-financial assets at each reporting date. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable.

When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

At 30 June 2015, the carrying amounts of property, plant and equipment, intangible assets, investment property and investments in subsidiaries are disclosed in Notes 10, 11, 12 and 13 respectively.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (x) Significant accounting estimates and judgments (Continued)

#### Key sources of estimation uncertainty (Continued)

#### (ii) *Useful lives of property, plant and equipment and intangible assets*

The Group reviews the useful lives of property, plant and equipment and intangible assets at each reporting date in accordance with the accounting policy in Notes 2(e) and (f). The estimation of the useful lives involves significant judgment. The net carrying amounts of property, plant and equipment and intangible assets at 30 June 2015 and the annual depreciation and amortisation charge for the financial year ended 30 June 2015 are disclosed in Notes 10 and 11 respectively.

#### (iii) *Write-down of inventories*

Management reviews the inventory listing on a periodic basis. This review involves comparison of the carrying amount of the aged inventory items with the respective net realisable value. The purpose is to ascertain whether a write down is required to be made in the financial statements for slow-moving items. Management is satisfied that the inventories have been written down adequately in the financial statements.

At 30 June 2015, the carrying amount of inventories of the Group after the write-down is disclosed in Note 16.

#### (iv) *Impairment of receivables*

#### (a) Amounts due from subsidiaries

The allowance for doubtful receivables on amounts due from subsidiaries is based on management's assessment of the recoverability. The management manages this through monitoring outstanding amounts owing and the credit period agreed between the parties.

At 30 June 2015, the amounts due from subsidiaries are disclosed in Note 14.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (x) Significant accounting estimates and judgments (Continued)

#### Key sources of estimation uncertainty (Continued)

#### (iv) *Impairment of receivables* (Continued)

##### (b) Third party receivables

The allowance for doubtful third party receivables of the Group is based on the ongoing assessment on whether there is any objective evidence that a financial asset is impaired. To determine whether there is objective evidence of impairment, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. If the present value of estimated future cash flows differ from management's estimates, the Group's allowance for impairment for trade receivables and the trade receivables balance at the end of the reporting period will be affected accordingly.

At 30 June 2015, the carrying amounts of the trade and other receivables of the Group and Company are disclosed in Notes 17 and 18 respectively.

#### (v) *Income taxes*

The Group has exposures to income taxes in various jurisdictions. Significant judgment is involved in determining the provision for income taxes. There are certain transactions and computations for which the ultimate tax determined is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issue based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the year in which such determination is made.

At 30 June 2015, the carrying amounts of the Group's and the Company's current tax payables were \$65,000 (2014: \$119,000) and \$11,000 (2014: \$11,000) respectively; and deferred tax liabilities were \$577,000 (2014: \$597,000) and \$91,000 (2014: \$91,000) respectively.

## 8. TAX EXPENSE (CONTINUED)

The income tax expense on the results of the financial year varies from the amount of income tax determined by applying the Singapore statutory rate of income tax to (loss)/profit before tax due to the following factors:

| Others   | <b>(1)</b>     | 10     |
|  | <b>157</b>     | 381    |

At the balance sheet date, the Group has unutilised tax losses and deferred capital allowances amounting to \$3,976,000 (2014: \$2,913,000) that are available for carry forward to offset against future taxable income subject to the compliance with the tax regulations of the respective countries in which the Group companies are incorporated and the approval by the relevant tax authorities. Deferred tax assets in respect of the tax losses and deferred capital allowances carried forward have not been recognised in the financial statements as it is not probable that future taxable profits will be sufficient to allow the related tax benefits to be realised.

(c) Company level – Impairment review of investment in subsidiaries

During the financial year, management performed an impairment test for the investment in Dalian CFM Precision Tooling Co., Ltd (“CFM Dalian”) as this subsidiary had been persistently making losses. An impairment loss of \$727,000 was recognised for the year ended 30 June 2015 to write down this subsidiary to its recoverable amount of \$646,000. The recoverable amount of the investment in CFM Dalian has been determined based on a value in use calculation using cash flow projections from forecasts approved by management covering a five-year period. The discount rate applied to the cash flow projection and the forecasted growth rate used to extrapolate cash flow projections beyond the five-year period are 14.0% and 2.0% respectively.

The management had also performed impairment test for investment in Cheong Fatt Holdings Pte. Ltd (“Cheong Fatt”). The recoverable amount for Cheong Fatt has been computed based on fair value less costs to sell (“FVLCS”). The FVLCS is determined after considering the open market value of its property as determined by Jones Lang LaSalle Property Consultants Pte Limited on 22 January 2015 in their report dated 16 March 2015 and the net asset value of the subsidiary at the reporting date. As the recoverable amount is more than the impairment loss for Cheong Fatt previously recognised, a reversal of impairment loss of Cheong Fatt of \$8,561,000 (2014: Nil) was recognised for the year ended 30 June 2015.

During the previous financial year, the management has made several attempts to get in contact with the joint venture partner to withdraw from the investment in a subsidiary, CFM ProEnergies, LLC ("CFMPE") but has yet to receive any response from them. The Group was also unable to obtain the management accounts and audited financial statements of CFMPE for the financial year ended 30 June 2014 from their joint venture partner. In addition, the Group was not informed of nor involved in the major operating and financial decisions and the appointment or removal of the board of directors of CFMPE and the Group Chief Executive Officer ceased to be an authorised bank signatory during the previous financial year. In view of the above, the Group has reassessed its control over CFMPE and concluded that it has lost its control over the subsidiary. Accordingly, the investment in CFMPE was reclassified from assets classified as held for sale to available-for-sale financial assets during the previous financial year. The reclassification has no significant impact to the results of the Group for the financial year ended 30 June 2014. The investment has been fully impaired since the financial year ended 30 June 2013.

## 27. RETAINED EARNINGS/(ACCUMULATED LOSSES)

### Group

Included in accumulated losses of the Group is an amount of \$318,000 (2014: \$318,000) relating to legal reserve fund of a subsidiary. In accordance with the Slovak Commercial Code applicable to the subsidiary in the Slovak Republic, the subsidiary is required to make appropriation to a legal reserve fund based on a minimum amount of 5% of net profit annually, until the legal reserve fund exceeds at least 10% of the registered share capital. This fund can be used for covering the subsidiary's losses only and thus not available for dividend distribution to shareholders. No appropriation was made during the financial year ended 30 June 2015 and 2014 as the legal reserve fund is at least 10% of the registered share capital of the subsidiary.

## 29. CONTINGENT LIABILITIES

### (a) Guarantees

|   | Company        |                |
|---|----------------|----------------|
|   | 2015<br>\$'000 | 2014<br>\$'000 |
| Corporate guarantees provided by the Company to financial institutions for banking facilities granted to subsidiaries | <b>8,089</b>   | 8,127          |
| Amount utilised by the subsidiaries   | <b>5,449</b>   | 3,180          |

The directors have assessed the fair values of these financial guarantees to have no material financial impact on the results and the accumulated losses of the Company for the financial years ended 30 June 2015 and 30 June 2014.

### (b) Legal claim

*Hantong Metal Component (Penang) Sdn. Bhd.*

As disclosed during the financial year ended 30 June 2013, an ex-parte injunction (the "Injunction") has been granted by the High Court of Malaya on 30 June 2013 and served on Hantong Metal Component (Penang) Sdn. Bhd., a wholly-owned subsidiary of the Company on 2 July 2013, there has not been any material update to date.

Legal advice obtained indicates that it is unlikely that any significant liability will arise. At the date of these financial statements, the directors are of the view that no material losses will arise in respect of the legal claim.

### (c) Temporary occupation permit of a property in Singapore

Cheong Fatt Holdings Pte Ltd ("Cheong Fatt"), a subsidiary of the Company, received a Temporary Occupation Permit (the "TOP") certificate for its new building (the "Property") from its architect on 7 January 2015. However, on 22 May 2015, it came to the attention of Cheong Fatt management that the TOP was not issued by the proper authority. On 6 July 2015, Building and Construction Authority (the "BCA") issued a letter to Cheong Fatt to immediately cease occupying the Property as it is an offence to occupy a property without a TOP. Cheong Fatt appealed to BCA for extension of time to vacate the Property, but was rejected per its letter issued on 15 July 2015. Subsequently, on 16 September 2015, Cheong Fatt has obtained TOP for the Property excluding first storey showroom, third and fourth storey. As at the date of these financial statements, the application for the TOP for the first, third and fourth storey of the property is still ongoing.

The management is working with the relevant parties to take the necessary action for the issuance of the TOP for the first, third and fourth storey of the Property prior to 30 October 2015 in order to comply with the relevant authority's requirement. If Top for the first, third and fourth storey of the Property is not received by 30 October 2015, Cheong Fatt will seek extension with the relevant authorities. The outcome of the application for the TOP and the extension with the relevant authorities is uncertain and cannot be reliably determined and accordingly, no provision is made in the financial statements.

### Segment results

Performance of each segment is evaluated based on segment profit which is measured differently from the net (loss)/profit before tax in the consolidated financial statements. Corporate and finance expenses are not allocated to segments as these are managed on a group basis.

### Segment assets

The amounts provided to Management with respect to total assets are measured in a manner consistent with that of the financial statements. Management monitors the assets attributable to each segment for the purposes of monitoring segment performance and for allocating resources between segments. All assets are allocated to reportable segments other than corporate assets which are classified as unallocated assets.

### Segment liabilities

The amounts provided to Management with respect to total liabilities are measured in a manner consistent with that of the financial statements. All liabilities are allocated to the reportable segments based on the operations of the segments other than corporate liabilities, deferred tax liabilities, income tax payables, finance lease liabilities and borrowings which are classified as unallocated liabilities.

### Geographical segments

The revenue and non-current assets by geographical segments are based on the entity's country of domicile.

### (b) Financial risk management

The Group, in its normal course of business, is exposed to credit risk, interest rate risk, foreign currency risk and liquidity and cash flow risk. The overall business strategies of the Group, its tolerance for risk and its general risk management philosophy are determined by the management in accordance with prevailing economic and operating conditions. In determining its risk management policies, the management ensures that an acceptable balance is made between the cost of risks occurring and the cost of managing the risk.

There has been no significant change to the Group's exposure to these financial risks or the manner in which it manages and measures financial risks as compared to previous financial year.

#### *Credit risk*

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. For trade receivables, the Group adopts the policy of dealing only with customers of appropriate credit history. For other financial assets, the Group adopts the policy of dealing only with high credit quality counterparties.

Credit exposure to an individual counterparty is restricted by credit limits that are based on ongoing credit evaluation. The counterparty's payment profile and credit exposure are continuously monitored by management.

As the Group and Company do not hold any collateral, the maximum exposure to credit risk for each class of financial assets is the carrying amount of that class of financial asset presented on the balance sheets, except for a nominal amount of \$8,089 (2014: \$8,127) relating to corporate guarantees provided by the Company to financial institutions for banking facilities extended to subsidiaries as disclosed in Note 29(a).

The Group's and the Company's major classes of financial assets are cash and bank balances and trade and other receivables.

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 32. FINANCIAL INSTRUMENTS (CONTINUED)

### (b) Financial risk management (Continued)

#### *Credit risk (Continued)*

#### (i) Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are creditworthy debtors with good payment record with the Group. Cash and bank balances that are neither past due nor impaired are placed with reputable financial institutions. Therefore, credit risk arises mainly from the inability of its customers to make payments when due. The amounts presented in the balance sheets are net of allowances for impairment of trade receivables, estimated by management based on prior experience and the current economic environment.

#### (ii) Financial assets that are past due but not impaired

The age analysis of the trade receivables and amounts due from subsidiaries that are past due but not impaired is as follows:

|                        | Group          |                | Company        |                |

#### (iii) Financial assets that are past due and impaired

Trade receivables that are individually determined to be impaired at the balance sheet date relate to debtors that are in significant financial difficulties or have defaulted on payments. These receivables are not secured by any collateral or credit enhancements.

At the balance sheet date, the Group has provided the following impairments:

- (i) \$814,000 (2014: \$892,000) for its trade receivables (Note 17); and
- (ii) \$22,000 (2014: \$40,000) for its other receivables (Note 18).

The Company has provided for impairment of \$737,000 (2014: \$906,000) for its amounts due from subsidiaries at the balance sheet date.

#### *Interest rate risk*

The Group's policy is to obtain the most favourable interest rates available without increasing its interest rate risk exposure. The Group constantly monitors its interest rate risk and does not utilise forward contracts or other arrangements for trading or speculative purposes. As at 30 June 2015, there were no such arrangements, interest rate swap contracts or other derivative instruments that were outstanding.

The following table sets out the carrying amounts, by maturity of the Group's and the Company's financial instruments that are exposed to interest rate risk:

|  | Group          |                | Company        |                |

## 32. FINANCIAL INSTRUMENTS (CONTINUED)

### (b) Financial risk management (Continued)

#### *Interest rate risk (Continued)*

#### Sensitivity analysis on interest rate risk

The sensitivity analysis has been determined based on the exposure to interest rates for non-derivative instruments at the balance sheet date and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting periods in the case of instruments that have floating rates. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the possible change in interest rates. If the interest rates increase/decrease by 100 (2014: 100) basis point with all other variables being held constant, would not have a significant impact on the Group's and the Company's (loss)/profit for the current and previous financial years.

#### *Foreign currency risk*

The Group has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the respective functional currencies of the Group entities, primarily United States Dollar ("USD"), Euro ("EUR"), Hong Kong Dollar ("HKD"), Thai Baht ("THB"), Malaysian Ringgit ("MYR"), Singapore Dollar ("SGD") and Indonesian Rupiah ("INR"). As at the balance sheet date, there was no outstanding forward foreign exchange contracts.

The Group's significant foreign currency exposure is as follows:

Sensitivity analysis on foreign currency risk

The following table demonstrates the sensitivity to a 10% change in USD, against the respective Group entities' functional currencies at balance sheet date, with all other variables held constant, of the Group's (loss)/profit after tax and the Company's profit after tax. 10% is used in sensitivity analysis for reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign currency rates. The sensitivity analysis for the other foreign currencies is not disclosed as the impact on the Group's (loss)/profit after tax is not significant.

## 32. FINANCIAL INSTRUMENTS (CONTINUED)

### (b) Financial risk management (Continued)

#### *Liquidity and cash flow risk*

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposures to liquidity risk arise primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

The Group and the Company manage the liquidity risk by maintaining a level of cash and cash equivalents to enable them to meet their normal operating commitments and having an adequate amount of committed credit facilities.

The table below summarises the maturity profile of the Group's and the Company's financial liabilities at the balance sheet date based on contractual undiscounted payments.

## 33. FAIR VALUES OF ASSETS AND LIABILITIES

### (a) Fair value hierarchy

The tables below analyse the fair value measurements by the levels in the fair value hierarchy based on the inputs to the valuation techniques. The different levels are defined as follows:

- (a) Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities;
- (b) Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (ie derived from prices); and
- (c) Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The basis of determining fair values for disclosure at balance sheet date is disclosed in Note 12.

### (c) Assets and liabilities not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The carrying amounts of investment, trade and other receivables, current amounts due from subsidiaries, cash and cash equivalents, trade and other payables, amounts due to subsidiaries, short-term loans and borrowings and finance lease liabilities approximate their fair values due to the relatively short-term maturity of these financial instruments. The carrying amounts of non-current amount due from subsidiaries, long-term loans and borrowings and finance lease liabilities approximate their fair values as these financial instruments bear interest rates which approximate the market interest rates at the balance sheet date.

## 34. CAPITAL MANAGEMENT

The Group manages its capital to ensure that entities within the Group will be able to continue as a going concern while maximising the returns to stakeholders through the optimisation of the debt and equity balance.

In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return on capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings. No changes were made in the objectives, policies or processes during the financial years ended 30 June 2015 and 2014.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

## 34. CAPITAL MANAGEMENT (CONTINUED)

As disclosed in Note 27, a subsidiary of the Group is required to make appropriation to a legal reserve fund. This externally imposed capital requirement has been complied with by the subsidiary for the financial years ended 30 June 2015 and 2014.

The Group monitors capital using gearing ratio. The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as borrowings plus trade and other payables plus other liabilities, less cash and cash equivalents. Total capital is calculated as equity plus net debt. Equity includes equity attributable to equity holders of the Company less legal reserve fund.

#### AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without any modifications:

6. **Authority to allot and issue shares and/or convertible securities**

That pursuant to Section 161 of the Singapore Companies Act, Cap. 50 and Rule 806 of Section B of the Singapore Exchange Securities Trading Limited Listing Manual: Rules of Catalist (the "Catalist Rules"), the Directors of the Company be authorised and empowered to:

- (a) (i) issue shares in the capital of the Company ("shares") whether by way of rights, bonus or otherwise; and/or

## NOTICE OF THE FIFTEENTH ANNUAL GENERAL MEETING

- (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instruments made or granted by the Directors of the Company while this Resolution was in force,

provided that:

- (1) the aggregate number of shares (including shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution) to be issued pursuant to this Resolution shall not exceed one hundred per centum (100%) of the total number of issued shares (excluding treasury shares) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares (including shares to be issued in pursuance of the Instruments made or granted pursuant to this Resolution) to be issued other than on a pro rata basis to shareholders of the Company shall not exceed fifty per centum (50%) of the total number of issued shares (excluding treasury shares) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the Singapore Exchange Securities Trading Limited) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the total number of issued shares (excluding treasury shares) in the capital of the Company shall be based on the total number of issued shares (excluding treasury shares) in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
  - (a) new shares arising from the conversion or exercise of any convertible securities;
  - (b) new shares arising from the exercising of share options or vesting of share awards which are outstanding or subsisting at the time of the passing of this Resolution, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and
  - (c) any subsequent bonus issue, consolidation or subdivision of shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the Singapore Exchange Securities Trading Limited) and the Articles of Association, for the time being, of the Company; and

## NOTICE OF THE FIFTEENTH ANNUAL GENERAL MEETING

- (4) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier.

[See Explanatory Note (ii)]

**(Resolution 7)**

### 7. **Authority to allot and issue shares under the CFM Performance Share Plan**

That pursuant to Section 161 of the Singapore Companies Act, Cap. 50, the Directors of the Company be and are hereby authorised to grant awards in accordance with the provisions of the CFM Performance Share Plan (the "Plan") and to allot and issue from time to time, such number of shares in the capital of the Company as many be required to be issued pursuant to the vesting of awards under the Plan, provided the total number of new share which may be issued pursuant to awards granted under the Plan shall not exceed 15% of the issued shares of the Company (excluding any shares held in treasury) from time to time and that such authority shall, unless revoked or varied by the Company in a general meeting , continue in force until the conclusion of the next Annual General meeting of the Company or the date by which the next annual General Meeting of the Company is required by law to be held, whichever is earlier.

[See Explanatory Note (iii)]

**(Resolution 8)**

By Order of the Board

Kenneth Leong,  
Company Secretary  
Singapore,  
12 October 2015

# NOTICE OF THE FIFTEENTH ANNUAL GENERAL MEETING

## Explanatory Notes:

- (i) Mr Ip Kwok Wing, upon re-election as a Director of the Company, will remain as the Chairman of the Board.

Mr Er Kwong Wah, upon re-election as a Director of the Company, will remain as the Chairman of the Remuneration Committee, and as a member of the Audit and Nominating Committees and will be considered independent for the purposes of Rule 704(7) of the Catalist Rules of the SGX-ST.

Kenneth Ip Yew Wa, upon re-election as a Director of the Company, will remain as the Executive Director of the Company.

- (ii) The Ordinary Resolution 7, if passed, will authorise the Directors of the Company from the date of this Annual General Meeting until the date of the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares, make or grant instruments convertible into shares and to issue shares pursuant to such instruments, up to a number not exceeding, in total, hundred per cent (100%) of the issued shares (excluding treasury shares) in the capital of the Company, of which up to fifty per cent (50%) may be issued other than on a pro-rata basis to existing shareholders of the Company.

For determining the aggregate number of shares that may be issued, the percentage of issued shares in the capital of the Company will be calculated based on the issued shares (excluding treasury shares) in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for new shares arising from the conversion or exercise of the Instruments or any convertible securities, the exercise of share options or the vesting of share outstanding or subsisting at the time when this Ordinary Resolution is passed and any subsequent consolidation or subdivision of shares.

- (iii) The Ordinary Resolution 8, if passed, will authorise the Directors of the Company to grant awards under the Plan in accordance with the provisions of the Plan and pursuant to Section 161 of the Companies Act, Cap. 50, to allot and issue shares under the Plan.

The total number of new shares which may be issued pursuant to awards granted under the Plan shall not exceed fifteen per cent (15%) of the issued Shares of the Company (excluding any shares held in treasury) on the day shareholders approve the Plan, provided always that the total number of new shares which may be issued pursuant to awards granted under the Plan when aggregated with the aggregate number of shares which may be granted under any other share plan or share option scheme shall not exceed any limits prescribed by the SGX-ST.

## Notes:

1. A member of the Company entitled to attend and vote at the Annual General Meeting of the Company is entitled to appoint one or two proxies to attend in his/her stead. A proxy need not be a member of the Company.
2. A member of the Company which is a corporation is entitled to appoint its authorised representatives or proxies to vote on its behalf.
3. The instrument appointing a proxy must be deposited at the Registered Office of the Company at 4 Ang Mo Kio Avenue 12, #05-01, CFM Building, Singapore 569498 not less than 48 hours before the time appointed for the Annual General Meeting.

**Notes:**

1. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (as defined in Section 130A of the Companies Act, Chapter 50 of Singapore), you should insert that number of shares. If you have shares registered in your name in the Register of Members, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the shares held by you.
2. A member of the Company entitled to attend and vote at a meeting of the Company is entitled to appoint one (1) or two (2) proxies to attend and vote in his/her stead. A proxy need not be a member of the Company.
3. Where a member appoints two (2) proxies, the appointments shall be invalid unless he/she specifies the proportion of his/her shareholding (expressed as a percentage of the whole) to be represented by each proxy.
4. Completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the Meeting.
5. The instrument appointing a proxy or proxies must be deposited at the registered office of the Company at 4 Ang Mo Kio Avenue 12, #05-01, CFM Building, Singapore 569498 not less than 48 hours before the time appointed for the Meeting.
6. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument, failing which this instrument appointing a proxy shall be treated as invalid.
7. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Meeting, in accordance with Section 179 of the Companies Act, Chapter 50 of Singapore.

**General:**

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 48 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.

**Personal Data Privacy**

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of Meeting dated 12 October 2015.
