Singapore, 25 February 2026 – SGX Catalist-listed Abundance International Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) today announced its results for the full year ended 31 December 2025 (“**FY2025**”).

Comparing FY2025 to the full year ended 31 December 2024 (“**FY2024**”):

- Revenue decreased by US\$236.9 million to US\$492.8 million from US\$729.7 million
- LBITDA of US\$7.7 million down by US\$9.8 million from EBITDA of US\$2.1 million
- Loss after tax of US\$9.1 million down by US\$9.4 million from profit after tax of US\$0.3 million

The decrease in revenue is mainly due to the weaker global economic outlook in FY2025 resulting in reduced customer demand as well as a drop in the average selling price of chemical products as compared to FY2024.

Managing Director, Mr Sam Kok Yin said, “In view of the significant loss for FY2025, we have undertaken cost-cutting measures at the OSC Group and thoroughly reviewed our business strategy in order to return to profitability for FY2026.”

Mr Sam added, “Separately, as announced on 20 May 2025, we have completed the sale of our 12.74% equity in the Sunrise Group for a gross value of RMB62 million (approximately US\$8.7 million). Our original investment cost was RMB20 million in 2019.

We will continue to explore and evaluate other investment opportunities, striking a balance between long- and short-term investments. As the Group has excess cash from the disposal of Sunrise Group, notwithstanding the loss for FY2025, the Company has declared a dividend of \$0.0004 (0.04 Singapore cents) per ordinary share, subject to shareholders’ approval.”
