CAPITAL INJECTION INTO MASIRAH OIL LTD

The Board of Directors (the “**Board**”) of Rex International Holding Limited (the “**Company**” or “**Rex**”, and together with its subsidiaries, the “**Group**”) wishes to inform that Rex Oman Ltd (“**Rex Oman**”), an indirect wholly-owned subsidiary of the Company, had on 30 December 2016, been informed by Masirah Oil Ltd (“**MOL**”) of the completion of the allocation made on 16 December 2016, of Rex Oman’s full subscription of 20,000 new MOL shares at USD 400 per share, for a total amount of USD 8,000,000, as capital injection into MOL (“**Capital Injection**”). Of the 20,000 new MOL shares, 1,000 shares were part of Rex Oman’s carry commitment to Schroder & Co Banque S.A.’s 5% shareholding in MOL, as stated in the Company’s announcement dated 7 June 2016. The MOL subscription was open to all shareholders of MOL of which only Rex Oman decided to participate.

The Capital Injection was necessary to allow MOL to pursue its drilling activities and continue its operations in Oman, as well as for general working capital requirements; and was fully satisfied in cash by Rex Oman.

The issue price of USD 400 per MOL share was arrived at on a willing seller willing buyer basis, taking into consideration MOL’s unaudited net assets value/net tangible asset value of USD 94.86 million as at 30 September 2016 and its growth potential, given that it is the operator and 100% owner of the Block 50 Oman concession.

The Board considers the Capital Injection to be in the interest of and beneficial to the Group as MOL is the operator and holds 100% ownership in the close to 17,000 sq km Block 50 Oman concession, which has been identified as one of the Group’s main focus going forward. The Board is of the view that MOL has high potential for growth, as the discovery made in the concession in early 2014 was the first offshore discovery east of Oman, after 30 years of exploration activity in the area.

Pursuant to the completion of the Capital Injection, Rex Oman now holds 37,468 MOL shares, representing approximately 85.15% direct interest in the enlarged issued and paid-up share capital of MOL. Lime Petroleum Plc (“**Lime**”), Petroci Holdings and Schroder & Co Banque S.A. hold the remaining 1.45%, 8.39% and 5.00% interest in the enlarged issued and paid-up share capital of MOL, respectively. The Company holds 65% in Lime, an indirectly held jointly-controlled entity. Accordingly, the Group’s effective interest in MOL has increased from approximately 78.68% to 86.09%.

Note: The sum of the shareholding percentages in MOL does not total 100% due to rounding.
