CELEBRATING

# 50 YEARS

## of Business Excellence!

We have come a long way together with Singapore, our motherland, in building our nation through 50 years of diligence and sheer commitment. With the same one vision, our team at the helm of the Group has helped shape the skyline of our country and shares the Singapore dream together with all our customers, business associates and staff alike. Today, we celebrate our Golden Jubilee year with this dream and we are forging forward to another 50 years of team and nation building for our country locally and abroad.

With these strengths, we are confident of excelling and growing our organisation to achieve shareholder satisfaction.

# OUR CORPORATE PROFILE

Listed on SGX Mainboard in August 1994, Koh Brothers Group Limited ("Koh Brothers" or "the Company", and together with its subsidiaries, "the Group") is a well-established construction, property development and specialist engineering solutions provider, which was started as a sole proprietorship in 1966 by Mr Koh Tiat Meng. Today, the Group has more than 40 subsidiaries, joint venture companies and associated companies spread over Singapore, PRC, Indonesia and Malaysia.

Over the years, the Group has undertaken numerous construction and infrastructure projects with its A1 grading by the Building and Construction Authority ("BCA"). It is currently the highest grade for contractors' registration in this category and allows us to tender for public sector construction projects of unlimited value. In addition, the Group has developed a name for itself as a niche real estate developer, with an established reputation for quality and innovation.

Koh Brothers' diversified businesses have created multiple revenue streams, with operating synergies arising from three core areas:

- **Construction and Building Materials**
- **Real Estate**
- **Leisure & Hospitality**

## Construction

Our Construction division provides a complete and diverse range of infrastructure and building project management, products, services and solutions for the construction industry. Recent projects undertaken include a joint venture with Samsung C & T Corporation for a S\$1.12 billion contract for the development of a three-runway system at Changi Airport, the development of an executive condominium project at Westwood Avenue, the erection of a single-storey and single-user workshop at Tuas South Street 6, the HDB building works at Yishun Neighbourhood 6 Contract 19 and Neighbourhood Park, the PUB Bukit Timah First Diversion Canal Contract 2, the Used Water Lift Station at Jurong Water Reclamation Plant, the Design and Build Contract for the Proposed Retention Pond, Drainage and Backfilling Works at Singapore Changi Airport and the improvement to Kallang River between Bishan Road and Braddell Road project.

Some of our recently completed projects include the Bugis MRT Station (Downtown Line 1) and the Punggol Waterway.

## Building Materials

Our Building Materials division provides total ready-mix concrete solutions to the construction industry. The supply chain includes cement, ready-mix concrete, equipment rental and various types of products such as pre-cast elements and interlocking concrete blocks.

## Real Estate

Our Real Estate division provides quality property developments with specialised themes at choice locations. Koh Brothers Development Pte Ltd established in 1993, is our wholly-owned flagship company for this division.

Some of our current development projects include the development of an executive condominium at Westwood Avenue.

Our recent completed development projects include a 486-unit Parc Olympia in Flora Drive, a 175-unit Lincoln Suites located in Kiang Guan Avenue off Newton Road and a 53-unit Lumos in Leonie Hill.

## Leisure & Hospitality

Our Leisure & Hospitality division provides 'no-frills' hospitality services through the Oxford Hotel brand name. Oxford Hotel (with more than 130 rooms) is located in the heart of the city, and is close to major tourist attractions and the central business district in Singapore. It is a favourite choice among tourists and business travellers.

# EXECUTIVE CHAIRMAN'S MESSAGE

## DEAR SHAREHOLDERS

2015 was a significant year as a nation and we are very proud to have soared in tandem with Singapore for the past 50 years. Like Singapore, we had humble beginnings but grew because of a team with an enterprising spirit and sheer diligence. We also take pride that we have contributed to the shaping of Singapore's skyline such as Changi Airport Group (CAG) three-runway system, Kallang Waterway system, the Marina Barrage, Changi Airport Retention Pond and Punggol Waterway. We will continue to do so with the clinching of eminent projects.

## TOWARDS NEXT 50 YEARS OF EXCELLENCE CONSTRUCTION & BUILDING MATERIALS

Our beginnings were tough but our can-do attitude helped us to achieve much despite difficult circumstances as we progressed towards our 50<sup>th</sup> year. The growth of the construction division has further cemented our stature in the industry through our innovative practices and productivity measures. The division was able to achieve a 10.2% growth in revenue in FY2015.

During the year under review, we secured a S\$1.12 billion contract from CAG with our joint venture partner, Samsung C&T Corporation. This forms another corporate milestone as the largest contract secured by the Group to date. With Koh Brothers' share of the project, our construction order book stood at S\$590.7 million as at 31 December 2015. We will tap on our strength in civil engineering and specialised capabilities in drainage work for the upcoming construction of the runway's canals and drainage systems. Our track record for Punggol Waterway and Geylang River, amongst others, will stand us in good stead to manage this project well.

In addition, we were awarded the Kallang Waterway project worth S\$86.3 million by the PUB. This again is a strong testament of our capabilities and track record in building and civil engineering works. The project will transform Kallang River into a scenic park by the canal.

We recently announced that we intend to inject our flagship construction arm, Koh Brothers Building & Civil Engineering Contractor (Pte.) Ltd. ("KBCE") into our listed subsidiary, Koh Brothers Eco Engineering Limited ("KB Eco"), for S\$19.0 million. We plan to expand regionally with an enlarged KB Eco, offering turnkey engineering solutions with greater cost efficiencies.

On the construction outlook through to 2020, demand is expected to remain strong as forecasted by the BCA. With our proven track record, an enhanced business and strengthened capabilities, the Group is confident of capitalising on the expected industry growth to seek out larger projects for our next phase of growth.

## REAL ESTATE, LEISURE & HOSPITALITY

The Group recorded a fair value gain on an investment property – Sun Plaza – following the completion of an asset enhancement exercise. With the enhanced tenant mix coupled with the mall's improved direct accessibility from Sembawang MRT station, the refreshing retail concept with expanded lettable space has offered a refreshing retail experience for consumers.

Both Oxford Hotel and Alocassia Serviced Apartments have undergone facelifts to enhance the experience of guests. The Downtown Line Stevens MRT station was also opened recently. This has enhanced the convenience factor of Alocassia due to its close proximity to the MRT station. Our guests will therefore be able to get to the heart of Orchard Road within minutes. We are confident that both properties will contribute even more to the sector by providing exceptional value to discerning guests.

A more subdued property market is to be expected as there are no changes to the property cooling measures. We are cognizant of the outlook and will continue to innovate in order to differentiate our residential properties from others. We have achieved a more balanced asset portfolio over the years and are pleased that our property investments, which include commercial and leisure properties, will increase our stream of recurring income especially after the recent asset enhancement exercises.

## CORPORATE SOCIAL RESPONSIBILITY

We remain committed to giving back to the society and have continued to be active in supporting various organisations such as the Singapore Children's Society (Participating Enterprise - the 1000 Enterprises for Children-In-Need Programme), SPD Charity HongBao Donation Drive 2016, National Crime Prevention Council, Students' Care Service and other charitable organisations.

## SOARING ONWARD

Fifty years of commitment to innovative construction and building material solutions have led us to soar higher. We will continue our efforts in transforming our nation's landscape through quality work and inventive ways. Our core competencies in building and civil engineering works have won us many projects and will continue to do so.

Given the escalating costs, we remain cautiously optimistic on the construction industry. Riding on our capabilities and proven track record, we are well-positioned to capitalise on the expected growth in construction demand. The Group will continue to invest in innovative construction technology and increase productivity to remain competitive.

## PROPOSED DIVIDENDS

It has been another successful year for us. I am therefore pleased to advise that we are proposing a tax-exempt, one-tier special dividend of 0.30 cent, in addition to a final dividend of 0.50 cent, payable on 16 June 2016 after approval by shareholders at the forthcoming Annual General Meeting.

## REMEMBERING MR LEE KHOON CHOY

We want to remember Mr Lee Khoon Choy, the Lead Independent Director of the Company, who passed away on 27 February 2016. The Board and Management is deeply grateful to Mr Lee's leadership, invaluable contribution and commitment over the years. Mr Lee had been appointed to the Board as an Independent Director on 30 July 1994 and was an inspiring pioneer who was well-loved by many.

## OUR GRATITUDE

We have come this far because of your belief in us. Our success is indicative of the support and trust of our shareholders, business associates, customers, management and staff. We thank you for your commitment and we look forward to soaring even greater heights with your support and guidance.

# OPERATIONS REVIEW BY MANAGING DIRECTOR & GROUP CEO

2015 heralded a special jubilee celebration for us as a nation. It is a year of significance and I am proud of our achievements for FY2015 despite its challenges. We are pleased to announce an 8% growth in turnover to S\$427.3 million for FY2015. The Group's profit before tax increased by 8% to S\$36.6 million. Profit attributable to equity holders of the Company amounted to S\$27.9 million.

Amidst a challenging operating environment, we are pleased to have sustained our revenue growth. All business divisions have shown a healthy growth with the construction division taking the lead. We will continue to fine-tune our corporate strategy, sharpen our competitive niche and improve productivity through greater adoption of technology and innovation to increase margin efficiency.

## CONSTRUCTION AND BUILDING MATERIALS DIVISIONS

The sector continues to see the tightening of manpower policy thus fostering the need to improve productivity. Our Construction and Building Materials Division has continued its strong performance with revenue of S\$283.2 million, contributing to 66% of the total revenue.

To further enhance business efficiencies, the Group is proposing to combine the resources of KB Eco with KBCE to reap synergies and sharpen its competitive edge to tap opportunities in the water, wastewater treatment and hydro-engineering sectors and beyond. With the restructuring, the enlarged KB Eco will also offer turnkey engineering solutions with greater cost efficiencies from shared overheads with KBCE.

Having won the contracts for the CAG runway project and Kallang Waterway, our core competencies in drainage works and soil improvement are well recognised. With the CAG runway project worth S\$1.12 billion, through a joint venture with Samsung C&T Corporation, our construction order book as at 31 Decmber 2015 stood at S\$590.7 million.

The Kallang Waterway project will be the Group's fifth Active, Beautiful, Clean (ABC) Waters project and is targeted for completion in 2018. Works will include the construction of a new park connector, design and construction of a park parallel to the proposed park connector, complete with supporting amenities such as cantilevered decks and seating to allow people to get closer to the water and enjoy the waterfront views. The S\$86.3 million contract from the PUB will transform a 1.8km section of the Kallang River.

Our ongoing projects such as the Bukit Timah Diversion Canal, Westwood Executive Condominium and Vine Grove @ Yishun are progressing well. During the year, we also saw the completion of Changi Airport Retention Pond project, Jurong Water Reclamation Plant and Parc Olympia Condominium.

The Group will continue to leverage on its capabilities and construction expertise to tender for suitable projects and further our milestones. BCA expects construction demand to be between S\$27 billion and S\$34 billion in 2016, and between S\$25 billion and S\$37 billion each year from 2017 to 2020, with an increased demand for civil engineering projects.

## REAL ESTATE AND LEISURE & HOSPITALITY DIVISIONS

The Real Estate Division continued to grow with a revenue of S\$140.6 million, accounting for 33% of the Group's total revenue. This growth signifies the right strategies in offering quality establishments against a muted economic climate with depressed property prices.

During the year, Parc Olympia Condominium attained its TOP status whilst sales of Westwood Executive Condominium continues to progress steadily. As a seasoned themed-lifestyle developer, our track record in residential developments will see more exciting offerings.

We saw a slight increase in our revenue from the Leisure & Hospitality Division to S\$3.6 million, boosted by a 0.9% year on year increase in visitor arrivals.

Both property investments – Oxford Hotel and Alocassia Serviced Apartments have completed the respective facelifts. The recent opening of the Downtown Line Stevens MRT station has placed Alocassia in an even more strategic position to bring greater convenience to all guests.

## IN CONCLUSION

The Group's performance in FY2015 has been encouraging. This was attributed to synergies with our partners, between business units and innovative practices which increased productivity.

The start of 2016 has been discouraging to the economy in general. While 2016 will bring on more challenges, we believe our core competencies and perseverance will continue to be a differentiating factor.

Without a doubt, the contribution by our employees, business associates and partners have steered us forward and we are grateful for their trust and hard work. We would also like to extend our gratitude to our shareholders and investors whose support has spurred us to achieve higher gains.

## CORPORATE SOCIAL RESPONSIBILITY

Responsibility is one of Koh Brothers' core values and this permeates everything, including our philosophy towards the society in which we operate. As a home-grown organisation, we believe our achievement today will not have been possible without the help of the people who collectively made up Singapore. As such, we believe in giving back to the society and are deeply committed to our Corporate Social Responsibility. Our efforts include but are not limited to a few key areas, which include corporate philanthropy, volunteerism, the environment and corporate sponsorship.

We remain committed to giving back to the society and have continued to be active in supporting various organisations such as the Singapore Children's Society (Participating Enterprise – the 1000 Enterprises for Children-In-Need Programme), SPD Charity HongBao Donation Drive 2016, National Crime Prevention Council, Students' Care Service, Singapore Red Cross Society and other charitable organisations.

We have also sponsored the movie "Long Long Time Ago" which was a hit and showcased Singapore in the earlier days.

### Preparing Our Youths for the Future

Koh Brothers is also a firm believer of education when it comes to preparing the nation for the future. We are extremely proud to declare we have been participating for many years in the BCA Industry Built Environment Scholarship programme. This programme is a joint effort between BCA and leading players in the building and construction industry to help train, shape and mould future industry leaders by providing aspiring and capable young people an opportunity to embark on a challenging and rewarding career in the building and construction industry.

# REPORT ON CORPORATE GOVERNANCE

The board of directors (the “Board”) of Koh Brothers Group Limited (the “Company”) is committed to ensuring that a high standard of corporate governance is practiced throughout the Company and its subsidiaries (the “Group”). The Board believes that good corporate governance enhances shareholder value, corporate performance and accountability. This report discloses the corporate governance framework and practices that the Company has adopted, with specific reference to the principles and guidelines of the Code of Corporate Governance 2012 (the “Code”). Where the Company’s practices differ from the recommendations under the Code, the deviations are explained in this report. The Board will continue to review the corporate governance policies regularly in order to further add value to stakeholders and enhance investor confidence.

## 1 BOARD MATTERS

### Guideline [“GL”]

#### The Board’s Conduct of Affairs

**Principle 1** *Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the long-term success of the company. The Board works with Management to achieve this objective and Management remains accountable to the Board.*

The Board comprises the following 9 directors, 4 of whom are executive, 1 of whom is non-executive and non-independent, and the rest are independent:

GL 1.1

Mr Koh Tiat Meng (Executive Chairman)

Mr Koh Teak Huat (Executive Deputy Chairman)

Mr Koh Keng Siang (Managing Director & Group CEO)

Mr Koh Keng Hiong (Executive Director and Deputy CEO (Real Estate and Leisure & Hospitality divisions))

Mdm Quek Chee Nee (Non-Executive Director and Non-Independent Director)

Mr Ling Teck Luke (Independent Director)

Mr Lai Mun Onn (Independent Director)

Mr Gn Hiang Meng (Independent Director)

Er Dr Lee Bee Wah (Independent Director)

The Board assumes full responsibility for stewardship of the Group. Its primary objective is to protect and enhance shareholder value. The Board’s role is to:

- provide entrepreneurial leadership, set strategic objectives, and ensure that the necessary financial and human resources are in place for the Company to meet its objectives
- establish a framework of prudent and effective controls which enables risks to be assessed and managed (including safeguarding shareholders’ interests and the Company’s assets)
- approve major investment and funding decisions
- review and evaluate Management’s performance
- set the Company’s values and standards
- consider sustainability issues (eg: environmental and social factors) as part of its strategic formulation

All directors are expected to objectively discharge their duties and responsibilities, and consider the interests of the Company at all times.

GL 1.2

The Board has established the following committees which assist the Board in executing its duties (but without abdicating its responsibility) according to clearly defined terms of references:

GL 1.3

- Executive Committee (“EC”)
- Audit and Risk Committee (“ARC”)
- Nominating Committee (“NC”)
- Remuneration Committee (“RC”)
- Share Purchase Committee (“SPC”)

The Board delegates the formulation of business policies and day-to-day management to the Managing Director & Group CEO and the executive directors.

The EC comprises 4 executive directors. It is responsible for the supervision and management of the Group’s core businesses. The EC reviews and monitors budgets and management reports on financial performance, position and prospects of the Group.

The SPC comprises 3 independent directors. It is responsible for all decision making relating to share repurchases.

Details of the ARC, NC and RC are set out in other sections of this report.

## REPORT ON CORPORATE GOVERNANCE

The Board meets at least 4 times a year and convenes additional meetings when warranted by particular circumstances.

A record of the directors' attendance at Board and its committee meetings during the financial year ended 31 December 2015 ("FY2015") is disclosed below.

<sup>2</sup> Er Dr Lee Bee Wah was appointed to the Board on 1 July 2015.

GL 1.4

The Board is of the view that the contributions of each director should not be based only on his attendance at Board and Board committee meetings. A director's contributions may also extend beyond the formal environment of Board meetings, through sharing of views, advice, experience and strategic networking relationships which would further the interests of the Group. Any director who is unable to attend a Board or Board committee meeting will still receive meeting papers for discussion. He will also have the opportunity to convey any views to the Executive Chairman and other directors for consideration and decision making.

The Company's constitution allows directors to consider and approve resolutions by written means. It does not allow for telephonic and video-conference meetings. The Board will seek shareholders' approval for amending the Company's constitution to allow for telephonic attendance and video-conferencing, if warranted in the future.

The Company has adopted internal controls and guidelines setting forth matters that are reserved for the Board's decision. These matters relate, *inter alia*, to:

GL 1.5

- (a) corporate or financial restructurings
- (b) material acquisitions and disposals of assets which are outside the ordinary course of business
- (c) dividend payments
- (d) financial results announcements
- (e) bank borrowings and provision of corporate guarantees

The Board also approves transactions exceeding certain threshold limits, while delegating authority for transactions below those limits to the Board committees and the Management via a structured delegation of authority matrix (ie: Group Limits of Authority), which is reviewed, and revised when necessary.

# REPORT ON CORPORATE GOVERNANCE

The Group Limits of Authority provides clear guidance and directions to the Management on matters requiring the Board's specific approval. These matters include but are not limited to:

- (a) material acquisition and disposal of assets/investments
- (b) corporate/financial restructuring/corporate exercises
- (c) budgets/forecasts
- (d) material financial/funding arrangements and expenditures

The Company has in place an orientation programme for all newly appointed directors. This is to ensure that they are familiar with the Group's structure, business and operations, corporate governance practices, and their duties as directors.

GL 1.6

The Board is updated on relevant new laws, regulations and changing commercial risks from time to time. Directors are encouraged to attend training sessions, courses and seminars conducted by external consultants and institutions at the Company's expense. The Managing Director & Group CEO will update the Board on the Group's business and strategic developments at each meeting.

In 2015, members of the ARC attended a briefing session conducted by PricewaterhouseCoopers LLP (the Company's external auditor) on the developments in financial reporting and governance standards.

Each newly appointed director will receive a formal letter of appointment, setting out among other things, his duties and obligations. In addition, an information pack containing the Group's organisation structure, constitution, Management's contact details and recent minutes of Board meetings will be provided to the director.

GL 1.7

## Board Composition and Guidance

**Principle 2** *There should be a strong and independent element on the Board, which is able to exercise objective judgment on corporate affairs independently, in particular, from Management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the Board's decision making.*

Following the demise of Mr Lee Khoon Choy (the Company's lead independent director) who sadly passed away on 27 February 2016, the current Board comprises 9 members. Out of whom, 4 are

GLs 2.1 and 2.2

independent directors. The Board is currently identifying a suitable candidate to fill the vacancy left by Mr Lee. This will ensure that there is a strong and independent element on the Board, with independent directors making up at least half of the Board.

The independence of each director is assessed and reviewed annually by the NC. In its deliberation as to the independence of a director, the NC takes into account examples of relationships as set out in the Code, considers whether the independent director has business relationships with the Group, and if so, whether such relationships could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent judgment.

GL 2.3

Each independent director is required to complete a director's independence checklist annually. This checklist is drawn up based on the guidelines provided in the Code. All independent directors must also confirm whether they consider themselves independent despite not having any relationship as identified in the Code. The NC assesses and reviews the independence of each director based on these guidelines before presenting its recommendations to the Board for consideration and endorsement.

During the financial year under review, the Group had received notarial public and commissioner for oaths services rendered from M/s Lai Mun Onn & Co ("LMOC"), of which Mr Lai Mun Onn has an interest. The Board is of view that Mr Lai's independence has not been compromised as the aggregate value of the transactions during FY2015 was not significant in the context of both the Company's and LMOC's revenues. The Board believes that Mr Lai is able to exercise strong independent judgement in his deliberations and act in the interests of the Company.

Based on the NC's review and recommendations, the Board has determined that the following directors are considered independent:

Mr Ling Teck Luke  
Mr Lai Mun Onn  
Mr Gn Hiang Meng  
Er Dr Lee Bee Wah

Both Mr Ling Teck Luke and Mr Lai Mun Onn have served on the Board for more than 9 years. The Board had conducted a rigorous review on their status and considered both of them to be independent

GL 2.4

# REPORT ON CORPORATE GOVERNANCE

directors of the Company. Both Mr Ling and Mr Lai have consistently exercised strong independent judgement in their deliberations. The Board believes that they have acted and continue to act in the best interests of the Company. In addition, their knowledge, experience and contributions have been valuable to the Company.

The Board, having examining the scope and nature of the Group's business and operations, is of the view that the current Board size (with a vacancy left by the late Mr Lee Khoon Choy) is appropriate for facilitating effective decision making. The Board will restructure the Board's and its committees' compositions, if warranted, to meet the changing needs and demands of the Group's business and operations.

Directors have been appointed based on the strength of their calibre, expertise and experience. Board members comprise business leaders and professionals with finance, legal and industry knowledge. The Board, in concurrence with the NC, is satisfied that the Board has the appropriate mix of expertise and experience, and collectively possesses the necessary core competencies to lead and govern the Group effectively.

The Board currently comprises 5 non-executive directors (of whom 4 are independent directors) who constructively challenge and help develop strategies for the Group. The non-executive directors also review the performance of the Management in meeting agreed goals and objectives, and monitor the reporting of performance.

The independent directors meet up at least once annually, without the presence of the Management to facilitate a more effective check on the Management.

## Chairman and Chief Executive Officer

**Principle 3** *There should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the Company's business. No one individual should represent a considerable concentration of power.*

Mr Koh Tiat Meng is the Executive Chairman of the Board of the Company. The Board has appointed Mr Koh Keng Siang, who is the

eldest son of the Executive Chairman, as the Managing Director & Group CEO.

As the Managing Director & Group CEO assists the Executive Chairman in his work from time to time, the Board is of the view that it may not be in the best interests of the Company for the division of responsibilities between the Executive Chairman and the Managing Director & Group CEO to be clearly established and set out in writing. This is to ensure that the decision-making process of the Group would not be hindered unnecessarily.

Nonetheless, both the Executive Chairman and the Managing Director & Group CEO have executive responsibilities for the Group's businesses and operations, and are accountable to the Board. All major business proposals and decisions made by the Executive Chairman and the Managing Director & Group CEO are discussed and reviewed by the Board.

The Executive Chairman (assisted by the Managing Director & Group CEO) is responsible for the Board's proceedings. He leads the Board to ensure its effectiveness on all aspects of its roles; promotes a culture of openness and debates at the Board meetings; facilitates effective communication with shareholders; encourages constructive relations within the Board and between the Board and Management; and facilitates effective contribution of directors. With the assistance of the Company Secretary, he sets the agenda and ensures that the Board members are provided with complete, adequate and timely information of all agenda items, in particular strategic issues.

With the support of the entire Board, the Management and the Company Secretary, the Executive Chairman (assisted by the Managing Director & Group CEO) takes a lead role in the Company's desire to achieve and maintain high standards of corporate governance.

As the Executive Chairman and Managing Director & Group CEO are immediate family members, the Board had in 2014 appointed the late Mr Lee Khoon Choy as the lead independent director whom shareholders could approach when they had concerns and for which contact through the normal channels of the Executive Chairman, the Managing Director & Group CEO, or the Chief Financial Officer had failed to resolve or was inappropriate. The Board will be appointing a new lead independent director once it has identified a suitable candidate.

## Board Membership

**Principle 4**      ***There should be a formal and transparent process for the appointment and re-appointment of directors to the Board.***

The NC comprises the following members, the majority of whom, including the Chairman, are non-executive and independent:

GL 4.1

Mr Ling Teck Luke (Chairman)

Mr Lai Mun Onn

Mr Gn Hiang Meng

Mr Koh Keng Siang

The late Mr Lee Khoo Choy, the former lead independent director, was not appointed a member of the NC during the year under review. The Board was of the view that the then composition of the NC was sufficient and was able to carry out its duties and responsibilities delegated by the Board. The Board will consider doing so when the new lead independent director has been duly identified and appointed.

The primary purpose of the NC is to make recommendations to the Board on all Board appointments. Its role is, *inter alia*, to

- review board succession plans for the directors, in particular, the Executive Chairman and the Managing Director & Group CEO
- ensure that a process for evaluating the performance of the Board, its Board committees and directors is in place
- review training and professional development programs for the Board
- make recommendations on the appointment and re-appointment of directors

The NC ensures that the Board has the right balance of skills, knowledge and experience critical to the Group's business and evolving needs. Important issues that are also considered by the NC for the appointment and re-appointment of directors include the current Board's composition and each director's contributions.

GL 4.2

Pursuant to Article 109 of the Company's constitution, one-third of the directors (other than the Managing Director) shall retire from office at every annual general meeting ("AGM") provided always that each director (except the Managing Director) is required to retire from office at least once in every three years. A retiring director is eligible to offer himself for re-election.

Article 119 of the Company's constitution provides that a newly appointed director is required to retire and submit himself for re-election at the AGM following his appointment. Thereafter, he is subject to re-election at least once every three years.

The NC assesses annually whether or not a director is independent based on the guidelines set out in the Code and any other salient factors.

GL 4.3

The Board is of the view that directors who have multiple board representations have devoted sufficient time and attention to the affairs of the Group. Their multiple board representations have not hindered their ability to carry out their duties as directors of the Company. Such multiple board representations of the directors benefit the Group as the directors are able to bring with them the experience and knowledge obtained from such board representations in other companies. In view of this, the Board has not determined the maximum number of listed company board representations which any director may hold.

GL 4.4

The Board does not encourage the appointment of alternate directors. No alternate director is currently being appointed to the Board.

GL 4.5

# REPORT ON CORPORATE GOVERNANCE

The Board has adopted a process for the selection, appointment and re-appointment of directors. The NC reviews the composition of the Board and Board committees periodically. It assess and shortlists candidates (sourced through contacts, recommendations or recruitment consultants) for a new position on the Board when a need arises. It is also the Company's policy for the purpose of self-renewal, to promote suitable key management staff to the Board in recognition of their achievements and past contributions to the Company. Upon identifying such candidates, Board members are welcome to make a proposal to the NC for its members' consideration.

In appointing and re-appointing directors, the Board considers the range of skills and experience required in the light of:

- the geographical spread and diversity of the Group's business
- the strategic direction and progress of the Group
- the current composition of the Board
- the need for independence

Final approval of a candidate for either an appointment or re-appointment is determined by the Board. The successful candidate is then appointed as a director of the Company in accordance with the Company's constitution.

The following directors are due for retirement, and will be offering themselves for re-election /re-appointment at the forthcoming AGM:

Mr Koh Tiat Meng  
Mdm Quek Chee Nee  
Mr Ling Teck Luke  
Mr Koh Keng Hiong  
Mr Gn Hiang Meng  
Er Dr Lee Bee Wah

Key information on the directors is set out under the "Board of Directors" section of the Annual Report.

GL 4.6

GL 4.7

## Board Performance

**Principle 5** *There should be a formal assessment of the effectiveness of the Board as a whole and its board committees and the contribution by each director to the effectiveness of the Board.*

The Board has implemented a process for assessing its effectiveness as a whole and for assessing the contribution by each director to the effectiveness of the Board and its Board committees.

GL 5.1

The NC reviews appraisal forms as part of the process adopted to assess the effectiveness of the Board and its Board committees. The outcomes of the appraisal exercise are presented to the Board for its evaluation with a view to enhance the effectiveness of the Board and its Board committees.

Each NC member shall abstain from voting on the resolution in respect of the assessment of his performance or re-nomination as a director.

The Board holds the belief that the Group's performance and that of the Board are directly related.

GL 5.2

The NC reviews the Board's performance annually, based on the following performance criteria which have been approved by the Board:

- delivery on executive duties (for executive directors)
- attendance at Board meetings and committee meetings;
- maintenance of independence
- disclosure of related party transactions
- areas of value added to the Group

The NC assesses the Board's performance through comparison with industry peers, how the Board's performance has enhanced long term shareholder value, its ability to steer the Group in the right direction and the support it renders to the Management.

# REPORT ON CORPORATE GOVERNANCE

The NC also evaluates each individual director's performance based on factors such as director's participation, knowledge of the Group's business and operations, contributions and commitments to the Company

The Executive Chairman, with the assistance of the Managing Director & Group CEO, where appropriate, will act on the results of the performance evaluation and propose, where appropriate, new members to the Board or seek the resignation of directors.

## Access to Information

**Principle 6** *In order to fulfill their responsibilities, directors should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.*

The members of the Board have access to complete information in a timely manner and on an on-going basis in the form and quality necessary for the discharge of their duties and responsibilities. If the Board should require additional information, the Management will also provide the same (when necessary) in a timely manner to enable the Board to make informed decisions.

All members of the Board have separate and independent access to the Management.

Meeting papers and related materials setting out the relevant backgrounds and explanatory information are sent to the directors prior to the meetings in order for them to have a comprehensive understanding of the issues to be deliberated upon so as to facilitate informed decision-making.

GL 5.3

GLs 6.1 and 6.2

Directors have separate and independent access to the Company Secretary. The Company Secretary attends all Board and Board committee meetings, and is responsible for ensuring that the meeting procedures are followed and the applicable rules and regulations are complied with. Under the direction of the Executive Chairman, the Company Secretary is responsible for, *inter alia*, (i) ensuring an effective flow of information within the Board and its Board committees and between the Management; (ii) facilitating orientation; and (iii) assisting with professional development, as required. The Company Secretary also assists the Board in implementation and upkeep of good corporate governance and best practices across the Group.

GL 6.3

The appointment and the removal of the Company Secretary are matters taken by the Board as a whole.

GL 6.4

In the event that the directors (either individually or as a group) require independent professional advice in the furtherance of their duties, the Company Secretary will, upon approval by the Board, appoint a professional advisor to render such services. The cost of the services will be borne by the Company.

GL 6.5

## 2 REMUNERATION MATTERS

### Procedures for Developing Remuneration Policies

**Principle 7** *There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.*

The RC currently comprises the following directors, all of whom are non-executive and independent:

GL 7.1

Mr Lai Mun Onn (Chairman)

Mr Ling Teck Luke

Mr Gn Hiang Meng

# REPORT ON CORPORATE GOVERNANCE

The key responsibilities of the RC are to:

- (a) review and recommend to the Board for endorsement a framework of remuneration for the Board; and the remuneration package for each executive director as well as each key member of the Management
- (b) review and recommend to the Board for endorsement the terms of the service contract for each executive director as well as each key member of the Management
- (c) ensure that there is an adequate disclosure on directors' remuneration and key members of the Management

The RC covers all aspects of remuneration including but not limited to directors' fees, salaries, allowances, bonuses, options and benefits-in-kind.

The RC has access to expert professional advice in furtherance of its duties whenever there is a need for such external consultation. In discharging its duties, the RC has the assistance of the Senior Group Human Resources Manager. No individual director is involved in deciding his own remuneration.

The RC reviews the executive directors' and key management members' contracts of service to ensure that their contracts of service contain fair and reasonable termination clauses which are not overly generous.

## Level and Mix of Remuneration

**Principle 8**      *The level and structure of remuneration should be aligned with the long-term interest and risk policies of the Company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.*

The Company has adopted a remuneration structure for executive directors and key members of the Management that is aligned with the long term interest and risk policies of the Company.

GL 7.2

The Company also recognises that a competitive remuneration and reward system based on individual performance is important to attract, retain and incentivise the best talent.

The RC ensures that the executive directors' and key management members' remuneration commensurate with their performance and that of the Group's, taking into consideration the prevailing financial and commercial health and business needs of the Group.

Executive directors receive directors' fees and are remunerated as members of the Management. The remuneration package of each executive director/key management member comprises a basic salary component and a variable component (ie: annual bonus) which is based on the performance of the Group as a whole and each individual performance. This is to ensure that each executive director's/key management member's remuneration links to corporate and individual performance.

Each executive director's service contract is for a fixed appointment period and does not contain onerous removal clauses.

The Company currently does not have any share-based compensation schemes or long-term schemes involving the offer of shares or options.

The Company will be seeking shareholders' approval at the forthcoming AGM for the payment of S\$416,000 as directors' fees for FY2015. In determining the proposed fees, the Board took into account factors such as effort and time spent, and the increasingly onerous responsibilities of directors.

The Company currently does not use contractual provisions to allow the Company to reclaim incentive components of remuneration from executive directors and key members of the Management in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Group.

## Disclosure on Remuneration

**Principle 9** *Each company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration in the company's Annual Report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.*

Due to the competitive pressures in the market, the Board has, on review, decided not to disclose the remuneration of directors and top 5 key management members in the manner as required in the Code.

GLs 9.1,

# REPORT ON CORPORATE GOVERNANCE

The Company currently does not have any employee share option scheme.

GL 9.5

## 3 ACCOUNTABILITY AND AUDIT

### Accountability

**Principle 10** *The board should present a balanced and understandable assessment of the company's performance, position and prospects.*

The Board is responsible for providing a balanced and understandable assessment of the Group's performance, position and prospects when presenting interim and other price-sensitive public reports, and reports to regulators (if required).

GL 10.1

The Board ensures that the Company complies with the applicable legislative and regulatory requirements by establishing written policies (where appropriate) and reviewing all relevant compliance reports from Management.

GL 10.2

The Management provides all Board members financial reports with adequate explanation and information on the Group's performance, position and prospects on a quarterly basis and as the Board may require from time to time, enabling the Board to make a balanced and informed assessment.

GL 10.3

### Risk Management and Internal Controls

**Principle 11** *The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the company's assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.*

The Board will determine the Company's levels of risk tolerance and risk policies, and oversees Management in the design, implementation and monitoring of the risk management and internal control systems in its quarterly ARC meetings.

GL 11.1

The Board acknowledges that it is responsible for the governance of risks and the overall internal control framework, but recognises that no cost effective internal control system will preclude all errors and irregularities, as a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

The Board has engaged the services of PricewaterhouseCoopers LLP (the Company's external auditor) to assist in the Control Self-Assessment ("CSA") programme which has been implemented. Through this CSA programme, the Board has reviewed the adequacy and effectiveness of the Group's risk management and internal control systems (including financial, operational, compliance and information technology controls).

GL 11.2

The Company's internal auditor ("IA"), KPMG Services Pte. Ltd, prepares, on an annual basis, the internal audit plan (taking into consideration the risks identified) which is approved by the ARC. The audits are conducted to assess the adequacy and the effectiveness of the Group's risk management and the internal controls system that have been put in place (including financial, operational, compliance and information technology controls). Any material non-compliance or lapses in internal controls, together with recommendations for improvement, are reported to the ARC. The timely and proper implementation of all required corrective, preventive or improvement measures are closely monitored.

# REPORT ON CORPORATE GOVERNANCE

Based on the framework of risk management controls and internal controls established and maintained, the work performed by the IA, and the review undertaken by the external auditors as part of their statutory audit, the Board, with the concurrence of the ARC, is of the view that the Group's risk management and internal control systems, including its financial, operational, compliance and information technology controls, are adequate and effective. The Board has received assurance from the Managing Director & Group CEO, and the Chief Financial Officer that:

- (a) the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances
- (b) the Company's risk management and internal control systems are effective in addressing the material risks faced by the Group in its current business environment

The responsibility of overseeing the Company's risk management framework and policies is undertaken by the ARC with the assistance of the IA. Having considered the Company's business operations as well as its existing internal control and risk management systems, the Board is of the view that a separate risk committee is not required for the time being.

## AUDIT COMMITTEE

**Principle 12**      ***The Board should establish an Audit Committee with written terms of reference which clearly set out its authority and duties.***

The ARC currently comprises the following directors, all of whom are non-executive and independent:

Mr Ling Teck Luke  
Mr Lai Mun Onn  
Mr Gn Hiang Meng

The Board will appoint a new lead independent director to fill the ARC chairman vacancy left by the late Mr Lee Khoon Choy once it has identified a suitable candidate. The current ARC members have the requisite accounting and related financial management expertise and experience to discharge their duties.

GL 11.3

GL 11.4

GL 12.1

GL 12.2

The ARC is empowered to investigate any matter within its terms of reference. It has full access to and co-operation from Management, and unfettered discretion to invite any director or executive officer to attend its meetings. The ARC has been given adequate resources to enable it to discharge its duties and responsibilities.

The ARC carries out its functions in accordance with the Code and the Companies Act (the "Act"), and is also guided by its terms of reference. The ARC reviews, *inter alia*, the following:

- (a) annual audit plans (internal and external)
- (b) system of internal controls and management of financial risks
- (c) effectiveness and adequacy of the internal audit function which is outsourced to a professional services firm
- (d) regulatory compliance matters
- (e) risk management framework
- (f) interested person transactions
- (g) financial results announcements

The ARC also makes recommendations on the appointment/re-appointment/removal of auditors, and their remuneration.

The ARC meets with the external and internal auditors at least once a year without the presence of Management.

The ARC has reviewed all the non-audit services provided by the external auditors and is satisfied that such services would not, in the ARC's opinion, affect the independence of the external auditors.

The aggregate amount of fees paid to the auditors is set out below:

|                     |                         |   |             |
|---------------------|-------------------------|---|-------------|
| Audit services:     | Auditors of the Company | - | S\$ 580,775 |
|                     | Other auditors          | - | S\$ 8,283   |
| Non-audit services: | Auditors of the Company | - | S\$ 1,900   |
|                     | Other auditors          | - | S\$ 45,500  |

The Company has complied with Listing Rules 712, 715 and 716 of the Singapore Exchange Securities Trading Limited ("SGX-ST") in relation to appointments of auditing firms.

GL 12.3

GL 12.4

GL 12.5

GL 12.6

# REPORT ON CORPORATE GOVERNANCE

The Company has put in place a whistle-blowing policy, reviewed by the ARC, of which the employees of the Company may, in confidence, raise or report genuine concerns about possible improprieties in matters of business activities, financial reporting or other matters they may encounter without fear of retaliatory action. The independent directors of the Company have been appointed to review and carry out investigations on all such complaints and/or concerns raised.

GL 12.7

The ARC held 4 meetings during FY2015 and performed its functions and responsibilities as set out in its terms of reference.

GL 12.8

The ARC meets regularly with the Management and the external auditors to review auditing and risk management matters; and discuss accounting implications of any major transactions (including significant financial reporting issues). It also reviews the internal audit function to ensure that an effective system of controls is maintained within the Group.

The ARC is kept abreast by the Management and the external auditors of new changes to the accounting standards, Listing Rules of the SGX-ST, the Code and other regulations which could have an impact on the Group's businesses and financial statements.

No former partner or director of the Company's existing auditing corporation is a member of the ARC.

GL 12.9

## Internal Audit

**Principle 13**      *The company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits.*

The Company has outsourced its internal audit function to a certified public accounting firm, KPMG Services Pte Ltd. The IA reports to the ARC Chairman and has full access to the documents, records, properties, staff of the Group, and the ARC.

GL 13.1

The Board recognises that it is responsible for maintaining a system of internal controls to safeguard shareholders' interests and the Group's businesses and assets, while the Management is responsible for establishing and implementing internal control procedures in a timely and appropriate manner. The IA's role is to assist the ARC in ensuring that the controls are effective and functioning as intended, to undertake investigations as directed by the ARC, and to conduct regular in-depth audits of high risk areas.

GL 13.2

The ARC is satisfied that the internal audit function has adequate resources to perform its function effectively.

The ARC is satisfied that the IA is staffed by suitably qualified and experienced professionals with the relevant experience.

GL 13.3

The IA is a member of the Singapore branch of the Institute of Internal Auditors ("IIA"), an internal professional association which has its headquarters in the United States. The audit work carried out is guided by the International Standards for the Professional Practice of Internal Auditing ("IIA Standards") laid down in the International Professional Practices Framework issued by the IIA.

GL 13.4

The IA plans its internal audit schedules in consultation with, but independent of the Management. The audit plan is submitted to the ARC for approval prior to the commencement of the internal audit work. In addition, the IA may be involved in ad-hoc projects initiated by the Management and which require IA's assurance in specific areas of concerns.

## 4 SHAREHOLDER RIGHTS AND RESPONSIBILITIES

### SHAREHOLDER RIGHTS

**Principle 14**      *Companies should treat all shareholders fairly and equitably, and should recognise, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements.*

The Company is committed to treating all shareholders fairly and equitably. The Company recognises, protects and facilitates the exercise of shareholders' rights and continually reviews and updates such governance arrangements.

GL 14.1

# REPORT ON CORPORATE GOVERNANCE

The Company ensures that there is an adequate and timely disclosure of developments in the Group or its business which would have a material impact on the Company's shares price, and such disclosure is in compliance with SGX-ST listing rules.

The Company invites all registered shareholders to participate and vote at the Company's general meetings. Each shareholder will receive a notice of meeting which is also advertised in the newspaper and released via SGXNet. All shareholders are entitled to vote in accordance with the established voting rules and procedures.

Under the new multiple proxy regime, "relevant intermediaries" such as banks, capital markets services licence holders which provide custodial services for securities and the Central Provident Fund Board, are allowed to appoint more than 2 proxies to attend, speak and vote at the Company's general meetings. This will enable indirect investors (including CPF investors) to be appointed as proxies to participate at these meetings.

## COMMUNICATION WITH SHAREHOLDERS

**Principle 15** *Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.*

The Company embraces openness and transparency in the conduct of the Company's affairs, whilst safeguarding its commercial interests. The Company conveys pertinent information to shareholders and complies with the guidelines set out in the SGX-ST rules when disclosing information.

GL 14.2

GL 14.3

GL 15.1

The Company does not practise selective disclosure of price sensitive information. The Company discloses quarterly financial results, and any significant transactions and developments via SGXNet on a timely basis. The financial results are also available on the Company's website ([www.kohbrothers.com](http://www.kohbrothers.com)). The corporate website also contains various other investor-related information on the Company that serves as important resources for investors.

GL 15.2

General meetings are the principal forum for dialogue with shareholders. There is a question and answer session during which shareholders may raise questions or share their views about the proposed resolutions, and the Group's business affairs and financial performance. This enables the Board to gather shareholders' views and address any of the shareholders' concerns.

GL 15.3

The Board encourages shareholders to participate actively during the Company's general meetings. These meetings provide excellent opportunities for the Company to obtain shareholders' views on the Group's businesses. Following any release of earnings or price sensitive developments, the Company's investor relations consultant is available by email or telephone to answer questions from shareholders and the media, as long as the information requested does not conflict with the SGX-ST's rules of fair disclosure.

GL 15.4

The Company has established a policy aiming to balance returns to shareholders with a need for long term sustainable growth. It strives to provide shareholders on an annual basis with a consistent and sustainable dividend based on the Company's profitability, cash position, working capital needs, capital expenditure plan, investment and business opportunities, and market conditions.

GL 15.5

The Board has recommended a first and final dividend of 0.50 cent per share and a special dividend of 0.30 cent per share for FY2015. These proposed dividends are subject to shareholders' approval at the upcoming AGM.

# REPORT ON CORPORATE GOVERNANCE

**Principle 16** *Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company.*

The Company invites and encourages all registered shareholders to participate and vote at the Company's general meetings. Voting in absentia and by mail, facsimile or email is currently not permitted as such voting methods would need to be cautiously evaluated for feasibility to ensure that there is no compromise to the integrity of the information and the authenticity of the shareholders' identities.

GL 16.1

The Company ensures that separate resolutions are proposed for substantially separate issues at the general meetings.

GL 16.2

The Executive Chairman of the Board, directors and company secretary attend general meetings. The external auditors are also present at the meetings to address shareholders' queries concerning audits and auditor's reports.

GL 16.3

The Company ensures that minutes of each meeting will include substantial and relevant comments or queries from shareholders relating to the agenda of the meeting, and the responses from Board and Management. All minutes of shareholders' meetings are available on request by registered shareholders.

GL 16.4

The Company will at the upcoming AGM conduct electronic poll voting for all proposed resolutions, and will announce the voting results in accordance with the requirements set out in the SGX-ST rules and the Code.

GL 16.5

## 5 INTERESTED PERSON TRANSACTIONS

The Company has established internal control policies to ensure that transactions with interested persons are properly reviewed, approved and conducted on an arm's length basis.

The interested person transactions entered during FY2015 are disclosed as follows:

| Name of interested person | Aggregate value of all interested person transactions during the financial year under review (excluding transactions less than S\$100,00 and transactions conducted under shareholders' mandate pursuant to Rule 920) (S\$'000) | Aggregate value of all interested person transactions conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than S\$100,000) (S\$'000) |

## 6 RISK MANAGEMENT

The Management regularly reviews the Group's businesses and operational activities to assess and manage potential risk exposure.

The Group's financial risk management objectives and policies are set out in the Notes to the Financial Statements for FY2015.

The Group has implemented a CSA programme facilitated by the Company's external auditors, PricewaterhouseCoopers LLP, since the last financial year. The Company expects the CSA programme to be running for at least the next few financial years.

## 7 DEALINGS IN SECURITIES

The Company has adopted an internal compliance code on dealings in the Company's securities.

The Company has issued share trading guidelines to all directors, employees of executive level and above, and personal assistants. They are not allowed to deal in the Company's securities during the period commencing two weeks before the announcement of the Company's financial statements for each of the first three quarters of the Company's financial year, and one month before the announcement of the Company's full year financial statements, and ending on the date of the announcement of the relevant results.

In addition, they are prohibited from dealing in the Company's securities while in possession of price sensitive information and on short term considerations.

### Audit and Risk Committee

The members of the Audit and Risk Committee at the end of the financial year were as follows:

Mr Lai Mun Onn

Mr Ling Teck Luke

Mr Gn Hiang Meng

All members of the Audit and Risk Committee were independent non-executive directors.

The Audit and Risk Committee carried out its functions in accordance with Section 201B(5) of the Singapore Companies Act. In performing those functions, the Committee reviewed:

- the scope and the results of internal audit procedures with the internal auditor;
- the audit plan of the Company's independent auditor and any recommendations on internal accounting controls arising from the statutory audit;
- the assistance given by the Company's management to the independent auditor; and
- the balance sheet of the Company and the consolidated financial statements of the Group for the financial year ended 31 December 2015 before their submission to the Board of Directors.

The Audit and Risk Committee has recommended to the Board that the independent auditor, PricewaterhouseCoopers LLP, be nominated for re-appointment at the forthcoming Annual General Meeting of the Company.

### Independent Auditor

The independent auditor, PricewaterhouseCoopers LLP, has expressed its willingness to accept re-appointment.

# INDEPENDENT AUDITOR'S REPORT

To the members of Koh Brothers Group Limited

## Report on the Financial Statements

We have audited the accompanying financial statements of Koh Brothers Group Limited (the "Company") and its subsidiaries (the "Group") set out on pages 40 to 92 which comprise the consolidated balance sheet of the Group and balance sheet of the Company as at 31 December 2015, and the consolidated statement of comprehensive income, statement of changes in equity and statement of cash flows of the Group for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the consolidated financial statements of the Group and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2015, and of the financial performance, changes in equity and cash flows of the Group for the financial year ended on that date.

## Report on other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore, of which we are the auditors, have been properly kept in accordance with the provisions of the Act.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

## 1. General information

Koh Brothers Group Limited (the “Company”) is listed on the Singapore Exchange and incorporated and domiciled in Singapore. The address of its registered office is 11 Lorong Pendek, Koh Brothers Building, Singapore 348639.

The principal activities of the Company are investment holding and provision of management services.

The principal activities of its subsidiaries, joint ventures and associated companies are set out in Note 40 of the financial statements.

## 2. Significant accounting policies

### 2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards (“FRS”) under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Group’s accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

#### *Interpretations and amendments to published standards effective in 2015*

On 1 January 2015, the Group adopted the new or amended FRS and Interpretations to FRS (“INT FRS”) that are mandatory for application for the financial year. Changes to the Group’s accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS and INT FRS.

The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the accounting policies of the Group and the Company and had no material effect on the amounts reported for the current or prior financial years except for the following:

#### *FRS 108 Operating segments*

The Group has adopted the above amendment to FRS 108 on 1 January 2015. The amendment is applicable for annual periods beginning on or after 1 July 2014. It sets out the required disclosures on the judgements made by management in aggregating operating segments. This includes description of the segments which have been aggregated and the economic indicators which have been assessed in determining that the aggregated segments share similar economic characteristics. The standard is further amended to require a reconciliation of segment assets to entity’s assets when segment assets are reported.

The Group has included the additional required disclosures in Note 39 of the financial statements.

### 2.2 Revenue recognition

Sales comprise the fair value of the consideration received or receivable for the sale of goods and rendering of services, the work done on construction projects undertaken, the sale of development properties and rental and related income from investment properties, dividend and interest income in the ordinary course of the Group’s activities. Sales are presented, net of goods and services tax, rebates and discounts, and after eliminating sales within the Group.

The Group recognises revenue when the amount of revenue and related cost can be reliably measured, it is probable that the collectability of the related receivables is reasonably assured and when the specific criteria for each of the Group’s activities are met as follows:

#### *(a) Sale of goods*

Revenue is recognised when the Group has delivered the products to the customer, the customer has accepted the products and the collectability of the related receivables is reasonably assured.

#### *(b) Rendering of services*

Revenue from services is recognised over the period in which the services are rendered.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 2. Significant accounting policies (continued)

### 2.2 Revenue recognition (continued)

#### (c) Contracts revenue

Revenue from construction contracts is recognised as disclosed in Note 2.7 "Construction contract".

#### (d) Revenue from property development

Revenue from property development is recognised as disclosed in Note 2.9 "Development properties".

#### (e) Rental income

Rental income is recognised as disclosed in Note 2.14(b) "Leases - when the Group is the lessor".

#### (f) Dividend income

Dividend income is recognised when the right to receive payment is established.

#### (g) Interest income

Interest income is recognised using the effective interest method.

### 2.3 Government grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants receivable are recognised over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are deducted in reporting the related expense.

Government grants relating to assets are deducted against the carrying amount of the assets.

### 2.4 Group accounting

#### (a) Subsidiaries

##### (i) Consolidation

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

##### (ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 2. Significant accounting policies (continued)

### 2.4 Group accounting (continued)

#### (a) *Subsidiaries (continued)*

##### (iii) *Acquisitions (continued)*

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (b) fair value of the identifiable net assets acquired is recorded as goodwill. Please refer to Note 2.6 "Goodwill" for the subsequent accounting policy on goodwill.

##### (iii) *Disposals*

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained profits if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to Note 2.10 "Investments in subsidiaries, joint ventures and associated companies" for the accounting policy on investments in subsidiaries in the separate financial statements of the Company.

#### (b) *Transactions with non-controlling interests*

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

#### (c) *Associated companies and joint ventures*

Associated companies are entities over which the Group has significant influence, but not control, generally accompanied by a shareholding giving rise to voting rights of 20% and above but not exceeding 50%.

Joint ventures are entities over which the Group has joint control as a result of contractual arrangements, and rights to the net assets of the entities.

Investments in associated companies and joint ventures are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses, if any.

##### (i) *Acquisitions*

Investments in associated companies and joint ventures are initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Goodwill on associated companies and joint ventures represents the excess of the cost of acquisition of the associated company or joint venture over the Group's share of the fair value of the identifiable net assets of the associated company or joint venture and is included in the carrying amount of the investments.

##### (iii) *Equity method of accounting*

In applying the equity method of accounting, the Group's share of its associated companies' or joint ventures' post-acquisition profits or losses are recognised in profit or loss and its share of post-acquisition other comprehensive income is recognised in other comprehensive income. These post-acquisition movements and distributions received from the associated companies or joint ventures are adjusted against the carrying amount of the investments. When the Group's share of losses in an associated company or joint venture equals to or exceeds its interest in the associated company or joint venture, the Group does not recognise further losses, unless it has legal or constructive obligations to make, or has made, payments on behalf of the associated company or joint venture. If the associated company or joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 2. Significant accounting policies (continued)

### 2.4 Group accounting (continued)

#### (c) Associated companies and joint ventures (continued)

##### (ii) Equity method of accounting (continued)

Unrealised gains on transactions between the Group and its associated companies or joint ventures are eliminated to the extent of the Group's interest in the associated companies or joint ventures. Unrealised losses are also eliminated unless the transactions provide evidence of impairment of the assets transferred. The accounting policies of associated companies or joint ventures are changed where necessary to ensure consistency with the accounting policies adopted by the Group.

##### (iii) Disposals

Investments in associated companies or joint ventures are derecognised when the Group loses significant influence or joint control. If the retained equity interest in the former associated company or joint venture is a financial asset, the retained equity interest is measured at fair value. The difference between the carrying amount of the retained interest at the date when significant influence or joint control is lost, and its fair value and any proceeds on partial disposal, is recognised in profit or loss.

Please refer to Note 2.10 "Investments in subsidiaries, joint ventures and associated companies" for the accounting policy on investments in associated companies and joint ventures in the separate financial statements of the Company.

### 2.5 Property, plant and equipment

#### (a) Measurement

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses except for certain buildings and leasehold premises, which are subsequently carried at revalued amount less accumulated depreciation and accumulated impairment losses.

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Cost also includes borrowing costs (refer to Note 2.23 on borrowing costs).

Increases in carrying amounts arising from revaluation, including currency translation differences, are recognised in other comprehensive income, unless they offset previous decreases in the carrying amounts of the same asset, in which case, they are recognised in profit or loss. Decreases in carrying amounts that offset previous increases of the same asset are recognised in other comprehensive income. All other decreases in carrying amounts are recognised in profit or loss.

The revaluation on certain freehold and leasehold properties was done in connection with the listing of the Company in 1993. The increase in carrying amount arising from the revaluation was taken to capital reserve. The Group does not have a policy of revaluing its property, plant and equipment periodically.

#### (b) Depreciation

Freehold land and assets under construction are not depreciated. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

|                                                 | <u>Useful lives</u> |
|-------------------------------------------------|---------------------|
| Buildings on freehold land                      | 20 – 50 years       |
| Leasehold land and buildings                    | 20 – 92 years       |
| Plant and machinery                             | 2 – 20 years        |
| Motor vehicles                                  | 3.5 – 10 years      |
| Furniture, fittings, office and hotel equipment | 1 – 10 years        |

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 2. Significant accounting policies (continued)

### 2.5 Property, plant and equipment (continued)

#### (c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

#### (d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss within "Other gains – net". Any amount in capital reserve relating to that item is transferred to retained profits directly.

### 2.6 Goodwill

Goodwill on acquisitions of subsidiaries and businesses on or after 1 January 2010 represents the excess of (a) the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over (b) the fair value of the identifiable net assets acquired.

Goodwill on acquisition of subsidiaries and businesses prior to 1 January 2010 and on acquisition of joint ventures and associated companies represents the excess of the cost of the acquisition over the fair value of the Group's share of the identifiable net assets acquired.

Goodwill on subsidiaries is recognised separately as intangible assets and carried at cost less accumulated impairment losses.

Goodwill on associated companies and joint ventures is included in the carrying amount of the investments.

Gains and losses on disposal of subsidiaries, joint ventures and associated companies include the carrying amount of goodwill relating to the entity sold, except for goodwill arising from acquisitions prior to 1 January 2001. Such goodwill was adjusted against retained profits in the year of acquisition and is not recognised in profit or loss on disposal.

### 2.7 Construction contract

When the outcome of a construction contract can be estimated reliably, contract revenue and contract costs are recognised as revenue and expenses respectively by reference to the stage of completion of the contract activity at the balance sheet date ("percentage-of-completion method"). When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that are likely to be recoverable. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Contract revenue comprises the initial amount of revenue agreed in the contract and variations in the contract work and claims that can be measured reliably. A variation or a claim is recognised as contract revenue when it is probable that the customer will approve the variation or negotiations have reached an advanced stage such that it is probable that the customer will accept the claim.

The stage of completion is measured either by reference to the professional or customer's certification of value of work done to date or by reference to the proportion of contract costs incurred to date to the estimated total costs for the contract. Costs incurred during the financial year in connection with future activity on a contract are excluded from costs incurred to date when determining the stage of completion of a contract. Such costs are shown as construction contract work-in-progress on the balance sheet unless it is not probable that such contract costs are recoverable from the customers, in which case, such costs are recognised as an expense immediately.

Where the stage of completion is measured by reference to the professional or customer's certification of value of work done to date, at the balance sheet date, the cumulative costs incurred plus recognised profits (less recognised losses) on each contract is compared against the progress billings. Where the cumulative costs incurred plus the recognised profits (less recognised losses) exceed progress billings, the balance is presented as "due from customers on construction contracts" within "current assets". Where progress billings exceed the cumulative costs incurred plus recognised profits (less recognised losses), the balance is presented as "due to customers on construction contracts" within "current liabilities".

Where the stage of completion is measured by reference to the proportion of contract costs incurred to date compared to the estimated total costs for the contract, at the balance sheet date, the cumulative costs incurred plus recognised profits (less recognised losses) on each contract is compared against the progress billings. Where the cumulative costs incurred plus the recognised profits (less recognised losses) exceed progress billings, the balance is presented as "accrued billings on construction contracts" within "trade receivables". Where progress billings exceed the cumulative costs incurred plus recognised profits (less recognised losses), the balance is presented as "advance billings on construction contracts" within "trade payables".

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 2. Significant accounting policies (continued)

### 2.7 Construction contract (continued)

Progress billings not yet paid by customers and retentions by customers are included within "trade receivables". Advances received and retentions withheld from subcontractors are included within "trade payables".

### 2.8 Investment properties

Investment properties include those portions of commercial buildings that are held for long-term rental yields and/or for capital appreciation and land under operating leases that is held for long term capital appreciation or for a currently indeterminate use. Investment properties include properties that are being constructed or developed for future use as investment properties.

Investment properties are initially recognised at cost and subsequently carried at fair value, determined annually by independent professional valuers on the highest and best use basis. Changes in fair values are recognised in profit or loss.

Investment properties are subject to renovations or improvements at regular intervals. The cost of major renovations and improvements is capitalised and the carrying amounts of the replaced components are recognised in profit or loss. The cost of maintenance, repairs and minor improvements is recognised in profit or loss when incurred.

On disposal of an investment property, the difference between the disposal proceeds and the carrying amount is recognised in profit or loss.

### 2.9 Development properties

Development properties are properties being constructed or developed for future sale.

Development properties that are unsold are carried at the lower of cost and net realisable value. Cost capitalised include cost of land and other directly related development expenditure, including borrowing costs incurred in developing the properties up to issuance of the temporary occupation permit. Net realisable value is the estimated selling price in the ordinary course of business less cost to complete the development and selling expenses.

Sales of development properties under construction in respect of sale and purchase agreements entered into prior to completion of construction are recognised when the significant risks and rewards of ownership of the real estate have been transferred to the buyer (i.e. revenue is recognised using the completed contract method).

If, however, the legal terms of the contract are such that the construction represents the continuing transfer of work in process to the purchaser, the percentage of completion method of revenue recognition is applied and revenue is recognised as work progresses.

For sales of development properties of the Group that are within the scope as described in *INT FRS 115 Agreements for the Construction of Real Estate*, the Group recognises revenue for sales of such development properties by reference to the stage of completion of the properties.

The stage of completion is measured by reference to the professional's certification of value of work done to-date. When it is probable that the total development costs will exceed the total revenue, the expected loss is recognised as an expense immediately.

The aggregated costs incurred and the profit/loss recognised in each development property that has been sold is compared against progress billings up to the financial year-end. Where costs incurred and recognised profits (less recognised losses) exceed progress billings, the balance is shown as development properties, under "current assets". Where progress billings exceed costs incurred plus recognised profits (less recognised losses), the balance is shown as development properties, under "current liabilities".

### 2.10 Investments in subsidiaries, joint ventures and associated companies

Investments in subsidiaries (except for warrants in subsidiary, which are accounted for as financial assets at fair value through profit or loss), joint ventures and associated companies are carried at cost less accumulated impairment losses in the Company's balance sheet. On disposal of investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

### 2.11 Impairment of non-financial assets

#### (a) Goodwill

Goodwill recognised separately as an intangible asset is tested for impairment annually and whenever there is indication that the goodwill may be impaired.

For the purpose of impairment testing of goodwill, goodwill is allocated to each of the Group's cash-generating-units ("CGU") expected to benefit from synergies arising from the business combination.

An impairment loss is recognised when the carrying amount of a CGU, including the goodwill, exceeds the recoverable amount of the CGU. The recoverable amount of a CGU is the higher of the CGU's fair value less cost to sell and value-in-use.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 2. Significant accounting policies (continued)

### 2.11 Impairment of non-financial assets (continued)

#### (a) *Goodwill (continued)*

The total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU.

An impairment loss on goodwill is recognised as an expense and is not reversed in a subsequent period.

#### (b) *Property, plant and equipment Investments in subsidiaries, joint ventures and associated companies*

Property, plant and equipment and investments in subsidiaries, joint ventures and associated companies are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and the recoverable amount is recognised as an impairment loss in profit or loss, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease. Please refer to Note 2.5 "Property, plant and equipment" for the treatment of a revaluation decrease.

An impairment loss for an asset other than goodwill is reversed only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset other than goodwill is recognised in profit or loss, unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense, a reversal of that impairment is also recognised in profit or loss.

### 2.12 Financial assets

#### (a) *Classification*

The Group classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables and available-for-sale. The classification depends on the nature of the asset and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition.

##### (i) *Financial assets at fair value through profit or loss*

This category has two sub-categories: financial assets held for trading, and those designated at fair value through profit or loss at inception. A financial asset is classified as held for trading if it is acquired principally for the purpose of selling in the short term. Financial assets designated as at fair value through profit or loss at inception are those that are managed and their performances are evaluated on a fair value basis, in accordance with a documented Group investment strategy.

##### (ii) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than 12 months after the balance sheet date which are presented as non-current assets. Loans and receivables are presented as "trade receivables", "other current assets", "due from customers on construction contracts", "amounts due from subsidiaries", "amounts due from joint ventures", "development properties" and "cash and bank balances" on the balance sheet.

##### (iii) *Available-for-sale financial assets*

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are presented as non-current assets unless the investment matures or management intends to dispose of the assets within 12 months after the balance sheet date.

## 2. Significant accounting policies (continued)

### 2.12 Financial assets (continued)

#### (b) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date - the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

Trade receivables that are factored out to banks and other financial institutions with recourse to the Group are not derecognised until the recourse period has expired and the risks and rewards of the receivables have been fully transferred. The corresponding cash received from the financial institutions is recorded as borrowings.

#### (c) Initial measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets at fair value through profit or loss, which are recognised at fair value. Transaction costs for financial assets at fair value through profit or loss are recognised immediately as expenses.

#### (d) Subsequent measurement

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Changes in the fair values of financial assets at fair value through profit or loss including the effects of currency translation, interest and dividends, are recognised in profit or loss when the changes arise.

Interest and dividend income on available-for-sale financial assets are recognised separately in income. Changes in the fair values of available-for-sale debt securities (i.e. monetary items) denominated in foreign currencies are analysed into currency translation differences on the amortised cost of the securities and other changes; the currency translation differences are recognised in profit or loss and the other changes are recognised in other comprehensive income and accumulated in the fair value reserve, presented within "other reserves".

#### (e) Impairment

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

##### (i) Loans and receivables

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in profit or loss.

The impairment allowance is reduced through profit or loss in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost had no impairment been recognised in prior periods.

##### (ii) Available-for-sale financial assets

In addition to the objective evidence of impairment described in Note 2.12(e)(i), a significant or prolonged decline in the fair value of an equity security below its cost is considered as an indicator that the available-for-sale financial assets is impaired.

If any evidence of impairment exists, the cumulative loss that was previously recognised in other comprehensive income is reclassified to profit or loss. The cumulative loss is measured as the difference between the acquisition cost (net of any principal repayments and amortisation) and the current fair value, less any impairment loss previously recognised as an expense. The impairment losses recognised as an expense on equity securities are not reversed through profit or loss.

## 2. Significant accounting policies (continued)

### 2.13 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

### 2.14 Leases

#### (a) When the Group is the lessee:

##### (i) Lessee - Finance leases

Leases where the Group assumes substantially all risks and rewards incidental to ownership of the leased assets are classified as finance leases.

The leased assets and the corresponding lease liabilities (net of finance charges) under finance leases are recognised on the balance sheet as assets and liabilities respectively, at the inception of the leases based on the lower of the fair values of the leased assets and the present value of the minimum lease payments.

Each lease payment is apportioned between the finance expense and the reduction of the outstanding lease liability. The finance expense is recognised in profit or loss on a basis that reflects a constant periodic rate of interest on the finance lease liability.

##### (ii) Lessee - Operating leases

Leases where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as an expense in profit or loss when incurred.

#### (b) When the Group is the lessor:

Leases of investment properties and property, plant and equipment where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentive given to the lessees) is recognised in profit or loss on a straight-line basis over the lease term. Income from leasing of equipment is recognised on its utilisation basis.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income.

Contingent rents are recognised as income in profit or loss when earned.

### 2.15 Financial guarantees

The Company has issued corporate guarantees to banks for borrowings of its subsidiaries and joint ventures. These guarantees are financial guarantees as they require the Company to reimburse the banks if the subsidiaries and joint ventures fail to make principal or interest payments when due in accordance with the terms of their borrowings.

Financial guarantees are initially recognised at their fair values plus transaction costs in the Company's balance sheet.

Financial guarantees are subsequently amortised to profit or loss over the period of the subsidiaries and joint ventures' borrowings, unless it is probable that the Company will reimburse the banks for an amount higher than the unamortised amount. In this case, the financial guarantees shall be carried at the expected amount payable to the banks in the Company's balance sheet.

Intra-group transactions are eliminated on consolidation.

### 2.16 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the balance sheet date, in which case they are presented as non-current liabilities.

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

### 2.17 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 2. Significant accounting policies (continued)

### 2.18 Fair value estimation of financial assets and liabilities

The fair values of financial instruments traded in active markets (such as exchange-traded and over-the-counter securities and derivatives) are based on quoted market prices at the balance sheet date. The quoted market prices used for financial assets are the current bid prices; the appropriate quoted market prices used for financial liabilities are the current asking prices.

The fair values of financial instruments that are not traded in an active market are determined by using valuation techniques. The Group uses a variety of methods and makes assumptions based on market conditions that are existing at each balance sheet date. Where appropriate, quoted market prices or dealer quotes for similar instruments are used.

The fair value of current financial assets and liabilities carried at amortised cost approximate their carrying amounts.

### 2.19 Inventories

Inventories are carried at the lower of cost and net realisable value. Cost is determined using either the first-in, first-out basis or the weighted average basis. The cost of finished goods and work-in-progress comprises raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity) but excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and applicable variable selling expenses.

### 2.20 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries, joint ventures and associated companies, except where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (a) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date; and
- (b) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities except for investment properties. Investment property measured at fair value is presumed to be recovered entirely through sale.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

The Group accounts for investment tax credits (for example, productivity and innovative credit) similar to accounting for other tax credits where deferred tax asset is recognised for unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax credit can be utilised.

### 2.21 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

### 2.22 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

#### (a) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 2. Significant accounting policies (continued)

### 2.22 Employee compensation (continued)

#### (b) Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date.

### 2.23 Borrowing costs

Borrowing costs are recognised in profit or loss using the effective interest method except for those costs that are directly attributable to the construction or development of properties and assets under construction. This includes those costs on borrowings acquired specifically for the construction or development of properties and assets under construction, as well as those in relation to general borrowings used to finance the construction or development of properties and assets under construction.

The actual borrowing costs incurred during the period up to the issuance of the temporary occupation permit less any investment income on temporary investment of these borrowings, are capitalised in the cost of the property under development. Borrowing costs on general borrowings are capitalised by applying a capitalisation rate to construction or development expenditures that are financed by general borrowings.

### 2.24 Currency translation

#### (a) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Singapore Dollars, which is the functional currency of the Company.

#### (b) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at

the closing rates at the balance sheet date are recognised in profit or loss. However, in the consolidated financial statements, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations, are recognised in other comprehensive income and accumulated in the currency translation reserve.

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operations is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Foreign exchange gains and losses impacting profit or loss are presented in the income statement within "other gains-net".

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rate at the date when the fair values are determined.

#### (c) Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into presentation currency as follows:

- (i) assets and liabilities are translated at the closing exchange rates at the reporting date;
- (ii) income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- (iii) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal of the entity giving rise to such reserve.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rates at the reporting date.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 2. Significant accounting policies (continued)

### 2.25 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the executive committee whose members are responsible for allocating resources and assessing performance of the operating segments.

### 2.26 Cash and bank balances

For the purpose of presentation in the consolidated statement of cash flows, cash and bank balances include cash on hand, deposits with financial institutions which are subject to an insignificant risk of change in value and bank overdrafts. Bank overdrafts are presented as current borrowings on the balance sheet. For cash subjected to restriction, assessment is made on the economic substance of the restriction and whether they meet the definition of cash and bank balances.

### 2.27 Share capital and treasury shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

When any entity within the Group purchases the Company's ordinary shares ("treasury shares"), the carrying amount which includes the consideration paid and any directly attributable transaction cost is presented as a component within equity attributable to the Company's equity holders, until they are cancelled, sold or reissued.

When treasury shares are subsequently cancelled, the cost of treasury shares are deducted against the share capital account if the shares are purchased out of capital of the Company, or against the retained profits of the Company if the shares are purchased out of earnings of the Company.

### 2.28 Dividends to Company's shareholders

Dividends to the Company's shareholders are recognised when the dividends are approved for payment.

## 3. Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

## 3.1 Critical accounting estimates and assumptions

### (a) Assessment on impairment of goodwill

Goodwill is tested for impairment annually and whenever there is indication that the goodwill may be impaired.

The recoverable amount of the "Bio-Refinery and Bio-Energy" cash-generating unit ("CGU") has been determined based on value-in-use calculations. These calculations require the use of estimates (Note 27). Management is of the view that no impairment of the CGU was required as at 31 December 2015.

Management has performed a sensitivity analysis and noted that a reasonably possible change in key assumptions will not result in any impairment.

### (b) Construction contracts

The Group uses the percentage-of-completion method to account for its contract revenue. The stage of completion is measured either by reference to the professional or customer's certification of value of work done to date or by reference to the proportion of contract costs incurred to date compared to the estimated total costs for the contract. Please refer to Note 2.7 "Construction contract" for the Group's accounting policy on construction contract work-in-progress.

Significant assumptions are used to estimate the total contract costs which affect the accuracy of revenue recognition based on the percentage-of-completion and completeness of foreseeable losses recognised. Total contract revenue also includes estimation of the variation works that are recoverable from customers. In making these estimates, management has relied on past experience and the work of specialists. If the remaining estimated contract costs increase/decrease by 5% from management estimates, the Group's profit before income tax will decrease/increase by approximately S\$5,311,000 and S\$5,303,000.

### (c) Valuation of investment properties

Investment properties are stated at fair value based on valuations performed by independent professional valuers. In determining fair value, the independent professional valuers have used valuation methods which involve certain estimates (Note 25).

The fair values are determined using the income method, cost method and direct comparison method. The income method involves the estimation of income and expenses, taking into account expected future changes in economic and social conditions, which may affect the value of the properties. The direct comparison method involves the comparison of recent sales transactions of similar properties. Management is of the view that the valuation methods and estimates are reflective of the current market conditions.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 3.2 Critical judgement in applying the entities, accounting policies

### *Impairment of loans and receivables*

Management reviews its loans and receivables for objective evidence of impairment at least quarterly. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management has made judgements as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which the debtor operates in.

Where there is objective evidence of impairment, management has made judgements as to whether an impairment loss should be recorded as an expense. In determining this, management has used estimates based on historical loss experience for assets with similar credit risk characteristics. The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between the estimated loss and actual loss experience. Refer to Note 37(b) for analysis of the Group's credit risk profile.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 10. Income taxes (continued)

### (e) Unutilised tax losses and capital allowances

As at 31 December 2015, the Group has unutilised tax losses of approximately S\$23,609,000 (2014: S\$22,378,000) and unabsorbed capital allowances of approximately S\$2,007,000 (2014: S\$2,592,000) which can, subject to meeting certain statutory requirements by those companies with unrecognised tax losses and capital allowances in their respective countries of incorporation, be carried forward and utilised against future taxable profits. The unutilised tax losses and capital allowance do not have expiry dates. The deferred tax benefits on the unutilised tax losses and capital allowances of subsidiaries have not been recognised in the financial statements because of the uncertainty of future utilisation.

(f) There is no tax charge relating to each component of other comprehensive income.

## 11. Earnings per share

### (a) Basic earnings per share

Basic earnings per share is calculated by dividing the net profit attributable to equity holders of the Company by the weighted average number of ordinary shares outstanding during the financial year.

|                                                                                                        | Group          |         |

|                       |                                      | Adjusted market comparison method | Market value per square metre    | S\$20,000 to S\$30,000<br>(2014: S\$20,000 to S\$28,000)<br>per square metre | The higher the market value per square metre, the higher the fair value. |

<sup>1</sup>There were no significant inter-relationships between unobservable inputs.

### Valuation processes of the Group

The fair value of investment properties are determined annually by independent professional valuers at the end of every financial year based on the properties' highest and best use. They are carried at fair value at the balance sheet date.

At each financial year, management:

- provides all major inputs to the independent valuation report;
- assesses property valuation movements when compared to the prior year valuation reports; and
- holds discussions with the independent valuers.

Changes in Level 3 fair values are analysed at each reporting date during management meetings. As part of this discussion, a report is presented to the Audit and Risk Committee that explains the reasons for the fair value movements.

- (i) Investment properties are leased to third parties under operating leases [Note 36(b)].
- (ii) Investment properties with carrying values totalling S\$87,371,000 (2014: S\$85,840,000) are mortgaged to banks for credit facilities granted (Notes 30 and 32).
- (iii) Details of the investment properties are set out in Note 41.

### Impairment tests for goodwill

Goodwill is allocated to the Group's cash-generating units ("CGUs") in the "Bio-Refinery and Bio-Energy" CGU arising from the Group's acquisition in Koh Brothers Eco Engineering Limited and its subsidiaries.

The Group tests the CGU annually for impairment or more frequently if there are indicators the goodwill might be impaired.

The recoverable amount of a CGU was determined based on value-in-use. Cash flow projections used in the value-in-use calculations were based on financial budgets approved by management.

### Key assumptions used for value-in-use calculations

|                                     |            |     |
|-------------------------------------|------------|-----|
| Gross margin <sup>(1)</sup>         | <b>12%</b> | 12% |
| Terminal growth rate <sup>(2)</sup> | <b>2%</b>  | 2%  |
| Discount rate <sup>(3)</sup>        | <b>13%</b> | 13% |

<sup>(1)</sup> Budgeted gross margin

<sup>(2)</sup> Weighted average growth rate used to extrapolate cash flows beyond the budget period

<sup>(3)</sup> Pre-tax discount rate applied to the pre-tax cash flow projections

These assumptions were used for the analysis of each CGU within the business segment. Management determined budgeted gross margin based on past performance and its expectations of market developments. The weighted average growth rates used were consistent with forecasts included in industry reports. The discount rates used were pre-tax and reflected specific risks relating to the relevant segments. The sensitivity analysis of the recoverable amount of the CGU is set out in Note 3.1(a).

## 37. Financial risk management

### Financial risk factors

The Group's activities expose it to market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise adverse effects from the unpredictability of financial markets on the Group's financial performance. Where possible, the Group seeks to match assets and liabilities of the same currency. Derivative financial instruments are only used where necessary to reduce exposure to fluctuation in foreign exchange rates and interest rates.

### (a) Market risk

#### (i) Currency risk

The Group operates mainly in Asia with operations mainly in Singapore, Malaysia and People's Republic of China. Entities in the Group transact predominantly in their respective functional currencies, except for balances between entities in the Group.

Currency risk arises within entities in the Group when transactions are denominated in foreign currencies such as the Singapore Dollar ("SGD"), United States Dollar ("USD"), Malaysian Ringgit ("MYR") and Chinese Renminbi ("RMB"). The Group monitors the foreign currency exchange rate movements closely to ensure that its exposures are minimised. The Group has investments in foreign subsidiaries and is exposed to currency translation risk.

#### (ii) Interest rate risk

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. The Group has no significant interest-bearing assets. The Group's exposure to cash flow interest rate risks arises mainly from the Group's debt obligations. The Group manages its cash flow interest rate risks by adopting a preference for fixed rate instruments over variable-rate instruments.

The Group's borrowings at variable rates on which effective hedges have not been entered into, are denominated mainly in SGD. If the SGD interest rates increase/decrease by 1% (2014: 1%) with all other variables including tax rate being held constant, the profit after tax will be lower/higher by S\$1,409,000 (2014: S\$1,592,000) as a result of higher/lower interest expense on these borrowings.

#### (iii) Price risk

The Group is exposed to equity securities and debt securities price risk arising from the investments held by the Group which are classified on the consolidated balance sheets as financial assets, at fair value through profit or loss (Note 13) and available-for-sale financial assets (Note 21). These securities are listed in Singapore and China. The Group is not exposed to commodity price risk.

If prices for equity securities and debt equities listed in Singapore and People's Republic of China change by 10% (2014: 10%) with all other variables including tax rate being held constant, the profit after tax and other comprehensive income will be:

The Company is not exposed to price risk.

### (b) Credit risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers who require credit over a certain amount. Where appropriate, the Company or its subsidiaries obtain bankers' guarantee or performance bond from the customer or arrange for master netting agreement. Cash term, advance payments, bankers' guarantees and performance bonds are required for customers of lower credit standing. The Group has no significant concentrations of credit risk due to its large number of customers and cover a large spectrum of activities and markets in which they operate.

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the balance sheet. In addition, at 31 December 2015, the Company furnished banks and financial institutions guarantees for facilities extended to subsidiaries and joint venture companies amounting to S\$889,669,000 (2014: S\$893,370,000) of which the amount utilised at 31 December 2015 was S\$536,959,000 (2014: S\$514,394,000).

The Group's and Company's major classes of financial assets are bank deposits and receivables.

The credit risk for receivables based on the information provided to key management is as follows:

|                              | Group          |                | Company       |               |

## 37. Financial risk management (continued)

### (b) Credit risk (continued)

#### (i) Financial assets that are neither past due nor impaired

All bank deposits are neither past due nor impaired, and are mainly placed with banks with high credit ratings. Receivables that are neither past due nor impaired are substantially companies with a good collection track record with the Group.

#### (ii) Financial assets that are past due and/or impaired

There is no other class of financial assets that is past due and/or impaired except for receivables.

The age analysis of receivables past due but not impaired is as follows:

The Group and Company manage the liquidity risk by maintaining sufficient cash and marketable securities to enable them to meet their normal operating commitments and having an adequate amount of committed credit facilities.

### (d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

The gearing ratio is calculated as net debt divided by shareholders funds. Net debt is calculated as borrowings less cash and bank balances.

The Group and the Company are in compliance with all externally imposed capital requirements for the financial years ended 31 December 2015 and 2014.

### (e) Fair value measurements

The following paragraph presents the assets and liabilities measured at fair value and classified by level of the following fair value measurement hierarchy:

- (i) quoted price (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (ii) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (is as prices) or indirectly (i.e. derived from prices) (Level 2); and
- (iii) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

The fair value of financial instruments traded in active markets (such as trading and available-for-sale securities) is based on quoted market prices at the balance sheet date. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in Level 1.

The fair value of financial instruments that are not traded in an active market (warrants issued by a subsidiary) is determined by using the Black-Scholes model. The significant input in the valuation is the subsidiary's quoted market price at the balance sheet date.

## 39. Segment information

Management has determined the operating segments based on the reports reviewed by the Executive Committee ("Exco") that are used to make strategic decisions. The Exco comprises the Chief Executive Officer and the Executive Directors.

The Exco considers the business from a business segment perspective. Management manages and monitors the business in three main business segments which are Construction and Building Materials, Real Estate and Leisure and Hospitality. The Exco assesses the performance of these business segments based on sales, segment results, segment assets and segment liabilities.

- (a) Construction and Building Materials – This business segment undertakes construction activities for "building and civil engineering", "water and wastewater treatment and hydro-engineering", "bio-refinery and bio-energy" segments and sales of building materials. Management has aggregated the above businesses under Construction and Building Materials as they have similar economic growth prospects.
- (b) Real Estate – This business segment involves real estate development and rental of properties.
- (c) Leisure & Hospitality – This business segment involves hotel and leisure operations.

The segment information and the reconciliations of segment results to profit before tax and segment assets and liabilities to total assets and liabilities are as follows:

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2015

## 39. Segment information (continued)

The measurement of segment sales, results, assets and liabilities are as follows:

- (i) Inter-segment transactions are determined on an arm's length basis. The sales from external parties reported to the Exco are measured in a manner consistent with that in the statement of comprehensive income.
- (ii) The Exco assesses the performance of the operating segments based on a measure of segment results. This measurement excludes the income or expenses that are not expected to recur regularly in every period. Interest income and finance expenses are not allocated to segments, as this type of activity is driven by the Group Treasury, which manages the cash performance of the Group.
- (a) The amounts provided to the Exco with respect to total assets are measured in a manner consistent with that of the financial statements. All assets are allocated to reportable segments other than short-term bank deposits, financial assets, at fair value through profit or loss and available-for-sale financial assets.
- (b) The amounts provided to the Exco with respect to total liabilities are measured in a manner consistent with that of the financial statements. These liabilities are allocated based on the operations of the segments. All liabilities are allocated to the reportable segments other than current income tax liabilities, deferred income tax liabilities and borrowings.

### Geographical information

The Group's three business segments operate in four main geographical areas: Singapore, People's Republic of China, Malaysia and the rest of Asia.

The following table presents sales and non-current assets information for the main geographical areas for the financial years ended 31 December 2015 and 2014.

## SPECIAL BUSINESS

To consider and, if thought fit, to pass with or without modifications, the following resolutions as Ordinary Resolutions:

### 8. **Renewal of Share Issue Mandate** **(Resolution 11)**

That authority be and is hereby given to the directors of the Company to:

- (a) (i) issue shares in the capital of the Company (“shares”) whether by way of rights, bonus or otherwise; and/or
  - (ii) make or grant offers, agreements or options (collectively, “Instruments”) that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,
- at any time and upon such terms and conditions and for such purposes and to such persons as the directors may in their absolute discretion deem fit; and
- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the directors while this Resolution was in force,

provided that:

- (1) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50% of the total number of issued shares excluding treasury shares (as calculated in accordance with paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro rata basis to shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed 20% of the total number of issued shares excluding treasury shares (as calculated in accordance with paragraph (2) below);

# NOTICE OF ANNUAL GENERAL MEETING

- (2) (subject to such manner of calculation as may be prescribed by the Singapore Exchange Securities Trading Limited ("SGX-ST")) for the purpose of determining the aggregate number of shares that may be issued under paragraph (1) above, the percentage of issued shares shall be based on the total number of issued shares excluding treasury shares at the time this Resolution is passed, after adjusting for:
- (i) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed; and
  - (ii) any subsequent bonus issue, consolidation or subdivision of shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Company's Constitution for the time being; and
- (4) (unless revoked or varied by the Company in a general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

## 9. Renewal of Share Purchase Mandate

### (Resolution 12)

That:

- (a) for the purposes of Sections 76C and 76E of the Companies Act, as may be amended or modified from time to time, the exercise by the directors of the Company of all the powers of the Company to purchase or otherwise acquire issued and fully paid ordinary shares in the capital of the Company (the "**Shares**") not exceeding in aggregate the Prescribed Limit (as hereinafter defined), at such prices or prices as may be determined by the directors of the Company from time to time up to the Maximum Price (as hereinafter defined), whether by way of:

- (i) market purchases (each a "Market Purchase") on the SGX-ST; and/or
- (ii) off-market purchases (each an "Off-Market Purchase") effected otherwise than on the SGX-ST in accordance with any equal access scheme(s) as may be determined or formulated by the directors of the Company as they consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act,

and otherwise in accordance with all other laws, regulations and listing rules of the SGX-ST as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (the "**Share Purchase Mandate**");

- (b) unless varied or revoked by the Company in general meeting, the authority conferred on the directors of the Company pursuant to the Share Purchase Mandate in paragraph (a) of this Resolution may be exercised by the directors of the Company at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on the earliest of:
  - (i) the date on which the next Annual General Meeting of the Company is held;
  - (ii) the date by which the next Annual General Meeting of the Company is required by law to be held; or
  - (iii) the date on which purchases or acquisitions of Shares are carried out to the full extent mandated;

- (c) in this Resolution:

"**Prescribed Limit**" means 10% of the total number of issued Shares of the Company (excluding any Shares which are held as treasury shares) as at the date of the passing of this Resolution; and

"**Maximum Price**", in relation to a Share to be purchased or acquired, means an amount (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) not exceeding:

# NOTICE OF ANNUAL GENERAL MEETING

(i) in the case of a Market Purchase, 105% of the Average Closing Price (as hereinafter defined); and

(ii) in the case of an Off-Market Purchase, 120% of the Average Closing Price (as hereinafter defined),

where:

**“Average Closing Price”** means the average of the Closing Market Prices of the Shares over the last five Market Days (as hereinafter defined) on the SGX-ST, on which transactions in the Shares were recorded, immediately preceding the day of the Market Purchase or, as the case may be, the date of the making of the offer (as hereinafter defined) pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs after such five-Market Day period;

**“Closing Market Price”** means the last dealt price for a Share transacted through the SGX-ST’s trading system as shown in any publication of the SGX-ST or other sources;

**“date of the making of the offer”** means the day on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from shareholders of the Company, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase;

**“Market Day”** means a day on which the SGX-ST is open for trading in securities; and

(d) the directors of the Company be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they may consider expedient or necessary to give effect to the transactions contemplated by this Resolution.

All capitalised terms used in Resolution 12 of the Notice of Annual General Meeting which are not defined herein shall unless the context otherwise requires have the same meanings ascribed to them in the Appendix to this Notice of Annual General Meeting of the Company dated 12 April 2016 to shareholders. Shareholders of the Company should refer to the Appendix for information relating to the proposed renewal of the Share Purchase Mandate.

## EXPLANATORY NOTES:

Resolutions 3 to 5:

Resolutions 3 to 5 are to re-appoint directors who are each above 70 years old and who pursuant to the resolutions passed at the Annual General Meeting held on 29 April 2015 in accordance with Section 153(6) of the Companies Act (which was then in force) were appointed to hold office as directors until this Annual General Meeting. If passed, each of Resolutions 3 to 5 will approve and authorise the re-appointment of the relevant director in office from the date of this Annual General Meeting onwards without limitation in tenure, as was the case under the repealed Section 153(6) of the Companies Act.

In respect of Resolution 5, Mr Ling Teck Luke will, upon re-appointment as a director of the Company, remain as the Chairman of the Nominating Committee, and a member of the Audit and Risk Committee, the Remuneration Committee and the Share Purchase Committee. He is considered independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST.

## NOTICE OF ANNUAL GENERAL MEETING

Resolution 7: Mr Gn Hiang Meng will, upon re-election as a director of the Company, remain as the Chairman of the Share Purchase Committee, and a member of the Audit and Risk Committee, Nominating Committee and Remuneration Committee. He is considered independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST.

Resolution 11: This Resolution is to empower the directors from the date of the Annual General Meeting until the date of the next Annual General Meeting to issue further shares and Instruments in the Company, including a bonus or rights issue. The maximum number of shares of which the directors may issue under this Resolution shall not exceed the quantum set out in the Resolution.

Resolution 12: This Resolution is to renew the Share Purchase Mandate which was approved by shareholders on 29 April 2015. Please refer to the Appendix to this Notice of Annual General Meeting for details.

### Notes:

1. A member who is not a relevant intermediary (as defined in Section 181 of the Companies Act) is entitled to appoint not more than two proxies to attend, speak and vote at the meeting. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
2. A member who is a relevant intermediary (as defined in Section 181 of the Companies Act) is entitled to appoint more than two proxies to attend, speak and vote at the meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.
3. A proxy need not be a member of the Company.

4. Where a member appoints more than one proxy, he should specify the proportion of his shareholding (expressed as a percentage of the whole) to be represented by each proxy and if no percentage is specified, the first named proxy shall be treated as representing 100% of the shareholding and the second named proxy shall be deemed to be an alternate to the first named.
5. Where an instrument appointing a proxy or proxies is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.
6. The form of proxy in the case of an individual shall be signed by the appointor or his attorney, and in the case of a corporation, either under its common seal or under the hand of an officer or attorney duly authorised.
7. If the form of proxy is returned without any indication as to how the proxy shall vote, the proxy will vote or abstain as he thinks fit.
8. If no name is inserted in the space for the name of the member's proxy on the form of proxy, the Chairman of the Meeting will act as the member's proxy.
9. The form of proxy or other instruments of appointment shall not be treated as valid unless deposited at the registered office of the Company at 11 Lorong Pendek, Koh Brothers Building, Singapore 348639 (Attn: The Company Secretary) not less than 48 hours before the time appointed for holding the meeting and at any adjournment thereof.
10. For depositors holding their shares through The Central Depository (Pte) Limited in Singapore, the directors have determined that it is more practicable for the depositor proxy form to be delivered to, collected, collated, reviewed and checked at the Company's registered office at 11 Lorong Pendek, Koh Brothers Building, Singapore 348639 (Attn: The Company Secretary) and as such will be counted as valid in regards to this meeting pursuant to the Company's Constitution. The depositor proxy form, duly completed, must be deposited by the depositor(s) at the abovementioned office of the Company in Singapore not less than 48 hours before the commencement of the Annual General Meeting.

# NOTICE OF ANNUAL GENERAL MEETING

## Personal Data Privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (and/or its agents) for the purpose of the processing and administration and analysis by the Company (and/or its agents) of proxies and representatives appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes, and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (and/or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (and/or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (and/or its agents) of the personal data of the proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

## BOOKS CLOSURE AND DIVIDEND PAYMENT DATES

**NOTICE IS HEREBY GIVEN THAT** the Transfer Books and Register of Members of Koh Brothers Group Limited (the "Company") will be closed on 31 May 2016 for the purposes of determining shareholders' entitlements to the proposed dividend.

Duly completed transfers of shares received by the Company's Share Registrar, Tricor Barbinder Share Registration Services (a division of Tricor Singapore Pte. Ltd.) at 80 Robinson Road #02-00 Singapore 068898 up to 5.00 pm on 30 May 2016 will be registered to determine shareholders' entitlements to the proposed dividend. Shareholders whose securities accounts with The Central Depository (Pte) Limited ("CDP") are credited with ordinary shares of the Company as at 5.00 pm on 30 May 2016 will be entitled to the proposed dividend.

The proposed dividend, if approved by the members at the 22<sup>nd</sup> Annual General Meeting of the Company, will be paid on 16 June 2016.

## Notes:

1. If the member has shares entered against his name in the Depository Register (maintained by The Central Depository (Pte) Limited), he should insert that number of shares. If the member has shares registered in his name in the Register of Members (maintained by or on behalf of the Company), he should insert that number of shares. If the member has shares entered against his name in the Depository Register and registered in his name in the Register of Members, he should insert the aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all shares held by the member.
2. (a) A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the meeting. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.  
(b) A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act, Chapter 50.

3. A proxy need not be a member of the Company.
4. The instrument appointing a proxy or proxies must be lodged at the registered office of the Company at 11 Lorong Pendek, Koh Brothers Building, Singapore 348639 (Attn: The Company Secretary) not less than 48 hours before the time appointed for holding the Annual General Meeting.
5. Completion and return of this instrument appointing a proxy or proxies shall not preclude a member from attending and voting in person at the Annual General Meeting if he finds that he is able to do so. In such event, the relevant instrument appointing a proxy or proxies will be deemed to be revoked.
6. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where an instrument appointing a proxy or proxies is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.
7. A corporation which is a member may authorise by a resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Annual General Meeting in accordance with its Constitution and Section 179 of the Companies Act, Chapter 50.
8. The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument (including any related attachment) appointing a proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Annual General Meeting, as certified by The Central Depository (Pte) Limited to the Company.
