CIMIC'S CPB CONTRACTORS AWARDED PERTH AIRPORT ENABLING AND LANDSIDE AIRFIELD WORKS

Please find attached a copy of a media release issued by CIMIC Group Limited, parent company of CIMIC Finance Limited and CIMIC Finance (USA) Pty Limited.

Yours faithfully
CIMIC GROUP LIMITED

Company Secretary

5 DECEMBER 2025**CIMIC'S CPB CONTRACTORS AWARDED PERTH
AIRPORT ENABLING AND LANDSIDE AIRFIELD WORKS**

CIMIC Group company CPB Contractors has been selected by Perth Airport (PAPL), as part of the Skyway joint venture alongside BMD, to construct its new runway and associated taxiways.

The project involves construction of a new three-kilometre, 45-metre-wide runway, and is a critical step forward in Perth Airport's \$5 billion transformation which will create greater passenger capacity and operational efficiency.

ACS Group and HOCHTIEF Chief Executive Officer and CIMIC Group Executive Chairman Juan Santamaria said:

"These upgrades will set the benchmark for the development of Perth Airport's new parallel runway, and will play a vital role in supporting economic growth across Western Australia and nationally. Our expert team at CPB Contractors prioritises local employment, skills creation and sustainable construction ensuring long-term value for communities."

CPB Contractors Managing Director Jason Spears said:

"CPB Contractors is a well-established leader in aviation infrastructure with more than 10 major works packages delivered in as many years, and I'm looking forward to seeing the team create a positive legacy for industry with our intelligent earthworks approach, unmatched safety record and award-winning paving and asphalt solutions."

The enabling and landside airfield scope of works includes:

- Demolition of existing buildings and pavements on the site, including Grogan Road
- Diversion of existing utilities and storm water drains
- Ground preparation and earthworks including the placement of more than one million cubic metres of fill material
- Perimeter security fencing, security systems, and access gates
- Airfield perimeter, emergency, and facility access roads
- Airfield pavements – runway, taxiway, shoulder, and jet blast areas
- Airfield ground lighting, movement area guidance signs, and pavement marking
- Low voltage and communications systems and electrical equipment rooms
- Airfield drainage and landscaping.
