## **Report On The Audit Of The Financial Statements**

#### **Our Opinion**

In our opinion, the accompanying consolidated financial statements of Singapore Technologies Engineering Ltd ("the Company") and its subsidiaries ("the Group") and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 ("the Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2022 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

#### What we have audited

The financial statements of the Group and the Company comprise:

- the consolidated income statement of the Group for the year ended 31 December 2022;
- the consolidated statement of comprehensive income of the Group for the year then ended:
- the consolidated statement of financial position of the Group as at 31 December 2022;
- the consolidated statement of changes in equity of the Group for the year then ended;
- the consolidated statement of cash flows of the Group for the year then ended;
- the notes to the consolidated financial statements, including a summary of significant accounting policies;
- the statement of financial position of the Company as at 31 December 2022; and
- the notes to the statement of financial position of the Company, including a summary of significant accounting policies.

# **Basis for Opinion**

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence

We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

### **Our Audit Approach**

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements for the year ended 31 December 2022. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

# **Key Audit Matter**

# How our audit addressed the Key Audit Matter

## Impairment assessment of non-financial assets - goodwill

Refer to Note C3 to the financial statements.

As at 31 December 2022, the carrying value of the Group's goodwill amounted to \$3,091,354,000.

Goodwill is allocated to the Group's cash generating units ("CGU") - Aerostructure & Systems, Aerospace MRO, Smart Utilities & Infrastructure, Mobility (Rail & Road), Satcom, Specialty Vehicles, Robotics & Autonomous Systems, Mission Software & Services, Training & Simulation Systems, Advanced Networks & Sensors and Defence Aerospace. There is a risk of impairment of certain CGUs in the United States which are operating in a challenging business environment.

In accordance with SFRS(I) 1-36, management is required to perform an impairment assessment of goodwill annually by comparing the recoverable amount of the CGU with its carrying amount to determine whether there is any impairment loss.

For the purpose of impairment testing, the recoverable amount of the CGU is determined based on the value-in-use calculations, using cash flow projections.

In the current year, impairment charge of \$5,000,000 was recorded to reduce the carrying amount of the CGU in the United States which is operating in a challenging business environment to the estimated recoverable amount.

We focused on this area because of the uncertainty arising from the ongoing and evolving COVID-19 pandemic and significant judgements required in estimating the revenue growth rate, gross profit margins, discount rate and terminal growth rate applied in computing the recoverable amount of the CGU.

We have assessed the appropriateness of management's identification of CGU and critically assessed the key assumptions used in the goodwill impairment assessment.

Our audit procedures included the following:

- evaluated management's key assumptions relating to revenue growth rates, gross profit margins, discount rates and terminal growth rates and understood how management has considered the impact of the COVID-19 pandemic and market uncertainty in their estimates.
- reviewed the basis and methodology used to derive the recoverable amount of the CGU.
- assessed the appropriateness of management assumptions by comparing to past historical performance and considering the current developments arising from the COVID-19 pandemic.
- performed sensitivity analysis on management's assumptions relating to revenue growth rates, gross profit margins, discount rates and terminal growth rates.
- involved our valuation experts to evaluate the appropriateness of management's assumptions, relating to terminal growth rates and discount rates, by developing an independent expectation using economic and industry forecasts and rates of comparable companies with consideration for specific jurisdiction factors.
- considered the adequacy of the disclosures in the financial statements.

Based on the audit procedures performed above, we found management's judgement and assumptions in relation to the determination of the recoverable amount to be appropriate, and the disclosure in this respect to be adequate.

# **Key Audit Matter**

## How our audit addressed the Key Audit Matter

## Revenue recognition based on stage of completion

Refer to Note B2 to the financial statements. Our audit procedures included the following:

During the year ended 31 December 2022, recognised Group revenue \$9.035.103.000 relating to sale of goods. rendering of services and contract revenue. Some of these revenue are recognised based on the stage of completion of performance obligations of each individual contract, which are measured by reference to either assessment or surveys of work performed (output method) or the cost incurred relative to total estimated costs (input method).

We focused on this area because of the significant management judgement required in:

- determining each performance obligation within a contract;
- forecasting the costs to be incurred:
- forecasting the overall margins of these performance obligations; and
- assessing the stage of completion of each performance obligation.

- understood the end-to-end processes and validated key controls relating to revenue and receivables cycle.
- assessed the relevant internal control relating to customer contract acceptance and terms, change orders, monitoring of project development, cost incurred and estimating cost to complete.
- assessed the terms of the customer contracts and the appropriateness of the customer recognition policies.
- assessed the contractual terms evaluated the work status of the customer contracts and to ascertain the appropriateness of revenue recognised based on the stage of completion of each performance obligation.
- selected sample of contracts and assessed management's assumptions for determining stage of completion including estimated profit and cost to complete through interviews with management and verification to the supporting documents.
- performed analysis and retrospective reviews of completed contracts to assess the appropriateness management's of assumptions applied.

Based on the audit procedures performed above, we found the basis of the identification of performance obligations and the revenue recognised based on the stage of completion of each performance obligation to be appropriate.

Matter

## Purchase price allocation ("PPA") relating to acquisition of TransCore

During the year, the Group completed its Our audit procedures included the following: business acquisition of TransCore Partners, LLC and TLP Holdings, LLC (collectively "TransCore") in the United States, requiring the purchase price to be allocated to the fair value of the identifiable assets (including intangible assets) acquired and liabilities assumed. Management had engaged an external professional firm to perform a purchase price allocation exercise. The total identifiable intangible assets acquired included customer relationships and commercial and intellectual property rights \$886,281,000 and \$144,781,000 Goodwill respectively. recognised acquisition amounted to \$2,321,424,000.

**Key Audit Matter** 

Significant judgement is applied in assessing the fair values of assets and liabilities acquired, as this directly impacts the amount of goodwill recognised on acquisition.

How our audit addressed the Key Audit

- evaluated the independence, competency and objectivity of the external professional valuer engaged by management.
- held discussions with management and the external professional firm to understand the purchase price allocation exercise.
- reviewed the PPA exercise performed by management and assessed the appropriateness of the valuation methodology and key assumptions used to determine the fair valuation of the identifiable assets and liabilities assumed on acquisition
- with the assistance of our internal valuation specialists, assessed the appropriateness of valuation methodology the and assumptions used to determine the fair valuation of the identifiable assets and liabilities assumed on acquisition date.

Based on the audit procedures performed above, we found estimates used in management's assessment of the fair value of the assets and liabilities acquired and the resultant goodwill recognised from the acquisition to be reasonable.

## Other Information

Management is responsible for the other information. The other information comprises the Corporate Overview, Performance Review, Sustainability, Corporate Governance, Directors' Statement, SGX Listing Rules Requirement and Corporate Information (but does not include the financial statements and our auditor's report thereon), which we obtained prior to the date of this auditor's report, and the other sections of the annual report ("the Other Sections"), which are expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Other Sections, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions in accordance with SSAs.

# **Responsibilities Of Management And Directors For The Financial Statements**

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

# Auditor's Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### Auditor's Responsibilities For The Audit Of The Financial Statements (continued)

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due
  to fraud or error, design and perform audit procedures responsive to those risks, and obtain
  audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of
  not detecting a material misstatement resulting from fraud is higher than for one resulting from
  error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
  override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# Report On Other Legal And Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Lam Hock Choon.
