About Hyflux

Hyflux is a leading fully-integrated provider of water and power management and innovative environmental solutions. Headquartered and listed in Singapore, Hyflux has operations and projects in Southeast Asia, China, India, the Middle East and North Africa. Hyflux is committed to providing cost-effective and sustainable solutions in seawater desalination, water recycling, wastewater treatment, including membrane bioreactor (MBR) and potable water treatment. The Group's track record includes Singapore's first water recycling plant and two seawater reverse osmosis (SWRO) desalination plants, and some of the world's largest SWRO desalination plants in China and Algeria.
