ANNUAL REPORT 2014

APPENDIX 1

SUMMARY SHEET FOR RENEWAL OF SHARES PURCHASE MANDATE

The Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) assumes no responsibility for the correctness of any of the statements made, reports contained or opinions expressed in this Appendix. If you are in doubt as to the action that you should take, you should consult your stockbroker or other professional adviser immediately.

(A) Shares Purchased In The Previous Twelve Months

As at the Latest Practicable Date (as defined below), the Company had not bought back any ordinary shares of the Company (the “**Shares**”) in the previous twelve months pursuant to the Shares Purchase Mandate obtained at the Annual General Meeting on 30 April 2014.

(B) Renewal Of The Shares Purchase Mandate

The Ordinary Resolution No. 7, if passed at the Annual General Meeting, will renew the Shares Purchase Mandate approved by the shareholders of the Company from the date of the Annual General Meeting until the date that the next annual general meeting of the Company is held or is required by law to be held, whichever is the earlier.

(C) Rationale For The Shares Purchase Mandate

Short-term speculation may at times cause the market price of the Company’s Shares to be depressed below the true value of the Company and the Group. The proposed Shares Purchase Mandate will provide the Directors with the means to restore investors’ confidence and to protect existing shareholders’ investments in the Company in a depressed share-price situation through judicious Shares purchases to enhance the earnings per Share and/or the net asset value per Share. The Shares purchases will enhance the net asset value per Share if the Shares purchases are made at a price below the net asset value per Share.

The proposed Shares Purchase Mandate will also provide the Company with an expedient and cost-effective mechanism to facilitate the return of surplus cash reserves to the shareholders, as and when the Directors are of the view that this would be in the best interests of the Company and shareholders.

The Directors will only make a Shares purchase as and when the circumstances permit and only if the Directors are of the view that such purchases are in the best interests of the Company and shareholders. The Directors will decide whether to purchase Shares only after taking into account, among other things, the market conditions at such time, the Company’s financial condition and whether such purchases will cause the Company to become insolvent (i.e. the Company is unable to pay its debts as they become due in the ordinary course of business, or the value of the Company’s assets is less than the value of its liabilities including contingent liabilities), and whether such purchases represent the most efficient and cost-effective approach to enhance Share value. Shares purchases will only be made if the Directors believe that such purchases are likely to benefit the Company and increase economic value for shareholders.

The Directors will ensure that the Shares purchases will not have any effect on the listing of the Company's securities including the Shares listed on the SGX-ST. Rule 723 of the Listing Manual of the SGX-ST requires a listed company to ensure that at least ten per cent. (10%) of equity securities (excluding Treasury Shares, preference shares and convertible equity securities) in a class that is listed is at all times held by the public. The Directors shall safeguard the interests of public shareholders before undertaking any Shares purchases. Before exercising the Shares Purchase Mandate, the Directors shall at all times take due cognisance of (a) the then shareholding spread of the Company in respect of the number of Shares held by substantial shareholders and by non-substantial shareholders and (b) the volume of trading on the SGX-ST in respect of the Shares immediately before the exercise of any Shares purchase.

Currently, 98,878,835 Shares (28.91%) of a total of 342,024,763 Shares issued by the Company (excluding Treasury Shares) are held by 3,662 public shareholders. The Company is of the view that there is sufficient number of Shares in issue held by public shareholders which would permit the Company to undertake Shares purchases of up to ten per cent. (10%) of its issued ordinary share capital (excluding Treasury Shares) without affecting the listing status of the Shares on the SGX-ST. The Company will ensure that the Shares purchases will not cause market illiquidity or affect orderly trade.

(D) Financial Impact Of The Proposed Shares Purchases

1. The purchased Shares shall be cancelled immediately on purchase or acquisition unless held in treasury in accordance with Section 76H of the Companies Act (Cap. 50) of Singapore (the "**Act**"). Section 76H of the Act allows purchased Shares to be:

- (i) held by the Company; or
- (ii) dealt with, at any time, in accordance with Section 76K of the Act, as Treasury Shares.

Section 76K of the Act allows the Company to:

- (i) sell the Shares (or any of them) for cash;
- (ii) transfer the Shares (or any of them) for the purposes of or pursuant to an employees' share scheme;
- (iii) transfer the Shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person; or
- (iv) cancel the Shares (or any of them).

The aggregate number of Shares held as Treasury Shares shall not at any time exceed ten per cent. (10%) of the total number of Shares at that time. Any Shares in excess of this limit shall be disposed of or cancelled in accordance with Section 76K of the Act within six (6) months.

Any Shares purchase will:

- (i) reduce the amount of the Company's share capital where the Shares were purchased or acquired out of the capital of the Company;
- (ii) reduce the amount of the Company's profits where the Shares were purchased or acquired out of the profits of the Company; or
- (iii) reduce the amount of the Company's share capital and profits proportionately where the Shares were purchased or acquired out of both the capital and the profits of the Company,

by the total amount of the purchase price paid by the Company for the Shares cancelled.

The Company cannot exercise any right in respect of Treasury Shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Act, the Company shall be treated as having no right to vote and the Treasury Shares will be treated as having no voting rights.

2. The financial effects on the Company and the Group arising from the proposed purchases of the Company's Shares which may be made pursuant to the proposed Shares Purchase Mandate will depend on, *inter alia*, the aggregate number of Shares purchased and the consideration paid at the relevant time.
3. Based on the existing issued and paid-up share capital of the Company (excluding Treasury Shares) as at 30 March 2015 (the "**Latest Practicable Date**") of 342,024,763 Shares, the proposed purchases by the Company of up to a maximum of ten per cent. (10%) of its issued share capital (excluding Treasury Shares) under the Shares Purchase Mandate will result in the purchase of 34,202,476 Shares. As at the Latest Practicable Date, the Company has 5,414,000 Treasury Shares.
4. An illustration of the impact of Shares purchases by the Company pursuant to the Shares Purchase Mandate on the Group's and the Company's financial position is set out below based on the following assumptions:
 - (a) audited accounts of the Group and the Company as at 31 December 2014;
 - (b) in full exercise of the Shares Purchase Mandate, 34,202,476 Shares were purchased;
 - (c) the maximum price for market and off-market purchases is \$0.274 respectively, which is five per cent. (5%) above the average closing prices of the Shares over the last five market days preceding the Latest Practicable Date on which transactions in the Shares were recorded on the SGX-ST; and
 - (d) the maximum amount of funds required for the Shares purchases in the aggregate is \$9,371,478.

Shareholders should note that the financial effects set out above are based on the audited financial accounts of the Group and the Company for the financial year ended 31 December 2014 and are for illustration only. The results of the Group and the Company for the financial year ended 31 December 2014 may not be representative of future performance.
6. The Company intends to use its internal sources of funds to finance its purchases of the Shares. The Company does not intend to obtain or incur any borrowings to finance its purchases of the Shares. The Directors do not propose to exercise the Shares Purchase Mandate in a manner and to such extent that the working capital requirements of the Group would be materially affected.
7. The Company will take into account both financial and non-financial factors, among other things, the market conditions at such time, the Company's financial condition, the performance of the Shares and whether such Shares purchases would represent the most efficient and cost effective approach to enhance the Share value. Shares purchases will only be made if the Board believes that such purchases are likely to benefit the Company and increase economic value for shareholders.

(E) Consequences Of Shares Purchases Under The Singapore Code On Take-overs And Mergers

1. In accordance with The Singapore Code on Take-overs and Mergers (the "**Take-over Code**"), a person will be required to make a general offer for a public company if:
 - (a) he acquires thirty per cent. (30%) or more of the voting rights of the company; or
 - (b) he, together with persons acting in concert with him, already holds between thirty per cent. (30%) and fifty per cent. (50%) of the voting rights of the company, and he, or any person acting in concert with him, increases his voting rights in the company by more than one per cent. (1%) in any six-month period.
