ADDVALUE SECURES US$4.8 MILLION NEW ORDERS FOR ADVANCED DIGITAL RADIO – STRENGTHENS GROWTH PROSPECT

The Board of Directors of Addvalue Technologies Ltd (the "**Company**", and together with its subsidiaries, the "**Group**") is pleased to announce that the Group has secured new orders for its Advanced Digital Radio ("**ADR"**)-related Business ("**New Orders"**).

The New Orders, totaling US$4.8 million for the supply of proprietary, highly compact Software Defined Radio ("**SDR**") modules to a customer in the defence technology sector, demonstrate the application of our advanced SDR modules for sophisticated digital radio solutions. This achievement further reinforces our ADR-related business as a key contributor to the Company's growth.

Due to non-disclosure obligations, the Group is currently unable to disclose further details about the New Orders and the customer involved.

Together with the New Orders, the Group's order book as at this writing stands at US$22.6 million . Barring any unforeseen circumstances, the Company expects the New Orders to be substantially fulfilled within the next 12 months and have a material positive impact on the next financial year ending 31 March 2027 of the Group.

Save for their respective interests held through the Company, none of the Directors or substantial shareholder of the Company has any interest, directly or indirectly, in the New Orders.

BY ORDER OF THE BOARD

Mr Tan Khai Pang
Chief Executive Officer
