Tata Communications Comments on Market Rumours

Mumbai – July 23rd 2015 - While it is the long-standing policy of Tata Communications Ltd. not to confirm or deny market rumours, in response to media reports concerning a potential sale of the Company's data centre business, the Company confirms that it is exploring various strategic options for its data centre infrastructure business in India and potentially Singapore. Tata Communications has retained Jefferies LLC to advise the Company in connection with exploring these strategic alternatives.

As with any business, the Company continually reviews its capital allocation and portfolio. Data centre services and managed service offerings play will continue to play an important role in the Company's strategy and any move will ensure that these strategic propositions to our customers are not diluted. Additionally, the Company will ensure that any and all contractual commitments made to our customers are honoured.

Given the preliminary nature of this exploration, neither the Company nor any of its representatives will be providing any additional comments at this time. No assurance can be given that the Company will determine to pursue a potential sale or enter into any definitive agreement. The Company does not intend to make any further press release or announcement regarding these matters unless and until it enters into a binding, definitive agreement with respect to its sale of its data centre infrastructure in India and/or Singapore.

Ends...**About Tata Communications**

Tata Communications Limited (CIN no: L64200MH1986PLC039266) along with its subsidiaries (Tata Communications) is a leading global provider of A New World of Communications™. With a leadership position in emerging markets, Tata Communications leverages its advanced solutions capabilities and domain expertise across its global and pan-India network to deliver managed solutions to multi-national enterprises, service providers and Indian consumers.

The Tata Communications global network includes one of the most advanced and largest submarine cable networks and a Tier-1 IP network with connectivity to more than 200 countries and territories across 400 PoPs, as well as nearly 1 million square feet of data centre and collocation space worldwide.

Tata Communications' depth and breadth of reach in emerging markets includes leadership in Indian enterprise data services and leadership in global international voice.

Tata Communications Limited is listed on the Bombay Stock Exchange and the National Stock Exchange of India.

Forward-looking and cautionary statements

Certain words and statements in this release concerning Tata Communications and its prospects, and other statements, including those relating to Tata Communications' expected financial position, business strategy, the future development of Tata Communications' operations, and the general economy in India, are forward-looking statements. Such statements involve known and unknown risks, uncertainties and other factors, including financial, regulatory and environmental, as well as those relating to industry growth and trend projections, which may cause actual results, performance or achievements of Tata Communications, or industry results, to differ materially from those expressed or implied by such forward-looking statements. The important factors that could cause actual results, performance or achievements to differ materially from such forward-looking statements include, among others, failure to increase the volume of traffic on Tata Communications' network; failure to develop new products and services that meet customer demands and generate acceptable margins; failure to successfully complete commercial testing of new technology and information systems to support new products and services, including voice transmission services; failure to stabilize or reduce the rate of price compression on certain of the company's communications services; failure to integrate strategic acquisitions and changes in government policies or regulations of India and, in particular, changes relating to the administration of Tata Communications' industry; and, in general, the economic, business and credit conditions in India. Additional factors that could cause actual results, performance or achievements to differ materially from such forward-looking statements, many of which are not in Tata Communications' control, include, but are not limited to, those risk factors discussed in. Tata Communications' various filings with the United States Securities and Exchange Commission. These filings are available at www.sec.gov. Tata Communications is under no obligation to, and expressly disclaims any obligation to, update or alter its forward-looking statements.
