PROFIT GUIDANCE FOR THE HALF YEAR ENDED 31 DECEMBER 2026

The Board of Directors (the “**Board**” or the “**Directors**”) of Soup Holdings Limited (“the **Company**”) and together with its subsidiaries, the “**Group**”) wishes to announce that based on a preliminary review of the unaudited consolidated financial results for the half year ended 31 December 2026 (“**HY2026**”), the Group expects to report a net loss for HY2026.

The expected loss is primarily due to the following factors:

(i) Following a review of the recent operating environment, the Group has decided not to proceed with the lease agreement for a proposed outlet. Pursuant to the termination arrangement, the Group incurred a one-off compensation payment (the “**Pre-Termination Fee**”) of S$384,000 payable to the landlord.

The Pre-Termination Fee is expected to have a material impact on the Group's financial results for HY2026. Notwithstanding the foregoing, the termination of the lease is expected to eliminate future lease commitments and operating obligations associated with the proposed outlet, thereby avoiding potential losses and cash outflows.

The Pre-Termination Fee will be funded through the Group’s internal resources and is not expected to affect the Group’s ability to continue its restructuring initiatives and day-to-day operations.

(ii) The temporary closure of an outlet for approximately two months during the relocation process, resulting in lower revenue and profitability during the affected period. The relocation was completed and the outlet resumed operations at its new premises at the end of May 2026.

The Group's financial results for HY2026 are still being finalised, and further details of the Group’s performance will be disclosed when the Company announces its unaudited consolidated financial statements for HY2026. These events are part of the Group’s ongoing efforts to optimise its business operations and align its resources with its strategic priorities, including the rationalisation of its outlet portfolio and the enhancement of overall operational efficiency.

The Board wishes to advise shareholders and potential investors to exercise caution when dealing in the securities of the Company. Persons who are in doubt as to the action they should take, should consult their stockbrokers, bank managers, solicitors, accountants or other professional advisers before trading in or making any investment decision regarding the Company’s securities.
