CIMIC'S LEIGHTON ASIA AWARDED WORKS FOR A DATA CENTRE PROJECT IN HONG KONG

CIMIC Group company Leighton Asia has secured a contract to deliver works for a new data centre project in Hong Kong, further strengthening its digital infrastructure portfolio across Asia.

The project includes the construction of a high rise facility with a two-storey basement, delivering shell and core works designed to meet stringent safety and performance requirements.

ACS Group and HOCHTIEF Chief Executive Officer and CIMIC Group Executive Chairman Juan Santamaría said:

"This project reflects Leighton Asia's role in delivering critical data centre infrastructure and our Group's global capability across the full lifecycle of digital and technology assets. With scale, engineering expertise and delivery capacity, we are well positioned to support the growing demand for secure, resilient and high-performance data infrastructure."

Leighton Asia Managing Director Brad Davey said:

"This award reinforces Leighton Asia's strength in delivering data centre projects and our contribution to the Group's expanding digital infrastructure work. Our regional expertise and integrated delivery capability position us to meet the technical and performance requirements of these mission-critical assets."

Leighton Asia has delivered a portfolio of data centre projects across Asia, with active and completed works in Malaysia, Indonesia, Thailand, India, the Philippines, Singapore and Hong Kong, drawing on its regional delivery capability in civil, structural, mechanical and electrical services.
