RESPONSES TO SGX-ST'S QUERIES

Unless otherwise defined herein or the context otherwise requires, all capitalised terms shall have the same meanings as defined in the previous announcements dated 22 December 2022 and 1 March 2024 ("Previous Announcements").

The board of directors ("**Board**") of Hatten Land Limited ("**Company**") refers to the queries from the Singapore Exchange Securities Trading Limited ("**SGX-ST**") regarding the Company's announcements dated 1 March 2024 in relation to the update on letter of demand and the Company's responses to the queries are as follows:

Question 1:

Please provide the Company's plan and timelines to resolve the matter.

Company's response

The challenges confronting the Group's endeavours in fundraising are intensifying, due to the adverse consequences of recent measures taken by certain lenders. As a result, potential financiers require additional turnaround time for consideration, accompanied by more questions and requests. Nevertheless, the Group remains committed in engaging proactively with HSBC Bank Malaysia Berhad ("**Lender**"), to negotiate agreeable terms for resolving the matter. The Group is also actively working with reputable financiers to finalise fundraising facilities. Barring any unforeseen circumstances, the Group expects to drawdown the fundraising facilities in FY2024.

Question 2:

Has the Company resolved the issues pertaining to the letter of demand announced on 22 December 2022?

Company's response

The Letter and Letter to Guarantor refer to the same facility with the same Lender who issued the Letter announced on 22 December 2022. The Company continues to engage in commercial discussions to reach a mutually agreeable solution and exploring various settlement options.

Question 3:

Please provide the list of letters of demand which the Company and the Group have received so far and are outstanding, and the Company's target time to resolve the matters.

Company's response

Question 4:

Please provide Board's assessment as to the impact on the Company's operation and going concern in light of all the letters of demand which the Company and the Group have received so far.

Company's response

The Board is of the view that the Company is able to continue as a going concern after considering the following:

- (a) The controlling shareholders have entered into a term sheet, in their personal capacity, with a reputable financial institution in Singapore for fundraising facilities which will be secured with their personal assets in order to provide a shareholders' loan to the Company to repay the Company's secured bonds. It is currently at the legal documentation stage, and the controlling shareholders expect to drawdown the fundraising facilities in FY2024, provided that an agreement can be reached with the bondholders on mutually acceptable terms.
- (b) While the Malaysian property market is showing signs of gradual improvement, it's important to note that Melaka, being a niche market, has not rebounded as quickly as major urban centers such as Kuala Lumpur and Johor Bahru. However, with the resurgence of the Malaysian economy, interstate, and overseas travel, there is optimism for the recovery of the Group's hospitality and property-related activities in Melaka. Nevertheless, the Group maintains a steadfast focus on its core property development business. Despite the challenges faced in Melaka, the Group has demonstrated resilience and sustained positive operating cash flow in the past two consecutive years, as well as the first quarter of the financial year 2024. During the financial period from 1 October 2023 to 31 December 2023, the Group continues to achieve a positive operating cash flow of RM1.6 million, reflecting our commitment to financial stability and adaptability in a changing market landscape.
- (c) Comparing to cost value of RM625.3 million recognised on the statement of financial position, the total market value of the Group's development properties is over RM1.1 billion as of 30 June 2023, of which approximately RM663.0 million comprises unsold completed properties that the Group intends to sell gradually. In addition, the Company's liabilities, in particular the US\$25.0 million (approximately RM114.8 million) secured bonds are secured by additional hospitality assets provided by a related party of the Company, of which the market value is RM238.0 million (approximately US\$51.9 million) as at November 2022.
- (d) The provision of RM51.9 million and contract liability of RM204.4 million are non-monetary items that arise from accounting treatment in accordance with relevant accounting standards

and do not necessitate immediate cash repayment. As for the current portion of the loans and borrowings, approximately RM206.2 million pertains to the outstanding principal amount of facilities under the refinancing process of the fundraising facilities.

- (e) The Group continues to collaborate with its creditors to extend and/or restructure the repayment plans that included payment structure as well as contra payments with its property units. Besides that, the Group is collaborating with its banks in relation to the roll-over and extension of the repayment obligations. This aligns the Group's requirements with the current business climate and channels its cashflow for operation purposes.
- (f) The Group has embarked on strategic restructuring of its subsidiary, GMSB to restructure its legacy contractual obligation to achieve more sustainable capital structure which will reduce pressure on the Group's cash outflows going forward. As announced in the Group's announcement on 14 June 2023, 30 June 2023, and 29 August 2023, GMSB has obtained the order from Kuala Lumpur High Court to hold a creditors' meeting which was held on 8 September 2023. This creditors' meeting has waived 60.0% of this scheme creditors' liquidated ascertained damages ("**LAD**") amounting to approximately RM65.0 million of waiver. The balance 40.0% of the LAD, which amounts to approximately RM43.5 million, shall be settled by way of proceeds received from the sale of certain unsold units of the Harbour City project, thereby preserving the Group's cash reserves. The Proposed Scheme was approved by a majority of 80.0% of the total value of the Scheme Creditors present and voting in person or by proxy at the Meeting. The solicitors for the Initiating Purchasers have filed an application to obtain the Kuala Lumpur High Court's approval of the Proposed Scheme.
- (g) One of the executive directors, who is also a controlling shareholder of the Company, has undertaken to provide necessary financial support, in the form of debt and/or equity, to the Group should it be required to sustain its operations.
