MISSION

To grow stakeholder value from delivering premium real estates and services for the residential, commercial and hospitality markets in Asia and beyond.

VISION

Creating world-class spaces for living, business and leisure.

About GSH Corporation

Listed on the Mainboard of Singapore Exchange since 2003, GSH Corporation is a growing property developer in Southeast Asia, with properties under development in Malaysia and China.

Its hospitality segment includes the Sutera Harbour Resort in Kota Kinabalu, which the Group owns and operates, comprising two five-star hotels with a total of 1,000 rooms and the idyllic Sutera@Mantanani Resort on the Mantanani Islands in Sabah which has 70 luxury villas. In China, the Group owns the 200-room New World Chongqing Hotel to be managed by New World® Hotels & Resorts, an upper-upscale hotel brand of Rosewood Hotel Group.

Its residential portfolio includes the 1,600-unit Yuhu Singapore International Gardens in Bishan District near Chongqing and 460-unit seafront development of Coral Bay in Kota Kinabalu.

Message to Shareholders

Dear Shareholders,

The pinnacle moment of FY2024 was the grand debut of our first greenfield luxury hotel development in Chongqing, China which officially opened its doors in July.

Nestled within the breathtaking Yuhu Singapore International Gardens in Chongqing's enchanting Bishan District, this 200-room luxury gem has garnered quite a few prestigious accolades such as:

- Best Newly Opened Hotel – 2024 Voyage Awards Grand Prix
- Best New Opening Hotel of the Year – 2024 Ctrip Awards
- Most Anticipated New Opening Hotel of the Year & Best Relax Resort Hotel of the Year – 2024 China Hotel YOUNG Fashion Awards
- Best New Opening Hotel of the Year & Popular Wedding Service Hotel of the Year – 2024 Hotel Newrank (China Tourism Academy & China Tourism Hotel Association)

Financial Highlights

Revenue (S\$'000)		Loss Before Tax (S\$'000)		Total Comprehensive Income (S\$'000)	
FY2024	125,161	(11,090)	FY2024	17,113	
FY2023	156,617	(3,086)	FY2023	52,241	

For FY2024, the Group reported a total comprehensive income of S\$17.1 million, after accounting for post-tax other comprehensive income of S\$32.6 million.

Revenue for the year declined by 20.1%, totaling S\$125.2 million, primarily due to a larger revenue recognition from our completed residential project in China in 2023, Yuhu Singapore International Gardens. However, the Group's hospitality business in Malaysia and China saw a 25.2% revenue increase, reaching S\$66.9 million.

As of 31 December 2024, the Group's net asset value per share rose 5% to 17.96 Singapore cents. Net cash flow from operations totalled S\$35.6 million, after working capital adjustments. Investing activities resulted in a net cash outflow of S\$23.8 million due to the addition of property, plant and equipment, while financing activities, including interest and borrowing payments as well as changes in pledged deposits, led to a net outflow of S\$8.0 million.

Hospitality Business

Revenue (S\$'000)

Profit Before Tax (S\$'000)

Driven by strong tourist arrivals in Malaysia, fuelled by the visa waiver programmes between China and Malaysia, our Hospitality Business - which includes three hotels in Kota Kinabalu, one serviced residence in Kuala Lumpur and one hotel in China – saw a 25.2% year-on-year growth, reaching S\$66.9 million.

Looking ahead, tourism in Malaysia is expected to remain robust, particularly with the extension of the visa waiver program for another year. In China, domestic tourism continues to be strong, especially during peak holiday seasons. The Group is focusing on enhancing its service offerings and marketing strategies to capture domestic market growth.

Property Business

Revenue (S\$'000)

Profit Before Tax (S\$'000)

In 2024, Coral Bay @ Sutera won the Best Waterfront High-Rise Development award, while GSH Corporation Limited was named Best Luxury Developer at the PropertyGuru Asia Awards Malaysia. Coral Bay @ Sutera also received the Luxury Waterfront Condominium Excellence Award from Sabah Housing and Real Estate Developers Association.

The recognition of sales of residential projects tends to be lumpy, depending on the progress of construction. Following the completion of Yuhu Singapore International Gardens, the bulk of its sales was already recognised in FY2023. As a result,

the Property Business segment saw a 41.9% revenue decline to S\$56.7 million in FY2024.

Nevertheless, the Group's property business in Malaysia experienced a 55.7% increase, rising to S\$45.3 million in FY 2024. This growth was driven by strong demand from both domestic and foreign investors, further supported by the relaxed MM2H programme. In contrast, the real estate market in China continues to face significant headwinds.

The Group continues to hold substantial, strategically-positioned land banks in Malaysia and China.

Appreciation

Moving ahead, we will continue to focus on recovery and prudent working capital management, to support ongoing stability and growth. We will also explore new opportunities to diversify our business growth.

We extend our sincere thanks to the Board, Management, and staff for their dedication, especially during these challenging times.

We also welcome Ms. Joycelyn Ong Yueh Ling, who joined the Board as an Independent Director in July 2024.

Wishing everyone a prosperous and successful year ahead!

Sutera Harbour Marina, Golf & Country Club

KOTA KINABALU, MALAYSIA

27-hole Award-Winning Championship Golf Course

The Club's 27-hole golf course is built on undulating terrain and divided into 43 distinct courses of varying difficulty

At the heart of the extensive Sutera Harbour Resort property is the Sutera Harbour Marina, Golf & Country Club which features a 27-hole award-winning championship golf course designed by Graham Marsh, a 41-bay covered driving range, and a 104-berth marina that can accommodate 13 mega yachts and 91 smaller vessels.

The Club's 27-hole golf course is built on undulating terrain and divided into 43 distinct courses of varying difficulty. At night, 20 holes are lit, including nine holes

of the Lake Course, nine holes of the Garden Course and two finishing holes of the Heritage Course.

There is also a 41-bay two-tier covered driving range that overlooks a scenic lake. Use of the golf course is exclusively for the patrons of The Magellan Sutera and The Pacific Sutera as well as club members and their guests.

The Marina's deep-water marina is well equipped, deep enough for most yachts of up to 180 feet and protected all year round from extreme weather conditions.

Established in 1998, this Marina is a hub for yachting and sailing in Southeast Asia. Berthing services are available for short and long-term rental.

Sutera @ Mantanani Resort

KOTA KINABALU, MALAYSIA

70 deluxe villas

Acquired by the Group in December 2018, the Sutera@Mantanani Resort, managed by Sutera Harbour Resort, is an exclusive island resort, with 70 beach-fronting villas, set amidst the idyllic Mantanani Islands, some 40km northwest from the coastal town of Kota Belud, 80km north of Kota Kinabalu.

From the city, it is about one and half hours by car to Kota Belud, and a 30-minute boat ride from Kota Belud jetty to Mantanani Islands.

Coveted for its powdery white beaches, crystal clear waters and rich marine life, the Resort offers some of the best scuba diving and snorkeling activities with its fully equipped

dive centre, or other water sports such as kayaking against the stunning backdrop of Mount Kinabalu. Fishing enthusiasts will enjoy a peaceful time angling at a deserted island, or learning how to fish like the locals. Those wanting the ultimate thrill can also head out for a spot of game fishing.

On full-moon nights, the Resort organizes the magical Blue Tears tour – where bioluminescent plankton lights up the sea with its characteristic bluish glow.

A perfect holiday destination, Sutera@Mantanani offers full-board dining options at its Lumba-Lumba Island Café, which serves local and international cuisine.

Corporate Governance Report

The Board and Management of GSH Corporation Limited ("**GSH**") and its subsidiaries (the "**Group**"), believe that maintaining a genuine commitment to good corporate governance, is essential for the long-term success of the Company's business and performance. The Company continues to focus on adhering to the principles and provisions of the Singapore Code of Corporate Governance 2018 (the "**2018 Code**"), issued in August 2018.

This Corporate Governance Report ("**CG Report**") sets out the corporate governance practices of GSH, for the financial year ended 31 December 2024 ("**FY2024**"), with specific reference made to the principles and provisions of the 2018 Code, which form part of the continuing obligations of the Listing Rules of the Singapore Exchange Securities Trading Limited ("**SGX-ST**"). Where there are deviations from the principles and provisions from the 2018 Code, explanations have been provided within the CG Report.

(A) BOARD MATTERS

PRINCIPLE 1: THE BOARD'S CONDUCT OF AFFAIRS

The Company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the Company.

Provision 1.1

Principal Duties of the Board

The Board is accountable to the shareholders, while the Management is accountable to the Board.

The Board has established a framework of prudent and effective controls, which enables risks to be assessed and managed, including safeguarding of shareholders' interests and the Company's assets. It also oversees the Company's affairs and provides shareholders with a balanced and understandable assessment of the Company's performance, position and prospects, on a half-yearly basis. This responsibility extends to interim and other price sensitive public reports, and reports to regulators (if required).

Directors, being fiduciaries of the Company, are obligated collectively and individually, to act objectively in the best interests of the Company at all times. Consistent with this principle, the Board is committed to ethics and integrity of action and has adopted a Board Code of Conduct & Ethics which provides for every Director to, among other things, adhere to the highest standards of ethical conduct. All Directors are required to comply with the Board Code of Conduct & Ethics. This sets the appropriate tone from the top in respect of the desired organisation cultural and ensures proper accountability within the Company.

The Board sets the overall business direction, provides guidance on the Company's strategic plans, with particular attention to growth and financial performance, and oversees the Management of the Company.

The Board's primary functions include:

- (i) Approving policies, strategies, structure and direction of the Group;
- (ii) Overseeing and monitoring managerial and organisational performance and the achievement of strategic goals and objectives;
- (iii) Ensuring that there are in place appropriate and adequate systems of internal controls, risk management, effective processes for financial reporting and compliance; approving the annual budget, major capital expenditures, funding proposals; and investment and divestment proposals;
- (iv) Assuming responsibilities for good corporate governance practices;
- (v) Approving half-yearly announcements and annual announcements and financial statements;
- (vi) Identifying the key stakeholder groups and recognising that their perceptions affect the Group's reputation;
- (vii) Setting the Company's values and standards (including ethical standards), and ensuring that obligations to shareholders and other stakeholders are understood and met; and
- (viii) Considering sustainability issues, e.g. environmental and social factors, as part of its strategic formulation.

Corporate Governance Report

Board Debates and Independent Judgment

The Board and Management engage in open and constructive debate, for the furtherance of and to achieve strategic objectives. All Board members are provided with relevant and sufficient information on a timely basis and Non-Executive Directors may challenge Management's assumptions. The Directors have the appropriate competencies and diversity of experience, to enable them to contribute effectively. They are able to objectively raise issues and seek clarification, when necessary, from the Board and the Management, on matters pertaining to their area of responsibilities and render assistance to the Management in the development of strategic proposals and oversee the implementation by Management to achieve the objectives set.

All directors are expected to exercise due care, skills and diligence and independent judgment, in dealing with the business affairs of the Group and are obliged to act in good faith and to take objective decisions, in the best interests of the Group.

Conflicts of Interest

The Company requires Directors, who are in any way, directly or indirectly, interested in a transaction or proposed transaction, to declare the nature of their interests in accordance with the provision of the Companies Act 1967, and voluntarily abstain from participation in board discussions or the decision-making processes, on any particular agenda item, when they have a conflict of interest (including potential conflicts). The abstention is recorded within the minutes and/or the resolutions of the Board and/or Committees. During FY2024, no conflicts of interest from the Directors had arisen.

Provision 1.2

Board Orientation and Training

Newly appointed Directors, if any, receive formal letters setting out their duties and obligations and are also given comprehensive induction briefings and orientations, by the Executive Directors and Management, on the business activities, governance practices of the Group and its strategic decisions.

For any first-time Director who has no prior experience as a director of a listed company, in addition to the induction as detailed above, he or she will be required to also attend certain specific modules of the Listed Entity Director Programme ("**Programme**") conducted by the Singapore Institute of Directors ("**SID**"), in order to acquire relevant knowledge of what is expected of a listed company director, this being a mandatory requirement under the SGX-ST Listing Rules. Completion of the Programme, which concentrates on comprehensive training of company directors on compliance, regulatory and corporate governance matters, should provide the first-time Director with a broad understanding of the roles and responsibilities of a director of a listed company, under the requirements of the Companies Act 1967, the Listing Manual of the SGX-ST and the 2018 Code.

Ms Joycelyn Ong Yuen Ling, who was appointed as a director on 22 July 2024, had no prior experience as a director of a listed company in Singapore, underwent and completed the Programme for first-time Directors.

The Directors participate in occasional seminars and are furnished with relevant information and updates on changes in laws and regulations, relevant to the Group's businesses and operating environment, on a regular basis. The Directors have attended seminars and courses conducted by the SID and/or other professional bodies.

Pursuant to Listing Rule 720(7), all directors are required to undergo training on sustainability matters as prescribed by the Exchange. All the Directors had completed the sustainability training, as prescribed by the Exchange.

During FY2024, the Company's external auditor regularly briefed the Audit and Risk Committee ("**ARC**") members, on developments in accounting and regulatory requirements. The Board was provided with regular updates in areas such as changes in the requirements of the SGX-ST Listing Rules, Companies Act or other regulations/statutory requirements, from time to time.

The details of seminars, conferences and training programmes attended by the Directors variously in FY2024 included:

- [Webinar] - Unmasking Corruption: How It Affects You and Your Workplace;
- [Webinar] - Generative AI: A practical approach to governance and due diligence;
- CLAS Training Programme 2024 - Module 9 - From Arrests to Analyses: Drugs in Singapore and their Legal Implications;
- International Bar Association, Anti-Corruption Asia Conference at Marina Bay Sands, Singapore: Using Technology in Anti Corruption Enforcement;
- Sustainability as Corporate Strategy: Risks and Opportunities beyond Reporting;

Corporate Governance Report

- Knowledge, Intention and Reliance: Deterministic and Non-Deterministic Algorithms (Including AI);
- Navigating Green Frontiers: Understanding Environmental Law in India and Climate Legislation in Singapore;
- The Road to IPO for SMEs: Understanding the Ins and Outs of Listing in Singapore; and
- Corporate Law Day.

Provision 1.3

Reserved Matters

Internal guidelines and authority limits have been laid down for Management, to administer the Group's day-to-day operations. These guidelines and limits are reviewed by the Board from time to time, and adjusted when necessary. In addition, the Group has in place guidelines and corporate authorisation procedures, for the approval of major capital and revenue expenditures, investments and divestments.

Key matters which are specifically reserved for the Board's approval include:

- a) the decisions over the strategic direction, plans and performance objectives of the Group (including its risk appetite); and
- b) the decisions to commence, discontinue, or modify significantly, any business activity, or to enter into or withdraw from a particular market sector, which have or may have material impact on the profitability or performance of the Group.

Other matters that require Board approval include appointments to the Board, business plans and strategies, adoption of key corporate policies and corporate governance practices, financing activities, material transactions, public announcements, and dividends to shareholders.

Management is fully apprised of such matters which require the Board's approval, or that of any Committee, and for operational efficiency; the Company also has a structured authority limits matrix, which sets out the delegated authority to various levels of Management to approve operating expenditure, below the thresholds that require the approval of the Board.

Provision 1.4

Committees of the Board

To discharge its duties effectively and efficiently, and to allow for detailed consideration of issues, the Board has established three standing committees, namely the ARC, Nominating Committee ("**NC**") and Remuneration Committee ("**RC**"). In addition, it also has on stand-by, a Committee of Independent Directors ("**IDC**"). Each committee has its own defined scope of duties and terms of reference, setting out the manner in which it is to operate and the functions for achieving its stated objectives. The compositions of the committees for FY2024 are as follows:

Directors	ARC	NC	RC	IDC
Gilbert Ee Guan Hui	-	Member	-	-
Tan Min-Li	Member	-	Chairman	Member
Wendell Wong Hin Pkin	-	Chairman	Member	Member
Ng Hin Lee	Chairman	Member	-	Chairman
Joycelyn Ong Yueh Ling	Member	-	Member	Member

Each of these committees operates under delegated authority from the Board, with the Board retaining overall oversight. The chairpersons of these Board Committees report on the decisions and significant matters discussed at the respective Committee meetings to the Board on a half-yearly or yearly basis.

Membership of the committees is designed to distribute the responsibilities over the various Board members and to utilise each individual's diversity and experience. The Board reviews from time to time, the committee structure, the membership, their terms of reference, and as and when there are changes to Board composition, and changes are made, where appropriate. Considerations include ensuring there is an appropriate breath of skills and continuity of experience in the respective Board Committees and an equitable and balanced distribution of duties among Board members.

Corporate Governance Report

Provision 1.5

Meetings of the Board

The Board meets at least once every half-yearly and often, as warranted by particular circumstances. A schedule for Board Meetings and Committee meetings, after consultation with the Board, is circulated a year in advance and kept updated with a view to ensuring that all the Directors would be able to participate in the meetings. The Company's Constitution also provides for telephone conference and video conferencing meetings, which are relied upon when required.

The Constitution provides for the quorum necessary for the transaction of the business of the Directors at each Board meeting (unless fixed by the Directors at any number) to be two. The quorum for the transaction of the business of each Board Committee is two members, including at least one independent director (excluding any member who has a conflict of interest in the subject matter under consideration). Notwithstanding this, there is an expectation for Directors to attend scheduled Board and Board Committee meetings except if unusual circumstances make attendance impractical or if a Director has to recuse himself or herself from the meeting in relation to the sole matter under consideration at such meeting. All Board and Board Committee meetings held during FY2024 attained attendance by Directors in excess of the aforementioned quorum requirements.

Presentations and updates given by key executives at the Board meetings allow the Board to develop a good understanding of the progress of the Group's business and issues and challenges the Group is faced with, as well as promote active engagement between Board members and the key executives. Any risk management or other major issues, that are relevant to the Company's performance or position are also highlighted to the Board.

In the course of the year under review, the number of formal meetings held and attended by each member of the Board is as follows:

	Board Meetings	ARC Meetings	NC Meeting	RC Meeting	IDC Meeting
Number of meetings held in FY2024	2	4	2	1	1
Name of Director	Number of meetings attended				
Dr Sam Goi Seng Hui	2	N/A	N/A	N/A	N/A
Gilbert Ee Guan Hui	2	N/A	2	N/A	N/A
Goi Kok Ming (Wei Guoming)	2	N/A	N/A	N/A	N/A
Wendell Wong Hin Pkin	2	N/A	2	1	1
Ng Hin Lee ⁽¹⁾	2	4	2	N/A	1
Tan Min-Li	2	4	N/A	1	1
Joycelyn Ong Yueh Ling ⁽²⁾	1	2	N/A	N/A	1
Michael Grenville Gray ⁽³⁾	1	1	1	1	1

N/A: Not Applicable

Note:

⁽¹⁾ Mr Ng Hin Lee was appointed as the Lead Independent Director on 2 December 2024 and a member of the NC on 22 July 2024.

⁽²⁾ Ms Joycelyn Ong Yueh Ling was appointed as a Director and a member of the ARC and RC on 22 July 2024.

⁽³⁾ Mr Michael Grenville Gray retired as a director on 26 April 2024 and ceased to be the Lead Independent Director and a member of the ARC, NC and RC.

All the Directors attended the Annual General Meeting held on 26 April 2024.

At the half yearly Board meetings, the Board agenda includes updates by the Management on the Group's investments and developments in Singapore and overseas, and the review of the Group's financial performance. Of the four scheduled ARC meetings, one is scheduled primarily for the ARC (where all directors were invited to attend) to focus on the review of the Company's strategic direction, including specific allocation of assets, risk appetite and tolerance limits, where applicable.

In addition to the formal meetings, the Board and many Board Committees meet informally, or as working sessions, preparatory to the formal meetings, or to facilitate decision making processes.

Corporate Governance Report

Multiple Board Representations

All Directors are required to declare their Board representations. The NC, when considering the re-nomination of Directors for re-election, will review any multiple board representations held by a Director on an annual basis, to ensure that sufficient time and attention is given to the affairs of the Company. The NC considers that the multiple Board representations held presently by the Directors do not impede their performance in carrying out their duties to the Company, taking into account the results of the assessment of the effectiveness of the individual Director and his/her actual conduct on the Board.

A significant amount of time had been committed by the Directors towards the many Board meetings and Board Committee meetings held in FY2024 and they had altered their schedules to ensure active participation in Board and Board Committee meetings. The NC is of the view that for the period under review, the Directors were able to carry out and had been adequately carrying out their duties and have committed their time effectively to discharge their responsibilities.

The Board, at the recommendation of the NC, limits the maximum number of outside directorships of listed companies to six. However, the NC may review this recommendation, from time to time, and will also consider the circumstances of individual Directors, or potential candidates, with multiple listed company directorships above the recommended number, to determine their capacity to participate and contribute effectively to the Board. For the financial year under review, no Director has exceeded the limit.

Sustainability Reporting

The Board also regards sustainable development as a core value of the Group and is committed to developing and adopting sustainable practices, across its businesses.

The Group continued its strategic alliance between its Sutera Harbour Resorts and the University Malaysia Sabah, as well as Jebson & Jessen (SEA) Pte Ltd, to collaborate on non-profit environmental projects. The Group's 7th Sustainability Report ("SR") for year ended 2023, developed in accordance with the SGX Sustainability Reporting Guidelines, was released on 17 April 2024 via SGXNet announcement. The dedicated report on the Company's sustainability efforts, addresses the social and environmental impacts, that are pertinent to the Company's business. It also identifies the Company's key stakeholders and shares the Company's engagement on sustainable practices with these stakeholders.

The Group's 8th SR for FY2024, will be released no later than 4 months after the end of the financial year.

Provision 1.6

Board's Access to Information

Management has an obligation to supply the Board with complete, adequate information, in a timely manner. The Company makes available to all Directors, its quarterly and full-year management accounts and where required, other financial statements and other relevant information, as necessary; so that the Directors can make informed decisions. Directors are also informed on a regular basis, as and when there are any significant developments or events, relating to the Group's business operations.

Board papers and related materials, background, or explanatory information, relating to matters to be brought before the Board, are sent out to the Directors approximately one week before the meetings, so as to enable the directors to have enough time to understand the issues and conduct constructive discussions during the meetings. However, sensitive matters may be tabled at the meeting itself, or discussed without board papers being distributed. If any Director is unable to attend any scheduled meetings, he or she may dial in, or provide any comments to the Chairman of the Board, or the Chief Executive Officer ("CEO"). Minutes of the previous meetings are circulated in advance and confirmed at Board meetings.

Draft agendas for Board and Committee meetings are circulated to the Board Chairman and the Chairman of the Committees respectively, in advance, for them to review and suggest items for the agenda. The Board and the Committees are also furnished routine reports, where applicable, from the Management. Each of the Chairmen of the ARC, NC and RC, provides an annual report of the respective Committees' activities, during the year under review, to the Board. The minutes of meetings of the Committees are also circulated to all Board members.

Corporate Governance Report

Provision 1.7

Board's Access to Management and Company Secretary

The Directors have separate and independent access to the Management, including the Company Secretary of the Group, at all times through email, telephone and face-to-face meetings. To facilitate this access, all Directors are provided with the contact details of the Key Management Personnel and other senior management team members.

Company Secretary

Both the corporate secretarial services and the Company Secretary; were outsourced to Apexia Corporate Advisory Pte. Ltd. The Board has separate and independent access to the Company Secretary. The Company Secretary is responsible for, among other things, ensuring that Board procedures are observed and that the Company's constitution, relevant rules and regulations are complied with. The Company Secretary attends and prepares minutes for all formal Board and Board Committee meetings.

The appointment and removal of the Company Secretary is a matter for the Board as a whole.

Independent Professional Advice

The Directors, either individually or as a group, in the furtherance of their duties, can take independent professional advice, if necessary, at Company's expense.

PRINCIPLE 2: BOARD COMPOSITION AND GUIDANCE

The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.

Provisions 2.1, 2.2 and 2.3

Independence Element of the Board, Composition of Independent Directors and Non-Executive Directors on the Board

The Board comprises seven directors, of which four are non-executive independent directors, and three are executive directors, with the Chairman being part of the Management team and non-independent.

The seven directors are:

Executive Directors

Dr Sam Goi Seng Hui, Executive Chairman

Mr Gilbert Ee Guan Hui, CEO

Mr Goi Kok Ming (Wei Guoming), Chief Operating Officer ("COO")

Non-Executive Independent Directors

Mr Ng Hin Lee, Lead Independent Director ("LID")

Mr Wendell Wong Hin Pkin

Ms Tan Min-Li

Ms Joycelyn Ong Yueh Ling

The independent directors make up a majority of the Board, where the Chairman of the Board is not independent, which is in compliance with Provision 2.2 and 2.3 of the 2018 Code. No individual or group is able to dominate the Board's decision-making process.

Corporate Governance Report

Independence of Directors

The NC has adopted the criteria for determining the independence of a Director, as set out in the 2018 Code and where relevant, the recommendations set out in the Practice Guidance accompanying the 2018 Code (Practice Guidance) and the requirements of the Listing Manual. The NC will assess and review the independence of each Director, at least once a year. Each Independent Director is required to complete a Director's Independence Confirmation Form annually, to confirm his/her independence. As part of their consideration, the NC also took into account the Director's other directorships, annual declarations regarding their independence, disclosures of interest in transactions in which they have a direct/indirect interest, their ability to avoid any apparent conflicts of interests, especially by abstaining from deliberation and decision-making on such transactions and their ability to maintain objectivity in their conduct as Directors of the Company. The NC has ascertained that for the period under review, all Non-Executive Independent Directors are independent and that the Directors have devoted sufficient time and attention to the Group's affairs.

The NC considers an "Independent Director" as one who is independent in conduct, character and judgement, and has no relationship with the Company, its related corporations, its substantial shareholders or its officers, that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgment, in the best interests of the Company.

In accordance with SGX Listing Rule 210(5)(d), none of the independent Directors are currently employed, or have been employed by the Company, or any of its related corporations, for the current or any of the past three financial years. None of the independent Directors have immediate family members who are currently employed, or have been employed by the Company, or any of its related corporations, for the past three financial years, and whose remuneration is determined by the RC. For purposes of determining independence, the independent Directors have also provided confirmation that they are not related to the Directors and substantial shareholders of the Company. The NC is satisfied that there is no other relationship which could affect their independence. Each Director is required to recuse himself or herself from the NC's and the Board's deliberations respectively on his or her own independence. The Board concurred with the NC's determination of the independence of the independent Directors.

Provision 2.4

Board Composition and Size; Board Diversity Policy

With the assistance of the NC, the Board actively reviews its size and composition, with a view of determining the impact of the number on its effective decision making, taking into account the scope and nature of the Group's operations. The NC also reviews the composition of the Board and the Board Committees, to ensure that as a group they provide an appropriate balance and diversity of skills, experience, gender and knowledge of the Company and core competencies, annually. The core competencies include accounting or finance, business or management experience, industry knowledge, strategic planning, legal and regulatory requirements and risk management.

The Board recognises and embraces the importance and benefits of having a diverse Board to enhance its performance and has adopted a formal Board Diversity Policy, setting out its policy and framework, for promoting diversity on the Board so as to mitigate any 'groupthink' and to ensure the Company has the opportunity to benefit from all available talents, which is essential to the effective governance of the business and for ensuring long-term sustainable growth. Recognising the importance and value of gender diversity in the composition of the Board, the Board has two female Directors out of seven Directors. This represents 28.6% of total Board membership. The Board also consists of Directors with ages ranging from fifties to more than seventies, who have served on the Board for different tenures. With their combined business, management and professional experience, knowledge and expertise, the Board members collectively provide the core competencies that allow for diverse and objective perspectives, on the Group's business and strategic direction.

The Board will, take into consideration, the recommendations of the NC, review and agree on the targets, accompanying plans and timelines to achieve diversity on the Board.

Corporate Governance Report

The targets identified in FY2023/2024 and reviewed in February 2025, and the progress towards achieving such targets are set out below.

Targets	Plans and timelines
Broaden the skillset of directors on the Board by appointing at least one director with the relevant expertise and experience that would complement those already on the board and which help drive the Group's strategy.	On 22 July 2024, the Company has appointed Ms Joycelyn Ong Yueh Ling as Non-Executive Independent Director, who possesses the experience, expertise, knowledge and skills to contribute towards the core competencies and diversity of the Board.
Appoint at least one additional independent director with some of the core competencies already present on the Board by end of FY2024 for succession planning purposes.	
Representation from relevant geographic areas where the Group operates in (ie from PRC and Malaysia).	Where practicable and possible, the Company will give preference to future Board appointments with such geographic experiences. Status: Ongoing

The above targets were approved by the Board, at the recommendation of the NC, following a review of the skills, knowledge, experience and other aspects of diversity that had been identified.

Having considered the scope and nature of the operations of the Group, the Board is satisfied that the current composition, mix and size of the Board, provide for diversity and allow for informed and constructive discussion and effective decision making, at meetings of the Board and Board Committees. The Board will however continue to review opportunities to refresh the Board, with a view to expand the skills, experience and diversity of the Board as a whole, from time to time.

Provision 2.5

Meetings of Non-Executive Independent Directors

The Non-Executive Independent Directors hold informal meetings on a need to basis without the presence of Management and other Directors, led by the LID, and the LID provides feedback to the Chairman and CEO, as appropriate. During the year, the Non-Executive Independent Directors met once. The Independent Directors constitute an ad hoc Independent Directors Committee of the Board, which is called into session, as and when necessary.

PRINCIPLE 3: CHAIRMAN AND CHIEF EXECUTIVE OFFICER

There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Provisions 3.1 and 3.2

Role of Chairman and Chief Executive Officer

The 2018 Code outlines that the roles of Chairman and CEO should in principle be separate persons, to ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision making.

The positions of Chairman and CEO are held by separate individuals, with Dr Sam Goi Seng Hui as the Executive Chairman, and Gilbert Ee Guan Hui as the CEO. The CEO of the Company is not related to the Chairman of the Board. The CEO is the most senior executive in the Company and his responsibilities, inter alia, include:

- Determining and formulating operational policies and providing overall direction of the Company, within policies laid down by the Board;
- Translating the strategic directions stipulated by the Board, into tactical plans for operationalisation; and
- Overseeing operational activities led by the head of functions/divisions, to ensure it aligns with overall organisational objectives.

Corporate Governance Report

The responsibilities of the Chairman include those as set out in Practice Guideline 3 of the 2018 Code together with the following:

- Providing leadership and strategic direction to GSH, so as to build and sustain a leading, reputable and high performing organisation in the industry;
- Formulating GSH's vision and mission, to shape the existence, identity and direction of GSH, with the objective of building a stronger organisation;
- Building relationships with key GSH stakeholders, to garner support for its strategic plans and establish strong partnerships;
- Providing opportunities to grow senior leadership capabilities, to ensure a strong succession pipeline; and
- Reviewing the strategic initiatives of the organisation, to ensure it meets GSH's strategic goals and improves the organisational profitability, market value and returns on capital.

Provision 3.3

Lead Independent Director

Taking cognisance that the Board Chairman is an Executive Director and thus not independent, the Board had on 2 December 2024 appointed Mr Ng Hin Lee as LID to comply with Provision 3.3 of the 2018 Code. Shareholders of the Company are able to contact the LID if they have concerns and for which contact through the normal channels of communications with the Chairman or Management are inappropriate or inadequate.

No query or request on any matter which requires the LID's attention, was received from shareholders in FY2024.

PRINCIPLE 4: BOARD MEMBERSHIP

The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Provision 4.1 and 4.2

Nominating Committee

The Nominating Committee ("NC") comprises the following three directors:

Mr Wendell Wong Hin Pkin, Chairman	[Non-Executive Independent Director]
Mr Ng Hin Lee	[Non-Executive Independent Director and LID]
Mr Gilbert Ee Guan Hui	[CEO and Executive Director]

The NC's principal functions are to:

- Make recommendations to the Board, on all Board appointments;
- Be responsible for the re-nomination of Directors, having regard to the Director's contribution and performance (e.g. attendance, preparedness, participation and candor) including, if applicable, as an Independent Director;
- Determine, at least annually, whether or not a Director is independent;
- Decide whether or not a Director is able to, and has been adequately carrying out his duties as a Director of the Company;
- Assess the effectiveness of the Board as a whole, the contribution by each individual Director to the effectiveness of the Board, and to decide how the Board's performance may be evaluated. The NC takes into consideration the frequency of the Board meetings, the rate at which issues raised are adequately dealt with and the reports from the various Board Committees;
- Review the Board succession plans for Directors, in particular, the Chairman and CEO; and
- Review the training and professional development programs for the Board, including ensuring that new Directors are trained to understand their duties and obligations.

Corporate Governance Report

Succession Planning for the Board and Key Management Personnel ("KMP")

The Board believes in carrying out succession planning for itself and the KMP to ensure continuity of leadership. In this regard, the NC reviews the composition of the Board and Board Committees, which includes size and mix, and recommends to the Board the selection and appointment of new Directors, whether as an addition to the current Board members or as replacement of retiring Directors, with the intention of identifying any gaps in the Board's skill sets considering the Group's strategic priorities and the factors affecting the long-term success of the Group.

Provision 4.4

Determining Directors' Independence

Each Independent Director completes a declaration to confirm his or her independence, on an annual basis. The NC has reviewed the independence of the Directors as mentioned under Principle 2 of this report. In the opinion of the NC, all Non-Executive Independent Directors are independent, based on the criteria given in the Listing Manual and the 2018 Code and their respective declarations.

Provisions 4.3 and 4.5

Selection, Appointment and Re-appointment of Directors

All new appointments to the Board are subject to the recommendations of the NC based on the following criteria:-

- a) Integrity;
- b) Diversity – possession of competencies that meet the Company's present and projected needs;
- c) Ability to commit time and effort to carry out duties and responsibilities effectively;
- d) Independent mind;
- e) Experience; and
- f) Financial literacy.

For the nomination process in search for the right candidates for appointment of new Directors, the NC seeks potential candidates widely and beyond Directors/management recommendations and is empowered to engage professional search firms, to undertake research on or assessment of candidates, as it deems necessary.

The NC then meets with the shortlisted potential candidates to assess suitability and ensure that the candidates are aware of the expectations and the level of commitment required, before nominating the most suitable candidate to the Board for approval and appointment as Director.

When considering the re-appointment of Directors for re-election, the NC takes into account the Director's integrity, independence mindedness, contribution and performance (such as attendance, participation, preparedness and candour) and any other factors as may be determined by the NC.

Pursuant to Article 91 of the Company's Constitution and SGX Listing Rule 720(5), every Director shall retire from office once every three years, at each AGM, and for this purpose, Mr Gilbert Ee Guan Hui and Mr Goi Kok Ming (Wei Guoming), shall retire from office by rotation, at the upcoming AGM.

Pursuant to Article 97 of the Company's Constitution, every newly appointed Director shall hold office only until the next AGM and retire from office, and for this purpose, Ms Joycelyn Ong Yueh Ling shall also retire from office at the upcoming AGM.

The NC having satisfied itself that the above individual Directors are competent to continue, the NC has recommended to the Board, the re-appointment of the individual Directors concerned, at the forthcoming AGM to be held in April 2025.

The NC ensures that new Directors are aware of their duties and obligations. For re-appointment of Directors, the NC takes into consideration the competing time commitments faced by Directors and their ability to devote appropriate time and attention to GSH.

Corporate Governance Report

Each Director is required to confirm annually to the NC, as to whether he or she has any issue with competing time commitments, which may impact his or her ability to provide sufficient time and attention to his or her duties as a Director of the Company. Based on the Directors' confirmation and their commitments and contributions to the Company, which are also evident in their level of attendance and participation at Board and Board Committee meetings, the NC and the Board are satisfied that all Directors have discharged their duties adequately for FY2024 and expects that the Directors will continue to discharge their duties adequately in FY2025.

Key information on the Directors

The profile of the Directors and key information, including the dates of their first appointments and last re-election of each Director, together with their current and past preceding three years' directorship in other listed companies, are included under the "Board of Directors" Section in this Annual Report. Key information on Directors is also available on the Company's website.

Alternate Directors

No Alternate Directors have been appointed during FY2024.

PRINCIPLE 5: BOARD PERFORMANCE

The Board undertakes a formal annual assessment of the effectiveness as a whole, and that each of its board committees and individual directors.

Provisions 5.1 and 5.2

Review of Board and Board Committee Performance

The NC has conducted performance evaluations for the Board, Board Committees and all individual Directors, based on the performance criteria that were determined by the NC, in respect of FY2024. The performance criteria for the Board evaluation are in respect of Board composition, Board information, Board process, Board accountability, financial performance, Board compensation, CEO/Top Management and standards of conduct. The performance criteria does not change yearly, and was reviewed and determined by the NC to be comparable to its industry peers and approved by the Board, to enhance long-term shareholder value. This process, which is conducted annually, involves the completion of a questionnaire by Board members seeking their views on various aspects of Board performance, such as Board size and composition, Board information and accountability, Board processes, effectiveness of risk management and internal control systems.

The objective of the Board evaluation exercise is to create a platform for the Board and Board Committees' members, to provide constructive feedback on the Board procedures and processes and the changes which should be made to enhance the effectiveness of the Board and Board Committees.

As regard to the individual Director evaluation, each Director carries out an individual peer assessment on the other Directors. This assessment includes detailed questions in the areas of interactive skills (whether a Director works well with others; alert and inquisitive), knowledge (such as industry awareness, business knowledge, provides valuable inputs and participation in decision making) and director's duties (such as committee work contribution, dedication & commitment, sense of independence and meeting preparation). A summary of the findings is prepared based on the completed questionnaire and is reviewed and deliberated by the NC and the Board. The Chairman of the NC confers with the Chairman of the Board, on the findings and appropriate follow-up actions are taken as necessary.

The individual Director evaluation exercise assists the NC in determining whether to re-nominate Directors who are due for retirement at the forthcoming AGM, and in determining whether the Directors with multiple Board representations are able to and have adequately discharged their duties as Directors of the Company.

For FY2024, the NC duly observed the aforesaid process and criteria and was satisfied with the results of the review. The Company does not engage an external facilitator, in respect of the Board Performance Evaluation.

Corporate Governance Report

(B) REMUNERATION MATTERS

PRINCIPLE 6: PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

The Board has a formal and transparent procedure for developing policies on Director and executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. No Director is involved in deciding his or her own remuneration.

Provisions 6.1, 6.2 and 6.3

Remuneration Committee

The RC comprises the following three directors:

Ms Tan Min-Li, Chairman	[Non-Executive Independent Director]
Mr Wendell Wong Hin Pkin	[Non-Executive Independent Director]
Ms Joycelyn Ong Yueh Ling	[Non-Executive Independent Director]

The primary functions of the RC are to review and recommend the remuneration terms of individual Directors and key management personnel ("**KMP**").

The principal functions of the RC are:

- i. To recommend to the Board a framework of remuneration, which covers all aspects of remuneration including Executive Directors and Independent Directors' fees, salaries, allowances, bonuses, options and benefits in kind, and KMP of the Company;
- ii. To determine specific remuneration terms for the Executive Chairman, the CEO, and the COO and other KMP;
- iii. To consider and approve salary and bonus recommendations in respect of KMP; and
- iv. To consider and recommend to the Board all aspects of remuneration for Non-Executive Directors, including but not limited to Directors' fees;

On at least an annual basis, the RC reviews and approves the annual increments and variable bonuses to be granted to the Executive Directors and the KMP, which are within specific mandates sought from the Board.

Review of Significant Contracts of Service

The RC has reviewed the Company's obligations arising, in the event of termination of the executive directors' and key management personnel's contracts of service, to ensure that their contracts of service contain fair and reasonable termination clauses that are neither overly generous nor onerous.

Provision 6.4

Engagement of Remuneration Consultants

The RC has access to the professional advice of external experts in the area of remuneration, where required. The RC will periodically seek external experts' advice on remuneration matters for Directors. HR Guru Pte Ltd was appointed as remuneration consultant for FY2023. If external experts are appointed, the RC will ensure that existing relationships, if any, between the Company and its appointed experts will not affect the independence and objectivity of the experts. The expense of such services shall be borne by the Company.

Corporate Governance Report

PRINCIPLE 7: LEVEL AND MIX OF REMUNERATION

The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.

Provisions 7.1 and 7.3

Remuneration of Executive Directors and KMP

The salary and other remuneration terms of the Executive Directors and KMP are bench-marked against the remuneration of its industry peers and comparable companies. The remuneration policy of the Group is to provide compensation packages at competitive market rates, which reward successful performance and attract, retain and motivate Directors and employees.

The remuneration packages of each of the Executive Directors and KMP comprise a fixed and a variable component. The variable component forms a significant proportion of the remuneration package and is dependent on the performance and profitability of the Company and individual performance. This ensures a close alignment of the interests of the executives with those of the shareholders. In setting remuneration packages, the RC ensures the Directors and KMP are adequately but not excessively remunerated, as compared to the industry and in comparable companies.

There are no provisions in the contracts of the Executive Directors and KMP, to allow the Company to reclaim incentive components of remuneration, in exceptional circumstances of misstatement of financial results, or misconduct resulting in financial loss to the Company.

Provision 7.2

Remuneration of Non-Executive Directors

The Non-Executive Independent Directors receive Directors' fees. Directors' fees are set in accordance with a framework comprising basic fees and additional fees, taking into account factors such as responsibilities, effort and time spent for serving on the Board and Board committees. These fees are subject to approval by shareholders as a lump sum at each AGM.

The RC is mindful that the remuneration for Non-Executive Directors should not be excessive so as to compromise or reasonably be perceived to compromise their independence.

The remuneration structure for Non-Executive Directors' fees, which is being reviewed by the RC periodically, is as follows:

Roles	Per Annum	Per Annum
Board of Directors	S\$40,000 (Member)	Not Applicable
Audit & Risk Committee	S\$15,000 (Member)	S\$30,000 (Chairman)
Other Committees	S\$7,500 (Member)	S\$15,000 (Chairman)

The Board concurred with the RC that the proposed Directors' fees for FY2024 is appropriate and not excessive, taking into consideration the level of contribution by the Directors and factors such as effort and time spent for serving on the Board and Board Committees, as well as their responsibilities and obligations of the Directors. Directors' fees are recommended by the Board for shareholders' approval at the Company's AGM. Taking cognisance of the Company's performance, the Board concurred with the RC's recommendation not to restore the 15% cut to the Directors' fees, which was implemented during the fourth quarter of 2020.

Corporate Governance Report

PRINCIPLE 8: DISCLOSURE ON REMUNERATION

The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Provisions 8.1, 8.2 and 8.3

Remuneration Policies

The Company's remuneration policy is designed to attract and retain outstanding individuals, who are aligned to the long-term interests of the Group. The role to be performed and market factors are taken into account when determining remuneration packages. Performance related pay is obtained by linking total compensation to the achievement of the performance of the Group and of the individual. To ensure that its remuneration packages are competitive, the Company regularly reviews its base salary ranges and benefits package, using market data available to it.

Level and Mix of Remuneration

The Executive Directors do not receive any Directors' fees. Bonuses are determined as follows:

- Executive Chairman, CEO and COO, as a percentage of the Group's Total Comprehensive Income, from the annual audited accounts.
- KMP, at a rate determined based on their own personal performance and that of the Group.

Procedures for Setting Remuneration

On an annual basis, Management provides to the RC recommendations for remuneration changes for Executive Directors and KMP, which includes increments and bonuses. Based on making a considered assessment, the RC will then submit its recommendations to the Board. Korn Ferry and HR Guru may be consulted from time to time, for their input on benchmarking, industry practice and the market situation.

No Director participated in decisions on his/her own remuneration.

Service Agreements

The Company has entered into Service Agreements with Dr Sam Goi Seng Hui, Executive Chairman and Gilbert Ee Guan Hui, CEO, for a fixed period of three years, with effect from 1 January 2014, and thereafter renewable from year to year, for a fixed period of one year. Likewise, with Goi Kok Ming (Wei Guoming), Executive Director, COO, for a fixed period of three years, with effect from 1 September 2013, and thereafter renewable from year to year, for a fixed period of one year.

The Non-Executive Independent Directors have no service agreement contracts. They are appointed pursuant to, and hold office under and in accordance with, the Company's Constitution.

Disclosure of the Executive Director's Remuneration and Top Five KMP

The breakdown of the total remuneration of the Executive Directors of the Company for FY2024 is set out below:

Name of Director	Salary	Bonus	Directors' Fee	Total Remuneration
	S\$	S\$	S\$	S\$
Dr Sam Goi Seng Hui, Executive Chairman	487,221	-	-	487,221
Gilbert Ee Guan Hui, Chief Executive Officer	401,710	-	-	401,710
Goi Kok Ming (Wei Guoming), Chief Operating Officer	366,251	-	-	366,251

Corporate Governance Report

The remuneration banding of the top five KMP of the Company for FY2024 is set out below:

Remuneration Banding	Number of KMP(s)
Between S\$250,000 to S\$500,000	1
Less than S\$250,000	4

Provision 8.1 of the 2018 Code requires the Company to name and disclose the remuneration of at least the top five KMP (who are not Directors or the CEO), in bands of S\$250,000. The Board is of the view that it is not in the interests of the Company to disclose the names and in aggregate, the total remuneration of the top five KMP of the Company in this Report, due to the sensitive and confidential nature of such information and disadvantages that this might bring. There would be negative impact to the Company if members of the experienced and qualified senior management team are poached, which may affect the ability to nurture a sustainable talent pool and ensure the smooth continuity in leadership needed for the achievement of the strategic objectives of the Company.

The Company believes that shareholders' interests will not be prejudiced as a result of such non-disclosure of the names, amounts and breakdown of remuneration of the Company's KMP. With the Company's partial disclosure of their remuneration in bands of no wider than S\$250,000, shareholders are provided an insight into the level of remuneration paid to the top five KMP.

Notwithstanding the abovementioned exceptions (deviations), the Company is of the view that the level of information that has already been disclosed, is consistent with the intent of Principle 8 of the 2018 Code, particularly for the following reasons:

- (a) Transparency on remuneration policies – the remuneration policies of the Company have been disclosed on pages 40 to 42 of the Annual Report 2024, not only as part of its compliance with Principle 8 but also in respect of Principle 7. In particular, the differing principles governing the remuneration of Executive Directors and KMP, vis-à-vis the Non-Executive Directors, were elaborated on.
- (b) Level and Mix of Remuneration – the level and mix of remuneration has also been disclosed on pages 41 and 44 of the Annual Report 2024, where:
 - (i) the separate remuneration principles governing the remuneration paid to the Executive Chairman and CEO, and that for the other Executive Directors and KMP, were disclosed on pages 42 and 43 of the Annual Report 2024;
 - (ii) the Executive Directors' remuneration had been disclosed to the exact amounts on page 42 of the Annual Report 2024;
 - (iii) the KMPs' remuneration have been disclosed in bands of S\$250,000 on page 43 of the Annual Report 2024; and
 - (iv) the Non-Executive Directors' remuneration had been disclosed to the exact amounts on page 44 of the Annual Report 2024.
- (c) Procedure for Setting Remuneration – the procedure for setting remuneration has been disclosed on page 42 the Annual Report 2024.
- (d) Relationships between remuneration, performance and value creation – the relationship between remuneration, performance and value creation, is disclosed through the Company's disclosure on its remuneration policies, as well as through the disclosed remuneration. Please refer to the Company's response on transparency and on remuneration policies, in this regard.

The Company is therefore of the view that in light of the abovementioned information that has been disclosed, the Company's disclosures are well aligned with the intent of Principle 8, and the exceptions (deviations), do not materially detract from such alignment.

There is no termination and post-employment benefits granted to Directors, the Executive Chairman, CEO, COO and the top five KMP.

Corporate Governance Report

Share Option Scheme/ Short-term and long-term incentive schemes

The Company does not have an employee share option scheme or any long-term incentive schemes, but will consider the establishment of other forms of longer term incentive as and when appropriate. If a long-term incentive scheme is established, the Company will consider the inclusion of claw-back provisions within the scheme, which would give the right to the Company to reclaim incentive components from participants in exceptional circumstances of misstatement of financial results, or of misconduct, resulting in financial loss to the Company.

The Company has a short-term incentive scheme for the Executive Directors. The Company compensates the Executive Directors by means of a profit-sharing scheme based on achieving the Company's short-term business strategy. The incentive is paid in cash and is expressed as a percentage of the total comprehensive income.

Disclosure of the Non-Executive Director's Remuneration

The breakdown of the total remuneration of the Non-Executive Directors of the Company for FY2024 is set out below:

Name of Director	Salary	Bonus	Directors' Fee	Total Remuneration
	S\$	S\$	S\$	S\$
Ng Hin Lee ⁽¹⁾ Non-Executive Independent Director and LID	-	-	62,324	62,324
Wendell Wong Hin Pkin Non-Executive Independent Director	-	-	53,125	53,125
Tan Min-Li Non-Executive Independent Director	-	-	59,500	59,500
Joycelyn Ong Yueh Ling ⁽²⁾ Non-Executive Independent Director	-	-	23,531	23,531
Michael Grenville Gray ⁽³⁾ Non-Executive Independent Director	-	-	19,125	19,125

Note:

⁽¹⁾ Mr Ng Hin Lee was appointed as Lead Independent Director on 2 December 2024 and a member of the NC on 22 July 2024.

⁽²⁾ Ms Joycelyn Ong Yueh Ling was appointed as a Non-Executive Independent Director and a member of ARC and RC on 22 July 2024.

⁽³⁾ Mr Michael Grenville Gray retired as the Lead Independent Director and a member of the ARC, RC and NC on 26 April 2024.

Except for Dr Sam Goi Seng Hui (who is the father of Goi Kok Ming (Wei Guoming)) and Goi Kok Ming (Wei Guoming), there are no employees who are substantial shareholders of the Company, or are immediate family members of a Director, the CEO or a substantial shareholder of the Company and whose remuneration exceeded S\$100,000 during FY2024.

(C) ACCOUNTABILITY AND AUDIT

PRINCIPLE 9: RISK MANAGEMENT AND INTERNAL CONTROL

The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the Company and its shareholders.

Provision 9.1

Nature and extent of risks

The Board is responsible for the risk governance of the Group, which includes establishing risk management policies and tolerance strategies, that set the appropriate tone and direction; and overseeing the implementation of a risk management framework, to ensure that risks are identified and managed. On an ongoing basis, the Board, with the assistance of the ARC, monitors and assesses the adequacy of the risk management systems that have been put in place, as well as the system of internal controls,

Corporate Governance Report

to ascertain that Management takes the appropriate steps to manage and mitigate risks. The ARC fulfills its responsibilities in safeguarding the Company's assets through providing oversight of the Company's financial reporting process, risk management and internal control systems, as well as monitoring internal and external audit functions. At the Management level, the Board has established a Management Risk Committee, chaired by the Group Financial Controller ("GFC"), who has taken on the role of Chief Risk Officer. This Committee oversees and ensures that risks are being managed by appropriate units, holistically, across the Group.

Risk Tolerance and Risk Policies

The Board evaluates the level of risk tolerance and the risk appetite of the Group, and determines whether acceptable levels of risk are being taken, in the pursuit of the strategic business objectives. Management also maintains a sound system of risk management and internal controls, to safeguard shareholders' interests and the Company's assets, and recommends the nature and extent of the significant risks for the endorsement of the Board in the pursuit of the Group's strategic business objectives, with the oversight from the ARC on behalf of the Board.

Enterprise Risk Management (ERM)

During FY2024, Management engaged an independent professional firm, BDO Advisory Pte. Ltd. ("BDO") to conduct an ERM exercise, with the objective of refreshing of the risk register, as part of the process in ensuring the effectiveness and adequacy of the Group's risk management process. This register is meant to be an ongoing record of the major risks affecting the Group. The results of the ERM exercise for the financial year ended 31 December 2024, were reported and presented to the ARC. In this risk assessment, BDO facilitated the identification of the key risks for the Group, including key emerging risks, that could impede the achievement of the Group's business objectives, as well as providing recommendations to enhance the internal controls of the Group, to address the risk. The ERM exercise highlighted pertinent risks in strategic, operational (including information technology areas), financial and regulatory compliance, as well as the treatment methods for such risks.

Management is responsible for ensuring that material risks identified are relevant to the business environment and that controls are either in place, or required to be developed, in order to mitigate these risks to the appropriate target risk levels. The Board reviews and approves policies and procedures for the management of these risks, which are executed by the CEO and the GFC. The ARC provides independent oversight to the effectiveness of the risk management process. Key material risks as identified through the ERM exercise, included the following:

Strategic Risk

The Group is aligned between the joint venture partners. The Group monitors competition closely, and diversifies revenue streams to foster resilience and sustain growth.

Operational risk

The Group closely monitors its operations to avoid contractor failures, insurance gaps, loss of talent, property maintenance issues, and manage cybersecurity vulnerabilities and guest service risks. Effective governance is essential to mitigate these threats and sustain business resilience.

Financial Risk

Derivatives, a mix of fixed and floating rate debt and other financial instruments, are used to hedge against the foreign exchange and interest rate exposures, arising from the Group's operations in Malaysia and China.

To manage liquidity risk, cash flow is monitored closely by the Senior Management, to ensure sufficient cash or cash equivalents are maintained, to fulfil the financing, funding and repayment of debt obligations.

Compliance Risk

Monitoring processes are in place to ensure the applicable laws and regulations of the Group's property and hospitality businesses, are adhered to. Management is updated on latest developments in relevant laws and regulations, through regular engagements with the consultants.

Corporate Governance Report

Business Interruption Risk

The Group is exposed to business interruption risk arising from natural events (e.g. earthquake, typhoons or pandemic, such as COVID-19) or man-made events (e.g. terrorist activities, strikes or other malicious acts), which may significantly disrupt the Group's hospitality business in Malaysia and China.

Business continuity plans have been developed to manage such external unforeseen exigencies. The plans are reviewed periodically, to ensure their effectiveness and relevancy. For any natural disasters occurring, the Group will work closely with the local authorities, in performing the required procedures (e.g. evacuation, or containment, etc).

Provision 9.2

Board's comment on Adequacy and Effectiveness of Internal Controls

In order to arrive at the basis for the opinion on the adequacy and effectiveness of risk management and internal controls, the Board with the assistance of the ARC has evaluated the level of assurance required in accordance with the nature and complexity of the business. The Board has arrived at this level of assurance through a review of the work performed by the external auditor, internal auditors, other assurance mechanisms, and the results of the risk governance and risk assessment processes. This has enabled the Board to assess the adequacy and effectiveness of the Group's key internal controls and risk management practices, pertaining to the financial, operational, compliance and information technology controls. The internal controls have also been assessed in accordance with the COSO internal control framework, which evaluates the key elements, such as control environment, risk assessment, control activities, information and communication and monitoring activities. Any material non-compliance, or lapses in internal controls and recommendations for improvements, are reported to the ARC. All required detective, preventive, or corrective improvement measures, are closely monitored.

Based on the reports from the internal auditors, external auditor and the various management controls put in place, the Board, with the concurrence of the ARC, is of the opinion that the Company's internal controls (including financial, operational, compliance and information technology controls) and the risk management systems, are adequate and effective as at 31 December 2024, to address the risks that the Group considers relevant and material to its operations.

The Board and the ARC are also responsible for (a) monitoring the Company's risk of becoming subject to, or violating, any Sanction Law; and (b) ensuring timely and accurate disclosures to SGX-ST of any such risks and other relevant authorities. The Company will inform shareholders of any sanction-related risks on the Company, the impact of such risk on the financials and operations of the Group, if any, and also the cessation of such risk via announcement to SGXNet.

The Board notes that the system of internal controls provides reasonable, but not absolute, assurance that the Group will not be affected by any event that could be reasonably foreseen, as it strives to achieve its business objectives. In this regard, the Board also notes that no system can provide absolute assurance against the occurrence of material errors, poor judgement in decision-making, human error, fraud, or other irregularities.

Assurance from CEO, GFC and COO

For the financial year under review, written assurance was received from (a) the CEO and GFC that the Group's financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and (b) from the CEO, COO and GFC that the Group's risk management and internal control systems in place, were adequate and effective to address the financial, operational, compliance and information technology risks, in the context of the current scope of the Group's business operations.

Corporate Governance Report

Principle 10: Audit Committee

The Board has an Audit Committee which discharges its duties objectively.

Provisions 10.1 and 10.2

Roles, Responsibilities, Authorities of Audit & Risk Committee and Membership

The Board has established a combined ARC. The ARC assists the Board in fulfilling its responsibilities to safeguard the Company's assets, to ensure that Management maintains requisite accounting records, and to develop and maintain effective systems of internal control.

Members of the ARC

The ARC comprises the following three directors:

Mr Ng Hin Lee, Chairman	[Non-Executive Independent Director and LID]
Ms Tan Min-Li	[Non-Executive Independent Director]
Ms Joycelyn Ong Yueh Ling	[Non-Executive Independent Director]

The Board considers Ng Hin Lee, who has extensive and practical accounting and financial knowledge and experience, well qualified to chair the ARC. The other members of ARC collectively have relevant accounting, legal or related financial management expertise or experience. They keep abreast of relevant changes to accounting standards and issues, which have direct impact on the financial statements. The Board is of the view that the present members of the ARC have sufficient accounting and financial management expertise and experience, to discharge their responsibilities. The Board reviews the composition and effectiveness of the members of the ARC from time to time.

Authority of the ARC

The ARC has the explicit authority to conduct investigations into any matters within its terms of reference, including having full access to and co-operation of the Management, has full discretion to invite any Director or executive officer to attend its meetings, and has been given reasonable resources to enable it to discharge its functions.

Terms of Reference

The overall objective of the ARC is to ensure that Management has put in place and maintains an effective control environment in the Group, and that Management by example encourages respect for the internal control systems among all parties.

The terms of reference of the ARC include, inter alia, reviewing the following:

- i. the Company's financial and operating results and accounting policies;
- ii. the Company's internal audit processes and the external / internal auditors' reports;
- iii. the Company's financial statements and consolidated financial statements, as well as the external auditor's reports on those financial statements, before submission to the Board;
- iv. the co-operation given by the Management to the auditors;
- v. the Company's audit plans and reports of the external auditor's examination and evaluation on the internal accounting control system;
- vi. transactions falling within the scope of Chapter 9 of the SGX-ST Listing Manual;
- vii. the re-appointment of the external auditor and internal auditors;
- viii. the Company's significant financial reporting issues and judgments; and
- ix. any formal announcements relating to the Company's financial performance.

Corporate Governance Report

Financial Reporting

The half-yearly unaudited and the annual audited financial statements and the accompanying announcements and all related disclosures to the shareholders, are reviewed by the ARC, before presentation to the Board for approval, to ensure the integrity of the information to be released. In the process, the ARC reviews the key areas of management judgement applied for adequate provisioning and disclosure, critical accounting policies and any significant changes made, that would have an impact on the Group's financial performance, so as to ensure the integrity of the financial statements.

Review of Interested Person Transactions ("IPTs")

The ARC reviews the IPTs on a regular basis. To assist the ARC in this role, the Management has appointed the internal auditor to carry out agreed upon procedures, to review the IPTs.

External Auditor

Baker Tilly TFW LLP ("**Baker Tilly**") was appointed as the external auditor of the Company on 29 April 2022.

Where preparation of audited financial statements is required, all such Company's subsidiaries are audited by Baker Tilly. The Group is in compliance with Rule 712 and Rule 715 of the Listing Manual of SGX, in relation to its external auditor.

The audit partner of the external auditor is rotated every five years, in accordance with the requirements of the listing manual.

Activities of the ARC in FY2024

During the ARC meetings through the financial year, the following matters were reviewed:

- **Financial matters**

In the review of the financial statements, the ARC has discussed with Management and the external auditors, the accounting principles that were applied and their judgment of items that might affect the integrity of the financial statements. The following significant matters impacting the financial statements were discussed with Management and the external auditors, and were reviewed by the ARC. Following the review and discussions, the ARC recommended to the Board to approve the full year financial statements.

Significant matters	How the ARC reviewed these matters and what decisions were made
Recognition of revenue from sales of development properties	The ARC considered the over time basis of recognising revenue for the sale of development properties where the Group is contractually restricted from directing the properties for another use and has enforceable right to payment for performance completed-to-date and the measurement of the progress of revenue recognition. To this end, the ARC had discussed with the external auditor as to whether these were appropriately addressed and concluded that they were. In addition, the ARC had discussed with Management the conditions of the sales contracts and considered that the revenue recognition is appropriate.
Net realisable values of development properties held for sale	The ARC considered the approach and methodology applied to the determination of the net realisable values of development properties held for sale. The ARC assessed the reasonableness of the Group's estimated selling prices of the development properties, by comparing the selling prices of recently sold units. Having discussed with Management and the external auditor, the ARC is satisfied that no write down of the carrying value is required.
Valuation of leasehold land, buildings and golf club	The ARC considered the valuation method, assumptions made and key unobservable inputs used in arriving at the valuations. Where an independent external valuer was engaged, ARC was provided by Management with details of the external valuers and assessed the reasonableness of the valuation method, assumptions made and key unobservable inputs used in the valuations, which included comparable market transactions, expected occupancy rates, average room rates, and the discount rate applied. Having discussed with Management and the external auditor, the ARC is satisfied that with the valuation method used, and assumptions made and key unobservable inputs used were appropriate.

Corporate Governance Report

The above three items were also an area of focus for the external auditor and the external auditor has included these items as Key Audit Matters, in its audit report for the financial year ended 31 December 2024. Refer to pages 59 to 61 of this Annual Report.

- **Review of Chairman/Directors/ Managers expenses**

The entertainment, travelling and expense accounts for the Chairman, Directors and Managers, are provided for the ARC's review, on a quarterly basis.

- **Review of Audit Findings**

The ARC approved the scope and audit plans undertaken by the external auditor, and reviewed the results of the audits, significant findings and recommendations, as well as Management responses. The ARC also reviewed the corrected and uncorrected audit misstatements, and was of the view that there was no need for an adjustment to the uncorrected misstatements.

- **Performance Evaluation of the External Auditor**

The Management completed a checklist on the performance evaluation of the external auditor concerning a number of factors, such as qualification and calibre, expertise and resources, effectiveness, independence, leadership and audit fees. The evaluation was reviewed by the ARC. The ARC undertook the review of the independence and objectivity of Baker Tilly, through discussions with them, as well as the non-audit services provided and the fees paid to them. Based on the review, the ARC is of the opinion that Baker Tilly is, and is perceived to be, independent, for the purpose of the Group's statutory audit.

The ARC recommends to the Board the appointment, re-appointment and removal of external auditor, and approves the remuneration and terms of engagement of the external auditor. The re-appointment of the external auditor is always subject to shareholders' approval at the AGM of the Company.

In reviewing the nomination of Baker Tilly for re-appointment for the financial year ended 31 December 2024, the ARC has considered the adequacy of the resources, experience and competency of Baker Tilly, and has taken into consideration the Audit Quality Indicators relating to Baker Tilly at the firm level and on the audit engagement level. Consideration was given to the experience of the engagement partner and key team members in handling the audit. The ARC also considered the audit team's ability to work in a co-operative manner with Management, whilst maintaining integrity and objectivity and to deliver their services professionally and within agreed timelines.

Based on the above basis, the ARC is satisfied with the standard and quality of work performed by Baker Tilly and has recommended to the Board the nomination of Baker Tilly for re-appointment as the external auditor at the forthcoming AGM of the Company.

- **Internal Controls and Regulatory Compliance**

The ARC reviews the adequacy and effectiveness of the Group's internal controls, including financial, operational, compliance and information technology controls and risk management systems, through discussions with Management and its internal auditors and reports to the Board annually. The ARC also reviews the assurance from the CEO and the GFC, on the financial records and financial statements.

Non-audit Services

The ARC has conducted an annual review of the non-audit services provided by the external auditor, and has satisfied itself that the nature and extent of such services do not prejudice the independence and objectivity of the external auditor. For details of the fees paid and/or payable by the Group, in respect of audit and non-audit services for FY2024, please refer to note 24 of the Notes to the Financial Statements.

Corporate Governance Report

The ARC Members Technical Updates

Changes to accounting standards and issues which have a direct impact on financial statements, are highlighted to the ARC, from time to time, by the external auditor. The external auditor work with Management to ensure that the Group complies with the new accounting standards, if applicable.

The ARC members have also attended courses provided by the SID and other organisations during FY2024, including those on accounting and auditing issues. The Audit Committee Guide issued by SID is used as a reference for the ARC matters.

Whistle Blowing Policy

The ARC has reviewed the whistle-blowing policy that the Group has established and is responsible for the oversight and monitoring of whistleblowing. The Company discloses through its website, and clearly communicates with employees, the existence of the whistleblowing policy which complied with Rule 1207(18B) as enumerated below.

The Company has procedures for raising such concerns to the Whistle-Blowing Committee at whistleblowing@gshcorporation.com, an independent function comprising the ARC Chairman and an Independent Director to investigate whistleblowing reports made in good faith.

The Company has clear channels through which employees of the Group and other persons may, in confidence, raise their concerns about possible irregularities, in matters of financial reporting, accounting, internal controls and auditing matters or other matters within the Group in a responsible manner, without fear of reprisals in any form.

The Company has arrangements and processes to facilitate independent investigation of such concerns and for appropriate follow-up action. The whistle-blowing policy has confidentiality clauses that protect identification of the whistleblower and ensures that the identity of the whistleblower is kept confidential and the Company is committed to ensuring the protection of the whistleblower against any detrimental and unfair treatment.

No reports, concerns or issues were received by the Whistle-Blowing Committee for FY2024.

Provision 10.3

The ARC Members being Former Partners of the Auditing Firm

Neither the members nor the Chairman of the ARC are former partners or directors of the Group's auditing firm. None of them hold any financial interest in the Group's auditing firm.

Provision 10.4

Internal Auditors

The internal audit function has been outsourced to an independent professional firm, BDO. BDO is a global professional advisory service firm, which is independent to the Company, BDO is a full-resourced service provider, providing internal audit, corporate governance and risk management services, to various industries, such as building & construction, property development & management, leisure and hospitality.

The engagement team is led by a Partner who has more than 25 years of internal audit and risk advisory experience. BDO is currently serving clients primarily listed on SGX-ST, privately held entities and public sector entities, ranging from multi-national companies to local small and medium enterprises, in a wide range of industries.

The BDO team engaged to undertake the Company's internal audit function, is a team of approximately 3 to 5 persons for each review. Based on representations by BDO to the Company, BDO follows a global internal audit methodology, which references to the International Standards for the Professional Practice of Internal Auditing, as set by The Institute of Internal Auditors.

BDO report to the Chairman of the ARC. The internal audit function assists the Board and the ARC in providing independent assessment of the adequacy, efficiency and effectiveness of the Group's risk management and internal control systems.

Corporate Governance Report

A risk based internal audit plan, which sets out the areas to be audited by the Internal Auditors, was reviewed and approved by the ARC, before the commencement of the audit work to assess the adequacy and effectiveness of internal controls, regarding areas which are of significant or higher risk to the Group's business activities.

The internal audits are performed:

- i. To determine that internal controls are in place and functioning as intended, to address the key business and operational risks;
- ii. To assess whether operations of the business processes under review, are conducted efficiently and effectively; and
- iii. To identify opportunities for improvement of internal controls.

The ARC approves the hiring, removal, evaluation and compensation of the outsourced internal audit function. The Internal Auditor had unfettered access to all the Company's documents, records, properties and personnel, including access to the ARC.

The ARC reviews the adequacy and effectiveness of the internal audit function annually and together with the Board, they are satisfied that the Internal Auditor is independent, effective and have adequate resources and appropriate standing, within the Group and the Company, and are staffed with persons with the relevant qualifications and experience.

The ARC will meet with the Internal Auditors at least once a year to discuss their findings on the Group's observance of internal control measures that are in place. The last meeting with the Internal Auditors was held in February 2025.

Provision 10.5

Meeting with External Auditor

The ARC meets the external auditor without the presence of Management, to discuss the reasonableness of the financial process, system of internal controls, fraud risk, quality of accounting and any other matters which the ARC or external auditor may wish to raise, at least once a year.

Meeting with Internal Auditors

The ARC meets with the Internal Auditors, without the presence of Management, at least once a year. The internal audit findings, categorised according to their priority, are submitted to and discussed with the ARC. The progress of the implementation of the corrective actions for the outstanding audit findings, is closely monitored by the ARC.

(D) SHAREHOLDER RIGHTS AND ENGAGEMENT

Principle 11: SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETING

The Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospect.

Provision 11.1

Sufficient information to Shareholders

The Company treats all shareholders fairly and equitably, and recognises, protects and facilitates the exercise of shareholders' rights, and continually reviews and updates governance arrangements. Shareholders are informed of changes in the Company, or its business, which would be likely to materially affect the price or value of the Company's shares, via disclosures through SGXNet.

Shareholders have the opportunity to participate effectively in and vote at the general meetings of shareholders. Shareholders are informed of shareholders' meetings, through notices contained in annual reports, or circulars sent to all shareholders. These notices are also published in the Business Times and posted onto the SGXNet.

Corporate Governance Report

The notice of meetings together with the relevant documents, is distributed to all shareholders at least 14 days before the scheduled meetings. Shareholders are invited to attend the general meetings to put forth any questions they may have, on the motions to be debated and decided upon. All shareholders are entitled to vote in accordance with the established voting rules and procedures at the AGM and were informed of the rules, including voting procedures that govern general meetings of shareholders.

Provision 11.2

Separate Resolutions for Separate Issues

Resolutions are, as far as possible, structured separately and may be voted on independently, including the election or re-election of each director, as a separate subject matter. Each item of special business included in the notice of the general meetings is accompanied, where appropriate, by an explanation for the proposed resolution. Detailed information on each item in the AGM agenda is provided in the explanatory notes to the Notice of AGM in the annual report.

Provision 11.3

Attendance of Directors at General Meetings

It is the policy of the Board that all directors must attend General Meetings, unless any director has a good reason not to.

All directors, including the Chairman of the Board and Chairpersons of the ARC, NC, RC and IDC, were present at the last AGM. All directors will endeavour to be present at the Company's forthcoming AGM, to be held in April 2025 to address shareholders' questions. In addition, the external auditor will be present at the AGM to address shareholders' queries about the conduct of audit and the preparation and contents of the Auditor's Report.

Provision 11.4

Participation of Shareholders at General Meetings

Currently, the Company's Constitution does not allow a shareholder to vote in absentia, as the authentication of a shareholder identity and other related information, still remains an area of concern.

The Company supports active shareholder participation at general meetings and annual reports are distributed to shareholders at least 14 days before the scheduled meeting date. To ensure high level of accountability and to stay informed of the Group's strategies and visions, all shareholders are encouraged to attend the general meetings. To facilitate participation by the shareholders, the Company's Constitution allows for shareholders who are not relevant intermediaries to appoint not more than two proxies to attend, speak and vote at general meetings. In order to have a valid registration of proxy, the proxy forms must be sent in advance to the place(s) as indicated in the notice of the general meeting at least 72 hours before the time set for the general meetings.

Under the Singapore Companies (Amendment) Act 2014, investors who hold the Company's shares through a nominee company, or custodian bank, or through a CPF agent bank, may attend and vote at the general meetings of shareholders.

Voting by Poll and the results of voting

In support of greater transparency and to allow for a more efficient voting process, the Company has been conducting poll voting since 2016 at the general meetings and will continue to do so for all the resolutions to be tabled at the forthcoming general meetings. The detailed procedures for the poll voting is explained at all general meetings. An external firm is appointed as scrutineers for the voting process, which is independent of the firm appointed to undertake the poll voting process. The total numbers and percentage of votes cast for or against the resolutions are announced after the meeting via SGXNet. Electronic poll voting has not been adopted by the Company for the time being, as the turnout of the shareholders is still considerably small.

Forthcoming AGM to be convened

For the forthcoming AGM, it will held at the Company's registered office in April 2025. The Notice of AGM and proxy form and the appendices will be made available on SGXNet (URL <https://www.sgx.com/securities/company-announcements>) and on the Company's corporate website (www.gshcorporation.com).

Corporate Governance Report

Provision 11.5

Minutes of General Meetings

All minutes of general meetings include substantial and relevant comments or queries from shareholders, relating to the agenda of the meeting, and responses from the Board and Management, are publicly available to shareholders on the Company's website and SGXNet, within one month from the date of the meeting.

Provision 11.6

Dividend Policy

The Company does not have a specific policy on the amount of dividends to be paid, due to the nature of the business and the way that income is realised. Nevertheless, the Board has adopted a policy of issuing dividends when there is the availability of both sufficient profits and cash flow, after taking into account the Group's short and long term capital requirements, future investment plans, general global and business economic conditions. The Board endeavours to maintain a balance between meeting shareholders' expectations and prudent capital management, with a sustainable dividend policy.

Principle 12: ENGAGEMENT WITH SHAREHOLDERS

The Company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the Company.

Provisions 12.1, 12.2 and 12.3

Disclosure of Information on a timely basis

The Company does not practice selective disclosure. In line with continuous disclosure obligations of the Company, pursuant to SGX-ST Listing Rules, the Board's policy is that all shareholders should be equally and timely informed, of all major developments that impact the Group.

Information is communicated to shareholders on a timely basis through:

- i. annual reports that are prepared and issued to all shareholders;
- ii. a summary of the financial information and affairs of the Group for the half year and full year, that are published through the SGXNet within the mandatory period;
- iii. notices and explanatory memoranda for annual general meetings and extraordinary meetings; and
- iv. information that is material or may influence the price of the Company's shares is posted on SGXNet.

The Company has adopted semi-annual reporting of its financial performance, with effect from FY2020.

In addition, shareholders are encouraged to attend the general meetings, to ensure a high level of participation and accountability, and to stay informed of the Group's strategy and plans. The AGM is the principal forum for any dialogue the shareholders may have, with the Directors and Management of the Company.

Dialogue with Shareholders

The Board welcomes questions from shareholders, who have an opportunity to raise issues either informally or formally, before or at the general meetings. All Directors, including the chairpersons of the ARC, NC, RC, IDC, as well as the external auditor, are present at the general meetings, to address any shareholders' queries.

Corporate Website

Information about the Group, the Board of Directors, the Annual Reports, the Sustainability Reports and other information which may be relevant to investors, can be found on the Group's website at www.gshcorporation.com.

Corporate Governance Report

Investor Relations Policy

The Company has adopted an Investor Relations Policy (“**IRP**”), to formalise the principles and practices adopted by the Company and designed to provide current and prospective investors and its shareholders, with fair access to accurate, comprehensive and timely information.

The Company values feedback from shareholders on its efforts to promote transparency and foster investor relationships. Shareholders can submit their feedback and raise any question to the Company's investor relations contact, as provided in the Company's website. Procedures are in place for following up and responding to stakeholders' queries, as soon as applicable. Shareholders can also contact the Lead Independent Director directly via email at LeadID@gshcorporation.com rather than having to go through the Company.

Principle 13: ENGAGEMENT WITH STAKEHOLDERS

The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the Company are served.

Provisions 13.1 and 13.2

The Company engages its stakeholders via various media and channels, to ensure that the business interests are aligned with those of the stakeholders; to understand and address the concerns, so as to improve services and products' standards; as well as to sustain business operations for long-term growth.

The stakeholders have been identified as those who are impacted by the Group's business and operations, and those who similarly, are able to impact the Group's business and operations. Six stakeholders groups have been identified and they are:-

1. Builders and Suppliers
2. Communities
3. Customers and Hotel Guests
4. Employees
5. Governments and Regulators
6. Investors

The Company has undertaken a process to determine the environmental, social and governance (“**ESG**”) issues, which are important to these stakeholders. These issues form the sustainability materiality matrix, which are aligned with our principal business and operational risks, and formed our sustainability strategy, which has shaped our approach to sustainability reporting. Metrics have been developed to measure the progress and the Board will review and adjust the metrics each year, as the external and business context changes. More details on the Company's approach to stakeholder engagement and materiality assessment, can be found in the Sustainability Report, which will be released no later than 30 April 2025.

The Company has mapped out the key areas of focus in relation to the management of the respective stakeholder relationships, based on the stakeholders and the material issues that have been identified.

(E) ADDITIONAL INFORMATION

• Dealings in Securities

The Group has adopted a code of conduct, which provides guidance to its officers with regard to dealings in the Company's securities, in compliance with Rule 1207(19) of the Listing Manual of the SGX-ST.

Directors and key employees within the Group, are not allowed to deal in the Company's securities while in possession of price-sensitive information and during the periods commencing one month before the announcement of the Group's half year and full year financial results. Directors and key employees within the Group, are not allowed to share non-public material information about the Company with family members, friends, associates, or anyone else, who may subsequently buy or sell in the Company's securities.

Corporate Governance Report

In addition, Directors and key employees are advised not to deal in the Company's securities for short term consideration and are expected to observe the insider trading law at all times, even when dealing in securities within permitted trading periods.

- **Interested Person Transactions ("IPTs")**

The Group has established procedures for recording, reporting, reviewing and approving, interested person transactions. The internal auditor carries out agreed upon procedures to review the IPT, on a quarterly basis. Subsequently, ARC and the Board review the IPT reports prepared by the internal auditor to ensure that the transactions are carried out on normal commercial terms and will not be prejudicial to the interests of the Group and the Company's non-controlling shareholders. Below are the IPTs entered by the Group for the financial year ended 2024:

Audit and Risk Committee (cont'd)

The Audit and Risk Committee performed the functions specified in Section 201B of the Act, the SGX-ST Listing Manual and the Code of Corporate Governance.

The Audit and Risk Committee has held four meetings since the last directors' statement. In performing its functions, the Audit and Risk Committee met with the Company's external and internal auditors to discuss the scope of their work, the results of their examination and evaluation of the Company's internal accounting control system.

The Audit and Risk Committee also reviewed the following:

- assistance provided by the Company's officers to the internal and external auditors;
- quarterly financial information and annual financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- interested person transactions (as defined in Chapter 9 of the SGX-ST Listing Manual).

The Audit and Risk Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit and Risk Committee also recommends the appointment of the external auditor and reviews the level of audit and non-audit fees.

The Audit and Risk Committee is satisfied with the independence and objectivity of the external auditor and has recommended to the Board of Directors that the auditor, Baker Tilly TFW LLP, be nominated for re-appointment as auditor at the forthcoming Annual General Meeting of the Company.

The Company has complied with Rules 712 and 715 of the SGX-ST Listing Manual, with regards to the appointment of the auditors of the Company and subsidiaries.

Independent Auditor

The independent auditor, Baker Tilly TFW LLP, has expressed its willingness to accept re-appointment.

Independent Auditor's Report

to the Members of GSH CORPORATION LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of GSH Corporation Limited (the "Company") and its subsidiaries (the "Group") as set out on pages 64 to 127, which comprise the statements of financial position of the Group and the Company as at 31 December 2024, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the financial year then ended, and notes to the financial statements, including material accounting policies information.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2024 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Recognition of revenue from sales of development properties

(Refer to Notes 3.9 and 20 to the financial statements)

Description of key audit matter

Revenue from sales of development properties amounted to \$56,727,000, which represented approximately 45% of the Group's revenue for the financial year ended 31 December 2024.

The Group recognises revenue either at a point in time or over time, depending on the contractual terms. For development properties where the Group is restricted contractually from directing the properties for another use and has enforceable right to payment for performance completed to-date, revenue is recognised over time based on the construction cost incurred to-date as a proportion of the estimated total construction costs to be incurred. Management considers that this input method is an appropriate measure of the progress towards complete satisfaction of the performance obligations.

This is a key audit matter because the determination of whether the performance obligations are satisfied over time and the measurement of the progress of revenue recognition require significant management's judgement and estimates, which may have an impact on the amounts of revenue and profits recognised during the year.

Key Audit Matters (cont'd)

Recognition of revenue from sales of development properties (cont'd)

(Refer to Notes 3.9 and 20 to the financial statements) (cont'd)

Our audit procedures to address the key audit matter

The audit procedures performed in relation to revenue from sales of development properties, among others, included:

- We reconfirmed and updated our understanding of revenue recognition policy in accordance with SFRS(I) 15 *Revenue from Contracts with Customers*;
- We reconfirmed and updated our understanding of the revenue business cycle and performed test of design and implementation of relevant key internal controls;
- We reviewed the terms of sale and purchase agreements and management's assessment of the performance obligations, and assessed whether the criteria for recognising revenue over time or point in time are met;
- For revenue recognised at point in time, we checked to handover documents to ascertain when the control of the property is transferred to the customer and the customer has accepted it in accordance with the sales contract;
- For revenue recognised over time, we assessed the reasonableness of the estimated total construction costs by comparing them with the contract sums with the third-party contractors, and discussed with management on the progress of the development properties, taking into consideration any potential delay and significant or unusual events that occurred during the financial year;
- We performed sample testing of constructions costs incurred during the financial year to the supporting documents such as supplier's invoices and ascertained the existence and accuracy of the costs incurred;
- We evaluated the adequacy of the Group's provision of liquidated ascertained damages on potential delays in vacant possession;
- We compared the contract costs incurred to-date to the budgeted contract cost and performed arithmetic computation and revenue to be recognised for the financial year; and
- We also reviewed the adequacy and appropriateness of the disclosures made in the financial statements.

Net realisable values of development properties held for sale

(Refer to Notes 3.6 and 8 to the financial statements)

Description of key audit matter

As at 31 December 2024, the Group has development properties held for sale in Malaysia and the People's Republic of China with a total net carrying value of \$336,696,000.

Development properties are stated at the lower of cost and net realisable value.

This is a key audit matter because the determination of the net realisable values of these development properties are dependent on the management's expectation of future selling prices and costs to be incurred in the sale of these properties. Any significant changes in the anticipated future selling prices and saleability may affect the carrying value of the development properties.

Our audit procedures to address the key audit matter

The audit procedures performed in relation to the management's estimation of net realisable values, among others, included:

- We updated our understanding and assessed the Group's processes for net realisable values' assessment;
- We reviewed the appropriateness of the capitalisation of additional costs to development property;
- We performed substantive test including test of details on the accuracy and existence of the contract costs to source documents;
- We reviewed the estimated contract costs to completion by comparing to the contract sums and actual cost incurred to-date and made enquiries with management on the progress of construction;
- We evaluated management's assessment of the estimated net realisable values of the development properties in light of market conditions and by considering the selling prices of recently sold units; and
- We also reviewed the adequacy and appropriateness of the disclosures made in the financial statements.

Key Audit Matters (cont'd)

Valuation of leasehold land, buildings and golf club

(Refer to Notes 3.3 and 4 to the financial statements)

Description of key audit matter

As disclosed in Note 4 to the financial statements, included in the Group's property, plant and equipment as at 31 December 2024 are leasehold land, buildings and golf club which are stated at revalued amount of \$567,793,000.

These properties were revalued by independent external valuers. During the financial year ended 31 December 2024, the Group recognised a revaluation gain on property, plant and equipment, net of tax of \$3,794,000, in the other comprehensive income.

This is a key audit matter because the valuation process involves significant judgement in determining the valuation method to be used, assumptions made and key unobservable inputs used in the valuation techniques. The valuations are sensitive to certain key inputs adopted and changes in these key inputs could have a significant impact to the valuation.

Our audit procedures to address the key audit matter

The audit procedures performed in relation to the revalued amounts of the leasehold land, buildings and golf club, among others, included:

- We reconfirmed and updated our understanding and assessed the Group's processes in revaluation of properties;
- We reviewed the competencies and objectivity of the external professional valuers and assessed the appropriateness of valuation methodology adopted and assumptions made by the valuers;
- We assessed the various key inputs used, including comparable market transactions, expected occupancy rates, average room rates and the discount rates applied; and
- We also reviewed the adequacy and appropriateness of the disclosures made in the financial statements.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report 2024, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Khor Boon Hong.

Notes to the Financial Statements

These notes form an integral part and of should be read in conjunction with the accompanying financial statements.

The financial statements were authorised for issue by the Board of Directors on 28 March 2025.

1 Domicile and activities

GSH Corporation Limited (the "Company") is a company incorporated in the Republic of Singapore. The address of the Company's registered office is 20 Cecil Street, #28-01 PLUS, Singapore 049705.

The financial statements of the Group as at and for the year ended 31 December 2024 comprise the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities").

The principal activity of the Company is investment holding and provision of management services to its subsidiaries. The principal activities of its subsidiaries are set out in Note 6.

2 Basis of preparation

2.1 Statement of compliance

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)"). The changes to accounting policies are described in Note 2.5.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except as otherwise disclosed in the notes below.

2.3 Functional and presentation currency

The financial statements are presented in Singapore dollars ("S\$"), which is the Company's functional currency. All financial information presented in Singapore dollars have been rounded to the nearest thousand, unless otherwise stated.

2.4 Use of estimates and judgements

The preparation of the financial statements in conformity with SFRS(I) requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following note:

- Note 3.9 - Revenue recognition

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in the following notes:

- Note 4 - Determination of fair value of property, plant and equipment using significant unobservable inputs
- Note 8 - Determination of net realisable values of development properties
- Note 19 & 23 - Estimation of current and deferred tax liabilities/(assets)

2.4 Use of estimates and judgements (cont'd)

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. The finance team has overall responsibility for all significant fair value measurements, including Level 3 fair values, and reports directly to the Group Financial Controller.

For all significant financial reporting valuations using valuation models and significant unobservable inputs, it is the Group's policy to regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of SFRS(I), including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Group Financial Controller and the Group's Audit and Risk Committee.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement (with Level 3 being the lowest).

The Group recognises transfers between levels of the fair value hierarchy as of the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

- Note 4 - Property, plant and equipment;
- Note 5 - Investment property; and
- Note 30 - Financial instruments

2.5 Changes in accounting policies

New and revised standards that are adopted

In the current financial year, the Group has adopted all the new and revised SFRS(I) and SFRS(I) Interpretation ("SFRS(I) INT") that are relevant to its operations and effective for the current financial year. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective SFRS(I) and SFRS(I) INT.

The adoption of these new/revised SFRS(I) and SFRS(I) INT did not have any material effect on the financial results or position of the Group and the Company.

Notes to the Financial Statements

3 Material accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, except as explained in Note 2.5, which addresses changes in accounting policies.

3.1 Foreign currency

(i) Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on translation are recognised in profit or loss. However, foreign currency differences arising on the translation of monetary items that in substance form part of the Group's net investment in a foreign operation are recognised in other comprehensive income ("OCI").

(ii) Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated to Singapore dollars at exchange rates at the reporting date. The income and expenses of foreign operations are translated to Singapore dollars at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions).

Foreign currency differences are recognised in OCI. However, if the foreign operation is a non-wholly-owned subsidiary, then the relevant proportionate share of the translation difference is allocated to the non-controlling interests. When a foreign operation is disposed of such that control, significant influence is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interests. When the Group disposes of only part of its investment in an associate that includes a foreign operation while retaining significant influence, the relevant proportion of the cumulative amount is reclassified to profit or loss.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely in the foreseeable future, foreign exchange gains and losses arising from such a monetary item that are considered to form part of a net investment in a foreign subsidiary are recognised in OCI, and are presented in the translation reserve in equity.

3.2 Financial instruments

(i) Recognition and initial measurement

Non-derivative financial assets and financial liabilities

Trade receivables and debt investments issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, or minus, for an item not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Notes to the Financial Statements

3 Material accounting policies

3.2 Financial instruments

(ii) Classification and subsequent measurement

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(iv) Derivative financial instruments

Derivatives financial instruments are initially measured at fair value and any directly attributable transaction costs are recognised in profit or loss as incurred. Subsequent to initial recognition, derivatives financial instruments are measured at fair value, and changes therein are generally recognised in profit or loss.

(v) Compound financial instruments

Compound financial instruments issued by the Group comprise convertible notes denominated in Singapore dollars that can be converted to ordinary shares at the option of the holder, where the number of shares to be issued is fixed and does not vary with changes in fair value.

The liability component of a compound financial instrument is initially recognised at the fair value of a similar liability that does not have an equity conversion option. The equity component is initially recognised at the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. Any directly attributable transaction costs are allocated to the liability and equity components in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of a compound financial instrument is measured at amortised cost using the effective interest method. The equity component of a compound financial instrument is not remeasured.

Interest related to the financial liability is recognised in profit or loss. On conversion at maturity, the financial liability is reclassified to equity and no gain or loss is recognised.

(vi) Share capital

Repurchase, disposal and reissue of share capital (treasury shares)

When share capital recognised as equity is repurchased, the amount of the consideration paid, which includes directly attributable costs, net of any tax effects, is recognised as a deduction from equity. Repurchased shares are classified as treasury shares and are presented in the reserve for own share account. When treasury shares are sold or reissued subsequently, the amount received is recognised as an increase in equity, and the resulting surplus or deficit on the transaction is presented in non-distributable capital reserve.

Notes to the Financial Statements

3 Material accounting policies (cont'd)

3.2 Financial instruments (cont'd)

(vii) Intra-group financial guarantees in the separate financial statements

Financial guarantees are financial instruments issued by the Company that require the issuer to make specified payments to reimburse the holder for the loss it incurs because a specified debtor fails to meet payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value and the initial fair value is amortised over the life of the guarantees. Subsequent to initial measurement, the financial guarantees are measured at the higher of the amortised amount and the amount of loss allowance.

Expected credit loss ("ECL") is a probability-weighted estimate of credit losses. ECLs are measured for financial guarantees issued as the expected payments to reimburse the holder less any amounts that the Company expects to recover.

3.3 Property, plant and equipment

(i) Recognition and measurement

Leasehold land, buildings, and golf club are revalued by independent professional external valuers on a regular basis and whenever their carrying amounts are likely to differ materially from their revalued amounts. When an asset is revalued, any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset. The net amount is then restated to the revalued amount of the assets.

All other items of property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(ii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is recognised as an expense in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment, unless it is included in the carrying amount of another asset. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term.

Depreciation is recognised from the date that the property, plant and equipment are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use. Assets under construction are not depreciated.

The estimated useful lives for the current and comparative years are as follows:

• Leasehold land, buildings and golf club	The remaining lease term
• Operating and office equipment, renovation and furniture and fittings	3 to 15 years
• Motor vehicles and vessels	5 to 15 years

Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted, if appropriate.

Notes to the Financial Statements

3 Material accounting policies (cont'd)

3.4 Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Investment property is measured at cost on initial recognition and subsequently at fair value with any change therein recognised in profit or loss.

Cost includes expenditure that is directly attributable to the acquisition of the investment property. The cost of self-constructed investment property includes the cost of materials and direct labour, any other costs directly attributable to bringing the investment property to a working condition for its intended use and capitalised borrowing costs.

Any gain or loss on disposal of an investment property is recognised in profit or loss. When an investment property that was previously classified as property, plant and equipment is sold, any related amount included in the revaluation reserve is transferred to retained earnings.

3.5 Impairment

Non-derivative financial assets and contract assets

The Group recognises loss allowances for ECLs on:

- financial assets measured at amortised cost;
- contract assets (as defined in SFRS(I) 15); and
- intra-group financial guarantee contracts (FGC).

Loss allowances of the Group are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument or contract asset.

Simplified approach

The Group applies the simplified approach to provide for ECLs for all trade receivables and contract assets. The simplified approach requires the loss allowance to be measured at an amount equal to lifetime ECLs.

General approach

The Group applies the general approach to provide for ECLs on all other financial instruments and FGCs. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECLs at initial recognition.

At each reporting date, the Group assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and includes forward-looking information.

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

Notes to the Financial Statements

3 Material accounting policies (cont'd)

3.5 Impairment (cont'd)

Non-derivative financial assets and contract assets (cont'd)

General approach (cont'd)

The Group considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

The Group considers a contract asset to be in default when the customer is unlikely to pay its contractual obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

The Company considers a FGC to be in default when the debtor of the loan is unlikely to pay its credit obligations to the creditor and the Company in full, without recourse by the Company to actions such as realising security (if any is held). The Company only applies a discount rate if, and to the extent that, the risks are not taken into account by adjusting the expected cash shortfalls.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

Measurement of ECLs

ECLs are probability-weighted estimates of credit losses. Credit losses are measured at the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Group assesses whether financial assets carried at amortised cost and debt investments at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- breach of contract such as a default;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECLs in the statements of financial position

Loss allowances for financial assets measured at amortised cost and contract assets are deducted from the gross carrying amount of these assets.

Loss allowances for FGC are recognised as a financial liability to the extent that they exceed the initial carrying amount of the FGC less the cumulated income recognised.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

Notes to the Financial Statements

3 Material accounting policies (cont'd)

3.6 Development properties for sale

Development properties are measured at the lower of cost and net realisable value. Cost includes acquisition costs, development expenditure, capitalised borrowing costs and other costs directly attributable to the development activities.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling expenses.

3.7 Contract assets and liabilities

Contract assets relate primarily to the Group's right to consideration for work completed but not billed at the reporting date in respect of its property development business. The contract assets are transferred to trade receivables when the rights become unconditional. This usually occurs when the Group invoices the customer.

Contract liabilities relate primarily to:

- advance consideration received from customers for the sale of development property;
- progress billings issued in excess of the Group's rights to the consideration; and
- upfront golf membership fees received from customers.

3.8 Leases

(i) As a lessee

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property, the Group has elected not to separate non-lease components and accounts for the lease and non-lease components as a single lease component.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those for property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses, except for right-of-use assets that meet the definition of investment property are carried at fair value in accordance with Note 3.4.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the lessee's incremental borrowing rate. Generally, the Group uses the lessee's incremental borrowing rate as the discount rate.

The Group determines the lessee's incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments.

Notes to the Financial Statements

3 Material accounting policies (cont'd)

3.8 Leases (cont'd)

(i) As a lessee (cont'd)

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group presents right-of-use assets that do not meet the definition of investment property in "property, plant and equipment" and lease liabilities in "loans and borrowings" in the statements of financial position.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets with a value, when new, of \$8,000 or less, and short-term lease. The Group recognised the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(ii) As a lessor

At inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Group recognises lease payments received from investment property under operating leases as income on a straight-line basis over the lease term as part of "other net income".

3.9 Revenue recognition

(i) Sale of development properties

Revenue from sale of a development property is recognised when or as the control over the property has been transferred to the customer. Control of the development property may be transferred at a point in time or over time depending on the terms in the contract and the laws that apply to the contract. In respect of a development property where the Group is restricted contractually from directing the properties for another use and has an enforceable right to payment for performance completed to date, revenue is recognised based on the percentage of completion. The percentage of completion is measured by reference to the construction costs incurred to-date as a proportion to the estimated total construction costs. Management considers that this input method is an appropriate measure of the progress towards complete satisfaction of the performance obligations.

In respect of a development property where the Group has no enforceable right to payment until the property is delivered to the customer, revenue is recognised when the control of the property is transferred to the customer and the customer has accepted it in accordance with the sales contract.

Revenue is measured at the transaction price agreed under the contract. Progress billings to the customer are based on a payment schedule in the contract and are typically triggered upon achievement of specified construction milestones.

Notes to the Financial Statements

3 Material accounting policies (cont'd)

3.9 Revenue recognition (cont'd)

(i) Sale of development properties (cont'd)

Critical judgements in identifying performance obligations and measuring progress

The determination of whether the performance obligations are satisfied over time and the measurement of the progress of revenue recognition require significant management's judgement and estimates, which may have an impact on the amounts of revenue and profits recognised during the year.

(ii) Hotel income

Revenue from operations of a hotel is recognised in the accounting period in which the accommodation and the related services are rendered.

The Group sells hotel packages to customers which include hotel stay, breakfast, spa services, and golf club services, amongst others. Revenue from operations of a hotel is recognised over the period in which the accommodation and related services are provided except for revenue from the sales of food and beverage which is recognised at point in time when the food and beverage are delivered. The hotel packages offered consist of a combination of distinct goods and services and are therefore accounted for as separate performance obligations. In this case, the transaction price will be allocated to each performance obligation based on the stand-alone selling prices. Payment of the transaction price is due immediately when the customer purchases the hotel package.

(iii) Golf club related income

The Group provides annual golf club memberships and golf club memberships for a term until 2055. Customers are required to pay an up-front cash payment upon signing of the contracts. Golf club membership fees are recognised on a straight-line basis over the membership term. Deferred income is recognised for the fees relating to the unexpired terms of the memberships.

For the golf club memberships for a term until 2055, there is an element of financing as the term of the membership exceeds one year. Consequently, the Group adjusts the transaction prices for the time value of money. The financing component is recognised as interest expense and is presented separately from revenue from customers.

Monthly subscription fees are recognised when the services are rendered. The monthly subscription fees are billed and paid on a monthly basis.

Fees charged for the use of the marina club and golf course facilities are recognised in the accounting period in which the services are rendered. Payment of the transaction price is due immediately when the customer purchases the services.

(iv) Sale of goods

The Group sells food and beverages, souvenirs, frozen food and other products as part of its trading business. Revenue from the sale of goods is recognised at the point of sale which coincides with when the Group transfers the product to the customer. Payment of the transaction price is due immediately when the customer purchases the goods.

3.10 Finance income and finance costs

Interest income or expense is recognised using the effective interest method.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

Notes to the Financial Statements

3 Material accounting policies (cont'd)

3.10 Finance income and finance costs (cont'd)

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

3.11 Tax

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets*.

Management periodically evaluates positions taken in tax return with respect to situation in which applicable tax regulations is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Current tax and liabilities are offset only if certain criteria are met.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and at the time of the transaction, affects neither the accounting nor taxable profit or loss and not give rise to equal taxable and deductible temporary difference; and
- temporary differences related to investments in subsidiaries to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future.

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For investment property that is measured at fair value, the presumption that the carrying amount of the investment property will be recovered through sale has not been rebutted. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for individual subsidiaries in the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

3.12 Segment reporting

All operating segments' operating results are reviewed regularly by the management of the Group to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Notes to the Financial Statements

3 Material accounting policies (cont'd)

3.12 Segment reporting (cont'd)

Segment results that are reported to the management include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets (primarily the Company's headquarters), head office expenses, and tax assets and liabilities.

Segment capital expenditure is the total cost incurred during the year to acquire property, plant and equipment.

3.13 New standards and interpretations not adopted

A number of new standards and amendments to standards are effective for annual periods beginning after 1 January 2024 and earlier application is permitted; however, the Group has not early adopted the new or amended standards and interpretations in preparing these financial statements. None of these are expected to have a significant impact on the Group's consolidation financial statements and the Company's statement of financial position, except as disclosed below:

SFRS(I) 18 Presentation and Disclosure in Financial Statements

SFRS(I) 18 will replace SFRS(I)1-1 Presentation of Financial Statements for annual reporting period beginning on or after 1 January 2027, with earlier application permitted. It requires retrospective application with specific transition provisions.

The new standard introduces the following key requirements:

- Entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely operating, investing, financing, discontinued operations and income tax categories. Entities are also required to present subtotals and totals for "operating profit", "profit or loss before financing and income taxes", and "profit or loss" in the statement of profit or loss;
- Enhanced guidance on aggregating and disaggregating information in financial statements; and
- Management-defined performance measures ("MPMs") are disclosed in a single note within the financial statements. This note includes details on how the measure is calculated, the relevance of the information provided to users, and a reconciliation to the most comparable subtotal specified by the SFRS(I).

In addition, all entities are required to use the operating profit subtotal as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method.

The Group is in the process of assessing the impact of the new standard on the primary financial statements and notes to the financial statements.

- (b) Leasehold land (excluding leasehold land under lease)

At 31 December 2024, leasehold land of the Group with carrying amounts of \$260,840,000 (2023: \$245,299,000) represents the land located in Malaysia and China. The land leases will expire between 22 April 2060 to 31 December 2117.

- (c) Security

At 31 December 2024, properties of the Group and Company with carrying amounts of \$253,682,000 (2023: \$338,771,000) and \$36,000,000 (2023: \$37,000,000) respectively, are pledged as securities to secure bank loans (Note 18).

- (d) Valuation techniques and significant unobservable inputs

The valuation techniques comprise discounted cash flow method and comparison method. The valuation methods used in determining the fair values involve certain estimates including those relating to expected occupancy rates of the hotels, average room rate, discount rates and comparable market transactions. These estimates are based on local market conditions existing at the end of each reporting date.

(d) Valuation techniques and significant unobservable inputs (cont'd)

The following table shows the significant unobservable inputs used in the valuation models:

Description	Valuation Techniques	Significant unobservable inputs	Inter-relationship between unobservable input and fair value

1 The valuation method considers the normal approach whereby the income and expenditure is projected forward and the net profit and loss for each year is then discounted back to current date.

2 The valuation method considers transaction price of lands in and around Kota Kinabalu which are analysed for comparison purpose with the adjustments made for differences in location, land usage and other relevant characteristics.

3 Comparison is made with sales of similar properties in the vicinity and adjustments are made for differences in location, orientation, floor area, floor level, age, condition, tenure, design and layout, dates of transaction and the prevailing market conditions, etc., before arriving at the value of the subject property.

There were no significant inter-relationships between unobservable inputs. For the above-mentioned valuation technique, any significant changes in inputs, adjustments and assumptions used will result in a change in the fair value of the properties.

Notes to the Financial Statements

4 Property, plant and equipment (cont'd)

(e) Valuation process applied by the Group

The fair value of properties are determined by external professional valuers, having appropriate professional qualifications and experience in the location and category of properties being valued at the end of every financial year. For valuation performed by valuers, management considers the appropriateness of the valuation technique and assumptions applied by the valuers. The valuation reports and changes in fair value measurements are analysed and reported to the Group's Financial Controller regularly. Significant valuation issues are reported to the Audit Committee.

(f) Fair value hierarchy

The fair value of property, plant and equipment were determined by independent external valuers, having appropriate recognised professional qualifications and recent experience in the location and category of properties being valued.

The fair value measurement for property, plant and equipment has been categorised as a Level 3 fair value based on the inputs to the valuation technique used (Note 2.4).

The following table presents the reconciliation for property, plant and equipment measured at fair value based on significant unobservable inputs (Level 3):

(g) Carrying amounts at cost

If the leasehold land, buildings, and golf club carried at valuation had been included in the financial statements at cost less accumulated depreciation, the net book value would have been as follows:

	Group		Company	
	2024 \$'000	2023 \$'000	2024 \$'000	2023 \$'000
Leasehold land, buildings and golf club	446,883	431,458	26,326	26,738

At 31 December	5,360	4,939

The following amounts are recognised in the consolidated statement of comprehensive income:

	Group	
	2024 \$'000	2023 \$'000
Rental income from investment properties	536	538
Direct operating expenses arising from rental of investment properties (Note 24)	(146)	(229)

Investment property comprises leasehold commercial property leased to external customers, held for capital appreciation and rental income. The leasehold property is situated in Jebel Ali Free Zone Area, Dubai, with an initial non-cancellable lease period of 15 years from 1 May 2019 and an option to renew.

Fair value hierarchy

The fair value of investment property was determined based on comparable market data.

The fair value measurement for investment property of \$5,360,000 (2023: \$4,939,000) has been categorised as a Level 3 fair value based on the comparable market data (Note 2.4).

The reconciliation from the opening balances to the closing balances for Level 3 fair value is shown as above.

Valuation techniques and key unobservable inputs

Management has used comparison method in determining the investment property's fair value. Comparison is made with sales of similar properties in the vicinity and adjustments are made for differences in location, condition, dates of transaction and the prevailing market conditions, etc., before arriving at the value of the subject property.

The key unobservable input adopted by management is price per square feet of AED140 to AED200. The estimated fair value would increase/(decrease) if the price per square feet is higher/(lower).

For the above-mentioned valuation technique, any significant changes in inputs, adjustments and assumptions used will result in a change in the fair value measurements of the property.

Securities

Certain development properties of the Group are mortgaged to the banks as collateral for credit facilities provided to the Group as disclosed in Note 18.

Determination of net realisable values of development properties

Management estimates the net realisable values of the development properties by using the selling prices of recently sold units, selling prices of comparable properties within the vicinity and market valuations by independent external valuers. The determination of the net realisable values of these development properties are dependent on the management's expectation of future selling price of these properties and the estimated contract cost to completion. At the reporting date, management compares the carrying amounts of the development properties to the estimated net realisable values to determine whether a write-down is required for the development properties.

Details of the development properties held by the Group as at 31 December 2024 are as follows:

Project Name	Description (Location)	% owned	Site area (square feet)	Estimated gross floor area (square feet)	Stage of completion as of 31 December 2024	Expected year of completion

Notes to the Financial Statements

10 Contract assets/(liabilities)

(i) Contract assets

Contract assets relate primarily to the Group's right to consideration for work completed but not billed at the reporting date in respect of its property development business. The contract assets are transferred to trade receivables when the rights become unconditional. This usually occurs when the Group invoices the customer.

The significant changes in the contract assets are mainly due to contract assets reclassified to trade receivables upon billing.

(ii) Contract liabilities

The contract liabilities are recognised as revenue when the Group and the Company fulfils its performance obligation under the contract with the customer. The significant changes in the contract liabilities during the year are as follows:

	Group	
	2024	2023
	\$'000	\$'000

Capital management

The Group's primary objective in capital management is to maintain a strong capital base so as to maintain investor, creditor and market confidence, to continue, to develop and grow the business.

The Group monitors capital using a net debt equity ratio, which is adjusted net debt divided by total equity. For this purpose, adjusted net debt is defined as total loans and borrowings less cash and cash equivalents. Total equity includes equity attributable to equity holders of the Company and reserves.

	Group

16 Reserves (cont'd)

Asset revaluation reserve

Asset revaluation reserve represents increases in the valuation of the leasehold land, buildings, and golf club, net of tax.

	Group		Company	
	2024 \$'000	2023 \$'000	2024 \$'000	2023 \$'000

	<u>79,691</u>	<u>76,341</u>	<u>8,029</u>	<u>8,518</u>

The revaluation surplus will be transferred to retained earnings progressively as the property, plant and equipment are used by the Group.

In 2014, a leasehold building was transferred to investment property. When the investment property that was previously classified as property, plant and equipment is sold, any related amount included in the revaluation reserve will be transferred to retained earnings.

Translation reserve

The currency translation reserve represents exchange differences arising from the translation of the financial statements of foreign operations.

Capital reserve

The capital reserve represents the equity component on convertible notes issued on 12 October 2021 (Note 18).

It was reversed upon the maturity of the convertible notes on 12 October 2024.

Notes to the Financial Statements

19 Deferred tax assets and liabilities (cont'd)

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same tax authority. The amounts, determined after appropriate offsetting, are included in the statements of financial position as follows:

	Group		Company	
	2024	2023	2024	2023

	<u>(69,480)</u>	<u>(64,493)</u>	<u>(1,008)</u>	<u>(1,206)</u>

The Group has unutilised tax losses of \$21,689,000 (2023: \$24,056,000) as at 31 December 2024 for which related tax benefits have not been included in the financial statements. These unutilised tax losses expire in 2028 - 2032 (2023: 2028 - 2032). The use of tax losses is subject to the agreement by the tax authorities and compliance with certain provisions of the tax legislation of the respective countries in which the Group operates.

At the reporting date, no deferred tax liability has been recognised in respect of undistributed earnings of subsidiaries which would be subject to withholding tax if transferred out of the country. The Group is in a position to control the timing of the transfer of these accumulated profits and do not expect the accumulated profits to be remitted such as to attract withholding tax in the foreseeable future.

20 Revenue

In the following table, revenue is disaggregated by primary geographical market, major product and services lines and timing of revenue recognition. The table also includes a reconciliation of the disaggregated revenue with the Group's reportable segments (Note 26).

Judgement is required in determining the deductibility of certain expenses and taxability of certain income during the estimation of the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for anticipated tax based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the provision for income tax and deferred income tax provisions in the period in which such determination is made.

The tax charge relating to each component of other comprehensive income is as follows:

	Before tax \$'000	Tax charge \$'000	After tax \$'000

26 Operating segments

The Group has three reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services, and are managed separately because they are located in different geographical areas and require different marketing strategies. For each of the strategic business units, the Group's CEO (the chief operating decision maker) reviews internal management reports on at least a quarterly basis.

The following summary describes the operations in each of the Group's reportable segments:

- (i) Hospitality – operation of hotels, golf and marina club.
- (ii) Property – sale of properties and rental income from investment properties owned by the Group.
- (iii) Others – mainly investment holdings and others

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before tax, as included in the internal management reports that are reviewed by the Group's CEO. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

27 Leases

The Group as a lessee

Leased premises

The Group leases office and staff accommodation space under non-cancellable operating lease agreements. The leases typically run for an initial period of one to two years, with an option to renew the lease when all terms are renegotiated. None of the leases includes contingent rentals.

Equipment and vehicles

The Group leases motor vehicles and office equipment under a number of leases. The Group also leases IT equipment and furniture and fittings with contract term of one to three years. These leases are short-term/or leases of low-value assets with a value, when new, of \$8,000 or less. The Group has elected not to recognise right-of-use assets and lease liabilities for these leases.

Information about leases for which the Group is a lessee is presented below.

Right-of-use assets

Extension option

Some property leases contain extension options exercisable by the Group before the end of the non-cancellable contract period. Where practicable, the Group seeks to include extension options in new leases to provide operational flexibility. The extension options held are exercisable only by the Group and not by the lessors. The Group assesses at lease commencement date whether it is reasonably certain to exercise the extension options. The Group reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant changes in circumstances within its control.

Leases as lessor

The Group leases out its investment property. The Group has classified these leases as operating leases, because they do not transfer substantially all of the risks and rewards incidental to the ownership of the assets. Note 5 sets out information about the operating leases of investment property.

The following table sets out a maturity analysis of lease receivables, showing the undiscounted lease payments to be received after the reporting date.

28 Financial guarantee contracts

Intra-group financial guarantees

Intra-group financial guarantees comprise guarantees given by the Company to banks in respect of banking facilities granted to subsidiaries. The maximum exposure of the Company is \$96,394,000 (2023: \$129,090,000). At the reporting date, the Company has not recognised an ECL provision as the Company does not consider it probable that a claim will be made against the Company under the guarantee.

29 Related party transactions

In addition to the related party information disclosed elsewhere in the financial statements, the following significant transactions took place between the Group and related parties during the financial year on terms agreed between the parties concerned:

Three directors subscribed for series 3 to 10 of the Company's commercial papers (3, 6 and 12 months tenors) during the year amounted to \$93,750,000 (31 December 2023: \$44,000,000).

The interest on the loans and borrowings that was paid or payable to the directors amounted to \$11,221,000 (2023: \$9,360,000).

Notes to the Financial Statements

29 Related party transactions (cont'd)

The Company entered into short-term shareholder loan agreements with a controlling shareholder (Dr. Sam Goi) for loans amounted to \$11,300,000* during the year.

The Company entered into a supplemental loan agreement with same controlling shareholder for loan amounted to \$49,640,000*, to extend the maturity date of the loan, during the year.

* The overall financing costs for these loans are at 6.75% per annum. The tenor for this loans or extended loans are one year. The proceeds from the loans were used to fund the Group's working capital.

Financial risk management

Overview

The Group has exposure to the following risks arising from financial instruments:

- credit risk
- liquidity risk
- market risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risks.

Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group's Audit and Risk Committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Group's Audit and Risk Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit and Risk Committee.

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and debt investments.

Notes to the Financial Statements

30 Financial instruments (cont'd)

Credit risk (cont'd)

At the reporting date, there is no significant concentration of credit risk for the Group. At the reporting date, the amounts owing by subsidiaries represent a significant portion of the Company's financial assets. Except as disclosed, there is no significant concentration of credit risk for the Company. The carrying amounts of financial assets and contract assets represent the Group and the Company's maximum exposures to credit risk, before taking into account any collateral held.

Impairment losses on trade receivables recognised in profit or loss were as follows:

	Group	
	2024 \$'000	2023 \$'000
Allowance for impairment loss on trade receivables arising from contracts with customers	1,409	295

Expected credit loss assessment for trade receivables

The Group uses an allowance matrix to measure the ECLs of trade receivables from individual customers, which comprise a very large number of small balances.

Loss rates are based on actual credit loss experience over the past 3 years. These rates are adjusted to reflect differences between economic conditions during the period over which the historical data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables. The exposure to credit risk and ECL for trade receivables is insignificant.

Trade and other receivables and contract assets

The Group has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount. For trade receivables and contract assets arise from the sale of development properties, the Group has credit policies in place and the exposure to credit risk is monitored on an ongoing basis. For trade receivables, the Group has policies in place to ensure that sales are made to purchasers with appropriate financial strength and/or after obtaining sufficient security such as deposits. For the sale of development properties, the Group will only deliver possession of the property upon receipt of full payment. If a purchaser defaults on payments, the Group may enforce payment via legal proceeding or where applicable, the Group may terminate the sale of development properties, forfeit certain portions of the purchaser's payments made to date, and resell the property.

The Group establishes an allowance for impairment that represents its estimate of the specific loss component in respect of trade and other receivables. The allowance account in respect of trade receivables and other receivables is used to record impairment losses unless the Group is satisfied that no recovery of the amount owing is possible. At that point, the financial asset is considered irrecoverable and the amount charged to the allowance account is written off against the carrying amount of the impaired financial asset.

Exposure to credit risk

At the reporting date, the maximum exposure to credit risk for trade and other receivables (excluding advances to suppliers and prepayments) by geographical region was as follows:

	Group	
	2024 \$'000	2023 \$'000
Malaysia	18,895	18,681
Singapore	4,191	270

Movements in allowance for impairment in respect of trade and other receivables

The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows:

	Group Lifetime ECL \$'000
At 1 January 2023	484
Impairment loss reversed	(564)
Impairment loss recognised	859
At 31 December 2023	<u>779</u>
Impairment loss reversed	(451)
Impairment loss recognised	1,860
At 31 December 2024	<u>2,188</u>

Impairment losses recognised/(reversed) were included in "other net income".

Cash and cash equivalents and time deposits

The Group and Company held cash and cash equivalents and time deposits of \$26,209,000 and \$1,146,000, respectively at 31 December 2024 (2023: cash and cash equivalents and time deposits of \$51,905,000 and \$1,493,000). The amounts are held with banks, which are regulated.

Impairment on cash and cash equivalents and time deposits have been measured on the 12-month expected loss basis which reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents and time deposits have low credit risk based on the external credit ratings of the counterparties. The amount of the allowance on cash and cash equivalents and time deposits were negligible.

Guarantees

The maximum exposure of the Company in respect of the intra-group financial guarantee at the end of the reporting period is \$96,394,000 (2023: \$129,090,000).

At the reporting date, the Company does not consider it probable that a claim will be made against the Company under the financial guarantees in view of the financial strength of the subsidiaries and that borrowings were secured by a first party legal charge over the properties of the subsidiaries.

Non-trade amounts due from related parties

The Group and Company held non-trade receivables from related parties of \$630,000 (2023: \$595,000) and \$619,418,000 (2023: \$589,162,000) respectively. The Group and Company use a similar approach for assessment of ECLs for these receivables to those used for debt investments. Based on an assessment of qualitative and quantitative factors that are indicative of the risk of default (including but not limited to external ratings, audited financial statements and management accounts, if available, and applying experienced credit judgement). There is no significant increase in credit risk for these exposure since the initial recognition of the financial assets. Therefore, impairment on these balances has been measured on the 12-month expected credit loss basis and the amount of the allowance is insignificant.

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents and credit facilities deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

The following are the contractual undiscounted cash outflows of financial liabilities, including interest payments and excluding the impact of netting agreements:

The maturity analyses show the contractual undiscounted cash flows of the Group and the Company's financial liabilities based on their earliest possible contractual maturity. Except for the cash flows arising from the intra-group financial guarantees, it is not expected that the cash flows in the maturity analysis could occur significantly earlier, or at significantly different amounts.

Liquidity and cash flow risks

As disclosed in Note 18, the Group's total bank borrowings amounted to \$507,498,000 as at 31 December 2024 (2023: \$513,958,000), of which a total amount of \$297,659,000 (2023: \$300,810,000) is due within 12 months from the end of the reporting period of the financial statements.

Notes to the Financial Statements

30 Financial instruments (cont'd)

Liquidity and cash flow risks (cont'd)

Other than the secured bank loan which detailed in Note 18, the borrowings due within the next 12 months mainly is a shareholder loan of \$60,940,000, commercial papers of \$110,166,000 and convertible notes of \$83,663,000 respectively. The shareholder loan may be extended when it matures. For commercial papers of \$110,166,000, the Company had made repayments around \$60,860,000 for the commercial paper due in March 2025 through the issuance of a new series of commercial papers. For convertible notes of \$83,663,000 out of which \$75,766,000 are held by the Executive Chairman of the Company. Before the maturity of the convertible notes, the Company will raise new debt or quasi-debt to redeem the remaining unconverted convertibles notes.

Taking into consideration of the above items, the Group's cash and bank balance and a forecast of its cash flows, the Group has adequate financial resources to meet its current payment obligations as and when they fall due.

Market risk

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

Interest rate risk

The Group's exposure to interest rate risk relates primarily to the Group's interest-bearing loan obligations and fixed deposits placed with financial institutions. The Group is not exposed to significant interest rate fluctuation. The Group does not use derivative financial instruments to hedge its interest rate risk.

At the reporting date, the interest rate profile of the Group and the Company's interest-bearing financial instruments is as follows:

	Group		Company	
	2024 \$'000	2023 \$'000	2024 \$'000	2023 \$'000

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting dates would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

A change of 50 bp in interest rates at the reporting dates would have (increased)/decreased loss before tax by the amounts shown below. There is no effect to the equity. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2023.

Foreign currency risk

The Group is exposed to transactional foreign currency risk to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings, including intercompany sales, purchases and intercompany balances denominated in a currency other than the respective functional currencies of Group entities. The currencies in which those transactions primarily are denominated are Malaysian Ringgit ("MYR"), United States Dollars ("USD"), United Arab Emirates Dirham ("AED") and Chinese Renminbi ("RMB").

The Group uses forward exchange contracts to manage its foreign currency risk with a maturity of less than one year from the reporting date.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Group's policy is to ensure that its net exposure is kept to an acceptable level by entering into certain financial derivative instruments including forward exchange contracts.

At the reporting date, the Group is holding the following foreign exchange forward contracts:

	2024		2023	
	Contract/ notional amounts \$'000	Assets/ (Liabilities) \$'000	Contract/ notional amounts \$'000	Assets \$'000

Foreign currency risk (cont'd)

At 31 December 2024, the Group and the Company's outstanding forward foreign exchange contracts are valued at the forward exchange rates applicable to the remaining period to maturity of the contracts, and their fair values are estimated to be approximately of \$3,475,000 and \$1,833,000 respectively (2023: \$918,000 and \$668,000).

At 31 December 2024, these are the Group's outstanding contract to sell MYR and these contracts will mature within 3 to 8 months (2023: 6 to 8 months) from the end of the reporting date.

The fair values of forward exchange contracts (Level 2 fair values) are based on broker quotes for equivalent instruments valued at the market forward exchange rates applicable to the remaining period to maturity of the contracts.

Loss in the fair value of the non-hedging forward contracts amounting to \$4,393,000 has been credited to profit or loss for the year (2023: gain of \$918,000).

The Group's exposure to foreign currency risk based on notional amounts is as follows:

Sensitivity analysis

A 5% strengthening of the following major currencies against the functional currency of each of the Group's entities at the reporting dates held by the Group would increase/(decrease) equity and loss by the amounts shown below. Similarly, a 5% weakening would have the equal but opposite effect. This analysis assumes that all other variables, in particular interest rates, remain constant.

Categories of financial instruments

Financial instruments at their carrying amounts at the end of the reporting period are as follows:

	Group		Company	
	2024 \$'000	2023 \$'000	2024 \$'000	2023 \$'000
Financial assets:				
Derivatives financial assets	–	918	–	668
Financial assets at amortised cost	<u>67,679</u>	<u>88,287</u>	<u>621,969</u>	<u>592,313</u>
Financial liabilities:

Financial liabilities at amortised cost	<u>654,215</u>	<u>656,578</u>	<u>430,558</u>	<u>380,997</u>

Financial assets consist of trade and other receivables (excluding advances to suppliers and prepayments), amount due from related parties and cash and cash equivalents.

Financial liabilities consist of trade and other liabilities (excluding advance payments from customers and deferred income), loans and borrowings (excluding lease liabilities) and amount due to related parties.

Notes to the Financial Statements

31 Fair value of assets and liabilities

The analysis of the fair value measurements by the levels in the fair value hierarchy based on the inputs to the valuation techniques. The different levels are defined under Note 2.4.

Based on the discounted cash flow analysis using a discount rate based upon market lending rate for similar borrowings which the directors expect would be available to the Group at the balance sheet date, the fair value of the fixed rate borrowings at the balance sheet date approximates their carrying values as there are no significant changes in the market lending interest rates available to the Group at the balance sheet date.

The floating rate borrowings are instruments that are repriced to market interest rates on or near the balance sheet date. Accordingly, the fair values of the borrowings, determined from discounted cash flow analysis using market lending rates for similar borrowings which the management expects would be available to the Group at the balance sheet date, would approximate their carrying amounts at the balance sheet date. This fair value determination is classified in Level 3 of the fair value hierarchy.

The carrying amounts of other financial assets and liabilities (excluding lease liabilities) of the Group are reasonable approximation of their fair values due to relatively short-term maturity of these financial instruments.

32 Contingent liabilities

Pending arbitration involving Investasia Sdn. Bhd.

A claim of RM132,440,349 (approximately \$40,340,000) was lodged by a supplier NTSJ Construction (M) Sdn. Bhd in 2022 against the Company's subsidiary, Investasia Sdn. Bhd. The subsidiary is vigorously contesting the claim, which in the Group's opinion, lack merit.

Separately, NTSJ has been ordered to wind up on 5 March 2024 arising from creditors' action. We understand that NTSJ is appealing the winding up order.

Thus, as the arbitration is on-going and the outcome is uncertain, the Group is unable to reasonably estimate the financial impact of the outcome of the arbitration. Therefore, no provision for any liability has been made in these financial statements.

33 Post balance sheet event

Divestment of investment property

On 29 January 2025, the Group's subsidiary, GSH (Middle East) Pte Ltd entered into a conditional sale and purchase agreement to divest its investment property in Jebel Ali Free Zone Area, Dubai, for a purchase consideration of AED14,500,000 (approximately \$5,360,000). The disposal is not expected to have material effect on the financial results.

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without any modifications:

7. Authority to issue shares

That authority be and is hereby given to the Directors of the Company to:

- (a) (i) issue shares of the Company (“**shares**”), whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, “**Instruments**”), that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and
- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force), issue shares in pursuance of any Instruments made or granted by the Directors, while this Resolution was in force,

Notice of Annual General Meeting

provided that:

- (1) the aggregate number of shares (including shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution) to be issued pursuant to this Resolution shall not exceed 50% of the total number of issued shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro rata basis to shareholders of the Company shall not exceed 20% of the total number of issued shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the percentage of issued shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued shares (excluding treasury shares and subsidiary holdings), at the time this Resolution is passed, after adjusting for:
 - (a) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time of the passing of this Resolution; and
 - (b) any subsequent bonus issue, consolidation or subdivision of shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (4) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier.
[See Explanatory Note (iii)]

(Resolution 7)

8. Renewal of Share Buy-Back Mandate

THAT:

- (a) for the purposes of Sections 76C and 76E of the Companies Act 1967 of Singapore (the “**Companies Act**”) and such other laws and regulations as may for the time being be applicable, the exercise by the directors of the Company (“**Directors**”) of all the powers of the Company to purchase or otherwise acquire issued and paid-up ordinary shares in the share capital of the Company (“**Shares**”) (excluding treasury shares), not exceeding in aggregate the Prescribed Limit (as hereafter defined), at such price(s) as may be determined by the Directors from time to time up, to the Maximum Price (as hereafter defined), whether by way of:
 - (i) on-market purchases transacted through the trading system of SGX-ST (“**Market Purchase**”); and/or
 - (ii) off-market purchases otherwise than on the SGX-ST in accordance with an equal access scheme as may be determined or formulated by the Directors as they consider fit, which scheme shall satisfy all the conditions prescribed by the Companies Act and the SGX-ST Listing Manual (“**Off-Market Purchase**”);and otherwise in accordance with all other laws and regulations, including but not limited to, the provisions of the Companies Act and the SGX-ST Listing Manual; be and is hereby authorized and approved generally and unconditionally (the “**Share Buy-back Mandate**”);
- (b) any Share that is purchased or otherwise acquired by the Company pursuant to the Share Buy-back Mandate shall, at the discretion of the Directors, either be cancelled or, held as treasury shares and dealt with in accordance with the Companies Act;
- (c) unless varied or revoked by the Company, in general meeting, the authority conferred on the Directors to purchase Shares pursuant to the Share Buy-back Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on the earliest of:

Notice of Annual General Meeting

- (i) the date of the next AGM of the Company or the date by which the next AGM is required by law to be held, whichever is earlier;
- (ii) the date on which the purchases or acquisitions of Shares by the Company pursuant to the Share Buy-back Mandate are carried out, to the full extent mandated; or
- (iii) the date on which the authority conferred by the Share Buy-back Mandate is revoked or varied, by Shareholders in general meeting;

In this Resolution 8:

"Average Closing Price" means the average of the closing market prices of the Shares over the last five (5) Market Days ("Market Day" being a day on which the SGX-ST is open for trading in securities), on which transactions in the Shares were recorded, before the day on which the purchases are made, or as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase; and is deemed to be adjusted for any corporate action that occurs during the relevant five (5)-day period and the day on which the purchases are made, or as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase;

"date of the making of the offer" means the date on which the Company announces its intention to make an offer for the Off-Market Purchase from the holder of Shares, stating therein the relevant terms of the equal access scheme for effecting the Off-Market Purchase;

"Maximum Price" in relation to a Share to be purchased or acquired, means the purchase price (excluding brokerage, commission, applicable goods and services tax and other related expenses) to be paid for the Shares as determined by the Directors. The purchase price to be paid for the Shares as determined by the Directors, must not exceed:

- (i) in the case of a Market Purchase, 105% of the Average Closing Price of the Shares; and
- (ii) in the case of an Off-Market Purchase, 120% of the Average Closing Price of the Shares,

"Prescribed Limit" means that number of issued Shares representing 10% of the total number of issued Shares, as at the date of the passing of this Resolution (excluding any Shares which are held as treasury shares as at that date); and

- (d) the Directors and each of them be and is hereby authorized to do any and all such acts (including to execute all such documents as may be required, approve any amendments, alterations or modifications to any documents, and sign, file and/or submit any notices, forms and documents with or to the relevant authorities), as they and/or they may, in their absolute discretion deem necessary, desirable or expedient, to give effect to this Ordinary Resolution and the taking of any and all actions whatsoever, by any Director on behalf of the Company in connection with the proposed Share Buy-back Mandate, prior to the date of the AGM, be and are hereby approved, ratified and confirmed.
[See Explanatory Note (iv)]

(Resolution 8)

By Order of the Board

Lee Tiong Hock
Company Secretary
Singapore, 9 April 2025

Notice of Annual General Meeting

Explanatory Notes:

- (i) **Ordinary Resolution 2 and 3** are to re-elect Mr Gilbert Ee Guan Hui and Mr Goi Kok Ming (Wei Guoming), who will be retiring by rotation under Article 91 of the Constitution of the Company.

Mr Gilbert Ee Guan Hui will, upon re-election as a Director of the Company, remain as Chief Executive Officer of the Company and a member of the Nominating Committee.

Mr Goi Kok Ming (Wei Guoming) will, upon re-election as a Director of the Company, remain as Chief Operating Officer of the Company.

- (ii) **Ordinary Resolution 4** is to re-elect Ms Joycelyn Ong Yueh Ling, who is retiring by rotation under Article 97 of the Constitution of the Company.

Ms Joycelyn Ong Yueh Ling will, upon re-election as a Director of the Company, remain as a member of the Audit and Risk Committee and Remuneration Committee, and will be considered independent.

Detailed information on these directors (including information as set out in Appendix 7.4.1 of the Listing Manual) can be found under "Board of Directors" in the Company's Annual Report 2024 and "Supplemental Information on Directors Seeking Re-election", as enclosed.

- (iii) The **Ordinary Resolution 7** in item 7 above, if passed, will empower the Directors of the Company, effective until the conclusion of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held, or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares, make or grant instruments convertible into shares and to issue shares pursuant to such Instruments, up to a number not exceeding, in total, 50% of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company, of which up to 20% may be issued other than on a pro-rata basis to shareholders.

For determining the aggregate number of shares that may be issued, the total number of issued shares (excluding treasury shares and subsidiary holdings), will be calculated based on the total number of issued shares (excluding treasury shares and subsidiary holdings), in the capital of the Company, at the time this Ordinary Resolution is passed, after adjusting for new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time when this Ordinary Resolution is passed and any subsequent bonus issue, consolidation or subdivision of shares.

- (iv) The **Ordinary Resolution 8** in item 8 above, if passed, will empower the Directors, from the date on which the ordinary resolution in relation to the proposed renewal of the Share Buy-Back Mandate is passed in a general meeting and expiring on the earliest of the date on which the next AGM is held, or is required by law to be held, the date the said mandate is revoked, or varied by the Company, in a general meeting, and the date on which the purchases of shares pursuant to the Share Buy-Back Mandate, are carried out to the full extent mandated; to repurchase ordinary shares of the Company, by way of Market Purchases or Off-Market Purchases, not exceeding in aggregate the Prescribed Limit (as defined above), at such price(s) as may be determined by the Directors from time to time, up to the Maximum Price (as defined above).

Please refer to the Appendix to this Notice of AGM, for further information on the proposed Share Buy-back Mandate, including the rationale for, the authority and limitation on, the sources of funds to be used for the purchase or acquisition, including the amount of financing and the financial effects of the purchase or acquisition of ordinary shares by the Company, pursuant to the Share Buy-Back Mandate.

Notice of Annual General Meeting

Additional Notes on Arrangements for the AGM:

Format of AGM

- (1) The AGM will be held in a wholly physical format at 20 Cecil Street, #28-01 PLUS, Singapore 049705 at 10.30 a.m. There will be no option for members to participate virtually.

Signature of Shareholder(s)
or, Common Seal of Corporate Shareholder

Total number of Shares:	No. of Shares
(a) CDP Register	
(b) Register of Members	

Notes :

1. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act 2001), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by you.
2. A member of the Company entitled to attend and vote at a meeting of the Company is entitled to appoint one or two proxies to attend and vote in his/her stead. A proxy need not be a member of the Company.
3. Where a member appoints two proxies, the appointments shall be invalid unless he/she specifies the proportion of his/her shareholding (expressed as a percentage of the whole) to be represented by each proxy.
4. A member who is a relevant intermediary is entitled to appoint more than two proxies to attend and vote instead of the member, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member. Where such member appoints more than two proxies, the appointments shall be invalid unless the member specifies the number of Shares in relation to which each proxy has been appointed.

“Relevant intermediary” means:

- (a) a banking corporation licensed under the Banking Act 1970 or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
 - (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act 2001 and who holds shares in that capacity; or
 - (c) the Central Provident Fund Board established by the Central Provident Fund Act 1953, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
5. Completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the Meeting.
 6. The instrument appointing a proxy or proxies must be deposited at the registered office of the Company at 20 Cecil Street, #28-01 PLUS, Singapore 049705 or by electronic mail to agm2025@gshcorporation.com, not less than seventy-two (72) hours before the time appointed for the Meeting.
 7. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
 8. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Meeting, in accordance with Section 179 of the Companies Act 1967 of Singapore.

PERSONAL DATA PRIVACY:

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 9 April 2025.

General:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.
