Press Release

**Versalink Appoints Award Winning
Italian Architectural Firm
For System Furniture Design**

SINGAPORE, 13 October 2016 – SGX Catalist-listed Versalink Holdings Limited (“Versalink” or “the Group”), a Malaysia-based manufacturer of mid to high-end system furniture with more than 90 overseas dealers located in more than 40 countries, is pleased to announce the appointment of DriussoAssociati | Architects as the designer for its luxury furniture range.

The appointment comes after Versalink experienced an increase in customers’ demands for luxury system furniture recently. Commenting on this collaboration, Mr. Matthew Law, Chief Executive Officer, Versalink Holdings Limited remarked “We are very honored to have partnered with DriussoAssociati | Architects. The Italians have always been known as the masters of design, synonymous with elegance, exquisite craftsmanship, design and style.” The firm has won numerous prestigious awards at national and international level for their projects and products.

Moving forward, Versalink will continue to grow as an international brand name while adding more capabilities and capacities to bring further growth. The Group expects these initiatives to deliver long-term results and will create value for its shareholders.

Additionally, the Group supplies ancillary products such as seating models and work tools that are sourced from third party manufacturers.

About DriussoAssociati | Architects

DriussoAssociati | Architects is an Italian architectural firm founded by the brothers Roberto and Franco Driusso. The firm deals with the entire planning process, developing proposals which involve visual arts in a broad sense: architectural projects in the field of new buildings and renovations, going down to the detail of interior design, industrial design, graphic design, corporate image and visual.

The architectural firm looks after the corporate image of many companies, following the artistic direction for graphics and image: from the planning of corporate headquarters and showrooms, to exhibition stands, from the concept of sales points, to the design of industrial products.
