

Working experience and occupation(s) during the past 10 years:

Mr. Boey has served as the Acting Chief Executive Officer of the Group since 20 September 2024. Prior to that appointment, he was the Deputy Chief Operating Officer of Securex GS Pte. Ltd., the General Security Products division of the Group.

Mr. Boey joined the Group as Vice President of Operations on 1 August 2017 and was responsible for the strategic planning, overall management and business development of the General Security Products division. In March 2020, Mr. Boey was promoted to General Manager to manage the sales and operations of the General Security Products division.

Mr. Boey has more than 20 years of experience in the security industry. He gained various experience in sales, service and project management related matters from managerial positions held in Johnson Controls, Tyco Fire, Security and Services, TJ Systems and Aeqon between 2005 to 2017. In particular, he was a sales director of TJ Systems Pte. Ltd. between 2014 and 2017.

He is well versed in the design and implementation of integrated security management, cyber security operations and technology solutions.

Mr Boey holds a Diploma in Marketing and Sales Management, awarded in 2011 by PSB Academy in collaboration with the University of Cambridge. He has also attained several professional certifications, including AWS Certified Solutions Architect, TAPA Facility Security Requirements (FSR) 2023 Authorised Auditor, ISO/IEC 27001:2013 and ISO 22301:2019 Internal Auditor, and the Qualified Listed Entity Director (QLED) accreditation issued by the Singapore Institute of Directors (SID).

He is currently pursuing an Executive Master of Business Administration (EMBA) with the University of Newcastle. These qualifications further enhance his expertise in business management, operational excellence, technology, physical security, corporate governance, risk management, and regulatory compliance.
