

FOR IMMEDIATE RELEASE

## **Ley Choon was awarded contracts for the supply, installation and replacement of underground utilities services worth S\$67 million**

- **Total order book increased to S\$207 million – to be delivered over the next 24 to 36 months**
- **Group is tendering for more underground infrastructure projects**

Singapore, 15 September 2022 – SGX Catalist-listed **Ley Choon Group Holdings Limited** (立堦集团控股有限公司) (“**Ley Choon**” or the “**Group**”), a leading one-stop service provider for underground utilities infrastructure construction and road works, is pleased to announce that the Group secured new contracts for the supply, installation and replacement of underground utilities services.

These contract wins pushed up the Group’s order book to S\$207 million to be delivered over the next two to three years. The Group will continue to tender for projects prudently and to provide a one-stop reliable service to the Group’s clients.

Mr Toh Choo Huat (卓沅撥), Executive Chairman and CEO of Ley Choon, commented, “**With COVID-19 largely under control, the overdue upgrading works for Singapore’s underground utility system is picking up in pace. The Minister for National Development Mr Desmond Lee, at opening of the International Built Environment Week, noted that the Building and Construction Authority is on track to achieve its projected construction demand for 2022 with construction activity returning close to pre-COVID levels and the manpower situation stabilised.**<sup>1</sup>

**As one of the leaders in the construction of underground infrastructures, our expertise and track record in completing projects smoothly have contributed to our success in securing these projects. We will continue to maintain and improve our capability, to stay as one of our clients’ top choice for the delivery of their future projects.”**

## About Ley Choon Group Holdings Limited

Ley Choon Group Holdings Limited (“**Ley Choon**”) is an established one-stop Underground Utilities Infrastructure construction and road works service provider, which started operations as Ley Choon Constructions and Engineering Pte Ltd in 1990.

Our core businesses comprise i) Pipes and Roads Segment, consisting of Underground Utilities Infrastructure construction and maintenance which includes laying of water pipes, high-pressure gas pipes and high-voltage power cables, rehabilitation of sewer pipeline, construction and maintenance of road and airfield pavement; and ii) Construction Materials Segment, comprising asphalt premix production and construction waste recycling. Our customers include government bodies such as Public Utilities Board, Land Transport Authority, Housing and Development Board, Urban Redevelopment Authority, Building and Construction Authority, Jurong Town Corporation and companies such as Changi Airport Group and SP Group.

We are a BCA L6 registered contractor (the highest grade) which allows us to tender for Singapore public sector contracts of unlimited value in the categories of cable/pipe-laying and road reinstatement, pipes, and other basic construction materials. We are also an A1 registered contractor in the category of civil engineering (CW02).

As one of only four asphalt premix plant operators in Singapore, our plant is one of the largest in Singapore in terms of production capacity, capable of producing up to 400 tons of asphalt premix per hour.

The Group has ventured overseas to undertake underground utilities construction and maintenance projects. The Group has had a presence in Sri Lanka since 2014 through the undertaking of a sewer pipeline rehabilitation project funded by Asian Development Bank.

Headquartered in Singapore with total staff strength of about 900, we build our capabilities by investing in our people and equipment and upgrading our systems and processes to be more efficient, productive and competitive. We have invested in productivity tools such as an Enterprise Resource Planning system and an off-site sky CCTV monitoring system to integrate our operations and better manage our resources. To this end, we have been awarded ISO9001, ISO14001 and OHSAS 18001 certifications as well as an Enterprise 50 Award in 2010 in recognition for achieving quality standards and business excellence.
