Navigating the COVID-19 Situation

Keppel REIT's properties in Singapore, Australia and South Korea remain accessible to tenants that are operational during COVID-19

Certain measures implemented by the Government:

South Korea

- Social distancing advisory from the government but there is currently no general government measure mandating the closure of all office buildings

Singapore

- Temporary closure of non-essential businesses during "Circuit Breaker"
- "COVID-19 (Temporary Measures) Act 2020" may provide temporary relief during prescribed period to tenants unable to fulfil contractual obligations where the inability is to a material extent caused by COVID-19⁽¹⁾

Australia

- Temporary closure of non-essential services amidst lockdown measures
- "Mandatory Code of Conduct" issued by the National Cabinet, focusing on SMEs with turnover below A\$50m, which seeks to protect eligible tenants from termination of leases and entitles eligible tenants to rent reductions⁽²⁾

Note: Measures as at publication of 1Q 2020 results announcement on 22 April 2020.

(1) Tenant's obligations are not cancelled, instead rental payments will continue to accrue. Applicable to contracts in which the obligations have to be performed on or after 1 February 2020, excluding those entered into on or after 25 March 2020.

(2) Only applicable to SMEs with turnover of A\$50m or less, and who are eligible for the federal Jobkeeper program. One of the main criteria for a business to be eligible for the program is a projected reduction of revenue by more than 30% due to COVID-19. Rent reductions may consist of a combination of waivers and deferrals where rental waiver must be no less than 50% of the total rent reduction.
