# Review of Financial Performance (Consolidated Statement of Profit or Loss and Other Comprehensive Income)

#### FY2023 vs FY2022

#### Revenue

The Group's revenue increased by approximately \$27.9 million from \$45.7 million for the financial year ended 31 December 2022 ("**FY2022**") to \$73.7 million for the financial year ended 31 December 2023 ("**FY2023**"). This was mainly due to the following factors:

- i. an increase in revenue contribution (net of inter-segment elimination) from the TV Program and Film Production business segment of approximately \$13.3 million from \$20.0 million in FY2022 to \$33.3 million in FY2023. In FY2023, the Group recognised revenue mainly in respect of one completed drama series titled "Strange Tales of Tang Dynasty 2: To the West 唐朝诡事录之西行". In FY2022, the Group recognised revenue mainly in respect of the completed production of three dramas named "Strange Tales of Tang Dynasty 唐朝诡事录", "Sisterhood 南洋女儿情" and "A Fish and A Cat 骑着鱼的猫". The Group also recognised revenue for an online short-form drama series titled "Goddess Hotel 女神酒店" which is licensed to a customer for variable fees and sale of a script titled "Misty Rain 烟雨" in FY2022;
- ii. an increase in revenue contribution from the Concert Production business segment of approximately \$13.6 million from \$20.3 million in FY2022 to \$33.8 million in FY2023, mainly in respect of four concert productions held in Malaysia, Australia and Thailand in FY2023. In FY2022, there were three concert productions held in Singapore; and
- iii. an increase in revenue contribution (net of inter-segment elimination) from the Others business segment mainly comprising Talent Management, Costumes, Props and Make-up Services and Musical Play of approximately \$1.1 million from \$5.5 million in FY2022 to \$6.5 million in FY2023, mainly due to an increase in number of projects for Talent Management, Costumes, Props and Make-up Services and Musical Play.

In FY2023, the total revenue derived from the PRC Affiliated Entities amounted to approximately \$40.3 million (FY2022: \$25.3 million), representing 54.8% (FY2022: 55.2%) of the total revenue of the Group.

#### **Gross profit**

The Group's gross profit ("GP") increased by approximately \$4.3 million from \$14.2 million in FY2022 to \$18.6 million in FY2023. Gross profit margin ("GPM") decreased from 31.2% in FY2022 to 25.2% in FY2023. The increase in GP is mainly due to:

- an increase in GP contribution from the Concert Production business segment of approximately \$2.3 million from \$8.9 million in FY2022 to \$11.2 million in FY2023, in respect of three and four concert productions held in FY2022 and FY2023 respectively; and
- ii. an increase in GP contribution from the TV Program and Film Production business segment of approximately \$2.9 million from \$4.7 million in FY2022 to \$7.6 million in FY2023, mainly in respect of one drama series titled "Strange Tales of Tang Dynasty 2: To the West 唐朝诡事录之西行";

which was partially offset by:

i. a gross loss contribution from the Others business segment mainly comprising Talent Management, Costumes, Props and Make-up Services and Musical Play of approximately \$0.2 million (net of intersegment elimination) in FY2023 as compared to a GP contribution of approximately \$0.7 million in FY2022, mainly due to cost overruns for Costumes, Props and Make-up Services and Musical Play projects.

#### Other income

The Group's other income decreased by approximately \$0.9 million from \$7.1 million in FY2022 to \$6.2 million in FY2023. This was mainly due to the following:

- i. a decrease of approximately \$4.4 million from government grants. Government grants mainly comprise (a) grants in respect of certain drama and film production activities from the relevant local government authorities and (b) grants from government relief schemes; and
- ii. an absence of reversal of allowance of credit loss of approximately \$0.4 million in FY2023. In FY2022, there was a reversal of allowance of credit loss of approximately \$0.4 million as the trade receivables for the relevant projects were collected in FY2022;

which was partially offset by:

- a net gain of approximately \$2.9 million mainly arising from the final settlement of concert investments advanced to external parties, based on the actual ticket sales after netting against actual expenditure;
- ii. an increase in rental income of approximately \$0.2 million from the leasing of two film sets located in the PRC to third parties in FY2023;
- iii. service income of approximately \$0.3 million arising from services rendered to external parties in relation to concert productions in FY2023; and
- iv. an increase in interest income of approximately \$0.2 million mainly from cash at bank.

#### Share of results from associate

Share of results from associate relates to the Group's share of the profit or loss and other comprehensive income for FY2023, arising from the Group's 48.92% interest in Xiamen Kaimen Jianjun Film & Television Industry Investment Partnership (Limited Partnership) (厦门开门见君影视产业投资合伙企业 (有限合伙)).

#### Share of results from joint venture

Share of results from joint venture relates to the Group's share of the profit or loss and other comprehensive income for FY2023, arising from the Group's 70.0% interest in Uni-Icon Entertainment Pte. Ltd..

#### **Administrative expenses**

The Group's administrative expenses remained relatively consistent in FY2022 and FY2023.

### Selling and distribution expenses

The Group's selling and distribution expenses decreased by approximately \$1.2 million from \$6.4 million in FY2022 to \$5.2 million in FY2023. This was mainly due to the following factors:

- i. a decrease of approximately \$0.3 million in employee benefit expenses (which includes salaries and defined contribution plans) due to a reduction in headcount arising from cost control measures put in place;
- ii. a decrease of approximately \$0.4 million for depreciation and amortisation expenses mainly arising from a six month rent-free period for a leased office in the PRC in FY2023;
- iii. a decrease of approximately \$0.2 million in advertising and promotional activities due to cost control measures put in place; and
- iv. a decrease of approximately \$0.2 million in short-term lease in FY2023. In FY2022, there was a one-off short-term lease for a working space located in PRC.

#### Other expenses

Other expenses increased by approximately \$3.8 million from \$10.7 million in FY2022 to \$14.5 million in FY2023. This was mainly due to the following:

- credit loss allowance of approximately \$6.6 million that has been measured by reference to past default experience of the debtors and an analysis of the debtors' current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and current and forward-looking macroeconomic factors affecting the ability of the customers to settle the receivables;
- ii. an increase of approximately \$0.4 million in donations made to local communities as part of the Group's corporate social responsibility activities;
- iii. full year recognition of amortisation expenses and share of joint operations' expenses of approximately \$0.2 million in FY2023 arising from the jointly-owned film sets in the PRC. The construction of these jointly-owned film sets were completed in 2022 and are held for leasing purpose and/or own use; and
- iv. a write-off of approximately \$1.7 million on films and drama productions in progress. The Group estimates the recoverable amount for such films and drama productions in progress based primarily on their target market and the business plan taking into consideration the current market conditions, the jurisdiction or region of the broadcast and/or release of the drama or film, the length of the distribution, the number of rounds of distribution, the industry practice for the credit terms extended to customers in that particular jurisdiction or region, as well as the overall number of dramas and films produced and/or co-produced by the Group which are distributed in that particular jurisdiction or region;

which was partially offset by:

- i. a decrease of approximately \$4.8 million in net foreign exchange loss from \$8.8 million in FY2022 to \$4.0 million in FY2023, primarily as the Singapore dollar appreciated less against the Chinese Renminbi in FY2023 as compared to FY2022, mostly from intercompany balances denominated in Singapore Dollar of the Group entities in the PRC of which the financial statements are prepared in Chinese Renminbi, as the Group has significant operations in the PRC; and
- ii. an absence of loss of approximately \$0.2 million arising from the derecognition of financial assets at FVTPL. In FY2022, there was a loss of approximately \$0.2 million arising from derecognition of FVTPL based on the actual box office revenue, actual fees from licensing rights and actual ticket sales.

- i. an increase in revenue contribution (net of inter-segment elimination) from the TV Program and Film Production business segment of approximately \$13.9 million from \$2.6 million in 2H2022 to \$16.5 million in 2H2023, mainly in respect of one completed drama series titled "Strange Tales of Tang Dynasty 2: To the West 唐朝诡事录之西行" in 2H2023. In 2H2022, the Group recognised revenue mainly in respect of one drama titled "Strange Tales of Tang Dynasty 唐朝诡事录" and an online short drama series titled "Goddess Hotel 女神酒店"; and
- ii. an increase in revenue contribution (net of inter-segment elimination) from the Others business segment mainly comprising Talent Management and Costumes, Props and Make-up Services and Musical Play of approximately \$2.1 million from \$2.2 million in 2H2022 to \$4.4 million in 2H2023, mainly due to an increase in number of projects for Talent Management and Costumes, Props and Make-up Services and Musical Play.

In 2H2023, the total revenue derived from the PRC Affiliated Entities amounted to approximately \$21.4 million (2H2022: \$4.8 million), which was approximately 52.3% (2H2022: 19.0%) of the total revenue of the Group.

#### **Gross profit**

- a decrease of approximately \$2.7 million in GP contribution from the Concert Production business segment from \$9.1 million in 2H2022 to \$6.4 million in 2H2023 mainly due to higher costs of concert production. The concert productions in 2H2023 and 2H2022 were held in Bangkok, Thailand and in Singapore respectively; and
- a gross loss contribution from the Others business segment of approximately \$0.6 million (net of inter-segment elimination) in 2H2023 as compared to a GP contribution of approximately \$0.6 million in 2H2022, mainly due to overruns for projects under Costumes, Props and Make-up Services and Musical Play;

which was partially offset by:

i. an increase of approximately of \$2.7 million in GP contribution from the TV Program and Film Production business segment mainly in respect of one completed drama series titled "Strange Tales of Tang Dynasty 2: To the West 唐朝诡事录之西行" in 2H2023.

### Other income

The Group's other income increased by approximately \$3.1 million from \$1.3 million in 2H2022 to \$4.3 million in 2H2023. This was mainly due to the following factors:

i. a net gain of approximately \$2.9 million mainly arising from the final settlement of concert investments advanced to external parties based on the actual ticket sales after netting against actual expenditure; and

service income of \$0.3 million arising from services rendered to external parties in relation to concert productions in 2H2023;

which was partially offset by:

 an absence of reversal of allowance of credit loss of approximately \$0.1 million in 2H2023. In 2H2022, there was a reversal of allowance of credit loss of approximately \$0.1 million as the trade receivables for the relevant projects were collected in 2H2022.

#### Share of result from associate

Share of result from associate relates to the Group's share of the profit or loss and other comprehensive income for 2H2023, arising from the Group's 48.92% interest in Xiamen Kaimen Jianjun Film & Television Industry Investment Partnership (Limited Partnership) (厦门开门见君影视产业投资合伙企业 (有限合伙)).

- credit loss allowance of \$6.9 million that has been measured by reference to past default experience of the debtors and an analysis of the debtors' current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and current and forward-looking macroeconomic factors affecting the ability of the customers to settle the receivables;
- ii. an increase of approximately of \$0.4 million in donations made to local communities as part of the Group's corporate social responsibility activities; and
- iii. a write-off of approximately \$1.7 million on films and drama productions in progress. The decrease is partially offset by sales billings;
- a decrease of approximately \$0.9 million in amount due from related parties, mainly due to a decrease in prepayment made to an entity connected to a non-controlling shareholder and nonexecutive director in relation to the Concert Production business. This is aligned with the Group's vision to become the leading player in the media and entertainment industry in the region.

Anchored by its two core businesses of TV Program and Film Production and Concert Production, the Group aims to develop new value propositions with a multi-pronged growth strategy and disciplined financial approach, so as to enhance the growth profile of its business model.

The Group's strategic priorities for the future include improving its content and through broadening its slate through (i) creating original and well-received drama and film productions, (ii) maximising the synergies of the Group's unique eco-system to deepen consumers' connection to the dramas and films including but not limited to characters and stories, and (iii) utilising new technologies to provide consumers with the best entertainment experience possible.

The Group will also continue to take proactive steps to scale the business for sustainable growth by strengthening its core businesses and high value end-to-end production capabilities. This includes but is not limited to strategic initiatives and increased investment in special effects and 5G content technology to meet the rising demand of high-definition visual experiences from films, dramas, advertising and other digital media applications.

The Group has leveraged on its "IP franchise" business strategy to successfully create large-scale original musical plays of "The Ferryman 灵魂摆渡" and "Strange Tales of Tang Dynasty 唐朝诡事录". These two musical plays were ranked among the top three in the PRC's original musical charts by "Damai 大麦" and Douyin (抖音) (also known as Tik Tok) in 2022. The Group has completed more than 50 shows in the PRC in FY2023 and expects to complete an estimated 50 shows in FY2024.

In addition, the Group aims to develop other revenue sources, including but not limited to e-commerce marketing and to further grow its business presence and market share in the region.

Supported by its resilient balance sheet, the Group believes it is well-positioned to execute its strategic priorities to develop new value propositions, explore new monetisation opportunities (such as immersive games, augmented realities, etc) of its growing IP portfolio and to harness new business opportunities across the region in the post-COVID era.

The Group's long-term financial objectives remain unchanged and the Group will continue to be committed in its revenue growth, enhancement of operating margins and delivery of positive free cashflows annually. The Group prioritises its cash for reinvestment in the core businesses and for funding new growth opportunities, followed by highly selective acquisitions. After satisfying those uses of cash, excess cash will be returned to Shareholders via dividends and share repurchases.

The Group will continue to keep the Shareholders informed of any material developments that may impact the Group's operations and performance as and when they arise.

As at 31 December 2022 (audited) and 31 December 2023 (unaudited)	
Cost	1,111
Accumulated impairment	
Carrying amount	1,111

The Group tests goodwill annually for impairment or more frequently if there are indications that goodwill might be impaired.

The recoverable amount of the cash generating units ("CGUs") is determined from value in use calculations. The key assumptions for the value in use calculations are those regarding the future contract revenue, discount rate, EBITDA and terminal growth rate. Management estimates discount rate using pre-tax rate

that reflect current market assessment of the time value of money and the risks specific to the CGUs. The growth rates are based on industry growth forecasts and expectations of future changes in the market.

The Group prepares cash flow forecasts derived from the most recent financial budgets approved by management for the next 3 years and thereafter budget a perpetual growth of 1.00% (FY2022: 1.00%). This rate does not exceed the average long-term growth rate for the relevant markets.

The rate used to discount the forecast cash flows is 14.3% (FY2022: 14.3%).

As at 31 December 2023 and 31 December 2022, any reasonably possible change to the key assumptions applied is not likely to cause the recoverable amounts to be below the carrying amounts of the CGU.
