**Change in Presentation Currency**

---

The board of directors of S i2i Limited (the “**Company**”, and together with its subsidiaries the “**Group**”) wishes to announce that the Company has changed its presentation currency from the United States dollars (“**USD**”) to the Singapore Dollar (“**SGD**”) with effect from 1 January 2015 (being the commencement of the current financial year).

The change in presentation currency has been adopted as the Company is of the view that the SGD will be a better presentation currency than the USD. The Company was incorporated in Singapore, and is currently listed on the Singapore Exchange. The Company’s shareholders are largely based in Singapore. Furthermore, the majority of the Company’s operations are in Southeast Asia, and the use of the SGD as a presentation currency is thus more relevant to the region.

The change in presentation currency of the Group has been applied in accordance with the relevant accounting standards.
