

FOR IMMEDIATE RELEASE

iFAST Corp Wins Bronze for Best Risk Management at Singapore Corporate Awards 2026

SINGAPORE (22 September 2026) – iFAST Corporation Ltd. (“iFAST Corp” and together with its subsidiaries, the “Group”) has received the Bronze Award for Best Risk Management in the Large-Cap category, comprising companies with market capitalisation of S\$1 billion and above.

Since its inauguration in 2005, the Singapore Corporate Awards (“SCA”) has recognised exemplary corporate governance and practices among Singapore-listed companies. The Best Risk Management Award honours companies that demonstrate effective risk management in support of sustainable business growth.

For iFAST, the recognition comes at a time when the Group has grown well beyond the business it started in Singapore more than 25 years ago. As the Group has expanded in scale, geographic reach, and business complexity into a truly global business model, its approach to risk management has evolved alongside it. This journey is reflected in the Group’s progression from the Small- and Mid-Cap categories to the Large-Cap category at this year’s awards.

Mr Eddie Pang Jian Jong, Group Chief Risk Officer of iFAST Corp, said:

“Effective risk management is often silent. Sometimes, the greatest sign that a team is doing its job is simply that nothing happens and the day ends uneventfully. However, risk management also teaches us that even when most things go right, an unexpected issue may still arise. We should therefore never become complacent or assume we are error-free. Instead, we believe every experience is an opportunity to learn, improve and strengthen our risk framework.

As the environment becomes increasingly complex, we must continue to evolve. We will keep embracing new technology, including AI, not to replace human judgement, but to give our teams better tools to identify risks earlier, strengthen our controls and respond more effectively.

While iFAST has now grown into the Large-Cap category, we have not lost the entrepreneurial spirit and resilience that brought us here. We remain steadfast in our principles and committed to doing what we believe is right.”

Mr Lim Chung Chun, Chairman and Group Chief Executive Officer of iFAST Corp, said:

“As a business grows, the opportunities naturally become bigger, but so do the risks and responsibilities that come with them. We do not believe the answer is to become more passive as the business becomes more complex. The important thing is to understand emerging risks clearly, build the right capabilities around them and continue moving forward with discipline.”

The Group believes that strong risk management and innovation should reinforce, rather than oppose, one another. Mr Lim added, “iFAST has always had an entrepreneurial culture, and we want to preserve that as we grow. Strong risk management helps us do so. It gives our teams a better foundation from which to innovate, make decisions and pursue our long-term ambitions including our Vision 2030 target of reaching S\$100 billion in AUA by 2030.”

The Bronze Award for Best Risk Management adds to a series of recognitions received by iFAST over the years for its corporate governance, investor relations, and stakeholder communication.

About iFAST Corp

iFAST Corp (stock code: AIY) is a global digital banking and wealth management platform, with assets under administration (“AUA”) of S\$36.13 billion as at 30 June 2026.

Incorporated in the year 2000 in Singapore and listed on the SGX-Mainboard in December 2014, the Group is also present in Hong Kong, Malaysia, China, and UK. Through the years, the Group has built a well-established Fintech ecosystem connecting its product providers and clients.

iFAST Corp holds the requisite licences in the various jurisdictions it operates in to provide a wide range of products and services. As at end June 2026, the Group offers access to over 29,600 investment products including over 17,000 funds from over 355 fund houses, over 2,600 bonds, stocks and ETFs listed on the Singapore, Hong Kong, US, Malaysia, UK, and China A stock exchanges, as well as services including wealth management solutions, banking services, research and investment seminars, Fintech solutions, pension administration, and investment administration and transaction services.

The main business divisions of the Group include the Wealth Management division, the Digital Bank division, and the ePension division. Within the Wealth Management division, the Business-to-Consumer (“B2C”) platform, FSM Global (formerly known as FSMOne.com), is a multi-products transactional platform that caters to investors who prefer to do their own investments online. The Business-to-Business (“B2B”)

platforms cater to the specialised needs of more than 980 financial advisory companies, financial institutions, banks and internet companies with over 15,300 wealth advisers. iFAST Global Bank is a fully licensed UK bank that aspires to provide global banking connectivity to customers, corporates and financial institutions. iFAST ePension Services division provides a wide range of pension administration services and white-label solutions for pension scheme sponsors, trustees and other institutions, enabling seamless digital access as well as efficient management and processing of pension scheme transactions.

The Group's mission statement is, "To help investors around the world invest globally and profitably".
