AUDITOR'S REPORT

To: THE SHAREHOLDERS OF KRUNG THAI BANK PUBLIC COMPANY LIMITED

Opinion

The Office of the Auditor General of Thailand has audited the accompanying consolidated financial statements of Krung Thai Bank Public Company Limited and its subsidiaries (the Group), and the Bank's financial statements of Krung Thai Bank Public Company Limited (the Bank), which comprise the consolidated and the Bank's statements of financial position as at December ๓๑, ๒๐๑๖, and the consolidated and the Bank's statements of profit or loss and other comprehensive income, the consolidated and the Bank's statements of changes in equity and the consolidated and the Bank's statements of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In the Office of the Auditor General of Thailand's opinion, the accompanying consolidated and the Bank's financial statements present fairly, in all material respects, the consolidated financial position of the consolidated financial position of Krung Thai Bank Public Company Limited and its subsidiaries and of the Bank as at December ๓๑, ๒๐๑๖, and its consolidated and the Bank's financial performance and its consolidated and the Bank's cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

Basis for Opinion

The Office of the Auditor General of Thailand conducted the audit in accordance with Thai Standards on Auditing. The Office of the Auditor General of Thailand's responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the consolidated and the Bank's financial statements section of the report. The Office of the Auditor General of Thailand is independent of the Group and the Bank in accordance with the State Audit Standards issued by the State Audit Commission and the Federation of Accounting Professions under the Royal Patronage of his Majesty the King's Code of Ethics for Professional Accountants that are relevant to the audit of the consolidated and the Bank, and the Office of the Auditor General of Thailand has fulfilled other ethical responsibilities in accordance with these requirements. The Office of the Auditor General of Thailand believes that the audit evidence the Office of the Auditor General of Thailand has obtained is sufficient and appropriate to provide a basis for the Office of the Auditor General of Thailand opinion.

Key Audit Matters

Key audit matters are those matters that, in the Office of the Auditor General of Thailand professional judgment, were of most significance in the audit of the consolidated and the Bank's financial statements of the current period. The Office of the Auditor General of Thailand has considered these matters addressed in the context of the audit of the consolidated and the Bank's financial statements as a whole, and in forming the Office of the Auditor General of Thailand's opinion thereon, and the Office of the Auditor General of Thailand does not provide a separate opinion on these matters.

The Office of the Auditor General determines key audit matter communicated in the auditor's report as follows:

Allowance for Doubtful Accounts

The allowance for doubtful accounts for loans to customers requires the application of judgment and use of subjective assumptions and related factors applied by management in the estimates. Bank and its subsidiaries which engaged in the business of lending business recorded allowance for doubtful accounts in compliance with the Bank of Thailand's notifications and policy regulations on assets classification, determining provisions and the application of value of collateral in determining provisions. In addition, management considered determining additional allowances to cover any loss that may occur in the future by using more strict criteria than the requirements of the Bank of Thailand. Additional allowances consist of specific allowance for an individual that is likely to be non-performing loans or is likely to have loss more than allowance determined under normal regulations, and general allowance, including an individual that is not non-performing loans but there are any indicators of impairment.

Loans to customers and accrued interest receivables, net contributed as at December ๓๑, ๒๐๑๖ to ๖๖.๘๘ % of the Group's total assets and ๖๖.๕๑% of the Bank's total assets. The loan portfolio comprises the borrowers from the ๕ sectors, i.e. Private Corporate, Government and State Enterprise, SMEs, Retail, and others. The significant customers in the Bank's loan portfolio consist of the borrowers from Private Corporate (๓๗.๖๒% of Loans to customers and accrued interest receivables, net), SMEs (๒๐.๖๓% of Loans to customers and accrued interest receivables, net), and Retail (๔๐.๑๕% of Loans to customers and accrued interest receivables, net). In addition, loan portfolio of each sector has different size and credit process.

The Office of the Auditor General focuses on allowance for doubtful accounts for Private Corporate, SMEs, and Retail portfolios. Due to the adoption of regulations on allowance for doubtful accounts, management shall determine the quantitative and qualitative factors used for assets classification, assumptions and methods of calculating the allowances, such as present value of future

๘๓

cash flows expected to be received by the borrowers, present value of future cash flows expected to be received from the sale of collateral, previous loss experience, which is a process related to uncertainty. The use of different models, assumptions used in the calculation and the quality of the data may result in significantly different allowances for doubtful accounts.

The Office of the Auditor General's key audit procedures include understanding and assessing the effectiveness of the key controls, and test of controls as follows:

- The identification of circumstances which indicate that the borrower is likely to be non-performing loans, and may affect ability to repay;
- The governance over the determining allowances processes, including the continuous re-assessment by management that models, assumptions used in the calculation are still calibrated in a way which is appropriate for the impairment risks in the Bank's loan portfolios, including comparing models, assumptions used in the calculation with external sources;
- The review and approval process that management have in place for the models, assumptions used in the calculation, outputs from such models, and the adjustments that are applied to modelled outputs;
- The accuracy, completeness and quality of data input to the system;
- The data interface between systems from the approval to recording and monitoring of loans; and
- The transfer of data between underlying source systems and models used in the calculation.

For the selected borrowers, the Office of the Auditor General reviewed credit process, tested the accuracy, completeness and quality of data input to the system, assessed reasonableness of assumptions applied to identify circumstances which indicate that the borrower is likely to be non-performing loans and re-computed the calculation of allowances, assessed reasonableness of assumptions applied to forecast of future cash flows, valuation of collaterals and loss given default, and tested the accuracy of data transfer from credit systems to data captured in the accounting records.

Other Information

Management is responsible for the other information. The other information comprises information in the annual report, but does not include the consolidated and the Bank's financial statements and the auditor's report in the annual report. The Bank expects that the annual report is made available to the Office of the Auditor General of Thailand after the date of this auditor's report.

๔

The Office of the Auditor General of Thailand's opinion on the consolidated and the Bank's financial statements does not cover the other information and the Office of the Auditor General of Thailand will not express any form of assurance conclusion thereon.

In connection with the audit of the consolidated and the Bank's financial statements, the Office of the Auditor General of Thailand's responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or knowledge obtained in the Office of the Auditor General of Thailand's audit, or otherwise appears to be materially misstated.

When the Office of the Auditor General of Thailand reads the annual report, if the Office of the Auditor General of Thailand concludes that there is a material misstatement therein, the Office of the Auditor General of Thailand is required to communicate the matter to those charged with governance and the management of the Group.

Responsibilities of Management and Those Charged with Governance for the Consolidated and the Bank's Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated and the Bank's financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of the consolidated and the Bank's financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and the Bank's financial statements, management is responsible for assessing the Group and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank's or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting processes.

Auditor's Responsibilities for the Audit of the Consolidated and the Bank's Financial Statements

The Office of the Auditor General of Thailand's objectives are to obtain reasonable assurance about whether the consolidated and the Bank's financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes the Office of the Auditor General of Thailand's opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a

๕

material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and the Bank's financial statements.

As part of the Office of the Auditor General of Thailand's audit in accordance with Thai Standards on Auditing, the Office of the Auditor General of Thailand exercises professional judgment and maintains professional skepticism throughout the audit. The Office of the Auditor General of Thailand also:

- Identifies and assesses the risks of material misstatement of the consolidated and the Bank's financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence that is sufficient and appropriate to provide a basis for the Office of the Auditor General of Thailand's opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group and the Bank's internal controls.
- Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Concludes on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and the Bank's ability to continue as a going concern. If the Office of the Auditor General of Thailand concludes that a material uncertainty exists, the Office of the Auditor General of Thailand is required to draw attention in the auditor's report to the related disclosures in the consolidated and the Bank's financial statements or, if such disclosures are inadequate, to modify the Office of the Auditor General of Thailand's opinion. The Office of the Auditor General of Thailand's conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause the Group and the Bank's to cease to continue as a going concern.
- Evaluates the overall presentation, structure and content of the consolidated and the Bank's financial statements, including the disclosures, and whether the consolidated and the Bank's financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

๖

- Obtains sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. The Office of the Auditor General of Thailand is responsible for the direction, supervision and performance of the Group and the Bank's audit. The Office of the Auditor General of Thailand remains solely responsible for the Office of the Auditor General of Thailand's opinion.

The Office of the Auditor General of Thailand communicates with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that the Office of the Auditor General of Thailand identifies during the audit.

The Office of the Auditor General of Thailand also provides those charged with governance with a statement that the Office of the Auditor General of Thailand has complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on the Office of the Auditor General of Thailand's independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, the Office of the Auditor General of Thailand determines those matters that were of most significance in the audit of the consolidated and the Bank's financial statements of the current period and are therefore the key audit matters. The Office of the Auditor General of Thailand describes these matters in the auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, the Office of the Auditor General of Thailand determines that a matter should not be communicated in the report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

3. SIGNIFICANT ACCOUNTING POLICIES

3.1 Recognition of Income

3.1.1 Interest Income

Interest income is recognized on an accrual basis, except for interest on loans classified as delinquent over 3 months and interest on loans under troubled debt restructuring contract which would be reversed. In accordance with the BoT's regulations, interest income on delinquent loans over 3 months from the due date already recognized as an income since January 1, 2000 would be reversed and recognized as income when received.

3.1.2 Fees and Service Income

Fees and Service Income is recognized when the related services are performed.

3.1.3 Dividend Income

Dividend income from investments is recognized when declared.

3.1.4 Lease Income

The lease income of the Bank and its subsidiaries is recognized as follows:

- Interest income from hire-purchase and financial lease is recognized by using effective interest rate throughout the term of the lease. Interest on defaulted lease over 4 months is ceased to recognize and reversed, except consumer financial defaulted lease over 3 months is ceased to recognize and reversed. Interest income will be recognized when received.
- Income from operating lease contract is recognized on a straight-line basis over the term of lease.

3.2 Recognition of Expenses

Interest expenses, fees and service expenses, and other operating expenses, are recognized on an accrual basis.

3.3 Cash and Cash Equivalents

Cash and cash equivalents represent cash in hand and cash on collection.

3.4 Derivatives

Accounting for derivative transactions depends on their purposes as follows:

1) Trading Derivatives

The Bank measures derivatives at fair value and recognizes gains or losses arising from changes in fair value in gains (losses) on tradings and foreign exchange transactions, net in the statements of profit or loss and other comprehensive income along with assets or liabilities in the statements of financial position.

2) Hedging Derivatives

The Bank measures derivatives with the same manner of the hedged items.

3.5 Embedded Derivatives

The Bank records accounting for embedded derivatives namely Credit Derivative and Structured Note in line with the IAS 39 Financial Instruments: Recognition and Measurement as follows:

1) For not closely related embedded derivatives, those could be separated from their host contracts; if the Bank is able to measure them separately; their gains (losses) will be recognized at fair value through gains (losses) on tradings and foreign exchange transactions, net in the statements of profit or loss and other comprehensive income. For the host contracts, the Bank will apply to related accounting standards. Conversely, the Bank is unable to measure the embedded derivatives separately, the Bank will revalue the entire combined contract and designate as trading booked at fair value through profit or loss, which also be recognized the gains or losses arising from changes in fair value in the statements of profit or loss and other comprehensive income.

2) For closely related embedded derivatives, the Bank will not separate them from their host contracts and will recognize the entire combined contract in accordance with related accounting standards.

3.6 Investments

3.6.1 Basis of Classification of Investments

The Bank and its subsidiaries classify their investments in debt securities and equity securities as trading securities, available-for-sale securities, held-to-maturity debt securities, or investments in subsidiaries and associates. Non-marketable equity securities are classified as general investments.

3.6.2 Basis of Valuation of Investments

Investments in marketable debt or equity securities classified as trading securities are stated at fair value. Unrealized gains or losses arising from the revaluation are recorded through gains (losses) on tradings and foreign exchange transactions, net in the statements of profit or loss and other comprehensive income.

Investments in marketable debt or equity securities classified as available-for-sale securities are stated at fair value, net of allowance for impairment (if any). Unrealized gains or losses arising from the revaluation are separately shown in equity and realized gains or losses after the disposal.

Investments in debt securities classified as held-to-maturity are stated at the amortized cost, net of allowance for impairment (if any). Premiums or discounts on held-to-maturity debt securities are adjusted to interest income at the end of each month by using the straight-line method which is immaterially different from using the effective interest rate method.

General investments are stated at cost, net of allowance for impairment (if any). Losses on impairment are realized through gains (losses) on investments, net in the statements of profit or loss and other comprehensive income.

Investments in marketable unit trust classified as trading and available-for-sale securities are stated at fair value whereas investments in non-marketable unit trust are stated at net asset value.

Investments in foreign asset-backed debt securities classified as trading securities-current investments are stated at fair value.

3.6 Investments (Continued)

3.6.2 Basis of Valuation of Investments (Continued)

Investments in subsidiaries and associates, shown in the Bank's financial statements, are accounted for by the cost method, net of allowance for impairment (if any). Moreover, investments in associates, shown in the consolidated financial statements, are accounted for by the equity method (the Bank uses financial information from unaudited/unreviewed financial statements of the associates).

The cost of disposed investments is calculated by the weighted-average method. Gains or losses on disposal of investments are presented in gains (losses) on investments, net in the statements of profit or loss and other comprehensive income, except for trading securities are presented in gains on tradings and foreign exchange transactions, net.

3.7 Loans

Loans represent the outstanding principal amounts, except for overdrafts including accrued interest receivables. Deferred revenue is presented as deduction from the loans.

Hire-purchase and financial lease receivables represent the outstanding amounts, less deferred interest receivables, and deferred commission, plus amortized direct expenses.

3.8 Allowance for Doubtful Accounts

The Bank and its subsidiaries which operate the loan provider business recognize allowance for doubtful accounts compliance with the BoT's Notification No. SOR NOR SOR.5/2559 dated June 10, 2016, regarding Regulations on Assets Classification and Provision of Financial Institutions based on the BoT's Regulations on Valuation and Appraisal of Collateral and Immovable Properties for Sale acquired through Debt Repayment, Loan Collateral or Public Auction of Financial Institution dated June 10, 2016 summarized as follows:

1) The Bank has set aside provision for normal and special mention categories at 1 percent and 2 percent, respectively, in accordance with the BoT's regulations. The Bank also applies collective approach to set aside provision for each debtor group, grouping by similar credit risk.

2) Provision for impaired-debtors is at 100 percent of the difference between the book value of loans and the present value of expected cash flows from the disposals of collateral as to the practice stipulated by the BoT.

3) Collateral using for calculating the present value of expected cash flows from disposals are such as immovable properties and leasehold rights (e.g. the present value of the expected cash flows from disposals of immovable properties which are collateral of debtors under the litigation process equal to 62.03 percent of the appraisal value and the present value of the expected cash flows from disposals of immovable properties which are collateral of debtors under the public auction process equal to 66.38 percent of the appraisal value). Other types of collateral are calculated by using the valuation rate stipulated by the BoT.

4) Collateral valuation has been conducted according to the BoT's regulations relating to types of collateral, valuation methodology, valuation frequency, and values of collateral that could be deductible from loans balances before provisioning as follows:

- As for normal and special mention categories, the underlying collateral is required to reappraise or revalue on a 3-year basis excluding collateral of credit lines of housing loans and other loans in the charge of retail business and network support team, will be reappraised or revalued when changed to sub-standard, doubtful and doubtful of loss, as well as the collateral which have been reappraised or revalued over the past 3 years.

3.8 Allowance for Doubtful Accounts (Continued)

- As for sub-standard, doubtful and doubtful of loss categories are required to reappraise or revalue collaterals by using the methods stipulated by the BoT. Immovable properties collaterals are required to reappraise or revalue on a 3-year basis as minimum. In case of near cash collateral such as marketable securities, is required to reappraise or revalue at the end of the accounting period.

Bad debts written-off and bad debts recovered are either deducted from or added to the allowance for doubtful accounts, whichever the case may be. The Bank defines debt write off guidelines which any debtors classified as doubtful of loss are written off at the underlying value of irrecoverable provision in line with the BoT's debt write off regulations.

3.9 Troubled Debt Restructuring and Losses on Troubled Debt Restructuring (TDR)

The Bank's debt restructuring methodology includes the reduction of principal and/or accrued interest receivables already recorded as revenue, interest rate reduction, debt-equity conversion or debt-convertible securities conversion, repayment period extension, debt type modification, grace period permission for principal and/or interest, collateral assets transfers, noncollateral assets transfers, and assets transfers with buy back contracts.

Losses arising from debt restructuring are determined as follows:

1) In case of relaxation of the debt repayment conditions without reducing of principal and accrued interest receivables prior to troubled debt, the present value of expected cash flow received is discounted by using the interest rate under the conditions specified in the TDR contract. Where such interest rate is lower than financial cost rate, the financial cost rate will be used instead. If the present value computed is lower than the book value (the principal amount plus accrued interest receivables included in the outstanding balance of restructured debt), an allowance for losses on troubled debt restructuring will be fully recognized in the statements of profit or loss and other comprehensive income for the relevant period.

The component of financial costs features the weighted average cost of deposits and borrowings, contributions to the BoT and the Deposit Protection Agency (DPA), and expenses incurred to maintain liquidity.

2) In case of debt repayment through the transfer of assets, financial instruments or debtors' equity from debt-equity conversion, the Bank has entirely written off. Losses on debt restructuring are charged to the statements of profit or loss and other comprehensive income instantly upon the transfer of assets considering together with the original allowance for doubtful accounts. Thus, the value of transferred assets shall be recorded not higher than the book value of the debt plus accrued interest receivables entitled by the Bank.

In case of partial debt repayment through the transfer of assets, financial instruments or debtors' equity from debt-equity conversion, the Bank's will follow no. 2) in the first place. For the remaining amount of debt, if there is the relaxation of the repayment condition, the Bank will follow no. 1).

3.10 Properties for Sale

Properties for sale are immovable and movable properties which are stated at lower of cost or market value less allowance for impairment (if any). Losses on impairment or reversal of losses on impairment are recognized as other operating expenses or income in the statements of profit or loss and other comprehensive income. Gains or losses on disposals of those properties after deducting selling expenses are recognized as other operating income or expenses in the statements of profit or loss and other comprehensive income.

3.10 Properties for Sale (Continued)

3.13 Deferred Tax Assets or Liabilities

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding taxes basis used in the computation of taxable profit (tax base). The Bank recognized deferred tax assets arising from such temporary differences to the extent that it is probable that taxable profit will be available against those temporary differences could be utilized. The carrying amounts of deferred tax assets are reviewed at each reporting date and shall be reduced to the extent that the tax benefit will be realized.

The Bank and its subsidiaries recognize deferred tax in the statements of profit or loss and other comprehensive income, except for the extent that relates to items recognized in equity, shall be recognized directly in equity.

The Bank and its subsidiaries calculate amounts of deferred tax assets and liabilities by using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset, if the Bank has a legally enforceable right to offset current tax assets and current tax liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity.

3.14 Leaseholds

Leaseholds, which are included in other assets, are stated at cost less accumulated amortization. Amortization charge is calculated by the straight-line basis over the lease period between 3 – 30 years and recognized as expense in the statements of profit or loss and other comprehensive income.

3.15 Impairment of Assets

For outstanding balances of assets as at the end of period, the Bank and its subsidiaries review the impairment of assets by items when there is an indication that the book value of those assets is higher than the expected recoverable amounts. As such, losses on impairment will be realized as other operating expenses. The reversal of losses on impairment will be recorded only when there is an indication that such impairment no longer exists or shown at a declining balance, if any, and reversed to other operating income in the statements of profit or loss and other comprehensive income. Except for the case that reversal of the revalued increased of the same assets that used to be recognized in equity, when impairment occurred latterly it will be recognized in equity.

4.1 The Bank's Risk Information (Continued)

Liquidity Risk Management Structure and Supervision of the Financial Business Group

The Bank has supervision of risk management of the financial business group and prescribes policy of risk management of the financial business group. The policy was approved by the Board of Directors determining the subsidiaries within the financial business group to complete all aspects of risk management in accordance with risk management policy which defines the organization chart that supports the efficiency of risk management, including the determining of clearly authorization. The policy also determines the subsidiaries to complete and efficiently follow the monitoring process and internal control system by identifying, measuring, monitoring and controlling risk under the guideline prescribed in the risk management policy of the financial business group. Moreover, the group is required to prepare liquidity position report and relating information for submission to the Bank in order that the Bank can monitor liquidity position and risk level of companies in the financial business group and assess effect to the Bank's liquidity.

The Bank's financial business group has decentralized risk management that means companies within the financial business group manage their own risk and the Bank will consider supporting their liquidity as appropriate.

Structure of Sources and Uses of Funds

Liquidity risk is the significant risk of commercial banks. The Bank's liquidity risk factors are the structure of sources and uses of funds. The Bank's sources of funds are from short-term deposits mostly less than one year including saving deposits, while uses of funds for lending have maturity date longer than the deposits. Therefore, the Bank's liquidity risk stems from asset to cash turning period not matching with liability's maturity date. Besides, cost of fund that higher than acceptable limit could affect to the Bank's income and capital at present and in the future.

Thus, liquidity risk management process of the Bank is liquidity trend analysis by estimating the Bank's liquidity status and Net high-quality liquid assets to net liquidity gap ratio in order to evaluate the sufficiency of liquidity assets that supported short-term capital demand. The Bank also assigns the trigger to control liquidity risk and consistency report risk to the Risk Management Committee, the executive officers, and related parties.

Liquidity Risk Management Tools

Liquidity risk management tools are presented in several reports related to the Bank's liquidity to top-level executives and relating departments in order to efficiently apply to use of liquidity risk management.

- The Bank prepares liquidity risk report to determine liquidity risk on a daily and monthly basis by comparing with the approved risk limit/indicators to manage and control the risk level to the prescribed limit.

- Net liquidity position report is prepared on a daily basis in the first 14 calendar days to present daily details by showing estimated cash inflow and outflow information adjusted according to customer behavior, preceding cash flow model together with future trend considerations adhere to realistic and conservative principles.

- Liquidity gap report presents estimates of future cash flows determined in accordance with the customer behavior assumptions in normal situation.

4.1 The Bank's Risk Information (Continued)

- Daily financial position report presents the Bank's liquid assets in terms of balance amount of daily average deposits with the BoT. The BoT's regulation requires maintaining sum of the average daily deposit balance and the average daily cash balance at the cash inventory management center not less than 1 percent of total customers' deposit and other specified borrowings. Moreover, the report demonstrates high quality liquid assets in each asset category reserved as an operating liquidity for the Bank's normal operations.

- Liquidity coverage ratio (LCR) Report is reported to the Risk Management Committee and the Assets and Liabilities Management Committee on a monthly basis in accordance with BoT's regulations. LCR is the liquidity risk measurement standard that aims to ensure that a bank has an adequate stock of unencumbered high quality liquid assets (HQLA) which consists of cash or assets that can be converted into cash at little or no loss of value in private markets to meet its liquidity needs for a 30 calendar day liquidity stress scenario.

- Simulation liquidity risk stress testing report is submitted to the Risk Management Committee on a quarterly basis.

Liquidity Risk Stress Testing

The Bank sets quarterly liquidity risk stress testing in conformity with the Bank's stress testing policy by using the 3 situations which are (1) Institution-specific crisis (2) Market-wide crisis and (3) Combination of both. Each situation is based on assumptions such as withdrawing customers' deposit in different proportion, declining in the market liquidity of assets, decreasing in ability to reach large-sized sources of funds. The Bank also prepares contingency plan to support crisis by considering to stress test result of each model situation. The contingency plan is set warning triggers of liquidity crisis in order that the Bank can reduce negative impact from liquidity problems that may occur with reasonable expenses/costs.

Liquidity Assets

As at December 31, 2016, the Bank's liquidity assets are totaling to Baht 29,235.90 million or 1.45 percent of average deposits and borrowing. Since 2016, the BoT specifies assets which can be liquidity assets, those comprised of current accounts deposited at the BoT and cash at Cash Center Banks. Moreover, it requires commercial banks to maintain average liquidity assets not less than 1 percent of average deposits and borrowings.

As at December 31, 2015, the Bank's liquidity assets are totaling to Baht 484,510.87 million or 22.24 percent of average deposits and borrowings. The BoT requires commercial banks to maintain average liquidity assets not less than 6 percent of average deposits and borrowings.

5. ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the Thai financial reporting standards; requires managements to make estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from such estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which estimates are revised and in any future periods affected. Information about significant areas at estimation uncertainty and assumptions in applying accounting policies has significant effects on the amount recognized in the financial statements.

6.8 Revaluation Allowance for Debt Restructuring

(Million Baht)

<u>Consolidated and the Bank's Financial Statements</u>		
	<u>December 31, 2016</u>	<u>December 31, 2015</u>
Beginning balances	132.63	113.22
Transfer from (to) allowance for doubtful accounts	(71.01)	19.41
Ending balances	61.62	132.63

The revaluation allowance for debt restructuring was transferred from allowance for doubtful accounts for restructured debtors, and transferred to allowance for doubtful accounts when the debtors failed to comply with the new troubled debt restructuring agreement.

The revaluation allowance for debt restructuring has not been amortized and recognized as income upon receipt of debt repayment but transferred to allowance for doubtful accounts instead as the restructured debts may again become non-performing.

6.26 Operations Classified by Operating Segment

Segment Definition

The Bank is organized into segments for internal management which the Management Committee of each segment is the chief operating decision-maker (CODM). Three reportable segments have been divided based on customer types and nature of businesses:

1) Retail banking segment: develops financial products and services, and also provides services for individual customers relating to deposits, loans, payment for goods and services as well as sale of products released by the Bank's subsidiaries and business alliances through network branches nationwide.

2) Wholesale banking segment: provides credit facilities and financial services to corporate clients

3) Treasury and investment segment: controls the Bank's financial structure to appropriate to make profit from the Bank's equity investment, foreign currency exchange services, international business and excess liquidity, and also supervising overseas branches and companies in which the Bank has invested.

Other segments comprise of middle offices, back offices, subsidiaries and associates.

Accounting Procedures for Segment Reporting

In contrast to the accounting procedures for external reporting, the accounting procedures of the operating segments are based on the principle of Economic Value Management (EVM), whereby performance is measured based on segment economic profit (EP), as included in the internal management reports that are reviewed by the Bank's CODM. In accordance with the EVM concept, all business units are treated as profit centers, having internal service charge (ISC) between service providing unit and service receiving unit. Fund Transfer Pricing (FTP) concept is used to calculating value of fund for fund provider unit and cost of fund for fund user unit. Income and expenses are allocated according to ownership basis in order to calculate the economic profit.

6.33 Income Tax Expenses

The Bank has been conducting tax management under its tax management policy by carrying out tax payment, tax filing and tax benefit utilization correctly according to the regulations of law.

The Bank has considered tax effects both current and future of benefit from carrying amount of assets or settlement of carrying amount of liabilities. If there is reasonably possible that the Bank will get benefits from carrying amount of assets or settlement of carrying amount of liabilities, allowing the Bank to pay income tax increase (or decrease) in its tax base in the future. Such consideration is based on estimates, assumptions, law changes that may occurred, legal interpretation and past experience. In the future, if changes occur, which resulted in Bank to change its decision on the sufficiency of income tax payable, any changes in income tax payable will affect on income tax expenses in the period that the changes occur.

6.35 The Transfer of Non-Performing Loans to Thai Asset Management Corporation (TAMC)

TAMC was established under the Emergency Decree on Thai Asset Management Corporation B.E. 2544 (2001) with an objective to manage impaired assets of financial institutions by acquisition of impaired assets of financial institutions. The transfer price shall be equal to the value of assets held as collateral, with respect to such impaired assets, according to the appraisal criteria specified by the BoT. TAMC and the Bank agree to recognize and share profit or loss arising from the management of impaired assets at the end of the year 5th and 10th since July 1, 2001. When TAMC and the Bank confirmed amount paid for assets, TAMC shall issue non-transferable promissory notes, with 10 year maturity and avaled by the FIDF, to the Bank. TAMC may exercise the right to redeem these promissory notes before their maturities.

TAMC permanently dissolved its organization on June 8, 2013 and transferred all remaining assets to the Ministry of Finance, which has assigned the Director General of the Comptroller General's Department (CGD) to undertake pending tasks.

As at December 31, 2015, The Bank had provision for losses on impaired assets management transferred to TAMC in the amount of Baht 3,461.48 million. [The Bank has gradually set aside allowances for doubtful account at 15 percent of the transferred price. (Net outstanding transferred price owing to TAMC is Baht 17,743.18 million.) The management has considered to set aside more provisions in the year 2012 and on June 30, 2016 of Baht 800 million and Baht 600 million, respectively.] On December 2, 2016, the Bank received a notification letter informed amount of loss on impaired asset management at Baht 3,946.61 million.

The Bank has agreed to pay losses from impaired asset management of Baht 3,946.61 million by offsetting with the amount owing from TAMC which had net outstanding transferred price at Baht 2,653.48 million recorded in held-to-maturity debt securities as at December 31, 2016 (Note 6.4) including promissory note interest and deposit interest of Baht 451 million and deducted withholding tax of Baht 4.51 million, totaling to Baht 3,099.97 million. After offsetting the losses and the amount of promissory note, the Bank was required to pay Baht 846.64 million which the Bank has already made a payment to the Ministry of Finance on December 16, 2016.

There is no transfer between level 1 and 2 of the fair value hierarchy in the period.

Fair Value Hierarchy

Fair value hierarchy of the above assets and liabilities instruments depends on differences of data inputs in valuation which determined as follows:

- Level 1 – quoted market price (unadjusted) in active markets for identical assets or liabilities that the Bank can access at the measurement date.
- Level 2 – other directly or indirectly observable inputs for those assets and liabilities besides quoted market price in level 1.
- Level 3 – unobservable inputs for those assets and liabilities.

Valuation Techniques for Level 2

Fair value of derivatives is calculated by using valuation techniques included discounted cash flow model and option pricing model commonly used by market participants. Data used in the valuation is the observable input from reliable institutions, such as interest rates, currency rates, and volatilities.

Fair value of domestic debt securities is calculated by using the published price in the Thai Bond Market Association (ThaiBMA), while fair value of foreign debt securities calculated by using market price evaluated by reliable institutions.

Besides, the Bank has valuation adjustment using valuation techniques in order to reflect Credit Valuation Adjustment (CVA) by considering from credit spread and simulation that counterparties might be default.

6.37 Operation and Risk Management Policies within the Financial Business Group

The BoT's Notification No. SOR NOR SOR.6/2553 dated June 18, 2010, regarding the Consolidated Supervision Policy requires the Bank to disclose the operation and risk management policies within the financial business group as follows:

The operation and risk management within the financial business group are prepared as regulations to supervise the operation within the financial conglomerate, including the Bank and 11 companies within the financial business group (Note 6.5), in terms of common standards and procedures which conform to the BoT's consolidated supervision policy. The policies are approved by the Bank's board of directors and reviewed at least once a year. The policies also include operations, rules and regulations of business transactions, ratio of business transactions within the financial business group, and other related operating procedures. The operations within the group are conducted in the same manner as public operations and follow the Bank's corporate governance.

6.37 Operation and Risk Management Policies within the Financial Business Group (Continued)

In case of the Bank having business transactions with a company within the financial business group as it is the Bank's sector, the Bank will follow the BoT's relenting regulations.

6.38 Others

6.38.1 The Bank has a debtor prosecuted to the Supreme Court's Criminal Division for Holders of Political Positions by the Office of the Attorney General. The Supreme Court issued the order of acceptance on July 25, 2012. This debtor has granted credit limit on December 9, 2003 of Baht 9,900 million which has been drawn down of Baht 8,368.73 million. As at December 31, 2016, the arrears are totally the drawn amount including accrued interest. The Bank also set aside full amount of allowance for doubtful accounts as the prescription of BoT's regulations. Moreover, such case is related to accrued receivables from default debtors from convertible preferred shares contracts recorded in other assets of Baht 997.87 million with full amount of allowance for impairment. The Supreme Court's Criminal Division for Holders of Political Positions has already judged this suit on August 26, 2015. Moreover, the Bank submitted the letter to the Office of the Attorney General to designate the Department of Legal Execution, the Office of the Attorney General as the Bank's legal executioner. In January 2016, the Office of the Attorney General filed a complaint to the Supreme Court to nominate the executing officers. The Supreme Court has nominated executing officers accordingly. The Bank also provided them the result of property investigation of all debtors in accordance with the court judgment. On October 5, 2016 the attorneys of the Department of Special Litigation arranged a meeting for representatives from the Bank of Thailand, the Anti-money Laundering Office and the Bank to consider the problems regarding execution of the Supreme Court's order. They will coordinate and exchange information. And each will utilize its authority by the law and the Supreme Court's order for legal execution towards the defendants, most importantly for the Bank's benefits. Currently, the Bank has approved hiring a law firm to provide consult, guideline, procedure, priority of the order and proper means to execute this case, auction and administration of the properties that were used as guarantee so that the Bank earns maximum profits. Now the Bank has appointed a meeting between the law firm, the Bank's representatives, and the attorneys of Department of Special Litigation to further discuss the execution procedures.

6.38.2 In 2010, the Bank lend a company of USD 95.67 million (Baht 2,884.61 million) pledged an investment in ordinary shares of a foreign financial institution as collateral. Although such shares equaled to 50 percent of its authorized shares capital, are on the Bank's behalf, but the Bank has no influences over this invested financial institution. The Bank has already received full loan repayment under this contract since July, 2011, but not yet transferred those ordinary shares as collateral back to the company because the company need to find a financial institution to be a new investor first.

6.38.3 On October 12, 2016, the Bank is considering the principle of closing a certain foreign branch. It is currently following the process of branch closing and preparing a business continuity plan. Assets, liabilities and operating performances of the branch do not have a material effect on the Bank's financial statements.
