The Aztech Profile

As part of the group founded in 1986, Aztech Global Ltd. and its group of subsidiaries (“Aztech” or the “Group”) has evolved from a manufacturer of personal computers, sound cards and digital enhanced cordless telecommunications (“DECT”) phones to a full-fledged electronics design, engineering and manufacturing solutions provider for Internet-of-Things (“IoT”) devices and electronic products.

With a rich history spanning over 39 years in electronics and 28 years in communication and networking technologies, Aztech has deepened its portfolio of design, engineering and manufacturing offerings to its customers across diverse segments including security, consumer, communications, health-tech, industrial and automotive in over 20 countries.

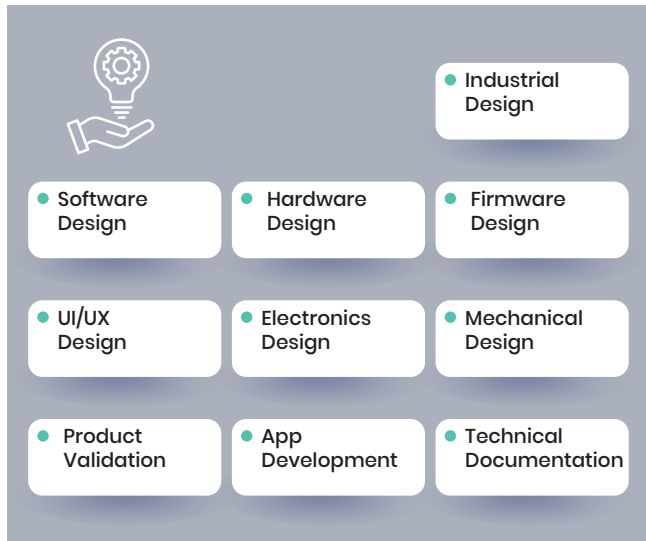

Diagram 1: Design & Engineering Offerings

SECURITY

Security products for the growing AIoT industry, enhancing safety, monitoring and automation with smart technology.

HEALTH-TECH

Meeting healthcare needs with wearable devices and health-tech solutions, leveraging IoT, A.I. and data analytics for improved industry support.

CONSUMER

Revolutionising living spaces by integrating technology and comfort through IoT and smart home solutions, adapting to the latest trends.

INDUSTRIAL

Developing industrial-grade products for harsh environments, including satellite communication devices, automotive parts and SoC test boards that exceed expectations.

Leveraging its innovative experience and historical success in the development of in-house products, Aztech has ventured into the designing and building of its proprietary “Kyla” brand smart lighting and vision technology solutions comprising smart lighting systems and A.I.-enabled surveillance camera systems and solutions to meet broader customer needs.

Kyla

Recalibration of Kyla’s portfolio in 2024 to comprise:

Vision Technology Solutions:

Improving quality, control, and security with A.I.-enabled surveillance, featuring the world-first recessed dome with a built-in battery for peace of mind.

Smart Lighting Solutions:

Reimagine smart lighting with auto-positioning, dynamic addressing and predictive insights—simplifying installation, reducing errors and enabling proactive maintenance for a more sustainable, safer deployment and usage.

COMMUNICATIONS

Empowering broadband service providers, enterprises and consumers with reliable tools for high-speed, dependable internet connectivity, ensuring seamless communication.

AUTOMOTIVE

Providing automotive connectivity and smart city solutions with precision-engineered components and advanced software, improving traffic flow and driver comfort.

Sustainability Thrusts

Aztech has identified the following key sustainability thrusts that align with its ethos and open door to growth and opportunities. These thrusts are embedded into its business operations to ensure sustainability efforts remain robust and focused.

1) Smarter Solutions

As a leading innovator in technology for tomorrow's interconnected world, Aztech's mission is to empower users and businesses by automating tasks and delivering actionable insights based on data performance and efficiency. This enables improved overall functionality, enhanced ease of use and sustainable outcomes. The commitment to achieving this goal is anchored in continuous research, development and innovation across its R&D and manufacturing processes. Additionally, the Group actively fosters collaborations and partnerships that inspire impactful advancements and drive sustainable innovation.

2) Climate Resilience

To build resilience and mitigate the impact of climate change, the Group is implementing changes and innovations across its operations. The Sustainable & Lean Operations Initiative progressively integrates the decarbonisation strategy into its business operations, thereby advancing towards its climate resilience goal.

Aztech takes pride in delighting people with smarter solutions through its integrated design, engineering and manufacturing expertise.

Guided by a culture of integrity, commitment and excellence, Aztech transforms ideas into reality by doing the right thing even when it is challenging to delivering quality, safe and innovative products and services, while fostering relationships built on trust and capability.

As the key technology enabler for the connected world of tomorrow, it is committed to the sustainability pillars of “Sustainable Value Creation”, “Environment and Climate Resilience”, and “People and Local Communities” that drive the long-term value creation of its business in responsible and sustainable manner.

Empowered by an enterprising spirit, Aztech embraces challenges, celebrates diversity and seeks to delighting people with ever smarter solutions that truly matter.

Diagram 3: The Aztech Ethos and Key Stakeholder Groups

3) Resources & Materials Conservation

The Group proactively reduces its carbon footprint by enhancing resource efficiency and adopting environmental conscious design thinking in its product and packaging designs. Its dedication to waste reduction is pivotal in its efforts to conserve crucial resources and transition towards a circular economy.

4) Responsible Supply Chain

Aztech is dedicated to becoming a business partner of choice with responsible sourcing practices and rigorous standards for our suppliers which includes adherence to ethical standards such as conflict-free minerals sourcing, eliminating child labour and ensuring a safe working environment. The Group is dedicated to enhancing compliance and fostering resilient partnerships within its supply chain business partners.

The Aztech Value Chain

Aztech is primarily involved in the research and development (“R&D”), design and engineering to the manufacturing, testing and packaging of the electronics value chain. It provides electronics design, engineering and manufacturing services, including plastic injection and tooling services, through four main models namely Original Equipment Manufacturing (“OEM”), Original Design Manufacturing (“ODM”), Joint Development Manufacturing (“JDM”) and Contract Manufacturing Services (CMS) to cater to the manufacturing and sustainability needs of its customers.

Being a vertically integrated design, engineering and manufacturing services provider, the Group responsibly sources raw materials, electronics components and electrical parts from a well-diversified and extensive network of suppliers for its various value-added processes in the value chain as illustrated in diagram 4.

Diagram 4: Aztech Organisational Boundary & Value Chain

Aztech is committed to serving its customers with products that are manufactured from responsibly sourced conflict-free minerals and supports environmental conscious designed products and packaging to reduce packaging waste and conserve resources. Its Responsible Minerals Policy, Environmental Policy and Sustainable Packaging Policy are available at the sustainability section of its corporate website (www.aztechglobal.com).

Building Operations Resilience

In its continuous strive to building operations resilience, the Group has implemented Sustainable and Lean Operations Initiative during the year to be the partner of choice to its customers. It has over the years been strengthening its framework, systems and capabilities to design, manufacture and deliver products that meet the evolving and rigorous standards and requirements of its customers.

Letter to Shareholders

The Group's net cash position stood at a strong \$294.2 million, an increase of 17.8% YoY.

Dear Shareholders,

On behalf of the Board of Directors (the "Board"), I am pleased to present Aztech's Annual Report for the financial year ended 31 December 2024 ("FY2024").

The Group achieved a resilient set of results as it navigated a complex operating landscape in 2024.

The heightening trade and geopolitical tensions, persistent inflation and subdued macroeconomic environment exerted its pressures and tested the Group's agility to adapt and position for longer term growth.

Financial Resilience Amid Headwinds

Revenue for FY2024 recorded at \$621.6 million, primarily due to lower sales volume of IoT devices and data-communication products attributable to reduced demand from customers in the latter part of 2024.

The Group reported a net profit of \$70.5 million. The impact of lower revenue and higher depreciation was partly offset by higher interest income, net fair value gain on foreign exchange contracts and lower tax expense with a one-time deferred tax provision of \$7.1 million in the prior year. Net profit margin remained stable at 11.3%.

Its operating activities achieved strong cash flow. Net cash generated from operating activities increased by 35.7% YoY to \$113.3 million with disciplined cost management and positive working capital. Free cash flow, meanwhile, reported an improvement of 38.8% YoY to \$109.9 million on prudent capital expenditure.

As of 31 December 2024, the Group's net cash position stood at a strong \$294.2 million, an increase of 17.8% YoY. This was after it made total dividend payments of \$77.2 million relating to FY2023 final dividend and FY2024 interim dividend.

and CEO

Letter to Shareholders

Agile Operations

The resilient performance, despite lower revenue, underscored the agility of the Group in reorganising its operations and deploying cross-functional initiatives forging deeper collaborations with customers, enhancing order delivery efficiency albeit short order lead time, solidifying Aztech as the preferred partner of choice for businesses seeking high-quality, differentiated manufacturing solutions.

In Malaysia, the Group has successfully consolidated operations at its 300,000 sq ft manufacturing facility in Pasir Gudang, Johor and installed plastic injection machines that expanded the facility's production capacity and capabilities. It is adding a new automated production line in the said facility that is expected to be commissioned in the second quarter of 2025. In China, the Group has rationalised its manufacturing capacity in Dongguan and merged its R&D center in Dongguan with that of Shenzhen.

Strengthening Customer Base

Robust customer relationships remain central to the Group's strategy to strengthening its customer base, achieving sustainable growth and resilience in today's complex market and supply chain shifts.

The team prioritised deeper engagement of its existing and new customers across six key segments namely, security, consumer, communications, health-tech, industrial and automotive to proactively develop customer-centric solutions to foster trust and strengthen relationships.

The Group secured seven new customers during the year with commercial production expected in 2025. While working to expand its portfolio of new products under development with customers, the Group is exploring merger and acquisition opportunities to accelerate the expansion of its customer base, broaden its portfolio of cutting-edge solutions and complementary technologies.

Fortifying R&D Capabilities & Enhancing Value

Committed to remaining a trusted partner in every of its customer's success and positioning to meet emerging demands, the Group has focused on key initiatives to fortify its R&D capabilities.

To enhance its value to customers as a customer-centric, sustainable and innovative solutions provider, the Group has collaborated with several technology solutions partners to augment its R&D talent pool, shorten development cycle to expedite time-to-market and achieve supply chain resiliency. It has also participated in internship programmes with tertiary education institutions such as universities and polytechnics as part of its efforts to reinvigorate and build its talent pool.

Internally, the R&D team has sharpened its focus on advancing its vision, sensor and A.I. technologies as well as material engineering to meet current and emerging demand for cost-effective, low carbon footprint products and A.I.-integrated solutions.

Advancing Kyla's Portfolio

First launched in August 2023, the Group has since advanced its Kyla brand of vision technology line of products and solutions namely surveillance applications with high performance colour night vision and A.I. capabilities.

In its commitment to delivering high quality, robust and reliable surveillance solutions, the Vision Technology Solutions ("VTS") and R&D teams have deepened their collaboration to design and build its portfolio of A.I.-enabled surveillance products and solutions. The Group has also refreshed its Smart Lighting Solutions under the "Kyla" brand to offer a holistic lighting experience for discerning customers, while enabling the convenience of one-stop smart lighting and surveillance solutions to customers.

To capture opportunities in an increasingly A.I.-integrated ecosystem, the team is looking to launch its higher value-added A.I.-enabled vision technology as well as smart lighting products and solutions in phases to address demand gaps in lighting, security and surveillance applications.

Commitment to Sustainable Value Creation

The Group is committed to strengthening its ESG² culture and corporate governance practices to building investor trust, cultivating long-term growth and sustaining value creation in response to technological innovations, geopolitical shifts, economic volatility and climate challenges.

It is proud to have achieved nine prestigious awards³ in 2024 that attest to Aztech's commitment to creating sustainable and accountable business. These awards were hallmarks of collective dedication, resilience and commitment to excellence that position Aztech well for longer term growth.

In its unwavering efforts to drive decarbonisation and capture accompanying opportunities, the Group has established Sustainable and Lean Operations Initiative and committed to set science-based emissions reduction targets aligned with the Science Based Targets initiative ("SBTI") criteria. It aspires to achieve scope 1 and 2 emissions net zero by 2040, and scope 3 emissions net zero by 2050. The Group has also adopted Environmental Conscious Design ("ECD") thinking to design low-carbon product, improve energy efficiency and reduce usage of virgin resource. It targets to source 100% renewable energy ("RE") for all its manufacturing locations by 2030.

² Environmental, Social and Governance

³ Details on these awards can be found in pages 2 and 3 of this annual report.

Resilient Long-term Outlook

The number of connected IoT devices is projected to more than double to 40 billion by 2030 from 18.8 billion in 2024 with the development of AI, IoT security standards and sustainability related initiatives⁴. The global IoT market, meanwhile, is estimated to grow by more than five times to US\$4,062.34 billion by 2032 from US\$714.48 billion in 2024⁵.

Amid rising trade restrictions, geopolitical tensions and global economic uncertainties^{6,7}, the Group is encountering some demand volatility from customers. It is, thus, prioritising to grow its customer base, strengthen relations with existing customers, manage its costs as well as enhance its design and manufacturing capabilities. It will also continue with digital transformation and automation to optimise operational efficiency and pursue growth opportunities to ride on the long-term IoT growth trend⁸.

Proposed Final & Special Dividends

The Group has adopted a disciplined approach to cash and capital management over the years. It has accumulated a cash reserve of \$311.3 million⁹ and retained earnings of \$141.8 million as at 31 December 2024.

In view of the strong cash flow generation, the Board has proposed a dividend of 10 cents per share, comprising a final ordinary dividend of 3 cents per share totalling \$23.2 million and a special dividend of 7 cents per share totalling \$54 million, subject to shareholder approval at the forthcoming Annual General Meeting. The proposed special dividend of \$54 million is a return of the Group's surplus cash to reward shareholders.

The return of surplus cash to shareholders demonstrates Aztech's strong cash generation, confidence in its future and commitment to enhancing shareholder value. Its cash position remains at a healthy level, providing financial flexibility to drive growth and pursue value accretive acquisitions to its core businesses.

Including the interim dividend of 5 cents per share, the total ordinary dividend declared for the year will amount to 8 cents per share (FY2023: 8 cents). The proposed final ordinary and special dividends would lift the total dividend declared for FY2024 to 15 cents per share, an increase of 87.5% over the previous year and registering a payout ratio of 164.1%.

Appreciation

On behalf of the Group, I would like to record our deep appreciation to fellow Board members for their invaluable guidance, and to the Aztech team for remarkable efforts invested over the past year.

To our valued customers, suppliers and business partners, my sincere gratitude for being an integral part of our IoT enabling roadmap.

Lastly, I thank our Shareholders for your confidence and support in this rewarding journey with us.

I look forward to the continuing support and trust of all our stakeholders to building a resilient future together.

Ivan was involved in managing the production roll out and expansion of KEEP's business in the North American markets. Prior to the secondment, Ivan was with the Group for 15 years and was most recently the Vice President of Sales and Marketing responsible for the business development activities of the Group's IoT Devices and LED lighting products for Singapore market. Previously, he was involved in sales activities for electronic products in Hong Kong and the PRC. Currently, Ivan is also a director at Aztech Innovation Pte. Ltd. and AVS Investments Pte. Ltd.

Ivan holds a Master of Business Administration from Murdoch University.

Operations Review

The Group faced a challenging market in the latter half of 2024, as rising trade restrictions, geopolitical tensions and global economic uncertainties impacted overall market sentiment and business confidence.

In the IoT devices and data-communication products segment, revenue declined by 29.9% year-over-year (YoY) to \$618.3 million, contributing 99.5% to the Group's total FY2024 revenue. This decrease was primarily due to reduced demand from customers in the second half of 2024.

Similarly, sales in the LED lighting and other electrical products segments dropped by a combined 76.3% YoY, totalling \$3.3 million, and contributed about 0.5% of the Group's overall revenue for the year. This decline stemmed from the Group's strategic move to develop higher valued-added proprietary "Kyla" brand of A.I.-enabled surveillance and smart lighting solutions, which are in the development stage at time of reporting, to position and capitalise on the growing integration of A.I. in IoT devices.

Amid a weak market, the Group leveraged its financial strength and operational flexibility to navigate challenges, ensuring resilience and boosting agility in a volatile environment.

Strengthening Manufacturing Operations in Malaysia

To stay ahead in a shifting business landscape, the Group has strengthened its manufacturing operations in Malaysia to meet growing demand and reinforce its position as a trusted, future-ready partner for customers.

Since launching full-scale operations in Q3 2023, the Group has progressively expanded the production capabilities and capacity of its 300,000 sq ft Pasir Gudang facility in Malaysia to support customers' growth strategies. This included the successful consolidation of operations from the Gelang Patah plant into Pasir Gudang facility, enabling better

economies of scale. To further enhance capabilities, the Group has installed plastic injection moulding machines at Pasir Gudang, offering localised injection moulding services. This upgrade reduces lead time and accelerates time-to-market with integrated manufacturing solutions.

In September 2024, the Pasir Gudang facility earned ISO 13485 certification, strengthening its ability to serve the health-tech sector. This builds on its existing ISO 9001, ISO 14001, and ISO 45001 certifications, positioning the Group to support a broader range of industries and expand its customer base.

Digital Transformation to Drive Operational Excellence

In addition to strengthening manufacturing operations in Malaysia, the Group has advanced its digital transformation and automation roadmap to enhance production agility in an increasingly volatile market.

During the year, the Group successfully implemented the Manufacturing Execution System ("MES") at its Dongguan, China, and Pasir Gudang, Malaysia, facilities, automating workflows at its surface-mount technology lines. The MES is being progressively integrated with the Group's EDI¹¹ and ERP¹² systems as part of its transition toward lean manufacturing. These efforts seek to drive greater operational efficiency by improving production yield, transparency, traceability, and waste reduction.

As it continues with the digital transformation and automation roadmap, the Group is streamlining workflows, integrating the various systems as well as investing in talent development to enable smart, scalable manufacturing and product design capability that support customers' and the Group's evolving business objectives.

Operations Review

Proactive Customer Engagement and R&D Excellence

The Group adopts a proactive customer engagement strategy, focusing on a deep understanding of customers' evolving needs, industry trends, and technological advancements. This approach aims to create meaningful partnerships that drive long-term value. It involves continuous dialogue to identify critical concerns, anticipate future requirements and co-develop solutions that align with customers' business objectives and deliverables.

The Group added seven new customers and further energised its portfolio of new products developed in collaboration with customers. Projects were secured across communications, consumer, health-tech and industrial segments. Of these, five have successfully entered commercial production as scheduled.

A key enabler of this strategy is the Group's strong R&D capabilities. By integrating advanced engineering expertise with market-driven insights, the Group designs and manufactures differentiated products tailored to specific applications in a cost-effective manner.

The Group will continue deploying cross-functional initiatives to foster a culture of co-innovation and build value-accretive collaborations with customers, technology solutions providers and tertiary education centres. These efforts will drive customer-centric, innovative, and cost-effective solutions, strengthen the pipeline of new products it is developing with customers and grow the customer base to sustain growth.

Kyla's Portfolio Development

Tapping its expertise in data communication, IoT, R&D and manufacturing, the Group launched its vision technology product line (VTS) in August 2023. This followed a history of developing in-house products such as sound cards, digital modems, LED lighting, and IoT devices. The VTS, marketed under the proprietary "Kyla" brand, includes Internet Protocol ("IP") surveillance cameras, bodywear cameras and digital microscopes. Initially focused on providing high-quality images, the range of VTS offerings has since evolved to meet broader customer needs.

In its commitment to delivering robust and reliable surveillance solutions, the VTS team collaborated with R&D to develop higher performance colour night vision and AI-enabled surveillance solutions. As part of its ongoing efforts to increase brand visibility and outreach, the team has participated in key industry tradeshow and exhibitions. These engagements also provide valuable market insights that help inform product and technology roadmaps.

The "Kyla" brand has expanded to include its refreshed smart lighting solutions, allowing the team to tap into additional customer segments and offer more integrated solutions across both the surveillance and smart lighting markets.

Capitalising on the growing adoption of AI in IoT solutions, the Group is launching higher value-added, AI-enabled vision and smart lighting solutions in phases to meet demand gaps in lighting, security and surveillance within an increasingly AI-integrated ecosystem.

As a key technology enabler for the connected future, Aztech remains committed to driving customer-centric innovation, strategic collaborations and operational excellence, while growing its business value and reinforcing its position as the preferred partner for businesses seeking high-quality, differentiated solutions.

Step Towards Climate Resilience

Climate change is multi-faceted, dynamic and immensely complex as the range of potential economic, geopolitical, social and environmental developments interact and impact business operations.

Of central importance to the Group's sustainability strategy are the requirements of its customers, the speed of transformation in the regulatory and compliance landscape, the evolving industries and markets as well as the resulting impacts on its business operations.

To better understand the complex and volatile impacts of climate-related risks and opportunities, Aztech is exploring the use of qualitative climate scenario analysis as a strategic tool for its long-term business planning and sustainability risk management to create sustainable business value and achieve key sustainability commitments.

The Group approximates outcomes of climate related scenario analysis by comparing the Representative Concentration Pathways ("RCP") and Shared Socioeconomic Pathways ("SSP") set out in the Intergovernmental Panel on Climate Change ("IPCC"). The outcome of the climate related scenario analysis will allow it to:

- (1) focus on key risks and opportunities that are significant to the Group's business;
- (2) support the Group's business strategy decision making; and
- (3) inform the Group's sustainability strategy and mitigation plans.

The Group will continue to review and gradually transit to quantitative analysis as its understanding and capability mature.

Commitment to Climate Resilience

In alignment with UN SDG 13 "Climate Action" and under its Sustainable and Lean Operations Initiative, the Group has taken active measures to progressively reduce its carbon footprint and build climate resilience.

1. Net-Zero Commitment

Aztech is committed to set science-based emissions reduction targets that are aligned with the SBTi criteria. The Group aspires to achieve scope 1 and 2 emissions net-zero by 2040, and scope 3 emissions net-zero by 2050.

It has established a progressive, multi-year Sustainable and Lean Operations Initiative to drive its decarbonisation efforts and expanded the GHG inventory management to cover scope 3 value chain emissions in accordance with GHG Protocol and ISO 14064-1 framework. Using energy more efficiently is essential for combating climate change and for lowering the Group's overall carbon footprint. The Group's operational emissions reduction strategy includes:

- Continuously optimising system efficiency; and
- Replacing equipment due for replacement with low carbon emissions model.

To achieve its value chain net zero target, the Group will collaborate and work closely with its business partners across the whole value chain to create low-carbon products, drive innovations, improve efficiency and reduce demand for virgin resources.

Step Towards Climate Resilience

2. Transition to Renewable Energy

Aztech aims to source 100% renewable energy (“RE”) for all its manufacturing locations by 2030.

Achieving this goal is an important milestone in Aztech’s efforts to meet its scope 1 and 2 emissions net zero by 2040 target. As part of the RE transition plan, it plans to install on-site solar energy generation system at its Malaysia manufacturing location.

Starting from FY2025, it will progressively step-up the procurement of RE and increase the use of carbon-free energy in its energy mix.

3. Environmental Management

To achieve its goal of reducing its environmental impact and building climate resilience, Aztech has an uncompromising stance on environmental laws and regulations compliance. In addition, it integrates environmental considerations in business practices and processes, as well as environmental due diligence as per its Environmental Policy. All its manufacturing locations have maintained the ISO 14001 Environmental Management Systems certification.

4. GHG Emissions Management

Aztech has included for the first time Scope 3 GreenhouseGas (“GHG”) emissions in its GHG emissions management framework.

The Group’s Scope 1, 2 and 3 GHG emissions are calculated and reported in accordance with GHG Protocol’s Corporate Accounting and Reporting Standard and ISO 14064-1. The equity share approach was used for the GHG emissions inventory, considering all emissions that Aztech has share of equity. This approach best reflects its economic interest, which is the extent of rights a company has to the risks and rewards flowing from an operation.

Collecting data, assessing data quality, and improving data quality is an iterative process. The Group will progressively work on further inclusions of the GHG emissions information and overcome the current limitations, as explained in the “GHG Emissions Management” section of Sustainability Report 2024.

5. Transition to Circular Economy

The switch to a circular economy is a complex transformation process for the Group and its value chain business partners.

Aztech recognises the opportunities to reduce resource consumption, improve product quality, enhance competitive edge and create sustainable business value in its transition to low carbon and circular economy.

The Group is adopting Environmental Conscious Design (“ECD”) thinking in areas related to (i) low-carbon product design, (ii) improve energy efficiency and (iii) reduce demand for virgin resources.

Under the Lean & Sustainable Operations Initiative, it has identified capacity building needs to:

- establish a business wide taxonomy with the intend to standardise business operations and master data classifications; and
- digitalise the large amount of data required to enable monitoring and reporting of performance metrics.

6. Lean Manufacturing

Aztech adopts a systemic and Lean approach aimed at strengthening the Group’s manufacturing capabilities.

Facing increasing challenges such as rising customer’s expectations, fluctuating demand and intense competition, Lean manufacturing is core to Aztech staying competitive and being the business partner of choice by eliminating unnecessary waste and focusing on creating value while supporting its sustainability strategy. As an integral part of its Sustainable and Lean Operations Initiative, the Group will continue to strengthen its Lean manufacturing trainings and implementations.

For more information on the Group’s environmental, social and governance practices, progress and targets to creating business resilience and sustainable stakeholder value, please refer to its Sustainability Report 2024 at (www.aztechglobal.com/sustainability).

Investor Relations & Communications

IR Policy & Approach

The commitment to upholding the highest standards of corporate governance and transparency is central to Aztech's investor relations ("IR") strategy and is reflected in its IR policy. The policy, which outlines principles and engagement framework, guides its approach to disseminating pertinent information in an accurate, fair, timely, transparent and regular manner to shareholders and the investment community. By doing so, Aztech aims to enable informed investment decisions and foster enduring relations built on trust to further its long-term business success.

Aztech makes timely disclosures of new material information to all shareholders on SGXNet. All price sensitive information is publicly released, and it does not practise selective disclosure. In the event disclosure is made to a select group, it will make the same disclosure publicly as promptly as possible via SGXNet. All announcements posted on SGXNet are also available in the IR section of its corporate website (www.aztechglobal.com) to facilitate fair, equal and timely access to information.

While the regular and transparent communication of Aztech's financial performance, strategic initiatives and key operational development is central to its IR strategy, the Group balances the need for disclosure with the necessity of protecting commercially sensitive information. It has, therefore, designed the IR program and activities to ensure that all stakeholders have access to the relevant information they need while maintaining the integrity of its competitive position.

Stakeholder Engagement

Aztech engages its stakeholders through a variety of channels. Its IR team engages shareholders and the investment community through regular briefings, non-deal roadshows as well as one-on-one meetings. Questions from analysts, shareholders and investors were also addressed through emails and telephone calls.

Following site visits to the Group's manufacturing facilities in Dongguan and Pasir Gudang as well as R&D centre in Shenzhen in 2023, a visit to the manufacturing plant at Pasir Gudang in September 2024 was organised for sell-side analysts to update on the facility's progress and achievement. Four sell-side research houses currently provide coverage on Aztech, and the list of analysts can be found in the IR section of Aztech's corporate website.

Aztech has continued to hold its Annual General Meeting ("AGM") physically on 16 April 2024 as the format allows close interactions between its shareholders, Board of Directors and Senior Management. The meeting also provided opportunity to showcase and create conversations around its "Kyla" brand Vision Technology's IP camera and digital microscope to gather feedback and responses from attendees as well as investors.

Executive Chairman and CEO Mr Michael Mun, together with the Board of Directors including Chairman of the Audit Committee Ms Jeann Low, were present at the AGM to answer questions from shareholders. Prior to the AGM, shareholders were provided opportunities to submit questions relating to the proposed resolutions in advance. Substantial and relevant questions were addressed and responses to these questions were released on SGXNet and its corporate website before the meeting. No questions were received prior to the AGM in 2024. Presentation materials, voting results and meeting minutes were released on SGXNet and its corporate website to ensure fair communication.

Information relating to upcoming 2025 AGM is available at (www.aztechglobal.com/agm).

These engagements provide invaluable insights on the perspectives of its investors and analysts. Their feedback was communicated to Senior Management and the Board of Directors for incorporation into business decision-making processes to effectively address concerns, if any, and for the calibration of the IR program and activities.

Investor Relations & Communications

Investor Relations Resources

Besides direct engagement, Aztech ensures clear, timely and accurate disclosure of information through the publication of half-yearly results, voluntary business updates, dividend information as well as annual and sustainability reports. All these materials are readily accessible at the SGXNet. The IR and sustainability sections of Aztech’s corporate website provide comprehensive resource for all investors. The corporate website also provides information about the Company, its business operations and relevant investor relations and sustainability contact details.

Investors can direct inquiries and/or feedback on IR matters to IR@aztech.com and the IR section is accessible at (www.aztechglobal.com/investor-relations).

For sustainability and related matters, you can reach out to Sustainability@aztech.com and access the Group’s sustainability reports and ESG policies at (www.aztechglobal.com/sustainability).

Recognition for Corporate Governance & Sustainability Practices

Aztech is heartened that the Group’s corporate governance and sustainability efforts were recognised by Securities Investors Association (Singapore) (“SIAS”), NUS School of Business – Centre for Corporate Governance and its selection committee. It was conferred winner for “Singapore Corporate Sustainability Award (Mid Cap)” and “Most Transparent Company Award (Technology)” at the SIAS Investors’ Choice Awards 2024.

In the 2024 Governance and Transparency Index published by NUS Business School’s Centre for Governance and Sustainability (“CGS”), CPA Australia and Singapore Institute of Directors, Aztech was ranked 52nd out of 477 public listed companies with an overall score of 87, an improvement from a ranking of 166 and score of 78 in preceding year.

Corporate Governance Report

Aztech Global Ltd. (“**Aztech**”, or the “**Company**”) and its subsidiaries (collectively, the “**Group**”) is fully committed to upholding the highest standards of corporate governance, integrity and professionalism at all levels and has put in place a robust governance framework with well-defined policies, internal controls and risk management systems. The Company has complied in all material respects with the principles and provisions of the Singapore Code of Corporate Governance 2018 (the “**Code**”).

This report sets out the Company’s corporate governance practices with reference to the Code. Any deviations from the provisions of the Code are appropriately explained to demonstrate that the Company’s practices are consistent with the intent of the Code.

BOARD MATTERS

PRINCIPLE 1- THE BOARD’S CONDUCT OF AFFAIRS PRINCIPLE 2- BOARD COMPOSITION AND GUIDANCE

The Board’s Role

The Board of Directors (“**Board**”) oversees the business affairs and performance of the Group and sets the strategic direction of the Group, with a focus on creating value for its shareholders and ensuring the long-term success of the Group through innovation and sustainability. The directors of the Company (“**the Directors**”) are fiduciaries who act objectively in the best interests of the Company and hold Management accountable for performance.

The Board’s principal functions include providing guidance to Management on the Group’s strategy, reviewing Management’s performance, overseeing the corporate governance of the Group and setting the tone for the Group in relation to values and ethical standards of conduct.

The Board is also responsible for establishing and overseeing the implementation of a sound risk management framework to identify, manage and mitigate risks, ensuring compliance with the applicable legislative and regulatory requirements, reviewing and approving budgets and financial plans, monitoring the Group’s financial performance, approving the remuneration policies and guidelines for the Board and Management, reviewing the performance of senior Management and overseeing succession planning.

The Board also oversees the Group’s sustainability strategy and the integration of economic, environmental, social and governance (“**EESG**”) issues as part of the Group’s long term business strategy. Further details are set out in the “Sustainability Matters” section below.

The term “Management” is used interchangeably with “Key Management Personnel” in this Annual Report.

Matters Requiring Board Approval

The key matters requiring board approval include:

- (a) Annual budgets and business plans;
- (b) Announcement of half-yearly and full-year results and release of annual reports, including sustainability reports, as may be prescribed by the Singapore Exchange Securities Trading Limited (“**SGX-ST**”);
- (c) Any alteration to the share capital of the Company or the issuance of shares;
- (d) Declaration of interim dividends and proposal of final dividends;
- (e) Any investment, divestment, material acquisition or disposal of assets or capital expenditure exceeding threshold limits as approved by the Board from time to time;
- (f) Any borrowings, lending of funds or incurring of financial liabilities or commitment related to grant of guarantees, securities and collateral guarantees by the Group;
- (g) The entering into of any profit-sharing arrangement with any other person;

Corporate Governance Report

- (h) Interested person transactions;
- (i) The creation of any mortgage over any of the Group's immovable property or any lien or charges created on the Group's movable property; and
- (j) Any amendments to the constitution of the Company ("**Constitution**").

Apart from the aforesaid matters specifically requiring the Board's approval, the Board has established financial authorisation and approval limits for other matters or transactions which require its approval. All matters which are not specifically reserved for the Board and are necessary for the day-to-day management of the Group and the implementation of corporate objectives are delegated to the Management.

Board Size and Composition

The Board comprises the following Directors:

Name of Director	Age	Position held on the Board	Nature of Appointment
Michael Mun	75	Executive Chairman and CEO	Executive/ Non-Independent
Jeremy Mun	49	Executive Director and COO	Executive/ Non-Independent
Larry Tan	67	Lead Independent Director	Non-Executive/ Independent
TS Tan	70	Independent Director	Non-Executive/ Independent
Jeann Low	64	Independent Director	Non-Executive/ Independent
Christopher Huang	39	Independent Director	Non-Executive/ Independent

*Mr Jeremy Mun is the son of Mr Michael Mun.

Further key information of the Directors is disclosed in pages 17 and 18 of this Annual Report.

The size and composition of the Board are reviewed from time to time by the Nominating Committee. The Nominating Committee seeks to ensure that the size of the Board is conducive for effective discussion and decision-making and that the Board has an appropriate balance of executive, independent and non-independent Directors and diversity in expertise, skills and attributes among the Directors.

The Board comprises two (2) Executive Directors and four (4) independent Directors who are independent from Management, the Company's substantial shareholders and the Company's wholly owned subsidiaries. The Board has appointed a Lead Independent Director. A description of the role of the Lead Independent Director is set out on page 37.

Board Committees

The Board has established the following three (3) committees to assist the Board in discharging its responsibilities:

- (a) Audit Committee ("**AC**")
- (b) Nominating Committee ("**NC**")
- (c) Remuneration Committee ("**RC**")

Each Board Committee has written terms of reference which set out its composition and responsibilities. These terms of reference are regularly reviewed to ensure their continued relevance and to reflect any changes in corporate governance or legal practices. Any changes to the terms of reference of any Board Committee will require Board approval. Each Board Committee comprises only Independent Directors.

Corporate Governance Report

The Board Committees report their decisions and/or recommendations to the Board. Notwithstanding the delegation of authority to the Board Committees on specified matters, the ultimate responsibility for all matters lies with the Board. The key responsibilities of the respective Board Committees are as follows:

Board and Board Committee Meetings

The Board of Directors and Board Committees meet regularly to discuss corporate governance, strategy and operational matters. Ad hoc meetings may be held as and when warranted by circumstances. The Board and Board Committee meetings may include presentations by Management, external advisors and/or consultants on risk management issues, tax matters, sustainability matters and developments in the business and regulatory landscape.

Board and Board Committee meetings are scheduled prior to the start of each financial year in consultation with the Directors to enable the Directors to plan ahead for their attendance at these meetings.

The Board of Directors and Board Committees are provided with the agenda, board papers and any other relevant materials prior to each Board and Board Committee Meeting to enable them to be properly informed of matters to be discussed and/or approved at such meetings. Attendance at Board and Board Committee meetings via electronic means is permitted under the Company's Constitution. Directors who are unable to attend a Board or Board Committee meeting can discuss issues relating to the matters to be raised at the meeting with the other Board or Board Committee members.

A record of the Directors' attendance at Board and Board Committee meetings during the financial year ended 31 December 2024 ("FY2024") is set out below.

Independent Directors

A Director is considered independent if he or she has no relationship with the company, its related corporations, substantial shareholders or its officers that could interfere or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the company. The Board considers the existence of relationships or circumstances, including those identified by the Listing Manual of the SGX-ST ("**Listing Manual**") and the Practice Guidance to the 2018 Code ("**Practice Guidance**"), that are relevant in its determination as to whether a Director is independent.

The responsibilities of the Independent Directors include:

- (a) assisting with developing and reviewing plans and strategies proposed by the Executive Directors and Management;
- (b) reviewing the performance of Management in achieving goals and objectives; and
- (c) evaluating Board processes, succession planning, corporate governance initiatives and the Group's performance.

The Independent Directors, led by the Lead Independent Director, meet at least once a year without Management to review Management's performance in meeting goals and objectives, or to discuss any other relevant matters. In FY2024, the Independent Directors made recommendations to the Board in relation to succession planning and business strategy to mitigate risks facing the Group. The Board has considered these recommendations and worked with the Management team in implementing the appropriate measures. Such meetings allow the Independent Directors to provide objective and independent checks on Management. Feedback is also provided by each Director in a formal Board Evaluation Questionnaire annually. The feedback provided is consolidated in a report which is presented to the NC and the Board for review. All Directors have demonstrated objectivity in their deliberations in the best interests of the Company. During the year, the NC has proposed a succession plan to the Board for consideration and the Management has been directed to train the relevant internal staff and also source potential candidates for the new roles.

The NC reviews the independence of Directors annually, and as and when circumstances require, pursuant to guidelines set out in the Code and Rule 210(5)(d) of the Listing Manual and presents its recommendations to the Board. Directors are required to disclose any relationships with the Company, its related corporations, its substantial shareholders or its officers which may affect their independence, as and when they arise. Each Independent Director completes an annual declaration form confirming his or her independence which is then reviewed by the NC.

Based on the declarations provided by the Directors and taking into account the guidance in the Code, the Listing Manual and the Practice Guidance, the Board, with the input of the NC, has determined that Mr Larry Tan, Ms Jeann Low, Mr TS Tan and Mr Christopher Huang are each independent. Each Independent Director had abstained from the review and determination of their independence status by the NC and the Board.

Corporate Governance Report

Conflicts of Interest

Each Director is required to disclose any conflict of interest, whether direct or indirect, in relation to a transaction or proposed transaction with the Group as soon as practicable after he or she becomes aware of the relevant facts. Each Director is also required to submit, annually, the details of his or her other directorships and interests in other entities for the purpose of monitoring interested person transactions. In the event a Director has a conflict of interest in relation to a matter, the Director will recuse himself or herself from all discussions involving the issues of conflict, unless the Board is of the opinion that the Director's presence and participation is necessary, but the Director shall in any event recuse himself or herself from any decision-making in relation to such issues of conflict.

Access to Management

Prior to each Board and Board Committee meeting, the agenda and any reports and documents pertaining to the agenda items are circulated to the Board or the Board Committee members. This ensures that the Board and Board Committee members are allowed sufficient time to review the information and seek clarification if required.

Management regularly provides the Board with updates on the Group's operational and financial performance and the operational challenges for the Group. Budgets are discussed annually and any material variances between the projections and actual results are explained comprehensively by the finance team. The finance team presents the financial highlights and a detailed analysis of each quarter's performance and addresses any queries that the Board may have. The Board has separate and independent access to Management.

Company Secretary

In addition to the above, the Board has separate and independent access to the Company Secretary and, as necessary, external independent professional advice at the Company's expense. The Company Secretary assists in the coordination and liaison between the Board, the Board Committees and Management, attends the Board and Board Committee meetings and prepares minutes of these proceedings and assists with the proper functioning of the Board, including compliance with the Code, the Company's Constitution, the Listing Manual and applicable legislation.

The Company Secretary is legally trained and experienced in company secretarial matters. The appointment and removal of the Company Secretary is subject to approval by the Board.

Induction, Training and Development

The Board values ongoing professional development and recognises that it is important for all Directors to receive regular training to enable them to serve effectively on the Board.

Newly appointed directors are briefed by Management on the Group's business activities, strategy, governance practices and their duties and responsibilities as directors.

Directors who do not have any prior experience as a director of an issuer listed on the SGX are provided training on the roles and responsibilities of a listed issuer in accordance with the Listing Manual. These training costs are borne by the Group.

Directors are encouraged to undergo continual training and professional development during their term of appointment. The training attended by the Directors during FY2024 are as follows:

Corporate Governance Report

Skills and Diversity

The Company has adopted a Board diversity policy which recognises that a diverse Board comprising directors with a balance and mix of skills, professional experience, knowledge (particularly across different geographical jurisdictions), educational background, gender, age and length of service will enhance the effectiveness of the Board. In determining the optimum composition and size of the Board and each Board committee relative to the Group's business needs, the Board and NC consider the business acumen, management expertise, engineering and technology expertise, as well as professional experience relating to audit, accounting, finance and legal to be key skills and knowledge directors should possess in order to carry out their duties and serve effectively on the Board and Board committees. The current Board is made up of members with diverse backgrounds, skill sets and experience (including extensive and in-depth corporate experience involving listed companies), ranging from accounting, finance, regulatory and legal expertise, industry knowledge to entrepreneurial business skills and experience in regional investment and strategic matters, which, in the Board's opinion, are essential and valuable for decision-making in the best interests of the Group. A breakdown of the knowledge and experience of the existing Directors is set out below based on the key skills identified by the Board and the NC as preferred for the Group's business needs:

Directors' Skills Matrix	
Audit, Accounting and Finance	4 Directors
Legal	1 Director
Executive Leadership	6 Directors
Engineering and technology	4 Directors
Entrepreneurship	6 Directors
Environment, Social and Governance	6 Directors

Directors' Expertise and Experience by Geography	
Singapore	6 Directors
Asia Pacific	6 Directors
United States	4 Directors
Europe	2 Directors

Directors' Length of Service	
Less than 3 years	1 Director
3 to 5 years	3 Directors
More than 5 years	2 Directors

The NC is satisfied that the Board and Board Committees currently comprise Directors who as a group provide an appropriate balance and diversity of skills, knowledge, experience, age, gender, and core competencies required for the Board and Board Committees to discharge their responsibilities effectively and ensure that the Group continues to be able to meet the challenges and demands of the markets in which it operates.

The NC will review the Group's board diversity policy annually to ensure its continued effectiveness and will recommend any revisions, if required, to the Board for approval. In relation to gender diversity, the Board recognises gender as a key aspect of diversity and will strive to ensure that female candidates are included for consideration when the NC seeks to identify new Director(s) to be appointed to the Board and that there is appropriate female representation on the Board, acknowledging that the Board's needs may change from time to time depending on the Group's business strategy and the skills, experience and composition of the Board.

Corporate Governance Report

There is currently one (1) female director on the Board, who is a member of the NC and RC as well as the Chairman of the AC. The Group has achieved its target, as stated in the Group's Annual Report for the financial year ended 31 December 2021 ("FY2021"), of having at least one (1) female director on the Board within a three (3) year timeframe. The Group will work towards achieving the target of having at least 25% of Board seats held by females by 2030, subject to suitable candidates being identified (including through external search firms if required) and recommended by the NC to the Board.

The NC has also recommended that the Chairman for the Board committees be rotated every two (2) years to bring a fresh and diverse perspective to each committee. In view of this, the following appointments were made on 1 May 2023:

- Lead Independent Director - Mr Larry Tan
- Audit Committee Chairman - Ms Jeann Low
- Nominating Committee - Mr TS Tan
- Remuneration Committee - Mr Christopher Huang

The NC will consider the expertise, skills and attributes of the Board and the Board committees as well as the requirements of the Group in determining if the role of the Lead Independent Director and the Chairman of one or more of the Board committees are to be rotated on 1 May 2025.

PRINCIPLE 3- CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Mr Michael Mun presently serves as both the Chief Executive Officer ("**CEO**") of the Company and Executive Chairman ("**Chairman**") of the Board. The combining of the roles of CEO and Chairman enables Mr Michael Mun to draw upon his extensive knowledge, skills and experience in leading and expanding the Group's business.

In compliance with Provision 3.2 of the Code, Mr Michael Mun's roles as CEO and Chairman are clearly defined in the Company's Corporate Governance Code, which has been formally approved by the Board.

As Chairman, Mr Michael Mun is responsible for leading the Board and ensuring its effectiveness, including:

- (a) creating the conditions for overall effectiveness of the Board, the Board Committees and individual directors;
- (b) promoting high standards of corporate governance with the full support of the Directors, the internal Company Secretary and Management;
- (c) approving the agenda for Board meetings and ensuring the allocation of sufficient time for thorough discussion of agenda items;
- (d) promoting an open environment for debates and ensuring that Non-Executive Directors are able to speak freely and contribute effectively;
- (e) encouraging cordial and constructive relations between the Executive Directors and Non-Executive Directors;
- (f) exercising control over the quality, quantity and timeliness of information flow between the Board and Management including ensuring that Directors receive accurate, timely and clear information;
- (g) providing close oversight, guidance, advice and leadership to Management; and
- (h) fostering constructive dialogue and relations between shareholders, the Board and Management at AGMs and other shareholder meetings.

Corporate Governance Report

As the CEO, Mr Michael Mun is responsible for:

- (a) running the overall business and operations of the Group within the authority delegated to him by the Board;
- (b) ensuring the implementation of policies and strategies across the Group as set by the Board;
- (c) managing the executive and senior management team and reporting to the Board;
- (d) leading the development of senior management within the Group for future director roles; and
- (e) leading the development and execution of long-term strategies, with the goal of increasing shareholder value.

The Board is of the view that there are sufficient safeguards in place to prevent the concentration of power and authority in any one individual and that Mr Michael Mun's accountability and responsibility for each role has not been compromised as the majority of the Board comprises Independent Directors. This ensures an appropriate balance of power, sufficient accountability and independent decision-making on the Board.

Further, as recommended by Provision 3.3 of the Code, a Lead Independent Director has been appointed, which strengthens the independent element of the Board and ensures an appropriate balance of power is maintained on the Board. In addition, the AC, NC and RC comprise only Independent Directors. The Board is of the view that the Independent Directors have demonstrated a high level of commitment to their roles and ensured that there is a good balance of power and authority on the Board.

Given the strong independent element of the Board enabling the Board to exercise independent and objective judgment in relation to the Group's corporate affairs, the Board is of the view that there are adequate safeguards and checks in place to ensure that the process of decision-making by the Board is based on collective decisions by the Directors without any excessive or unrestricted concentration of power or influence residing in any one individual.

In view of the above, the Board believes that despite deviating from Provision 3.1 of the Code, the Company's practices and safeguards are consistent with the intent of Principle 3 of the Code as there exists a clear division of responsibilities between the leadership of the Board and Management and no one individual of the Board has unfettered powers of decision-making.

The NC will conduct an annual review of the performance of Mr Michael Mun and his ability to carry out his duties as the Group's Executive Chairman and CEO and make recommendations to the Board as appropriate.

Lead Independent Director

Mr Larry Tan was appointed the Lead Independent Director on 1 May 2023. As the Lead Independent Director, he leads and co-ordinates the activities of the Independent Directors where the Chairman is conflicted. The Lead Independent Director is available to address shareholders who may have concerns in relation to matters which have not been able to be resolved through contact with the Chairman or Management or where such contact is not appropriate.

The Lead Independent Director may be contacted via corporate@aztech.com, as stated in the "Investor Relations" link <https://www.aztechglobal.com/investor-relations/investor-relations-contact.html>.

PRINCIPLE 4- BOARD MEMBERSHIP

NC Members

The members of the NC are Mr TS Tan (Chairman), Mr Larry Tan (who is also the Lead Independent Director), Ms Jeann Low and Mr Christopher Huang. All members of the NC are Independent Directors.

The key responsibilities of the NC include reviewing the structure, size, composition and independence of the Board and its Board Committees, reviewing the training and professional development programmes for the Directors and ensuring that the new Directors are aware of their duties and obligations, identifying the balance of skills, qualifications, experience and diversity required for the Board to effectively discharge its responsibilities and developing a process for evaluating the performance of the Board, the Board Committees and the contribution of the Chairman and each Director. The NC also nominates candidates to meet the needs and requirements of the Group and reviews and makes recommendations to the Board on the succession plans for the Directors, the Board Chairman and Key Management Personnel.

Corporate Governance Report

Selection, Appointment and Re-appointment of Directors

The NC's responsibilities include making recommendations to the Board in relation to the appointment and re-election of Directors and determining the independence of the Directors. In making these recommendations, the NC reviews and evaluates the skills, knowledge and experience of the Directors on the Board and the needs of the Board, taking into consideration the Group's business strategy and plans, diversity criteria and the contribution and commitment of each Board member.

The NC has a formal process for the selection of new Directors, including alternate directors, to increase transparency of the nomination process in identifying and evaluating nominees for Directors. The NC evaluates the balance of qualifications, skills, knowledge, experience, gender and age of the existing Board with the requirements of the Group. In light of such evaluation, the NC determines the roles and the key attributes that an incoming Director should have. After endorsement by the Board of the key attributes, the NC goes through a short-listing process. If candidates identified from this process are not suitable, the NC will consult other resources and appoint executive recruitment agencies in the search process.

Regulation 97 of the Company's Constitution provides that at each annual general meeting of the Company, one-third of the Directors for the time being (or, if their number is not a multiple of three (3), the number nearest to but not less than one-third) shall retire from office by rotation. Further, all Directors must submit themselves for re-nomination and re-appointment at least once every three (3) years. In addition, Director(s) appointed by the Board during the financial year shall hold office until the next annual general meeting and thereafter be eligible for re-election at that annual general meeting. Mr Michael Mun and Mr Larry Tan shall each be retiring pursuant to Regulation 97 of the Constitution, and being eligible, are offering themselves for re-election at the Company's forthcoming annual general meeting on 11 April 2025 ("**2025 AGM**").

The Board has accepted the NC's recommendation to seek shareholders' approval to re-elect each of Mr Michael Mun and Mr Larry Tan at the 2025 AGM. In making this recommendation, the NC has considered the respective Director's overall performance and contributions. Each Director had abstained from the NC's assessment of their performance and deliberation on their re-nomination as Directors of the Company.

As required under Rule 720(6) of the Listing Manual, the information relating to Mr Michael Mun and Mr Larry Tan, each of whom is standing for re-election as a Director at the 2025 AGM, has been set out in the section titled "Additional Information on Directors Seeking Re-election".

Independence

The NC reviews the independence of Directors annually, and as and when circumstances require, and presents its recommendations to the Board. Directors are required to disclose any relationships with the Company, its related corporations, its substantial shareholders or its officers which may affect their independence, as and when they arise. In particular, the independent Directors complete an annual independence declaration form which is then reviewed by the NC.

Based on the declarations provided by the Directors and taking into account the guidance in the Code, the Listing Manual and the Practice Guidance, the Board has determined that Mr Larry Tan, Ms Jeann Low, Mr TS Tan and Mr Christopher Huang are independent. Mr Michael Mun and Mr Jeremy Mun are the only non-independent Directors. Each Director abstained from the review and determination of their independence status by the NC and the Board.

Annual Evaluation of the Board, Board Committees and Directors

The NC evaluates the performance of the Board and Board Committees as a whole, and the contribution of each Director to the effectiveness of the Board, annually.

Corporate Governance Report

The NC also determines annually whether Directors who hold multiple board representations and other principal commitments are able to, and have been able to, allocate sufficient time and attention to discharging their responsibilities. The table below sets out the tenure of the Directors and the date of their last re-appointment:

Name of Director	Date of appointment	Date of re-appointment
Michael Mun	27 May 2009	28 April 2022
Jeremy Mun	8 August 2017	16 April 2024
Larry Tan	19 February 2021	28 April 2023
Jeann Low	1 August 2022	28 April 2023
TS Tan	19 February 2021	28 April 2023
Christopher Huang	19 February 2021	16 April 2024

The directorships and principal commitments of the Directors at the date of this Annual Report and in the preceding three (3) years are set out in **Appendix A** of this report.

The Company has adopted guidelines which address the competing time commitments which may arise should Directors hold multiple board appointments. These guidelines provide that each Director should not hold more than six (6) directorships in listed companies. In determining whether each Director is able to devote sufficient time to discharging his or her duties as a director of the Company, the NC considers each Director's attendance at meetings, the contributions by him or her during meetings and his or her personal capabilities and any other time commitments.

Having reviewed each Director's attendance and participation at meetings during the year, the NC is of the view that all Directors were able to effectively discharge their duties as Directors of the Company and the Directors who held other board appointments were nevertheless able to effectively discharge their duties as Directors of the Company.

There are no alternate Directors on the Board.

PRINCIPLE 5- BOARD PERFORMANCE

Evaluation of the Board, Board Committee and Individual Directors

The Board, with the assistance of the NC, has approved the objective performance criteria and implemented a formal process for the annual assessment of the effectiveness of the Board as a whole and its Board Committees and the contribution by the Chairman and each Director to the effectiveness of the Board.

The Board, with the assistance of the NC, undertakes a process for evaluating the performance and effectiveness of the Board, the Board Committees, the Chairman and each Director. As part of this process, each Director completes evaluation questionnaires in relation to the Board, the Board Committees and the performance of the Directors and the Chairman of the Board, the results of which are consolidated by the Company Secretary and reported to the NC and thereafter, the Board.

The criteria in the Board evaluation questionnaires include Board composition, the Board's understanding of its responsibilities and effectiveness in discharging its responsibilities, the Board's goals, effectiveness of Board meetings and the Board's oversight of how the Group manages its material economic, environmental and social factors. The criteria in the evaluation questionnaires for the Board Committees include the respective Board Committee's understanding of its roles and responsibilities, its effectiveness in discharging its obligations and its independence.

For the evaluation of the Chairman and each Director, the criteria include attendance at meetings, overall participation during meetings, leadership capability and general effectiveness in discharging the role of Chairman/ Director, as applicable.

The abovementioned evaluation criteria are determined by the NC and approved by the Board. The Directors may also provide feedback on any matters which do not fall under any of the categories stated in the evaluation questionnaires and suggest specific areas for improvement.

The Board has not engaged any external facilitator in assessing the Board's performance.

Corporate Governance Report

The NC is of the view that the Board and the Board Committees operate effectively and the Chairman and each Director is able to contribute to the overall effectiveness of the Board.

REMUNERATION MATTERS

PRINCIPLE 6- PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

RC Members and Responsibilities

The members of the RC are Mr Christopher Huang (Chairman), Mr Larry Tan, Ms Jeann Low and Mr TS Tan. All members of the RC are Independent Directors.

The RC meets at least annually and plays a key role in ensuring that the Group is able to attract, recruit, motivate and retain the best talent through competitive remuneration. RC members abstain from decisions regarding their own remuneration.

The main role of the RC is to assist the Board in establishing a remuneration framework for the Board and Key Management Personnel and specific remuneration packages for each Director and each Key Management Personnel. The remuneration framework includes, but is not limited to, Directors' fees, salaries, allowances, bonuses, grant of shares and share options and benefits in kind and sets out the various performance criteria for evaluating the performance of Directors and Key Management Personnel.

Other key responsibilities of the RC include:

- (a) reviewing, annually, the mix of remuneration and benefits, and the remuneration policies and practices of the Company;
- (b) reviewing the performance of Key Management Personnel in accordance with the Company's leadership competencies framework and formulating plans for their continued growth within the Company;
- (c) reviewing the Company's obligations in the event of termination of the service agreements of the Executive Chairman and CEO, Executive Directors and Management to ensure that the termination clauses in these agreements are fair and reasonable and are not overly generous; and
- (d) administering the Group's Employee Share Option Scheme ("**Aztech ESOS**"), Performance Share Plan ("**Aztech PSP**") and Long-Term Retirement Incentive Plan ("**LTRP**") in accordance with their terms and conditions and the Listing Manual rules, and recommends to the Board any modifications, if required.

Engagement of Remuneration Consultants

The RC may, as required from time to time, engage external consultants to advise on remuneration matters. In the event that external consultants are engaged, the RC shall ensure that the Company's relationships with these external consultants will not affect the independence and objectivity of these external consultants. The RC has not engaged external remuneration consultants in FY2024.

PRINCIPLE 7- LEVEL AND MIX OF REMUNERATION

Remuneration of Executive Directors and Management

The RC reviews the remuneration of the Executive Directors and Key Management Personnel annually, taking into consideration the prevailing market conditions, and if required, benchmarks the remuneration and employment conditions with those in the industry. The RC seeks to ensure that the remuneration of Executive Directors and Key Management Personnel links rewards with performance and is competitive and appropriate to attract, motivate and retain the best talents to continually grow the Group's business and that the remuneration framework, as approved by the Board, supports the Group's business strategies and long-term growth and enhances shareholder value.

The remuneration framework is tailored to the specific role and circumstances of each Director and Key Management Personnel to ensure an appropriate remuneration level and mix that recognises the responsibilities and performance of these individuals.

Corporate Governance Report

Remuneration Policy

For FY2024, the RC has reviewed the remuneration framework and specific remuneration packages for the Board and Management to ensure that a significant proportion of remuneration is linked to performance on an annual and long-term basis, with targets appropriately set for threshold and payment for stretch and exceptional performance levels. The RC has also benchmarked the Company's remuneration packages against those in the industry and evaluated their competitiveness in attracting and retaining highly experienced and talented individuals. Finally, the RC has also ensured that the remuneration packages are commensurate with the experience and responsibilities of the respective Key Management Personnel, are aligned with the interests of both the Key Management Personnel and shareholders and will enable the Company to remain competitive.

The RC will review the remuneration framework and remuneration packages from time to time to ensure their continued competitiveness and relevance amidst changing market conditions. The RC may consider linking sustainability performance to the remuneration of Key Management Personnel.

The Executive Directors' and Management's remuneration shall be subject to review by the Board and the RC annually and adjusted, taking into account, inter alia, their individual contributions, the Group's performance and benchmarking against market rates.

The Executive Directors and Management may, if the RC in its absolute discretion deems fit and approvals are obtained from regulatory authorities where necessary, be entitled to participate in the Aztech ESOS and/or Aztech PSP.

The Executive Directors and Management shall also be entitled to participate in the Company's LTRP, subject to any limits as determined by the Board from time to time.

Remuneration of Executive Directors and Management

The total remuneration provides an appropriate balance between fixed and performance-related components. The remuneration structure reflects the responsibilities of the Executive Director and Management and their impact on business performance. The average pay mix of Executive Directors and Management consists of approximately 64% fixed components and 36% variable components.

The service contracts with the Executive Directors have been renewed effective on and from 1 January 2024 for a term of three (3) years. Each service contract contains a clawback of incentive component clause to safeguard the Group's interests in exceptional circumstances of misstatement of financial results or misconduct resulting in financial loss or fraud by the respective Executive Director. Incentive components refers to (1) the amount of, or payment or value received with respect to, the Executive Director's annual incentive awards under the Company's profit pool and any discretionary bonus as may be awarded from time to time; (2) share options and/or awards granted to the Executive Director pursuant to any share option or awards schemes as may be administered by the Company (or any amount attributable to such awards); and (3) any other incentive-based compensation in respect of any Company plan or agreement.

The key remuneration components for Executive Directors and Management are set out below:

Total Remuneration	
A. Fixed Components <ul style="list-style-type: none">Base SalaryBenefits & Provident	B. Performance-related Components <ul style="list-style-type: none">Variable BonusesLong-term Incentives

A. Fixed Components

(i) Base Salary:

The base salary reflects the particular job's market value while taking into account each employee's responsibilities, competencies and experience and is linked to the employee's performance.

Corporate Governance Report

(ii) Benefits and Provident:

Benefits and provident are consistent with local market practices and legislative requirements and are not directly linked to performance. The Company contributes towards the Singapore Central Provident Fund or the Hong Kong Mandatory Provident Fund, as applicable. The benefits provided by the Company include a medical schemes, employee discounts and allowances.

The base salary and fixed allowances for each Key Management Personnel are reviewed annually by the RC and approved by the Board.

B. Performance-related Components

(i) Variable bonuses comprise:

Performance bonuses: bonuses aimed at rewarding achievements of annual targets set for each Key Management Personnel and are paid in cash. The quantum of these bonuses varies according to the achievement of performance targets set for each Key Management Personnel, his or her business unit, and the Group more generally.

Profit Sharing: annual cash awards given to Key Management Personnel and selected employees subject to the Group achieving certain profit after tax targets and are calculated based on the Group's audited consolidated profit after tax for the relevant financial year, which is subject to review from time to time by the RC and requires the approval of the Board. The quantum of these awards varies according to each individual's performance and contribution to the Group for the financial year.

(ii) Long-term incentives aimed at retaining key talent, cultivating loyalty, contributing to the growth of the Group include:

- Aztech ESOS, which recognises employees and Directors based on Group's performance and profitability. The Aztech ESOS is discussed in further detail on pages 46, 72, 73, 112 and 113;
- Aztech PSP, which provides employees and Directors who have contributed significantly to the growth and performance of the Group an opportunity to participate in the equity of the Company so as to motivate them, cultivate loyalty, encourage higher standards of performance, and recognise their contributions and service to the Group. No shares have been granted pursuant to the Aztech PSP. The Aztech PSP is discussed in further detail on pages 46 and 73; and
- LTRP, which provides certain employees with a one-time cash pay-out when they reach the minimum retirement age prescribed by law and is an integral component of the Company's compensation plan. The LTRP has been in place since the financial year ended 31 December 2019. Further details can be found on pages 72 and 111.

Remuneration of Independent Directors

The RC reviews the Independent Directors' fees annually and makes recommendations to the Board. The Independent Directors' fees are subject to the approval of the shareholders at the annual general meeting. No RC member is involved in deliberating on and making decisions in respect of any remuneration, compensation or any form of benefits to be granted to themselves.

PRINCIPLE 8- DISCLOSURE ON REMUNERATION

The Company's disclosure on remuneration has been made in compliance with Provision 8.1 and the intent of Principle 8 of the Code.

Corporate Governance Report

* Contributions to the Central Provident Fund, allowances and car costs (if any) are included in the "Others – Fixed" column above.

Structure of Directors' Fees for the financial year ending 31 December 2025 ("FY2025")

The structure of Directors' Fees for FY2025 will be similar as per FY2024. The aggregate Directors' fees to be paid to the Directors in FY2025 is \$450,000.00.

Aside from the Directors' fees stated above, the Independent Directors will not receive any other remuneration including any benefits in kind, share options, share-based incentives or awards, or other long-term incentives.

The Board concurred with the RC that the proposed Directors' fees for FY2025 are appropriate to the levels of contributions by the Directors, their responsibilities, and their effort and time spent serving on the Board and Board Committees.

Corporate Governance Report

Save as disclosed, there were no employees who were immediate family members of a Director or the CEO or a Substantial Shareholder of the Company and whose remuneration exceeded \$100,000 during FY2024.

Corporate Governance Report

The RC reviews the remuneration of employees who are related to the Group's Directors, CEO or Substantial Shareholders annually to ensure that their remuneration packages are in line with the Group's remuneration guidelines and are commensurate with their respective job scopes and responsibilities. The RC also reviews and approves any bonuses, pay increments and/or promotions for these related employees. Any new employment of related employees and the proposed terms of their employment will be subject to the review and approval of the NC. Any member of the RC or NC who is related to the employee whose remuneration or terms of employment are under review shall abstain from the review.

Disclosure of Other Benefits

Aztech ESOS

On 13 December 2021, pursuant to the Aztech ESOS, selected employees were granted an aggregate of 2,110,000 options to subscribe for a specified number of Ordinary Shares in the Company at the price of \$0.934 per Share.

On 29 September 2023, pursuant to the Aztech ESOS, selected employees were granted an aggregate of 2,250,000 options to subscribe for a specified number of Ordinary Shares in the Company at the price of \$0.806 per Share

The exercise prices of the options were determined at the average of the closing prices of the Company's ordinary shares as quoted on the SGX-ST for five (5) market days immediately preceding the date of the grant. No options were granted at a discount to the prevailing market price of the shares. 50% of the options shall vest at the end of one (1) year from the date of grant and the remaining options shall vest at the end of two (2) years from the date of grant. Once vested, the options are exercisable for a period of 10 years from the date of grant. The options may be exercised in full or in part in respect of 1,000 ordinary shares or a multiple thereof, on payment of the exercise price. Since the adoption of the Aztech ESOS, no options have been granted to a Director or a controlling shareholder of the Company or its associates.

As at 31 December 2024, the total number of options remaining unexercised are as follows:

- (a) 1,730,000 options as granted on 13 December 2021; and
- (b) 2,050,000 options as granted on 29 September 2023.

Save as disclosed above, no options under the Aztech ESOS were granted to Directors, controlling shareholders or their associates. The details of Participants (other than Directors or controlling shareholders or their associates) who received 5% or more of the total number of options available under the Aztech ESOS are set out on page 73 of the Annual Report. There is no parent company of the Company. Hence, the requirement in the Listing Manual to disclose whether Options were granted to directors and employees of the Company's parent company and its subsidiaries is not applicable. No options were granted at a discount during the financial year under review.

Aztech PSP

The Company has implemented the Aztech PSP, which was approved and adopted by the shareholders at an Extraordinary General Meeting of the Company held on 18 February 2021. No shares have been granted pursuant to the Aztech PSP since its adoption.

ACCOUNTABILITY AND AUDIT

PRINCIPLE 9- RISK MANAGEMENT AND INTERNAL CONTROLS

Risk Management

The Board has overall responsibility for the governance of risk.

The Board, through the AC, regularly reviews the effectiveness of the Group's risk management framework for the identification, assessment, monitoring and reporting of significant risks.

At the Management level, the CFO/FC is responsible for directing and monitoring the development, implementation and practice of enterprise risk management ("ERM") across the Group and reports to the Board.

Corporate Governance Report

The Group has engaged CLA Global TS Risk Advisory Pte. Ltd. (“**CLA Global TS**”) to provide ERM services, including (i) assessing risk parameters and assisting Management with setting the Group’s risk appetite and tolerance level, and (ii) assisting Management with identifying risks and compiling a risk register setting out a risk analysis, significance of risks, the key strategic, financial, operational and compliance risks, risk response and relevant mitigation strategies in place.

Details of the Group’s ERM framework, key risks and mitigation measures are set out on pages 65 to 69 of the Annual Report.

Risk Management Framework

1. Identifying, Assessing and Managing Risks

The business and corporate executive heads have the primary responsibility for regularly identifying and evaluating risks and material EESG factors and formulating risk mitigation strategies.

2. Evaluating Risk Management Strategies

The business and corporate executive heads regularly review the effectiveness of the risk mitigation strategies adopted.

3. Reviewing the Risk Management Framework and any breaches

As part of the ERM framework, Management undertakes a Group-wide risk assessment annually to identify material risks and the appropriate mitigating measures.

The Group’s internal audit function also prepares an audit plan annually, taking into consideration risks identified and assessed in the risk management framework. This risk-based audit plan is approved by the AC and audits are conducted to assess the adequacy and effectiveness of the Group’s system of internal controls in addressing financial, operational, information technology and compliance risks. In addition, material control weaknesses over financial reporting, if any, are highlighted by the external auditors in the course of the statutory audit.

All audit findings and recommendations made by the internal and external auditors are reported to the AC and significant findings are discussed at the AC meetings. The Group’s internal audit function follows up on all recommendations to ensure timely remediation of audit issues and reports the status to the AC every half-yearly. Any material non-compliance or lapses in internal controls, including any remedial measures recommended for addressing the risks identified, are reported to the AC.

4. Risk Reporting

The AC reviews and reports to the Board, at least annually, the risk profile of the Group, the effectiveness and adequacy of its internal control and risk management procedures in addressing financial, operational, information technology and compliance risks, and discusses any issues and concerns which may arise from the internal audits.

The Group’s risk management framework is continually reviewed to ensure that the Group’s risk governance approach and practices remain relevant and effective and are in line with the applicable corporate governance requirements. In addition to implementing a risk management framework, the Group also seeks to inculcate amongst its employees a strong risk awareness and a proactive approach towards mitigating risks. Employees are informed about likely risks, the measures in place for addressing them and avenues for escalating matters where necessary through training sessions and regular communication by the Management.

Assurance Regarding Financial Records and Risk Management Systems

The Board has received assurance from the Group CEO and FC that (i) the Group’s financial records have been properly maintained and the financial statements give a true and fair view of the operations and finances and assurance; and (ii) the Group’s risk management and internal control systems are adequate and effective in addressing the material risks for the Group in its current business environment including material financial, operation, information technology and compliance risks.

Corporate Governance Report

Based on the ERM framework implemented by the Group, the assurances from the CEO and FC as well as the reviews undertaken by the internal auditors and external auditors, the Board, with the AC in concurrence, is of the view that the Group's risk management systems and internal controls, including operational, financial, information technology and compliance controls, are adequate and effective in mitigating the operational, financial, information technology and compliance risks which may adversely affect the Group's operations. However, the Board also notes that no risk management system and internal controls can provide absolute assurance against the Group being adversely affected by such risks or against human error, fraud or other irregularities.

PRINCIPLE 10- AUDIT COMMITTEE

AC Members

The members of the AC are Ms Jeann Low (Chairman), Mr Larry Tan, Mr TS Tan and Mr Christopher Huang. All members of the AC are Independent Directors.

The Board is of the view that the members and Chairman of the AC are suitably qualified given their relevant accounting and financial management expertise or experience and that their wealth of relevant experience enables them to discharge their responsibilities effectively. The AC does not comprise former partners or directors of the Group's existing External Auditors: (a) within a period of two (2) years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

The AC is responsible for assisting the Board with maintaining high standards of corporate governance, compliance, risk management, internal controls and financial and accounting matters.

The key responsibilities of the AC include reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Group and any announcements relating to the Group's financial performance, assisting the Board with discharging its responsibilities relating to internal controls, compliance, risk management and financial and accounting matters, facilitating co-ordination between the external and internal auditors and Management, evaluating the independence and objectivity of the internal and external auditors and making recommendations to the Board on their appointment or re-appointment as well as terms of engagement. The AC also reviews any actual or potential conflicts of interest as well as the procedures by which employees may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters and ensures that appropriate arrangements are in place for such concerns raised to be properly and independently investigated.

To discharge its responsibilities and duties, the AC has full access to, and the co-operation of, Management. The AC also has full discretion to invite any Director or executive officer to attend its meetings and has been given adequate resources to discharge its functions.

The AC met five (5) times during FY2024. The AC also met with the internal auditors and external auditors, each separately, and without the presence of Management, during FY2024.

Internal Audit

The AC is responsible for the appointment, termination and remuneration of the internal audit function.

The internal audit function, which reports directly to the AC, assists Management with assessing the adequacy of the Group's internal control systems and procedures, conducting regular internal audits on the Group's business operations, operational compliance and financial risks, and identifying and recommending improvements to internal control systems.

The internal audit function also reports to the AC on any material non-compliances or lapses in internal controls and the measures taken to address them. The AC subsequently reviews the actions taken by Management in response to the internal auditor's recommendations.

CLA Global TS, an accounting and consulting firm staffed with suitably qualified professionals with extensive relevant experience, has been engaged to undertake the internal audit of the Group. The AC is of the view that outsourcing the Company's internal audit function enhances the independence and quality of the audit. The Group also has an internal operations auditor who is responsible for the internal audit function at the plant operations level and is stationed at the Group's plant in China.

Corporate Governance Report

The AC reviews the independence, adequacy and effectiveness of the internal audit function yearly. The AC is satisfied that the internal audit function is independent, effective, adequately resourced to perform its functions and has unfettered access to all company documents, records, properties and personnel, including the AC.

Whistle-blowing Policy

The Group has implemented a whistle-blowing policy which sets out the mechanism for reporting suspected wrongdoing or misconduct and how the Group addresses any reports received. The whistle-blowing policy is communicated to all employees.

All employees are responsible for reporting any suspected wrongdoing. Upon receipt of any such reports, the Head of Legal or the AC Chairman shall, in consultation with the other AC members, arrange a meeting with the employee as soon as possible to discuss the concerns, exercise discretion on how to proceed with the investigation, and thereafter recommend any remedial or legal action to be taken, where necessary.

All whistle-blowing matters are reviewed by the AC periodically to ensure compliance with the Listing Rules. Matters requiring immediate or urgent attention are reported immediately to the AC Chairman.

The Group is committed to ensuring that all employees who have reported incidents in good faith are protected against any form of detrimental or unfair treatment. All incidents reported to the Group are treated as confidential to protect the identity of the whistle-blowers. The whistle-blowing policy makes provision for whistle-blowers to report matters anonymously.

There were no reported whistle-blowing incidents in FY2024.

External Auditors

The AC has full access to the External Auditors, BDO LLP, and Internal Auditors and meets them, without the presence of Management, at least annually.

The AC makes recommendations on the appointment and re-appointment of the External Auditors and reviews the independence and performance of the External Auditors annually. During FY2024, the AC reviewed the adequacy, effectiveness, scope and results of the audit by BDO LLP. In assessing the independence of BDO LLP, the AC reviewed the aggregate fees paid to BDO LLP, including the fees paid for all non-audit services during the year.

Pursuant to the Institute of Singapore Chartered Accountants Implementation Guidance EP 100 IG 5 in relation to the Code of Professional Conduct and Ethics, companies intending to engage audit firms to provide non-assurance services are required to obtain the concurrence of those charged with governance, being the AC in this instance, that any engagements of audit firms to provide non-assurance services will not impact upon the independence of the audit firm, prior to proceeding with any such engagement.

The AC is of the opinion that BDO LLP's independence and objectivity has not been compromised and BDO LLP was able to meet the applicable audit requirements and statutory obligations of the Group. The AC is also satisfied with the aggregate audit fees paid to BDO LLP.

The AC has considered, and is satisfied, that the resources and experience of BDO LLP, the audit partner-in-charge and the team assigned to the audit of the Group, taking into account the firm's other audit engagements, the size and complexity of the Group, and the number of supervisory and professional staff assigned to the audit, are adequate for BDO LLP to meet their audit obligations.

The AC has recommended the re-appointment of BDO LLP at the 2025 AGM.

The Group has complied with rules 712 and 715 of the Listing Manual which, respectively, require that a suitable auditing firm be appointed by the Company, taking into consideration the factors set out in the said rule, and that the same firm auditing the Group also audit the Group's Singapore-incorporated subsidiaries and a suitable auditing firm be engaged for the Group's significant foreign incorporated subsidiaries.

Corporate Governance Report

The total fees paid to the External Auditors for FY2024 and a breakdown of the fees paid in total for audit and non-audit services respectively are stated below:

SHAREHOLDER RIGHTS AND ENGAGEMENT

PRINCIPLE 11- SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

PRINCIPLE 12- ENGAGEMENT WITH SHAREHOLDERS

Communication with Shareholders

The Group is committed to strengthening its relationship with the investing community and ensures it makes timely and accurate disclosure of material information to the SGX-ST, its shareholders, analysts and the public. The Company announces its financial results and updates on the Company and its business operations on both its corporate website at <https://www.aztechglobal.com> and SGXNET.

The Company does not practice selective disclosure. In the event of any inadvertent disclosure to a select group, the Company shall make the same disclosure publicly as soon as practicable. All price-sensitive information are released publicly prior to the Company's meetings with investors or analysts.

Shareholder Meetings

The Company encourages active shareholders' participation at general meetings. Shareholders are informed of meetings and the voting procedures through notices published on SGXNET. Shareholders are provided opportunities to participate effectively and vote for resolutions to be passed at these meetings and are informed of the rules and voting procedures which govern these meetings.

There are separate resolutions for each substantially separate issue at the Company's general meeting. In the event any resolutions are bundled as they are interdependent and linked so as to form one significant proposal, the Company will provide the reasons and explain the material implications in its notice of the general meeting.

The Directors and Management attend the Company's general meetings to address shareholders' queries about the Company. The Company's external auditors are also in attendance to address shareholders' queries regarding the conduct of the audit, the auditor's reports and any other related queries. The minutes of the general meetings disclose the names of the Directors and external auditors who attended these meetings, the details of these meetings, the questions raised by shareholders and the responses provided by the Board/Management. The minutes are published on the Company's website and SGXNET.

Corporate Governance Report

The Company's 2024 Annual General Meeting ("**2024 AGM**") was held in a wholly physical format. The Chairman of the Board of Directors attended the 2024 AGM. The Company's shareholders participated in the 2024 AGM by attending the physical meeting, submitting questions prior to or during the meeting, and/ or appointing the Chairman of the 2024 AGM as a proxy to attend and vote on their behalf at the meeting. The Company responded to questions received from shareholders at the 2024 AGM and published its responses to these questions, together with the Minutes of the 2024 AGM, on its website and SGXNET.

The forthcoming AGM will be held, in a wholly physical format, at Suntec Singapore Convention & Exhibition Centre, MR 324 (Level 3), 1 Raffles Boulevard, Suntec City, Singapore 039593, on 11 April 2025 ("**2025 AGM**"). There will not be an option for shareholders to participate virtually. The Company will upload the answers to substantial and relevant queries received prior to 10.00 a.m. on 1 April 2025 on the Company's website at <https://www.aztechglobal.com/agm/index.html> and SGXNET by 10.00 a.m. on 4 April 2025. Questions received after the deadline will be addressed at the 2025 AGM.

The Company's Constitution provides for each shareholder to appoint up to two (2) proxies to attend and vote on his or her behalf at the Company's general meetings. Shareholders who are relevant intermediaries are allowed to appoint more than two (2) proxies to attend and vote at the Company's general meetings.

Subject to the Company's Constitution and relevant statutes, the Directors may at their sole discretion approve and implement measures allowing shareholders to vote in absentia, including but not limited to voting by mail, electronic mail or facsimile.

Dividend Policy

The Company does not have a fixed dividend policy at present. The Directors may, at their discretion and upon consideration of factors including but not limited to the level of the Company's cash and reserves, the Group's actual and projected financial performance, the projected levels of capital expenditure, working capital requirements and investment plans, financial, regulatory or general economic conditions declaration and payment of future dividends, recommend the declaration and payment of dividends.

The Board has recommended a final ordinary dividend of \$0.03 per ordinary share and a special dividend of \$0.07 per ordinary share for FY2024. If the recommended dividends are approved by the shareholders at the 2025 AGM, together with the interim dividend of \$0.05 per ordinary share paid in FY2024, the total dividend payout ratio for FY 2024 will be 164.1% of the Group's net profit after tax ("**NPAT**"). The Directors intend to recommend dividends of at least 30.0% of the Group's NPAT generated in FY2025, as the Group wishes to reward its shareholders for participating in its growth.

The Company announced its adoption of the Aztech Scrip Dividend Scheme on 30 March 2021. If applied, this scheme will provide eligible shareholders with the opportunity to elect to receive the dividend in the form of new ordinary shares in the Company credited as fully paid, instead of cash. For the avoidance of doubt, the Scrip Dividend Scheme is not applicable to the final one-tier tax exempt dividend of \$0.03 per ordinary share for FY2024, as proposed in Ordinary Resolution 2, or the special dividend of \$0.07 per ordinary share for FY2024, as proposed in Ordinary Resolution 3.

Investor Relations

The Company's dedicated Investor Relations ("**IR**") team, headed by the Company Secretary and supported by an Investor Relations Manager, engages in regular dialogue with analysts and investors. The IR team is guided by the Company's investor relations policy, which sets out the principles and practices the Company has adopted to enhance its engagement with shareholders and prospective investors.

The Company's corporate website features a dedicated "Investor Relations" link <https://www.aztechglobal.com/investor-relations/index.html>, which contains the Company's latest and past financial results, annual reports, updates on the Company and its business operations, as well as the contact details of the Company's Investor Relations Manager and the Lead Independent Director.

Corporate Governance Report

MANAGING STAKEHOLDERS RELATIONSHIPS

PRINCIPLE 13- ENGAGEMENT WITH STAKEHOLDERS

The Group strives to build strong relationships with its material stakeholders, such as shareholders, customers and investors, and has arrangements in place to identify, engage with, and manage its relationship with its material stakeholder groups. The Group also strives to ensure an appropriate balance between the interests of the Group's material stakeholders and other stakeholders including creditors and regulators.

The Group maintains a corporate website, <https://www.aztechglobal.com>, through which stakeholders may access information about the Group and its business activities as well as any updates by the Group.

The Group also engages with its key stakeholder groups to gather feedback on issues relevant to its business operations, its people and the environment. The Management and the Board thereafter consider such feedback when identifying material EESG topics and developing the Group's business strategy. The Group's financial performance and environment, social and governance metrics are summarised on pages 12, 25 and 26 of this Annual Report. The Group's approach, policies and practices relating to material environment, social and governance topics can be found in the Group's Sustainability Report, which is available on the Group's corporate website <https://www.aztechglobal.com/sustainability/index.html> and on SGXNET.

INTERESTED PERSON TRANSACTION ("IPT")

Under Chapter 9 of the Listing Manual, an IPT means a transaction between an entity at risk (the listed company, its subsidiaries or associated companies) and an interested person (director, chief executive officer or controlling shareholder or any of their associate(s)).

In the light of the provisions of the Listing Manual, the Company has established the following procedures to ensure that all IPTs are reported to the AC in a timely manner and that these transactions are conducted on an arm's length basis and are not prejudicial to the interests of the Company or its minority shareholders.

1. All proposed significant IPTs are reviewed by the finance team and the AC.
2. The finance team prepares the list of IPTs every quarter and submits the list to the Company's CFO/FC for review.
3. The CFO/FC will report to the AC on all IPTs quarterly.
4. The AC reviews all IPTs to ensure compliance with Chapter 9 of the Listing Manual.

There is currently no shareholders' mandate for interested person transactions pursuant to Rule 920 of the Listing Manual.

Corporate Governance Report

The IPTs during FY2024 are as follows:

Name of interested person	Nature of relationship	Nature of the transaction	Aggregate value of all IPTs during the financial year under review
AVS Printing Pte Ltd. (“AVS Printing”)	An associate of Mr. Michael Mun, being a wholly owned subsidiary of AVS Electronics Pte Ltd., which Mr. Michael Mun, together with his immediate family, have a shareholding interest of approximately 95.59% in aggregate.	Rental billed from Aztech Global Ltd to AVS Printing	\$70,204
		Printing services provided by AVS Printing	\$2,010
Total			72,214

The aggregate value of all transactions entered into with AVS Printing during FY2024 does not amount to 3% or more of the Group’s latest audited net tangible assets. The Company does not have an existing shareholders’ mandate pursuant to Rule 920.

MATERIAL CONTRACTS

Save as disclosed on SGXNET or herein, there were no material contracts entered into by the Group involving the interests of Directors, CEO or shareholders either still subsisting at the end of FY2024 or if not then subsisting, entered into since the end of the previous financial year.

DEALINGS IN SECURITIES

The Company has adopted a Best Practice Code (“BPC”) relating to dealings in securities by its officers, defined in the BPC to mean Directors, the Company Secretary and staff employed in an executive capacity by the Group (“Officers”). The BPC has been drafted in line with the best practices outlined in Rule 1207(19) of the Listing Manual. All Officers have been provided a copy of the BPC and are required to acknowledge receipt of the BPC and confirm their compliance with the BPC annually. They may approach the Company Secretary if they require clarification on the requirements of the BPC.

The BPC provides that Officers are only permitted to deal in the Company’s securities in the “window period”, which is closed at least two (2) weeks before the announcement of the Company’s financial statements for each of the first three (3) quarters of its financial year and at least one (1) month for the half year or financial year results and ending on the date of announcement of the relevant results.

The BPC also prohibits the Officers from dealing in the Company’s securities on short-term considerations when they are in possession of unpublished price sensitive information. The Officers are required to abide by the insider trading provisions under the Securities and Futures Act 2001 of Singapore and any other relevant laws in the course of their securities transactions.

All Officers have confirmed that they have complied with the BPC in FY2024.

Corporate Governance Report

ADDITIONAL MEASURES TO ENHANCE CORPORATE GOVERNANCE

The Company has also adopted additional measures to enhance corporate governance as follows:

A. Code of Business Conduct and Ethics

The Group has adopted a Code of Business Conduct and Ethics with the key objective of providing clear guidelines on ethics and relationships in order to safeguard the reputation and interests of the Company and its stakeholders. This code sets out the policies and procedures for dealing with various issues such as conflicts of interests, dealings with government officials, the maintenance of records and reports, equal employment opportunities and sexual harassment.

The CEO, Key Management Personnel, heads of departments, managers, all procurement, purchasing and logistics employees across all the Group's office locations as well as employees who are related to the CEO, a director or a substantial shareholder of the Group are required to confirm their compliance with the Code of Business Conduct and Ethics annually. These individuals have confirmed their compliance with the Code of Business Conduct and Ethics for FY2024.

B. Anti-Bribery and Anti-Corruption Policy

This Group has also adopted an Anti-Bribery and Anti-Corruption Policy which sets out the Group's zero-tolerance stance against bribery and corruption and the framework for how the Group manages the detection, reporting and prevention of instances of bribery and corruption which may arise.

The CEO, Key Management Personnel, heads of departments, managers, all procurement, purchasing and logistics employees across all the Group's office locations as well as employees who are related to the CEO, a director or a substantial shareholder of the Group are required to confirm their compliance with the Anti-Bribery and Anti-Corruption Policy annually. These individuals have confirmed their compliance with the Anti-Bribery and Anti-Corruption Policy for FY2024.

C. Conflict of Interest Policy

The Group's Conflict of Interest Policy sets out the Group's approach towards conflicts of interest and the Group's expectations of employees to act at all times with impartiality, independence and integrity and to refrain from engaging in any deals, on behalf of the Group, with any entity in relation to which the employee has any interest. All senior management level employees, heads of departments, managers in the procurement and purchasing departments and employees who are related to the CEO, a director, or a substantial shareholder of the Group are required to complete an annual conflict of interest declaration. These individuals have completed their conflict of interest declaration for FY2024.

D. Induction and Training

All new employees are introduced to the Anti-Bribery and Anti-Corruption Policy and the Code of Business Conduct and Ethics as part of their induction. All employees receive annual training on compliance with the Code of Business Conduct and Ethics, the Anti-Bribery and Anti-Corruption Policy and the Conflict of Interest Policy, all of which are published on the Group's website <https://www.aztechglobal.com/sustainability/policies.html>.

SUSTAINABILITY MATTERS

The Group's Sustainability Committee comprises the Group's Sustainability Manager, Head of Human Resources and two (2) Key Management Personnel, namely, Mr Jeremy Mun and Ms Pavani Nagarajah.

The Sustainability Committee is responsible for establishing sustainable and responsible principles and practices within the Group and overseeing the Group's sustainability strategy as approved by the Board, policies, targets, initiatives and programs to ensure the Group's ongoing compliance with laws and regulations relating to environmental, social, health, safety and sustainability matters. The Sustainability Committee also provides updates to the Board, at least annually, on the Group's sustainability strategy and commitments, risk factors and progress in achieving the Group's sustainability targets. The Group plans to link sustainability targets and performance to the Group's remuneration framework so as to further align the Executive Directors' and Key Management Personnel's incentives with the Group's broader sustainability goals.

The Directors completed the LED-Environmental, Social and Governance Essentials (Core) training organised by the Singapore Institute of Directors in 2022.

Risk Management

The Group has implemented a comprehensive risk management framework which facilitates the identification, assessment and management of risks the Group may encounter during its business operations, which in turn ensures efficiency, effectiveness, and ongoing compliance with legal and regulatory requirements, safeguards the Group's assets, and maintains the integrity of the Group's financial reporting and related disclosures.

The Group adopts a balanced approach towards risk management, recognising that not all risks can be eliminated. The Group is committed to enhancing shareholder value through sustainable and profitable growth while taking measured, appropriate, and well-considered risks.

The risk management process involves identifying risks, assessing them, formulating mitigation measures, and communicating, implementing, and monitoring these measures. The Management is responsible for identifying critical business risks, reviewing and implementing appropriate risk management procedures, and regularly updating these procedures to reflect changes in market conditions and the Group's activities where applicable. Monitoring the implementation of mitigation measures allows the Group to identify and address any remaining risks. The Group's risk management practices are modelled on the Committee of Sponsoring Organisations of the Treadway Commission (COSO) ERM framework and take into consideration both the likelihood and impact of identified risks.

This section sets out the key risks to the Group and the mitigation measures the Group has adopted to ensure that the residual risk levels are in line with the risk appetite of the Group.

Strategic Risk

Strategic risk is risk arising from the pursuit of ineffective business plan and/or strategy, and poor business decisions. The Group continually reviews its business strategy to ensure that it remains competitive in the industry in which it operates.

Risk Management

Customer concentration risk

The Group relies heavily on its major customers for a significant portion of its revenue. There is no guarantee that these customers will continue their business relationships with the Group. A reduction or cessation of orders from these major customers, without suitable and timely replacements, could materially and adversely affect the Group's business, operations, financial position, and cash flow.

To mitigate this risk, the Group's sales division has implemented several initiatives to expand its customer base. The client servicing team works closely with existing customers to grow their accounts. The business development team works towards bringing in new customers and has managed to secure 7 new customers in 2024. Additionally, the sales division collaborates with various departments to organise ongoing activities and arrange tradeshows to promote product awareness and attract new customers.

Competition risk

The Group's operations and major customers are primarily based in Singapore, Malaysia, Hong Kong, China, the USA, and Europe. This exposure makes the Group sensitive to regulatory, social, political, economic, and competitive conditions beyond its control. Any changes in these conditions could materially and adversely affect the Group's business operations, financial position, results, and prospects.

The Group conducts scenario planning exercises to anticipate potential geopolitical events and their impacts. The Group also closely monitors political and economic trends, regulatory changes and the security situations in its operating regions. The Management regularly attends briefing by external professionals on the changing economic and geopolitical landscape.

The Group, upon acquiring the Pasir Gudang facility in Malaysia to diversify its manufacturing capacities, has been progressively integrating its MES, EDI and ERP systems to improve operational efficiency, production yield and achieve lean manufacturing. These steps will enable the Group to seize new opportunities and mitigate the competition risks.

Financial Risk

Financial risk involves the potential for financial loss related to operating and capital funds, as well as budgets. To mitigate this risk, the Group has established internal control systems to safeguard its assets and regularly reviews these controls to enhance financial discipline. The Group's policies clearly define all procedures, approval limits, and authority limits. Authority is delegated based on the organisational hierarchy, starting with the Board, followed by the CEO, and the Heads of Business/Departments. Any expenditure exceeding the highest authority limit requires Board approval.

Foreign exchange risk

The Group operates in multiple countries with revenue and expenses in USD, SGD, MYR, and RMB. Sales are mainly in USD, while purchases and expenses are mainly in USD, SGD, RMB, and MYR. Currency exchange rates fluctuate due to political and economic conditions, government policies, and supply and demand. These fluctuations can cause timing differences between receipts and payments, leading to exchange losses or gains that affect the Group's financial results. The Group's foreign exchange risk management policy outlines hedging strategies. The Group continuously monitors currency fluctuations and prepares rolling cashflows to manage its foreign exchange needs.

Operational Risk

Operational risk is the prospect of loss resulting from inadequate or faulty work practices, procedures, systems or policies, employee errors, system failures or fraud. Any event that disrupts business processes is termed operational risk. The Group has put in place operating manuals, standard operating procedures, authority guidelines and a rigorous reporting framework to manage these risks.

Risk Management

Production risk

Production risks encompass uncertainties and potential disruptions that can impact various facets of manufacturing operations. Production risks may include:

- (i) interruptions in supply chain, such as raw material shortages, delayed deliveries or supplier issues, which could lead to production delays and potential customer dissatisfaction;
- (ii) production machinery breakdowns, defects or inconsistencies in manufacturing processes; and
- (iii) inaccuracies in demand forecasting and manufacturing planning which may lead to over/under production, excess inventory and potential financial losses.

The Group conducts production planning and capacity control through periodic analysis to ensure adherence to customer order requirements. Regular meetings and ongoing coordination between various departments and customers facilitate the fulfilment of these requirements and deadlines. The Group fosters strong relationships with suppliers through open communication and collaboration, and sources locally for commodities and packaging materials when possible. This approach minimises the impact of commodity shortages and supply chain disruptions, while reducing lead times and improving the Group's cash flow.

Key management personnel (“KMP”) and succession planning risk

The Group's success depends on the retention of KMP and Executive Directors, particularly the Group's founder and CEO, Mr. Michael Mun, and COO, Mr. Jeremy Mun. Their expertise in the electronics industry is crucial to the Group's business and hard to replace. The Group also relies on its KMP and skilled employees in operations, R&D, engineering, sales and corporate services. Losing any KMP or skilled employees without timely replacement or failing to attract qualified talent can negatively impact the Group's business.

The nominating committee recommends candidates and reviews succession plans for the Directors, Board Chairman, and KMP. The remuneration committee ensures the Group attracts and retains top talent through competitive pay, including fees, salaries, bonuses, shares/options, and benefits. Succession planning efforts include career path development, annual appraisals, and staff mentoring through teamwork.

Health and safety risk

A health and safety risk pertaining to occupational safety and health (OSH) can be defined as the probability that an individual may suffer harm or an adverse health effect if/when exposed to a hazard. As the Group develops new products, product categories, and services in a rapidly evolving industry, not all of the Group's developments may fall under a clearly defined legal or regulatory framework. The Group's products and services may become subject to unexpected regulatory requirements, including but not limited to health and safety, hazardous materials usage, product-related energy consumption, packaging, manufacturing methods, sustainability matters, recycling, and environmental considerations. Additionally, some of the Group's untested products may present unknown or unforeseen risks to consumers' health and safety, potentially exposing the Group to future litigation. Should any of these risks materialise, the Group's business operations, financial results, and overall performance could be significantly and adversely impacted.

The Group has implemented the ISO 45001 OSH management systems and processes which include having an OSH officer stationed at each of the Group's business locations, providing first aid training to staff at each location, conducting fire drills at each location at least twice annually and inspecting safety equipment at each location periodically.

Cybersecurity risk

The Group's business, particularly in the IoT Devices and Data-communication products segment, relies significantly on information technology. Consequently, the Group faces risks such as cyber security threats, data privacy breaches, and other network security and stability issues. The sophistication and frequency of cyber security threats have escalated notably in recent times. Malicious software such as computer viruses, malware, ransomware, worms, or trojans may compromise the Group's systems or products, resulting in data loss or alteration. Additionally, the transmission of such malicious software via the Group's technology could potentially lead to litigation, a decline in confidence regarding the security of the Group's technology, as well as regulatory investigations and penalties. Therefore, disruptions to the Group's information technology systems caused by cyberattacks or other factors could materially adversely affect the Group's business, financial standing, operational results, and prospects.

Risk Management

The Group has implemented the ISO 27001 information security management systems (ISMS), which offers guidance for establishing, implementing, maintaining, and continually improving an information security management system. Further, the Group implements a Bring-Your-Own-Device policy, endpoint protection measures, annual penetration tests, and uses VPNs and encrypted cloud services. The Group's IT department also conducts cybersecurity training and phishing awareness campaigns to educate staff.

On 13 February 2024, the Group announced via SGXNET that it had experienced a cybersecurity incident wherein cybercriminals gained unauthorised access to its IT network and deployed a ransomware attack. The Group confirmed that the incident had no material impact on its financials or operations. This incident underscores the necessity for constant vigilance. Even with ISO 27001 practices in place, it is imperative that the Group continuously reviews and updates its policies in view of potential new threats.

As the Group continues to expand, ensuring robust network security remains paramount. In addition to maintaining its ISO 27001 ISMS, the Group is engaging cybersecurity experts to review and enhance its cybersecurity posture, monitor the network continuously, and stay ahead of potential threats.

Crisis management risk

The Group's business and operations may be significantly impacted by events beyond its control such as natural disasters, political instability, war, and terrorist attacks. Natural disasters, including fires, floods, and earthquakes, can severely affect the economy, infrastructure, and living conditions in the regions where the Group operates. There is no guarantee that any occurrence of war, terrorist attacks, political unrest, or other conflicts, whether imminent or speculative, will not directly or indirectly impact the Group's business, operational results, financial standing, or cash flow.

The Group has implemented a Business Continuity Plan and manual to ensure the continuity and maintenance of its core services, functions, and operations in the event of any business disruption across different facilities. The Operations team collaborates closely with the legal and corporate affairs team in the event of a legal claim and will make announcements on SGXNET if necessary.

Compliance Risk

Compliance risk includes exposure to legal penalties, financial forfeiture, and material impact when an entity fails to act in accordance with industry laws and regulations, local statutes, internal policies, procedures and contracts. The Group keeps abreast of, and complies with, all applicable laws and regulations governing the conduct of business in jurisdictions that the Group operates in.

Sustainability reporting

Sustainability reporting serves as a form of non-financial performance disclosure, enabling companies to communicate their progress toward achieving various sustainability goals encompassing environmental, social, and governance (ESG) metrics. This type of reporting highlights both the risks and impacts that companies may encounter presently or in the future. The primary objective of sustainability reporting is to facilitate tangible actions towards these efforts. It allows companies to articulate the positive and negative repercussions of their operations on the environment, society, and economy, which helps in setting priorities and communicating progress effectively.

As a listed entity on the SGX-ST Mainboard, the Group has been publishing an annual sustainability report since 2021. To enhance the accuracy, ownership, and quality of sustainability data, the Group has conducted gap analyses and benchmarked against best practices. The scope of the sustainability report is determined annually, with key sustainability metrics, indicators, and KPIs aligned with established frameworks such as the SGX Core ESG Metrics and Global Reporting Initiative. The Group regularly reviews and updates data, information, and KPIs to reflect operational changes or improvements. In 2024, the Group engaged an independent consultant to include Scope 3 in the GHG emission calculations, and prepare a GHG Inventory Report built in accordance with ISO140641 and the GHG Protocol. Additionally, relevant staff members have undergone training to enhance their ESG competencies and understanding of sustainability reporting requirements.

Risk Management

Intellectual property risk

The Group relies on patents and trademarks for its business success. Protecting the Group's intellectual property (IP) is crucial, as poor management could lead to a loss of competitive advantage. If the Group's patents are deemed similar to prior work, they may become unenforceable. Competitors might reverse engineer the Group's products at lower costs or produce counterfeit copies which could harm the Group's sales and reputation.

The Group closely monitors its IP rights and enforces them in the event of any infringement of such rights. Critical information is stored securely on the Group's internal portal with restricted access managed by the IT department. Confidentiality agreements with employees and subcontractors ensure that proprietary information remains confidential until disclosed to the public by the Group. The Group's IP policy sets out the measures adopted to protect the Group's IP rights, which include maintaining a register of patents and trademarks, ensuring timely renewals, and employing experienced agents to undertake patent applications and registrations.

Directors' Statement

5. Long-Term Retirement Incentive Plan

During the financial year ended 31 December 2019, the Group implemented a Long-Term Retirement Incentive Plan ("LTRP") for its key management staff (including the CEO and Executive Director) of the Group. Under the LTRP, the key management staff will be eligible to receive a cash payout when they reach the minimum retirement age of 62 ("Minimum Retirement Age") or elect to receive it later when they retire, if their contract is extended after the Minimum Retirement Age.

The LTRP will be part of the remuneration package for current and future key management staff, and the eligibility to participate in the plan shall be determined by the Board of Directors.

From 1 January 2020 onwards, for all eligible key management staff, the LTRP amount will be computed based on 2% of their annual salary in the relevant financial year (prorated, where applicable), provided that the profit after tax of the Group is at least \$5 million for the relevant financial year.

If a key management staff's employment ceases for any reason before he or she reaches the Minimum Retirement Age, then the full amount provided for the respective staff's LTRP payout will be forfeited.

A provision of \$988,371 (2023: \$947,636) was made for LTRP as at 31 December 2024.

6. Share options

Employee Share Option Scheme

The Company has implemented an Employee Share Option Scheme known as the Aztech Employee Share Option Scheme ("Share Option Scheme"). The Share Option Scheme was approved and adopted by the shareholders at an Extraordinary General Meeting of the Company held on 18 February 2021. The Share Option Scheme provides a means to recruit, motivate and retain employees whose contributions are essential to the long-term growth of the Group.

Under the Share Option Scheme, options to subscribe for the ordinary shares of the Company are granted to key management personnel and selected employees based on the recommendation by the Remuneration Committee. The exercise prices of the options are determined at the average of the closing prices of the Company's ordinary shares as quoted on the Singapore Exchange for five (5) market days immediately preceding the date of the grant. No options are granted at a discount to the prevailing market price of the shares. 50% of the options shall vest at the end of one (1) year from the date of grant and the remaining options shall vest at the end of two (2) years from the date of grant. The options shall be exercisable at any time after the first anniversary of the date of grant of that option, provided that the option shall be exercised before the tenth anniversary of the relevant date of grant of that option, failing which the unexercised options shall immediately lapse and become null and void. The options may be exercised in full or in part in respect of 1,000 ordinary shares or a multiple thereof, on the payment of the exercise price.

The options shall, to the extent unexercised, immediately lapse and become null and void when the persons to whom the options have been issued cease to be employed by the Group. Such persons shall be deemed to have ceased to be employed as of the date the notice of termination of employment is tendered by or is given to him or her, unless such notice shall be withdrawn prior to its effective date.

The persons to whom the options have been issued have no right to participate by virtue of the options in any share issue of any other company. The Group has no legal or constructive obligation to repurchase or settle the options in cash. The aggregate number of shares over which options may be granted on any date, when added to the number of shares issued and issuable in respect of all options granted under the Share Option Scheme, shall not exceed 15% of the issued shares (excluding treasury shares) of the Company on the day preceding that date.

On 13 December 2021, the Company granted options to subscribe for 2,110,000 ordinary shares of the Company at exercise price of \$0.934 per share ("2021 Options"). The 2021 Options are exercisable from 13 December 2022 and expire on 12 December 2031. On 29 September 2023, the Company granted options to subscribe for 2,250,000 ordinary shares of the Company at exercise price of \$0.806 per share ("2023 Options"). The 2023 Options are exercisable from 29 September 2024 and expire on 28 September 2033. The estimated fair value of the 2021 Options is \$670,000 and 2023 Options is \$331,000. These fair values were calculated using the Black-Scholes pricing model.

No options have been granted to controlling shareholders of the Company or their subsidiaries.

Performance Share Plan

The Company has implemented a Performance Share Plan known as the Aztech Performance Share Plan (“Performance Share Plan”). The Performance Share Plan was approved and adopted by the shareholders at an Extraordinary General Meeting of the Company held on 18 February 2021. No shares have been granted pursuant to the Performance Share Plan as at the date of this report.

Directors' Statement

7. Audit committee

The Audit Committee of the Company is chaired by Ms. Jeann Low Ngiap Jong, an Independent Non-executive Director, and includes Mr. Larry Tan Jwee Meng, an Independent Non-executive Director, Mr. Tan Teik Seng, an Independent Non-executive Director and Mr. Christopher Huang Junli, an Independent Non-executive Director. The Audit Committee has carried out its functions in accordance with Section 201B(5) of the Act, including reviewing the following, where relevant, with the Executive Directors and external auditors of the Company:

- (a) assist the Board in fulfilling its responsibility for overseeing the quality and integrity of the accounting, auditing, internal controls and financial practices of the Group;
- (b) review and report to the Board significant financial reporting issues and judgements to ensure the integrity of the financial statements and any announcements relating to financial performance;
- (c) review the internal and external auditors' audit plans, scope of work, their evaluation of the Group's system of internal controls, audit reports (including assessing and reporting to the Board the quality of the work carried out and the basis of such assessment, and evaluating the performance of the external auditors), external auditors' management letters and the management's response, the results of audits compiled by the Company's internal and external auditors, and the implementation by the Group of the internal control recommendations made by the Group's internal and external auditors;
- (d) review the periodic consolidated financial statements and any formal announcements relating to the Group's financial performance before submission to the Directors for approval, focusing in particular on changes in accounting policies and practices, major risk areas, significant adjustments arising from the audit, compliance with accounting standards, compliance with the Listing Manual and any other statutory and regulatory requirements, concerns and issues arising from their audits including any matters which the auditors may wish to discuss in the absence of the management, where necessary, before submission to the Directors for approval;
- (e) review the assurance from the Executive Chairman and CEO and Chief Financial Officer/Financial Controller on the financial records and financial statements of the Group;
- (f) ensure co-ordination between the external and internal auditors and the management and reviewing the assistance given by the management to the auditors, and discussing problems and concerns, if any, arising from the interim and final audits, and any matters which the auditors may wish to discuss (in the absence of the management, where necessary);
- (g) review and report to the Board, at least annually, the risk profile of the Group, the effectiveness and adequacy of the internal control and risk management procedures addressing financial, operational, information technology and compliance risks (including the appropriate steps to be taken to mitigate and manage risks at acceptable levels determined by the Board), and discuss issues and concerns, if any, arising from the internal audits;
- (h) review and discuss with external and internal auditors, any suspected fraud, irregularity or infringement of any relevant laws, rules and regulations, which has or is likely to have a material impact on the Group's results of operation, financial performance or financial position and the management's response;
- (i) review the adequacy and effectiveness of the Group's risk management and internal audit function and ensuring that a clear reporting structure is in place between the Audit Committee and the internal auditors;
- (j) ensure that the internal audit function is adequately resourced and staffed with persons with the relevant qualification and experience, and that the internal auditors comply with the standards set by nationally or internationally recognised professional bodies;
- (k) ensure that the internal audit function has unfettered access to all of the Group's documents, records, properties and personnel, including the Audit Committee, and has appropriate standing within the Group;

Directors' Statement

7. Audit committee (Continued)

- (l) review the Group's key financial risk areas, with a view to providing an independent oversight on the Group's financial reporting, the outcome of such review to be disclosed in the annual reports or if the findings are material, to be immediately announced via SGXNET;
- (m) review the independence and objectivity of the internal and external auditors as well as consider the appointment or re-appointment of the internal and external auditors, including approving the remuneration and terms of engagement of the internal and external auditors;
- (n) review and approve any interested person transactions falling within the scope of Chapter 9 of the Listing Manual and review procedures thereof;
- (o) review potential conflicts of interests (if any) and set out a framework to resolve or mitigate any potential conflicts of interests, including reviewing the adequacy of conflicts mitigating measures within the Group;
- (p) review and monitor the measures the Group has put in place in respect of the legal representatives of the Company's China-incorporated subsidiary;
- (q) review regulatory compliance matters, at least on a quarterly basis, with a view to ensuring that adequate rectification measures are taken for past breaches as well as new initiatives implemented to mitigate and reduce the risks of future breaches;
- (r) on an annual basis or any other period that the Audit Committee deems fit, ensure that trade receivables are stated at fair value and accurately recorded in the financial statements, and that credit policies are adhered to;
- (s) monitor the cash flows of the Group;
- (t) periodically review the Group's intellectual property protection policies to ensure that the policies and/or procedures are complied with, and adequate and effective for the Group's operations;
- (u) review the processes and procedures for the Group's resolution of the regulatory issues pertaining to the Dongguan Land and the buildings constructed on it, including the obtaining of the Title Registration in respect of the buildings constructed on the Dongguan Land and the Certificate of Land Use Right in respect of the Dongguan Land;
- (v) review transactions falling within the scope of Chapter 10 of the Listing Manual, if any;
- (w) undertake such other reviews and projects as may be requested by the Directors, and report to the Directors its findings from time to time on matters arising and requiring the attention of the Audit Committee; and
- (x) undertake generally such other functions and duties as may be required by law or the Listing Manual, and by such amendments made thereto from time to time.

The Audit Committee has full access to and has the co-operation of the management and has been given the resources required for it to discharge its functions properly. It also has full discretion to invite any Director and Executive Officer of the Group to attend its meetings. The external and internal auditors have unrestricted access to the Audit Committee.

The Audit Committee has recommended to the Board of Directors the nomination of BDO LLP, for re-appointment as external auditor of the Company at the forthcoming AGM of the Company.

Independent Auditor's Report

To the Members of Aztech Global Ltd.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Aztech Global Ltd. (the "Company") and its subsidiaries (the "Group"), set out on pages 81 to 132, which comprise:

- the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2024;
- the consolidated statement of comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows of the Group and statement of changes in equity of the Company for the financial year then ended; and
- notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements of the Group, and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2024, and of its consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

To the Members of Aztech Global Ltd.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report

To the Members of Aztech Global Ltd.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Ng Kian Hui.

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

These notes form an integral part of and should be read in conjunction with these financial statements.

1. General corporate information

Aztech Global Ltd. (the “Company”) (Registration number 200909384G) is a public limited company incorporated and domiciled in Singapore with its principal place of business and registered office at 31 Ubi Road 1 #01-05 Singapore 408694. The Company was listed on the mainboard of Singapore Exchange Securities Trading Limited on 12 March 2021.

The principal activity of the Company is that of investment holding. The principal activities of the subsidiaries are disclosed in Note 9 of the financial statements.

Mr. Michael Mun Hong Yew holds the Company’s shares both directly and indirectly in various nominee accounts and is the ultimate controlling party of the Company. Mr. Michael Mun Hong Yew’s shareholding in the Company is disclosed in the Directors’ Statement.

2. Material accounting policy information

2.1 Basis of preparation of financial statements

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) (“SFRS(I)s”) under the historical cost convention, except as disclosed in the accounting policies below. All accounting policies have been consistently applied to the current financial year and comparative period, unless otherwise stated.

Where an accounting policy information is not disclosed in the financial statements, it is considered as not material and mainly standardised accounting requirements. Material accounting policy information which relates to financial statements as a whole, are disclosed below.

Items included in the financial statements of the Group and the Company are measured using the currency of the primary economic environment in which the entities operate (“functional currency”). The financial statements are presented in Singapore dollar which is the functional currency and presentation currency of the Company. The financial statements are expressed in Singapore dollar and all values are rounded to the nearest thousand (\$’000) unless otherwise indicated.

The preparation of financial statements in conformity with SFRS(I)s requires the management to exercise judgement in the process of applying the Group’s accounting policies and requires the use of accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the end of the reporting period, and the reported amounts of revenue and expenses throughout the financial year. Although these estimates are based on management’s best knowledge of historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances, actual results may ultimately differ from those estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the financial year in which the estimate is revised if the revision affects only that financial year or in the financial year of the revision and future financial years if the revision affects both current and future financial years.

Critical accounting judgements and key sources of estimation uncertainty used that are significant to the financial statements are disclosed as below to the financial statements.

In the process of applying the accounting policies, the management is of the opinion that there are no critical judgements, apart from those involving estimations (see below), that have a significant effect on the amounts recognised in the financial statements.

Significant accounting estimates and assumptions used:

- Expected credit loss allowance of trade receivables (Note 5 & Note 36.3(iii))

Changes in accounting policies

New standards, amendments and interpretations effective from 1 January 2024

The standards, amendments to standards, and interpretations that will apply for the first time by the Group are not expected to impact the Group as they are either not relevant to the Group's business activities or require accounting which is consistent with the Group's current accounting policies.

New standards, amendments and interpretations issued but not yet effective

The following SFRS(I)s are relevant to the Group, and effective for annual periods beginning on 1 January 2025 and thereafter, and have not been adopted early:

		Effective date (annual periods beginning on or after)
SFRS(I) 1-21 (Amendments)	: Lack of Exchangeability	1 January 2025
SFRS(I) 9 and 7 (Amendments)	: Amendments to the Classification and Measurement of Financial Instruments	1 January 2026
SFRS(I) 18	: Presentation and Disclosure in Financial Statements	1 January 2027
SFRS(I) 19	: Subsidiaries without Public Accountability: Disclosures	1 January 2027

Management anticipates that the adoption of the above new standards, amendments and interpretations in future periods, if applicable, will not have a material impact on the financial statements of the Group and the Company in the period of their initial adoption, except as disclosed below:

SFRS(I) 18 Presentation and Disclosure in Financial Statements

The SFRS(I) 18 replaces SFRS(I) 1-1 Presentation of Financial Statements and provides guidance on presentation and disclosure in financial statements, focus on the statement of profit or loss.

SFRS(I) 18 introduces:

- New structure on statement of profit or loss with defined subtotals;
- Disclosure related to management-defined performance measures (MPMs), which are measures of financial performance based on a total or sub-total required by accounting standards with adjustments made (e.g. 'adjusted profit or loss'). A reconciliation of MPMs to the nearest total or subtotal calculated in accordance with accounting standards; and
- Enhanced principles on aggregation and disaggregation of financial information which apply to the primary financial statements and notes in general.

SFRS(I) 18 will take effect on 1 January 2027 and management anticipates that the new requirements will change the current presentation and disclosure in the financial statements. An impact assessment regarding the adoption of SFRS(I) 18 is still underway and has not yet been completed.

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

2. Material accounting policy information (Continued)

2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- Has power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has the ability to use its power to affect those returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the financial year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

All intra-group balances and transactions and any unrealised income and expenses arising from intra-group transactions are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides an impairment indicator of the transferred asset.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests, if any.

The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company, using consistent accounting policies. Where necessary, accounting policies of subsidiaries are changed to ensure consistency with the policies adopted by the Group.

When necessary, adjustments are made to the financial statements of subsidiaries to align their accounting policies with the Group's accounting policies.

When the Group loses control of a subsidiary, it derecognises the assets and liabilities of the subsidiary and any non-controlling interest. The profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets, and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of.

Investments in subsidiaries are carried at cost less any impairment loss, in the Company's statement of financial position.

2.3 Inventories

Inventories are stated at the lower of cost and net realisable value.

Costs of raw materials and finished goods are determined on a weighted average basis and include all costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. In the case of manufactured goods, costs include cost of material, direct labour and an appropriate portion of manufacturing overheads.

Work-in-progress is stated at cost which comprises direct material, direct labour and other directly attributable expenses. Allowance is made for anticipated losses, if any, on work-in-progress when the possibility is ascertained.

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

2. Material accounting policy information (Continued)

2.3 Inventories (Continued)

Net realisable value is the estimated selling price at which the inventories can be realised in the ordinary course of business less all estimated costs of completion and costs of realisation. Where necessary, the carrying values of inventories are adjusted to the lower of cost and net realisable value to account for obsolete, slow-moving and defective inventories.

2.4 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

Freehold land is not depreciated. Depreciation on other property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives, on the following bases:

Leasehold land and factory buildings	over the terms of lease, which are from 1.75% to 20%
Computer and office equipment	20% to 100%
Factory equipment	12.5% to 20%
Factory furniture and fittings	20%
Office furniture and fittings	20% to 33.33%
Research and development equipment and tools	20% to 33.33%
Software applications	20% to 100%
Motor vehicles	20% to 33.33%
Right-of-use assets - Leasehold properties	20% to 50%
- Software licence	33.33%
- Motor vehicles	20% to 33.33%

2.5 Leases

The Group as lessee

The Group leases a number of properties (i.e. office building and warehouses) in Singapore, Malaysia, Hong Kong and the People's Republic of China with only fixed lease payments over the lease term.

The Company leases office premises with only fixed payment over the lease term. These office premises have been subleased to related companies under finance leases (Note 6).

The Group also leases certain items of software licence and motor vehicles with only fixed payments over the lease terms. There are no externally imposed covenants on these lease arrangements.

Certain IT equipment of the Group qualified for low value assets and the Group also leases certain machinery on a short-term basis (i.e. 3 to 6 months) in order to support the Group's operational needs. The election of short-term leases is made by class of underlying assets with similar nature and use in the Group's operation whereas the low-value lease exemption is made on lease-by-lease basis.

2.6 Revenue recognition

Revenue is recognised when a performance obligation is satisfied. Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods to a customer, excluding amounts collected on behalf of third parties (i.e. sales related taxes). The consideration promised in the contracts with customers are fixed amounts and therefore, the amount of revenue earned for each contract is determined by reference to those fixed prices.

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

2. Material accounting policy information (Continued)

2.6 Revenue recognition (Continued)

Sale of electronic products

Revenue from the sale of electronic products is recognised at point in time when the control of the products is transferred to the customers, which represent the performance obligation is satisfied.

There is limited judgement needed to identify when the point of control passes to customers. There is no element of financing component in the Group's revenue transactions as customers are required to pay within a credit term of 30 to 90 days. Where the payments exceed the value of goods transferred, a contract liability is recognised and presented as customer deposits in "other payable".

All electronic products sold by the Group include standard warranty which requires the Group either to replace or mend the defective product during the warranty period. The warranty against defect is not accounted for as separate performance obligation.

2.7 Retirement benefit obligations

Share-based compensation

The Group issues equity-settled share-based payments to certain employees.

Equity-settled share-based payments are measured at fair value of the equity instruments (excluding the effect of non market-based vesting conditions) at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period with a corresponding credit to the share-based payment reserve, based on the Group's estimate of the number of equity instruments that will eventually vest and adjusted for the effect of non market-based vesting conditions. At the end of each financial year, the Group revises the estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss over the remaining vesting period with a corresponding adjustment to the share-based payment reserve.

Fair value is measured using the Black-Scholes pricing model. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations.

Other long-term service benefits

The Group operates a retirement benefit plan which it offers the qualified employees an amount of benefit that an employee will receive on or after retirement, usually dependent on certain percentage of their final pay for every year of completed service and these payments are made in full after the date of retirement. The liability recognised on the statements of financial position in respect of a retirement benefit plan is the present value of the retirement benefit obligation at the reporting date. The present value of the retirement benefit obligation is determined by discounting the estimated future cash outflows using the market yields of high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and have tenures approximating to that of the related post-employment benefit obligations.

2.8 Profit sharing scheme

Certain Directors are entitled to share of the profit under the profit sharing scheme. A provision is made for the estimated liability under the profit sharing scheme and is presented in "Other payables".

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

3. Significant related party transactions

Some of the Group's and the Company's transactions and arrangements are with related parties and the effect of these on the basis determined between the parties are reflected in these financial statements. The balances with related parties are unsecured, interest-free and repayable within the next twelve months unless otherwise stated.

Significant intercompany transactions, other than those disclosed elsewhere in the notes are as follows:

Finance lease receivables – Subleases

The Company sublet its right-of-use pertaining to its office premises to a subsidiary and a related corporation which were classified as finance lease because the sub-leases were for the entire remaining lease term of the head leases. Accordingly, the right-of-use assets relating to the head leases with subleases are classified as finance lease receivables.

The maturity analysis of lease receivables of the Company is as follows:

Employee share options

Employees' share options were granted to key management personnel and selected employees based on the recommendation of the Remuneration Committee under the Aztech Employee Share Option Scheme, which became operative on 18 February 2021.

The exercise prices of the options are determined at the average of the closing prices of the Company's ordinary shares as quoted on the Singapore Exchange for five market days immediately preceding the date of the grant. 50% of the options shall vest at the end of one (1) year from the date of grant and the remaining options shall vest at the end of two (2) years from the date of grant.

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

19. Share capital (Continued)

Employee share options (Continued)

Once they have vested, the options are exercisable over a period of ten years from the date of grant. The options may be exercised in full or in part in respect of 1,000 ordinary shares or a multiple thereof, on the payment of the exercise price. The persons to whom the options have been issued have no right to participate by virtue of the options in any share issue of any other company. The Group has no legal or constructive obligation to repurchase or settle the options in cash.

On 13 December 2021, options to subscribe for 2,110,000 ordinary shares in the Company at an exercise price of \$0.934 per ordinary share were granted pursuant to the Scheme ("2021 Options"). The 2021 Options are exercisable from 13 December 2022 and expire on 12 December 2031.

On 29 September 2023, options to subscribe for 2,250,000 ordinary shares in the Company at an exercise price of \$0.806 per ordinary share were granted pursuant to the Scheme ("2023 Options"). The 2023 Options are exercisable from 29 September 2024 and expire on 28 September 2033.

Movements in the number of unissued ordinary shares under the Aztech Employee Share Option Scheme and their exercise prices are as follows:

Group and Company	Number of unissued ordinary shares of the Company under option					Exercise price	Exercise period	Exercisable as at end of the financial year
	Balance as at beginning of the financial year	Granted during the financial year	Exercised during the financial year	Forfeited during the financial year	Balance as at end of the financial year

21. Capital reserve

Group

This comprise primarily the merger reserve which is the difference between the consideration paid and the share capital of the subsidiaries acquired under common control and is non-distributable.

Company

Capital reserve arose from the financial guarantees provided by a former holding company to the banks for bank facilities granted to the Company's subsidiaries and is non-distributable.

22. Foreign currency translation account

The foreign currency translation account represents foreign exchange differences arising from the translation of the financial statements of foreign operations where functional currencies are different from that of the Group's presentation currency and is non-distributable.

23. Share options reserve

The share options reserve represents the corresponding effect from the recognition of the employee services received in exchange of the grant of options over the vesting period and is non-distributable.

24. Statutory reserve

In accordance with the Foreign Enterprise Law applicable to the subsidiary in the People's Republic of China ("PRC"), the subsidiary is required to make appropriation to a Statutory Reserve Fund ("SRF"). At least 10% of the statutory after tax profits as determined in accordance with the applicable PRC accounting standards and regulations must be allocated to the SRF until the cumulative total of the SRF reaches 50% of the subsidiary's registered capital. During the financial year, the board of directors of the PRC subsidiary has approved the transfer from its retained earnings of approximately \$13,501,000 (equivalent to approximate RMB 72,235,000) to SRF. The SRF may be used to offset any accumulated losses or increase the registered capital of the subsidiary. The SRF is not available for dividend distribution to shareholders.

Earnings per share (in cents) – Diluted	9.13	12.96

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

32. Earnings per share (Continued)

Basic earnings per share (Continued)

The calculation of basic earnings per share for financial year ended 31 December 2024 is based on profit attributable to owners of the Company for the financial year ended 31 December 2024 divided by weighted average of ordinary shares in issue for the financial year ended 31 December 2024 of 771,889,000 (2023: 771,953,000).

Diluted earnings per share

The effect of Employee share option with dilutive effect is not material and the calculation is not presented. The calculation of diluted earnings per share for financial year ended 31 December 2024 is based on profit attributable to owners of the Company for the financial year ended 31 December 2024 divided by weighted average of ordinary shares in issue and effect of dilutive shares from share option for the financial year ended 31 December 2024 of 772,143,000 (2023: 771,954,000).

In calculating the diluted earnings per share, 1,730,000 employee share options which are exercisable as at 31 December 2024 and 2023 have not been included in the calculation because the potential ordinary shares arising from including these exercisable share options for the relevant periods, are anti-dilutive as the average market share price as at 31 December 2024 and 2023 is lower than the exercise price of the share options. The total number of options in issue is disclosed in Note 19 to the financial statements.

33. Dividends

On 30 April 2024, the Company paid a final dividend of \$0.05 per ordinary share of the Company totalling \$38,597,647 by cash in respect of financial year ended 31 December 2023.

On 16 August 2024, the Company paid an interim dividend of \$0.05 per ordinary share of the Company totalling \$38,597,647 by cash in respect of financial year ended 31 December 2024.

On 17 May 2023, the Company paid a final dividend of \$0.015 per ordinary share of the Company totalling \$11,579,294 by cash in respect of financial year ended 31 December 2022.

On 11 August 2023, the Company paid an interim dividend of \$0.03 per ordinary share of the Company totalling \$23,158,588 in respect of the financial year ended 31 December 2023.

The Directors of the Company have proposed a final one-tier tax-exempt dividend of \$0.03 per ordinary share, and a special one-tier tax-exempt dividend of \$0.07 per ordinary share, totalling \$77,179,355 in respect of the financial year ended 31 December 2024. This proposed final tax-exempt dividend and special tax-exempt dividend has not been recognised as at year end and will be submitted for shareholders' approval at the forthcoming Annual General Meeting of the Company in 2025.

34. Commitments

Land use right

- (i) Pursuant to a land use right agreement dated 15 June 2002, a subsidiary of the Company is committed to pay to the local authority in the People's Republic of China ("PRC") the land management fee of approximately \$26,500 (equivalent to RMB130,000) per annum with an incremental rate of 10% every five years until 30 September 2052.

The subsidiary is committed to an additional land management fee of \$11,000 (equivalent to RMB54,000) per annum with an incremental rate of 10% every five years until 2057, in accordance with an additional land use right agreement dated 6 April 2007.

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

34. Commitments (Continued)

Land use right (Continued)

- (ii) As at 31 December 2024, the Group's production facilities are located on plots of land in the PRC of which land use right certificates and property ownership certificates have not been obtained. On 14 March 2025, the Group announced that it had received certification from the relevant local government authority that for the period until March 2028, the lease for the land and such buildings shall not be affected and the land and such buildings will not be subject to any risk of demolition. Hence, the subsidiary of the Company will continue to be entitled to the right of use of the land and buildings until March 2028.

Capital commitment

As at 31 December 2024, the Group's commitment in respect of capital expenditure contracted but not provided for the purchase of property, plant and equipment amounted to approximately \$2,774,000 (2023: \$1,063,000).

35. Segment reporting

Management has determined the operating segments based on the reports reviewed by the chief operating decision maker.

Management considers the business from both a geographic and business segment perspective. Geographically, management manages and monitors the business in these primary geographic areas: Singapore, Hong Kong, the People's Republic of China and Malaysia. All these locations are engaged in the manufacturing, distribution and trading of electronic products.

The Group has two reportable segments being manufacturing segment and distribution and trading segment.

The manufacturing segment manufactures and sells electronic products for its customers including related corporations.

The distribution and trading segment sells the electronic products to its customers including related corporations.

"Other" segments include the Group's remaining minor trading and investment holding activities which are not included within reportable segments as they are not separately reported to the chief operating decision maker and they contribute minor amounts of revenue to the Group.

The Group's reportable segments are strategic business units that are organised based on their function and targeted customer groups. They are managed separately because each business unit requires different skill sets and marketing strategies.

Management monitors the operating results of the segments separately for the purposes of making decisions about resources to be allocated and assessing performance. Segment performance is evaluated based on operating profit or loss which is similar to the accounting profit or loss.

Income taxes are managed on a Group basis.

The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies. There is no asymmetrical allocation to reportable segments. Management evaluates performance on the basis of profit or loss from operations before tax expense not including non-recurring gains and losses.

There is no change from prior periods in the measurement methods used to determine reported segment profit or loss.

The Group accounts for intersegment sales and transfer as if the sales or transfers were to third parties, which approximate market prices. These intersegment transactions are eliminated on consolidation.

36.3 Financial risk management policies and objectives

The Group has a system of controls in place to create an acceptable balance between the cost of risks occurring and the cost of managing the risks. Management continually monitors the Group's risk management process to ensure that an appropriate balance between risk and control is achieved. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group activities.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risk. Market risk exposures are measured using sensitivity analysis indicated below:

(i) Foreign exchange risk management

The Group is exposed to foreign currency risk on sales, purchases and borrowings that are denominated in a currency other than the respective functional currencies of the Group entities. The currencies that give rise to this risk are primarily the United States dollar and the Malaysia ringgit.

For the Financial Year Ended 31 December 2024

36. Financial instruments, financial risks and capital risks management (Continued)

36.3 Financial risk management policies and objectives (Continued)

(i) Foreign exchange risk management (Continued)

The Group manages foreign currency risk by matching assets and liabilities in the same currency denomination and supplemented with appropriate financial instruments where necessary. The Group uses derivative financial instruments to mitigate the financial impact associated with foreign currency fluctuation relating to certain forecasted transactions.

The carrying amounts of foreign currency denominated monetary assets and monetary liabilities denominated in currencies other than the respective Group entities' functional currencies at the end of the reporting period are as follows:

	Group				Company			
	Liabilities		Assets		Liabilities		Assets	
	2024	2023	2024	2023	2024	2023	2024	2023
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
Renminbi	189	187	15	2	–	–	–	–
Hong Kong dollar	32	1,160	–	–	–	–	–	–
United States dollar	126,785	278,266	223,046	426,483	–	–	19,662	64
Malaysian ringgit	12,664	15,693	3,782	3,219	–	–	–	–

Foreign currency sensitivity

The following analyses the sensitivity to a 5% (2023: 5%) increase or decrease in the respective foreign currencies against the respective functional currencies of the entities in the Group. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end of the for a 5% change in foreign currency rates. The sensitivity analysis includes external loans as well as loans to foreign operations within the Group where the denomination of the loan is in a currency other than the currency of the lender or the borrower.

If the relevant foreign currency strengthens by 5% against the functional currency of each entity of the Group, the effect on profit or loss will (decrease)/increase by:

	Group		Company	
	2024	2023	2024	2023
	\$'000	\$'000	\$'000	\$'000
United States dollar	4,813	7,411	983	3
Malaysian ringgit	(444)	(624)	–	–

If the relevant foreign currency weakens by 5% against the functional currency of each entity of the Group, the above will have an opposite effect.

The management does not expect any material impact on profit or loss arising from the effects of reasonably possible changes to foreign exchange rates of foreign currency balances denominated in Renminbi and Hong Kong dollar at the end of the reporting period.

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

36. Financial instruments, financial risks and capital risks management (Continued)

36.3 Financial risk management policies and objectives (Continued)

(ii) Interest rate risk management

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates. The Group monitors the movements in interest rates on an ongoing basis and evaluates the exposure for its debt obligations.

Interest rate sensitivity

The sensitivity analysis below has been determined based on the exposure to interest rates for borrowing from banks and financial institutions in Singapore, the People's Republic of China, Hong Kong and Malaysia at the end of the reporting period.

For floating rate liabilities, the analysis is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole year. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 100 basis points (2023: 100 basis points) higher or lower with all other variables held constant, the Group's profit for the financial year ended 31 December 2024, would decrease or increase by \$143,000 (2023: \$173,000).

No analysis is prepared at the Company level as the impact is not expected to be material.

(iii) Credit risk management

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in a financial loss to the Group. The Group has adopted the policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial losses from default. Credit risk is managed through the application of credit approvals, credit limits and monitoring procedures. Cash terms, advance payments and letter of credits are required for customers of lower credit standing.

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the consolidated statement of financial position except for the financial guarantees provided by the Company to banks for subsidiaries' borrowings as disclosed in Note 36.3(iii) – *Financial Guarantee Contracts*.

Trade receivables

The Group manages concentration of credit risk by performing credit analysis procedures to assess the potential customers' credit quality and defines credit limits by customer before offering credit term to any new customer.

The Group does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics except for outstanding trade receivables from 5 (2023: 5) major customers which represent 99% (2023: 99%) of total trade receivables balance as at 31 December 2024.

The Group applies the simplified approach, using a provision matrix, to measure the expected credit losses for trade receivables. To measure expected credit losses on a collective basis, trade receivables are grouped based on similar credit risk and aging.

The expected loss rates are based on the Group's historical credit losses experienced and then adjusted for current and forward-looking information on macroeconomic factors affecting the Group's customer.

36.3 Financial risk management policies and objectives (Continued)

(iii) Credit risk management (Continued)

Trade receivables (Continued)

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivables from the date credit was initially granted up to the end of the reporting period. Accordingly, the management believes that there is no further impairment required in excess of the loss allowance for trade receivables.

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired include observable date about the following events:

- significant financial difficulty of the issuer or the borrower;
- breach of contract, such as default or past due event;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider; or
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.

Further disclosures regarding expected credit loss on trade receivables, are disclosed in Note 5 to the financial statements.

Other receivables

Management assessed whether there is significant increase in credit risk for amount due from a subsidiary since initial recognition. Management considers various operating performance ratios as well as liquidity ratios of the subsidiary and concluded that the subsidiary has sufficient net assets to repay its debts and are therefore subject to insignificant expected credit losses. Besides, as per Note 36.2 to the financial statements, the other receivables due from the subsidiary is subject to offsetting against other payables due to that subsidiary based on enforceable master netting arrangements and similar agreements.

The management monitors and assesses at each reporting date on any indicator of significant increase in credit risk on these other receivables. As at the end of the reporting period, there is no indication that credit risk on these receivables have increased significantly, hence, these receivables are measured at 12-month expected credit loss model and subject to immaterial credit loss.

Cash and cash equivalents

The Group places its cash with creditworthy institutions with a minimum rating of "A-", based on Standard & Poor's rating. Impairment of cash at banks have been measured using a 12-month expected credit loss model. At the reporting date, the Group and the Company do not expect any material credit loss from non-performance by the counterparties.

Financial guarantee contracts

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks on subsidiaries' borrowings. The Company's maximum exposure are the maximum amount the Company could have to pay if the guarantee is called on. As at 31 December 2024, subsidiaries' borrowings of \$14,289,000 (2023: \$17,312,000) were guaranteed by the Company. For the financial guarantee issued, the Company has assessed that these subsidiaries have sufficient financial capabilities to meet their contractual cash flows obligation in the near future, hence, does not expect any material loss allowance under the 12-month expected credit loss model.

36. Financial instruments, financial risks and capital risks management (Continued)

(iv) Liquidity risk management

Individual operating entities within the Group are responsible for their own cash management, including the short-term investment of cash surplus and the raising of loans to cover expected cash demand, subject to approval by the Company's Board of Directors when the borrowings exceed certain predetermined levels of authority. The Group's policy is to regularly monitor its liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liability requirements in the short and longer term. Undrawn facilities are disclosed in Note 13 to the financial statements.

The Company is the holding company for all its subsidiaries and has the ability to control the timing of repayment for the liabilities owing to its subsidiaries, management is satisfied that the Company is able to meet its existing and prospective funding requirements and continue to operate as a going concern.

Financial liabilities at amortised cost

The following tables detail the remaining contractual maturity for non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group and the Company can be required to pay. The table includes both interest and principal cash flows. The adjustment column represents the possible future cash flows attributable to the instrument included in the maturity analysis which is not included in the carrying amount of the financial liabilities on the statements of financial position.

(v) Fair value of financial assets and financial liabilities

For financial reporting purposes, the fair value measurement of the Group's and the Company's financial and non-financial assets and liabilities utilises market observable inputs and data as far as possible. Inputs used in determining fair value measurements are categorised into different levels based on how observable the inputs used in the valuation technique utilised are (the 'fair value hierarchy'):

- Level 1: Quoted prices in active markets for identical items (unadjusted)
- Level 2: Observable direct or indirect inputs other than Level 1 inputs
- Level 3: Unobservable inputs (i.e. not derived from market data)

The classification of an item into the above levels is based on the lowest level of the inputs used that has a significant effect on the fair value measurement of the item. Transfers of items between levels are recognised in the period they occur.

Financial instrument that are not measured at fair value on a recurring basis

The carrying amounts of cash and cash equivalents, trade and other current receivables, trade and other payables approximate their respective fair values due to the relatively short-term maturity of these financial instruments. In respect of the financial assets and financial liabilities recorded at amortised cost whose maturity is more than a year, management also considers that such financial instruments approximate their fair values as such financial instruments are discounted at market interest rates of a similar instrument.

Notes to the Financial Statements

For the Financial Year Ended 31 December 2024

36.3 Financial risk management policies and objectives (Continued)

(v) Fair value of financial assets and financial liabilities (Continued)

Financial instrument that are not measured at fair value on a recurring basis (Continued)

The fair value of non-current borrowing was based on cash flow analysis, discounted at market borrowing rates of a similar instrument which management expected to be available to the Group. The borrowing is classified as Level 3.

There are no transfers between the levels of the fair value hierarchy during the financial year.

Fair value of financial instruments carried at fair value

The fair value of other investments and currency forward contracts is determined using quoted price and forward currency rates respectively at the end of the financial year. These investments are classified as Level 2.

36.4 Capital risk management policies and objectives

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings. The Group's overall strategy remains unchanged as at the end of the reporting period.

The capital structure of the Group consists of equity attributable to owners of the Company, comprising issued share capital and reserves and retained profits.

Management monitors capital based on the Group's current ratio and net gearing ratio. The Group is required by a bank which granted the term loan to maintain net gearing ratio of 1.25 times (2023: 1.25 times). As at 31 December 2024, the Group's current ratio were 3.67 (2023: 2.43). The Group's net gearing ratio for 31 December 2024 and 31 December 2023 is not presented as total cash and cash equivalents exceeded total borrowings and lease liabilities.

The current ratio is calculated as total current assets divided by total current liabilities.

The net gearing ratio is calculated as net borrowings divided by shareholders' funds. Net borrowings are calculated as total borrowings (Note 13) and lease liabilities (Note 14) less cash and cash equivalents (Note 4).

As disclosed in the Group's consolidated statement of changes in equity and Note 24 to the financial statements, a subsidiary is required by relevant laws and regulations of the PRC to contribute to and maintain a non-distributable PRC statutory reserve fund whose utilisation is subject to approval by the relevant PRC authorities.

The Group has complied with above externally imposed capital requirement for the financial years ended 31 December 2024 and 2023.

As at end of each reporting period, management had assessed that the Group's cash and cash equivalents, together with anticipated cash flow from future operations and borrowings available under the Group's credit facilities, will be sufficient to fund its operations and capital expenditure requirements for the next 12 months.

37. Authorisation of financial statements

The consolidated financial statements of the Group for the financial year ended 31 December 2024, statement of financial position of the Company as at 31 December 2024 and statement of changes in equity of the Company for the financial year ended 31 December 2024 were authorised for issue by the Directors on 18 March 2025.

AS SPECIAL BUSINESS

To consider and, if thought fit, to pass the following resolutions (with or without amendments) as Ordinary Resolutions:

9. **Authority to allot and issue shares**

That authority be and is hereby given to the Directors of the Company to:

- (a) (i) issue shares in the capital of the Company ("**Shares**") whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require Shares to be issued during the continuance of this authority or thereafter, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may, in their absolute discretion, deem fit; and

- (b) (notwithstanding that the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

Notice of Annual General Meeting

provided that:

- (1) the aggregate number of Shares to be issued pursuant to this Resolution (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed fifty per cent. (50%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with paragraph (2) below), of which the aggregate number of Shares to be issued other than on a *pro rata* basis to shareholders of the Company (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed twenty per cent. (20%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the Singapore Exchange Securities Trading Limited (“**SGX-ST**”)) for the purpose of determining the aggregate number of Shares that may be issued under paragraph (1) above, the percentage of the total number of issued Shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) at the time this Resolution is passed, after adjusting for:
 - (i) new Shares arising from the conversion or exercise of any convertible securities;
 - (ii) new Shares arising from exercising share options or the vesting of share awards, provided the share options or share awards were granted in compliance with the Listing Manual of the SGX-ST (“**Listing Manual**”); and
 - (iii) any subsequent bonus issue or consolidation or subdivision of Shares,

provided further that adjustments in accordance with sub-paragraphs (2)(i) and (ii) above are only to be made in respect of new Shares arising from convertible securities, share options or share awards which were issued and are outstanding or subsisting at the time of the passing of this Resolution;

- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.

[Resolution 8]
(Explanatory Note c)

10. Renewal of the Share Purchase Mandate

That:

- (a) for the purposes of Sections 76C and 76E of the Companies Act 1967 of Singapore (the “**Companies Act**”) as may be amended from time to time, the exercise by the Directors of the Company of all the powers of the Company to purchase or otherwise acquire Shares not exceeding in aggregate the Prescribed Limit (as hereinafter defined), at such price or prices as may be determined by the Directors of the Company from time to time up to the Maximum Price (as hereinafter defined), whether by way of:
 - (i) market purchases (each a “**Market Purchase**”) on the SGX-ST; and/or
 - (ii) off-market purchases (each an “**Off-Market Purchase**”) effected otherwise than on the SGX-ST in accordance with any equal access scheme(s) as may be determined or formulated by the Directors of the Company as they consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act,

and otherwise in accordance with all other laws, regulations and listing rules of the SGX-ST as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (the “**Share Purchase Mandate**”);

Notice of Annual General Meeting

- (b) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors of the Company pursuant to the Share Purchase Mandate in paragraph (a) of this Resolution may be exercised by the Directors of the Company at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on the earliest of:
- (i) the date on which the next Annual General Meeting of the Company is held or required by law to be held;
 - (ii) the date on which purchases or acquisitions of Shares are carried out to the full extent mandated; or
 - (iii) the date on which the authority conferred by the Share Purchase Mandate is revoked or varied by the Company in general meeting;

- (c) in this Resolution:

“subsidiary holdings” has the meaning ascribed to it in the Listing Manual;

“Prescribed Limit” means, subject to the Companies Act, 10% of the total number of issued Shares of the Company (excluding subsidiary holdings and any Shares which are held as treasury shares) as at the date of the passing of this Resolution; and

“Maximum Price”, in relation to a Share to be purchased or acquired, means an amount (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) not exceeding:

- (i) in the case of a Market Purchase, 105% of the Average Closing Price (as defined hereinafter); and
- (ii) in the case of an Off-Market Purchase, 120% of the Average Closing Price (as defined hereinafter),

where:

“Average Closing Price” means the average of the Closing Market Prices of the Shares over the last five (5) Market Days on the SGX-ST, on which transactions in the Shares were recorded, immediately preceding the day of the Market Purchase by the Company or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs during such five- Market Day period and the day of the Market Purchase or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase;

“Closing Market Price” means the last dealt price for a Share transacted through the SGX-ST’s trading system as shown in any publication of the SGX-ST or other sources;

“date of the making of the offer” means the date on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from shareholders, stating the purchase price (which must not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase; and

“Market Day” means a day on which the SGX-ST is open for trading in securities; and

- (d) the Directors of the Company be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they may consider expedient or necessary to give effect to the transactions contemplated by this Resolution.

[Resolution 9]
(Explanatory Note d)

Notice of Annual General Meeting

11. **Authority to grant Options and to allot and issue Shares in accordance with the Aztech Employee Share Option Scheme (“Aztech ESOS”)**

That approval be and is hereby given to the Directors of the Company to:

- (a) offer and grant Options in accordance with the provisions of the Aztech ESOS; and
- (b) allot and issue from time to time such number of fully paid-up Shares as may be required to be allotted and issued pursuant to the exercise of the Options under the Aztech ESOS granted while this Resolution was in force (notwithstanding that such issue of Shares may occur after the expiration of the authority contained in this Resolution),

provided that the aggregate number of Shares to be allotted and issued pursuant to the Aztech ESOS on any date, when aggregated with the number of Shares issued or issuable or existing Shares delivered or deliverable in respect of Options under the Aztech ESOS, awards under the Aztech Performance Share Plan and any other share schemes of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) on the day immediately preceding the date on which the Option is granted. **[Resolution 10]**

(Explanatory Note e)

12. **Authority to grant Awards and to allot and issue Shares under the Aztech Performance Share Plan (“Aztech PSP”)**

That approval be and is hereby given to the Directors of the Company to:

- (a) grant Awards in accordance with the provisions of Aztech PSP; and
- (b) allot and issue from time to time such number of fully paid-up Shares as may be required to be delivered pursuant to the release of the Awards under the Aztech PSP granted while this Resolution was in force (notwithstanding that such issue of Shares may occur after the expiration of the authority contained in this Resolution),

provided that the aggregate number of Shares to be allotted and issued pursuant to the release of the Awards under the Aztech PSP on any date, when aggregated with the number of Shares issued or issuable or existing Shares delivered or deliverable in respect of Awards under the Aztech PSP, Options under the Aztech ESOS and any other share schemes of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued Shares of the Company (excluding treasury shares and subsidiary holdings) on the day immediately preceding the date on which the Award is granted.

[Resolution 11]

(Explanatory Note f)

13. **Authority to allot and issue Shares pursuant to the Aztech Scrip Dividend Scheme**

That approval be and is hereby given to the Directors of the Company to allot and issue from time to time such number of new ordinary shares in the Company as may be required to be allotted and issued under the Aztech Scrip Dividend Scheme, on such terms and conditions as may be determined by the Directors and to do all acts and things which they may in their absolute discretion deem necessary or desirable to carry the same into effect.

[Resolution 12]

(Explanatory Note g)

By Order of the Board

Ms. Pavani Nagarajah
Company Secretary
25 March 2025
Singapore

Notice of Annual General Meeting

Explanatory Notes:

a. Ordinary Resolution 4

Ordinary Resolution 4, if passed, will facilitate payment of the Directors' fees for the financial year ending 31 December 2025. The Directors' fees for Mr. Michael Mun Hong Yew, Mr. Jeremy Mun Weng Hung, Mr. Tan Teik Seng, Mr. Larry Tan Jwee Meng, Mr. Christopher Huang Junli and Ms. Jeann Low Ngiap Jong, will be paid in four (4) instalments on a quarterly basis, within thirty (30) days of the end of each quarter, with the payment for the first quarter of the year to be paid within thirty (30) days of the receipt of approval of the members at the forthcoming AGM. The aggregate amount of Directors' fees for the said Directors is calculated on the assumption that all Directors will hold office for the whole of the financial year ending 31 December 2025.

b. Ordinary Resolutions 5 and 6

Mr. Michael Mun Hong Yew will, upon re-election as a Director of the Company, remain an Executive Chairman and Chief Executive Officer of the Company.

Mr. Larry Tan Jwee Meng will, upon re-election as a Director of the Company, remain an Independent Director.

The profiles of Mr. Michael Mun Hong Yew and Mr. Larry Tan Jwee Meng can be found in the "Board of Directors" section of the Company's Annual Report 2024 and the additional information required by Rule 720(6) of the Listing Manual of the SGX-ST is provided in the "Additional Information on Directors Seeking Re-election" section of the Company's Annual Report 2024.

c. Ordinary Resolution 8

Ordinary Resolution 8, if passed, will empower the Directors to issue Shares in the capital of the Company and to make or grant instruments (such as warrants or debentures) convertible into Shares, and to issue Shares in pursuance of such instruments, up to a number not exceeding fifty per cent. (50%), of which up to twenty per cent. (20%) may be issued other than on a *pro rata* basis to shareholders of the Company.

For the purpose of determining the aggregate number of Shares that may be issued, the percentage of issued Shares shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time that Ordinary Resolution 8 is passed, after adjusting for (a) new Shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which were issued and are outstanding or subsisting at the time that Ordinary Resolution 8 is passed, and (b) any subsequent bonus issue or consolidation or subdivision of shares. This authority will, unless revoked or varied at a general meeting, expire at the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required by law to be held, whichever is earlier.

d. Ordinary Resolution 9

Ordinary Resolution 9 relates to the renewal of the mandate authorising the Company to purchase its own Shares, which was first approved by the shareholders at an extraordinary general meeting held on 13 October 2021. Please refer to the Appendix to the Company's Annual Report 2024 for more information.

e. Ordinary Resolution 10

Ordinary Resolution 10, if passed, will empower the Directors to offer and grant Options under the Aztech ESOS and to allot and issue new Shares in the capital of the Company upon the exercise of such Options in accordance with the Aztech ESOS (as may be modified by the Committee from time to time), provided that the aggregate number of Shares to be allotted and issued pursuant to the Aztech ESOS, when aggregated with the number of Shares issued or issuable or existing Shares delivered or deliverable in respect of Options under the Aztech ESOS, awards under the Aztech PSP and any other share schemes of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) on the day immediately preceding the date on which an Option is granted.

f. Ordinary Resolution 11

Ordinary Resolution 11, if passed, will empower the Directors to grant Awards and to issue and allot Shares pursuant to the vesting of the Awards under the Aztech PSP. The grant of Awards under the Aztech PSP will be made in accordance with the provisions of the Aztech PSP. The aggregate number of Shares which may be issued pursuant to the Aztech PSP, when aggregated with the number of Shares issued or issuable or existing Shares delivered or deliverable in respect of Awards under the Aztech PSP, Options under the Aztech ESOS and any other share schemes of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) on the day immediately preceding the date on which the Award is granted.

Notice of Annual General Meeting

g. Ordinary Resolution 12

Ordinary Resolution 12, if passed, will authorise the Directors to allot and issue Shares of the Company pursuant to the Aztech Scrip Dividend Scheme (“**Scrip Dividend Scheme**”) to participating shareholders who, in respect of a qualifying dividend, have elected to receive scrip in lieu of the cash amount, in whole or in part, of that qualifying dividend. The authority will continue until the next annual general meeting of the Company, or the date by which the next annual general meeting is required by law to be held, whichever is earlier (unless such authority is revoked at a general meeting). Authority sought under Ordinary Resolution 12 is in addition to the general authority to issue Shares sought under Ordinary Resolution 8. For the avoidance of doubt, the Scrip Dividend Scheme is not applicable to the final one-tier tax exempt dividend of S\$0.03 per ordinary share for the financial year ended 31 December 2024, as proposed in Ordinary Resolution 2 or the special dividend of \$0.07 per ordinary share for the financial year ended 31 December 2024, as proposed in Ordinary Resolution 3.

NOTICE OF RECORD DATE AND DISTRIBUTION PAYMENT DATE

As stated in the Notice of Record Date set out in the Company’s announcement dated 25 February 2025, the Company wishes to notify shareholders that the Transfer Book and Register of Members of the Company will be closed at 5.00 p.m. (Singapore time) on 21 April 2025 for the purpose of determining shareholders’ entitlements to the proposed final dividend of S\$0.03 per ordinary share in respect of the financial year ended 31 December 2024 (“**FY2024 Final Dividend**”) and the proposed special dividend of S\$0.07 per ordinary share in respect of the financial year ended 31 December 2024 (“**FY2024 Special Dividend**”). The FY2024 Final Dividend and FY2024 Special Dividend, if approved by shareholders at the 2025 AGM, will be paid on 29 April 2025.

Duly completed registrable transfers of the Shares received by the Company’s Registrar, B.A.C.S. Private Limited, at 77 Robinson Road, #06-03, Robinson 77, Singapore 068896 up to 5.00 p.m. (Singapore time) on 21 April 2025 will be registered before entitlements to the FY2024 Final Dividend and the FY2024 Special Dividend are determined.

Members whose securities accounts with The Central Depository (Pte) Limited (“**CDP**”) are credited with Shares at 5.00 p.m. on 21 April 2025 will rank for the FY2024 Final Dividend and the FY2024 Special Dividend.

Notes:

- (i) The AGM will be held, in a **wholly physical format**, at Suntec Singapore Convention & Exhibition Centre, MR 324 (Level 3), 1 Raffles Boulevard, Suntec City, Singapore 039593, on **Friday, 11 April 2025**. Please bring along your NRIC/passport to enable the Company to verify your identity. Shareholders and other attendees who are feeling unwell on the date of the AGM are advised not to attend the AGM in person. Printed copies of this Notice of AGM, the Proxy Form and the Request Form will be sent by post to members. This Notice of AGM is also published on the Company’s website at <https://www.aztechglobal.com/agm/index.html> and SGXNET at <https://www.sgx.com/securities/company-announcements>.
- (ii) If shareholders have any questions in relation to any of the resolutions tabled for approval at the AGM, shareholders may send their queries in advance of the AGM, by **10.00 a.m. on 1 April 2025** (the “**Deadline**”), via electronic mail to the Company’s corporate secretarial team at agm@aztech.com, or by post to 31 Ubi Road 1, #01-05, Singapore 408694, together with their full name, identification numbers, contact numbers and email address and manner in which they hold Shares in the Company (e.g. via CDP, CPF or SRS). The Company will address all substantial and relevant queries received by the Deadline from shareholders, by **10.00 a.m. on 4 April 2025** (being at least 48 hours prior to the deadline for the submission of Proxy Forms). Any substantial or relevant questions received after the Deadline will be addressed at the AGM itself. The Company will also publish its responses to the questions raised during the AGM on its corporate website and on SGXNET.
- (iii)
 - (a) A member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such member’s Proxy Form appoints more than one (1) proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the Proxy Form. If no percentage is specified, the first named proxy shall be deemed to represent 100 per cent. of the shareholdings and the second named proxy shall be deemed to be an alternate to the first named proxy.
 - (b) A member who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member. Where such member’s proxy form appoints more than two (2) proxies, the number and class of Shares in relation to which each proxy has been appointed shall be specified in the Proxy Form. In relation to a relevant intermediary who wishes to appoint more than two (2) proxies, it should annex to the Proxy Form the list of proxies, setting out, in respect of each proxy, the name, address, NRIC/Passport Number and proportion of shareholding (number of shares, class of shares and percentage) in relation to which the proxy has been appointed. If the relevant information is not specified, the first named proxy shall be deemed to represent 100 per cent. of the shareholdings. For the avoidance of doubt, a CPF Agent Bank who intends to appoint Central Provident Fund Investment Scheme (“**CPFIS**”) investors or Supplementary Retirement Scheme (“**SRS**”) investors as its proxies shall comply with this Note.

“**Relevant intermediary**” has the meaning ascribed to it in Section 181 of the Companies Act.

Notice of Annual General Meeting

- (iv) A proxy need not be a member of the Company. A member may choose to appoint the Chairman of the AGM as his/her/its proxy, but this is not mandatory.
- (v) The Proxy Form, together with the power of attorney or other authority under which it is signed (if applicable) or a notarially certified copy thereof, must be:
 - (a) if sent personally or by post, deposited with: Aztech Global Ltd., c/o B.A.C.S. Private Limited, at 77 Robinson Road, #06-03, Robinson 77, Singapore 068896; or
 - (b) if submitted by electronic mail, received by the Company at agm@aztech.com.

in either case, by **10.00 a.m.** on **8 April 2025**, being 72 hours before the time of the AGM, and any instrument of proxy received after the aforementioned cut-off time shall be treated as invalid.

A member who wishes to submit a Proxy Form by post or via email can either use the printed copy of the Proxy Form which is sent to him/her/it by post or download, complete and sign the Proxy Form, before submitting it by post to the address provided above or scanning and sending it by email to the email address provided above.

If a member elects to submit duly completed Proxy Forms electronically via electronic mail, all subsequent correspondence with the Company in relation to the AGM shall be conducted via electronic mail and sent to the same electronic mail address from which the Proxy Forms were submitted.

Completion and return of the instrument appointing a proxy shall not preclude a member from attending, speaking and voting at the AGM if he/she so wishes. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the AGM in person and, in such event, the Company reserves the right to refuse to admit any person or persons appointed under the relevant instrument of proxy to the AGM.

- (vi) The Proxy Form must be under the hand of the appointer or of his attorney duly authorised in writing. Where the Proxy Form is executed by a corporation, it must be executed either under its common seal or under the hand of an officer or attorney duly authorised. Where the Proxy Form is executed by an attorney on behalf of the appointer, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
- (vii) A corporation which is a shareholder of the Company may, in accordance with Section 179 of the Companies Act, authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM.
- (viii) The Company shall be entitled to reject the instrument appointing the Chairman of the AGM or such other person as a proxy, if it is incomplete, improperly completed, illegible or where the true intentions of the appointer are not ascertainable from the instructions of the appointer specified on the instrument appointing the Chairman of the AGM or such other person as a proxy. In addition, in the case of a member whose shares are entered in the Depository Register, the Company may reject an instrument of proxy if the member, being the appointer, is not shown to have shares entered against his or her name in the Depository Register as at 72 hours before the time appointed for holding the AGM, as certified by CDP to the Company.
- (ix) Persons who hold shares in the Company through relevant intermediaries (as defined in Section 181 of the Companies Act), other than CPFIS and SRS investors, and who wish to participate in the AGM by (a) attending the AGM in person; (b) submitting questions to the Chairman of the AGM in advance of, or at, the AGM; and/or (c) voting at the AGM (i) themselves; or (ii) by appointing the Chairman of the AGM as proxy to attend, speak and vote on their behalf at the AGM, should contact the relevant intermediary through which they hold such shares as soon as possible in order to make the necessary arrangements for them to participate in the AGM.
- (x) In addition, CPFIS and SRS investors who wish to request their CPF Agent Banks or SRS Operators to appoint themselves or the Chairman of the AGM as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes by **10.00 a.m.** on **1 April 2025**.

The Company's Annual Report 2024 and the Appendix to the Company's Annual Report 2024 dated 25 March 2025 will be published on the Company's corporate website at <https://www.aztechglobal.com/agm/index.html> and will also be made available on SGXNET at <https://www.sgx.com/securities/company-announcements>. You will need an internet browser and PDF reader to view these documents. **Printed copies of these documents will not be sent to shareholders.** Shareholders may request a printed copy of the Company's Annual Report 2024 and the Appendix to the Company's Annual Report 2024 by completing the Request Form which has been sent to shareholders via post.

APPENDIX DATED 25 MARCH 2025

THIS APPENDIX IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. PLEASE READ IT CAREFULLY.

If you are in any doubt as to the action you should take, you should consult your stockbroker, bank manager, solicitor, accountant, tax adviser or other professional adviser immediately.

This Appendix is circulated to Shareholders of Aztech Global Ltd. (the “**Company**”) together with the Company’s Annual Report for FY2024 and may be accessed at the Company’s corporate website at the URL <https://www.aztechglobal.com/agm/index.html> and the SGXNET website at the URL <https://www.sgx.com/securities/company-announcements>. The purpose of this Appendix is to provide information and explain to the shareholders of the Company the rationale for the proposed renewal of the Share Purchase Mandate to be tabled at the Company’s Annual General Meeting to be held, in a wholly physical format, at Suntec Singapore Convention & Exhibition Centre, MR 324 (Level 3), 1 Raffles Boulevard, Suntec City, Singapore 039593 on **Friday, 11 April 2025 at 10.00 a.m. (Singapore time)** (the “**2025 AGM**”). **There will be no option for Shareholders to attend, speak and vote via virtual meeting technology.**

If shares in Aztech Global Ltd. (the “**Company**”) held through The Central Depository (Pte) Limited (“**CDP**”) have been sold or transferred, the Shareholder or investor (as the case may be) need not forward the Notice of Annual General Meeting and the Proxy Form to the purchaser or transferee, as arrangements will be made by CDP for these documents to be sent to the purchaser or transferee. If shares in the Company represented by physical share certificate(s) have been sold or transferred, the Shareholder should immediately forward the Notice of Annual General Meeting and the Proxy Form to the purchaser or transferee or the bank, stockbroker or other agent through whom the sale or transfer was effected for onward notification to the purchaser or transferee.

The Singapore Exchange Securities Trading Limited (“**SGX-ST**”) assumes no responsibility for the correctness of any of the statements made, reports contained or opinions expressed in this Appendix.

To: The Shareholders of **Aztech Global Ltd.**

Dear Shareholders

1. INTRODUCTION

We refer to Ordinary Resolution 9 set out in the Notice convening the 2025 AGM to be held on 11 April 2025, relating to the proposed renewal of the Share Purchase Mandate.

The purpose of this Appendix is to provide Shareholders with information relating to the proposed renewal of the Share Purchase Mandate to be tabled at the 2025 AGM, and to seek Shareholders' approval at the 2025 AGM for the same.

The SGX-ST assumes no responsibility for the correctness of any of the statements made, reports contained or opinions expressed in this Appendix.

If you are in any doubt as to the action you should take, you should consult your stockbroker, bank manager, solicitor, accountant, tax advisor or other professional adviser immediately.

2. THE PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE

2.1 Background

At the 2024 AGM held on 16 April 2024, Shareholders had approved the renewal of the share purchase mandate (the "**2024 Share Purchase Mandate**") to enable the Company to purchase or otherwise acquire issued Shares. The rationale for, and the authority and limitations on, the 2024 Share Purchase Mandate were set out in the appendix to the notice of the 2024 AGM dated 1 April 2024.

The 2024 Share Purchase Mandate will expire on the date of the forthcoming AGM, being the 2025 AGM. Accordingly, Shareholders' approval is being sought for the renewal of the Share Purchase Mandate at the 2025 AGM.

2.2 Shares Purchased or Acquired during the Previous 12 Months

As at the Latest Practicable Date, the Company had purchased or acquired by way of Market Purchases (as set out in paragraph 2.4.3(a) below) an aggregate of 159,400 Shares pursuant to the 2024 Share Purchase Mandate approved by Shareholders at the 2024 AGM. The highest and lowest prices paid were S\$0.92 and S\$0.94 per Share respectively and the total consideration paid for all purchases was S\$148,242.00 excluding commission, brokerage and goods and services tax.

As at the Latest Practicable Date, 2,032,000 Shares that were purchased or acquired by the Company are held as Treasury Shares.

Appendix to Annual Report

(Share Buy Back)

2.3 Rationale

The proposed Share Purchase Mandate will give the Company the flexibility to undertake purchases or acquisitions of its issued Shares during the period when the Share Purchase Mandate is in force, if and when circumstances permit. The purchases or acquisitions of Shares may, depending on market conditions and funding arrangements at the time, allow the Directors to better manage the Company's capital structure with a view to enhancing the earnings per share and/or net asset value per share of the Group. The purchases or acquisitions of Shares may, in appropriate circumstances, also help to mitigate short-term market volatility in the Company's share price, offset the effects of short-term speculation and bolster Shareholders' confidence. The Share Purchase Mandate may also be used to purchase or acquire existing Shares to satisfy options granted or awards given in relation to the Aztech Employee Share Option Scheme, the Aztech Performance Share Plan and any other employee share schemes which may be implemented by the Company, and allow the management of the Company to effectively manage and minimise the dilution impact (if any) associated with employee share schemes.

The Directors will decide whether to effect the purchases or acquisitions of its Shares via Market Purchases or Off-Market Purchases (both as defined below), after taking into account the prevailing market conditions, the financial position of the Group and other relevant factors.

2.4 Terms of the Share Purchase Mandate

The authority and limitations placed on the purchases or acquisitions of Shares by the Company pursuant to the Share Purchase Mandate, if renewed at the 2025 AGM, are substantially the same as those previously approved by Shareholders at the 2024 AGM. These are summarised below:

2.4.1 Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company.

The total number of Shares that may be purchased or acquired by the Company pursuant to the Share Purchase Mandate must not exceed 10% of the total number of Shares (excluding subsidiary holdings and any Shares which are held as treasury shares) in issue as at the date of the 2025 AGM at which the renewal of the Share Purchase Mandate is approved, unless the Company has reduced its share capital by a special resolution under Section 78C of the Companies Act, in which event the total number of Shares shall be taken to be the total number of Shares as altered by the special resolution.

As at the Latest Practicable Date, the Company is holding 2,032,000 Shares as treasury shares and has no subsidiary holdings. Purely for illustrative purposes, on the basis of a total of 771,793,545 issued Shares (excluding treasury shares) as at the Latest Practicable Date, and assuming that no further Shares are issued, no further Shares are purchased or acquired and held by the Company as treasury shares and that there are no subsidiary holdings, on or prior to the 2025 AGM, not more than 77,179,354 Shares (representing 10% of the total number of Shares in issue as at that date (excluding treasury shares and subsidiary holdings)) may be purchased by the Company pursuant to the Share Purchase Mandate.

2.4.2 Duration of Authority

Purchases or acquisitions of Shares by the Company may be made, at any time and from time to time, on and from the date of the 2025 AGM at which the renewal of the Share Purchase Mandate is approved, up to the earliest of:

- (a) the date on which the next annual general meeting of the Company is held or required by law to be held; or
- (b) the date on which purchases or acquisitions of Shares are carried out to the full extent mandated; or
- (c) the date on which the authority conferred by the Share Purchase Mandate is revoked or varied by the Company in general meeting.

Appendix to Annual Report

(Share Buy Back)

The Share Purchase Mandate may be renewed by the Shareholders at the next annual general meeting or at any other general meeting of the Company. When seeking the approval of the Shareholders for the renewal of the Share Purchase Mandate, the Company is required to disclose details pertaining to purchases or acquisitions of Shares pursuant to the Share Purchase Mandate made during the previous 12 months, including the total number of Shares purchased or acquired, the purchase price per Share or the highest and lowest prices paid for such purchases or acquisitions of Shares, where relevant, and the total consideration paid for such purchases or acquisitions.

2.4.3 Manner of Purchases or Acquisitions of Shares

Purchases or acquisitions of Shares by the Company may be made by way of:

- (a) an on-market purchase transacted through the SGX-ST's trading system, through one or more duly licensed stockbrokers appointed by the Company for the purpose ("**Market Purchase**"); and/or
- (b) an off-market purchase in accordance with an equal access scheme as defined in Section 76C of the Companies Act ("**Off-Market Purchase**").

In an Off-Market Purchase, the Directors may impose such terms and conditions, which are not inconsistent with the Share Purchase Mandate, the Constitution, the Listing Manual, the Companies Act and other applicable laws and regulations, as they consider fit in the interests of the Company in connection with or in relation to an equal access scheme or schemes.

Under the Companies Act, an equal access scheme must satisfy all the following conditions:

- (a) the offers under the scheme are to be made to every person who holds shares to purchase or acquire the same percentage of their shares;
- (b) all of those persons have a reasonable opportunity to accept the offers made to them; and
- (c) the terms of all the offers are the same except that there must be disregarded:
 - (i) differences in consideration attributable to the fact that the offers relate to shares with different accrued dividend entitlements;
 - (ii) differences in consideration attributable to the fact that the offers relate to shares with different amounts remaining unpaid; and
 - (iii) differences in the offers introduced solely to ensure that each person is left with a whole number of shares.

Under the Listing Manual, in making an Off-Market Purchase, a listed company must issue an offer document to all shareholders containing, inter alia, the following information:

- (a) the terms and conditions of the offer;
- (b) the period and procedures for acceptances;
- (c) the reasons for the proposed share purchases;
- (d) the consequences, if any, of share purchases by the listed company that will arise under the Take-over Code or other applicable take-over rules;
- (e) whether the share purchases, if made, could affect the listing of the listed company's equity securities on the SGX-ST;

Appendix to Annual Report

(Share Buy Back)

- (f) details of any share purchases made by the listed company in the previous 12 months (whether by way of Market Purchases or Off-Market Purchases), giving the total number of shares purchased, the purchase price per share or the highest and lowest prices paid for the purchases, where relevant, and the total consideration paid for the purchases; and
- (g) whether the shares purchased by the listed company will be cancelled or kept as treasury shares.

2.4.4 Maximum Purchase Price

The purchase price (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) to be paid for the Shares will be determined by the Directors, provided that such purchase price must not exceed:

- (a) in the case of a Market Purchase, 105% of the Average Closing Price (as defined hereinafter); and
 - (b) in the case of an Off-Market Purchase, 120% of the Average Closing Price (as defined hereinafter),
- ("Maximum Price") in either case, excluding related expenses of the purchase or acquisition.

For the purposes of this Appendix:

"Average Closing Price" means the average of the Closing Market Prices of the Shares over the last five (5) Market Days on the SGX-ST, on which transactions in the Shares were recorded, immediately preceding the day of the Market Purchase by the Company or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs during such five-Market Day period and the day of the Market Purchase or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase;

"Closing Market Price" means the last dealt price for a Share transacted through the SGX-ST's trading system as shown in any publication of the SGX-ST or other sources; and

"date of the making of the offer" means the date on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from Shareholders, stating the purchase price (which must not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

2.5 Status of Purchased or Acquired Shares: Held in Treasury or Cancelled

Any Shares purchased or acquired pursuant to the Share Purchase Mandate will be dealt with in such manner as may be permitted by the Companies Act.

Under the Companies Act, any Share purchased or acquired by the Company is deemed to be cancelled immediately on purchase or acquisition (and all rights and privileges attached to that Share shall expire on cancellation), unless such Share is held by the Company in treasury in accordance with Sections 76H to 76K of the Companies Act. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company, which are cancelled and are not held as treasury shares.

2.5.1 Treasury Shares

Under the Companies Act, Shares purchased or acquired by the Company may be held or dealt with as treasury shares. Certain provisions on treasury shares under the Companies Act are summarised below:

- (a) Maximum Holding: The aggregate number of Shares held by the Company as treasury shares must not at any time exceed 10% of the total number of Shares (excluding subsidiary holdings and any Shares which are held as treasury shares) in issue at that time. In the event that the aggregate number of treasury shares held by the Company exceeds the aforesaid limit, the Company must dispose of or cancel the excess treasury shares in accordance with Section 76K of the Companies Act within six (6) months from the day the aforesaid limit is first exceeded, or such further period as may be allowed by ACRA.

Appendix to Annual Report

(Share Buy Back)

- (b) Voting and Other Rights: The Company must not exercise any right in respect of the treasury shares. In particular, the Company must not exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company is to be treated as having no right to vote and the treasury shares are to be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution (whether in cash or otherwise) of the Company's assets (including any distribution of assets to members of the Company on a winding up) may be made, to the Company in respect of treasury shares. However, the allotment of shares as fully paid bonus shares in respect of the treasury shares is allowed. A subdivision or consolidation of any treasury share into treasury shares of a greater or smaller amount is allowed so long as the total value of the treasury shares after the subdivision or consolidation is the same as before.

- (c) Disposal or Cancellation: Where Shares are held as treasury shares, the Company may at any time:
- (i) sell the treasury shares (or any of them) for cash;
 - (ii) transfer the treasury shares (or any of them) for the purposes of or pursuant to any share scheme, whether for employees, directors or other persons, including the Aztech Employee Share Option Scheme and the Aztech Performance Share Plan;
 - (iii) transfer the treasury shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;
 - (iv) cancel the treasury shares (or any of them); or
 - (v) sell, transfer or otherwise use the treasury shares for such other purposes as the Minister for Finance may by order prescribe.

In addition, under the Listing Manual, an immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares. Such announcement must include details such as (A) the date of the sale, transfer, cancellation and/or use of such treasury shares, (B) the purpose of such sale, transfer, cancellation and/or use of such treasury shares, (C) the number of treasury shares which have been sold, transferred, cancelled and/or used, (D) the number of treasury shares before and after such sale, transfer, cancellation and/or use, (E) the percentage of the number of treasury shares against the total number of issued shares (of the same class as the treasury shares) which are listed before and after such sale, transfer, cancellation and/or use and (F) the value of the treasury shares if they are used for a sale or transfer, or cancelled.

2.5.2 Purchased or Acquired Shares Cancelled

Under the Companies Act, where Shares purchased or acquired by the Company are cancelled, the Company must:

- (a) reduce the amount of its share capital where the Shares were purchased or acquired out of the capital of the Company;
- (b) reduce the amount of its profits where the Shares were purchased or acquired out of the profits of the Company; or
- (c) reduce the amount of its share capital and profits proportionately where the Shares were purchased or acquired out of both the capital and the profits of the Company,

by the total amount of the purchase price paid by the Company for the Shares cancelled, which includes any expenses (including brokerage or commission) incurred directly in such purchase or acquisition of Shares.

Shares which are cancelled will be automatically delisted by the SGX-ST, and certificates (if any) in respect thereof will be cancelled and destroyed by the Company as soon as reasonably practicable following such cancellation. The total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company and which are cancelled and not held as treasury shares.

2.6 Source of Funds

In purchasing or acquiring its Shares, the Company may only apply funds legally available for such purchase or acquisition as provided in the Constitution of the Company and in accordance with applicable laws in Singapore.

Under the Companies Act, purchases or acquisitions of Shares by the Company may be made out of the Company's profits and/or capital so long as the Company is solvent. Under Section 76F(4) of the Companies Act, the Company is solvent if at the date of payment for the purchase or acquisition of its Shares, the following conditions are satisfied:

- (a) there is no ground on which the Company could be found to be unable to pay its debts,
- (b) if:
 - (i) it is intended to commence winding up within the period of 12 months immediately after the date of payment, the Company will be able to pay its debts in full within such period, or
 - (ii) it is not intended so to commence winding up, the Company will be able to pay its debts as they fall due during the period of 12 months immediately after the date of payment; and
- (c) the value of the Company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after the proposed purchase or acquisition of Shares become less than the value of its liabilities (including contingent liabilities).

The Company intends to use the Group's internal resources or external borrowings, or a combination of both to finance its purchases or acquisitions of Shares pursuant to the Share Purchase Mandate. In purchasing or acquiring Shares pursuant to the Share Purchase Mandate, the Directors will, principally, consider the availability of internal resources and thereafter consider the availability of external financing.

The Directors do not propose to exercise the Share Purchase Mandate in a manner and to such an extent that would materially and adversely affect the working capital requirements, the financial position of the Group taken as a whole, the financial flexibility or the investment ability of the Group. The purchase of its own Shares will only be effected after considering relevant factors such as the working capital requirements, availability of financial resources, the expansion and investment plans of the Group and the prevailing market conditions.

2.7 Financial Effects

The financial effects on the Company and the Group arising from purchases or acquisitions of Shares which may be made pursuant to the Share Purchase Mandate will depend on, inter alia, the aggregate number of Shares purchased or acquired, the price paid for such Shares, whether the purchase or acquisition is made out of capital or profits of the Company, the amount (if any) borrowed by the Group to fund the purchases or acquisitions, and whether the Shares purchased or acquired are held in treasury or cancelled. The financial effects on the Company and the Group, based on the audited financial accounts of the Company and the Group for FY2024, are based on the assumptions set out below.

2.7.1 Purchase or Acquisition of Shares made out of Capital and/or Profits

Under the Companies Act, purchases or acquisitions of Shares by the Company may be made out of the Company's profits and/or capital so long as the Company is solvent.

Where the purchase or acquisition of Shares is made out of capital, the profits available for distribution as dividends by the Company will not be reduced.

Where the purchase or acquisition of Shares is made out of profits, the purchase price paid by the Company for the Shares will correspondingly reduce the profits available for distribution as dividends by the Company.

Based on the audited accounts of the Company for FY2024, the Company had retained profits of about S\$141.8 million as at 31 December 2024. Accordingly, in respect of the Share Purchase Mandate sought at the 2025 AGM, it is expected that the purchases or acquisitions of Shares will be made out of capital.

Appendix to Annual Report

(Share Buy Back)

For the purposes of paragraph 2.7 of this Appendix, the purchase price paid by the Company for the Shares does not include any expenses (including brokerage or commission) incurred in such purchase or acquisition of the Shares.

2.7.2 Number of, and Maximum Price paid for, Shares Purchased or Acquired

As at the Latest Practicable Date, the Company has a total of 771,793,545 Shares in issue (excluding treasury shares) and has no subsidiary holdings. Further, as at the Latest Practicable Date, the Company has a total of 2,032,000 treasury shares.

Based on 771,793,545 Shares in issue (excluding treasury shares and subsidiary holdings) as at the Latest Practicable Date and assuming that no further Shares are issued, no further Shares are purchased or acquired and held by the Company as treasury shares and there are no subsidiary holdings on or prior to the forthcoming 2025 AGM, the purchase or acquisition by the Company of up to the maximum limit of 10% of the total number of its issued Shares (excluding treasury shares and subsidiary holdings) will result in the purchase or acquisition by the Company of up to 77,179,354 Shares.

The financial effects of the purchase or acquisition of Shares by the Company set out below in this paragraph 2.7 are on the basis of the purchase or acquisition of 77,179,300 Shares (rounded down to the nearest 100 Shares) made entirely out of the capital of the Company.

In the case of Market Purchases by the Company made entirely out of capital and assuming that the Company purchases or acquires 77,179,300 Shares at the Maximum Price of S\$0.795 for each Share (being the price equivalent to 105% of the Average Closing Price of the Shares over the last five Market Days on the SGX-ST, on which transactions in the Shares were recorded, immediately preceding the Latest Practicable Date (rounded down to the nearest S\$0.005)), the maximum amount of funds required for the purchase or acquisition of 77,179,300 Shares is approximately S\$61.358 million.

In the case of Off-Market Purchases by the Company made entirely out of capital and assuming that the Company purchases or acquires 77,179,300 Shares at the Maximum Price of S\$0.910 for each Share (being the price equivalent to 120% of the Average Closing Price of the Shares over the last five Market Days on the SGX-ST, on which transactions in the Shares were recorded, immediately preceding the Latest Practicable Date (rounded down to the nearest S\$0.005)), the maximum amount of funds required for the purchase or acquisition of 77,179,300 Shares is approximately S\$70.233 million.

2.7.3 Illustrative Financial Effects

It is not possible for the Company to realistically calculate or quantify the financial effects of Share purchases or acquisitions that may be made pursuant to the Share Purchase Mandate as the resultant effect would depend on, *inter alia*, the aggregate number of Shares purchased or acquired, the price paid for such Shares and whether the Shares purchased or acquired are held in treasury or cancelled.

Purely for illustrative purposes only, based on the audited financial statements of the Company and the Group for FY2024, the assumptions stated above and assuming the following:

- (a) purchases or acquisitions of Shares by the Company are funded solely from internal resources;
- (b) the transaction costs incurred for such purchase or acquisition of Shares pursuant to the Share Purchase Mandate are assumed to be insignificant and have been ignored for the purpose of computing the financial effects; and
- (c) there were no issuances of Shares after the Latest Practicable Date,

Appendix to Annual Report

(Share Buy Back)

the effects of such purchases or acquisitions of Shares by way of Market Purchases and Off-Market Purchases on the financial positions of the Company and the Group under each of the following Scenarios A and B (as explained below) are as set out in the tables below:

- (i) **Scenario A:** Market Purchases or Off-Market Purchases (as the case may be) of 77,179,300 Shares made entirely out of capital and **held as treasury shares**; and
- (ii) **Scenario B:** Market Purchases or Off-Market Purchases (as the case may be) of 77,179,300 Shares made entirely out of capital and **cancelled**.

SHAREHOLDERS SHOULD NOTE THAT THE FINANCIAL EFFECTS SET OUT BELOW, BASED ON THE RESPECTIVE ASSUMPTIONS STATED BELOW, ARE FOR ILLUSTRATION PURPOSES ONLY AND ARE NOT NECESSARILY REPRESENTATIVE OF FUTURE FINANCIAL PERFORMANCE. IN ADDITION, THE ACTUAL IMPACT WILL DEPEND ON, *INTER ALIA*, THE ACTUAL NUMBER AND PRICE OF SHARES THAT MAY BE PURCHASED OR ACQUIRED BY THE COMPANY, WHETHER THE PURCHASE OR ACQUISITION OF SHARES IS MADE OUT OF THE PROFITS OR CAPITAL OF THE COMPANY AND WHETHER THE SHARES PURCHASED OR ACQUIRED ARE HELD IN TREASURY OR CANCELLED.

Although the Share Purchase Mandate would authorise the Company to purchase up to 10% of the total number of the Company's issued Shares (excluding treasury shares and subsidiary holdings), the Company may not necessarily purchase or acquire or be able to purchase or acquire the entire 10% of the total number of the issued Shares (excluding treasury shares and subsidiary holdings) as mandated. In addition, the Company may cancel all or part of the Shares purchased or hold all or part of the Shares purchased in treasury. The Directors would emphasise that they do not propose to exercise the Share Purchase Mandate to such an extent that would, or in circumstances that might, result in a material adverse effect on the financial position of the Group taken as a whole, or result in the Company being delisted from the SGX-ST.

No adjustments have been made to take into account foregone interest income as a result of the use of funds for the purchase of Shares.

2.8 Tax Implications

Shareholders who are in doubt as to their respective tax positions or any tax implications arising from the purchase or acquisition of Shares by the Company, including those who may be subject to tax in a jurisdiction outside Singapore, should consult their own professional advisers.

2.9 Listing Manual

2.9.1 No Purchases during Price Sensitive Developments

Whilst the Listing Manual does not expressly prohibit any purchase of shares by a listed company during any particular time or times, because the listed company would be regarded as an “insider” in relation to any proposed purchase or acquisition of its issued shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the proposed Share Purchase Mandate at any time after a price sensitive development has occurred or has been the subject of a consideration and/or decision of the board of Directors until the price sensitive information has been publicly announced.

In particular, in line with Rule 1207(19) of the Listing Manual, the Company will not purchase or acquire any Shares through Market Purchases or Off-Market Purchases during the period of one (1) month immediately preceding the announcement of the Company’s half-year and full year financial statements (if the Company does not announce its quarterly financial statements) or, if the Company announces its quarterly financial statements (whether required by the SGX-ST or otherwise), during the period of two (2) weeks immediately preceding the announcement of the Company’s financial statements for each of the first three quarters of its financial year and one (1) month before the announcement of the Company’s full year financial statements.

2.9.2 Listing Status of the Shares

Under Rule 723 of the Listing Manual, a listed company shall ensure that at least 10% of the total number of issued Shares excluding treasury shares (excluding preference shares and convertible equity securities) in a class that is listed is at all times held by the public. The word “**public**” is defined in the Listing Manual as persons other than directors, chief executive officer, substantial shareholders, or controlling shareholders of the listed company and its subsidiaries, as well as the associates of such persons.

As at the Latest Practicable Date, there are approximately 228,365,945 Shares, representing approximately 29.59% of the total number of issued Shares (excluding treasury shares), held by the public. In the event that the Company purchases the maximum of 10% of its total number of issued Shares (excluding treasury shares) from public Shareholders, based on information available as at the Latest Practicable Date, the percentage of the Company’s public float would be reduced to approximately 21.77% of the total number of Shares in issue (excluding treasury shares). Accordingly, based on information available as at the Latest Practicable Date, the Directors are of the view that, at present, there is a sufficient number of Shares in issue (excluding treasury shares) held by public Shareholders that would permit the Company to potentially undertake purchases or acquisitions of Shares through Market Purchases up to the full 10% limit pursuant to the Share Purchase Mandate without affecting adversely the listing status of the Shares on the SGX-ST, and the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or adversely affect orderly trading of the Shares.

Appendix to Annual Report

(Share Buy Back)

Although the Share Purchase Mandate would authorise the Company to purchase up to 10% of the total number of the Company's issued Shares (excluding treasury shares and subsidiary holdings), the Company may not necessarily purchase or acquire or be able to purchase or acquire the entire 10% of the total number of the issued Shares (excluding treasury shares and subsidiary holdings) as mandated. The Directors would emphasise that they do not propose to exercise the Share Purchase Mandate to such an extent that would, or in circumstances that might, result in the Company being delisted from the SGX-ST.

2.9.3 Reporting Requirements

The Listing Manual specifies that a listed company shall report all purchases or acquisitions of its shares to the SGX-ST not later than 9.00 a.m.:

- (a) in the case of a Market Purchase, on the Market Day following the day of purchase or acquisition of any of its shares; and
- (b) in the case of an Off-Market Purchase, on the second Market Day after the close of acceptances of the offer.

Such announcement must include details of the date of the purchase, the total number of shares purchased, the number of shares cancelled, the number of shares held as treasury shares, the purchase price per share or the highest and lowest prices paid for such shares, as applicable, the total consideration (including stamp duties and clearing charges) paid or payable for the shares, the number of shares purchased as at the date of announcement (on a cumulative basis), the number of issued shares (excluding treasury shares and subsidiary holdings) after the purchase, the number of treasury shares held after the purchase and the number of subsidiary holdings after the purchase.

The Directors are required, under the Companies Act, to lodge with ACRA within 30 days of the purchase or acquisition of Shares on the SGX-ST the notice of purchase or acquisition of the Shares in the prescribed form and provide certain particulars including the date of the purchase or acquisition, the number of Shares purchased or acquired, the number of Shares cancelled, the number of Shares held as treasury shares, the issued share capital of the Company before and after the purchase or acquisition, the amount of consideration paid by the Company for the purchase or acquisition of the Shares, and whether the Shares were purchased or acquired out of the profits or the capital of the Company.

2.9.4 Listing Manual

The Listing Manual restricts a listed company from purchasing its shares by way of market purchases at a price per share which is more than 5% above the Average Closing Price. The Maximum Price for the Shares in relation to Market Purchases referred to in paragraph 2.4.4 above complies with this requirement. Although the Listing Manual does not prescribe a maximum price in relation to purchases of shares by way of off-market purchases, the Company has set a cap of 20% above the average closing price of the Shares as the Maximum Price for the Shares to be purchased or acquired by way of an Off-Market Purchase.

2.10 Certain Take-over Code implications arising from the Proposed Share Purchase Mandate

Certain take-over implications arising from the purchase or acquisition of Shares by the Company pursuant to the Share Purchase Mandate are summarised below.

If, as a result of any purchase or acquisition of Shares made by the Company under the Share Purchase Mandate, the proportionate interest of a Shareholder and persons acting in concert with him in the voting capital of the Company increases, such increase will be treated as an acquisition for the purposes of Rule 14 of the Take-over Code. Consequently, a Shareholder or group of Shareholders acting in concert could obtain or consolidate effective control of the Company and become obliged to make a take-over offer for the Company under Rule 14.

Appendix to Annual Report

(Share Buy Back)

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company. Unless the contrary is established, the Take-over Code presumes, *inter alia*, the following individuals and companies to be acting in concert with each other: (a) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts) and (b) a company, its parent, subsidiaries and fellow subsidiaries, and their associated companies and companies of which such companies are associated companies, all with each other. For this purpose, a company is an associated company of another company if the second-mentioned company owns or controls at least 20% but not more than 50% of the voting rights of the first-mentioned company.

The circumstances under which Shareholders, including Directors, and persons acting in concert with them, respectively, will incur an obligation to make a take-over offer as a result of a purchase or acquisition of Shares by the Company are set out in Rule 14 and Appendix 2 of the Take-over Code.

In general terms, the effect of Rule 14 and Appendix 2 is that unless exempted, Directors and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of a purchase or acquisition of Shares by the Company:

- (a) the percentage of voting rights held by such Directors and their concert parties in the Company increases to 30% or more; or
- (b) if the Directors and their concert parties hold between 30% and 50% of the Company's voting rights, and their voting rights increase by more than 1% in any period of six months.

Under Appendix 2 of the Take-over Code, a Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder would increase to 30% or more, or, if such Shareholder holds between 30% to 50% of the Company's voting rights, the voting rights of such Shareholder would increase by more than 1% in any period of six months. Such Shareholder need not abstain from voting in respect of the resolution authorising the Share Purchase Mandate.

Any Shares held by the Company as treasury shares shall be excluded from the calculation of the percentages of voting rights under the Take-over Code referred to above.

2.10.1 Shareholding Interests of Directors

Based on information in the Register of Directors' Shareholdings as at the Latest Practicable Date, the interests of the Directors in the Shares before and after the purchase or acquisition of Shares pursuant to the Share Purchase Mandate, on the basis that (a) the Company purchases the maximum of 10% of the total number of issued Shares (excluding treasury shares) as at the Latest Practicable Date, (b) there is no change in the number of Shares in which the Directors have an interest as at the Latest Practicable Date, (c) there are no further issues of Shares, and (d) there are no subsidiary holdings, will be as follows:

2.10.3 Consequences of Share Purchases or Acquisitions by the Company

Based on the Register of Directors' Shareholdings and the Register of Substantial Shareholders of the Company, since the aggregate shareholdings and voting rights of Messrs Michael Mun Hong Yew and Jeremy Mun Weng Hung and their concert party(ies) (the "**Relevant Directors**") in the Company are more than 50% of the total number of issued Shares (excluding treasury shares) as at the Latest Practicable Date, the Relevant Directors would not be obliged to make a mandatory take-over offer for the Company under the Take-over Code in the event that the Company purchases or acquires the maximum 77,179,300 Shares (being 10% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) as at the Latest Practicable Date) (rounded to the nearest hundred Share) pursuant to the Share Purchase Mandate.

The Directors are not aware of any other Substantial Shareholder or Director who would become obliged to make a take-over offer for the Company under Rule 14 of the Take-over Code as a result of the purchase by the Company of the maximum limit of 10% of its total number of issued Shares (excluding treasury shares) as at the Latest Practicable Date.

THE STATEMENTS HEREIN DO NOT PURPORT TO BE A COMPREHENSIVE OR EXHAUSTIVE DESCRIPTION OF ALL IMPLICATIONS THAT MAY ARISE UNDER THE TAKE-OVER CODE. SHAREHOLDERS WHO ARE IN DOUBT AS TO WHETHER THEY WOULD INCUR ANY OBLIGATION TO MAKE A TAKE-OVER OFFER UNDER THE TAKE-OVER CODE AS A RESULT OF ANY PURCHASE OR ACQUISITION OF SHARES BY THE COMPANY PURSUANT TO THE SHARE PURCHASE MANDATE ARE ADVISED TO CONSULT THEIR PROFESSIONAL ADVISERS AND/OR THE SECURITIES INDUSTRY COUNCIL OF SINGAPORE AT THE EARLIEST OPPORTUNITY.

2.11 Interested Persons

The Company is prohibited from knowingly buying Shares on the SGX-ST from an interested person, that is, a Director, the chief executive officer or controlling shareholder of the Company or any of their associates, and an interested person is prohibited from knowingly selling his Shares to the Company.

3. DIRECTORS' RECOMMENDATION

Having considered the rationale for the proposed renewal of the Share Purchase Mandate as set out in paragraph 2.3 of this Appendix, the Directors are of the opinion that the proposed renewal of the Share Purchase Mandate is in the interests of the Company and, accordingly, recommend that Shareholders vote in favour of Ordinary Resolution 9 relating to the proposed renewal of the Share Purchase Mandate as set out in the Notice of the 2025 AGM.

4. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors collectively and individually accept full responsibility for the accuracy of the information given in this Appendix and confirm after making all reasonable enquiries that, to the best of their knowledge and belief, this Appendix constitutes full and true disclosure of all material facts about the proposed renewal of the Share Purchase Mandate and the Group, and the Directors are not aware of any facts the omission of which would make any statement in this Appendix misleading.

Where information in this Appendix has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and correctly extracted from those sources and/or reproduced in this Appendix in its proper form and context.

IMPORTANT: PLEASE READ THE NOTES OVERLEAF

Notes:

1. Please insert the total number of Shares registered in your name in the Register of Members of the Company. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act 2001 of Singapore), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares. If no number is inserted, this form of proxy will be deemed to relate to all the Shares held by you.
2. (a) A member of the Company who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such member's form of proxy appoints more than one (1) proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy. If no percentage is specified, the first named proxy shall be deemed to represent 100 per cent. of the shareholdings and the second named proxy shall be deemed to be an alternate to the first named proxy.

(b) A member who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member. Where such member's form of proxy appoints more than two (2) proxies, the number and class of Shares in relation to which each proxy has been appointed shall be specified in the form of proxy. In relation to a relevant intermediary who wishes to appoint more than two (2) proxies, it should annex to the Proxy Form the list of proxies, setting out, in respect of each proxy, the name, address, NRIC/Passport Number and proportion of shareholding (number of shares, class of shares and percentage) in relation to which the proxy has been appointed. If the relevant information is not specified, the first named proxy shall be deemed to represent 100 per cent. of the shareholdings. For the avoidance of doubt, a CPF Agent Bank who intends to appoint Central Provident Fund Investment Scheme ("CPFIS") investors or Supplementary Retirement Scheme ("SRS") investors as its proxies shall comply with this Note.

"**Relevant intermediary**" has the meaning ascribed to it in Section 181 of the Companies Act 1967 of Singapore

3. Where a member appoints more than one (1) proxy, he/she should specify the proportion of his/her shareholding (expressed as a percentage of the whole) to be represented by each proxy and if no percentage is specified, the first named proxy shall be treated as representing 100% of the shareholding and the second named proxy shall be deemed to be an alternate to the first named.
4. A proxy need not be a member of the Company. A member can appoint the Chairman of the AGM as his/her/its proxy, but this is not mandatory.
5. The instrument appointing a proxy or proxies, together with the power of attorney or other authority under which it is signed (if applicable) or a notarially certified copy thereof, must be:
 - (a) if sent personally or by post, deposited with: Aztech Global Ltd., c/o B.A.C.S. Private Limited, at 77 Robinson Road, #06-03, Robinson 77, Singapore 068896; or
 - (b) if submitted by electronic mail, received by the Company at agm@aztech.com,in either case, by 10.00 a.m. on 8 April 2025, being 72 hours before the time of the AGM, and in default, the instrument of proxy shall be treated as invalid.
6. Completion and submission of the instrument appointing a proxy(ies) by a shareholder will not prevent him/her from attending, speaking and voting at the AGM if he/she so wishes. The appointment of the proxy(ies) for the AGM will be deemed to be revoked if the shareholder attends the AGM in person and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the relevant instrument appointing a proxy(ies) to the AGM.
7. The instrument appointing a proxy or proxies must be under the hand of the appointer or by his/her attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or a duly authorised officer.
8. Where an instrument appointing a proxy or proxies is signed on behalf of the appointer by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.
9. A corporation which is a shareholder of the Company may, in accordance with Section 179 of the Companies Act 1967 of Singapore, authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM.
10. The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed, illegible or where the true intentions of the appointer are not ascertainable from the instructions of the appointer specified on the instrument appointing a proxy or proxies. In addition, in the case of a member whose shares are entered in the Depository Register, the Company may reject an instrument of proxy if the member, being the appointer, is not shown to have shares entered against his or her name in the Depository Register as at 72 hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.
11. For purposes of the appointment of a proxy(ies) and/or representative(s), the member(s)' full name and CDP account number (if applicable) and the proxy(ies)' or representative(s)' full name and full NRIC/passport number will be required for verification purposes, and the proxy(ies)' or representative(s)' NRIC/passport will need to be produced for sighting upon registration at the AGM. This is so as to ensure that only duly appointed proxy(ies)/representative(s) attend, speak and vote at the AGM. The Company reserves the right to refuse admittance to the AGM if the proxy(ies)' or representative(s)' identity cannot be verified accurately.
