## **AusGroup subsidiary MAS Australasia awarded Rope Access contract for INPEX-operated Ichthys Project**

AusGroup Limited ('**AusGroup**' or '**the Group**') subsidiary MAS Australasia Pty Ltd ('**MAS**'), is pleased to announce it has entered into an agreement with Clough Projects International for the supply of rope access trade services on the INPEX-operated LNG Project.

The contract supports the hook-up and pre-commissioning phase of the Project's Central Processing Facility (CPF) and the Floating Production, Storage and Offloading (FPSO) facilities.

MAS will be responsible for the delivery of rope access trade activities required for the hook-up and pre-commissioning scope of work, supporting onshore and offshore pre-investment activities in Western Australia and Korea.

This contract further strengthens MAS' oil and gas footprint as industry leaders, and allows for the creation of new Australian jobs. The scope of work will provide opportunities for skilled trade rope access technicians, supported by supervision, safety, administration and management roles.

MAS is honoured to be the Australian partner of choice selected by Clough for this significant offshore project, and will strive to deliver safe, efficient and productive rope access services.

**Ends**
