1(d)(ii) Details of any changes in the company's share capital arising from rights issue, bonus issue, share buy-backs, exercise of share options or warrants, conversion of other issues of equity securities, issue of shares for cash or as consideration for acquisition or for any other purpose since the end of the previous period reported on. State also the number of shares that may be issued on conversion of all the outstanding convertibles, as well as the number of shares held as treasury shares, if any, against the total number of issued shares excluding treasury shares of the issuer, as at the end of the current financial period reported on and as at the end of the corresponding period of the immediately preceding financial year.

During 1 April 2016 to 30 June 2016, the Company did not issue any shares.

1(d)(iii) To show the total number of issued shares excluding treasury shares as at the end of the current financial period and as at the end of the immediately preceding year.

The total number of issued shares excluding treasury shares

As at 30/6/2016	As at 31/12/2015
570.000.000	570.000.000

1(d)(iv) A statement showing all sales, transfers, disposal, cancellation and/or use of treasury shares as at the end of the current financial period reported on.

Not applicable.

2. Whether the figures have been audited or reviewed, and in accordance with which auditing standard or practice.

The figures have not been audited or reviewed.

3. Where the figures have been audited or reviewed, the auditors' report (including any qualifications or emphasis of matter).

Not applicable.

 Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied.

The Group has adopted the same accounting policies and methods of computation for the current year consistent with those of the audited financial statements for the year ended 31 December 2015. In the current financial year, the Group has adopted all the new and revised Financial Reporting Standards ("FRSs") that are relevant to its operations and effective for annual periods beginning on 1 January 2016.

The adoption of these new and revised FRSs does not result in changes to the Group's accounting policies and has no material effect on the amounts reported for the current or prior years.

5. If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and effect, of the change.

Not applicable.

6. Earnings per ordinary share of the group for the current period reported on and the corresponding period of the immediately preceding financial year after deducting any provision for preference dividends.

Earnings per ordinary share for the year based on net profit/(loss) for the period:

(i) Based on the weighted average number of ordinary shares in issue (cts); and

Weighted average number of shares

(ii) On a fully diluted basis (cts) Weighted average number of shares

8. Review of the Group's performance

Revenue

For the six months ended 30 June 2016 ("1H16"), the Group reported revenue of \$19.4 million, a decrease of 35% from \$29.9 million from the corresponding period in 2015 ("1H15"). It is a decrease across the board with PCB operation bearing the brunt. This is mainly due to low PCB market sentiments globally.

Similarly, for the three months ended 30 June 2016 ("2Q16"), the Group reported revenue of \$9.5 million, a decrease of 26% from \$12.9 million from the corresponding period in 2015 ("2Q15").

PCB Operations

PCB operations continue to be the major contributor accounting for 94% of our Group's revenue in 1H16. Revenue from PCB operations decreased by 32% from \$27.0 million in 1H15 to \$18.3 million 1H16. Similarly, this decrease is mainly due to low PCB market sentiments globally.

On a quarterly basis, revenue from PCB operations decreased by 20% from \$11.2 million in 2Q15 to \$9.0 million in 2Q16.

Mechanical Drilling and Routing

Revenue from Mechanical drilling and Routing segment decreased by 62% from \$2.9 million in 1H15 to \$1.1 million in 1H16. Mechanical drilling and routing segments are mainly made up of sub-contracted sales which are volatile to any fluctuations in market demands.

On a quarterly basis, revenue from Mechanical drilling and Routing decreased by 71% from \$1.7 million in 2Q15 to \$0.5 million in 2Q16.

Geographical Markets

China operations remained as the key contributor to Group's revenue in 1H16 at 77%. There is a decrease of 4% from 81% in 1Q15 to 77% in 1H16 due to improvements in Taiwan operations. Since the cessation of laser drilling operation in Taiwan in 2014, Taiwan operation underwent a series of restructurings to convert into PCB operations.

Profitability

Gross Profit

Gross profit decreased from \$3.1 million in 1H15 to \$0.3 million in 1H16. PCB operations posted a gross profit of \$1.0 million which was offsetted by Mechanical drilling and Routing segment's gross loss of \$0.7 million. Revenue generated from these remaining segments was less than the fixed manufacturing expenses such as labour cost, electricity and depreciation.

On a quarterly basis, gross profit dropped from \$0.8 million in 2Q15 to \$0.2 million in 2Q16.

Expenses

Other Income

Disposal gain or loss from sale of plant and machinery and exchange difference are classified accordingly between other income or other expenses based on the net effect in that financial period.

The decrease in other income was mainly due to a gain in exchange difference of \$0.5 million in 1H15. For 1H16, there was an exchange loss of \$1.4 million and it was taken up under other expense accordingly. The exchange loss is mainly due to the weakening of United States dollars against Singapore dollars.

Administrative Expenses

The slight decrease in administrative expenses of \$0.4 million is mainly due to lower staff cost due to cost restructuring exercise.

Distribution Costs

Distribution costs pertain to sales commission payable to sales representatives in processing sales for PCB manufacturing. In line with the decline in revenue, distribution cost is affected indirectly resulting in the slight decrease of \$0.2 million.

Other Expenses

Disposal gain or loss from sale of plant and machinery and exchange difference are classified accordingly between other income or other expenses based on the net effect in that financial period.

For 1H16, the increase in other expenses is mainly due to exchange loss of \$1.4 million which was taken up under other expenses.

Finance Costs

Finance costs remained constant at \$0.6 million at 1H16 and \$0.7 million at 1H15.

Balance Sheet

The Group's cash and cash equivalents decreased from \$6.4 million as at 4Q15 to \$3.5 million as at 2Q16. This is due to decrease in revenue, coupled with slower receipt from trade receivables and faster repayment of trade and other payables.

Restricted cash pertains to bank deposits pledged to financial institutions for banker's guarantee. The decrease from \$1.9 million as at 4Q15 to \$0.2 million as at 2Q16 is due to transfer to the Group's current bank account.

Structured deposits decreased from \$17.1 million as at 4Q15 to \$11.9 million as at 2Q16 was due to funds transferred into the Group's current bank account and upfront payment of \$2.1 million to Hongta. Structured deposits attract higher interest returns.

The slight increase in trade receivables of \$0.6 million is mainly due to slight increase in trade receivables turnover days. Trade receivables turnover days increased from 100 days to 122 days from 4Q15 to 2Q16. Trade receivable's credit period ranges from 45 days to 150 days.

Other receivables and prepayments increased by \$1.8 million from \$1.3 million at 4Q15 to \$3.1 million at 2Q16. The increase is mainly due to prepayment made to suppliers by our China subsidiaries. In addition, it is also the norm for our China subsidiaries for expenses to be prepaid at the beginning of each financial year, prior to expensing it on a monthly basis. Other receivables and prepayments mainly comprise of prepaid operating expenses, such as utilities, insurance, maintenance expense, etc.

Inventory level remained constant at \$4.4 million range for both 4Q15 and 2Q16.

The decrease in property, plant and equipment arises mainly from depreciation.

Trade and other payables remain constant at \$15.6 million as at 4Q15 and 2Q16.

The decrease in provision from \$12.7 as at 4Q15 to \$9.8 million as at 2Q16 is mainly due to repayment of \$2.1 million to Hongta, coupled with exchange fluctuation.

Derivative financial statements pertain to estimated liability on the fair value of the forward foreign exchange contracts. It remained constant for 4Q15 and 2Q16.

Amount due to shareholders remained constant at \$13.4 million for 4Q15 and 2Q16.

Total gross borrowings had also reduced by \$1.3 million from \$17.8 million at 4Q15 to \$16.5 million at 2Q16. This was due to repayments of bank loans.

The Group's net working capital position decreased by \$3.5 million from a \$0.7 million net liability position as at 4Q15 to a \$4.2 million net liability position for 2Q16. The decrease was mainly due to decrease in sales revenue and fixed operating costs.

As at 2Q16, the Group's current ratio (current assets/current liabilities) and debt/equity ratio are 0.89 and -19.1 respectively. The Group's capital deficiency attributable to owners of the company stands at \$2.9 million.

Cash Flow

Cash flow used in operating activities of \$3.8 million was mainly due to repayment of \$2.1 million to Hongta, coupled with decrease in revenue, slower receipt from trade receivables and faster repayment of trade and other payables.

Cash flow generated from investing activities of \$0.4 million was mainly due to decrease in investment in restructured deposits, partially offsetted against purchase of machineries.

Cash flow generated from financing activities of \$0.2 million was mainly due to decrease in restricted cash.

The decrease in cash and bank balances by \$2.9 million from \$6.4 million in 4Q15 to \$3.5 million in 2Q16 is mainly due to repayment of \$2.1 million to Hongta, coupled with lower revenue earned in 1H16.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

No forecast or prospect statement was disclosed to shareholders previously.

10. A commentary at the date of announcement of the competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

In view of the low business market sentiments globally, management continues to remain cautious and conservative in its outlook.
