### Plant Maintenance

Oil-and-Gas, Chemical & Utility Plant Maintenance

### EPC

Process Equipment, Gas Compressors, FPSO Topsides & Tank farms

# CHAIRMAN'S STATEMENT

“Key strategies that we have adopted include maintaining our core competencies and growing a sustainable long-term business. The three business areas where we will continue to direct our efforts toward are the construction of oil-and-gas, petrochemical and pharmaceutical plants; plant maintenance and EPC of process equipment, gas compressors, FPSO topsides and tank farms.”

**Tan Ah Lam, Frankie**

Executive Chairman and Chief Executive Officer

## Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present to you our annual report for the financial year ended 31 March 2015 (“FY2015”).

## Our Performance

Competing in the oil-and-gas and petrochemical industries, the Group witnessed fierce competition and escalating labour costs which led to a tough financial year. As such, the Group’s business was affected and revenue consequently dipped marginally by 2.1% to S\$253.1 million in FY2015 from S\$258.6 million in FY2014. Due to cost overruns and the rise in labour costs experienced in FY2015, gross profit declined by 46.2% to S\$10.3 million in FY2015 from S\$19.1 million in FY2014. Coupled with a S\$4.7 million allowance for impairment of receivables incurred by a Malaysian subsidiary on certain completed projects in East Malaysia, the Group’s net loss attributable to shareholders rose to S\$13.2 million in FY2015 from S\$3.4 million in FY2014.

## Business Review

We successfully completed major works for Evonik Methionine SEA Pte Ltd, Lanxess Butyl Pte Ltd and Shell Eastern Petroleum (Pte) Ltd’s projects in Singapore during the financial year. In addition, the turnaround maintenance works for Vietnam’s Dung Quat Refinery and the delivery of several compressor packages to our overseas customers were completed. We also performed plant maintenance works for oil-

and-gas and petrochemical majors including Shell, ExxonMobil, Singapore Refining Company, Linde Gas Singapore and Vietnam’s Dung Quat Refinery.

Hiap Seng, as a specialist integrated engineering group, remains committed to the important principles of safety, quality and timely delivery. With our robust Safety, Health and Environment (SHE) Management System as well as our stringent safe practices, our efforts have garnered us the status of being a bizSAFE Partner in promoting safety awareness with subcontractors. Furthermore, we achieved several safety and health award recognitions for our projects and we are glad to have our bizSAFE status elevated to a higher certification level of bizSAFE Level Star.

During the financial year, Hiap Seng collaborated with International Enterprise Singapore – the country’s government agency driving the external economy, and tapped on their expertise, under the Global Company Partnership scheme. The programme’s purpose is to jointly define the Group’s internationalisation strategies as well as to develop an implementation roadmap that helps Hiap Seng to build capabilities and gain access to overseas markets for growth.

With Singapore’s long-term plan to restructure the economy towards a productivity driven one, we have in tandem, worked with government agencies, plant owners, customers and subcontractors to enhance our efficiencies. The Group has also invested in automated machinery while equipping staff with the necessary training in a bid to improve overall operational performance.

Given the cyclical nature of the industry in which our business operates, we have weathered through several turbulent phases over the years. As a result, we have gained invaluable experience which helps us to focus on delivering quality products and services to our customers. Key strategies that we have adopted include maintaining our core competencies and growing a sustainable long-term business. The three business areas where we will continue to direct our efforts toward are the construction of oil-and-gas, petrochemical and pharmaceutical plants; plant maintenance and EPC of process equipment, gas compressors, FPSO topsides and tank farms.

## Looking ahead

Particularly with oil price fluctuations over the last one year, the outlook of the oil-and-gas industry remains uncertain. However, barring any unforeseen circumstances, the Board is cautiously optimistic about the Group's performance for the current financial year ending 31 March 2016.

In May 2015, we secured a contract worth approximately S\$43 million for the provision of mechanical works for the Mogas-Cogen Project on Jurong Island. Two contracts worth US\$11 million for the provision of offshore gas compressor packages were also secured in the same month. With these contracts wins, our order book stood at S\$145 million as at 26 May 2015.

Crossing into the 2016 financial year, the controlling of costs and the improving of overall operational productivity while concurrently seeking attractive business opportunities continues to be the areas of Hiap Seng's focus.

## Dividends

To reward our loyal shareholders, the Board is please to recommend a final one-tier tax exempt dividend of 0.5 cent per ordinary share. Should the proposed dividend be approved by our shareholders at the forthcoming Annual General Meeting, it will be paid on 28 August 2015.

## A Word Of Thanks

Although it has been a challenging year amidst a tough environment, we are glad to have garnered the steadfast support of our business partners, associates, customers, bankers, government agencies and shareholders. In this regard, I would like to express my deep appreciation. Also, I would like to thank our management and staff for their hard work and invaluable contribution to Hiap Seng. Last but not least, to my fellow board members who have been deeply committed and aided the Group with their wise counsel, I would like to acknowledge with gratitude for the efforts put in.

**Tan Ah Lam, Frankie**

# OPERATIONS REVIEW

## Financial Review

Hiap Seng registered a 2.1% decrease in revenue from S\$258.6 million in FY2014 to S\$253.1 million in FY2015 mainly due to the lower recognition of project revenue during the financial year. Gross profit declined by 46.2% from S\$19.1 million in FY2014 to S\$10.3 million in FY2015 primarily due to cost overruns in certain projects resulting from escalating labour costs.

The cost overruns coupled with a S\$4.7 million allowance for impairment of receivables led to the Group registering an increase in net loss attributable to shareholders for FY2015 to S\$13.2 million, from S\$3.4 million for FY2014.

## Segmental Contributions

The revenue for plant construction & maintenance segment rose from S\$212.0 million in FY2014 to S\$216.6 million in FY2015 primarily due to the completion of plant turnaround maintenance works during the financial year.

The revenue for compression & process equipment fabrication segment declined from S\$46.6 million in FY2014 to S\$36.5 million in FY2015 mainly due to the lower recognition of project revenue during the financial year.

Geographically, the Group's revenue in Malaysia decreased from S\$48.8 million in FY2014 to S\$32.9 million in FY2015. This was largely a result of the lower number of projects completed during the financial year as compared to FY2014. With the completion of plant turnaround maintenance works for its Vietnam projects during the financial year, Hiap Seng's revenue in Vietnam increased from S\$3.7 million in FY2014 to S\$26.1 million in FY2015.

## Financial Position Review

The Group's shareholders' funds decreased by S\$12.4 million, from S\$71.6 million or S\$0.24 per share as at 31 March 2014, to S\$59.2 million or S\$0.20 per share as at 31 March 2015. The decline was due to the loss for FY2015.

The Group's current assets decreased to S\$83.6 million as at 31 March 2015 from S\$172.3 million as at 31 March 2014. The decrease of S\$47.8 million in trade and other receivables as at 31 March 2015 as compared to 31 March 2014 was mainly due to higher collections achieved in FY2015. The decrease of S\$49.9 million in construction contract work-in-progress as at 31 March 2015 from 31 March 2014 was in line with the completion schedules of projects undertaken.

The Group's non-current assets decreased to S\$33.7 million as at 31 March 2015, from S\$36.9 million as at 31 March 2014. This was largely a result of S\$4.2 million in depreciation of property, plant and equipment in FY2015.

The Group's current liabilities decreased to S\$53.9 million as at 31 March 2015, from S\$133.5 million as at 31 March 2014. Trade and other payables declined by S\$50.0 million as at 31 March 2015, from 31 March 2014, which corresponded with the Group's business activities.

As at 31 March 2015, borrowings declined by S\$29.9 million as compared to 31 March 2014 due to the repayments made during the financial year, from the Group's excess cash.

Hiap Seng's cash and cash equivalents stood at S\$18.0 million as at 31 March 2015 as compared to S\$7.8 million as at 31 March 2014.

## Business Review and Outlook

The Group's order book amounted to approximately S\$145 million as at 26 May 2015. The order book included contract wins worth approximately S\$43 million for the provision of mechanical works for the Mogas-Cogen Project on Jurong Island and the two contracts worth US\$11 million for the provision of offshore gas compressor packages. A substantial portion of these projects is expected to be recognised as revenue in FY2016.

Hiap Seng continues to perform plant maintenance works for oil-and-gas and petrochemical majors including Shell, ExxonMobil, Singapore Refining Company, Linde Gas Singapore and Vietnam's Dung Quat Refinery.

The outlook of the oil-and-gas industry remains uncertain. However, barring any unforeseen circumstances, the Directors of the Company are cautiously optimistic about the Group's performance for the current financial year ending 31 March 2016. The Group will continue to pursue cost controls and take active steps to improve productivity while exploring other business opportunities.

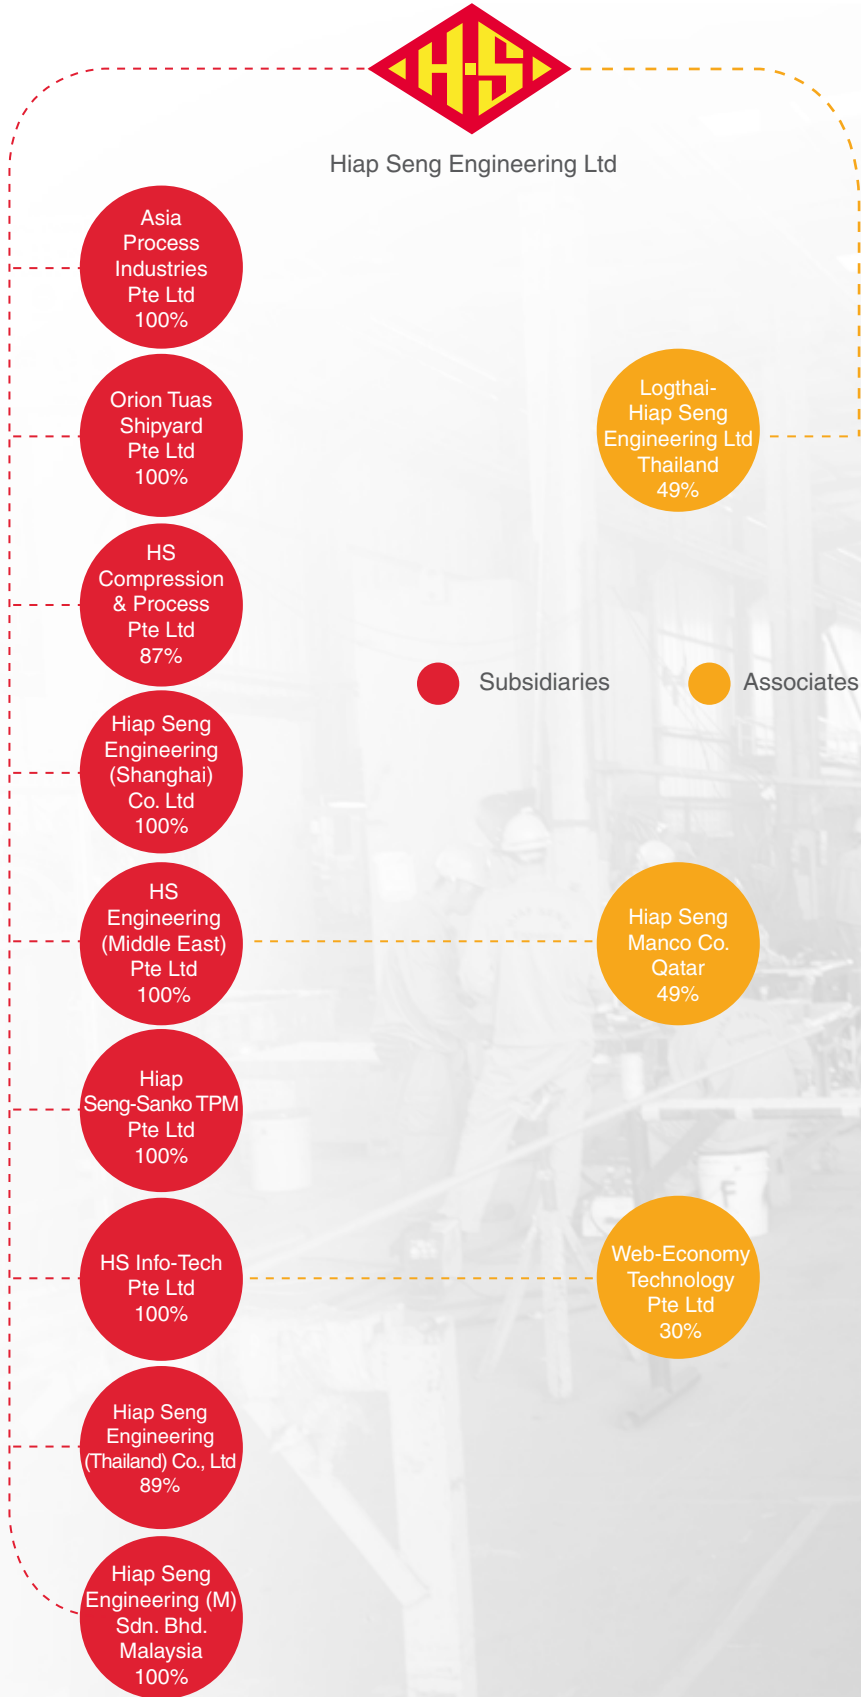

# EMBRACING CHALLENGES

We have come this far by managing the uncertainties in our business environment. By embracing challenges, and a focus on productivity while managing costs, we aim to develop our market presence and secure our forward momentum.

Mr Koh Kim Wah  
Mr M. Rajaram

All members of the Audit Committee were independent non-executive directors. The directors recognise the importance of corporate governance and the offering of high standards of accountability to the shareholders of the Company. The Audit Committee carried out its functions in accordance with Section 201B (5) of the Singapore Companies Act. In performing those functions, the Committee reviewed:

- (a) the scope and the results of internal audit procedures with the internal auditor;
- (b) the audit plan of the Company's independent auditor and any recommendations on internal accounting controls arising from the statutory audit;
- (c) the assistance given by the Company's management to the independent auditor; and
- (d) the balance sheet of the Company and the consolidated financial statements of the Group for the financial year ended 31 March 2015 before their submission to the Board of Directors, as well as the Independent Auditor's Report on the balance sheet of the Company and the consolidated financial statements of the Group.

Apart from the duties listed above, the Audit Committee shall commission and review the findings of internal investigations into matters where there is any suspected fraud or irregularity, or failure of internal control or infringement of any law, rule or regulation which has or is likely to have a material impact to the Group's operating results and/or financial position.

# DIRECTORS' REPORT

For the financial year ended 31 March 2015

## **Audit Committee** (continued)

The Audit Committee has recommended to the Board that the independent auditor, PricewaterhouseCoopers LLP, be nominated for re-appointment at the forthcoming Annual General Meeting of the Company. The Audit Committee has conducted annual review of the non-audit services to satisfy itself that the nature and extent of such services will not prejudice the independence and objectivity of the independent auditor before confirming their re-nomination.

## **Independent auditor**

The independent auditor, PricewaterhouseCoopers LLP, has expressed its willingness to accept re-appointment.

# INDEPENDENT AUDITOR'S REPORT

To the members of Hiap Seng Engineering Ltd

## Report on the Financial Statements

We have audited the accompanying financial statements of Hiap Seng Engineering Ltd (the "Company") and its subsidiaries (the "Group") set out on pages 19 to 83, which comprise the consolidated balance sheet of the Group and balance sheet of the Company as at 31 March 2015, and the consolidated statement of comprehensive income, statement of changes in equity and statement of cash flows of the Group for the year then ended, and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the consolidated financial statements of the Group and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the state of affairs of the Group and of the Company as at 31 March 2015, and of the results, changes in equity and cash flows of the Group for the year ended on that date.

## Report on other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiaries incorporated in Singapore, of which we are the auditors, have been properly kept in accordance with the provisions of the Act.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

## 1. General information

Hiap Seng Engineering Ltd (the “Company”) is listed on the Singapore Exchange and incorporated and domiciled in Singapore. The address of its registered office is 4 Benoi Place, Singapore 629925.

The principal activities of the Company consist of the provision of mechanical engineering services, plant fabrication and installation and plant maintenance for the petroleum and petrochemical industry and also that of an investment holding company. The principal activities of the subsidiaries are set out in Note 37 to the financial statements.

## 2. Significant accounting policies

### 2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards (“FRS”) under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Group’s accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

#### ***Interpretations and amendments to published standards effective in 2014***

On 1 April 2014, the Group adopted the new or amended FRS and Interpretations to FRS (“INT FRS”) that are mandatory for application for the financial year. Changes to the Group’s accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS and INT FRS.

The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the accounting policies of the Group and the Company and had no material effect on the amounts reported for the current or prior financial years except for the following:

#### *FRS 112 Disclosures of Interests in other Entities*

The Group has adopted the above new FRS on 1 April 2014. The amendment is applicable for annual periods beginning on or after 1 January 2014. It sets out the required disclosures for entities reporting under the new FRS 110 *Consolidated Financial Statements* and FRS 111 *Joint Arrangements*, and replaces the disclosure requirements currently found in FRS 27 (revised 2011) *Separate Financial Statements* and FRS 28 (revised 2011) *Investments in Associates and Joint Ventures*.

The Group has applied FRS 112 retrospectively in accordance with the transitional provisions (as amended subsequent to the issuance of FRS 112 in September 2011) in FRS 112 and amended for consolidation exceptions for ‘investment entity’ from 1 April 2014. The Group has incorporated the additional required disclosures into the financial statements.

## 2. Significant accounting policies (continued)

### 2.2 Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the rendering of services in the ordinary course of the Group's activities. Revenue is presented, net of goods and services tax, rebates and discounts, and after eliminating sales within the Group.

The Group recognises revenue when the amount of revenue and related cost can be reliably measured, it is probable that the collectability of the related receivables is reasonably assured and when the specific criteria for each of the Group's activities are met as follows:

(a) *Rendering of services*

Revenue from maintenance services is recognised when the services are rendered.

(b) *Construction of specialised equipment*

Please refer to the paragraph "Construction Contracts" for the accounting policy for revenue from construction contracts.

(c) *Management fee income*

Management fee income is recognised when management support services are rendered.

(d) *Facilities fee income*

Facilities fee income is recognised based on a percentage of corporate guarantees provided.

(e) *Interest income*

Interest income is recognised using the effective interest method.

(f) *Dividend income*

Dividend income is recognised when the right to receive payment is established.

### 2.3 Group accounting

(a) *Subsidiaries*

(i) *Consolidation*

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

**2. Significant accounting policies** (continued)

2.3 Group accounting (continued)

(a) *Subsidiaries* (continued)

(i) *Consolidation* (continued)

Non-controlling interests comprise the portion of a subsidiary's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity, and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

(ii) *Acquisitions*

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previously-held equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. Please refer to the paragraph "Intangible assets - Goodwill on Acquisitions" for the subsequent accounting policy on goodwill.

(iii) *Disposals*

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained profits if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

## 2. Significant accounting policies (continued)

### 2.3 Group accounting (continued)

#### (a) *Subsidiaries* (continued)

##### (iii) *Disposals* (continued)

Please refer to the paragraph “Investments in subsidiaries and associated companies” for the accounting policy on investments in subsidiaries in the separate financial statements of the Company.

#### (b) *Transactions with non-controlling interests*

Changes in the Group’s ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

#### (c) *Associated companies*

Associated companies are entities over which the Group has significant influence, but not control, generally accompanied by a shareholding giving rise to voting rights of 20% and above but not exceeding 50%.

Investments in associated companies are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses, if any.

##### (i) *Acquisitions*

Investments in associated companies are initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Goodwill on associated companies represents the excess of the cost of acquisition of the associated company over the Group’s share of the fair value of the identifiable net assets of the associated company and is included in the carrying amount of the investments.

##### (ii) *Equity method of accounting*

In applying the equity method of accounting, the Group’s share of its associated companies’ post-acquisition profits or losses are recognised in profit or loss and its share of post-acquisition other comprehensive income is recognised in other comprehensive income. These post-acquisition movements and distributions received from the associated companies are adjusted against the carrying amount of the investments. When the Group’s share of losses in an associated company equals to or exceeds its interest in the associated company, the Group does not recognise further losses, unless it has legal or constructive obligations to make, or has made, payments on behalf of the associated company. If the associated company subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

**2. Significant accounting policies** (continued)

2.3 Group accounting (continued)

(c) *Associated companies* (continued)

(ii) *Equity method of accounting* (continued)

Unrealised gains on transactions between the Group and its associated companies are eliminated to the extent of the Group's interest in the associated companies. Unrealised losses are also eliminated unless the transaction provides evidence of impairment of the assets transferred. The accounting policies of associated companies are changed where necessary to ensure consistency with the accounting policies adopted by the Group.

(iii) *Disposals*

Investments in associated companies are derecognised when the Group loses significant influence. If the retained equity interest in the former associated company is a financial asset, the retained equity is measured at fair value. The difference between the carrying amount of the retained interest at the date when significant influence is lost, and its fair value and any proceeds on partial disposal, is recognised in profit or loss.

Please refer to the paragraph "Investments in subsidiaries and associated companies" for the accounting policy on investments in associated companies in the separate financial statements of the Company.

2.4 Property, plant and equipment

(a) *Measurement*

(i) Land and buildings

Land and buildings are initially recognised at cost. Freehold land is subsequently carried at cost less accumulated impairment losses. Buildings and leasehold land are subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(ii) Other property, plant and equipment

All other items of property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(iii) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

## 2. Significant accounting policies (continued)

### 2.4 Property, plant and equipment (continued)

#### (b) *Depreciation*

Freehold land is not depreciated. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

	<u>Useful lives</u>
Buildings	10 - 30 years
Motor vehicles	4 - 5 years
Plant and machinery	1 - 15 years
Furniture, fittings and equipment	3 - 10 years

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

#### (c) *Subsequent expenditure*

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

#### (d) *Disposal*

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss within "Other gains and losses – net".

### 2.5 Intangible assets

#### (a) *Goodwill on acquisitions*

Goodwill on acquisitions of subsidiaries and businesses on or after 1 January 2010 represents the excess of (i) the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over (ii) the fair value of the identifiable net assets acquired.

Goodwill on acquisition of subsidiaries and businesses prior to 1 January 2010 and on acquisition of associated companies represents the excess of the cost of the acquisition over the fair value of the Group's share of the identifiable net assets acquired.

Goodwill on subsidiaries is recognised separately as intangible assets and carried at cost less accumulated impairment losses.

Goodwill on associated companies is included in the carrying amount of the investments.

**2. Significant accounting policies** (continued)

2.5 Intangible assets (continued)

(a) *Goodwill on acquisitions* (continued)

Gains and losses on the disposal of subsidiaries and associated companies include the carrying amount of goodwill relating to the entity sold, except for goodwill arising from acquisitions prior to 1 January 2001. Such goodwill was adjusted against retained profits in the year of acquisition and is not recognised in profit or loss on disposal.

(b) Other intangible assets

Other intangible assets include customer contracts and customer relationships. Other intangible assets are initially recognised at cost and are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These costs are amortised to profit or loss using straight-line method over 2 to 20 years, which is the shorter of their estimated useful lives and periods of contractual rights.

2.6 Contract to construct specialised equipment (“Construction contracts”)

When the outcome of a construction contract can be estimated reliably, contract revenue and contract costs are recognised as revenue and expenses respectively by reference to the stage of completion of the contract activity at the balance sheet date (“percentage-of-completion method”). When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that are likely to be recoverable. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Contract revenue comprises the initial amount of revenue agreed in the contract and variations in the contract work and claims that can be measured reliably. A variation or a claim is recognised as contract revenue when it is probable that the customer will approve the variation or negotiations have reached an advanced stage such that it is probable that the customer will accept the claim.

The stage of completion is measured based on a survey of work performed, or the completion of a physical proportion of contract work, or by reference to the proportion of contract costs incurred to date to the estimated total costs for the contract. Costs incurred during the financial year in connection with future activity on a contract are excluded from costs incurred to date when determining the stage of completion of a contract. Such costs are shown as construction contract work-in-progress on the balance sheet unless it is not probable that such contract costs are recoverable from the customers, in which case, such costs are recognised as an expense immediately.

At the balance sheet date, the cumulative costs incurred plus recognised profits (less recognised losses) on each contract is compared against the progress billings. Where the cumulative costs incurred plus the recognised profits (less recognised losses) exceed progress billings, the balance is presented as due from customers on construction contracts within “trade and other receivables”. Where progress billings exceed cumulative costs incurred plus recognised profits (less recognised losses), the balance is presented as due to customers on construction contracts within “trade and other payables”.

Progress billings not yet paid by customers and retentions by customers are included within “trade and other receivables”. Advances received are included within “trade and other payables”.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

## 2. Significant accounting policies (continued)

### 2.7 Investment property

Investment property comprises significant portions of leasehold office building that are held for long-term rental yields and/or for capital appreciation.

Investment property is initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. Depreciation is calculated using a straight-line method to allocate the depreciable amounts over the period of the leases of 10 years. The residual values, useful lives and depreciation method of investment property are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are included in profit or loss when the changes arise.

### 2.8 Investments in subsidiaries and associated companies

Investments in subsidiaries and associated companies are carried at cost less accumulated impairment losses in the Company's balance sheet. On disposal of such investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

### 2.9 Impairment of non-financial assets

#### (a) *Goodwill*

Goodwill recognised separately as an intangible asset is tested for impairment annually and whenever there is indication that the goodwill may be impaired.

For the purpose of impairment testing of goodwill, goodwill is allocated to each of the Group's cash-generating-units ("CGU") expected to benefit from synergies arising from the business combination.

An impairment loss is recognised when the carrying amount of a CGU, including the goodwill, exceeds the recoverable amount of the CGU. The recoverable amount of a CGU is the higher of the CGU's fair value less cost to sell and value-in-use.

The total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU.

An impairment loss on goodwill is recognised as an expense and is not reversed in a subsequent period.

**2. Significant accounting policies** (continued)

2.9 Impairment of non-financial assets (continued)

- (b) *Club memberships*  
*Property, plant and equipment*  
*Investments in subsidiaries and associated companies*  
*Investment property*  
*Intangible assets*

Club memberships, property, plant and equipment, investments in subsidiaries and associated companies, investment property and intangible assets are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the cash-generating-unit (“CGU”) to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss.

An impairment loss for an asset is reversed only if, there has been a change in the estimates used to determine the asset’s recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation and depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset is recognised in profit or loss.

2.10 Financial assets

- (a) *Classification*

The Group classifies its financial assets in the following categories: loans and receivables and available-for-sale. The classification depends on the nature of the asset and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition.

- (i) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than 12 months after the balance sheet date which are presented as non-current assets.

Loans and receivables are presented as “cash and cash equivalents” and “trade and other receivables” except for non-current interest-free receivables from subsidiaries which are considered to be part of the Company’s net investment in the subsidiaries have been accounted for in accordance with Note 2.8.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

## 2. Significant accounting policies (continued)

### 2.10 Financial assets (continued)

#### (a) Classification (continued)

##### (ii) Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are presented as non-current assets unless the investment matures or management intends to dispose of the assets within 12 months after the balance sheet date.

#### (b) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date - the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

#### (c) Measurement

Financial assets are initially recognised at fair value plus transaction costs.

Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Available-for-sale financial assets are subsequently measured at each reporting date at fair value. Investment in equity instruments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are measured at cost less provision for impairment in value.

#### (d) Impairment

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

##### (i) Loans and receivables

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in profit or loss.

#### (d) *Impairment* (continued)

##### (i) *Loans and receivables* (continued)

The impairment allowance is reduced through profit or loss in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost had no impairment been recognised in prior periods.

##### (ii) *Available-for-sale financial assets*

A significant or prolonged decline in the fair value of an equity security below its cost is considered as an indicator that the available-for-sale financial asset is impaired.

If any evidence of impairment exists, the cumulative loss that was previously recognised in other comprehensive income is reclassified to profit or loss. The cumulative loss is measured as the difference between the acquisition cost and the current fair value, less any impairment loss previously recognised as an expense. The impairment losses recognised as an expense on equity securities are not reversed through profit or loss.

### 2.11 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

### 2.12 Financial guarantees

The Group and the Company have issued corporate guarantees to banks for bank borrowings of the Company and its subsidiaries. These guarantees are financial guarantees as they require the Group and the Company to reimburse the banks if the Company and the subsidiaries fail to make principal or interest payments when due in accordance with the terms of their borrowings.

Financial guarantees are initially recognised at their fair values plus transaction costs in the Group's and the Company's balance sheet.

Financial guarantees are subsequently amortised to profit or loss over the period of the Company and the subsidiaries' borrowings, unless it is probable that the Group and the Company will reimburse the banks for an amount higher than the unamortised amount. In this case, the financial guarantees shall be carried at the expected amount payable to the bank in the Group's and the Company's balance sheets.

Intra-group transactions are eliminated on consolidation.

### 2.13 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the balance sheet date, in which case they are presented as non-current liabilities.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

## 2. Significant accounting policies (continued)

### 2.13 Borrowings (continued)

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

### 2.14 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less. Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

### 2.15 Fair value estimation of financial assets and liabilities

The fair values of financial instruments that are not traded in an active market are determined by using valuation techniques. The Group uses a variety of methods and makes assumptions based on market conditions that are existing at each balance sheet date. Where appropriate, quoted market prices or dealer quotes for similar instruments are used. Valuation techniques, such as discounted cash flow analysis, are also used to determine the fair values of the financial instruments.

The fair values of current financial assets and liabilities carried at amortised cost approximate their carrying amounts.

### 2.16 Leases

The Group leases motor vehicles and certain property, plant and equipment under finance leases and land, factories and offices under operating leases from non-related parties.

#### (a) Finance leases - when the Group is a lessee

Leases where the Group assumes substantially all risks and rewards incidental to ownership of the leased assets are classified as finance leases.

The leased assets and the corresponding lease liabilities (net of finance charges) under finance leases are recognised on the balance sheet as property, plant and equipment and borrowings respectively, at the inception of the leases based on the lower of the fair value of the leased assets and the present value of the minimum lease payments.

Each lease payment is apportioned between the finance expense and the reduction of the outstanding lease liability. The finance expense is recognised in profit or loss on a basis that reflects a constant periodic rate of interest on the finance lease liability.

#### (b) Operating leases - when the Group is a lessee

Leases of factories and offices where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are recognised in profit or loss on a straight-line basis over the period of the lease.

When a lease is terminated before the lease period expires, any payment made by the Group as a penalty is recognised as an expense when termination takes place.

## 2. Significant accounting policies (continued)

### 2.17 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries and associated companies, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

### 2.18 Provisions

Provisions for legal claims are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

### 2.19 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

#### (a) *Defined contribution plans*

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

## 2. Significant accounting policies (continued)

### 2.19 Employee compensation (continued)

#### (b) Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date.

### 2.20 Currency translation

#### (a) *Functional and presentation currency*

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates (“functional currency”). The financial statements are presented in Singapore Dollars (“SGD”), which is the functional currency of the Company.

#### (b) *Transactions and balances*

Transactions in a currency other than the functional currency (“foreign currency”) are translated into the functional currency using the exchange rates at the date of transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. However, in the consolidated financial statements, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations, are recognised in other comprehensive income and accumulated in the currency translation reserve.

All other foreign exchange gains and losses impacting profit or loss are presented in the income statement within “Other gains and losses – net”.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

#### (c) *Translation of Group entities’ financial statements*

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities are translated at the closing exchange rates at the balance sheet date;
- (ii) income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and

**2. Significant accounting policies** (continued)

2.20 Currency translation (continued)

(c) *Translation of Group entities' financial statements* (continued)

- (iii) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal of the entity giving rise to such reserve.

Goodwill and fair value adjustment arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rates at the reporting date.

2.21 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the management team whose members are responsible for allocating resources and assessing performance of the operating segments.

2.22 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand, deposits with financial institutions which are subject to an insignificant risk of change in value, net of bank overdrafts and restricted bank deposits. Bank overdrafts are presented as current borrowings on the balance sheet.

2.23 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

2.24 Dividends to Company's shareholders

Dividends to the Company's shareholders are recognised when the dividends are approved for payment.

2.25 Government grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants receivable are recognised as income over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are net of related expenses.

Government grants relating to assets are deducted against the carrying amount of the assets.

## 3. Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

### (a) *Estimated impairment of non-financial assets*

Goodwill is tested for impairment annually and whenever there is indication that the goodwill may be impaired. Intangible assets, property, plant and equipment and investments in subsidiaries and associated companies are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

The recoverable amounts of these assets and, where applicable, cash-generating units have been determined based on value-in-use calculations. These calculations require the use of estimates such as expected cash flows resulting from operating margin and expenses, discounting rate and growth rate. Refer to details disclosed in Note 19(a).

### (b) *Construction contracts*

The Group uses the percentage-of-completion method to account for its contract revenue. The stage of completion is measured by reference to the contract costs incurred to date compared to the estimated total costs for the contract.

Significant assumptions are used to estimate the total contract costs and the recoverable variation works that affect the stage of completion and the contract revenue respectively. In making these estimates, management has relied on past experience and the work of surveyors.

If the revenue on uncompleted contracts at the balance sheet date had been higher/lower by 10% from management's estimates, the Group's revenue and profit would have been higher/lower by \$14,161,000 (2014: \$15,669,000) and \$11,713,000 (2014: \$13,005,000) respectively.

If the contract costs of uncompleted contracts to be incurred had been higher/lower by 10% from management's estimates, the Group's profit would have been lower/higher by \$10,561,000 (2014: \$11,030,000) respectively.

### (c) *Impairment of trade receivables*

Management reviews its trade receivables for objective evidence of impairment at least quarterly. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management has made judgements as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the economic or legal environment in which the debtor operates in.

Where there is objective evidence of impairment, management has made judgements as to whether an impairment loss should be recorded as an expense. In determining this, management has used estimates based on historical loss experience for assets with similar credit risk characteristics. The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between the estimated loss and actual loss experience.

If the payment ability of the debtor were to deteriorate, the allowance for impairment may increase. The carrying amount of the trade receivables at the end of the financial year is disclosed in Note 12.

The Company engages independent and qualified valuers to determine the fair value of the investment property at the end of every financial year based on the properties highest and best use.

The fair value of the investment property at the balance sheet date is \$7,200,000 (2014: \$6,900,000).

### Fair value hierarchy

	Fair value measurements using significant unobservable inputs (Level 3) \$

- An office building - Singapore	<u>7,200,000</u>
<b>31 March 2014</b>	
- An office building - Singapore	<u>6,900,000</u>

Level 3 fair value of the investment property has been derived using the income capitalization approach which the independent valuers have also cross referenced with that obtained under sales comparison approach. Sales prices of comparable properties in close proximity are adjusted for differences in key attributes such as property size, tenure, location and condition of buildings and prevailing market conditions.

As the investment property of the Company is leased to a subsidiary, this property is reclassified as leasehold building at the Group level and included under property, plant and equipment (see Note 18).

(a) Goodwill arising on consolidation	<b>4,440</b>	4,440

Beginning and end of financial year	<b>4,440</b>	4,440

The carrying amount of goodwill arising on consolidation as at 31 March 2015 was \$4,440,000 (2014: \$4,440,000).

Goodwill is allocated to the Group's cash-generating units ("CGUs") identified for operation in Thailand. The recoverable amount of a CGU was determined based on value-in-use. Cash flow projections used in the value-in-use calculations were based on financial budgets approved by management covering a five-year period. Cash flows beyond the five-year period were using the estimated growth rates stated below.

*Key assumptions used for value-in-use calculations:*

	<u>Thailand</u>	<u>Thailand</u>
	<b>2015</b>	2014
Gross margin <sup>1</sup>	<b>13.3%</b>	15.9%
Growth rate <sup>2</sup>	<b>3.0%</b>	3.0%
Discount rate <sup>3</sup>	<b>12.6%</b>	9.6%

<sup>1</sup> Budgeted gross margin

<sup>2</sup> Weighted average growth rate used to extrapolate cash flows beyond the budget period

<sup>3</sup> Pre-tax discount rate applied to the pre-tax cash flow projections

These assumptions were used for the analysis of the Thailand CGU. Management determined budgeted gross margin based on past performance and its expectations of market developments. The weighted average growth rate used was consistent with forecasts included in industry reports. The discount rates used were pre-tax and reflected specific risks relating to the relevant segments.

If the management's estimated pre-tax discount rate applied to the discounted cash flows at 31 March 2015 had been raised by 1% or the assumed growth rate applied to the discounted cash flows at 31 March 2015 had declined by 1%, with all other variables including tax rate being held constant, the recoverable amount would still be in excess of the carrying amount of goodwill in the CGU.

Fair value information has not been disclosed for the Group's investment in equity instruments that are carried at cost because fair value cannot be measured reliably. These equity instruments represent ordinary shares in the companies that are not quoted on any market. In addition, the variability in the range of reasonable fair value estimates derived from valuation techniques is significant. The Group does not intend to dispose of these investments in the foreseeable future.

### (a) Security granted

- (i) Bank overdrafts and bank borrowings of the Group amounting to \$790,000 (2014: \$2,314,000) are secured by the mortgage of the subsidiary's land and buildings, and corporate guarantees granted by the Company amounting to THB 390,600,000 (equivalent of \$16,509,000) [2014: THB 390,600,000 (equivalent of \$15,197,000)]. Interest on bank borrowings is charged at rate based on Minimum Loan Rate (MLR). Repayment is to be made by monthly installment of THB 1,400,000 (equivalent of \$59,000) per month. Full settlement of the loan is to be made by December 2015.
- (ii) Bank borrowings of the Group amounting to \$5,000,000 (2014: \$5,000,000) are secured by the corporate guarantee granted by the Company amounting to \$42,050,000 (2014: \$42,050,000). Bank borrowings and trust receipts creditors of the Group and the Company amounting to Nil (2014: \$23,037,000) are secured by the mortgage of the Company and subsidiary's leasehold buildings.
- (iii) Finance lease liabilities of the Group are effectively secured over the leased plant and equipment (Note 24), as the legal title is retained by the lessor and will be transferred to the Group upon full settlement of the finance lease liabilities.

## 25. Deferred income taxes

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when the deferred income taxes relate to the same fiscal authority. The amounts, determined after appropriate offsetting, are shown on the balance sheets as follows:

	<u>Group</u>		<u>Company</u>	
	2015	2014	2015	2014
	\$'000	\$'000	\$'000	\$'000

<b>End of financial year</b>	<b>1,286</b>	<b>1,242</b>	<b>335</b>	<b>458</b>

Deferred income tax assets are recognised for tax losses and capital allowances carried forward to the extent that realisation of the related tax benefits through future taxable profits is probable.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

## 25. Deferred income taxes (continued)

As at 31 March 2015, the Group has unutilised tax losses of approximately \$10,373,000 (2014: \$6,201,000) and capital allowances of approximately \$282,000 (2014: \$482,000) available which can be carried forward and used to offset against future taxable income subject to the relevant provisions of the Income Tax Act. Deferred tax assets on these unutilised tax losses and capital allowances have not been recognised as the directors are uncertain as to whether future taxable profits will be available against which they can be utilised. The tax losses have no expiry date.

The movement in deferred income tax assets and liabilities (prior to offsetting of balances within the same tax jurisdiction) is as follows:

At the Annual General Meeting on 28 July 2015, a final dividend of 0.5 cents per share amounting to a total of \$1,519,000 will be recommended. These financial statements do not reflect this dividend, which will be accounted for in shareholders' equity as an appropriation of retained profits in the financial year ending 31 March 2016.

## 30. Contingencies

The Company has issued corporate guarantees to banks for credit facilities granted to its subsidiaries. The principal risk to which the Company is exposed is credit risk of the subsidiaries in connection with the guarantees it has issued, which may have a material impact on the Company.

Corporate guarantees issued by the Company are as follows:

	<u>Company</u>	
	<b>2015</b>	2014
	<b>\$'000</b>	\$'000

## 31. Commitments

Operating lease commitments - where the Group and Company is a lessee

The Group and Company lease various pieces of land from non-related parties under non-cancellable operating lease agreements. These leases have varying terms, escalation clauses and renewal rights.

The future minimum lease payables under non-cancellable operating leases contracted for at the balance sheet date but not recognised as liabilities, are as follows:

## 32. Financial risk management

### *Financial risk factors*

The Group's activities expose it to market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise any adverse effects from the unpredictability of financial markets on the Group's financial performance.

The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management for the Group and has established detailed policies such as authority levels and oversight responsibilities.

### (a) *Market risk*

#### (i) *Currency risk*

The Group operates mainly in Asia with dominant operations in Singapore, Malaysia and Thailand. Entities in the Group regularly transact in currencies other than their respective functional currencies ("foreign currencies").

Currency risk arises within entities in the Group when transactions are denominated in foreign currencies such as the United States Dollar ("USD"), Thai Baht ("THB") and Malaysia Ringgit ("MYR").

In addition, the Group is exposed to currency translation risk on the net assets of foreign operations. Currency exposure to the net assets of the Group's foreign operations in Malaysia and Thailand are managed primarily through borrowings denominated in the relevant foreign currencies.

#### (ii) Price risk

The Group has insignificant exposure to equity securities price risk as it does not hold significant equity financial assets except for investment in unlisted equity in Vietnam which is stated at cost (see Note 20).

#### (iii) Cash flow and fair value interest rate risks

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. As the Group has no significant interest-bearing assets, the Group's income is substantially independent of changes in market interest rates.

The Group periodically reviews its liabilities and monitors interest rate fluctuations to ensure that the exposure to interest rate risk is within acceptable levels.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

## 32. Financial risk management (continued)

### (b) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The major classes of financial assets of the Group and of the Company are bank balances and deposits and trade receivables. For trade receivables, the Group adopts the policy of dealing only with customers of appropriate credit history, and obtaining sufficient collateral where appropriate to mitigate credit risk. For other financial assets, the Group adopts the policy of dealing only with high credit quality counterparties.

Credit exposure to an individual counterparty is restricted by credit limits that are approved by the Chief Financial Officer based on ongoing credit evaluation. The counterparty's payment profile and credit exposure are continuously monitored at the entity level by the respective management and at the Group level by the Chief Financial Officer.

As the Group and Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the balance sheet date, except as follows:

## 32. Financial risk management (continued)

### (c) Liquidity risk

The Group and Company manage the liquidity risk by maintaining sufficient cash and marketable securities to enable them to meet their normal operating commitments and having an adequate amount of committed credit facilities (Note 23). At the balance sheet date, assets held by the Group and Company for managing liquidity risk included cash and short-term deposits as disclosed in Note 11.

The table below analyses the maturity profile of the financial liabilities of the Group and Company based on contractual undiscounted cash flow. Balances due within 12 months equal their carrying amount as the impact of discounting is not significant.

### (d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

Management monitors capital based on a gearing ratio. The Group and the Company are also required by the banks to maintain a gearing ratio of not exceeding 250% (2014: 250%). The Group's and Company's strategies are to maintain gearing ratios within 30% to 50% and 30% to 40% respectively.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 March 2015

## 32. Financial risk management (continued)

### (d) Capital risk

The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as borrowings less cash and cash equivalents. Total capital is calculated as equity plus net debt.

	Group		Company	
	2015 \$'000	2014 \$'000	2015 \$'000	2014 \$'000
Net debt	–	29,575	–	25,673
Total equity	<b>61,196</b>	73,212	<b>67,241</b>	66,283
Total capital	<b>61,196</b>	102,787	<b>67,241</b>	91,956
Gearing ratio	–	29%	–	28%

For the financial year ended 31 March 2015, the Group and Company are not in net debt positions as the carrying amount of cash and cash equivalents exceeded the carrying amount of borrowings. This resulted in a nil gearing ratio.

The Group and the Company are in compliance with all externally imposed capital requirements for the financial years ended 31 March 2015 and 2014.

### (e) Fair value measurements

The carrying values of financial assets and liabilities approximate to their fair values.

### (f) Financial instruments by category

The carrying amount of the different categories of financial instruments is as disclosed on the face of the balance sheet, except for the followings:

	2015 \$'000	2014 \$'000
Loans and receivables	<b>79,678</b>	117,747
Financial liabilities at amortised cost	<b>50,206</b>	134,311

## 34. Segment information

The management team has determined the operating segments based on the reports that are used to make strategic decisions. The management team comprises the Chairman and Chief Executive Officer, Executive Director, Finance Director, Chief Financial Officer and the general managers of each business segment.

The management team considers the business mainly from the following two business segments: (i) Plant construction and maintenance and (ii) compression and process equipment fabrication. Other services include investment holding but this is not included within the reportable operating segments as it is not included in the reports provided to the management team.

## 34. Segment information (continued)

Sales between segments are carried out at arm's length. The revenue from external parties reported to the management team is measured in a manner consistent with that in the statement of comprehensive income.

The management team assesses the performance of the operating segments based on a measure of earnings before interest, tax, depreciation, amortisation and costs that are not expected to recur in every period ("adjusted EBITDA"). Interest income and finance expenses are not allocated to segments, as this type of activity is driven by the Chief Financial Officer, who manages the cash position of the Group.

A reconciliation of adjusted EBITDA to profit before tax is provided as follows:

	<b>2015</b>	2014
	<b>\$'000</b>	\$'000
Adjusted EBITDA for reportable segments	<b>(6,720)</b>	1,919
Depreciation	<b>(4,245)</b>	(4,324)

Finance expense	<b>(708)</b>	(499)
Interest income	<b>50</b>	84
<b>Loss before tax</b>	<b>(11,777)</b>	<b>(3,167)</b>

Reportable segments' assets are reconciled to total assets as follows:

The amounts provided to the management team with respect to total assets are measured in a manner consistent with that of the financial statements. For the purposes of monitoring segment performance and allocating resources between segments, the management team monitors the property, plant and equipment, receivables and operating cash attributable to each segment. All assets are allocated to reportable segments.

## 34. Segment information (continued)

Revenue from major products and services

Revenue from external customers are derived mainly from the provision of mechanical engineering services, plant fabrication and installation and plant maintenance for the petroleum and petrochemical industry and fabrication of compression and process equipment. Breakdown of the revenue are disclosed in the segment information above.

Geographical information

The Group's two main business segments operate in four main geographical areas:

- (a) Singapore - the Company is headquartered and has operations in Singapore. The operations in this area are principally the provision of mechanical engineering services, plant fabrication and installation and plant maintenance for the petroleum and petrochemical industry, fabrication of compression and process equipment, and investment holding;
- (b) Malaysia - the operations in this area are principally the provision of mechanical engineering services, plant construction and plant maintenance for the petroleum and petrochemical industry,
- (c) Thailand - the operations in this area are principally the provision of mechanical engineering services, plant fabrication and installation and plant maintenance for the petroleum and petrochemical industry and fabrication of compression and process equipment,
- (d) The People's Republic of China - the operations in this area are principally the fabrication of compression and process equipment; and
- (e) Other countries (including Vietnam and Africa) - the operations in these areas are principally the provision of mechanical engineering services, plant fabrication and installation and plant maintenance for the petroleum and petrochemical industry and fabrication of compression and process equipment.

Revenue is based on the country in which the customer is domiciled in. Non-current assets are shown by the geographical area where the assets are located.

## 35. New or revised accounting standards and interpretations

Below are the mandatory standards, amendments and interpretations to existing standards that have been published, and are relevant for the Group's accounting periods beginning on or after 1 April 2015 and which the Group has not early adopted:

- FRS 103 Business Combinations (effective for annual periods beginning on or after 1 July 2014)

The standard is amended to clarify that an obligation to pay contingent consideration which meets the definition of a financial instrument is classified as a financial liability or as equity, on the basis of the definitions in FRS 32 Financial instruments: Presentation. The standard is further amended to clarify that all non-equity contingent consideration, both financial and non-financial, is measured at fair value at each reporting date, with changes in fair value recognised in profit and loss.

The standard is also amended to clarify that FRS 103 does not apply to the accounting for the formation of any joint arrangement under FRS 111. The amendment also clarifies that the scope exemption only applies in the financial statements of the joint arrangement itself.

The Group will apply this amendment for business combinations taking place on/after 1 April 2015.

- FRS 40 Investment Property (effective for annual periods beginning on or after 1 July 2014)

The standard is amended to clarify that FRS 40 and FRS 103 are not mutually exclusive. The guidance in FRS 40 assists preparers to distinguish between investment property and owner-occupied property. Preparers also need to refer to the guidance in FRS 103 to determine whether the acquisition of an investment property is a business combination.

The Group will apply this amendment for acquisition of investment property taking place on/after 1 April 2015.

**35. New or revised accounting standards and interpretations (continued)**

- FRS 24 Related Party Disclosures (effective for annual periods beginning on or after 1 July 2014)

The standard is amended to include, as a related party, an entity that provides key management personnel services to the reporting entity or to the parent of the reporting entity ('the management entity').

The reporting entity is not required to disclose the compensation paid by the management entity to the management entity's employees or directors, but it is required to disclose the amounts charged to the reporting entity by the management entity for services provided.

This amendment will not result in any changes to the Group's accounting policies but will require more disclosures in the financial statements.
- FRS 108 Operating Segments (effective for annual periods beginning on or after 1 July 2014)

The standard is amended to require disclosure of the judgments made by management in aggregating operating segments. This includes a description of the segments which have been aggregated and the economic indicators which have been assessed in determining that the aggregated segments share similar economic characteristics.

This standard is further amended to require a reconciliation of segment assets to the entity's assets when segment assets are reported.

This amendment will not result in any changes to the Group's accounting policies but will require more disclosures in the financial statements.
- FRS 113 Fair Value Measurement (effective for annual periods beginning on or after 1 July 2014)

The amendment clarifies that the portfolio exception in FRS 113, which allows an entity to measure the fair value of a group of financial assets and financial liabilities on a net basis, applies to all contracts (including non-financial contracts) within the scope of FRS 39.

This amendment is not expected to have any significant impact on the financial statements of the Group.

**36. Authorisation of financial statements**

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of Hiap Seng Engineering Ltd on 29 June 2015.

# CORPORATE GOVERNANCE REPORT

Hiap Seng Engineering Ltd (the “Company”) is committed to achieving a high standard of corporate governance within the Group and to putting in place effective self-regulatory corporate practices to protect the interests of its shareholders and enhance long-term shareholder value. The Company has generally complied with the principles and recommendations of the Code of Corporate Governance 2012 (the “Code”). The Board of Directors (“the Board”) is pleased to report compliance of the Company with the Code except where otherwise stated.

## **BOARD OF DIRECTORS** **(Code of Corporate Governance Principles 1, 2, 3, 6 and 10)**

The Board comprises six Directors, three of whom are Independent Non-Executive Directors. With three out of six members of the Board being independent, the Company maintains a satisfactory independent element on the Board. The Board, taking into account the nature of operations of the Company, considers its current size to be adequate for effective decision making.

The Directors of the Company as at the date of this report are:-

Mr Tan Ah Lam, Frankie (Executive Chairman and Chief Executive Officer)

Mr Tan Leau Kuee @ Tan Chow Kuee, Richard (Executive Director)

Mr Tan Lian Chew (Executive Director)

Dr John Chen Seow Phun (Independent Non-Executive Director)

Mr Koh Kim Wah (Independent Non-Executive Director)

Mr M. Rajaram (Independent Non-Executive Director)

Of the six Directors, two have specialised training. Mr M. Rajaram is a renowned lawyer in the legal sector and Mr Tan Lian Chew has vast number of years of experience in the finance, corporate and tax services. The remaining Directors have each 30-40 years of industry experience. Key information regarding the Directors’ academic and professional qualifications and other appointments is set out on pages 97 to 98 of the Annual Report.

The Directors will receive relevant training, particularly on relevant new laws, regulations and changing commercial risks, from time to time. The Directors will also be updated on the business of the Group through regular presentations and meetings. The Company will also arrange for new Director with no prior experience of serving as a director in a listed company to attend appropriate courses, conferences or seminars, including programmes or courses organised by the Singapore Institute of Directors or other training institutions in areas such as accounting, legal and industry-specific knowledge. All expenses in relation to the trainings are at the expenses of the Company.

The Company has adopted internal guidelines governing matters that require the Board’s approval. The Board Authority Matrix forms a guideline and provides clear directions on matters requiring Board’s approval which include:

- Issuance of shares
- Major investments
- Material acquisitions and disposal of assets
- Major corporate or financial restructurings
- Major divestment or capital expenditure
- Material legal suits and or claims
- Announcement of the Company’s quarterly and full-year results and the release of the Annual Reports.

# CORPORATE GOVERNANCE REPORT

To facilitate effective management, certain functions have been delegated to various Board Committees namely, the Audit Committee, Remuneration Committee and Nominating Committee, each of which has its own written terms of reference.

All Directors must objectively discharge their duties and responsibilities at all times as fiduciaries in the interests of the Company. The Non-Executive Directors constructively challenge, review and discuss key issues and assist in develop proposals on strategy, as well as review the performance of management in meeting identified goals and monitor the reporting of performance. All Directors take decisions objectively in the interests of the Company.

To assist the Board in fulfilling its responsibilities, the Board will be provided with management reports containing complete, adequate and timely information, and papers containing relevant background or explanatory information required to support the decision making process.

All Directors have separate and independent access to Key Management Personnel and to the Company Secretaries. The Company Secretaries administer, attend and prepare minutes of Board and Board Committee meetings, and assist the Chairman in ensuring that Board procedures are followed and reviewed so that the Board functions effectively, and the Company's Memorandum and Articles of Association and relevant rules and regulations, including requirements of the Companies Act and the Singapore Exchange Securities Trading Limited ("SGX-ST"), are complied with. The appointment and the removal of the Company Secretaries is a matter for the Board as a whole.

Should Directors, whether as a group or individually, need independent professional advice in the furtherance of their duties, the cost of such professional advice will be borne by the Company.

The Board meets on quarterly basis and additional meetings are held whenever necessary. The Company's Articles of Association allow a Board meeting to be conducted by way of telephone conferencing or by means of similar communication equipment whereby all persons participating in the meeting are able to hear each other, provided that the requisite quorum is present.

The number of Board and Board Committee meetings held in the financial year, as well as the attendance of every Board member at those meetings are as follows:

# CORPORATE GOVERNANCE REPORT

## Executive Chairman and Chief Executive Officer

The Executive Chairman is also the Chief Executive Officer (“CEO”) of the Company. The Board is mindful of the desirability of separating the two functional positions. However, as the independent Directors formed half of the composition of the Board, the Company believes that there is a good balance of power and authority within the Board and no individual or small group can dominate the Board’s decision-making process. In addition, the independent Directors have demonstrated their commitment in their roles and are expected to act in good faith and in the best interest of the Company. In addition, the AC, NC and RC are chaired by independent Directors. The Board keeps this situation under regular review and will make suitable recommendations should the circumstances change.

The Executive Chairman and CEO, being the most senior executive in the Company, bears executive responsibility for the Company’s business, is instrumental in growing the business of the Company and for the working of the Board. He provides strong leadership and is overall in-charge of the Management and strategic operations of the Company. The Executive Chairman and CEO ensures that Board meetings are held when necessary and sets the Board meeting agenda in consultation with the Directors. He also encourages constructive relations within the Board and between the Board and Management.

The Executive Chairman and CEO also ensure the quality and timeliness of the flow of information between the Management and the Board.

## **NOMINATING COMMITTEE** **(Code of Corporate Governance Principles 4 and 5)**

The current members of the NC are:

Mr M. Rajaram (Chairman)  
Mr Tan Ah Lam  
Mr Koh Kim Wah

Mr M. Rajaram and Mr Koh Kim Wah are independent directors and are not associated with the substantial shareholders of the Company.

The Board has approved the written terms of reference of the Nominating Committee. The functions of the Nominating Committee among others, include the following:-

- a) Review and make recommendations to the Board on all candidates nominated for appointment to the Board;
- b) Review and make recommendations to the Board on all new employment of related persons and Key Management Personnel and the proposed terms of their employment;
- c) Review training and professional development programme for the Board;
- d) Procure that at least one-third of the Board shall comprise independent Directors (or such other minimum proportion and criteria as may be specified in the Code from time to time);
- e) Identify and make recommendations to the Board as to the Directors who are to retire by rotation and to be put forward for re-election at each Annual General Meeting (“AGM”) of the Company, having regard to the Directors’ contribution and performance, including independent Directors;
- f) Conduct rigorous review of the independence of any Director who had served on the Board beyond nine (9) years from the date of his appointment, and the Board should explain why any such Director should be consider independent;

# CORPORATE GOVERNANCE REPORT

- g) Determine whether a Director is independent (taking into account the circumstances set out in the Code and other salient factors);
- h) Propose a set of objective performance criteria to the Board for approval and implementation, to evaluate the effectiveness of the Board as a whole and the contribution of each Director to the effectiveness of the Board;
- i) Decide if a Director is able to and has carried out his duties adequately as a Director of the Company, taking into consideration the Director's number of listed company board representatives and other principal commitments; and
- j) Put in place plans for succession, in particular, the Chairman of the Board and the Chief Executive Officer.

For the year under review, the NC evaluated the Board's performance as a whole. The assessment process adopted both quantitative and qualitative criteria, such as return on equity, the success of the strategic and long-term objectives set by the Board and the effectiveness of the Board in monitoring the Management's performance against the goals that had been set by the Board.

The NC also evaluate the contribution of each Director to the effectiveness of the Board by having the Directors complete a questionnaire. The findings of the above were analysed and discussed with a view to implementing certain recommendations to further enhance the effectiveness of the Board. No external facilitator was used in FY2015.

The Company's Articles of Association require one-third of its Directors, other than the Managing Director, to retire by rotation and subject themselves for re-election by shareholders at every AGM. No Director shall stay in office for more than three years without being re-elected by shareholders. A retiring Director is eligible for re-election.

The dates of initial appointment, last re-election/ re-appointment and other directorships of each of the Directors are set out below:

Although the Independent Directors hold Directorship in other companies which are not within the Group, the Board is of the view that such multiple board representations do not hinder them from carrying out their duties as Directors. These Directors would widen the experience of the Board and give it a broader perspective. The Board does not prescribe a maximum limit on the number of listed company representations a Director may hold, as the Board believes that a Director can only determine by himself the number of board representations he can manage and the more appropriate measure is the ability of such Director. The Board has confirmed that the Independent Directors have committed sufficient time, resources and expertise to the affairs of the company to ensure their compliance with the Code.

Dr John Chen Seow Phun, Mr Koh Kim Wah and Mr M. Rajaram have served on the Board for more than nine years. The NC, having taken into consideration Guideline 2.3 of the Code, conducted a rigorous review of their contributions to the Board to determine if each of them has maintained the status of independence as defined by Guideline 2.3 of the Code. The NC also noted that Dr John Chen Seow Phun, Mr Koh Kim Wah and Mr M. Rajaram have always exercised their judgement in the interest of the Company, and have expressed their views independently at all times.

The NC is also responsible for determining annually and as and when circumstances required, the independence of Directors, bearing in mind the salient factors set out in the Code as well as other relevant circumstances and fact. In its annual review, the NC, having considered the guideline set out in the Code, confirmed that Dr John Chen Seow Phun, Mr Koh Kim Wah and Mr M. Rajaram remained independent in their judgment and can continue to discharge their duties objectively. Dr John Chen Seow Phun, Mr Koh Kim Wah and Mr M. Rajaram abstained from deliberating in respect of their independence status respectively.

# CORPORATE GOVERNANCE REPORT

The Directors retiring by rotation pursuant to Article 91 of the Company's Articles of Association at the forthcoming AGM is Dr John Chen Seow Phun.

Mr Tan Lian Chew, Mr Koh Kim Wah and Mr Tan Ah Lam, who are over the age of 70 years, will have to retire at the forthcoming AGM pursuant to Section 153(6)(a) of the Companies Act Cap 50. Mr Tan Lian Chew, Mr Koh Kim Wah and Mr Tan Ah Lam have expressed their willingness to be re-appointed as a Director of the Company.

The NC recommended to the Board that Dr John Chen Seow Phun, Mr Koh Kim Wah, Mr Tan Lian Chew and Mr Tan Ah Lam be nominated for re-appointment/re-election as Director of the Company at the forthcoming AGM.

In making the recommendation, the NC evaluates such Directors' competencies, commitment, contribution and performance, such as their attendance at meetings of the Board and Board Committees, where applicable, participation, candour and any special contributions.

There is no alternate Director on the Board.

## **REMUNERATION COMMITTEE** **(Code of Corporate Governance Principles 7, 8 and 9)**

The current members of the Remuneration Committee comprise entirely of Non-Executive Directors. All of them including the Chairman, are independent. The members of the RC are:

Mr Koh Kim Wah (Chairman)  
Mr M. Rajaram  
Dr. John Chen Seow Phun

The Board has approved the written terms of reference of the Remuneration Committee. The functions of the Remuneration Committee, among others, include the following:-

- a) Recommend to the Board a framework of remuneration for the Board and the Key Management Personnel of the Group covering all aspects of remuneration such as Directors' fees, salaries, allowances, bonuses, options and benefits-in-kind;
- b) Propose to the Board, appropriate and meaningful measures for assessing the executive Directors' performance;
- c) Determine the specific remuneration package for each executive Director;
- d) Consider the eligibility of Directors for benefits under long-term incentive schemes;
- e) Consider and recommend to the Board the disclosure of details of the Company's remuneration policy, level and mix of remuneration and procedure for setting remuneration and details of the specific remuneration packages of the Directors and Key Management Personnel of the Company to those required by law or by the Code.
- f) Determine the specific remuneration package (including the base/fixed salary, allowances, bonuses, benefits-in-kind and performance-related incentives) for each executive Director and the Chief executive officer of the Company (or executive of similar rank) if he is not an executive Director;

In carrying out the above, the Remuneration Committee may obtain independent external legal and other professional advice as it deems necessary. The expenses of such advice will be borne by the Company. No external remuneration consultant was used in FY2015.

# CORPORATE GOVERNANCE REPORT

The Company has no share-based compensation schemes or any long-term scheme involving the offer of shares or option in places.

In setting remuneration packages for Directors and Key Management Personnel of the Company, the pay and employment conditions within the industry and in comparable companies are taken into consideration. The RC seeks to establish and maintain an appropriate and competitive level of remuneration to attract, retain and motivate Directors and Key Management Personnel. The RC also ensures that the remuneration policies support the company's objectives and strategies. The remuneration policy for key executives follows the guidelines laid down by the National Wages Council. Further, the Company's performance, the responsibility and performance of the individual key executive are taken into consideration. The RC recommends the remuneration packages of key executives for the Board's approval.

## RISK MANAGEMENT AND INTERNAL CONTROLS (Code of Corporate Governance Principles 11)

The Board is responsible for the governance of risk and is fully aware of the need to put in place a sound system of the risk management and internal controls to safeguard the Shareholders' interests and the Group's assets. On an annual basis, the internal audit function prepares the internal audit plan taking into consideration the risks identified which is approved by the AC and the audits are conducted to assess the adequacy and the effectiveness of the Group's internal control system put in place, including financial, operational, compliance, information technology controls and risk management systems. Any material non-compliance or lapses in internal controls, together with recommendation for improvement are reported to the AC.

The Group's internal controls and systems are designed to provide reasonable, but not absolute, assurance as to the integrity and reliability of the financial information and to safeguard and maintain the accountability of the assets.

# CORPORATE GOVERNANCE REPORT

The Board has established a separate Risk Management Work Team to assist it in carrying out its responsibility of overseeing the Company's risk management framework and policies. The Risk Management Work Team would determine the Group's levels of risk tolerance and risk policies, and oversees the Management in the design implementation and monitoring of the risk management and internal control systems. The Board would also monitors the Group's risks through the work performed by the AC, Risk Management Work Team, internal auditors and external auditors.

During the financial year, the AC had reviewed the existing internal control systems, work performed by the internal and external auditors and reviews performed by the Management, is not aware of any issue causing it to believe that the system of internal controls is inadequate and the same was reported to the Board. Based on the abovementioned review, the Board with the concurrence of the AC is of the opinion that currently there are adequate internal controls systems in the Company in addressing financial, operational, compliance and information technology controls and; risk management systems.

The Board regularly reviews the effectiveness of all internal controls, including operational controls.

## **AUDIT COMMITTEE ("AC")** **(Code of Corporate Governance Principles 12)**

- c) Review the Group's financial results and the announcements before submission to the Board for approval;
- d) Review the assistance given by Management to external and internal auditors;
- e) Review significant findings of internal investigations;
- f) Review the scope, results and cost effectiveness of the external audit and the independence and objectivity of the external auditors;
- g) Consider the appointment/re-appointment of the external auditors;
- h) Review interested person transactions;
- i) Other functions as required by law or the Code; and
- j) Meet the internal and external auditors without the presence of Management at least once a year.

# CORPORATE GOVERNANCE REPORT

The AC meets quarterly and also holds informal meetings and discussions with the Management from time to time. The AC has full discretion to invite any Director or executive officer to attend its meetings.

The AC has been given full access to and is provided with the co-operation of the Company's Management and authority to investigate any matter within its terms of reference. In addition, the AC has independent access to both internal and external auditors. The AC meets with the internal and external auditors without the presence of Management. The AC has reasonable resources to enable it to discharge its functions properly.

The AC is kept abreast by the Management of changes to accounting standards, the SGX-ST Listing Rules and other regulations which could have an impact to the Group's business and financial statements.

No former partner or Director of the Company's existing auditing firm or audit corporation is a member of the AC.

The AC having reviewed the independence and objectivity of the external auditors, is satisfied with the independence and objectivity of the external auditors. The audit fee for FY2015 paid to the external auditor, Messrs PricewaterhouseCoopers LLP ("PWC") was S\$207,000. There was no non-audit fee paid to the external auditor.

The AC is also satisfied that the external auditor, PWC is able to meet the audit obligations of the Company and is pleased to recommend to the Board of Directors, the nomination of PWC for re-appointment at the forthcoming AGM.

The Group has appointed different auditors for its overseas subsidiaries and associated companies as well as Singapore incorporated associated companies. The Board and the AC are satisfied that the appointments would not compromise the standard and effectiveness of the audit of the Group.

In appointing the audit firms for the Group, the AC is satisfied that the Company has complied with the Listing Rules 712, 715 and 716 of the Listing Manual.

The AC has established a whistle blowing policy to provide persons employed by the Group with a confidential and independent channel to report any suspicions of fraud and non-compliance with regulations and Company policies, to the appropriate authority for resolution, without any prejudicial implications to these employees. The AC is vested with the power and authority to receive, investigate and enforce appropriate action when any such suspicion is brought to its attention.

During the financial year, there was no material whistle-blowing report received by the AC regarding the abovementioned concerns.

In addition, the AC has established a fraud risk management policy to facilitate the development of controls aimed to prevent, detect and respond to fraud against the Group.

## **INTERNAL AUDIT** **(Code of Corporate Governance Principle 13)**

KPMG Services Pte Ltd has been appointed as the Company's internal auditor for the purposes of reviewing the effectiveness of the Company's material internal controls. KPMG Services Pte Ltd has adopted the Standards for Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

The AC reviews the internal audit programme, the scope and results of internal audit procedures and ensures that the internal audit function is adequately resourced and has appropriate standing within the Group.

## **SHAREHOLDER RIGHT AND RESPONSIBILITIES** **(Code of Corporate Governance Principles 10, 14, 15 and 16)**

The Company recognises the importance of providing the Board with a continual flow of relevant information on an accurate and timely basis in order that it may effectively discharge its duties.

The Company does not practise selective disclosure. Information is disseminated via SGXNET, news releases and the Company's website. The Company ensures that price-sensitive information is publicly released, and is announced on an immediate basis where required under the Listing Manual of the SGX-ST. Where an immediate announcement is not possible, the announcement is made as soon as possible to ensure that shareholders and the public have fair access to the information.

All shareholders of the Company will receive the Annual Report and the notice of the AGM. The notice is also advertised in a local newspaper and made available on SGXNET. The Company encourages shareholders' participation at AGMs and all shareholders are given the opportunity to voice their views and to direct queries regarding the Group to Directors, including the chairperson of each of the Board Committees. The Chairman of the Audit, Remuneration and Nominating Committees are normally available at the meeting. The external auditors are also present to assist the Directors in addressing any relevant queries by shareholders. The Company ensures that there are separate resolutions at general meetings on each distinct issue.

The Company is committed to disclose as much relevant information as is possible to shareholders in a timely basis through SGXNet and other information channels, including a well-maintained and update corporate website – <http://www.hiapseng.com> in which contain various investor-related information on the Company which serves as an important resource for investors.

The Company's Articles of Association allow a member of the Company to appoint one or two proxies to attend and vote at general meetings. The Company has yet to conduct the voting of all its resolutions by poll at all its AGM and Extraordinary General Meetings ("EGMs"). The Company will consider employing electronic polling in future.

The Company will review its Articles of Association from time to time and make such amendments to the Articles and Association to be in line with the applicable requirements or rules and regulations governing the continuing listing obligation in the SGX-ST Listing Rules.

Resolutions at general meeting are on each substantially separate issue. All the resolutions at the general meetings are single item resolution.

The Company will prepare the detailed Shareholders' Meeting minutes, which include comments and the questions received from shareholders, if available. The Company will be pleased to make these minutes available to shareholders upon their request.

When the opportunities arise, the CEO and Executive Directors will solicit and try to understand the views of the shareholders before and/or after General Meetings of the Company.

The Company does not have a policy on payment of dividends at present. The Company proposed a one-tier tax exempt dividend of S\$0.005 per ordinary share for FY2015 for shareholders' approval at the AGM on 28 July 2015.

# CORPORATE GOVERNANCE REPORT

## **RISK MANAGEMENT**

**(Listing Manual Rule 1207(4)(b)(iv))**

The Board has appointed KPMG Services Pte Ltd in FY2013 to perform an exercise to facilitate its review of the Company's existing risk management processes, including processes for identification and assessment of business risks and the appropriate measures taken to mitigate these risks. The Enterprise Risk Assessment has been completed and the results of the exercise has been brought to the attention of the AC and Directors.

The Management regularly reviews the Group's business and operational activities to identify areas of potential business risk as well as appropriate measures to control and mitigate these risks. The Management reviews all significant control procedures and will highlight any significant potential matters to the AC and the Board.

With the assurance given by the CEO and the Chief Financial Officer at the Board Meeting held on 26 May 2015, the Board, with the concurrence of the AC, is satisfied that the Group's risk management and internal control systems in place is adequate and effective in addressing the material risks in the Group in its current business environment including financial, operational, compliance and information technology risks and also that the financial records have been properly maintained and the financial statements give a true and fair view of the Group's business operations and finances.

## **DEALINGS IN SECURITIES**

**(Listing Manual Rule 1207(18))**

The Company has adopted an internal compliance code with respect to dealings in securities by Directors, and officers of the Group. Directors, Management and officers of the Group who have access to price-sensitive, financial or confidential information are not permitted to deal in the Company's shares on short-term considerations and during the periods commencing two weeks before the announcement of the Group's financial statements for each of the first three quarters of its financial year and one month before the announcement of the Group's full-year financial statements or when they are in possession of unpublished price-sensitive information on the Group.

## **MATERIAL CONTRACTS**

**(Listing Manual Rule 1207(8))**

Save for the service agreements between the executive Directors and the Company, there are no material contracts of the Company or its subsidiaries involving the interest of the chief executive officer or any Director or controlling shareholders subsisting at the end of the financial year ended 31 March 2015.

## **INTERESTED PERSON TRANSACTIONS**

**(Listing Manual Rule 907)**

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and that the transactions are carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority shareholders.

There are no interested person transactions entered into during the financial year under review.

8. Authority to allot and issue shares – Ordinary Resolution

That, pursuant to Section 161 of the Companies Act, Cap. 50 and Rule 806(2) of the Listing Manual of the Singapore Exchange Securities Trading Limited (“SGX-ST”), authority be and is hereby given to the Directors of the Company to:-

- (A) (i) issue shares in the capital of the Company (“shares”) whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, “Instruments”) that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares, at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

# NOTICE OF ANNUAL GENERAL MEETING

- (B) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force, provided that:
- (1) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed fifty per cent. (50%) of the Company's total number of issued shares excluding treasury shares (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro-rata basis to existing shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed twenty per cent. (20%) of the Company's total number of issued shares excluding treasury shares (as calculated in accordance with sub-paragraph (2) below). Unless prior shareholder approval is required under the Listing Manual of the SGX-ST, an issue of treasury shares will not require further shareholder approval, and will not be included in the aforementioned limits.
  - (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the total number of issued shares excluding treasury shares is based on the Company's total number of issued shares excluding treasury shares at the time this Resolution is passed, after adjusting for:
    - (i) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed; and
    - (ii) any subsequent bonus issue, consolidation or subdivision of shares;
  - (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Articles of Association for the time being of the Company; and
  - (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier. **(Resolution 9)**

# NOTICE OF ANNUAL GENERAL MEETING

## Explanatory Notes:

1. (a) The detailed information of Mr John Chen Seow Phun, Mr Tan Lian Chew, Mr Koh Kim Wah and Mr Tan Ah Lam can be found in pages 97 and 98 Information of Directors and pages 87 and 88 date of appointment and re-appointment of Corporate Governance Report of the Annual Report.
  - (b) The relationship of Mr Tan Ah Lam with the Company's 10% shareholders can be found under section entitled 'Statistics of shareholdings' in page 101 of the Annual Report. Save for the above, there is no relationship (including immediate family relationships) between the above mentioned Directors and the other Directors of the Company.
  - (c) Dr John Chen Seow Phun will, upon re-election as a director of the Company, remain as the Chairman of the Audit Committee and a member of the Remuneration Committee; and will be considered independent for the purposes of Rule 704(8) of the Listing Manual of the Singapore Exchange Securities Trading Limited.
  - (d) Mr Koh Kim Wah will, upon re-election as a director of the Company, remain as the Chairman of the Remuneration Committee and a member of the Audit and Nominating Committees; and will be considered independent for the purpose of Rule 704(8) of the Listing Manual of the Singapore Exchange Securities Trading Limited.
2. The Ordinary Resolution no. 9 proposed in item 8 above, if passed, will empower the Directors from the date of the above Meeting until the date of the next Annual General Meeting, to allot and issue shares and convertible securities in the Company. The aggregate number of shares (including any shares issued pursuant to the convertible securities) which the Directors may allot and issue under this Resolution will not exceed fifty per cent. (50%) of the Company's total number of issued shares excluding treasury shares of the Company. For issues of shares other than on a pro rata basis to all shareholders, the aggregate number of shares to be issued will not exceed twenty per cent. (20%) of Company's total number of issued shares excluding treasury shares of the Company. This authority will, unless previously revoked or varied at a general meeting, expire at the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier. However, notwithstanding the cessation of this authority, the Directors are empowered to issue shares pursuant to any Instrument made or granted under this authority

## NOTES

1. A member entitled to attend and vote at the Meeting is entitled to appoint not more than two proxies to attend and vote in his stead.
2. Where a member appoints more than one proxy, the appointments shall be invalid unless he specifies the proportion of his holding (expressed as a percentage of the whole) to be represented by each proxy.
3. A proxy need not be a member of the Company.
4. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (as defined in Section 130A of the Companies Act, Chapter 50 of Singapore), you should insert that number of shares. If you have shares registered in your name in the Register of Members, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the shares held by you.
5. The instrument appointing a proxy or proxies must be deposited at the Company's registered office at **4 Benoi Place, Singapore 629925**, not less than 48 hours before the time set for the Meeting.
6. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or a duly authorised officer.
7. Where an instrument appointing a proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.

## GENERAL:

The Company shall be entitled to reject a proxy form which is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified on the proxy form. In addition, in the case of shares entered in the Depository Register, the Company may reject a proxy form if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 48 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company. It is the appointor's responsibility to ensure that this proxy form is properly completed in all respects. Any decision to reject this proxy form on the ground that it is incomplete, improperly completed or illegible will be final and binding and neither the Company nor Boardroom Corporate & Advisory Services Pte. Ltd. accepts any responsibility for the consequences of such a decision.
