### Chairman's Statement

It is my pleasure to present the results of Lung Kee (Bermuda) Holdings Limited (the "Company") and its subsidiaries (collectively the "Group") for the year ended 31st December, 2017.

#### **BUSINESS REVIEW**

The Group's revenue in the year ended 31st December, 2017 was approximately HK\$2,510 million (2016: approximately HK\$2,213 million). Profit attributable to owners of the Company in the year ended 31st December, 2017 was approximately HK\$278 million (2016: approximately HK\$192 million). Basic earnings per share in the year ended 31st December, 2017 was HK44.05 cents (2016: HK30.35 cents).

During the year of 2017, international situation turned to be complicated and unpredictable, with no significant sign of recovery shown in the global economy. In view of the uncertainties prevailing in the business environment, as compared with the year of 2016, turnover of the Group still maintained a satisfactory growth. Nevertheless, during the reviewed year, the price of raw materials notably increased. Fortunately, other operating costs were managed within a controllable range; thus, fluctuation of the total operating costs was narrowed. Excluding the one-off profit from the land sale of Shanghai Lung Kee Metal Products Co. Ltd., the Group's after tax profit recorded a steady growth.

#### **PROSPECTS**

The Group expects the United States economy will maintain a mild growth. Moreover, some Euro Zone countries, after their respective elections, will encourage economic development and enforce policies that can stabilize the people's livelihood, directly help to revive the economy. The Group will explore markets in the United States and Europe in order to expand its export business. Apart from this, the Group will co-operate with well-built business partners for promoting its brand and its long-term development projects. Nevertheless, the global economy is still confounded by diverse problems and business operating environment fluctuates with uncertainties. The Group will adopt prudent and affirmative attitude in seeking sustained and stable growth.

After the 19th National Congress of the Communist Party of China, China's political and economical development has advanced steadily, further fortifying its international status. Its Gross Domestic Product (GDP) targets on a 6.5% growth and the livelihood of local Chinese tends to be stable, contributing a sustained boom in domestic market. Especially, the automobile parts and components market experiences a flourishing growth. In line with the environmental protection concept and new technology, new energy vehicle models integrated with energy saving and environmental friendly design will be launched to the market consecutively, which in turn will boost up demand of high quality mould products manufactured by the Group. Simultaneously, with rapid change in technology and design, successive new models for consumer goods such as high-tech electronic products, intelligent mobile phone and intelligent household products, will be introduced to the market that will stimulate turnover of mould products of the Group. Following the increasing concern on the health of local Chinese, health care products and equipments industry will experience a more promising development, contributing new market opportunity to the Group. In addition, the new generation parents put great emphasis on their children's education, they are willing to spend money on intelligent and educational toys, bringing a satisfactory growth on toys market. To capture these market opportunities, the Group will devise suitable sales strategy, ameliorate its sales team and consolidate its direct sales channel continuously so as to explore potential markets and clients in full extent, with an aim to generate more revenue for the Group.

### Chairman's Statement

On the other hand, the Group will further enhance its product quality in order to uplift its competitive edge and rest assured its clients in using its product. Due to most of labor are locally recruited in the production plant in Heyuan, Guangdong Province, China, labor mobility is relatively low. It enables the Group to achieve long term development with continued uplift in its production machining skills and efficiency. Turning to plant in Hangzhou city, Zhejiang Province, its production skills and capability progresses steadily and the Group will devote to reinforce its production scale and machining capability in order to satisfy the requirements of clients located in Eastern and Northern regions of China.

The Group will actively monitor its operating cost so as to reduce its risk and enhance its effectiveness. Labor cost in China will keep rising, but its increase rate will still be under the predictable range of the Group. The Group also foresees that interest rate will move up. In views of the sound business operation of the Group with no substantive loan and adequate cash flow, fluctuation of interest rate has only slight effect on the Group. It is also expected that Renminbi will rise shortly and tend to be stable gradually. It alleviates the exchange risk of the Group and facilitates the long term development of Group as it mainly targets on the domestic market of China.

The Group expects that the price of local mould steel will move upward but the rising rate will be slowed down. The Group will closely observe the market trend and flexibly regulate its inventory level so as to reduce the operation risk and burden imposed by the surge of material cost. For the imported steel, it is expected its price will remain stable with mild adjustment.

The Group will take prudent and positive attitude in developing its core business in order to secure a stable growth and healthy return. Taking this opportunity, the Board of Directors would like to express our thanks to all staff for their hard work and contribution rendered to the Group and sincere gratitude is expressed to our shareholders and business partners for their appreciable support to the Group.

Siu Tit Lung Chairman

Hong Kong, 16th March, 2018

### Management Discussion and Analysis

During the year ended 31st December, 2017, the Group continued to focus on the manufacturing and marketing of mould bases and related products.

The Group recorded revenue of approximately HK\$2,510 million and earnings of approximately HK\$278 million for the year ended 31st December, 2017.

#### **OPERATIONAL REVIEW**

In the reviewed period, market performance of the United States improved. However, since the new United States President has assumed office, his advocated policies, internal and external, were unpredictable. In addition, elections held in various European countries including Germany and the Brexit negotiation between Britain and European Union remained stagnant without any progress, slowed down the recovery pace of the European market. On the other hand, mounting tension in North Korean clouded the international situation, adding more uncertainties on the global political and economic environment.

Despite performance of the international markets were not up to expectation, the domestic market of China still maintained a steady development, triggering demand growth in the mould products. Principally the demand of automobile and its components, intelligent household products and high-tech electronic products continued to boom, resulted in a satisfactory growth in the Group's turnover as its high quality mould products suited the market needs. At the same time, the Group enhanced its sales channels to achieve higher degree of market penetration in different industrial cities in China and strengthened the relationship with the clients. Moreover, the Group promoted an easy and efficient platform for clients to place sales orders via Internet which further pushed up the turnover, bringing positive effect to the Group.

However, the price of local mould steel increased continuously during the reviewed period. Consequently, raw materials cost of the Group rose up as compared with that of the previous year, affecting the Group's profit. For the imported steel, the price tended to be stable with only mild fluctuation.

Fortunately, the Group succeeded in monitoring its other operating costs, fluctuating at a reasonable level in aggregate. In the period under review, the Group added advanced facilities in enhancing its production flow in order to lessen manpower involvement; ultimately, its labor cost could be managed to fluctuate within a restricted range. Owing to the sustained amelioration in production skills and operations of plants in Heyuan, Guangdong Province and Hangzhou city, Zhejiang Province, China, productivity per capita and production efficiency were further uplifted, relieving the burden imposed by the factory cost.

In conclusion, the Group registered a stable growth in the reviewed year and its aggregate business performance was satisfactory.

### Management Discussion and Analysis

#### LIQUIDITY AND CAPITAL RESOURCES

As at 31st December, 2017, the Group had bank balances of approximately HK\$674 million and did not have any borrowings.

The bank balances were placed in short term deposits with major banks in Hong Kong and the PRC.

#### **EMPLOYEES AND REMUNERATION POLICIES**

As at 31st December, 2017, the Group employed a total of approximately 4,500 employees, including approximately 4,200 employees in its PRC production sites and approximately 300 employees in Hong Kong and other countries. The Group adopts a competitive remuneration package for its employees. Promotion and salary increments are assessed based on a performance related basis. Share options may also be granted to employees with reference to the individual's performance.

#### **CORPORATE GOVERNANCE PRACTICES**

The Company is committed to adopting the standards of corporate governance. The board of directors (the "Board") of the Company believes that good governance is essential to achieving the Group's objectives of maximizing shareholders' value and safeguarding the interests of the shareholders.

During the financial year ended 31st December, 2017, the Company has complied with all code provisions as set out in the Corporate Governance Code (the "Code") contained in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") (the "Listing Rules").

#### MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix 10 of the Listing Rules as its own code of conduct regarding securities transactions by the directors.

Having made specific enquiry of all directors, all directors declared that they had complied with the Model Code for the year ended 31st December, 2017.

#### THE BOARD

The Board has the collective responsibility for leadership and control of, and for promoting the success of, the Group by directing and supervising the Group's affairs. The Board sets strategies for the Group and monitors the performance of the management.

As at the date of this report, the Board consists of six executive directors and three independent non-executive directors.

Executive directors

Mr. Siu Tit Lung (Chairman)

Mr. Siu Yuk Lung (Managing Director)

Mr. Wai Lung Shing

Mr. Ting Chung Ho

Mr. Siu Yuk Tung, Ivan

Mr. Siu Yu Hang, Leo

Independent non-executive directors

Mr. Liu Wing Ting, Stephen, JP

Dr. Lee Tat Yee

Mr. Lee Joo Hai

Mr. Siu Tit Lung is the Chairman of the Company and Mr. Siu Yuk Lung is the Managing Director of the Company. They are brothers. Mr. Siu Yuk Tung, Ivan is a son of Mr. Siu Tit Lung, a nephew of Mr. Siu Yuk Lung and a cousin of Mr. Siu Yu Hang, Leo. Mr. Siu Yu Hang, Leo is a son of Mr. Siu Yuk Lung, a nephew of Mr. Siu Tit Lung and a cousin of Mr. Siu Yuk Tung, Ivan.

Two independent non-executive directors possess recognised professional qualifications in accounting. The independent non-executive directors bring independent judgement, knowledge and experience to the Board.

During the financial year ended 31st December, 2017, an annual general meeting was held and the Board held four regular meetings at approximately quarterly intervals. The attendance of each director is set out as follows:

	Attendance at	Attendance at
Name of Director	annual general meeting	board meetings
	'	
Executive directors		
Mr. Siu Tit Lung (Chairman)	1/1	4/4
Mr. Siu Yuk Lung (Managing Director)	1/1	4/4
Mr. Wai Lung Shing	1/1	4/4
Mr. Ting Chung Ho	1/1	4/4
Mr. Siu Yuk Tung, Ivan	1/1	4/4
Mr. Siu Yu Hang, Leo	1/1	4/4
Independent non-executive directors		
Mr. Liu Wing Ting, Stephen, JP	1/1	4/4
Dr. Lee Tat Yee	1/1	4/4
Mr. Lee Joo Hai	1/1	4/4

In respect of regular board meetings, an agenda and accompanying board papers of the meeting are sent in full to all directors at least 3 days before the intended date of a meeting.

The management has the obligation to supply the Board and the various Committees with adequate information in a timely manner to enable the members to make informed decisions. Each director has separate and independent access to the Group's senior management to acquire more information than is volunteered by management and to make further enquiries if necessary.

The Board is responsible for determining the overall strategy and corporate development and ensuring the business operations are properly monitored. The Board delegates the day-to-day operations to general managers and department heads who are responsible for different aspects of the operations of the Group while it reserves the right to decide all policy matters of the Group and material transactions.

The Board has delegated the responsibility for performing the corporate governance duties set out in the code provision D.3.1 of the Code to the Audit Committee.

The directors are continually updated with the regulatory requirements, business activities and development of the Group to facilitate the discharge of their responsibilities. The directors should participate in continuous professional development to develop and refresh their knowledge and skills. This is to ensure that their contributions to the Board remain informed and relevant.

All directors have participated in continuous professional development and have provided to the Company the records of the training they received during the financial year ended 31st December, 2017. The individual training record of each director received for the year ended 31st December, 2017 is summarized below:

Name of Divoctor	Briefings and updates on the business, operations and corporate governance	Attending seminars, workshops or exhibitions relevant to the business or

Mr. Lee Joo Hai	✓	✓

#### THE CHAIRMAN AND THE MANAGING DIRECTOR

The Company segregates the role of Chairman from the Managing Director. The Chairman provides leadership to the Board, whereas the Managing Director implements the strategies approved by the Board.

#### **NON-EXECUTIVE DIRECTORS**

All independent non-executive directors of the Company are appointed for a specific term, subject to re-election.

The independent non-executive directors participate actively in the board meetings. They bring an independent judgement on issues of strategy, policy, performance, accountability, resources, key appointments and standards of conduct. The independent non-executive directors are also members of Audit Committee, Nomination Committee and Remuneration Committee.

#### **BOARD COMMITTEES**

The Company has maintained the Audit Committee, the Nomination Committee and the Remuneration Committee throughout the year to oversee particular aspects of the Group's affairs. Each of these committees has specific written terms of reference, which deal clearly with their authorities and duties. The chairmen of the committees will report the findings and recommendations of the committees to the Board after each meeting. The minutes of all meetings of the committees are circulated to the Board for information.

#### NOMINATION COMMITTEE

A Nomination Committee was established by the Company in 2004. As at the date of this report, the Nomination Committee comprises three independent non-executive directors of the Company, Mr. Lee Joo Hai, Mr. Liu Wing Ting, Stephen, JP and Dr. Lee Tat Yee. Mr. Lee Joo Hai is the chairman of the Nomination Committee.

The primary function of the Nomination Committee is to review the structure, size and diversity (including without limitation, gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service) of the Board on a regular basis and make recommendations to the Board regarding any proposed changes. The terms of reference of the Nomination Committee are available on the website of the Stock Exchange and the Company's website.

During the financial year ended 31st December, 2017, the Nomination Committee held four meetings. The attendance of each member is set out as follows:

Name of Member	Number of attendance
Mr. Lee Joo Hai (Chairman)	4/4
Mr. Liu Wing Ting, Stephen, JP	4/4
Dr. Lee Tat Yee	4/4

The chairman of the Nomination Committee will report the findings and recommendations of the Nomination Committee to the Board after each meeting. The minutes of all meetings of Nomination Committee are circulated to the Board for information.

The following is a summary of the work performed by the Nomination Committee in 2017:

- 1. reviewed the structure, size and diversity of the Board. The Nomination Committee endorsed that the Board possessed a diversity of skills, expertise, experience and qualifications and believed that the Board performed its duties competently.
- 2. assessed the independence of all the independent non-executive directors and reviewed the independent non-executive directors' confirmations on their independence.
- 3. nominated Mr. Siu Yuk Lung, Mr. Ting Chung Ho, Mr. Liu Wing Ting, Stephen, Mr. Siu Yuk Tung, Ivan and Mr. Siu Yu Hang, Leo for the Board's recommendations to stand for election at the 2017 annual general meeting of the Company and reviewed the relevant sections in the circular to the shareholders of the Company.
- 4. interviewed with the Chairman and the Managing Director of the Company to realize their plans for succession.
- 5. reviewed the retirement policy of the Group.

- 6. reviewed the relevant disclosures made in the Directors' Report of the 2016 annual report of the Company (the "Annual Report").
- 7. reviewed the Corporate Governance Report, which was included in the Annual Report.
- 8. reviewed the Group's compliance with the Code.
- 9. reviewed the Board Diversity Policy of the Company.
- 10. launched the annual "Director's Self-Assessment Review".
- 11. considered those topics, which were requested by the Board and reviewed those relevant documents.

Below is a summary of the Board Diversity Policy of the Company:

The Company recognises and embraces the benefits of having a diverse Board to enhance the overall quality of its performance.

The Company sees increasing diversity at the Board level as an essential element in supporting the attainment of its strategic objectives and its sustainable development. In designing the Board's composition, Board diversity has been considered from a number of aspects, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. Selection of candidates will be based on a range of diversity perspectives, including but not limited to the aforesaid mentioned aspects. All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board.

The Nomination Committee will report annually on the Board's composition under diversified perspectives, and monitor the implementation of this policy. The Nomination Committee will discuss any policy's revisions that may be required, and recommend any such revisions to the Board for consideration and approval.

#### **REMUNERATION COMMITTEE**

A Remuneration Committee was established by the Company in 2004. As at the date of this report, the Remuneration Committee comprises three independent non-executive directors of the Company, Dr. Lee Tat Yee, Mr. Liu Wing Ting, Stephen, JP and Mr. Lee Joo Hai. Dr. Lee Tat Yee is the chairman of the Remuneration Committee.

The primary function of the Remuneration Committee is to make recommendations to the Board on the Group's policy and structure for all remuneration of directors and senior management. The terms of reference of the Remuneration Committee are available on the website of the Stock Exchange and the Company's website.

During the financial year ended 31st December, 2017, the Remuneration Committee held four meetings. The attendance of each member is set out as follows:

Name of Member	Number of attendance
	<u>'</u>
Dr. Lee Tat Yee (Chairman)	4/4
Mr. Liu Wing Ting, Stephen, JP	4/4
Mr. Lee Joo Hai	4/4

The chairman of the Remuneration Committee will report the findings and recommendations of the Remuneration Committee to the Board after each meeting. The minutes of all meetings of Remuneration Committee are circulated to the Board for information.

The following is a summary of the work performed by the Remuneration Committee in 2017:

- 1. reviewed the Group's emolument policy and structure for the remuneration of directors and senior management of the Group, having regard to the Group's operating results, individual performance and comparable market statistics.
- 2. assessed the performance of the executive directors and considered the remuneration package of executive directors by making reference to the prevailing packages with companies listed on the main board of the Stock Exchange.
- 3. reviewed the relevant disclosures made in the Directors' Report of the Annual Report.
- 4. reviewed the Corporate Governance Report, which was included in the Annual Report.
- 5. reviewed the Group's compliance with the Code.
- 6. considered those topics, which were requested by the Board and reviewed those relevant documents.

The Remuneration Committee has adopted the model set out in the code provision B.1.2(c)(ii) of the Code, i.e. to make recommendations to the Board on the remuneration packages of individual executive directors and senior management.

Details of the remuneration of directors are disclosed on an individual basis and are set out in note 9 to the consolidated financial statements of the Group. As the members of the Board coincide with the members of the senior management of the Group and the remuneration of directors have been disclosed, no disclosure about the remuneration payable to members of senior management could be made.

#### **AUDIT COMMITTEE**

An Audit Committee was established by the Company in 1998. As at the date of this report, the Audit Committee comprises three independent non-executive directors of the Company, Mr. Liu Wing Ting, Stephen, JP, Dr. Lee Tat Yee and Mr. Lee Joo Hai, two of whom possess recognised professional qualifications in accounting and have wide experience in auditing and accounting. Mr. Liu Wing Ting, Stephen, JP is the chairman of the Audit Committee.

The primary function of the Audit Committee is to review and supervise the Group's financial reporting process and internal controls. The Audit Committee has accepted the Board's delegation of responsibility for performing the corporate governance duties set out in the code provision D.3.1 of the Code. The terms of reference of the Audit Committee are available on the website of the Stock Exchange and the Company's website.

During the financial year ended 31st December, 2017, the Audit Committee held four meetings at approximately quarterly intervals to review the quarterly results presented by the management and to discuss the internal audit findings prepared by the Internal Audit Department. The external auditor, Messrs. Deloitte Touche Tohmatsu, attended three regular meetings, which included the meetings in conjunction with the release of the half year and full year results announcements.

During the financial year ended 31st December, 2017, the Audit Committee held four meetings. The attendance of each member is set out as follows:

Name of Member	Number of attendance
Mr. Liu Wing Ting, Stephen, JP (Chairman)	4/4
Dr. Lee Tat Yee	4/4
Mr. Lee Joo Hai	4/4

The chairman of the Audit Committee will report the findings and recommendations of the Audit Committee to the Board after each meeting. The minutes of all meetings of Audit Committee are circulated to the Board for information.

The following is a summary of the work performed by the Audit Committee in 2017:

- 1. reviewed the Group's consolidated financial statements for the year ended 31st December, 2016 and the annual results announcement with a recommendation to the Board for approval.
- 2. reviewed the relevant disclosures made in the Directors' Report of the Annual Report.
- 3. reviewed the Corporate Governance Report, which was included in the Annual Report.
- 4. reviewed the Environmental, Social and Governance Report, which was published on the websites of the Stock Exchange and the Singapore Exchange Securities Trading Limited as well as the Company's website.

- 5. met with the external auditor without the presence of the executive directors of the Board.
- 6. reviewed the Group's consolidated financial statements for the period from 1st January, 2017 to 30th April, 2017 with a recommendation to the Board for approval.
- 7. assessed broadly any special risks faced by the Group and reviewed the effectiveness of the risk management and internal control systems of the Group through the Risk Management and Internal Control Review Task Force, which was established by the Audit Committee. The findings were assessed by the Risk Management and Internal Control Review Task Force. The Audit Committee then reviewed these findings and reported the same to the Board.
- 8. reviewed the Group's consolidated financial statements for the six months period ended 30th June, 2017 and the interim results announcement with a recommendation to the Board for approval.
- 9. reviewed the Group's consolidated financial statements for the period from 1st January, 2017 to 30th September, 2017 with a recommendation to the Board for approval.
- 10. reviewed the Group's policies and practices on corporate governance and made recommendations to the Board.
- 11. reviewed the training and continuous professional development of directors.
- 12. reviewed the Group's compliance with the Code.
- 13. reviewed the annual internal audit plan and the related party transaction reports submitted by the Group's Internal Audit Department.
- 14. reviewed the findings and recommendations submitted by the Group's Internal Audit Department.
- 15. reviewed the reports including the 2017 audit planning report and the management letters submitted by the external auditor.
- 16. considered the 2017 audit fees with a recommendation to the Board for approval.
- 17. considered those topics, which were requested by the Board and reviewed those relevant documents.

At the Audit Committee meeting on 16th March, 2018, the Audit Committee reviewed the Group's consolidated financial statements for the year ended 31st December, 2017, the disclosure in this corporate governance report and the annual results announcement with a recommendation to the Board for approval.

The Audit Committee recommended the re-appointment of Messrs. Deloitte Touche Tohmatsu as the external auditor of the Group for 2018 and that the relevant resolution shall be put forth for the consideration of the shareholders of the Company and their approval at the 2018 annual general meeting of the Company.

#### DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The management provides such explanation and information to the Board so as to enable the Board to make an informed assessment of the financial and other information put before the Board for approval.

The directors acknowledge their responsibility to prepare the consolidated financial statements that give a true and fair view of the state of affairs of the Group. The Board was not aware of any material uncertainties relating to events or conditions that might cast significant doubt upon the Group's ability to continue as a going concern, the Board has prepared the consolidated financial statements on a going concern basis.

The responsibility of the external auditor, Messrs. Deloitte Touche Tohmatsu, is to form an independent opinion, based on their audit, on those consolidated financial statements prepared by the Board and to report their opinion solely to the shareholders of Company, as a body, in accordance with Section 90 of The Companies Act of Bermuda (the "Companies Act"), and for no other purpose.

The Company has announced its annual and interim results in a timely manner within approximately three months and two months, respectively, after the end of the relevant period in order to enhance high level of corporate transparency.

#### RISK MANAGEMENT AND INTERNAL CONTROLS

The Board acknowledges its responsibility for overseeing the Group's risk management and internal control systems and reviewing their effectiveness at least annually through the Risk Management and Internal Control Review Task Force of the Audit Committee. The Risk Management and Internal Control Review Task Force assists the Board and the Audit Committee in the review of the effectiveness of the Group's risk management and internal control systems on an ongoing basis and the Audit Committee assists the Board in fulfilling its oversight and corporate governance roles in the Group's financial, operational, compliance, risk management and internal controls, and the resourcing of the finance and internal audit functions.

Appropriate policies and controls have been designed and established to ensure that assets are safeguarded against improper use or disposal, relevant rules and regulations are adhered to and complied with, reliable financial and accounting records are maintained in accordance with relevant accounting standards and regulatory reporting requirements, and key risks that may impact on the Group's performance are appropriately identified and managed. The systems and internal controls can only provide reasonable and not absolute assurance against material misstatement or loss, as they are designed to manage, rather than eliminate the risk of failure to achieve business objectives.

The various departments of the Group, as risk owners, identify, evaluate, mitigate and monitor their own risks, and report such risk management activities to the directors of the Group at each regularly scheduled meeting throughout the year. The Internal Audit department reviews significant aspects of risk management and internal control for the Group, reports to the Board and the Audit Committee periodically, including amongst other things, significant risks of the Group and the appropriate mitigation of identified risks.

Internal Audit department reports to the Board and the Audit Committee periodically throughout the year, the results of their activities during the preceding period pertaining to the adequacy and effectiveness of internal controls, including but not limited to, any indications of failings or material weaknesses in those controls. The annual work plan of Internal Audit covers major activities and processes of the Group's operations and businesses units. Special reviews are also performed at the Board' request. The results of these audit activities are communicated to the Board and the Audit Committee. Audit issues are tracked, followed up for proper implementation, and their progress are reported to the Board and the Audit Committee periodically.

The Internal Audit provides independent advices to the Board, the Audit Committee and the executive management of the Group on the adequacy and effectiveness of internal controls for the Group. The Head of Internal Audit reports directly to the Chairman of the Audit Committee and the respective directors (as the case may be).

The senior management of the Group, supported by the Board, is responsible for the design, implementation and monitoring of the risk management and internal control systems, and for reporting to the Board and/or the Audit Committee on the effectiveness of these systems.

The following key processes are used to identify, evaluate and manage the Group's significant risks:

- 1. the Board establishes the scope and the Audit Committee establishes the risk assessment criteria.
- 2. various departments identify the risks, which may potentially impact the achievement of their business objectives, and analyze and evaluate the significance of such risks.
- 3. various departments assess the adequacy of existing controls, determine and implement plans where risks are mitigated.
- 4. various departments monitor those activities to mitigate the risks.
- 5. Internal Audit tracks the progress of those activities to mitigate the risks and reports regularly to the Board and the Audit Committee.

The Company has adopted policies and procedures for assessing and improving the effectiveness of its risk management and internal control systems, including requiring the executive management of the Group to provide confirmation to the Board on the effectiveness of these systems annually.

The Board has established and oversees a whistleblower policy and a set of comprehensive procedures whereby employees, customers, suppliers and other concerned parties can report any actual or suspected occurrence of improper conduct involving the Company, and for such matters to be investigated and dealt with efficiently in an appropriate and transparent manner. The Board has designated the Head of Internal Audit to receive on his behalf any such reports, to oversee the conduct of subsequent investigations, and to provide information, including recommendations arising from any investigations to him for consideration by the Board.

The Company strictly regulates the handling and dissemination of inside information to ensure inside information remains confidential until the disclosure of such information is appropriately approved, and the dissemination of such information is efficiently and consistently made.

During 2017, the Risk Management and Internal Control Review Task Force assessed broadly any special risks faced by the Group and conducted a review on the effectiveness of the risk management and internal control systems of the Group. The Risk Management and Internal Control Review Task Force conducted interviews with the executive directors of the Company. The heads of major departments were required to undertake self-assessments of their key controls. The findings were assessed by the Risk Management and Internal Control Review Task Force. The Audit Committee then reviewed these findings and reported the same to the Board. The Audit Committee and the Board were not aware of any areas of concern that would have a material impact on the Group's financial position or results of operations and considered the risk management and internal control systems to be generally effective and adequate including the adequacy of resources, staff qualifications and experience, training programs and budget of the accounting, internal audit and financial reporting functions.

During 2017, the Internal Audit conducted selective reviews on the effectiveness of the risk management and internal control systems of the Group over operational, financial and compliance controls.

In addition to the review of risk management and internal controls undertaken within the Group, the external Auditor also assessed the adequacy and effectiveness of certain key risk management and internal controls as part of their statutory audits. Where appropriate, the external Auditor's recommendations are adopted and enhancements to the risk management and internal controls will be made.

#### **AUDITOR'S REMUNERATION**

For the financial year ended 31st December, 2017, the fee paid/payable to the Group's auditor, Messrs. Deloitte Touche Tohmatsu, is set out as follows:

Services rendered	Fee paid/payable HK\$'000
Audit services	3,016
Non-audit services	
<ul><li>Interim review</li></ul>	470
<ul> <li>Taxation services</li> </ul>	120
<ul> <li>Audit of provident fund</li> </ul>	6
<ul> <li>Review of results announcement</li> </ul>	47

#### **COMPANY SECRETARY**

Mr. Wai Lung Shing, an executive director of the Company, is the Company Secretary of the Company. Mr. Wai has taken no less than 15 hours of relevant professional training duly complied with the training requirement pursuant to Rule 3.29 of the Listing Rules for the year ended 31st December, 2017.

#### SHAREHOLDERS' RIGHTS

#### (a) Convening of special general meetings on requisition by shareholders

Pursuant to Bye-law 58 of the New Bye-Laws of the Company, the shareholders of the Company holding at the date of deposit of the requisition not less than one-tenth (10%) of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the Secretary of the Company, to require a special general meeting to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two (2) months after the deposit of such requisition. If within twenty-one (21) days of such deposit the Board fails to proceed to convene such meeting the requisitionists themselves may do so in accordance with the provisions of section 74(3) of the Companies Act.

The written requisition, duly signed by the shareholders concerned, must state the purpose of the meeting and must be deposited at the registered office of the Company.

The Company would take appropriate actions and make necessary arrangements, and the shareholders concerned would be responsible for the expenses incurred in giving effect thereto in accordance with the requirements under section 74 of the Companies Act once a valid requisition is received.

#### (b) Procedures for putting forward proposals at general meetings by shareholders

The following shareholders can submit a written requisition to move a resolution at a general meeting of the Company:

- (i) any number of shareholders representing not less than one-twentieth (5%) of the total voting rights of all shareholders having at the date of the requisition a right to vote at the general meeting; or
- (ii) not less than one hundred (100) shareholders.

The written requisition specifying the resolution, duly signed by the shareholders concerned, together with a statement of not more than one thousand (1,000) words with respect to the matter referred to in the proposed resolution must be deposited at the registered office of the Company not less than six (6) weeks before the general meeting in case of a requisition requiring notice of a resolution and not less than one (1) week before the general meeting in case of any other requisition. The shareholders concerned must deposit a sum of money reasonably sufficient to meet the Company's expenses in serving the notice of the resolution and circulating the statement submitted by the shareholders concerned.

The Company would take appropriate actions and make necessary arrangements, and the shareholders concerned would be responsible for the expenses incurred in giving effect thereto in accordance with the requirements under sections 79 and 80 of the Companies Act once valid documents are received.

#### (c) Procedures for directing shareholders' enquiries to the board

Shareholders may at any time send their enquiries and concerns to the Board in writing through the Company Secretary at the Company's head office and principal place of business in Hong Kong at Unit A, 15th Floor, Kings Wing Plaza 2, No. 1 On Kwan Street, Sha Tin, New Territories, Hong Kong.

Shareholders may also make enquiries with the Board at the general meetings of the Company.

#### **COMMUNICATION WITH SHAREHOLDERS**

The annual general meeting enables the shareholders of the Company to exchange views with the Board. A notice of annual general meeting is sent to the shareholders of the Company at least 20 clear business days before the meeting. The chairman of the Board and the chairmen of Audit Committee, Nomination Committee and Remuneration Committee have attended at the annual general meeting to be available to answer the questions of the shareholders of the Company.

Separate resolutions are proposed at the annual general meeting on each substantially separate issue, including the election of individual director.

The chairman of the Board invites the company secretary of the Company to give an explanation of the detailed procedures for conducting a poll at the commencement of the annual general meeting. The company secretary of the Company answers any questions from the shareholders of the Company regarding voting by way of a poll.

#### CONSTITUTIONAL DOCUMENTS

There is no change in the Company's constitutional documents during the financial year ended 31st December, 2017.

Hong Kong, 16th March, 2018

### **Directors' Report**

#### **DIRECTORS' REPORT**

The directors present their annual report and the audited consolidated financial statements of the Company and its subsidiaries (collectively the "Group") for the year ended 31st December, 2017.

#### PRINCIPAL ACTIVITIES

The Company acts as an investment holding company and provides corporate management services. Its subsidiaries are principally engaged in the manufacturing and marketing of mould bases and related products. The activities of its principal subsidiaries are set out in note 32 to the consolidated financial statements.

There were no significant change to the Group's principal activities during the current year.

#### **RESULTS AND APPROPRIATIONS**

The results of the Group for the year ended 31st December, 2017 are set out in the consolidated statement of profit or loss and other comprehensive income on page 35.

An interim dividend of HK12 cents per share amounting to approximately HK\$75,801,000 and an interim special dividend of HK8 cents per share amounting to approximately HK\$50,534,000 were paid to shareholders during the year.

The directors now recommend the payment of a final dividend of HK16 cents per share amounting to approximately HK\$101,068,000 and a final special dividend of HK12 cents per share amounting to approximately HK\$75,801,000 to shareholders registered on the register of members on 16th May, 2018, and the retention of the remaining profits for the year.

#### **BUSINESS REVIEW**

A business review of the Group for the year ended 31st December, 2017 and a discussion on the Group's future business development, possible risks and uncertainties that the Group may be facing are shown in "Chairman's Statement" section and "Management Discussion and Analysis" section of this annual report. The capital risk management and the financial risk management objectives and policies of the Group are set out in notes 5 and 26 respectively to the consolidated financial statements. An analysis of the Group's performance using financial key performance indicators is shown in "Five-Year Financial Summary" section of this annual report.

#### Environmental policies and performance

As one of the world's largest mould base manufacturers and the leader of the mould base industry in the PRC, the Group believes that it should not only lead the PRC mould base industry to the world but also lead the industry to be carried on in an environmentally responsible way. The Group believes that in the long run, due performance of environmental responsibility would definitely improve the effectiveness of the utilisation of the Group's resources and would raise the economic efficiency to the Group.

#### **BUSINESS REVIEW** (Continued)

#### Environmental policies and performance (Continued)

The Group abides by all the applicable environmental laws and regulations of the places where the Group has business operations. The Group has established the environmental protection policies that include both emission reduction and energy-saving policies in order to minimise the impacts to the environment.

# Compliance with the relevant laws and regulations that have a significant impact on the company

Compliance procedures are in place to ensure adherence to applicable laws, rules and regulations in particular, those have significant impact to the Group. The Audit Committee of the Company is delegated by the Board to monitor the Group's policies and practices on compliance with legal and regulatory requirements and such policies are regularly reviewed.

#### Key relationships with stakeholders

The Group believes that its success depends on the support from the key stakeholders, which comprise employees, customers, suppliers and shareholders.

#### **Employees**

The Group respects its employees and endeavours to provide the better working conditions for its employees. The Group has established various policies in relation to the labour practices including the remuneration and dismissal, recruitment and promotion, working hours, holidays, disciplinary practice, equal opportunity, diversity and other benefits and welfare so as to provide a fair, healthy and safe working environments for all employees. The Group has also established the policies for remuneration of employees so as to provide the fair and competitive remuneration packages for the employees under the systemic remuneration management. The Group provides equal opportunity for employees in respect of promotion, appraisal, training, development and other aspects in order to build up a sound career platform for employees.

#### Customers

The Group aims at providing its customers with the qualified products and has adopted a system to control strictly the manufacturing processes of its products and the product quality. All products are manufactured according to the specified procedures and are required to undergo a thorough quality inspection process in order to assure the products quality. The Group has maintained a customer service team to handle the enquiries about the products from the customers. The customer service team handles the customers' feedbacks and complaints according to the stated procedures.

### **Directors' Report**

#### **BUSINESS REVIEW** (Continued)

Key relationships with stakeholders (Continued)

#### **Suppliers**

The Group used to work with the suppliers with the same objectives and develops mutually-successful working relationships with the key suppliers. The Group strictly follows its policy, which is constructed under the Group's corporate culture of integrity, and professional standard in the selection of suppliers and purchasing process. Although the cost of purchasing is a major consideration in selecting suppliers, the Group would also consider the suppliers' corporate social responsibility performances, which include the suppliers' performances on the aspects of legal and regulatory compliance, business ethics, labour practices and environmental protection etc.

#### **Shareholders**

One of the Group's objectives is to maximise shareholders' value and safeguard the interests of the shareholders. The Group believes that good governance is essential to achieving the aforesaid objective so that it has adopted the standards of corporate governance. The Group is committed to ensure the sustainable development of the Group and to maintain the stable dividend payouts after taking into account the capital adequacy levels, liquidity positions and business expansion needs of the Group.

#### **FIVE-YEAR FINANCIAL SUMMARY**

A summary of the results, assets and liabilities of the Group for the last five financial years is set out on page 86.

#### **INVESTMENT PROPERTIES**

The Group's investment properties at 31st December, 2017 were revalued by an independent firm of qualified professional property valuers. The revaluation increase of HK\$10,500,000 has been recognised in the consolidated statement of profit or loss and other comprehensive income. Details of the movements in the investment properties of the Group during the year are set out in note 14 to the consolidated financial statements. Details of the major investment properties held by the Group at 31st December, 2017 are set out on page 87.

#### PROPERTY, PLANT AND EQUIPMENT

Details of these and other movements during the year in the property, plant and equipment of the Group are set out in note 15 to the consolidated financial statements.

#### SHARE CAPITAL

Details of the Company's share capital are set out in note 24 to the consolidated financial statements.

#### **DISTRIBUTABLE RESERVES OF THE COMPANY**

The amount of the Company's reserves available for distribution to shareholders as at 31st December, 2017 represented the retained profits of approximately HK\$313,358,000.

#### **MAJOR CUSTOMERS AND SUPPLIERS**

Since the Group has a very wide customer base, the aggregate sales attributable to the Group's five largest customers were less than 30% of the Group's total revenue for the year.

The Group's largest supplier contributed 33% to the total purchases for the year while the Group's five largest suppliers accounted for 60% of the total purchases for the year.

At no time during the year did a director, an associate of a director or a shareholder of the Company (which to the knowledge of the directors owns more than 5% of the Company's share capital) have an interest in any of the Group's five largest customers or suppliers.

#### **DIRECTORS**

The directors of the Company during the year and up to the date of this report were:

#### **Executive directors**

Mr. Siu Tit Lung (Chairman)

Mr. Siu Yuk Lung (Managing Director)

Mr. Wai Lung Shing

Mr. Ting Chung Ho

Mr. Siu Yuk Tung, Ivan

Mr. Siu Yu Hang, Leo

#### Independent non-executive directors

Mr. Liu Wing Ting, Stephen, JP

Dr. Lee Tat Yee

Mr. Lee Joo Hai

In accordance with Bye-laws 87(1) and 169(2) of the Company's Bye-Laws, Mr. Siu Tit Lung, Mr. Wai Lung Shing and Dr. Lee Tat Yee retire from office by rotation and, being eligible, offer themselves for re-election.

No director proposed for re-election at the forthcoming annual general meeting has a service contract with the Company or any of its subsidiaries which is not determinable by the Group within one year without payment of compensation (other than statutory compensation).

### **Directors' Report**

David Michael Webb	Beneficial owner and interest of a controlled corporation	31,594,498	5.00%

Note: HSBC International Trustee Limited, in its capacity as a trustee of a trust, controlled Pan Island investments Limited and therefore was deemed to be interested in the shares of the Company in which Pan Island Investments Limited was interested. Accordingly, the 366,210,937 shares of the Company in which Pan Island Investments Limited was interested were duplicated with the interests attributed to HSBC International Trustee Limited.

### **Directors' Report**

#### SUBSTANTIAL SHAREHOLDERS (Continued)

All the interests disclosed above represent long positions in the shares and underlying shares of the Company.

Save as disclosed herein, the Company has not been notified of any other person (other than a director or a chief executive of the Company) who had an interest or a short position in the shares and underlying shares of the Company as recorded in the register required to be kept by the Company pursuant to Section 336 of the SFO as at 31st December. 2017.

#### ARRANGEMENTS TO PURCHASE SHARES OR DEBENTURES

At no time during the year was the Company or any of its subsidiaries, a party to any arrangements to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

# DIRECTORS' INTERESTS IN ANY TRANSACTIONS, ARRANGEMENTS OR CONTRACTS OF SIGNIFICANCE

No transaction, arrangement or contract of significance, to which the Company or any of its subsidiaries was a party and in which a director of the Company had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

#### PERMITTED INDEMNITY PROVISION

Pursuant to Bye-law 166(1) of the Company's Bye-Laws, directors of the Company shall be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which he may incur or sustain by or about the execution of their duty in their offices or in relation thereto.

The Company has arranged appropriate directors' liability insurance coverage for the directors of the Company throughout the year.

#### MANAGEMENT CONTRACTS

No contracts, other than employment contracts, concerning the management and administration of the whole or any substantial part of the Company's business were entered into or existed during the year.

#### **EQUITY-LINKED AGREEMENTS**

The Company has not entered into any equity-linked agreement during the year.

#### PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

At no time during the year, did the Company nor any of its subsidiaries purchase, sell or redeem any of the Company's listed securities.

### **Directors' Report**

#### SUFFICIENCY OF PUBLIC FLOAT

Throughout the year ended 31st December, 2017 until the date of this report, based on the information that is publicly available to the Company and within the knowledge of the directors, at least 25% of the Company's total issued share capital is held by the public.

#### **PRE-EMPTIVE RIGHTS**

There are no provisions for pre-emptive rights under the Company's Bye-Laws, or Laws of Bermuda, which would oblige the Company to offer new shares on a pro-rata basis to existing shareholders.

#### **EMOLUMENT POLICY**

The Remuneration Committee reviews the Group's emolument policy and structure for remuneration of the directors and senior management of the Group, having regard to the Group's operating results, individual performance and comparable market statistics.

The Company has adopted a share option scheme in 2012. Details of the scheme are set out in note 25 to the consolidated financial statements.

#### **CORPORATE GOVERNANCE**

The Company has complied with all code provisions as set out in the Corporate Governance Code contained in Appendix 14 of the Listing Rules throughout the year.

Further information on the Company's corporate governance practices is set out in the "Corporate Governance Report" from pages 7 to 19.

#### INDEPENDENT NON-EXECUTIVE DIRECTORS' CONFIRMATION OF INDEPENDENCE

The Company received, from each of the independent non-executive directors, Mr. Liu Wing Ting, Stephen, Dr. Lee Tat Yee and Mr. Lee Joo Hai, an annual confirmation of his independence pursuant to Rule 3.13 of the Listing Rules. The Nomination Committee assessed the independence of the independent non-executive directors and affirmed that all independent non-executive directors remained independent.

#### **CHARITABLE DONATIONS**

During the year, the Group made charitable and other donations amounting to approximately HK\$23,000.

#### **AUDITOR**

A resolution will be submitted to the annual general meeting of the Company to re-appoint Messrs. Deloitte Touche Tohmatsu as auditor of the Company.

On behalf of the Board **Siu Yuk Lung** *Managing Director*

#### TO THE MEMBERS OF LUNG KEE (BERMUDA) HOLDINGS LIMITED

龍記(百慕達)集團有限公司

(incorporated in Bermuda with limited liability)

#### **Opinion**

We have audited the consolidated financial statements of Lung Kee (Bermuda) Holdings Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 35 to 85, which comprise the consolidated statement of financial position as at 31st December, 2017, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31st December, 2017, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

#### **Basis for Opinion**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### **Key Audit Matters** (Continued)

#### Key audit matters

#### How our audit addressed the key audit matters

#### Estimated allowance for raw materials

We identified estimated allowance for raw materials as a key audit matter due to the management has made the allowance based on the estimation by their industry knowledge and experiences.

Allowance for raw materials were based on assessment of the management, by considering the latest resale values, latest purchase prices, aging analysis of raw materials, subsequent sales orders of produced products and gross profit margin on each product sold. As at 31st December, 2017, the Group has raw materials with gross amount of approximately HK\$535,885,000 with cumulative allowance of approximately HK\$79,379,000.

Details relating to the Group's inventories are set out in notes 4 and 18 to the consolidated financial statements.

Our procedures in relation to assessing the appropriateness of the estimated allowance for raw materials included:

- Obtaining an understanding of how allowance for raw materials is estimated by the management;
- Discussing with the management and evaluating the basis of allowance for raw materials determined by the management, based on the aging analysis, the latest resale values and the latest purchase prices of raw materials and the net realisable value of each produced product;
- Verifying the accuracy of the aging analysis of raw materials by utilising computer assisted audit techniques;
- Tracing the resale values of raw materials to the available market data;
- Testing subsequent purchase prices of raw materials, on a sample basis, to the purchase invoice;
- Testing subsequent sales orders, on a sample basis, to the final stock list and absorption report and checking the subsequent selling price of each produced product and subsequent usage of the raw materials and recalculating the gross profit margin on each product sold; and
- Assessing the sufficiency and appropriateness and evaluating the accuracy of the allowance estimation by the management.

#### **Key Audit Matters** (Continued)

#### Key audit matters

#### How our audit addressed the key audit matters

#### Recognition of deferred tax asset

We identified the recognition of deferred tax asset in respect of tax losses as a key audit matter due to the estimation by the management in relation to the recognition of deferred tax asset.

Deferred tax asset in respect of tax losses of approximately HK\$17,063,000 was recognised based on the management's judgement in which sufficient future profits will be available in the future against the accumulated tax losses arising from one of the Group's subsidiaries in the People's Republic of China based on the profit forecast prepared by the management.

Details relating to the Group's deferred tax assets are set out in notes 4 and 17 to the consolidated financial statements.

Our procedures in relation to assessing the recognition of deferred tax asset in respect of tax losses included:

- Understanding the management's process in the preparation of the profit forecast;
- Assessing the key assumptions and judgements made by the management in the preparation of the profit forecast including, profit margin, growth rates and economic factors surrounding that PRC subsidiary;
- Evaluating the historical accuracy of the profit forecast by comparing the historical profit forecast to actual result;
- Assessing the reasonableness of the possible timing of the utilisation of the accumulated tax losses;
   and
- Evaluating the sensitivity analysis on the growth rates prepared by the management and to assess the extent of impact on the profit forecast.

#### Other Information

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Responsibilities of Directors and Those Charged with Governance for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

# **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements** (Continued)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Woo King Wa.

#### 1. GENERAL

Lung Kee (Bermuda) Holdings Limited (the "Company") is incorporated in Bermuda as an exempted company with limited liability and its shares are primarily listed on The Stock Exchange of Hong Kong Limited and secondarily listed on the Singapore Exchange Securities Trading Limited. The addresses of the registered office and the principal place of business of the Company are disclosed in the section "Corporate Information" in the annual report.

The consolidated financial statements are presented in Hong Kong dollars, which is the same as the functional currency of the Company.

The Company acts as an investment holding company and provides corporate management services. Its subsidiaries are principally engaged in the manufacturing and marketing of mould bases and related products.

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

Amendments to HKFRSs that are mandatorily effective for the current year

The Company and its subsidiaries (collectively referred to as the "Group") have applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") for the first time in the current year.

Amendments to HKAS 7 Disclosure Initiative

Amendments to HKAS 12 Recognition of Deferred Tax Assets for Unrealised

Losses

Amendments to HKFRS 12 As part of the Annual Improvements to HKFRSs

2014-2016 Cycle

Except as described below, the application of the amendments to HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

#### Amendments to HKAS 7 Disclosure Initiative

The Group has applied these amendments for the first time in the current year. The amendments require an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both cash and non-cash changes. In addition, the amendments also require disclosures on changes in financial assets if cash flows from those financial assets were, or future cash flows will be, included in cash flows from financing activities.

Specifically, the amendments require the following to be disclosed: (i) changes from financing cash flows; (ii) changes arising from obtaining or losing control of subsidiaries or other businesses; (iii) the effect of changes in foreign exchange rates; (iv) changes in fair values; and (v) other changes.

For the year ended 31st December, 2017

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

#### Amendments to HKAS 7 Disclosure Initiative (Continued)

A reconciliation between the opening and closing balances of these items is provided in note 23. Consistent with the transition provisions of the amendments, the Group has not disclosed comparative information for the prior year. Apart from the additional disclosure in note 23, the application of these amendments has had no impact on the Group's consolidated financial statements.

#### New and revised HKFRSs in issue but not yet effective

The Group has not early applied the following new and revised HKFRSs that have been issued but are not yet effective:

HKFRS 9	Financial Instruments <sup>1</sup>
HKFRS 15	Revenue from Contracts with Customers and
	the related Amendments <sup>1</sup>
HKFRS 16	Leases <sup>2</sup>
HKFRS 17	Insurance Contracts <sup>4</sup>
HK(IFRIC)-Int 22	Foreign Currency Transactions and Advance Consideration <sup>1</sup>
HK(IFRIC)-Int 23	Uncertainty over Income Tax Treatments <sup>2</sup>
Amendments to HKFRS 2	Classification and Measurement of Share-based Payment Transactions <sup>1</sup>
Amendments to HKFRS 4	Applying HKFRS 9 Financial Instruments with HKFRS 4 Insurance Contracts <sup>1</sup>
Amendments to HKFRS 9	Prepayment Features with Negative Compensation <sup>2</sup>
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>3</sup>
Amendments to HKAS 28	Long-term Interests in Associates and Joint Ventures <sup>2</sup>
Amendments to HKAS 28	As part of the Annual Improvements to HKFRSs 2014-2016 Cycle <sup>1</sup>
Amendments to HKAS 40	Transfers of Investment Property <sup>1</sup>
Amendments to HKFRSs	Annual Improvements to HKFRSs 2015-2017 Cycle <sup>2</sup>

- <sup>1</sup> Effective for annual periods beginning on or after 1st January, 2018
- <sup>2</sup> Effective for annual periods beginning on or after 1st January, 2019
- Effective for annual periods beginning on or after a date to be determined
- Effective for annual periods beginning on or after 1st January, 2021

Except for the new HKFRSs mentioned below, the directors of the Company anticipate that the application of all other new and amendments to HKFRSs and interpretations will have no material impact on consolidated financial statements in the foreseeable future.

For the year ended 31st December, 2017

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

#### **HKFRS 9 Financial Instruments**

HKFRS 9 introduces new requirements for the classification and measurement of financial assets, financial liabilities, general hedge accounting and impairment requirements for financial assets.

Key requirements of HKFRS 9 which are relevant to the Group are:

- all recognised financial assets that are within the scope of HKFRS 9 are required to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are generally measured at fair value through other comprehensive income. All other financial assets are measured at their fair value at subsequent accounting periods. In addition, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss;
- in relation to the impairment of financial assets, HKFRS 9 requires an expected credit loss model, as opposed to an incurred credit loss model under HKAS 39. The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.

Based on the Group's financial instruments and risk management policies as at 31st December, 2017, the directors of the Company anticipate the following potential impact on initial application of HKFRS 9:

#### **Impairment**

In general, the directors of the Company anticipate that the application of the expected credit loss model of HKFRS 9 will result in earlier provision of credit losses in relation to the Group's financial assets measured at amortised costs and other items that subject to the impairment provisions upon application of HKFRS 9 by the Group.

Based on the assessment by the directors of the Company, if the expected credit loss model were to be applied by the Group, there would be no material impact on the accumulated amount of impairment loss to be recognised by Group as at 1st January, 2018 as compared to the accumulated amount recognised under HKAS 39.

For the year ended 31st December, 2017

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

#### **HKFRS 15 Revenue from Contracts with Customers**

HKFRS 15 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. HKFRS 15 will supersede the current revenue recognition guidance including HKAS 18 *Revenue*, HKAS 11 *Construction Contracts* and the related interpretations when it becomes effective.

The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Under HKFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in HKFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by HKFRS 15.

In 2016, the HKICPA issued Clarifications to HKFRS 15 in relation to the identification of performance obligations, principal versus agent considerations, as well as licensing application guidance.

The directors of the Company anticipate that the application of HKFRS 15 in the future may result in more disclosures, however, the directors of the Company do not anticipate that the application of HKFRS 15 will have a material impact on the timing and amounts of revenue recognised in the respective reporting periods.

#### **HKFRS 16 Leases**

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 *Leases* and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. Distinctions of operating leases and finance leases are removed for lessee accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all leases by lessees, except for short-term leases and leases of low value assets.

For the year ended 31st December, 2017

# 2. APPLICATION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

HKFRS 16 Leases (Continued)

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. For the classification of cash flows, the Group currently presents upfront prepaid lease payments as investing cash flows in relation to leasehold lands for owned use and those classified as investment properties while other operating lease payments are presented as operating cash flows. Upon application of HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and an interest portion which will be presented as financing cash flows by the Group.

In contrast to lessee accounting, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17, and continues to require a lessor to classify a lease either as an operating lease or a finance lease.

Furthermore, extensive disclosures are required by HKFRS 16.

As at 31st December, 2017, the Group has non-cancellable operating lease commitments of HK\$22,532,000 as disclosed in note 28. A preliminary assessment indicates that these arrangements will meet the definition of a lease. Upon application of HKFRS 16, the Group will recognise a right-of-use asset and a corresponding liability in respect of all these leases unless they qualify for low value or short-term leases.

In addition, the Group currently considers refundable rental deposits paid of HK\$2,035,000 and refundable rental deposits received of HK\$1,008,000 as rights and obligations under leases to which HKAS 17 applies. Based on the definition of lease payments under HKFRS 16, such deposits are not payments relating to the right to use the underlying assets, accordingly, the carrying amounts of such deposits may be adjusted to amortised cost and such adjustments are considered as additional lease payments. Adjustments to refundable rental deposits paid would be included in the carrying amount of right-of-use assets. Adjustments to refundable rental deposits received would be considered as advance lease payments.

Furthermore, the application of new requirements may result in changes in measurement, presentation and disclosure as indicated above.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis except for investment properties that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristic of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 Share-based Payment, leasing transactions that are within the scope of HKAS 17 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 Inventories or value in use in HKAS 36 Impairment of Assets.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

In addition, for financial reporting purpose, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity therein.

#### Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in existing subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's relevant components of equity including reserves and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted after re-attribution of the relevant equity component, and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

#### Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs to sell.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Revenue is recognised when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the Group and when specific criteria have been met for each of the Group's activities, as described below.

Revenue from sale of goods is recognised when the goods are delivered and titles have passed.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

The Group's accounting policy for recognition of revenue from operating leases is described in the accounting policy for leasing below.

#### Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation.

Investment properties are initially measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at fair values. Gains or losses arising from changes in the fair value of investment properties are included in profit or loss for the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

#### Property, plant and equipment

Property, plant and equipment including buildings held for use in the production or supply of goods or services, or for administrative purposes (other than freehold land and construction in progress as described below) are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of items of property, plant and equipment (other than freehold land and construction in progress) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Freehold land is stated at cost less accumulated impairment losses, if any.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Property, plant and equipment (Continued)

Construction in progress includes property, plant and equipment in the course of construction for production or administrative purposes. Construction in progress is carried at cost, less any recognised impairment loss. Costs include professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Construction in progress is classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

#### Impairment losses

At the end of the reporting period, the Group reviews the carrying amounts of its assets with finite useful lives to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss, if any.

When it is not possible to estimate the recoverable amount of an asset individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit) in prior years. A reversal of an impairment loss is recognised in profit or loss.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

#### The Group as lessor

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

#### The Group as lessee

Operating lease payments, including the cost of acquiring land held under operating leases, are recognised as an expense on a straight-line basis over the lease term.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis.

#### Leasehold land and building

When the Group makes payments for a property interest which includes both leasehold land and building elements, the Group assesses the classification of each element separately based on the assessment as to whether substantially all the risks and rewards incidental to ownership of each element have been transferred to the Group, unless it is clear that both elements are operating leases, in which case the entire property is accounted as an operating lease. Specifically, the entire consideration (including any lump-sum upfront payments) are allocated between the leasehold land and the building elements in proportion to the relative fair values of the leasehold interests in the land element and building element at initial recognition.

To the extent the allocation of the relevant payments can be made reliably, interest in leasehold land that is accounted for as an operating lease is presented as "prepaid lease payments" in the consolidated statement of financial position and is amortised over the lease term on a straight-line basis except for those that are classified and accounted for as investment properties under the fair value model. When the lease payments cannot be allocated reliably between the leasehold land and building elements, the entire property is generally classified as if the leasehold land is under finance lease.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Inventories**

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined based on weighted average cost method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

#### Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. Hong Kong dollars) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during the period, in which case, the exchange rates at the dates of transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of translation reserve (attributed to noncontrolling interests as appropriate).

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

#### **Taxation**

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before taxation" as reported in the consolidated statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Taxation (Continued)

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

In determining the Group's deferred taxation on investment properties, the directors of the Company have determined that the presumption that the carrying amounts of investment properties measured using the fair value model are recovered entirely through sale is not rebutted.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Retirement benefit costs

Payments to defined contribution retirement benefit plans/state-managed retirement benefit schemes/the Mandatory Provident Fund Scheme are recognised as an expense when employees have rendered service entitling them to the contributions.

#### Short-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries) after deducting any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service cost, interest and remeasurements are recognised in profit or loss except to the extent that another HKFRS requires or permits their inclusion in the cost of an asset.

#### **Financial instruments**

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

#### Financial assets

The Group's financial assets are classified as loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

#### Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest income is recognised on an effective interest basis for debt instruments.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Financial instruments** (Continued)

Financial assets (Continued)

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, loans and receivables (including trade, bills and other receivables and bank balances and cash) are measured at amortised cost using the effective interest method, less any impairment (see accounting policy on impairment of loans and receivables below).

Interest income is recognised by applying the effective interest rate, except for short-term receivables where the recognition of interest would be immaterial.

Impairment of loans and receivables

Loans and receivables are assessed for indicators of impairment at the end of each reporting period. Loans and receivables are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the loans and receivables, the estimated future cash flows of loans and receivables have been affected.

Objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as default or delinquency in interest and principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For certain categories of loans and receivables, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, an increase in the number of delayed payments, observable changes in national or local economic conditions that correlate with default on receivables.

The amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the loans and receivables' original effective interest rate.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Financial instruments** (Continued)

Financial assets (Continued)

Impairment of loans and receivables (Continued)

The carrying amount of loans and receivables is reduced by the impairment loss directly for all loans and receivables with the exception of trade and bills receivables, where the carrying amount is reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance amount.

If, in a subsequent period, the amount of impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the loans and receivables at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

#### Financial liabilities and equity instruments

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Financial liabilities (including trade, bills and other payables and dividend payable) are subsequently measured at amortised cost, using the effective interest method.

For the year ended 31st December, 2017

#### 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Financial instruments** (Continued)

Financial liabilities and equity instruments (Continued)

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest expense is recognised on an effective interest basis.

#### **Derecognition**

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

#### **Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

For the year ended 31st December, 2017

# 4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

#### Key sources of estimation uncertainty

The following are the key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

#### Estimated allowance for raw materials

Management of the Group reviews its allowance for raw materials at the end of the reporting period. Management estimates the amount of allowance for raw materials based on the latest resale values, latest purchase prices, aging analysis of raw materials, subsequent sales orders of produced products, and gross profit margin on each product sold. The Group carries out a review by making use of the aging analysis at the end of the reporting period and make allowance for aged items. As at 31st December, 2017, the carrying amount of raw materials is approximately HK\$456,506,000 (net of allowance of approximately HK\$79,379,000) (2016: HK\$340,213,000 (net of allowance of approximately HK\$73,875,000)).

#### Recognition of deferred tax asset in respect of tax losses

The realisability of the deferred tax asset mainly depends on whether sufficient future profits will be available in the future based on the profit forecast prepared by the management. In cases where the actual future profits generated are less than or more than expected, a reversal or a recognition of deferred tax asset in respect of tax losses would be recognised as profit or loss in the consolidated statement of profit or loss and other comprehensive income for the year in which such a reversal or recognition takes place. As at 31st December, 2017, the carrying amount of deferred tax asset in respect of tax losses is approximately HK\$17,063,000 (2016: HK\$20,285,000).

For the year ended 31st December, 2017

# 4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

**Key sources of estimation uncertainty** (Continued)

#### Estimated allowance of trade and bills receivables

The Group makes allowance for doubtful debts based on an assessment of the recoverability of trade and bills receivables. Allowances are made on trade and bills receivables whenever there is any objective evidence that the balances may not be collectible. In determining whether an allowance for doubtful debts is required, the Group takes into consideration of the credit history of the trade receivables including default or delay in payments, settlement histories and aging analysis of the trade receivables. Following the identification of doubtful debts, the credit team discusses with the relevant customers and reports on the recoverability. Allowance is made for trade receivables that are unlikely to be fully recovered. Where the expectation on the recoverability of the debts is different from the original estimate, such difference will impact the carrying amounts of trade and bills receivables and doubtful debt expenses in the periods in which such estimate has been changed. At 31st December, 2017, the carrying amount of trade and bills receivables are approximately HK\$334,435,000 (2016: HK\$328,123,000) (net of allowance for doubtful debts of HK\$22,327,000 (2016: HK\$26,009,000)).

#### 5. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of equity attributable to owners of the Company, comprising issued share capital, share premium, retained profits and other reserves.

The directors of the Company review the capital structure on a regular basis by considering the cost of capital and the risks associated with each class of capital. Based on recommendation of directors, the Group will balance its overall capital structure through the payment of dividends.

#### 6. REVENUE

The Group is principally engaged in the manufacturing and marketing of mould bases and related products. Revenue represents the invoiced value of goods sold to external customers during the year, after allowances for returns and trade discounts.

For the year ended 31st December, 2017

#### 7. SEGMENT INFORMATION

The Group only has one operating segment, based on information reported to the chief operating decision maker (the Company's executive directors) for the purposes of resources allocation and performance assessment, which is the aggregated results of the Group, including all income, expenses and tax charges. As a result, there is only one reportable segment for the Group. For information regarding this segment, reference can be made to the consolidated financial statements as a whole.

The segment revenue and segment result of the Group represents revenue and profit after taxation set out in the consolidated statement of profit or loss and other comprehensive income respectively.

#### **Entity-wide disclosures**

As at 31st December, 2017 and 2016, substantially all of the Group's non-current assets are located in the places of domicile of the relevant group entities, namely the PRC.

The following is an analysis of the Group's revenue based on location of customers:

	2017 HK\$'000	2016 HK\$'000
The PRC (excluding Hong Kong) Hong Kong Others	2,186,355 3,640 320,394	1,905,401 3,130 304,595
	2,510,389	2,213,126

The Group has a very wide customer base covering Europe, America and Asia. No single customer contributed more than 10% of the Group's revenue for each of the years ended 31st December, 2017 and 2016.

#### 8. OTHER INCOME, GAINS AND LOSSES

	2017 HK\$'000	2016 HK\$'000
Interest income	7,759	7,422

#### Notes:

- Their fees include those for services rendered by them as chairman/members of the Risk Management and Internal Control Review
  Task Force and for their services as directors of the Company.
- 2. The executive directors' emoluments shown above were for their services in connection with the management of the affairs of the Company and the Group.
- 3. The bonus is determined based on performance of the Group and the current market environment.
- 4. Mr. Mak Koon Chi resigned as director of the Company on 31st December, 2016.
- 5. Mr. Siu Yuk Tung, Ivan, and Mr. Siu Yu Hang, Leo, were appointed as directors of the Company with effect from 1st January, 2017.

For the year ended 31st December, 2017

#### 9. DIRECTORS' EMOLUMENTS (Continued)

No directors waived any emoluments in the years ended 31st December, 2017 and 2016.

During the year, no emoluments were paid by the Group to the five highest paid individuals and directors as an inducement to join or upon joining the Group or as compensation for loss of office.

The five highest paid individuals in the Group in both years were directors of the Company and details of their emoluments are presented above.

#### 10. INCOME TAX EXPENSE

	2017 HK\$'000	2016 HK\$'000
	71114 000	Τ ΙΙ (Φ 000
The charge (credit) comprises:		
Hong Kong Profits Tax		
- current year	296	934
- overprovision in prior years	(60)	(30)
	236	904
Taxation in jurisdictions outside Hong Kong  – current year	85,858	76,588
<ul><li>overprovision in prior years</li></ul>	(40)	(1,326)
- transfer from deferred taxation	11,116	23,650
	96,934	98,912
Deferred taxation (note 17)		
- current year	21,678	11,148
- transfer to current income tax	(11,116)	(23,650)
	40.500	(40.500)
	10,562	(12,502)
	107,732	87,314

Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for both years.

Under the Law of the People's Republic of China on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25% for both years.

Taxation arising in jurisdictions outside Hong Kong and the PRC is calculated based on the applicable rates in those jurisdictions.

For the year ended 31st December, 2017

#### 10. INCOME TAX EXPENSE (Continued)

The tax charge for the year can be reconciled to the profit before taxation per the consolidated statement of profit or loss and other comprehensive income as follows:

	2017 HK\$'000	2016 HK\$'000
Profit before taxation	384,649	279,869
Tax at PRC income tax rate of 25% (2016: 25%) (note)	96,162	69,967
Tax effect of non-deductible expenses	9,862	12,259
Tax effect of non-taxable income	(10,239)	(7,463)
Utilisation of tax losses previously not recognised	(3,547)	(1,456)
Tax effect of unused tax losses not recognised	5	1,707
Overprovision in prior years	(100)	(1,356)
Tax effect of deductible temporary difference not recognised	5,294	4,120
Effect of different tax rates of subsidiaries operating in		
other jurisdictions	(1,582)	(1,680)
Deferred tax charge arising on undistributed profits of		
PRC subsidiaries	11,877	11,216
Tax charge for the year	107,732	87,314

*Note:* The domestic tax rate applicable to the jurisdictions where the operations of the Group is substantially based is 25% for both years.

For the year ended 31st December, 2017

#### 11. PROFIT FOR THE YEAR

	2017 HK\$'000	2016 HK\$'000
Profit for the year has been arrived at after charging (crediting):		
Directors' emoluments (note 9)	56,240	44,673
Other staff costs	461,877	477,260
Retirement benefit scheme contributions (excluding contributions		
in respect of directors of the Company)	31,302	33,736
Total staff costs	549,419	555,669
Auditors' remuneration (including remuneration for		
non-audit services)	3,659	3,821
Gross foreign exchange loss	2,330	5,114
Gross foreign exchange gain	(4,624)	(803)
Operating lease rentals in respect of		
- rented premises	12,057	13,747
- plant and machinery	125	98
Release of prepaid lease payments	1,856	2,007
Impairment loss reversed in respect of trade and bills	(F.0FC)	(4 4 4)
receivables, net	(5,256)	(114)
Allowance recognised (recovered) for inventories	3,959	(9,191)
Tooling costs and repair and maintenance expenses for production (included as other expenses)	194,488	165,328
יייייייייייייייייייייייייייייייייייייי	134,400	100,020

For the year ended 31st December, 2017

#### 12. DIVIDENDS

	2017 HK\$'000	2016 HK\$'000
Dividends recognised as distribution during the year:		
2017 Interim - HK12 cents		
(2016: 2016 interim dividend of HK7 cents) per share 2017 Interim special — HK8 cents	75,801	44,217
(2016: 2016 interim special dividend of HK5 cents) per share	50,534	31,584
2016 Final — HK12 cents (2016: 2015 final dividend of HK8 cents) per share	75,801	50,534
2016 Final special — HK12 cents (2016: 2015 final special dividend of HK5 cents) per share	75,801	31,584
	277,937	157,919

The board of directors have determined that a final dividend of HK16 cents (2016: HK12 cents) per share amounting to approximately HK\$101,068,000 (2016: HK\$75,801,000) and a final special dividend of HK12 cents (2016: HK12 cents) per share amounting to approximately HK\$75,801,000 (2016: HK\$75,801,000) should be paid to the shareholders of the Company whose names appear in the register of members on 16th May, 2018.

#### 13. BASIC EARNINGS PER SHARE

The calculation of the basic earnings per share attributable to the owners of the Company is based on the following data:

	2017 HK\$'000	2016 HK\$'000
Earnings:		
Profit for the year attributable to owners of the Company		
for the purposes of basic earnings per share	278,276	191,731
	2017	2016
Number of shares:		
Weighted average number of ordinary shares for the purpose of basic earnings per share	631,677,303	631,677,303

No diluted earnings per share is presented for both years as there is no potential ordinary shares outstanding during the year or at the end of the reporting period.

For the year ended 31st December, 2017

#### 14. INVESTMENT PROPERTIES

	HK\$'000
FAIR VALUE	
At 1st January, 2016	177,500
Unrealised fair value gain on property revaluation included in profit or loss	2,000
At 31st December, 2016	179,500
Unrealised fair value gain on property revaluation included in profit or loss	10,500
At 31st December, 2017	190,000

All of the Group's property interests held under operating leases to earn rentals and for capital appreciation purposes are measured using the fair value model and are classified and accounted for as investment properties.

The fair value of the Group's investment properties at 31st December, 2017 and 31st December, 2016 has been arrived at on the basis of a valuation carried out on the respective dates by C S Surveyors Limited, independent qualified professional valuers not connected to the Group.

The fair value was determined based on market comparable approach, where the prices per square feet of the properties are assessed by reference to market evidence of transaction prices for similar use of properties in the similar locations and conditions in Hong Kong. There has been no change from the valuation technique used in the prior year and it is classified as Level 3 hierarchy. In estimating the fair value of the properties, the highest and best use of the properties is their current use.

One of the key inputs used in valuing the investment properties was the price per square feet, which ranged from HK\$6,647 to HK\$14,002 (2016: HK\$6,218, to HK\$13,162). A slight increase in the price per square feet used would result in a significant increase in fair value measurement of the respective investment properties, and vice versa.

There were no transfers into or out of Level 3 during the year.

For the year ended 31st December, 2017

For the year ended 31st December, 2017

#### 15. PROPERTY, PLANT AND EQUIPMENT (Continued)

The above items of property, plant and equipment, except for freehold land and construction in progress, are depreciated, taking into account their residual value, on a straight-line basis at the following rates per annum:

Buildings

Over the shorter of 20 years or the term of the relevant land use right

Furniture, fixtures, fittings and other equipment

Plant and machinery

Motor vehicles

Over the shorter of 20 years or the term of the relevant land use right

15%

20%

30%

Freehold land is not depreciated and construction in progress is also not depreciated until completion of construction and the properties are ready for their intended use.

#### 16. PREPAID LEASE PAYMENTS

The Group's prepaid lease payments comprise leasehold land located in the PRC.

	2017	2016
	HK\$'000	HK\$'000
Analysed for reporting purposes as:		
Non-current asset	76,290	72,495
Current asset	1,938	1,796
	78,228	74,291

#### 17. DEFERRED TAXATION

The following is the analysis of the deferred tax balances for financial reporting purposes:

	2017	2016
	HK\$'000	HK\$'000
Deferred tax assets	(21,628)	(29,933)
Deferred tax liabilities	26,102	23,811
	4,474	(6,122)

For the year ended 31st December, 2017

#### 17. DEFERRED TAXATION (Continued)

The major deferred tax (assets) liabilities recognised and movements thereon during the current and prior years are summarised below:

	Accelerated	MCH.L.L.P.			
	tax	Withholding			
	depreciation	tax	Tax losses	Provisions	Total
	HK\$'000	HK\$'000	HK\$'000	HK\$'000	HK\$'000
At 1st January, 2016	(5,473)	48,190	(32,516)	(3,417)	6,784
(Credit) charge for the year	(3,678)	11,216	5,799	(2,189)	11,148

At 31st December, 2016	(4,351)	23,811	(20,285)	(5,297)	(6,122)
Charge (credit) for the year	3,876	11,877	4,622	1,303	21,678
Transfer to current income tax	_	(11,116)	_	_	(11,116)
Currency realignment	398	1,530	(1,400)	(494)	34
At 31st December, 2017	(77)	26,102	(17,063)	(4,488)	4,474

At the end of the reporting period, the Group has unused tax losses of approximately HK\$113,128,000 (2016: HK\$147,476,000) available for offset against future profits. A deferred tax asset of approximately RMB56,897,000 (equivalent to HK\$68,248,000) (2016: RMB72,993,000 (equivalent to HK\$81,140,000)) has been recognised in respect of such losses generated by a PRC subsidiary.

The remaining tax losses of approximately HK\$44,880,000 (2016: HK\$66,336,000) are not recognised as deferred tax assets due to the unpredictability of future profit streams. Except for unused tax losses of approximately RMB56,897,000 (equivalent to HK\$68,248,000) that will expire from 2018 to 2020, other unused tax losses may be carried forward indefinitely.

In addition, the Group has temporary differences of approximately HK\$255,692,000 (2016: HK\$234,515,000) in respect of inventory provision and economic compensation provision are not recognised as deferred tax assets due to it is not probable and unpredictable that the temporary difference can be deductible according to the relevant tax law.

Under the EIT Law of PRC, starting from 1st January, 2008, 10% withholding income tax is imposed on dividends declared in respect of profits earned by the companies established in the PRC from the calendar year 2008 onwards to their foreign shareholders. For investors incorporated in Hong Kong which hold at least 25% of equity interest of those PRC companies, a preferential rate of 5% will be applied. Deferred tax has been provided for in respect of the temporary differences attributable to such undistributed profits amounting to approximately HK\$522,040,000. The Group has applied the preferential rate of 5% on such profits as all the Group's subsidiaries in the PRC are directly held by an investment holding company incorporated in Hong Kong.

For the year ended 31st December, 2017

#### 18. INVENTORIES

	2017 HK\$'000	2016 HK\$'000
Raw materials (Note)	456,506	340,213
Work in progress	43,353	37,111
Finished goods	29,878	20,459
	529,737	397,783

Note: The aging analysis of the raw materials net of provision, are as follows:

	2017 HK\$'000	2016 HK\$'000
0 to 180 days 181 to 365 days Over 1 year	336,410 75,071 45,025	191,367 87,448 61,398
	456,506	340,213

The cost of inventories recognised as an expense by the Group during the year amounted to approximately HK\$1,857,766,000 (2016: HK\$1,612,359,000).

#### 19. TRADE, BILLS AND OTHER RECEIVABLES

	2017	2016
	HK\$'000	HK\$'000
Trade receivables	327,579	331,273
Bills receivables	29,183	22,859
Less: allowance for doubtful debts	(22,327)	(26,009)
	334,435	328,123
Other receivables	2,510	1,684
Deposits and prepayments	104,994	40,385
Total trade, bills and other receivables	441,939	370,192

For the year ended 31st December, 2017

#### 19. TRADE, BILLS AND OTHER RECEIVABLES (Continued)

In general, the Group allows a credit period ranging from 30 days to 90 days to its trade customers. The following is an aged analysis of trade and bills receivables (net of allowance for doubtful debts) presented based on the invoice dates at the end of the reporting period.

	2017 HK\$'000	2016 HK\$'000
0 to 60 days 61 to 90 days Over 90 days	254,824 53,918 25,693	261,530 56,869 9,724
	334,435	328,123

Before accepting any new customer, the Group assess the potential customer's credit quality and defines credit limits and credit period by customer. Limits and scoring attributed to customers are reviewed regularly. The majority of the trade receivables that are neither past due nor impaired have no history of defaulting on repayments.

#### Aged analysis of trade receivables which are past due but not impaired

Included in the Group's trade receivable balances are debtors with an aggregate carrying amount of approximately HK\$24,807,000 (2016: HK\$8,643,000) aged 91 to 180 days which are past due at the end of the reporting period for which the Group has not provided for impairment loss. The Group does not hold any collateral over these balances.

For the year ended 31st December, 2017

#### 19. TRADE, BILLS AND OTHER RECEIVABLES (Continued)

Movements in the allowance for doubtful debts

	2017 HK\$'000	2016 HK\$'000
Balance at the beginning of the year Currency realignment Impairment loss reversed during the year Amounts written off as uncollectible	26,009 1,631 (5,256) (57)	27,585 (1,313) (114) (149)
Balance at the end of the year	22,327	26,009

At the end of reporting period, the allowance for doubtful debts made by the management were considered irrecoverable after consideration of the credit experiences with their customers. The Group does not hold any collateral over these balances.

#### 20. BANK BALANCES AND CASH

Bank balances and cash of the Group comprise bank balances and short-term bank deposits that are interest-bearing at prevailing market saving rates and are with maturity of three months or less. The bank balances and short-term bank deposits carry interest at market rates ranged from 0.001% to 3.8% (2016: 0.001% to 6.7%) per annum at 31st December, 2017.

#### 21. NON-CURRENT ASSET CLASSIFIED AS HELD FOR SALE

On 4th July, 2016, 上海龍記金屬製品有限公司 Shanghai Lung Kee Metal Products Co., Ltd., an indirect wholly owned subsidiary of the Company, had entered into an agreement with an independent third party in relation to the disposal of the land use right of the land situated in Shanghai, the PRC and the related assets at a consideration of RMB90,000,000 (equivalent to approximately HK\$100,044,000) (the "Disposal"). Deposit received in respect of the Disposal amounted to approximately HK\$33,348,000 was included in trade, bills and other payables as at 31st December, 2016. The rights of the land has been transferred during the current period and the related non-current asset has been derecognised from the consolidated statement of financial position. As a result, a before income tax disposal gain of approximately RMB59,561,000 (equivalent to approximately HK\$67,149,000) was recognised. The after income tax gain attributable to the owners of the Company was approximately RMB49,703,000 (equivalent to approximately HK\$56,035,000).

For the year ended 31st December, 2017

#### 22. TRADE, BILLS AND OTHER PAYABLES

	2017 HK\$'000	2016 HK\$'000
Trade payables Bills payables Advance receipt from customers	97,537 15,723 39,223	93,792 12,631 33,918

#### 25. SHARE OPTION SCHEME

At the annual general meeting of the Company held on 7th May, 2012, the shareholders of the Company approved the adoption of a new share option scheme of the Company (the"2012 Scheme") and the termination of the share option scheme of the Company which was adopted by the shareholders of the Company on 9th September, 2002. Under the 2012 Scheme, the board of directors of the Company or a duly authorised committee (the "Board") may grant options to (i) any executive or non-executive directors of the Group (or any persons proposed to be appointed as such) or any employees of the Group; (ii) any discretionary objects of a discretionary trust established by any employees, executive or non-executive directors of the Group; (iii) any consultants and professional advisers to the Group (or persons, firms or companies proposed to be appointed for providing such services); (iv) any chief executives or substantial shareholders of the Company; (v) any associates of director, chief executive or substantial shareholder of the Company; and (vi) any employees of substantial shareholder of the Company, as absolutely determined by the Board (the "Participants"), to subscribe for shares in the Company. The 2012 Scheme was set up for the primary purpose to attract, retain and motivate talented Participants to strive for future developments and expansion of the Group and to provide the Company with a flexible means of giving incentive to rewarding, remunerating, compensating and/or providing benefits to the Participants, and will expire on 6th May, 2022.

As at 31st December, 2017 and 31st December, 2016, no option was granted.

#### 26. FINANCIAL INSTRUMENTS

For the year ended 31st December, 2017

#### 26. FINANCIAL INSTRUMENTS (Continued)

#### 26b. Financial risk management objectives and policies

The Group's major financial instruments include trade, bills and other receivables, bank balances and cash, trade, bills and other payables. Details of these financial instruments are disclosed in respective notes. The risks associated with certain of these financial instruments include market risk (interest rate risk and currency risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. Management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

#### Market risk

#### (a) Interest rate risk

The Group's bank balances carry interest at variable rates and have exposure to cash flow interest rate risk due to the fluctuation of the prevailing market interest rates. The directors of the Company consider the Group's exposure is not significant as those interest-bearing bank balances are within a short maturity period.

The Group currently does not have an interest rate hedging policy in relation to interest rate risks. The directors of the Company monitor the Group's exposure on an ongoing basis and will consider hedging interest rate risks should the need arise.

The Group's exposures to interest rates on financial liabilities are detailed in the liquidity risk management section of this note.

#### Sensitivity analysis

In the opinion of the directors of the Company, no sensitivity analysis is prepared for the interest rate risk for variable-rate bank deposits since the impact on profit or loss from changes in interest rates for both years is insignificant.

For the year ended 31st December, 2017

#### **26. FINANCIAL INSTRUMENTS** (Continued)

26b. Financial risk management objectives and policies (Continued)

Market risk (Continued)

#### (b) Currency risk

The Group's principal subsidiaries are operating in the PRC, Japan, Malaysia and Taiwan. The transactions are denominated and settled in their respective functional currency. The management will consider using foreign exchange forward contracts to hedge its foreign currency exposure if it considers the risk to be significant.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities, which are considered as significant by the management, at the end of the reporting period are as follows:

	Liabilities		Ass	ets
	<b>2017</b> 2016		2017	2016
	<b>HK\$'000</b> HK\$'000		HK\$'000	HK\$'000
RMB			104,331	51,150
USD	<b>13,576</b> 10,107		60,026	87,362
EUR	_	_	8,281	11,069
JPY	<b>56</b> 56		1,273	2,858

For the year ended 31st December, 2017

Market risk (Continued)

(b) Currency risk (Continued)

Sensitivity analysis

The following table details the Group's sensitivity to a 5% (2016: 5%) increase and decrease in the functional currencies of the relevant group entities against the relevant foreign currency monetary assets and liabilities. No sensitivity analysis is presented for HKD against USD as HKD is pegged to USD. 5% (2016: 5%) is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% (2016: 5%) change in foreign currency rates. A negative number below indicates a decrease in post-tax profit for the year where the functional currency of the relevant group entity strengthen 5% (2016: 5%) against the relevant foreign currency. For a 5% (2016: 5%) weakening of the functional currency of the relevant group entity against the relevant foreign currency, there would be an equal and opposite impact on post-tax profit for the year.

The above JPY dominated assets and liabilities are insignificant to the Group. Accordingly, no sensitivity analysis is presented for JPY against the functional currency of the respective entities.

	RMB Impact (i)		EUR Im	pact (i)
	<b>2017</b> 2016		2017	2016
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Post-tax profit for the year	(3,912)	(1,918)	(311)	(415)

(i) This is mainly attributable to the exposure outstanding on receivables, payables and bank balances in the respective foreign currency at year end.

For the year ended 31st December, 2017

#### **26. FINANCIAL INSTRUMENTS** (Continued)

26b. Financial risk management objectives and policies (Continued)

#### Credit risk

As at 31 December 2017, the carrying amounts of those financial assets best represent the maximum exposure to credit risk of the Group. In order to minimise the credit risk, management of the Group has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. The credit team will discuss with the relevant customers and reports on their recoverability on a regular basis. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

The credit risk on liquid funds is limited because the counterparties are banks with good reputation.

The Group's concentration of credit risk by geographical location is mainly in the PRC. The Group has no other significant concentration of credit risk, with exposure spread over a number of counterparties.

#### Liquidity risk

In the management of liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The following table details the Group's remaining contractual maturity for its non-derivatives financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

For the year ended 31st December, 2017

#### **26. FINANCIAL INSTRUMENTS** (Continued)

26c. Fair value

The fair value of financial assets and financial liabilities is determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

The directors consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate to their respective fair values at the end of the reporting period.

#### 27. CAPITAL COMMITMENTS

	2017 HK\$'000	2016 HK\$'000
Capital expenditure in respect of the acquisition of property, plant and equipment contracted for but not provided in		
the consolidated financial statements	14,351	31,567

#### 28. OPERATING LEASES

#### The Group as lessee

At the end of the reporting period, the Group had commitments for future minimum lease payments under non-cancellable operating leases in respect of rented premises, which fall due as follows:

	2017	2016
	HK\$'000	HK\$'000
Within one year	11,489	9,014
In the second to fifth year inclusive	11,043	6,737
	22,532	15,751

Operating lease payments represent rental payables by the Group for certain of its office premises and staff quarters. Leases are negotiated for an average term ranged from one to five years.

Included above are the commitments with related parties for future minimum lease payments to Silver Aim Limited and Triplefull Company Limited within one year is HK\$1,667,000 (2016: HK\$ 2,223,000). There are no commitments in the second to fifth years inclusive in current year. In 2016, the commitments in the second to fifth years inclusive was HK\$1,667,000.

For the year ended 31st December, 2017

#### **28. OPERATING LEASES** (Continued)

#### The Group as lessor

Property rental income earned during the year was approximately HK\$3,469,000 (2016: HK\$6,008,000).

At the end of the reporting period, the Group had minimum lease receipts, which represent rentals receivable by the Group for its investment properties, under non-cancellable operating leases which fall due as follows:

	2017 HK\$'000	2016 HK\$'000
Within one year In the second to fifth year inclusive	2,272 1,043	2,995 513
	3,315	3,508

The investment properties held have committed tenants for an average term ranged from one to three (2016: two) years.

#### 29. RETIREMENT BENEFITS SCHEMES

The Group participates in both a defined contribution scheme which is registered under the Occupational Retirement Schemes Ordinance (the "ORSO Scheme") and a Mandatory Provident Fund Scheme (the "MPF Scheme") established under the Mandatory Provident Fund Ordinance in December 2000. The assets of the schemes are held separately from those of the Group, in funds under the control of trustees. Employees who were members of the ORSO Scheme prior to the establishment of the MPF Scheme were offered a choice of staying within the ORSO Scheme or switching to the MPF Scheme.

For members of the MPF Scheme, the Group contributes at the lower of HK\$1,500 per month or 5% of relevant payroll costs each month to the MPF Scheme, which contribution is matched by the employee.

The ORSO Scheme is funded by monthly contributions from the Group at 11% of the employee's basic salary, depending on the length of service with the Group.

The employees in the Group's subsidiaries in the PRC are members of the state-managed retirement benefit schemes operated by the PRC government. Those subsidiaries are required to contribute a specified percentage of their payroll costs to the retirement benefit schemes to fund the benefits. The only obligation of the Group with respect to the retirement benefit schemes is to make the specified contributions.

For the year ended 31st December, 2017

#### 30. RELATED PARTY TRANSACTIONS

The Group had the following material transactions with related parties during the year:

	2017 HK\$'000	2016 HK\$'000
Rental expenses:		
- Silver Aim Limited and Triplefull Company Limited collectively	1,963	455
Rental deposit paid:		
- Silver Aim Limited and Triplefull Company Limited collectively	556	556

Note: The directors of Silver Aim Limited and Triplefull Company Limited are two directors of the Company and one of them is also the beneficial shareholder of both companies.

The compensation of key management personnel (representing directors of the Company) during the year was as follows:

	2017 HK\$'000	2016 HK\$'000
Short-term benefits	27,101	23,087
Bonus	26,500	19,200
Post-employment benefits	2,639	2,386
	56,240	44,673

For the year ended 31st December, 2017

#### 31. STATEMENT OF FINANCIAL POSITION OF THE COMPANY

The statement of financial position of the Company as at 31st December, 2017 is as follows:

# Properties held for Investment

### **Investment properties**

		Attributable	
Location	Type of properties	interest	Lease term
Workshop 6 on ground floor Kwong Sang Hong Centre Nos.151-153 Hoi Bun Road Kowloon	Office premises	100%	Medium-term lease
Workshop No.2 on ground floor and the yard adjoining thereto Hung Tat Industrial Building No.43 Hung To Road Kowloon	Factory	100%	Medium-term lease
Factory A, C on G/F Mai Hing Industrial Building Nos.16-18 Hing Yip Street Kowloon	Factory	100%	Medium-term lease
Car parking space No. L2 and L5 on G/F Mai Hing Industrial Building Nos.16-18 Hing Yip Street Kowloon	Carpark	100%	Medium-term lease

中國浙江省杭州廠之模架加工生產線

Production lines for mould bases at Hangzhou factory, Zhejiang Province, China

根據客戶的要求進行切削型框及精孔

Pocketing and precision holes are manufactured according to customer's requirement

為訂造模架作淬火處理

Hardening treatment for custom-made mould bases

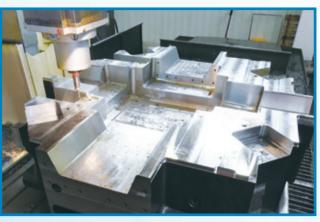

為世界各地不同行業提供優質標準模架的 標準模架生產線

A production line for standard mould bases delivering high quality standard mould bases for different industries over the world

Making a big mould base for die casting mould for overseas customers

為海外客戶生產大型壓鑄模架

透過持續優化生產流程以提升生產效率及提高 產品質素

Through continuous optimization of manufacturing processes to boost up production effectiveness and improve product quality

一台可作四面加工的卧式轉台加工中心 減少了裝夾時間並提高生產效益

A horizontal machining center with rotating table for handling four sides machining reduces the time for fixturing and improving production efficiency
