# <u>Statement of Comprehensive Income for the period ended 31 March 2019</u> 截止 2019 年 3 月 31 日的利润表

# Revenue 销售

Revenue decreased by 54% from RMB5.33 million in 1Q FY 2018 to RMB2.46 million in 1Q FY 2019. In order to ensure that the production capacity continues to be utilized, the management had reduced prices to counter the competition in the environment and to secure the orders for 1Q FY 2019. As mentioned in our last year's announcement, the Group continues to face depletion of our order books. The Group was unable to tender for new orders for a major customer due to the disqualification of the Group as an approved vendor from 26 July 2018. The disqualification was mainly due to the customer's dual concerns of the on-going legal suits and quality control issues arising in 2Q FY 2018. The Group had since been in the process of applying for re-qualifications as an approved vendor. The customer has restored the Group as an approved vendor in January 2019. The Group had immediately bidden in the latest round of tender. During the 1Q FY 2019, the Group had successfully won tenders from such customer amounting to RMB5.10 million.

# Cost of Sales 销售成本

Cost of sales decreased by 62% from RMB6.77 million in 1Q FY 2018 to RMB2.6 million in 1Q FY 2019, albeit, in contrast with the reduced sales versus 1Q FY 2018. Cost of sales exceeded revenue due to higher production costs arising from the higher volume being produced, albeit with lower price due to intense competition.

Gross loss 毛亏

The Group's gross loss decreased by 91% amounting to RMB0.13 million in 1Q FY 2019 as compared to a loss of RMB1.44 million in 1Q FY 2018. The gross loss is due to a combination of factors such as extremely competitive prices caused by open bidding system from our major customer which awards contracts solely based on lowest pricing.
