## **Income Statement Review**

#### **HYFY2021**

#### (A) Continuing operations

#### Revenue

The Group registered revenue from continuing operations of \$7.64 million in HYFY2021, representing an increase of 19% as compared to \$6.41 million in HYFY2020 due to the increase in the export sales of doors.

### Cost of sales

Cost of sales increased by 3% to \$6.23 million in HYFY2021 as compared to \$6.04 million in HYFY2020. The slight increase despite the higher increase in export sales of doors, was due in part to cost savings achieved by our factory in Malaysia.

#### Gross Profit

The Group's gross profit increased from \$0.37 million in HYFY2020 to \$1.41 million in HYFY2021. The Group's gross margin increased from 6% in HYFY2020 to 18% in HYFY2021 due to higher export sales and higher cost savings achieved by our factory in Malaysia.

## Other income

Other income increased to \$2.83 million in HYFY2021 as compared to \$0.13 million in HYFY2020. The increase was largely due to the recognition of gain on disposal group classified as held for sale of approximately \$2.45 million (which relates to the disposal of our subsidiary in Vietnam, Key Bay Furniture Co., Ltd, the completion of which was previously announced on 11 May 2020 via SGXNet) and various government grants and incentives which were offset against a decrease in interest income.

#### Selling and distribution expenses

Selling and distribution expenses decreased by 25% to \$0.01 million in HYFY2021 as compared to \$0.13 million in HYFY2020. The decrease was primarily due to cost savings arising from no commission payment, lower marketing and entertainment expenses, which were offset against the increase in freight charges arising from the higher export sales of doors.

#### Administrative expenses

Administrative expenses decreased by 57% to \$1.32 million in HYFY2021 as compared to \$3.1 million in HYFY2020. The decrease was mainly due to unrealized foreign exchange gain in HYFY2021 recorded as a result of the strengthening of the Australian Dollar and Indonesian Rupiah relative to the Singapore dollar as compared to a unrealized foreign exchange loss recorded previously in HYFY2020. In addition, there were lower staff cost, professional fees and travelling expenses in view of the travel restrictions due to the onset of the COVID-19 pandemic, as compared to the administrative expenses incurred in HYFY2020 offset against the increase in impairment loss on development properties in HYFY2021.

#### Finance costs

Finance costs increased by 7% from \$0.11 million in HYFY2020 to \$0.12 million in HYFY2021. The increase was mainly due to higher loan interest from term loan offset against lower interest cost resulting from lower import loan drawn down or utilized.

#### Profit for the period HYFY2021

The Group posted a profit from continuing operations of \$2.70 million in HYFY2021 as compared to a loss of \$2.80 million in HYFY2020. With the inclusion of the loss from discontinued operations, the profit attributable to equity holders of the Company would be \$2.79 million in HYFY2021 compared to a loss of \$3.40 million in HYFY2020.

### (B) <u>Discontinued operations</u>

Discontinued operations relate to Dongguan Lebex Doors Co. Ltd and KLW (HK) Limited. These two entities are considered as part of a cash generating unit. The loss from discontinued operations amounting to \$0.53 million is in respect of losses incurred in the current financial period.

#### **Review of the Balance Sheet of the Group**

#### Non-current assets

Property, plant and equipment decreased by 3% from \$8.39 million as at 31 March 2020 to \$8.13 million as at 30 September 2020 mainly due to depreciation of property, plant and equipment.

#### Current assets

Development properties increased by 9% from \$38.79 million as at 31 March 2020 to \$42.26 million as at 30 September 2020 mainly due to the strengthening of exchange rate of the Indonesia Rupiah and the Australian dollars against the Singapore dollar, which is the reporting currency of the Group and offset against the impairment loss recognised as at 30 September 2020.

Prepayments, trade and other receivables decreased by 18% from \$5.47 million as at 31 March 2020 to \$4.51million as at 30 September 2020 mainly due to decrease in trade receivables in its China plant whereby the production activity has ceased due to restructuring, resulting in collection of all accounts receivables owed to the subsidiary which were offset against the increase in trade receivables in its Malaysia factory due to increased export sales. Contract assets decreased by 16% from \$0.37 million as at 31 March 2020 to \$0.32 million as at 30 September 2020 due to payment received for local supply and installation project.

Cash and cash equivalents increased by 40% from \$12.67 million as at 31 March 2020 to \$17.75 million as at 30 September 2020 mainly due to the sales proceeds received from disposal of its subsidiary in Vietnam (the completion of which was previously announced on 11 May 2020 via SGXNet) which was offset against cash used for working capital needs.

#### Current liabilities

Trade and other payables decreased by 18% from \$6.67 million as at 31 March 2020 to \$5.50 million as at 30 September 2020 mainly due to reversal of deposit received from pursuant to the completion of the disposal of the subsidiary in Vietnam, offset against increase in other payables. Borrowings decreased by 40% from \$1.63 million as at 31 March 2020 to \$0.99 million as at 30 September 2020. This is mainly due to settlement of foreign currency loan against import and lease liabilities. Provision for restructuring decreased by 22% from \$2.22 million as at 31 March 2020 to \$1.73 million as at 30 September 2020 due to payment of professional fees pertaining to the restructuring exercise in relation to the voluntary winding up of the subsidiary in China.

#### <u>Equity</u>

Total equity increased by 5% from \$71.21 million as at 31 March 2020 to \$74.46 million as at 30 September 2020 mainly due to the profit recognized in HYFY2021.

# Cash Flow Statement Review

The Group's net cash used in operating activities for HYFY2021 was \$3.60 million as compared to \$5.03 million for HYFY2020. Net cash used in operating activities in HYFY2021 was mainly due to working capital use.

Net cash generated from investing activities for HYFY2021 was \$9.30 million as compared to \$3.44 million for HYFY2020. Net cash generated from investing activities in HYFY2021 was mainly due to the sales proceeds received from disposal of its subsidiary in Vietnam (the completion of which was previously announced on 11 May 2020 via SGXNet).

Net cash used in financing activities for HYFY2021 was \$0.59 million as compared to \$0.49 million for HYFY2020. Net cash used in financing activities in HYFY2021 was mainly due to the net payment of the foreign currency loans against import, lease payments and interest.

As a result of the above, the Group's cash and cash equivalents stood at \$17.76 million as at 30 September 2020.

Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

Not applicable.

A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

The unprecedented COVID-19 pandemic and the measures taken by globally to attempt to quell and control the spread of the pandemic continues to have a dampening effect on global economic prospects, economic growth and demand, which shows little signs of abating.

For the Door business, the order book's visibility for the foreseeable future remains limited and clouded, as the Group continues to navigate the increasingly challenging operating environment. The Group is mindful and watchful of the consumer sentiment in the United Kingdom, the Group's largest market by revenue, which continues to be affected by the COVID-19 pandemic. In addition, Malaysia has recently announced a monthlong conditional movement order until 6 December 2020. The Group will be monitoring the impact of this recent announcement and will make the necessary announcements on any material developments.

For the Property business, the Group continues to press ahead with the necessary applications for various permits and licences for its proposed property development in Jakarta which is also badly affected by the partial lockdown, amid an increasing number of daily infections. Over in Melbourne, which has recently seen a wave of infections and a city wide lockdown, the Group continues to be mindful, evaluating the best commercial options for its Melbourne asset.
