"

With the acquisition of the operators of our MHPP in March 2018, the Group is actively looking at increasing its business activities in this business segment. The acquisition is also expected to enhance the Group's capability in operating renewable assets, and raise the Group's profile in the renewable energy sector in South Asia.

The Group will continue to focus on developing and operating renewable energy assets, building a future in renewable energy.

"

Dear Valued Shareholders,

On behalf of the Board of Directors, we are pleased to present to you the annual report for Charisma Energy Services Limited (the "Company" or together with its subsidiaries, the "Group") for the financial year ended 31 December 2017 ("FY2017").

Notwithstanding the recovery in oil prices, the past financial year had proved to be a challenging one, as the Group battled with headwinds from several fronts. Demand for the Group's marine and offshore oil and gas ("O&G") assets remained weak and performance from the Group's mini-hydro power assets in South Asia ("MHPP") had suffered under the worst drought in decades.

Overall, the revenue of the Group for FY2017 decreased by 19% to US\$19.8 million mainly due to reduction in the charter rates of the Group's O&G assets as a result of the continued depressed O&G market globally. In view of this, the Group carried out an assessment on the impairments of its O&G related assets and trade receivables in FY2017 and recognised impairment provisions amounting to US\$33.0 million. This resulted in a net loss of US\$31.3 million reported for FY2017, and reduced the equity of the Company to US\$54.9 million. The Group generated US\$7.4 million of net operating cash flows during the year. The Group is in the process of conducting a financial review of its business and investments and is in discussions with lenders to refinance our liabilities.

The performance of our mini-hydro power assets in South Asia ('MHPP') suffered in the wake of the country's worst drought in 40 years. The lack of rain had lowered water levels in rivers in parts of the country, resulting in slow collection of receivables by the Group for its lease of the Group's MHPP. We are pleased to report that the performance of the MHPP has improved since and power

We are pleased to report that the performance of the MHPP has improved since and power generation is returning back to normal.

"

generation is returning back to normal. With the acquisition of the operators of our MHPP in March 2018, the Group is actively looking at increasing its business activities in this business segment. The acquisition is also expected to enhance the Group's capability in operating renewable assets, and raise the Group's profile in the renewable energy sector in South Asia.

The Group's switch to focus on renewable energy were further boosted when (i) the 140MW solar PV power plant under the Group's joint venture in Rajasthan, India, and (ii) the 20MW solar PV power plant under the Group's subsidiary in Hubei, China, were commissioned in December 2017 and January 2018 respectively. Both plants have since commenced selling power and are currently generating revenue.

The Group is working on exiting the O&G business and contributions from O&G assets will be minimal going forward. The Group will continue to focus on developing and operating renewable energy assets, building a future in renewable energy.

We thank God for His providence and would like to express our sincere gratitude to our fellow directors for their advice and guidance. We sincerely thank all our colleagues for their commitment and hard work throughout this difficult time. To our bankers, business associates and partners, we are very thankful for their support and trust in us. To our dear shareholders, we thank you for your faith in us and will continue to endeavour to create value to your investment.

Mr. Tan Ser Ko Chief Executive Officer & Executive Director

Mr. Chew Thiam Keng Non-Executive Chairman

BOARD OF DIRECTORS

01

Chew Thiam Keng

Non-Executive Chairman & Non-Executive Director

Mr. Chew Thiam Keng was appointed to the Board as Non-Executive Chairman of the Board on 20 February 2013 and was last reelected on 21 April 2015. Mr. Chew is currently the Chief Executive Officer and Executive Director of Ezion Holdings Limited ('Ezion') and he was appointed to the Board of Ezion on 1 March 2007. Prior to this, he was the Managing Director / Chief Executive Officer of KS Energy Services Limited for about five years and was an Executive Director of Kian Ann Engineering Limited between 1996 and November 2001. Before that, he was with the Development Bank of Singapore Limited for nine years working in areas of banking such as corporate finance and retail banking. Mr. Chew holds a Master Degree in Business Administration from the University of Hull and Bachelor Degree (Honours) in Mechanical Engineering from the National University of Singapore. Mr. Chew is currently a non-executive independent director of Pharmesis International Limited, a company listed on the SGX-ST.

02

MR. Tan Ser Ko

Chief Executive Officer & Executive Director

Mr. Tan Ser Ko was first appointed to the Board as Non-Executive and Independent Director of the Company on 29 July 2011 and was re-designated as Executive Director on 1 March 2012. Mr. Tan was appointed Chief Executive Officer of the Company on 1 October 2014 and was last re-elected as Executive Director on 26 April 2016. As Chief Executive Officer, he is responsible for overseeing the strategic planning, corporate management, daily operations, business development and performance of the Group. Mr. Tan is also a non-executive director of Alpha Energy Holdings Limited. Mr. Tan has 19 years of experience in banking, finance and investment. After serving his scholarship bond with the Singapore Armed Forces, he started his banking career in consumer and enterprise banking. His past directorships in companies listed on the SGX-ST include Contel Corporation Limited, M Development Limited and Surface Mount Technology (Holdings) Limited. Mr. Tan holds a Bachelor of Engineering Degree from the National University of Singapore.

03

MR. Wong Bheet Huan Executive Director

Mr. Wong Bheet Huan was appointed as Executive Director of the Company on 1 October 2014 and was reappointed on 26 April 2016. He is responsible for the Group's strategic planning and project evaluation and implementation. He has more than 48 years of experience in marine engineering, power generation and ship and rig construction. He served 32 years at Lloyds Register and was the Country Manager for Singapore. He was also the Technical Director of Ezra Holdings Limited and Chief Executive Officer of Triyards Holdings Limited from 2004 to 2012. Mr. Wong is a registered Professional Engineer, Singapore, and a Fellow of the Institute of Marine Engineers, London. He received tertiary education at the Liverpool College of Technology and is a certified Chief Engineer by the British Board of Trade. He has an honours degree in law from the University of London.

BOARD OF DIRECTORS

⁰⁴ MR. Simon de Villiers Rudolph

Independent Non-Executive Director

05

MR.

Cheng Yee Seng

Independent Non-Executive Director

06

Lim Chen Yang

Independent Non-Executive Director

Mr. Simon de Villiers Rudolph was appointed as Independent Non-Executive Director of the Company on 1 July 2013 and was last re-elected on 25 April 2017. He currently serves as the Chairman of the Audit Committee and a member of the Remuneration and Nominating Committees. Mr. Rudolph had retired from the asset manager, Franklin Templeton, having worked as a portfolio manager for nearly 18 years. He has nearly 31 years of extensive knowledge and experience of business across the world, notably in Asia Pacific, Middle East and North Africa in particular, with specific focus on fund management. Mr. Rudolph holds a degree in Economic History from the University of Durham in the United Kingdom and is a Chartered Accountant and member of the Institute of Chartered Accountants in England and Wales (ICAEW). Mr. Rudolph previously served as independent non-executive director of Giordano International Limited, a company listed on the Hong Kong Stock Exchange.

Mr. Cheng Yee Seng was appointed Independent Non-Executive as Chairman of the Board and Independent Non-Executive Director of the Company on 16 May 2011. He stepped down as the Chairman of the Board on 20 February 2013 and remains on the Board as an independent director. He currently serves as the Chairman of the Remuneration Committee and a member of the Audit and Nominating Committees. He was last re-elected as a director on 25 April 2017. Prior to joining the Group, he was an executive director of Penguin International Ltd and non-executive chairman and an independent director of Enzer Corporation Ltd. He is currently a director of Modz Pte Ltd. Mr. Cheng has varied experience working in the areas of investment, mergers and acquisitions, finance, company secretarial work, contracts and legal matters. Currently, he is a businessman having his main operations based in China. Mr. Cheng holds a Bachelor of Laws (Honours) degree from the University of London, a Bachelor of Accountancy degree from the Singapore University, and a Master degree in Business Administration from the University of Hull.

Mr. Lim Chen Yang was appointed as an Independent Non-Executive Director of the Company on 26 July 2011 and was last re-elected on 26 April 2016. He currently serves as the Chairman of the Nominating Committee, as well as a member of the Audit and Remuneration Committees. Mr. Lim is also a director of Urban Harvest Pte Ltd. Mr. Lim has more than 15 years of experience in banking and administration. He started his banking career with Maybank Singapore after graduation. Mr. Lim holds a Bachelor of Arts Degree from the National University of Singapore.

Charisma Energy Services Limited (the "**Company**") and its subsidiaries (the "**Group**") recognise the importance of and are committed to maintaining a high standard of corporate governance within the Group. Good corporate governance provides the framework for an ethical and accountable corporate environment, which will protect the interests of the Company's shareholders and promote investors' confidence.

This report outlines the Company's main corporate governance practices that were in place during the financial year ended 31 December 2017 ("**FY2017**") with references to the principles of the Code of Corporate Governance 2012 (the "**Code**") and the disclosure guide developed by the Singapore Exchange Securities Trading Limited (the "**SGX-ST**") in January 2015 (the "**Guide**"). The Company has complied with the principles and guidelines as set out in the Code and the Guide, where applicable. Appropriate explanations have been provided in the relevant sections below where there are deviations from the Code and/or the Guide.

(A) BOARD MATTERS

Board's Conduct of its Affairs

Principle 1: Effective Board to lead and control the Company

The Company is led by an effective Board of Directors (the "Board") comprising a majority of Non-Executive Directors. Each Director brings to the Board his skills, experience and insights, which together with strategic networking relationships, serve to further the interests of the Company. At all times, the Directors are collectively and individually obliged to act in good faith and consider the best interests of the Company.

The Board oversees the business affairs of the Group and works with the Management to achieve the objectives set for the Group. To ensure smooth operation and facilitate decision-making, and at the same time ensure proper controls, the Board has delegated some of its powers to the board committees and the Management. The board committees and the Management remain accountable to the Board.

The Board has six members and comprises the following:

Name of Director	Designation
Mr. Chew Thiam Keng	Non-Executive Chairman
Mr. Tan Ser Ko	Executive Director and Chief Executive Officer ("CEO")
Mr. Wong Bheet Huan	Executive Director
Mr. Simon de Villiers Rudolph	Independent Non-Executive Director
Mr. Cheng Yee Seng	Independent Non-Executive Director
Mr. Lim Chen Yang	Independent Non-Executive Director

The main responsibilities of the Board are:

- (i) provide entrepreneurial leadership and guidance and put in place an effective management team;
- (ii) approve broad policies, set strategies and objectives of the Group;
- (iii) approve business plans and annual budgets, major funding including capital management proposals, major investment and disposal proposals;
- (iv) review at least annually the adequacy and effectiveness of the Group's risk management and internal control systems;

- (v) review and monitor the Group's financial performance and the performance of Management; and
- (vi) set the Company's values and standards.

Matters and transactions that require the approval of the Board include, amongst others, the following:

- (i) matters in relation to the overall strategy and management of the Group;
- (ii) material changes to the Group's management and control structure;
- (iii) matters involving financial reporting and dividends;
- (iv) major/strategic acquisitions and disposal of investments not in the ordinary course of business; and
- (v) matters which require Board approval as specified under SGX-ST Listing Manual Section B: Rules of the Catalist ("Catalist Rules"), Companies Act, Chapter 50 of Singapore (the "Companies Act") or other relevant laws and regulations.

The Board is supported by three board committees, namely the Audit Committee ("AC"), the Remuneration Committee ("RC") and the Nominating Committee ("NC"), (collectively, the "Board Committees"). These committees function within clearly defined terms of reference and operating procedures, which were approved by the Board.

The Board held four scheduled meetings in FY2017. Ad-hoc meetings are convened as and when warranted by circumstances. Dates of Board meetings, Board Committee meetings and annual general meetings are scheduled in advance in consultation with the Directors to assist them in planning their attendance. A Director who is unable to attend a Board or Board Committee meeting physically may participate via telephone conference or other electronic and telegraphic means. The Constitution of the Company provide for the meetings to be held via telephone conference and other electronic or telegraphic means; and also for matters requiring decisions of the Board to be approved by way of written resolutions of the Board.

The attendance of the Directors at scheduled meetings of the Board and Board Committees during FY2017 is disclosed below:

Board	AC	NC	RC
4	4	1	1
	No. of Meeti	ngs Attended

N.A. – Not applicable

All newly appointed Directors will be briefed on the business activities, strategic directions, policies and corporate governance practices of the Group. A formal letter of appointment is provided to all new Directors setting out, among other things, a Director's duties and obligations. There was no appointment of new Directors during FY2017.

Directors are provided with briefings and updates from time to time by professional advisors, auditors and Management on relevant practices, new laws, rules and regulations, directors' duties and responsibilities, corporate governance, changes in accounting standards and risk management issues applicable or relevant to the performance of their duties and responsibilities as Directors. The CEO updates the Board at each meeting on business and strategic developments of the Group and industry. Informal meetings are held for Management to brief Directors on prospective deals and potential developments in the early stages before formal Board approval is sought.

Directors are informed and encouraged to attend relevant training programmes organised by the Singapore Institute of Directors and may suggest training topics, the funding of which will be provided by the Company.

During FY2017, Directors were briefed by the external auditor on the developments in financial reporting, governance standards and issues which have a direct impact on financial statements so as to enable them to discharge their duties and responsibilities as Board members or Board Committee members. News releases issued by the SGX-ST which are relevant to the Directors are also circulated to the Board for information.

Board Composition and Guidance

Principle 2: Strong and independent element on the Board

The Board comprise of six members, four of whom are Non-Executive Directors, of which three are independent. The Directors come from different background and possess different core competencies, qualifications and skills. The Board comprises members with vast management experience, industry knowledge, strategic planning experience and includes professionals with financial, accounting and legal backgrounds. They bring with them a wealth of experience that enhances the overall quality of the Board.

The NC reviews the size and composition of the Board and the Board Committees annually. The NC considers the present board size and composition appropriate taking into account the business and scale of operations. It is of the view that the Board and Board Committees, comprises Directors who have the relevant skills and knowledge, expertise and experiences as a group for discharging the Board's duties.

The NC had reviewed the declaration of independence provided by each of the Independent Director in accordance with the Code. The NC and Board consider a Director as independent if he has no relationship with the Company, its related corporations, its 10% shareholders or its officers that could interfere or reasonably perceived to interfere with the exercise of the Director's independent business judgement with a view to the best interests of the Company.

The NC, taking into consideration the above, determined that Mr. Simon de Villiers Rudolph, Mr. Cheng Yee Seng and Mr. Lim Chen Yang are independent according to the Code and noted that at least half of the Board comprises Independent Directors. The Independent Directors have also confirmed their independence in accordance with the Code.

There are no Directors who is deemed independent by the Board, notwithstanding the existence of a relationship as stated in the Code that would otherwise deem him not to be independent.

In view that the Chairman of the Board (the "Chairman") is not an independent director and the Independent Directors make up half of the Board, Guideline 2.1 and 2.2 of the Code are met.

The Board and Management engage in open and constructive debate for the furtherance and achievement of strategic objectives. All Board members are provided with relevant and sufficient information on a timely basis and Non-Executive Directors may challenge Management's assumptions and also extend guidance to Management, in the best interest of the Group.

The Non-Executive Directors are scheduled to meet regularly, and as warranted, in the absence of key management personnel to discuss concerns or matters such as the effectiveness of Management. The Non-Executive Directors had met at least once in FY2017 without the presence of Management.

None of the Directors have served on the Board for a period exceeding nine years since the date of his first appointment.

The Board's policy in identifying director nominees is primarily to have an appropriate mix of members with complementary skills, core competencies and experience for the Group.

The NC is of the view that the current Board comprises persons who as a group provide an appropriate balance and diversity of skills, experience and knowledge for the Board to be effective. Key information about the Directors, including their qualifications and experience, are presented in pages 6 and 7 of this Annual Report under the heading "Board of Directors".

The Board has taken the following steps to maintain or enhance its balance and diversity:

- (i) Annual review by the NC to assess if the existing attributes and core competencies of the Board are complementary and enhance the efficacy of the Board; and
- (ii) Annual evaluation by the Directors of the skill sets the other Directors possess, with a view to understand the range of expertise which is lacking by the Board.

The NC will consider the results of these exercises in its recommendation for the appointment of new directors and/or the reappointment of incumbent directors.

Chairman and Chief Executive Officer

Principle 3: Clear division of responsibilities and balance of power and authority

The offices of the Chairman and CEO are separate. The Chairman of the Board, Mr. Chew Thiam Keng, is a Non-Executive Director. Mr. Chew leads the Board and ensures that the Board members engage the Management in constructive discussions on various strategic issues. The CEO, Mr. Tan Ser Ko, is an Executive Director. Mr. Tan is responsible for the business directions and operational decisions of the Group. The Chairman and the CEO are not related to each other.

The responsibilities of the Chairman are as follow:

- (i) ensures that Board meetings are held as and when necessary;
- (ii) leads the Board to ensure the effectiveness of each Board meeting;
- (iii) sets the agenda for Board meetings in consultation with the CEO/Executive Director;
- (iv) monitors communications and relations between the Company and its shareholders, between the Board and Management, and between Executive and Non-Executive Directors, with a view to encourage constructive relations and dialogue among them;
- (v) works to facilitate the effective contribution of Non-Executive Directors; and
- (vi) assists to ensure proper procedures are introduced to comply with the Code.

As the Independent Directors make up half of the Board and all the Board Committees are chaired by Independent Directors, the Board is satisfied that there is a strong independent element to contribute to effective decision making and is of the view that it is not necessary to appoint a lead independent director at this juncture.

The Independent Directors will meet in the absence of the other Directors as and when circumstances warrant. The Independent Directors had met at least once in FY2017 in the absence of the non-independent Directors.

Board Membership

Principle 4: Formal and transparent process for the appointment and re-appointment of Directors to the Board

The NC comprises the following Independent Non-Executive Directors:

Mr. Lim Chen Yang	Chairman
Mr. Cheng Yee Seng	Member
Mr. Simon de Villiers Rudolph	Member

The principal duties of the NC, as set out in its terms of reference include:

- (i) identifying candidates and making recommendations for all Board appointments and re-nomination or continuation in office of any Director;
- (ii) reviewing the Board structure, size and composition, and making recommendations to the Board with regard to any adjustments that are deemed necessary;
- (iii) determining the independence status of the Directors annually;
- (iv) deciding whether or not a Director is able to and has been adequately carrying out his duties as a Director of the Company, particularly when he has multiple board representations, and proposing internal guidelines in relation to multiple board representations;
- (v) deciding how the performance of the Board may be evaluated and proposing objective performance criteria; and
- (vi) recommending procedures for assessing the effectiveness of the Board as a whole, its Board Committees and the contributions by each individual Director to the effectiveness of the Board.

For selection and appointment of new Directors, the NC, in consultation with the Board, would identify the current needs of the Board in terms of skills, experience and knowledge to complement and strengthen the Board. The search and nomination process for new Directors will be through search companies, contacts and recommendations that go through the normal selection process, to cast its net as wide as possible for the right candidates. The NC would meet and interview the shortlisted candidates to assess their suitability. The NC will review and recommend the selected candidate to the Board for consideration and approval. Newly appointed Directors during the year shall hold office only until the next annual general meeting of the Company ("AGM") and shall be eligible for re-election.

The existing Directors submit themselves for re-nomination and re-election at regular intervals of at least once every three years. Pursuant to Article 95 of the Company's Constitution, one third of the Board are to retire from office by rotation and be subject to re-election at the AGM. The NC would assess the performance of incumbent Director due for re-election in accordance with the performance criteria set by the Board; and consider the current needs of the Board. Subject to the NC's satisfactory assessment, the NC would propose the re-nomination of the Director to the Board for its consideration and approval.

Mr. Chew Thiam Keng ("**Mr. Chew**"), the Non-Executive Chairman and Mr. Lim Chen Yang ("**Mr. Lim**"), an Independent Non-Executive Director will be retiring at the forthcoming AGM pursuant to Article 95. Mr. Chew and Mr. Lim, both being eligible, had consented to re-election as Directors at the forthcoming AGM.

The NC, with Mr. Lim having abstained from deliberations on his re-election as Directors, has recommended that the above mentioned Directors be nominated for re-election at the forthcoming AGM. In making the recommendation, the NC had considered the Directors' overall contributions and performance.

Mr. Chew will, upon re-election as Director, remain as the Non-Executive Chairman of the Company.

Mr. Lim will, upon re-election as Director, remain as the Chairman of the Nominating Committee and a member of the Audit and Remuneration Committees. The Board considers Mr. Lim to be independent for the purpose of Rule 704(7) of the Catalist Rules.

The dates of initial appointment and last re-election of each director are set out as follows:

Name of Director	Designation	Date of initial appointment	Date of last re-election
Mr. Chew Thiam Keng	Non-Executive Chairman	20 February 2013	21 April 2015
Mr. Tan Ser Ko	Executive Director and CEO	29 July 2011	26 April 2016
Mr. Wong Bheet Huan	Executive Director	1 October 2014	26 April 2016
Mr. Simon de Villiers Rudolph	Independent Non-Executive Director	1 July 2013	25 April 2017
Mr. Cheng Yee Seng	Independent Non-Executive Director	16 May 2011	25 April 2017
Mr. Lim Chen Yang	Independent Non-Executive Director	26 July 2011	26 April 2016

Based on the attendance of the Directors and their contributions at meetings of the Board and Board Committees and their time commitment to the affairs of the Company, the NC is satisfied that the Directors continue to meet the demands of the Group and are able to discharge their duties adequately. The Board has not capped the maximum number of listed company board representations each Director may hold. The NC and the Board are of the view that setting a maximum number of listed company board representations would not be meaningful as the contributions of the Directors would depend on many factors such as whether they were in full time employment and their other responsibilities. The NC does not wish to omit from consideration outstanding individuals who, despite the demands on their time, have the capacity to participate and contribute as new members of the Board. The NC also believes that it is for each Director to assess his own capacity and ability to undertake other obligations or commitments together with serving on the Board effectively.

In assessing the capacity of Directors, the NC will consider, amongst others, the following:

- (i) Expected and/or competing time commitments of Directors, including whether such commitment is in a full-time or part-time employment capacity;
- (ii) Geographical location of Directors;
- (iii) Size and composition of the Board;
- (iv) Nature and scope of the Group's operations and size; and
- (v) Capacity, complexity and expectations of the other listed directorships and principal commitments held, if any.

The measures and evaluation tools in place to assess the performance and consider competing time commitments of the Directors include the following:

- Declarations by individual Directors of their other listed company board directorships and principal commitments; and
- Attention to the Company's affairs, having regard to his/her other commitments.

Currently, the Company does not have any alternate Director.

Board Performance

Principle 5: Formal assessment of the effectiveness of the Board as a whole and its Board Committees and the contribution by each Director to the effectiveness of the Board.

The performance of the Board is ultimately reflected in the long term performance of the Company.

The Board, through the delegation of its authority to the NC, had made its best efforts to ensure each Director possesses the experience, knowledge and skills critical to the Group's business. This is necessary to enable the Board to make sound and well-considered decisions. The NC, in considering the nomination of any Director for re-election, will evaluate the performance of the Director involved. Renewal or replacement of Directors does not necessarily reflect their contribution to date, but may be driven by the need to position and shape the Board in line with the needs of the Group and its business.

The NC has adopted a formal process of evaluating the performance of the Board as a whole, its Board Committees, and the contribution by each Director to the effectiveness of the Board. The evaluations are designed to assess the Board's effectiveness to enable the NC to identify the areas of improvement or enhancement which can be made to the Board. The performance criteria for the Board and Board Committee evaluation are in respect of board size and composition, board independence, board processes, board information and accountability, board performance in relation to discharging its principal functions and Board Committee's performance in relation to discharging their responsibilities as set out in their respective terms of reference, and financial targets. Individual directors are evaluated based on performance criteria such as competency of the Director, attendance and contribution at board meetings and ability to work with other Directors. The NC would review the criteria on a periodic basis to ensure that the criteria used is able to provide an accurate and effective performance assessment, taking into consideration factors such as industry standards and the industry operating environment, with the objective to enhance long term shareholders value, and thereafter propose amendments if any, to the Board for approval. This process involves the completion of a questionnaire by Board members annually to seek their views on various aspects of board performance such as Board composition, information, Board process, internal controls and risk management and accountability. A summary of the findings is prepared based on the completed questionnaire and is reviewed and deliberated by the NC and Board.

No external facilitator was used in the evaluation process.

All NC members have abstained from voting or review process of any matters in connection with the assessment of his performance.

The Chairman of the NC confers with the Chairman of the Board on the findings and ensures appropriate follow-up actions are taken as necessary. The Board has met its performance objectives in FY2017.

Access to Information

Principle 6: Board members should be provided with adequate and timely information

Proposals to the Board for decision or mandate sought by the Management are in the form of memos that give Board members complete, adequate and timely information, and are distributed prior to Board meetings. Staff who can provide additional insight into matters to be discussed will be present at the relevant time during the Board and Board Committee meetings. Notices of Board and Board Committees meetings are circulated to the Directors in advance of the meetings, in order for the Directors to be adequately prepared for the meetings. However, for issues that are highly sensitive in nature, information may not be circulated in advance. Such information will be tabled for discussion directly at the meeting.

Board members have separate and independent access to the Company's senior Management and the Company Secretaries. At least one of the Company Secretaries attends the meetings of the Board and Board Committees and assists in ensuring that board procedures are followed and that applicable rules and regulations are complied with. The appointment and removal of the Company Secretaries is subject to approval by the Board as a whole.

Should Directors, whether as a group or individually, need independent professional advice to enable them to discharge their duties, the Company, subject to the approval of the Board, will appoint a professional advisor to render advice at the expense of the Company.

(B) REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 7: Formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual Directors

The RC comprises the following Independent Non-Executive Directors:

Mr. Cheng Yee Seng	Chairman
Mr. Simon de Villiers Rudolph	Member
Mr. Lim Chen Yang	Member

The principal duties of the RC, as set out in its terms of reference include:

- reviewing and recommending a framework of remuneration for the Directors and key management personnel, determining specific remuneration packages for each Executive Director, the CEO, key management personnel and the implementation of any appropriate performance-related elements to be incorporated in the remuneration framework;
- (ii) reviewing the remuneration packages of employees in the Company or any of its principal subsidiaries who are related to any of the Directors or the CEO (if any);
- (iii) administering the Charisma Energy Employee Share Option Scheme (the "Scheme"); and
- (iv) administering and recommending to the Board the performance share plan or any long term incentive schemes which may be set up from time to time.

The RC reviews the terms of compensation and employment for Executive Directors and key management personnel at the time of their respective employment or renewal (where applicable) including considering the Company's obligations in the event of termination of services to ensure such contracts of service contain fair and reasonable termination clauses which are not overly generous.

The RC's review covers all aspects of remuneration, including salaries, fees, allowances, bonuses and benefits-in-kind. The RC's recommendations are submitted for endorsement by the entire Board. The RC has access to external professional advice on remuneration matters, if required. In the event of such advice being sought, existing relationship, if any, between the Company and its appointed remuneration consultants will not affect the independence and objectivity of the remuneration consultants. No remuneration consultants were engaged by the Company in FY2017.

No Director is involved in deciding his own remuneration, except in providing information and documents if specifically requested by the RC to assist in its deliberations.

Level and Mix of Remuneration

Principle 8: Level of remuneration should be appropriate and not excessive

The Company's remuneration policy which covers all aspects of remuneration, including but not limited to directors' fees, salaries, allowances, benefits-in-kind, bonuses, options, share-based incentives and awards, is one that seeks to attract, retain and motivate talent to achieve the Company's business vision and create sustainable value for its stakeholders. The policy articulates to staff the link that total compensation has to the achievement of organisational and individual performance objectives, and is benchmarked against relevant and comparative compensation in the market.

The remuneration received by the Executive Directors and key management personnel comprises a fixed component and a variable component. The fixed component is in the form of a base salary. The variable component is in the form of a variable bonus that is linked to the performance of the Company and the individual.

The annual reviews of the compensation are carried out by the RC to ensure that the remuneration of the Executive Directors and key management personnel commensurate with their performance and that of the Company, giving due regard to the financial and commercial health and business needs of the Group. The performance of the Executive Directors and key management personnel is reviewed periodically by the RC and the Board. In structuring the compensation framework, the RC also takes into account the risk policies of the Group, the need for the compensation to be symmetric with the risk outcomes and the time horizon of risks.

The RC has reviewed and satisfied that the above performance conditions were met for FY2017.

The Non-Executive Directors receive Directors' fees. The Directors' fee policy is based on a scale of fees divided into basic retainer fees as Director and additional fees for serving on Board Committees, taking into account factors such as effort, time spent, responsibilities of the Directors, the performance of the Company and the need to pay competitive fees to attract, retain and motivate the Directors. Directors' fees are recommended by the Board for approval by the shareholders at the AGM.

The Company currently does not have any contractual provisions which allow it to reclaim incentives from the Executive Directors and key management personnel in certain circumstances. The Board is of the view that as the Group pays performance bonuses based on the actual performance of the Group and/or Company (and not on forward-looking results) as well as the actual results of its Executive Directors and key management personnel, "claw-back" provisions in the service agreements may not be relevant or appropriate.

The RC is the committee administering the Scheme. The Scheme recognises the fact that the services of the Group's employees, including the Group's Executive and Non-Executive Directors are important to the success and continued well-being of the Group. By implementing the Scheme, the Company hopes to inculcate in all participants a stronger and more lasting sense of identification with the Group. Information on the Scheme is set out on page 27 and 28 of this Annual Report.

Disclosure in Remuneration

Principle 9: Clear disclosure of remuneration policy, level and mix of remuneration, and the procedure for setting remuneration

Taking note of the competitive pressures in the industry and the talent market, the Board had, on review decided to disclose the remuneration of the Directors in bands with a breakdown of the components in percentage. The name, breakdown of the remuneration earned and total remuneration paid to the Company's key management personnel were also not disclosed as such confidential and sensitive information could be exploited by the competitors. Information on the remuneration of Directors in FY2017 is as follows:-

Remuneration Bands and Name of Directors	Salary %	Bonus %	Other benefits %	Fees %	Total %
<u>\$\$250,000 to \$\$500,000</u>					
Mr Tan Ser Ko	68	32	-	-	100
Below \$\$250,000					
Mr. Wong Bheet Huan	92	8	-	-	100
Mr. Chew Thiam Keng	-	-	-	100	100
Mr. Simon de Villiers Rudolph	-	-	-	100	100
Mr. Cheng Yee Seng	-	-	-	100	100
Mr. Lim Chen Yang	-	-	-	100	100

In addition, a total of 45,000,000 share options under the Scheme were granted to Directors, namely, Mr. Tan Ser Ko, Mr. Wong Bheet Huan, Mr. Simon de Villiers Rudolph, Mr. Cheng Yee Seng and Mr. Lim Chen Yang, on 9 May 2017. Further information on such share-based incentive schemes can be found in page 27 of this Annual Report.

In FY2017, there was only one key management personnel in the Company. The key management personnel received remuneration of less than S\$250,000.

There were no termination, retirement and post-employment benefits granted to Directors, the CEO and key management personnel other than the payment in lieu of notice in the event of termination in their respective employment contracts in FY2017.

There were no employees within the Group who were immediate family members of a Director or the CEO whose remuneration exceeded S\$50,000 in FY2017.

(C) ACCOUNTABILITY AND AUDIT

Accountability

Principle 10: Presentation of a balanced and understandable assessment of the Company's performance, position and prospects

The Board, through its announcements of the Group's financial results to shareholders, aims to present a balanced and understandable assessment of the Group's position and prospects.

In preparing the financial statements, the Directors have:

- (i) selected suitable accounting policies and applied them consistently;
- (ii) made judgments and estimates that are reasonable and prudent;
- (iii) ensured that all applicable accounting standards have been followed; and
- (iv) prepared financial statements on the basis that the Directors have reasonable expectations, having made enquires, that the Group and Company have adequate resources to continue operations for the foreseeable future.

The Management provides the Board with management accounts and such explanation and information on a regular basis and as the Board may require from time to time, enabling the Board to make a balanced and informed assessment of the Company's performance, position and prospects.

The Board delegates to the Management with the responsibility of ensuring compliance with legislative and regulatory requirements, including requirements under the Catalist Rules. Management may seek for professional advice from the Company Secretaries or legal advisors when necessary.

Risk Management and Internal Controls

Principle 11: Maintains a sound system of risk management and internal controls

The Board is responsible for the governance of risk and sets the tone and direction for the Group in the way risks are managed in the Group's businesses. The Board has ultimate responsibility for approving the strategy of the Group in a manner which addresses stakeholders' expectations and does not expose the Group to an unacceptable level of risk.

The Board approves the key risk management policies and ensures a sound system of risk management and internal controls and monitors performance against them. In addition to determining the approach to risk governance, the Board sets and instills the right risk focused culture throughout the Group for effective risk governance.

The AC oversees risk governance and the related roles and responsibilities of the AC include the following:

- (i) proposing the risk governance approach and risk policies for the Group to the Board;
- (ii) reviewing the risk management methodology adopted by the Group;
- (iii) reviewing the strategic, financial, operational, regulatory, compliance, information technology and other emerging risks relevant to the Group identified by Management; and
- (iv) reviewing Management's assessment of risks and Management's action plans to mitigate such risks.

To facilitate the governance of risks and monitoring the effectiveness of internal controls, the Group has in place a formal Enterprise Risk Management policy. Management reports annually to the AC and the Board on the Group's risk profile, the risk mitigation action plans and the results of various assurance activities carried out on the effectiveness and adequacy of Group's risk management and internal controls systems including financial, operational, compliance and information technology controls. Such assurance activities include control self-assessments performed by Management, internal, external audits and external certifications conducted by various external professional service firms.

In respect of FY2017, the Board has received assurance from the CEO and Financial Controller:

- (i) that financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and
- (ii) that the Company's risk management and internal control systems are adequate and effective.

Based on the internal controls established and maintained by the Group, assurance received from the CEO and FC, work performed by the internal and external auditors, and reviews performed by Management, various Board Committees and the Board, the Board (with concurrence of the AC) are of the opinion that the Group's risk management and internal control systems addressing financial, operational, compliance and information technology risks, were adequate and effective as at 31 December 2017.

The Board notes that the system of internal controls and risk management established by the Company provides reasonable, but not absolute, assurance that the Company will not be adversely affected by any event that can be reasonably foreseen as it strives to achieve its business objectives. However, the Board also notes that no system of internal controls and risk management can provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors, poor judgement in decision-making, human error, losses, fraud or other irregularities.

Audit Committee

Principle 12: Establishment of Audit Committee with written terms of reference, which clearly set out its authority and duties.

The AC comprises the following Independent Non-Executive Directors:

Mr. Simon de Villiers Rudolph	Chairman
Mr. Cheng Yee Seng	Member
Mr. Lim Chen Yang	Member

The Board is of the view that the AC members have the relevant accounting or related financial management expertise and experience to discharge their duties.

The AC meets at least four times a year to perform the duties as set out in its terms of reference which include:

- (i) reviewing with the external auditors the scope and results of the audit, their evaluation of the system of internal accounting controls, their Management letter and Management's response;
- (ii) reviewing the financial statements including annual budget and any forecast, before submission to the Board for approval;
- (iii) reviewing the adequacy and effectiveness of and the procedures for the internal audit function, including the staffing of and resources made available for the internal audit function, and to make such recommendations as it may think fit;
- (iv) reviewing and reporting to the Board at least annually the adequacy and effectiveness of the Company's risk management and internal controls system including financial, operational, compliance and information technology controls;
- (v) reviewing and making recommendations to the Board on the appointment and re-appointment of the external auditors;
- (vi) reviewing the scope and results of the external audit, the independence and objectivity of the external auditors and the costeffectiveness of the audit;
- (vii) reviewing significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any formal announcements relating to the Company's financial performance;

(viii) reviewing interested person transactions, if any; and

(ix) overseeing risk governance (refer to detailed disclosure under Principle 11).

The AC has full access and obtained the co-operation of the Management. The AC has the explicit authority to investigate any matter within its terms of reference. It also has full discretion to invite any Director or executive officer to attend its meetings, and reasonable resources to enable it to discharge its functions properly.

The AC meets with the external and internal auditors without the presence of the Management at least once annually.

The Group has complied with Rules 712 and 715 of the Catalist Rules in relation to the appointment of KPMG LLP as the external auditors of the Company, its Singapore-incorporated subsidaries and a suitable auditing firm for its significant foreign-incorporated subsidaries. The Company does not have any significant Singapore incorporated associated companies.

The AC has reviewed the non-audit services provided by the external auditors in FY2017 and is of the view that the nature and extent of non-audit services does not compromise the independence of the external auditors given that the non-audit services rendered during FY2017 were not substantial. Details of the aggregate amount of fees paid to the external auditors in FY2017 and a breakdown of the fees paid in total for audit and non-audit services respectively, can be found on page 84 of this Annual Report. The AC has recommended the re-appointment of KPMG LLP as the external auditors at the forthcoming AGM.

The Company has put in place a whistle blowing policy, details of which have been made available to all employees. This policy provides well-defined and accessible channels in the Group through which employees may raise concerns about improper conduct within the Group directly to either any of the Executive Directors or the AC Chairman, as appropriate. No whistle blowing reports have been received during FY2017.

During FY2017, the AC reviewed the quarterly and full-year financial statements prior to approving or recommending their release to the Board, the external audit plan and the results of the external audit performed and the internal audit report of the Group.

During FY2017, the AC and the Board were briefed by the external auditors on the developments in financial reporting and governance standards.

None of the AC members are former partners or directors of the Company's external audit firm within the last twelve months and none of the AC members hold any financial interest in the external audit firm.

Internal Audit

Principle 13: Establish an effective internal audit function that is adequately resourced and independent of the activities it audits

The Group outsources its internal audit function to Yang Lee & Associates ("IA"). Internal control weaknesses identified during the internal audit reviews and the implementation status of the recommended corrective actions are reported to the AC periodically.

The AC approves the hiring, removal, evaluation and compensation of the corporation to which the internal audit function is outsourced.

The AC reviews and approves the internal audit scope and plan to ensure that there is sufficient coverage of the Group's activities. It also oversees the implementation of the internal audit plan and ensures that Management provides the necessary co-operation to enable the IA to perform its function. The AC annually reviews the adequacy and effectiveness of the risk management and internal audit function to ensure that the internal audits are performed effectively.

The IA reports directly to the AC and administratively to the CEO. The IA is guided by the International Standards for the Professional Practice of Internal Auditing (IIA Standards) issued by the Institute of Internal Auditors. The IA has unfettered access to all the Company's documents, records, properties and personnel, including access to the AC. As such, the AC is satisfied that the IA is staffed by qualified and experienced personnel, and has appropriate standing in the Company to discharge its duties effectively.

The IA completed one review in FY2017 in accordance with the internal audit plan approved by the AC.

(D) COMMUNICATION WITH SHAREHOLDERS

Principle 14: Companies should treat all shareholders fairly and equitably Principle 15: Communication with shareholders Principle 16: Conduct of shareholder meetings

The Board is committed to providing clear and full information on the Group to shareholders through the publication of notices, announcements, circulars, quarterly and full-year financial results. The Company does not practise selective disclosures and releases its financial results and other material information to the shareholders on a timely basis in accordance with the requirements of the Catalist Rules, via the SGXNET.

Shareholders are encouraged to attend the AGM of the Company to ensure a greater level of shareholder participation and for them to be kept up to date as to the strategies and goals of the Group. An independent polling agent is appointed by the Company for general meetings who will explain the rules, including voting procedures that govern the AGM. All shareholders of the Company receive a copy of the annual report, the notice of AGM and circulars and notices pertaining to any extraordinary general meeting of the Company. The notice is also advertised in a newspaper and available on the SGX-ST's website.

To facilitate participation by the shareholders, the Company's Constitution allow a shareholder to appoint not more than two proxies to attend and vote at general meetings. Currently, the Company's Constitution do not allow a shareholder to vote in absentia as the authentication of shareholder identity information and other related security issues still remain a concern.

With the introduction of the multiple proxies regime under the Singapore Companies (Amendment) Act 2014, investors who hold the Company's shares through a nominee company or custodian bank or through a CPF agent bank may attend and vote at each AGM.

At the general meetings, the external auditors as well as all the Directors, in particular the Chairman of the Board and the respective Chairman of the AC, NC and RC, are in attendance to answer queries from shareholders. Shareholders are given the opportunity at general meetings to air their views and query the Directors and Management on matters relating to the Group and its operations. The Board members also avail themselves after general meetings to solicit and understand the view of the shareholders. Minutes of general meetings, which include substantial comments or queries from shareholders and responses from the Board and Management are available to shareholders upon request.

All resolutions are put to vote by poll and the voting results of all votes cast for, or against, each resolution and the respective percentages are announced at the meeting and via SGXNET after the meeting.

The Board notes that there should be separate resolutions at general meetings on each substantially separate issue and supports the Code's principle regarding "bundling" of resolutions. In the event that there are resolutions which are interlinked, the Board will explain the reasons and material implications.

The Company does not have a formal investor relations policy but considers advice from its corporate lawyers and professionals on appropriate disclosure requirements before announcing material information to shareholders. Pertinent information is regularly disseminated to the shareholders through SGXNet. The Company will consider the appointment of a professional investor relations officer to manage the function should the need arises.

The Company does not have a fixed dividend policy. Nonetheless, Management will review, *inter alia*, the Group's performance in the relevant financial period, projected capital needs and working capital requirements and make appropriate recommendations to the Board on dividend declaration. The Board has not declared or recommended dividend for FY2017, as it is of the view that it can better use the cash to invest in new business opportunities to grow the Group at this juncture.

DEALINGS IN SECURITIES

The Company has adopted an internal code with regard to dealings in securities to provide guidance for its Directors and employees.

The internal code provides that the Company, its Directors and employees are prohibited from dealing in securities of the Company when they are in possession of any unpublished material price-sensitive information of the Group. The internal code also prohibits the Company and its Directors and employees from dealing in the Company's securities during the period commencing one month and two weeks before the date of announcement of the Company's full-year and quarterly financial results respectively and ending on the date of announcement of the relevant results.

The Company, its Directors and employees are also required to observe insider trading laws at all times even when dealing in securities within the permitted trading period. In addition, the Company, its Directors and employees are expected not to deal in the Company's securities for short-term considerations.

DISCLOSURE OF MATERIAL CONTRACTS

There were no material contracts entered into by the Group involving the interests of the CEO, each Director or controlling shareholder, either still subsisting at the end of FY2017 or if not then subsisting, entered into since the end of the previous financial year.

INTERESTED PERSON TRANSACTIONS ("IPT")

The Company has established procedures to ensure that transactions with interested persons are properly reviewed and approved and are conducted at arm's length basis.

The Group had on 21 April 2014 obtained a general mandate from shareholders for IPTs which was last renewed on 25 April 2017.

Details of IPTs transacted during FY2017 are as follows:

Name of interested person	Aggregate value of all interested person transactions during the financial period under review (excluding transactions less than \$\$100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920) US\$	Aggregate value of all interested person transactions conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than S\$100,000) US\$
Management fee paid/payable to		
Ezion Holdings Limited	NIL	248,474
Interest paid/payable to Ezion Holdings Limited	900,924	NIL

NON-SPONSOR FEES

The sponsor of the Company is PrimePartners Corporate Finance Pte. Ltd. ("PPCF").

There was no non-sponsor fees paid to PPCF in FY2017.

USE OF PROCEEDS FROM EXERCISE OF WARRANT ISSUE

	Proceeds from exercise of warrants issued on 29 November 2016
	S\$'000
Balance of proceeds as at 1 January 2017	-
Net proceeds raised in FY 2017	231
Use of proceeds:	
Capital expenditure on renewable energy assets	(177)
Administrative expenses	(54)
Balance of proceeds as at 31 December 2017	

The above use of proceeds are in accordance with the stated uses as previously disclosed in the Company's circular dated 11 October 2016.

SUSTAINABILITY REPORTING

The Company is working towards the issuance of it first sustainability report by 31 December 2018 and such report will be made available to shareholders on the SGXNET.

We are pleased to submit this annual report to the members of the Company together with the audited financial statements for the financial year ended 31 December 2017.

In our opinion:

- (a) the financial statements set out on pages 37 to 101 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2017 and the financial performance, changes in equity and cash flows of the Group for the year ended on that date in accordance with the provisions of the Singapore Companies Act, Chapter 50 and Singapore Financial Reporting Standards; and
- (b) at the date of this statement, having regards to the negotiation on the matters highlighted set out in note 2 to the financial statements, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The Board of Directors has, on the date of this statement, authorised these financial statements for issue.

DIRECTORS

The directors in office at the date of this statement are as follows:

Chew Thiam Keng Tan Ser Ko Wong Bheet Huan Simon de Villiers Rudolph Cheng Yee Seng Lim Chen Yang

DIRECTORS' INTERESTS

According to the register kept by the Company for the purposes of Section 164 of the Companies Act, Chapter 50 (the "Act"), particulars of interests of directors who held office at the end of the financial year (including those held by their spouses and infant children) in shares, debentures, warrants and share options in the Company and in related corporations (other than wholly-owned subsidiaries) are as follows:

	Direct			
Name of directors and corporation in which interests are held	Holdings at beginning of the year	Holdings at end of the year		
Charisma Energy Services Limited				
- ordinary shares				
Wong Bheet Huan	33,880	33,880		
Simon de Villiers Rudolph	10,000,000	10,000,000		
- warrants to subscribe for ordinary shares				
Simon de Villiers Rudolph	1,000,000	1,000,000		

Except as disclosed in this statement, no other director who held office at the end of the financial year had interests in shares, debentures or warrants of the Company, or of related corporations, either at the beginning or at the end of the financial year.

There were no changes in any of the above mentioned interests in the Company between the end of the financial year and 21 January 2018.

Except as disclosed under the "Share options" section of this statement, neither at the end of, nor at any time during the financial year, was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

SHARE OPTIONS

Employee Share Option Scheme

The Company's Employee Share Option Scheme (the "Scheme") was approved and adopted by its members at an Extraordinary General Meeting held on 24 April 2013. The Scheme is administered by the Company's Remuneration Committee, comprising three directors, Cheng Yee Seng, Simon de Villiers Rudolph and Lim Chen Yang.

Other information regarding the Scheme is set out below:

- The exercise price of the options can be set at market price or at a discounted price not exceeding 20% of the market price (or such other percentage or amount prescribed or permitted by the SGX-ST) and approved by the shareholders at a general meeting in a separate resolution in respect of that option.
- The options shall be exercised in whole or in part 1 year (if exercise price of option is set at market price) or 2 years (if exercise price of option is set at a discount to market price) after the grant date.
- All options are settled by physical delivery of shares.
- The options granted expire after 10 years from date of grant or upon cessation of the employment of employees.

At the end of the financial year, details of the options granted under the Scheme on unissued ordinary shares of the Company are as follows:

Date of grant of options	Exercise price per share S\$	Options outstanding at 1 January 2017 '000	Options granted '000	Options exercised '000	Options cancelled '000	Options outstanding at 31 December 2017 '000	Number of option holders at 31 December 2017	Exercise period
10/5/2016	0.009	63,700	_	_	(5,500)	58,200	8	10/5/2018 to 10/5/2026
9/5/2017	0.006	_	63,700	_	(6,800)	56,900	9	9/5/2019 to 9/5/2027

Except for the above, there are no other share options forfeited, expired, cancelled or exercised since commencement of Scheme to 31 December 2017.

No options were granted to the following:

- (i) participants who are controlling shareholders of the Company and their associates;
- (ii) participants, other than those directors disclosed below, who received 5% or more of the total number of options available under the Scheme; and
- (iii) directors or employees of the holding company and its related companies as the Company does not have a holding company.

Details of options granted to the directors of the Company are as follows:

Name of director	Options granted for financial year ended 31 December 2017	Aggregate options granted since commencement of Scheme to 31 December 2017	Aggregate options exercised since commencement of Scheme to 31 December 2017	Aggregate options cancelled since commencement of Scheme to 31 December 2017	Aggregate options outstanding as at 31 December 2017
	'000	'000	'000	000'	'000
Tan Ser Ko	25,000	52,500	-	-	52,500
Wong Bheet Huan	5,000	10,000	-	_	10,000
Simon de Villiers Rudolph	5,000	10,000	-	-	10,000
Cheng Yee Seng	5,000	10,000	-	_	10,000
Lim Chen Yang	5,000	10,000	_	_	10,000
	45,000	92,500	_	_	92,500

The above options were granted at a 20% discount to the average of the last dealt prices per share on SGX-ST over the 5 consecutive market days immediately preceding the date of grant of options.

The options granted under the Scheme do not entitle the holders of the options, by virtue of such holding, to any right to participate in any share issue of any other company.

AUDIT COMMITTEE

The Audit Committee of the Company comprises three non-executive directors and at the date of this statement are:

Simon de Villiers Rudolph (Chairman) Cheng Yee Seng Lim Chen Yang

The Audit Committee performs the functions specified in Section 201B of the Act, the SGX Listing Manual and the Code of Corporate Governance.

The Audit Committee has held four meetings since the last directors' statement. In performing its functions, the Audit Committee met with the Company's external and internal auditors to discuss the scope of their work, the results of their examination and evaluation of the Company's internal accounting control system.

The Audit Committee also reviewed the following:

- Assistance provided by the Company's officers to the internal and external auditors;
- Quarterly financial information and annual financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- Interested person transactions (as defined in Chapter 9 of the SGX Listing Manual).

The Audit Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit Committee also recommends the appointment of external auditors and reviews the level of audit and non-audit fees.

The Audit Committee is satisfied with the independence and objectivity of the external auditors and has recommended to the Board of Directors that the auditors, KPMG LLP, be nominated for re-appointment as auditors at the forthcoming Annual General Meeting of the Company.

In appointing our auditors for the Company and subsidiaries, we have complied with Rules 712 and 715 of the SGX Listing Manual.

AUDITORS

The auditors, KPMG LLP, have indicated their willingness to accept re-appointment.

On behalf of the Board of Directors

Tan Ser Ko Director

Wong Bheet Huan Director

3 April 2018

Members of the Company Charisma Energy Services Limited

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Charisma Energy Services Limited (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2017, the consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 37 to 101.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore (FRSs) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2017 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw attention to:

- Notes 2 and 19 to the financial statements which indicate that the Group incurred a net loss of US\$31,355,000 during the year ended 31 December 2017 and, as of that date, the Group's current liabilities exceeded current assets by US\$34,812,000; and
- Notes 17 and 19, which state that the Group has defaulted its loan obligations. As a result, the Group's secured bank loans and loan from a shareholder of US\$44,515,000 and US\$850,000 can be called for repayment upon notification by the banks and the shareholder ("lenders") respectively. The Group is in negotiation with the lenders to restructure the loans. No letter of statutory demand for repayment has been issued by any lenders as at the date of this report.

These conditions indicate the existence of a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern. Notwithstanding this, the financial statements have been prepared on a going concern basis, the validity of which is premised on:

- The Group's ability to reach agreement with lenders to restructure the loans, including the extension of the maturity dates of the loans beyond the next twelve months from the reporting date (the "debt restructuring plan"); and
- The Group's ability to generate sufficient operating cashflows,

If the debt restructuring plan was not timely executed, or the generation of future operating cashflows is insufficient, it could have an impact on the Group's ability to remain a going concern and to meet its debt obligations as and when they fall due. Hence, the classification of assets and liabilities, and the Group's ability to realise assets at their recognised values and to extinguish liabilities in the normal course of business at the amounts stated in the financial statements could be affected. Our opinion is not modified in respect of this matter.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material uncertainty related to going concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Valuation of the Group's vessels and accommodation modules (Refer to Note 5 to the financial statements)

The key audit matter

The Group's vessels and accommodation modules amounted to US\$17.6 million as at 31 December 2017. There is a risk that the recoverable amount of the Group's vessels and accommodation modules may be impacted by the lack of demand and/or continual decline in chartering rates.

Management has assessed the recoverable amounts of the – Group's vessels and accommodation modules based on either the estimated fair value less cost to sell on an open market basis or the value in use. Each individual vessel and accommodation – modules is a cash-generating unit.

The estimation of the recoverable amounts of the vessels and accommodation modules requires significant judgement.

How the matter was addressed in our audit

We obtained management's estimates of the value in use of the accomodation modules and assessed the key assumptions including forecast charter rates, forecast utilisation and discount rates. We assessed these assumptions by reference to market data and past experience of the Group. These included:

- comparing the forecast charter rates and utilisation to those achieved in prior periods;
- comparing forecast charter rates to signed contracts for contracted periods and challenging the basis of charter rates post-contracted periods; and
- re-computing the discount rates using market inputs, and incorporating market, country and asset-specific risk premiums.

For vessels, where fair value less cost to sell was based on quotations from brokers, we assessed the competence and objectivity of the independent brokers.

We also inquired the valuation method used by the brokers to derive at the fair value of the vessels which is on an open market basis.

We compared the brokers' valuation against recent open market transactions.

We also evaluated the adequacy of disclosures in respect of the impairment test assessment.

Findings

We found management's estimates of value in use for the accommodation module has been appropriately applied. We are satisfied with the competency and objectivity of the brokers.

The disclosures on the key assumptions are balanced and reflective of the risk of inherent estimation uncertainties.

Recoverability of trade receivables (Refer to Note 10 to the financial statements)

The key audit matter	How the matter was addressed in our audit
The Group has outstanding trade receivables of US\$8.9 million. The Group has experienced significant delays in the recovery of debts owing from various counterparties.	
Determining the creditworthiness of counterparties and the recoverability of receivables requires significant management judgement.	
	 evaluating the financial position of the counterparties with due regard to the status of on-going discussion between the Group and the counterparties.
	We also considered the adequacy of disclosures about the degree or risk of estimation involved in arriving at the provision for impairment losses recognised.
	Findings

The Group has used all reasonable and supportable information that is available as part of its credit monitoring process and applied its knowledge of its customer in estimating the recoverability of the receivables. We found the disclosures to be proportionate to the judgement exercised by the Group.

Valuation of investment in joint venture and loan to joint venture (Refer to Notes 8 and 10 to the financial statements)

The key audit matter

The Group has an equity investment of US\$1.0 million and nontrade amounts of US\$7.8 million (the "initial investment") due from Mustang Operations Centre 1 LLC ("MOC1") as at 31 December 2017. MOC1 is a joint venture set up in 2014 to construct and lease a processing facility to an Alaskan based oil company to process oil from the Mustang field located on the North Slope of Alaska. The development of the Mustang field has been put on hold due to current market conditions.

As the non-trade amounts due from MOC1 are secured by the Mustang Field and its underlying assets, the Group believes that the initial investment is recoverable.

The determination of the recoverable amount of the initial investment in MOC1 requires judgement. This determination is based on management's assessment of the Mustang field valuation which is dependent on the prevailing and projected oil prices and other macroeconomic factors surrounding an oil field project.

Revenue recognition (Refer to Notes 21 to the financial statements)

How the matter was addressed in our audit The key audit matter The Group has ongoing charter contracts with an external We inquired management on the status of the Group's on-going charter party for the leasing of its vessels. As the offshore oil negotiations with the charterer. support industry continues to remain challenging, the Group is in negotiations with the charterer for revisions in contract terms. We compared the charter revenue recognised for the year to the terms of the charter contracts. The amount of revenue recognised is dependent on management's judgement with regard to the estimates of charter rates based on Findings these on-going negotiations. Management has applied its judgement in determining the amount of revenue to be recognised, taking into consideration the external and internal information regarding current and forecast market conditions, and the potential outcome from the existing contract re-negotiations with the charterer. We found the approach taken by management to be balanced. Management's basis of revenue recognition for the year ended 31 December 2017 has taken into account the inherent

How the matter was addressed in our audit

We inquired management about the latest developments and visibility of the Mustang Field project.

We evaluated management's assessment of the value of the Mustang field, taking into consideration the current and projected oil prices, any known information and management's future plans about the Mustang field project.

Findings

We found the approach and basis taken by the Group to determine the recoverable amounts of its initial investment to be balanced.

uncertainties about the outcome of the contract re-negotiation.

INDEPENDENT AUDITORS' REPORT

Other information

Management is responsible for the other information contained in the annual report. Other information is defined as all information in the annual report other than the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

INDEPENDENT AUDITORS' REPORT

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditors' report is Lucas Tran.

CONSOLIDATED STATEMENT OF CASH FLOWS (CONT'D) Year ended 31 December 2017

Significant non-cash transaction

The following is a significant non-cash transaction which was not included under investing activities in the consolidated statement of cash flows:

	Note	2017	2016
		US\$'000	US\$'000
Investment in joint venture	12(i)	-	1,541

For the financial year ended 31 December 2017

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 3 April 2018.

1 DOMICILE AND ACTIVITIES

Charisma Energy Services Limited (the "Company") is incorporated in Singapore. The address of the Company's registered office is 15 Hoe Chiang Road, #12-05 Tower Fifteen, Singapore 089316.

The financial statements of the Group as at and for the year ended 31 December 2017 comprise the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities") and the Group's interest in jointly controlled entities.

The principal activities of the Company are those of investment holding and the provision of management services to its subsidiaries. The principal activities of the significant subsidiaries are set out in note 7 to the financial statements.

2 GOING CONCERN

The financial statements have been prepared on a going concern basis notwithstanding the Group incurred a net loss of US\$31,355,000 for the current financial year and has net current liabilities of US\$34,812,000 as at 31 December 2017. The directors of the Company, having considered the following factors, are of the view that the going concern basis remains appropriate:

Refinancing plans

(i) The Group is currently in negotiation with the banks and a shareholder to refinance the outstanding loans of US\$44,515,000 and US\$850,000 respectively. The banks have not issued any demand for the immediate repayment of the loans (see notes 17 and 19) arising from the Group's default of its loan obligations in 2017. The Group is working on of getting the necessary support from the banks and the shareholder that will enable the Group to roll over the outstanding amounts as at the date of the report.

Assets divestment

(ii) The Group plans to divest certain non-core assets. The Group is working on divesting these assets to bring in additional fundings.

Operating activities

(iii) The Group expects it will generate positive cash flows from its renewable energy business.

3 BASIS OF PREPARATION

3.1 Statement of compliance

The financial statements have been prepared in accordance with the Singapore Financial Reporting Standards ("FRS").

For the financial year ended 31 December 2017

3 BASIS OF PREPARATION (CONT'D)

3.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except as otherwise disclosed in the accounting policies below.

3.3 Functional and presentation currency

These financial statements are presented in United States dollars ("US\$"), which is the Company's functional currency. All financial information presented in United States dollars has been rounded to the nearest thousand, unless otherwise stated.

3.4 Use of estimates and judgements

The preparation of financial statements in conformity with FRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are discussed as follows:

Impairment of investments in joint ventures

The Group determines whether there is impairment on the investments in joint ventures where events or changes in circumstances indicate that the carrying amount of the investments may be impaired. If any such indications exist, the recoverable amount is estimated. The level of allowance is evaluated by the Group on the basis of factors that affect the recoverability of the investments. These factors include, but are not limited to, the activities and financial position of the entities, and market rate in order to calculate the present value of the future cash flows. Management has evaluated the recoverability of those investments based on such estimates.

Impairment of plant and equipment

The Group assesses the impairment of plant and equipment whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Factors considered important that could trigger an impairment review include the following:

- Extended periods of idle time;
- Inability to contract the plant and equipment; and
- Significant adverse industry or economic trends.

The complexity of the estimation process and issues related to the assumptions, risks and uncertainties inherent in the application of the Group's accounting estimates in relation to the plant and equipment affect the amounts reported in the financial statements, especially the estimates of the expected useful economic life and the carrying value of the plant and equipment. If business conditions were different, or if different assumptions were used in the application of this and other accounting estimates, it is likely that materially different amounts could be reported in the Group's financial statements.

For the financial year ended 31 December 2017

3 BASIS OF PREPARATION (CONT'D)

3.4 Use of estimates and judgements (cont'd)

Impairment of trade receivables

The allowance for doubtful receivables is the Group's best estimate of the amount of probable credit losses in the Group's existing trade and other receivables.

Management uses judgement to determine the allowance for doubtful receivables which are supported by historical write-off, credit history of the customers and repayment records. The Group reviews its allowance for doubtful receivables monthly. Balances which are past due for more than 60 days are reviewed individually for collectability. Accounts balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. Actual results could differ from estimates.

3.5 Changes in accounting policies

On 1 January 2017, the Group adopted new and amended FRS and interpretations to FRS that are mandatory for application for the financial year. Changes to the Group's accounting policies have been made as required in accordance with the transitional provisions in the respective FRS. The effects of amended FRS are as follows:

Disclosure initiative (Amendments to FRS 7)

From 1 January 2017, as a result of the amendments to FRS 7, the Group has provided additional disclosure in relation to the changes in liabilities arising from financing activities for the year ended 31 December 2017. Comparative information has not been presented (see note 19).

4 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by Group entities, except as explained in note 3.5, which addresses changes in accounting policies.

4.1 Basis of consolidation

(i) Business combinations

Business combinations are accounted for using the acquisition method in accordance with FRS 103 *Business Combination* as at the acquisition date, which is the date on which control is transferred to the Group. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that are currently exercisable.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.1 Basis of consolidation (cont'd)

(i) Business combinations (cont'd)

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

Any contingent consideration payable is recognised at fair value at the acquisition date and included in the consideration transferred. If the contingent consideration is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

(ii) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group.

(iii) Loss of control

Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity-accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

(iv) Investments in joint ventures (equity-accounted investees)

A joint venture is an arrangement in which the Group has joint control, whereby the Group has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Investments in joint ventures are accounted for using the equity method. They are recognised initially at cost, which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of the profit or loss and OCI of equity-accounted investees, after adjustments to align the accounting policies with those of the Group, from the date that significant influence or joint control commences until the date that significant influence or joint control ceases.

When the Group's share of losses exceeds its interest in an equity-accounted investee, the carrying amount of the investment, together with any long-term interests that form part thereof, is reduced to zero, and the recognition of further losses is discontinued except to the extent that the Group has an obligation to fund the investee's operations or has made payments on behalf of the investee.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.1 Basis of consolidation (cont'd)

(v) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(vi) Accounting for subsidiaries and joint ventures

Investments in subsidiaries and joint ventures are stated in the Company's statement of financial position at cost less accumulated impairment losses.

4.2 Foreign currency

(i) Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of the Group entities at the exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the end of the reporting date are retranslated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on retranslation are recognised in profit or loss.

(ii) Foreign operations

The assets and liabilities of foreign operations are translated to US\$ at exchange rates at the end of the reporting period. The income and expenses of foreign operations are translated to US\$ at exchange rates at the dates of the transactions.

Foreign currency differences are recognised in other comprehensive income, and presented in the foreign currency translation reserve in equity. When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interests. When the Group disposes of only part of its investment that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.2 Foreign currency (cont'd)

(ii) Foreign operations (cont'd)

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely in the foreseeable future, foreign exchange gains and losses arising from such a monetary item are considered to form part of a net investment in a foreign operation. These are recognised in other comprehensive income, and are presented in the translation reserve in equity.

(iii) Net investment in foreign operation

Exchange differences arising from monetary items that in substance form part of the Group's net investment in a foreign operation are recognised in the Group's profit or loss. Such exchange differences are reclassified to other comprehensive income in the consolidated financial statements. When the foreign operation is disposed off, the cumulative amount in equity is transferred to profit or loss as an adjustment to the profit or loss arising on disposal.

4.3 Plant and equipment

(i) Recognition and measurement

Items of plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset.

The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bring the assets to a working condition for their intended use, capitalised borrowing cost and the Group's obligation to remove the asset or remove the site based on an estimate of the costs of dismantling and removing and restoring the site on which they are located.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of plant and equipment have different useful lives, they are accounted for as separate items (major components) of plant and equipment.

The gain or loss on disposal of an item of plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of plant and equipment, and is recognised in profit or loss.

(ii) Subsequent costs

The cost of replacing a component of an item of plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of plant and equipment are recognised in profit or loss as incurred.

(iii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.3 Plant and equipment (cont'd)

(iii) Depreciation (cont'd)

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of plant and equipment. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Assets under construction are not depreciated.

Depreciation is recognised from the date that plant and equipment are completed and ready for use.

The estimated useful lives for the current and comparative years are as follows:

Power generation equipment	5 - 30 years
Vessels	15 years
Accommodation modules	12 - 15 years
Furniture and computer equipment	3 - 5 years

Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

4.4 Intangible assets

Intangible assets acquired in a business combination relate to government concession right and are initially recognised at their fair values at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a business combination with finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses. Amortisation is calculated based on the cost of the asset, less its residual value. Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of the intangible assets from the date that they are available for use. The estimated useful life of the concession right is 25 years.

Amortisation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

4.5 Financial instruments

(i) Non-derivative financial assets

The Group initially recognises loans and receivables and deposits on the date that they are originated. All other financial assets (including assets designated at fair value through profit or loss) are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognised as a separate asset or liability.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.5 Financial instruments (cont'd)

(i) Non-derivative financial assets (cont'd)

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Group classifies non-derivative financial assets into the following categories: loans and receivables and availablefor-sale financial assets.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest rate method, less any impairment losses.

Loans and receivables comprise cash and cash equivalents, amount due from subsidiaries and trade and other receivables (excluding prepayments and advance to suppliers).

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and bank deposits. For the purpose of the statement of cash flows, pledged deposits are excluded from cash and cash equivalents.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale or are not classified in any of the above categories of financial assets. Subsequent to initial recognition, they are measured at fair value and changes therein, other than impairment losses (see note 4.6) is recognised in other comprehensive income and presented in the fair value reserve in equity. When an investment is derecognised, the gain or loss accumulated in equity is reclassified to profit or loss.

Available-for-sale financial assets comprise equity securities.

(ii) Non-derivative financial liabilities

The Group initially recognises debt securities issued and subordinated liabilities on the date that they are originated. All other financial liabilities (including liabilities designated at fair value through profit or loss) are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.5 Financial instruments (cont'd)

(ii) Non-derivative financial liabilities (cont'd)

The Group classifies non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest rate method.

Other financial liabilities comprise financial liabilities and trade and other payables (exclude interest rate swaps used for hedging).

(iii) Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

Perpetual securities

The perpetual securities do not have a maturity date and the Company is able to elect to defer making a distribution subject to the term and conditions of the securities issued. Accordingly, the Company is not considered to have a contractual obligation to make principal repayments or distributions in respect of its perpetual securities issued and the perpetual capital securities are presented within equity. Distributions are treated as dividends which will be directly debited from equity. Incremental costs directly attributable to the issue of the perpetual securities are deducted against the proceeds from the issue.

Preference share capital

Preference share capital is classified as equity if it is non-redeemable, or redeemable only at the Company's option, and any dividends are discretionary.

Preference share capital is classified as a financial liability if it is redeemable on a specific date or at the option of the shareholders.

(iv) Financial guarantees with subsidiaries

Financial guarantees are financial instruments issued by the Group that require the issuer to make specified payments to reimburse the holder for the loss it incurs because a specified debtor fails to meet payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees are recognised initially at fair value and are classified as financial liabilities. Subsequent to initial measurement, the financial guarantees are stated at the higher of the initial fair value less cumulative amortisation and the amount that would be recognised if they were accounted for as contingent liabilities. When financial guarantees are terminated before their original expiry date, the carrying amount of the financial guarantees is transferred to profit or loss.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.5 Financial instruments (cont'd)

(v) Financial guarantees with joint ventures and associates

Financial guarantees with joint ventures and associates are accounted for as insurance contracts and treated as contingent liabilities until such time as they become probable that the Company will be required to make a payment under the guarantee. A provision is recognised based on the Group's estimate of the ultimate cost of settling all claims incurred but unpaid at the balance sheet date. The provision is assessed by reviewing individual claims and tested for adequacy by comparing the amount recognised and the amount that would be required to settle the guarantee contract.

(vi) Derivative financial instruments, including hedge accounting

The Group holds derivative financial instrument to hedge its interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if the economic characteristics and risks of the host contract and the embedded derivative are not closely related, a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative, and the combined instrument is not measured at fair value through profit or loss.

On initial designation of the derivative as the hedging instrument, the Group formally documents the relationship between the hedging instrument and the hedged item, including the risk management objectives and strategy in undertaking the hedge transaction and the hedged risk, together with the methods that will be used to assess the effectiveness of the hedging relationship. The Group makes an assessment, both at the inception of the hedge relationship as well as on an ongoing basis, of whether the hedging instruments are expected to be "highly effective" in offsetting the changes in the fair value or cash flows of the respective hedged items attributable to the hedged risk, and whether the actual results of each hedge are within a range of 80%-125%. For a cash flow hedge of a forecast transaction, the transaction should be highly probable to occur and should present an exposure to variations in cash flows that could ultimately affect reported profit or loss.

Derivatives are recognised initially at fair value; attributable transactions are recognised in profit or loss as incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are recognised immediately in profit or loss.

Cash flow hedge

When a derivative is designated as the hedging instrument in a hedge of the variability in cash flows attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction that could affect profit or loss, the effective portion of changes in the fair value of the derivative is recognised in other comprehensive income and presented in the hedging reserve in equity. Any ineffective portion of changes in the fair value of the derivative is recognised in the fair value of the derivative is r

When the hedged item is a non-financial asset, the amount accumulated in equity is retained in other comprehensive income and reclassified to profit or loss in the same period during which the non-financial item affects profit or loss. In other cases as well, the amount accumulated in equity is reclassified to profit or loss in the same period that the hedged item affects profit or loss. If the hedging instrument no longer meets the criteria for hedge accounting, expires or is sold, terminated or exercised, or the designation is revoked, then hedge accounting is discontinued prospectively. If the forecast transaction is no longer expected to occur, then the balance in equity is reclassified to profit or loss.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.6 Impairment

(i) Non-derivative financial assets

A financial asset not carried at fair value through profit or loss is assessed at the end of each reporting period to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Group on terms that the Group would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, adverse changes in the payment status of borrowers or issuers in the Group, economic conditions that correlate with defaults or the disappearance of an active market for a security. In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

Loans and receivables

The Group considers evidence of impairment for loans and receivables at both a specific asset and collective level. All individually significant loans and receivables are assessed for specific impairment. All individually significant receivables found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Loans and receivables that are not individually significant are collectively assessed for impairment by grouping together loans and receivables with similar risk characteristics.

In assessing collective impairment, the Group uses historical trends of the probability of default, the timing of recoveries and the amount of loss incurred, adjusted for management's judgement as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows, discounted at the asset's original effective interest rate. Losses are recognised in profit or loss and reflected in an allowance account against loans and receivables. Interest on the impaired asset continues to be recognised. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

Available-for-sale financial assets

Impairment losses on available-for-sale financial assets are recognised by reclassifying the losses accumulated in the fair value reserve in equity to profit or loss. The cumulative loss that is reclassified from equity to profit or loss is the difference between the acquisition cost, net of any principal repayment and amortisation, and the current fair value, less any impairment loss recognised previously in profit or loss. Changes in impairment provisions attributable to application of the effective interest method are reflected as a component of interest income. If, in a subsequent period, the fair value of an impaired available-for-sale debt security increases and the increase can be related objectively to an event occurring after the impairment loss was recognised in profit or loss, then the impairment loss is reversed. The amount of the reversal is recognised in profit or loss. However, any subsequent recovery in the fair value of an impaired available-for-sale debt security increases in the impairment loss is reversed.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.6 Impairment (cont'd)

(i) Non-derivative financial assets (cont'd)

Associates and joint ventures

An impairment loss in respect of an associate or joint venture is measured by comparing the recoverable amount of the investment with its carrying amount in accordance with note 4.6(ii). An impairment loss is recognised in profit or loss. An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

(ii) Non-financial assets

The carrying amounts of the Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill, the recoverable amount is estimated each year at the same time. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit ("CGU") exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU. Subject to an operating segment ceiling test, for the purposes of goodwill impairment testing, CGUs to which goodwill has been allocated are aggregated so that the level at which impairment is tested reflects the lowest level at which goodwill is monitored for internal reporting purposes. Goodwill acquired in a business combination is allocated to groups of CGUs that are expected to benefit from the synergies of the combination.

The Group's corporate assets do not generate separate cash inflows and are utilised by more than one CGU. Corporate assets are allocated to CGUs on a reasonable and consistent basis and tested for impairment as part of the testing of the CGU to which the corporate asset is allocated.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs), and then to reduce the carrying amounts of the other assets in the CGU (group of CGUs) on a *pro rata* basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.7 Employee benefits

(i) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligations to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the periods during which services are rendered by employees.

(ii) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

4.8 Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

4.9 Revenue recognition

Lease income

Revenue generated from the leasing of the Group's assets is recognised in profit or loss on a straight-line basis over the term of the lease. Lease income which has been received upfront at the start of the charter period is recognised as deferred revenue in the balance sheet. Such amount is recognised as revenue on a straight line basis over the entire leasing period of the Group's asset.

Rendering of services

Revenue from rendering of services is recognised as and when the related services are rendered to customers.

4.10 Leases

(i) When entities within the Group are lessees of an operating lease

Where the Group has the use of assets under operating leases, payments made under the leases are recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognised in profit or loss as an integral part of the total lease payments made. Contingent rentals are charged to profit or loss in the accounting period in which they are incurred.

(ii) When entities within the Group are lessors of an operating lease

Where the Group leases out assets under operating leases, the leased assets are included in statement of financial position according to their nature and, where applicable, are depreciated in accordance with Group's depreciation policies. Revenue arising from operating leases is recognised in accordance with the Group's revenue recognition policies.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.11 Finance income and costs

Finance income comprises interest income on bank deposits. Interest income is recognised as it accrues in profit or loss, using the effective interest method.

Finance costs comprise interest expenses on borrowings that are recognised in profit or loss.

4.12 Income tax expense

Income tax expense comprises current and deferred tax. Current tax and deferred tax is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the period, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable or receivable in respect of previous periods.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for temporary differences on the initial recognition of assets or liabilities in a transaction that affects neither accounting nor taxable profit or loss.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

In determining the amount of current and deferred tax, the Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgements about future events. New information may become available that causes the Group to change its judgement regarding the adequacy of the existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

4.13 Earnings per share

The Group presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year, adjusted for own shares held. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares, which comprise outstanding warrants, perpetual securities, redeemable exchangeable preference shares and share options granted to employees.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.14 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Group's Chief Executive Officer to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Group's Chief Executive Officer include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets (primarily the Company's headquarters), head office expenses and tax liabilities.

Segment capital expenditure is the total cost incurred during the year to acquire plant and equipment.

4.15 Full convergence with Singapore Financial Reporting Standards (SFRS (I)) and adoption of new standards

Applicable to 2018 financial statements

In December 2017, the Accounting Standards Council (ASC) issued the Singapore Financial Reporting Standards (International) (SFRS(I)). Singapore-incorporated companies that have issued, or are in the process of issuing, equity or debt instruments for trading in a public market in Singapore, will apply SFRS(I) with effect from annual periods beginning on or after 1 January 2018.

The Group's financial statements for the financial year ending 31 December 2018 will be prepared in accordance with SFRS(I). As a result, this will be the last set of financial statements prepared under the current FRS.

In adopting the new framework, the Group will be required to apply the specific transition requirements in SFRS(I) 1 First-time Adoption of International Financial Reporting Standards (International).

In addition to the adoption of the new framework, the Group will also concurrently apply the following SFRS(I)s, interpretations of SFRS(I) and requirements of SFRS(I)s which are mandatorily effective from the same date.

- SFRS(I) 15 Revenue from Contracts with Customers and Amendments to IFRS 15 Clarifications to IFRS 15 which includes clarifications to IFRS 15 Revenue from Contracts with Customers issued by the IASB in April 2016;
- SFRS(I) 9 Financial Instruments which includes amendments arising from IFRS 4 Insurance Contracts issued by the IASB in September 2016;
- requirements in SFRS(I) 2 Share-based Payment arising from the amendments to IFRS 2 –Classification and measurement of share-based payment transactions issued by the IASB in June 2016;
- requirements in SFRS(I) 1-40 Investment Property arising from the amendments to IAS 40 Transfers of investment property issued by the IASB in December 2016;
- requirements in SFRS(I) 1 arising from the amendments to IFRS 1 Deletion of short-term exemptions for first-time adopters issued by the IASB in December 2016;
- requirements in SFRS(I) 1-28 Investments in Associates and Joint Ventures arising from the amendments to IAS 28 Measuring an associate or joint venture at fair value issued by the IASB in December 2016; and
- SFRS(I) INT 22 Foreign Currency Transactions and Advance Consideration

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.15 Full convergence with Singapore Financial Reporting Standards (SFRS (I)) and adoption of new standards (cont'd)

Applicable to 2018 financial statements (cont'd)

The Group does not expect the application of the above standards and interpretations to have a significant impact on the financial statements, except for SFRS(I) 1 and SFRS(I) 9.

Applicable to 2018 financial statements

New standards

Summary of the requirements	Potential impact on the financial statements
SFRS(I) 1	(i) Business combinations
When the Group adopts SFRS in 2018, the Group will apply SFRS(I) 1 with 1 January 2018 as the date of transition for the Group and the Company. SFRS(I) 1 generally requires that the Group applies SFRS(I) on a retrospective basis, as if such accounting policy had always been applied. If there are changes to accounting policies arising from new or amended standards effective in 2019, restatement of comparatives may be required because SFRS(I) 1 requires both the opening balance sheet and comparative information to be prepared using the most current accounting policies. SFRS(I) 1 provides mandatory exceptions and optional exemptions from retrospective application, but these are often different from those specific transition provisions in individual FRSs applied to the FRS financial statements. Except as described in the next section, the Group does not expect the application of the mandatory exceptions and the optional exemptions in SFRS(I) 1 to have any significant impact on the financial statements.	The Group plans to elect the optional exemption in SFRS(I) not to apply SFRS(I) 3 retrospectively to past business combinations that occurred before the date of transition (1 January 2018). All business combinations occurring on or after the date of transition are accounted for in accordance with SFRS.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.15 Full convergence with Singapore Financial Reporting Standards (SFRS (I)) and adoption of new standards (cont'd)

Summary of the requirements	Potential impact on the financial statements
SFRS(I) 9 Financial Instruments	
 SFRS(I) 9 replaces most of the existing guidance in FRS 39 <i>Financial Instruments: Recognition and Measurement.</i> It includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from FRS 39. SFRS(I) 9 is effective for annual periods beginning on or after 1 January 2018, with early adoption permitted. Retrospective application is generally required, except for hedge accounting. For hedge accounting, the requirements are generally applied prospectively, with some limited exceptions. Restatement of comparative information is not mandatory. If comparative information is not restated, the cumulative effect is recorded in opening equity as at 1 January 2018. 	 During 2017, the Group completed its initial assessment of the impact on the Group's financial statements. Overall, the Group is still assessing the impact on its opening equity for the effect of applying the impairment requirements of SFRS(I) 9. The Group's initial assessment of the three elements of SFRS(I) 9 is as described below. Classification and measurement - The Group does not expect a significant change to the measurement basis arising from adopting the new classification and measurement model under SFRS(I) 9. Loans and receivables that are currently accounted for at amortised cost will continue to be accounted for using amortised cost model under SFRS(I) 9. For equity investment currently classified as available for sale, the Group expects to classify it as financial assets subsequently measured at fair value through other comprehensive income ("FVOCI") as they are held to maintain liquidity for the Group and may be sold from time to time should the need arises. Impairment - The Group is still assessing the impact of the impairment loss allowance upon the introduction of the expected loss model. The Group plans to apply the simplified approach and record lifetime expected impairment losses for all trade receivables from 1 January 2018. Hedge accounting - The Group has determined that all its existing hedges that are designated as effective hedging relationships continues to qualify for hedge accounting under SFRS(I) 9. Transition - The Group plans to adopt the standard from 1 January 2018 without restating comparative information. The Group will perform detailed analysis of certain available policy choices and other refinements as described above and disclose any material impacts in the first quarter announcement of 2018.

For the financial year ended 31 December 2017

4 SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.15 Full convergence with Singapore Financial Reporting Standards (SFRS (I)) and adoption of new standards (cont'd)

Applicable to financial statements for the year 2019 and thereafter

The following new SFRS(I), amendments to and interpretations of SFRS(I) are effective for annual periods beginning after 1 January 2018:

• SFRS(I) 16 Leases

Summary of the requirements	Potential impact on the financial statements
SFRS(I) 16 Leases	
SFRS(I) 16 eliminates the lessee's classification of leases as either operating leases or finance leases and introduces a single lessee accounting model. Applying the new model, a lessee is required to recognise right-of-use (ROU) assets and lease liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value.	The Group plans to adopt the standard when it becomes effective in 2019 and expects to apply the standard using the modified retrospective approach. The Group also expects the ROU assets recognised at date of initial application to be equal to their lease liabilities. The Group is likely to elect the practical expedient not to
SFRS(I) 16 substantially carries forward the lessor accounting requirements in FRS 17 <i>Leases</i> . Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for these two types of leases using the FRS 17 operating lease and finance lease accounting models respectively. However, SFRS(I) 16 requires more extensive disclosures to be provided by a lessor.	reassess whether a contract contains a lease at the date of initial application, 1 January 2019. Accordingly, existing lease contracts that are still effective on 1 January 2019 continue to be accounted for as lease contracts under SFRS(I) 16. The Group has performed a preliminary assessment of the impact on its financial statements based on its existing operating lease arrangements (refer to note 28).
When effective, SFRS(I) 16 replaces existing lease accounting guidance, including FRS 17, INT FRS 104 Determining whether an Arrangement contains a Lease, INT FRS 15 Operating Leases – Incentives, and INT FRS 27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease.	Until 2019, the approximate financial impact of the standard is unknown due to factors that impact calculation of lease liabilities such as discount rate, expected term of leases including renewal options and exemptions for short-term leases. The Group will continue to assess its portfolio of leases to calculate the impending impact of transition to the new standard.
SFRS(I) 16 is effective for annual periods beginning on or after 1 January 2019, with early adoption permitted if SFRS(I) 15 is also applied.	The Group as lessee The Group has no major lease arrangements as a lessee as at 31 December 2017. The Group expects no material impact on the above.
	The Group as lessor SFRS(I) 16 substantially carries forward the current existing lessor accounting requirements. Accordingly, the Group continues to classify its leases as operating leases or finance leases, and to account for these two types of leases using the existing operating lease and finance lease accounting models respectively. However, SFRS(I) 16 requires more extensive disclosures to be provided by a lessor.

Security

At 31 December 2017, plant and equipment of the Group with carrying amounts of US\$104,947,000 (2016: US\$115,701,000) are pledged as security to secure bankers' guarantee (see note 11) and bank loans (see note 19).

Impairment assessment

In 2017, due to the continuing challenging market conditions, the Group's vessels and the accommodation modules could be impaired. As a result, the Group tested its vessels and the accommodation modules for impairment and recognised impairment losses of US\$29,908,000 (2016: US\$6,000,000) and US\$825,000 (2016: US\$1,000,000) for the vessels and the accommodation modules respectively. The impairment losses were included in 'other expenses' in the Group's income statement.

For the purpose of impairment assessment, each vessel and the accommodation modules is a separate cash-generating unit ("CGU") and management has estimated the recoverable amounts of its vessels and the accommodation modules based on their fair value less cost to sell and value in use respectively.

The initial estimated recoverable amounts of the vessels are based on quotes obtained from an independent professional broker, being the estimated amount for which the assets could be exchanged between a willing buyer and a willing seller in an arm's length transaction.

For the financial year ended 31 December 2017

5 PLANT AND EQUIPMENT (CONT'D)

The value in use calculation for the accommodation modules was based on cash flow projections with the following key assumptions:

	Accommodation modules
Projection period	Estimated remaining useful life
Charter rates	
- During existing contracted period	Actual FY2017 contracted rate (2016: Actual FY2016 contracted rate)
- Post-contractual renewal period	A downward revision of 33% in actual FY2017 contracted rates. (2016: FY2016 contracted rate applied)
Projected deployment rate	
- During existing contracted period	100% (2016: 100%)
- Post-contractual renewal period	80% (2016: 80%)
Pre-tax discount rate	9.1% (2016: 8.5%)

The cash flow projections were based on forecasts prepared by the management taking into account of past experience. The discount rates applied to the cash flow projections were estimated based on weighted average cost of capital of similar assets. Following the impairment loss recognised in the vessels and the accommodation module, the recoverable amounts are equal to the carrying amounts and any adverse movements in the key assumptions can lead to further impairment losses in future periods.

Sources of estimation uncertainty

In estimating the recoverable amounts of the accommodation modules using value in use, the Group assumed post-contractual renewal rates and prospective charter rates to be reduced by 33% from the original contractual rate and at utilisation rates of 80% throughout the cash flow periods when the accommodation modules are deployed. The assumed charter rates, as well as the timing of deployment of the accommodation modules, however, continue to be subject to estimation uncertainties that may result in material adjustments on the accommodation modules' recoverable amounts in future periods.

The recoverable amounts of the accommodation modules are sensitive to changes in the prospective charter rate and utilisation rate of accommodation modules. Assuming all other assumptions remain constant, a decrease of 10% in prospective charter rates would have increased the impairment loss by approximately US\$371,000. Similarly, a reduction of utilisation rates of the accommodation modules by 30% would have increased the impairment loss by approximately US\$371,000.

6 INTANGIBLE ASSETS

Intangible assets relates to the concession right for the development and operation of a solar photovoltaic power plant in China for 25 years.

For the financial year ended 31 December 2017

7 SUBSIDIARIES

	Со	mpany
	2017 US\$'000	2016 US\$'000
Unquoted equity investments, at cost	13,641	15,101
Impairment losses	(19)	-
	13,622	15,101
Loans to subsidiaries	68,603	60,794
Impairment losses	(18,503)	-
	50,100	60,794
	63,722	75,895

The loans to subsidiaries are interest-free, unsecured and settlement is neither planned nor likely to happen in the foreseeable future. As the amounts are, in substance, a part of the Company's net investments in the subsidiaries, they are stated at cost less impairment.

Impairment losses

The change in impairment loss in respect of equity investments in subsidiaries was as follows:

	Com	pany
	2017 US\$'000	2016 US\$'000
At 1 January	-	-
Impairment losses	19	-
At 31 December	19	-

The change in impairment loss in respect of loans to subsidiaries was as follows:

	C	ompany
	2017 US\$'000	2016 US\$'000
At 1 January	-	-
Impairment losses	18,503	-
At 31 December	18,503	-

The impairment losses amounting to US\$19,000 (2016: US\$Nil) and US\$18,503,000 (2016: US\$Nil) in 2017 were recognised in respect of the Company's investments in and loans to subsidiaries as a result of losses incurred by these subsidiaries in their underlying assets. Management assessed the recoverable amounts for each of the relevant subsidiaries based on the recoverable amounts of the net assets owned by the subsidiaries, which comprise predominantly vessels and accommodation modules whose recoverable amounts were estimated using the value in use calculations and brokers' quotes as described in note 5.

For the financial year ended 31 December 2017

7 SUBSIDIARIES (CONT'D)

Details of the significant subsidiaries are as follows:

Name of significant subsidiary	Principal activities	Place of business/ country of incorporation		Equity held by the Group

A subsidiary is considered significant if its net tangible assets represents 2% or more of the Group's consolidated net tangible assets, or if its pre-tax profits account for 2% or more than the Group's consolidated pre-tax profits.

For the financial year ended 31 December 2017

8 JOINT VENTURES

	Gro	oup	Company		
	2017 US\$'000	2016 US\$'000	2017 US\$'000	2016 US\$'000	
Interests in joint ventures	6,122	5,757	7,311	5,185	
Impairment loss	(1,144)	-	(1,540)	-	
	4,978	5,757	5,711	5,185	
Loans to joint ventures	-	-	15,073	8,102	
	4,978	5,757	20,844	13,287	

The loans to joint ventures are interest-free, unsecured and settlement is neither planned nor likely to occur in the foreseeable future. As the amounts are, in substance, a part of the Company's net investments in the joint ventures, they are stated at cost less impairment.

The Group had performed an impairment analysis to determine the recoverable amount of the investment in the joint venture based on the net assets of the respective joint venture. On this basis, an impairment loss of US\$1,144,000 (2016: US\$Nil) has been recognised in profit or loss in the investment in a joint venture.

The Group has one (2016: two) joint ventures that is material and a number of joint ventures that are individually immaterial to the Group. All joint ventures are equity accounted. The following is the Group's material joint venture:

	Rising Sun Energy Pvt. Ltd. (RSE)
Nature of relationship with the Group	Development of 140 megawatt solar photovoltaic power plant in Rajasthan, India
Country of incorporation	India
Ownership interest	61% (2016: 43%)

The above joint arrangement in which the Group has joint control, is a unlisted entity.

For the financial year ended 31 December 2017

8 JOINT VENTURES (CONT'D)

The following table summarises the financial information of the Group's material joint ventures, based on its financial statements prepared in accordance with FRS, modified for fair value adjustments on acquisition and differences in the Group's accounting policies. The table also includes summarised financial information for the Group's interest in immaterial joint ventures, based on the amounts reported in the Group's consolidated financial statements.

For the financial year ended 31 December 2017

10 TRADE AND OTHER RECEIVABLES (CONT'D)

The change in impairment loss in respect of trade receivables during the year was as follows:

		Group
	2017 US\$'000	2016 US\$'000
At 1 January	-	-
Impairment loss	2,306	-
At 31 December	2,306	-

At 31 December 2017, impairment losses of the Group amounted to US\$2,306,000 (2016: US\$Nil), which relate to a customer who has indicated that they are not expecting to be able to pay their full outstanding balances, mainly due to economic circumstances.

Non-trade amount from joint venture amounting to US\$7,834,000 relates to advances to Mustang Operations Centre 1 LLC ("MOC1"), a joint venture set up to construct and lease an oil processing facility. The amounts are secured by the Mustang Field and its underlying assets. The recoverable amount of the non-trade amount from joint venture is determined based on a comparison of the amount owed to the Group and the valuation of the oil reserves in the Mustang Field. Any changes in the oil prices may result in material adjustments on the recoverable amount of the field in the future periods.

Apart from the above, based on historical default rates, the Group believes that no additional impairment allowance is necessary in respect of the remaining trade receivables due to good collection records maintained with the Group.

Trade amounts due from subsidiaries, non-trade amounts due from joint venture and other receivables are not past due. There is no impairment loss for trade receivables recognised in the Company.

11 CASH AND CASH EQUIVALENTS

12 SHARE CAPITAL (CONT'D)

Ordinary shares

The holders of ordinary shares are entitled to receive dividends as declared from time to time, and are entitled to one vote per share at meetings of the Company.

Issuance of ordinary shares

- (i) In 2017, the Company issued 115,421,000 shares at \$\$0.002 per share upon the conversion of outstanding warrants at \$\$0.002 per share, amounted to an equivalent of US\$167,000. In 2016, the Company issued 171,875,000 shares of \$\$0.0128 per share to acquire a 50% interest in Grenzone Pte Ltd, amounting to \$\$2,200,000 (equivalent to US\$1,541,000). In addition, 40,655,000 shares of \$\$0.002 per share were issued upon the conversion of the outstanding warrants at \$\$0.002 per share, amounted to an equivalent of US\$57,000.
- (ii) On 25 October 2012, the Company announced that it had entered into option agreements (the "Option Agreements") with each of Ezion Holdings Limited ("Ezion"), Sunshine Capital Group Pte Ltd ("Sunshine Capital"), and Mr. Woo Peng Kong (collectively, the "Option Subscribers"), pursuant to which the Company shall issue to the Option Subscribers an aggregate of 4,550,000,000 share options (the "Options"), with each Option carrying the right to subscribe for one new ordinary share in the capital of the Company at the issue price of \$\$0.0018 per share, as follows:
 - (a) the Company shall grant, and Ezion shall acquire, 3,960,000,000 Options for the cash consideration of \$\$1.00, with each Option carrying the right to subscribe for one new Share for the issue price of \$\$0.0018 per share (the "First Option Share");
 - (b) the Company shall grant, and Sunshine Capital shall acquire, 383,000,000 Options for the cash consideration of S\$1.00, with each Option carrying the right to subscribe for one new Share for the issue price of S\$0.0018 per share (the "Second Option Share"); and
 - (c) the Company shall grant, and Mr. Woo Peng Kong shall acquire, 207,000,000 Options for the cash consideration of S\$1.00, with each Option carrying the right to subscribe for one new share for the issue price of S\$0.0018 per share (the "Third Option Share").

The options granted under Option Agreements on the unissued ordinary shares of the Company were fully exercised in 2015.

(iii) On 29 November 2016, the Company completed the allotment and issuance of 2,196,411,885 new listed warrants at an issue price of S\$0.002 per warrant, with each warrant entitling the holder to subscribe for one new ordinary share in the capital of the Company at the exercise price of S\$0.002 per warrant.

In 2017, a total of 115,421,100 (2016: 40,655,080) warrants had been exercised and converted to ordinary shares in the capital of the Company.

Capital management

The Group manages its capital to ensure that the Group is able to continue as a going concern and maintains an optimal capital structure so as to maximise shareholder value. In order to maintain or adjust the capital structure, the Group may issue new shares, buy back issued shares, obtain new borrowings or reduce its borrowings.

For the financial year ended 31 December 2017

12 SHARE CAPITAL (CONT'D)

Issuance of ordinary shares (cont'd)

Capital management (cont'd)

Management monitors capital based on a gearing ratio. The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as secured bank loans and trade and other payables less cash and cash equivalents and loan from a related party. Total capital includes issued capital, perpetual securities, redeemable exchangeable preference shares, reserves and retained earnings.

	Group		
	2017 US\$'000	2016 US\$'000	
Secured bank loans	63,648	53,416	
Trade and other payables	29,247	12,192	
Less: Cash and cash equivalents	(2,974)	(4,112)	
Less: Loan from a related party	(21,546)	(7,797)	
Net debt	68,375	53,699	
Total capital	53,314	83,192	
Gearing ratio (times)	1.28	0.65	

The Group's management reviews the capital structure on a semi-annual basis. As part of this review, management considers the cost of capital and the risks associated with each class of capital.

There were no changes in the Group's approach to capital management during the year.

The Company and its subsidiaries are not subject to any externally imposed capital requirements for the financial years ended 31 December 2017 and 31 December 2016.

13 PERPETUAL SECURITIES

On 28 March 2013, the Company completed the placement of S\$30,000,000 (equivalent to US\$23,710,000) 5% convertible perpetual capital securities at an issue price of 100 per cent (the "Capital Securities").

The securities are perpetual, subordinated and the distribution interest of 5% per annum may be deferred at the sole discretion of the Company. These perpetual securities are classified as equity instruments and recorded in equity in the consolidated statement of financial position. Transaction costs incurred in connection with the issuance of perpetual securities amounted to US\$224,000.

Each Capital Securities will, at the option of the holders of the Capital Securities, be converted into fully paid shares of the Company at a conversion price of S\$0.025 per share. For the year ended 31 December 2016 and 31 December 2015, no new ordinary shares in the capital of the Company had been allotted and issued by the Company pursuant to the conversion of convertible perpetual capital securities by Capital Securities holders.

As at 31 December 2017, the Group has accrued perpetual securities distribution of US\$339,000 (2016: US\$325,000).

For the financial year ended 31 December 2017

14 REDEEMABLE EXCHANGEABLE PREFERENCE SHARES

	Gro	oup
	2017 US\$'000	2016 US\$'000
ry and 31 December	7,042	7,042

In 2015, 7,299,270 redeemable exchangeable preference shares ("REPS") were issued by a subsidiary of the Company at an issue price of US\$1.00 per share. All issued shares were fully paid. The main terms and conditions of the agreement are as follows:

- (a) The REPS are convertible into certain number of ordinary shares in the share capital of the Company based on the exchange price of US\$0.01394 ("Exchange Price"). The conversion ratio will be subject to the usual anti-dilution adjustments.
- (b) The holders of REPS shall have the right to convert:
 - (i) the first 50% of their holdings of the REPS into ordinary shares of the Company ("Exchange Shares") at the Exchange Price at any time beginning from the first anniversary of the date of issuance of REPS and up to one business day before the date falling on the third anniversary of the date of issuance of REPS ("Maturity Date"); and
 - (ii) the next 50% of their holdings of REPS into Exchange Shares at the Exchange Price at any time beginning from the second anniversary of the date of issuance of REPS and up to one business day before the Maturity Date.
- (c) The subsidiary of the Company shall redeem all outstanding REPS not exchanged into Exchange Shares ("Redemption Shares") by the holders at US\$1.4125 for each Redemption Share upon the occurrence of any of the following events prior to the Maturity Date:
 - (i) where Ezion Holdings Limited ceases to hold at least 25% of the Company's shares; or
 - (ii) where the subsidiary of the Company is insolvent, or is unable to pay its debts as they fall due, or is involved in any legal proceedings as a defendant; or
 - (iii) where there is a material breach to any term, condition or provision of the agreement.

Such number of Exchange Shares is to be determined in accordance with the exchange formula.

(d) Within five business days immediately after the Maturity Date, the subsidiary of the Company has the option to redeem any number of Redemption Shares at Maturity Date at US\$1.2625 for each Redemption Share ("Redemption Price").

In the event that the subsidiary of the Company does not exercise its option to redeem in part or in whole the Redemption Shares, such Redemption Shares shall be automatically exchanged ten business days after the Maturity Date into Exchange Shares at the Exchange Price. The holders of REPS do not have the right to redeem the REPS for cash.

In 2017 and 2016, no REPS in the subsidiary was exchanged by the holders for shares in the Company. In 2017, distribution on redeemable exchangeable preference shares amounted to US\$365,000 (2016: US\$368,000).

For the financial year ended 31 December 2017

15 WARRANTS

On 29 November 2016, the Company completed the allotment and issuance of 2,196,411,885 new listed warrants at an issue price of \$\$0.002 per warrant, with each warrant entitling the holder to subscribe for one new ordinary share in the capital of the Company at the exercise price of \$\$0.002 per warrant (the "2016 Warrants"). The 2016 warrants amounted to US\$2,571,000 are classified as equity instruments. Transaction costs incurred in connection with the issuance of the 2016 Warrants amounted to S\$710,000 (equivalent to US\$541,000). In 2017, a total of 115,421,000 amounted to US\$130,000 of warrants had been exercised and converted in the capital of the Company.

On 4 November 2013, the Company completed the placement of 1,000,000,000 new listed warrants at an issue price of S\$0.025 per warrant, with each warrant entitling the holder to subscribe for one new ordinary share in the capital of the Company at the exercise price of S\$0.025 per warrant (the "2013 Warrants"). These 2013 Warrants are classified as equity instruments. Transaction costs incurred in connection with the issuance of the 2013 Warrants amounted to S\$460,000 (equivalent to US\$363,000). The 2013 Warrants of US\$19,394,000 had expired on 3 November 2016.

No warrants were issued for the year ended 31 December 2017.

16 OTHER RESERVES

The reserves of the Group comprise the following balances:

		Group
	2017 US\$'000	2016 US\$'000
Foreign currency translation reserves	567	(803)
Hedging reserve	5	(42)
	572	(845)

Foreign currency translation reserves

The foreign currency translation reserve comprises:

- (a) foreign exchange differences arising from the translation of the financial statements of subsidiaries whose functional currencies are different from the functional currency of the Company; and
- (b) the exchange differences on monetary items which form part of the Group's net investment in foreign operations, provided certain conditions are met.

Hedging reserve

The hedging reserve comprises the effective portion of the cumulative change (net of taxes) in the fair value of cash flow hedging instruments related to hedged transactions.

For the financial year ended 31 December 2017

Secured bank loans

All the bank loans are secured by corporate guarantees from the Company, first legal charge on the Group's assets with a carrying amount of US\$104,947,000 (2016: US\$115,701,000), legal assignment of the rental proceeds from the Group's assets, assignment of insurances in respect of the Group's assets in the bank's favour and all monies standing to the credit of the Group's receiving operating accounts in respect of the Group's assets maintained by the Group with the banks.

Default of secured bank loans

During the year, the Group had not met its loan obligations for the secured term loans. Accordingly, term loans of US\$44,515,000 were classified to current liabilities as at 31 December 2017. The affected loans can be called for repayment upon notification by the bank and related party. There has not been an issue of demand for the affected loans to be repaid immediately. The Group is under negotiations with the banks and the related party to refinance and repay the loans. The Group is working on getting the continuous support from the banks and the related party, which is a shareholder of the Group.

Terms and debt repayment schedule

20 SHARE-BASED PAYMENTS

At 31 December 2017, the Company has the Charisma Energy Employee Share Option Scheme (the "Scheme").

The Scheme was approved and adopted by its members at an Extraordinary General Meeting held on 24 April 2013. The Scheme is administered by the Company's Remuneration Committee. All Directors and Employees of the Group shall be eligible to participate in the Scheme.

Other information regarding the Scheme is set out below:

- The exercise price of the options can be set at market price or at a discounted price not exceeding 20% of the market price (or such other percentage or amount prescribed or permitted by the SGX-ST) and approved by the shareholders at a general meeting in a separate resolution in respect of that option.
- The options shall be exercised in whole or in part 1 year (if exercise price of option is set at market price) or 2 years (if exercise price of option is set at a discount to market price) after the grant date.
- All options are settled by physical delivery of shares.
- The options granted expire after 10 years from date of grant or upon cessation of the employment of employees.

At the end of the financial year, details of the options granted under the Scheme on unissued ordinary shares of the Company are as follows:

Date of grant of options	Exercise price per share S\$	Options outstanding at 1 January 2017 '000	Options granted '000	Options exercised '000	Options cancelled '000	Options outstanding at 31 December 2017 '000	Number of option holders at 31 December 2017	Exercise period
10/5/2016	0.009	63,700	_	_	(5,500)	58,200	8	10/5/2018 to 10/5/2026
9/5/2017	0.006	-	63,700	_	(6,800)	56,900	9	9/5/2019 to 9/5/2027

The outstanding options include 52,500,000 and 10,000,000 share options granted to the Company's executive directors, Tan Ser Ko and Wong Bheet Huan respectively; and 10,000,000 share options granted to each of the non-executive directors, Simon de Villiers Rudolph, Cheng Yee Seng and Lim Chen Yang.

Fair value of share options and assumptions

The grant-date fair value of share options granted was measured based on the Black-Scholes option-pricing model formula as the fair value of services performed by employees and directors cannot be measured reliably. Expected volatility is estimated by considering historic average share price volatility. Option lives are based on the assumption that the share options will be exercised once the vesting period is over.

For the financial year ended 31 December 2017

20 SHARE-BASED PAYMENTS (CONT'D)

Option granted on 10 May 2016

Weighted average number of ordinary shares (diluted)

	No. of shares	No. of shares
	2017 '000	2016 '000
Weighted average number of ordinary shares (basic)	13,138,206	12,989,695
Effect of warrants in issue	*	773,260
Weighted average number of ordinary shares (diluted)	13,138,206	13,762,955
Diluted (loss)/earnings per share (cents)	(0.24)	0.01

* The average market value of the Company's shares for purposes of calculating dilutive effect of share options was based on quoted market prices for the period during which the options were outstanding. As the Group was in a loss position in 2017, the warrants were not included in the computation of diluted loss per share because these potential ordinary shares would have been anti-dilutive.

For the financial year ended 31 December 2017

26 OPERATING SEGMENTS

Industry segments

For the financial year ended 31 December 2017 and 31 December 2016, the Group's revenue, capital expenditure, assets and liabilities were derived from one single business segment in the business of owning and leasing of power and energy assets.

Information regarding the results of the reportable segment is included below. Performance is measured based on segment profit before tax, as included in the internal management reports that are reviewed by the Group's CEO. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

The accounting policies of the reportable segments are the same as described in note 4.14.

⁽¹⁾ Non-current assets consist of plant and equipment.

Major customers

During the financial year, the Group had 2 (2016: 2) customers in the power and energy services segment that individually contributed 10% or more of the Group's total revenue. Revenue from the customers amounted to US\$17,562,000 (2016: US\$22,433,000) of the Group's total revenue.

27 ACQUISITION OF SUBSIDIARY

There is no acquisition of subsidiary in 2017.

On 22 April 2016, the Group acquired 80% interest in Yichang Smartpower Green Electricity Co., Ltd ("Yichang") for a cash consideration of approximately US\$1,045,000 (RMB7,000,000).

In the eight months to 31 December 2016, Yichang contributed a loss for the period of US\$105,000 to the Group's results. If the acquisition had occurred on 1 January 2016, management estimates that consolidated revenue would have been US\$24,537,000 and consolidated profit for the year would have been US\$1,182,000. In determining these amounts, management assumed that the fair value adjustments, determined provisionally, those arose on the date of acquisition would have been the same if the acquisition had occurred on 1 January 2016.

The cash flow and the net assets of subsidiary acquired during the year ended 31 December 2016 are provided below:

	Recognised values on acquisition US\$'000
Net identifiable assets acquired	1,045
Purchase consideration	1,045
Amount to be payable	(313)
Net cash outflow on acquisition of subsidiary	732

For the financial year ended 31 December 2017

28 OPERATING LEASES

Leases as lessor

The Group leases out its power generation equipment, vessels and accommodation modules. The future minimum lease receivables under non-cancellable operating leases are as follows:

		Group		
		2017 5\$'000	2016 US\$'000	
Within 1 year		19,432	21,366	
After 1 year but within 5 years		69,467	88,989	
After 5 years		20,811	34,383	
	1	09,710	144,738	

The leases are negotiated on a fixed term for periods ranging from 5 to 10 years at prevailing market rates. Certain leases contain an option to extend the lease term after the expiry of the fixed term.

29 CAPITAL COMMITMENTS

Capital expenditure contracted for at the balance sheet date but not recognised in the financial statements are as follows:

		Group
	2017 US\$'000	2016 US\$'000
nt	_	19,615

The Group has no capital expenditure which is due within the next twelve months (2016: US\$19,615,000).

30 RELATED PARTIES

Other than disclosed elsewhere in the financial statements, the transactions with related parties are as follows:

Key management personnel compensation

Key management personnel compensation comprised:

		Group
	2017 US\$'000	2016 US\$'000
Short-term employee benefits	486	522

31 FINANCIAL RISK MANAGEMENT

Overview

Risk management is integral to the whole business of the Group. The Group has a system of controls in place to create an acceptable balance between the cost of risks occurring and the cost of managing the risks. The management continually monitors the Group's risk management process to ensure that an appropriate balance between risk and control is achieved. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

The Group's principal financial instruments comprise cash and cash equivalents and bank loans. The main purpose of these financial instruments is to finance the Group's operations. The other financial instruments such as trade and other payables are directly from its operations.

Credit risk

Credit risk is the potential financial loss resulting from the failure of a customer or counterparty to settle its financial and contractual obligations to the Group, as and when they fall due.

The Group has established credit limits for customers and monitors their balances. It is the Group's policy to conduct credit reviews on new customers and credit terms are only extended to creditworthy customers. These debts are continually monitored and therefore the Group does not expect to incur material credit losses.

Trade receivables that are neither past due nor impaired are substantially companies with a good collection track record with the Group.

For the financial year ended 31 December 2017

31 FINANCIAL RISK MANAGEMENT (CONT'D)

Credit risk (cont'd)

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	2017 US\$'000	2016 US\$'000
Group		
Trade and other receivables (excluding prepayments and advance to suppliers)	29,792	15,421
Cash and cash equivalents	2,974	4,112
Loans and receivables	32,766	19,533
Company		
Trade and other receivables (excluding prepayments and advance to suppliers)	4,863	1,667
Cash and cash equivalents	1,536	1,776
Loans and receivables	6,399	3,443

The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables. The main components of this allowance are a specific loss component that relates to individually significant exposures, and a collective loss component established for groups of similar assets in respect of losses that have been incurred but not yet identified. The collective loss allowance is determined based on historical data of payment statistics for similar financial assets.

At 31 December 2017, trade receivables from 2 customers (2016: 3 customers) accounted for 95% (2016: 99%) of net trade receivables of the Group.

Financial guarantees

The credit risk represents the loss that would be recognised upon a default by the parties to which the guarantees were given on behalf of. To mitigate these risks, management continually monitors the risks and has established processes including performing credit evaluations of the parties it is providing the guarantee on behalf of. Guarantees are only given to its subsidiaries.

Financial guarantees provided by the Company to its subsidiaries are eliminated in preparing the consolidated financial statements. Estimates of the Company's obligations arising from financial guarantee contracts may be affected by future events, which cannot be predicted with any certainty. The assumptions may well vary from actual experience so that the actual liability may vary considerably from the best estimates.

Financial guarantees comprise guarantees granted by the Company to banks in respect of banking facilities amounting to US\$63,648,000 (2016: US\$53,416,000).

For the financial year ended 31 December 2017

31 FINANCIAL RISK MANAGEMENT (CONT'D)

Corporate guarantees

Corporate guarantees comprise guarantees granted by the Company to banks in relation to banking facilities granted to a joint venture amounting to US\$105,000,000 (2016: US\$Nil). These are regarded as insurance contracts.

	Contractua	al cashflows
	2017 US\$'000	2016 US\$'000
Expiry Date		
More than 5 years	105,000	-

The principal risk to which the Company is exposed is credit risk in connection with the guarantee contracts it has issued. The credit risk represents the loss that would be recognised upon a default by the parties to which the guarantees were given on behalf of. To mitigate these risks, management continually monitors the risks and has established processes including performing credit evaluations of the parties it is providing the guarantee on behalf of.

Estimates of the Company's obligation arising from the corporate guarantee contracts may be affected by future events, which cannot be predicted with any certainty. The assumptions made may well vary from actual experience so that the actual liability may vary considerably from the best estimates.

As at 31 December 2017, there is no provision made in respect of the above obligation.

Market risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Foreign currency risks

The Group incurs foreign currency risk on available-for-sale financial assets, cash and cash equivalents, borrowings and expenditures that are denominated in currencies other than the US\$. The currency giving rise to this risk is primarily the Singapore dollars ("SGD"), Australian dollars ("AUD") and Chinese Yuan Renminbi ("RMB").

There is no formal hedging policy with respect to foreign currency exposures. Exposures to foreign currency risk are monitored on an on-going basis and the Group endeavours to keep the net exposures at acceptable levels by buying currencies at spot rates, where necessary, to address short term imbalances.

For the financial year ended 31 December 2017

31 FINANCIAL RISK MANAGEMENT (CONT'D)

Foreign currency risks (cont'd)

The Group's and Company's net exposure to foreign currencies are as follows:

Foreign currency risks (cont'd)

Sensitivity analysis

A 10% strengthening of the USD against the following currencies at the reporting date would increase/(decrease) profit before tax by the amounts shown below. This analysis assumes that all other variables, in particular interest rate, remain constant.

	2017	2016
	Profit before tax US\$'000	Profit before tax US\$'000
Group		
AUD	55	47
SGD	(153)	(290)
RMB	1	32
Company		
SGD	(178)	(319)
RMB	1	32

A 10% weakening of the USD against the above currencies would have an effect on the amounts shown below.

	2017		2016	
	Equity US\$'000	Profit before tax US\$'000	Equity US\$'000	Profit before tax US\$'000
Group				
AUD	-	(55)	-	(47)
SGD	128	25	231	60
RMB	-	(1)	-	(32)
Company				
SGD	128	50	231	88
RMB	-	(1)	-	(32)

Interest rate risk

The Group's interest rate exposure relates primarily to its secured bank loan that is subject to fluctuating interest rates that reset according to market rates change. The Group enters into and designates interest rate swaps as hedge of the variability in cash flows attributable to interest rate risk.

At 31 December 2017, the Company has interest rate swaps with notional contract amounts of US\$5,882,000 (2016: US\$6,987,000) whereby the Company has agreed with a counterparty to exchange, at specified intervals, the difference between floating rate and fixed rate interest amounts calculated by reference to the agreed notional principal amounts of the secured term loans.

For the financial year ended 31 December 2017

31 FINANCIAL RISK MANAGEMENT (CONT'D)

Interest rate risk (cont'd)

The net fair value of the above swaps at 31 December 2017 is US\$28,000 (2016: US\$40,000).

Exposure to interest rate risk

At the reporting date, the interest rate profile of the Company's interest-bearing financial interests, as reported to the management, was as follows:

Variable rate instruments

	2017 US\$'000	2016 US\$'000
Interest rate swaps	5,882	6,987
Secured bank Ioan	63,648	53,416

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis point in interest rate at the reporting date would have increase/(decrease) equity and profit before tax by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

	Equity		Profit before tax	
	100 bp	100 bp	100 bp	100 bp
	Increase US\$'000	Decrease US\$'000	Increase US\$'000	Decrease US\$'000
Group				
31 December 2017 Interest rate swaps Secured bank loan	2	2 -	- (636)	- 636
31 December 2016 Interest rate swaps Secured bank loan	(1)	(1)	- (534)	- 534

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient level of cash and cash equivalents and bank facilities to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities between its of financial assets and financial liabilities.

As at 31 December 2017, the Group's current liabilities exceed current assets by US\$34,812,000.

For the financial year ended 31 December 2017

31 FINANCIAL RISK MANAGEMENT (CONT'D)

Liquidity risk (cont'd)

The Group's operations are financed mainly through equity and bank borrowings. As disclosed in notes 2, 17 and 19, the Group has not met its loan obligations in 2017. The Group has commenced negotiations with the banks and shareholder to refinance its outstanding loans to ensure necessary liquidity is available when required so that the Group and Company will be able to pay its debts as and when they fall due.

The Group believes upon the successful refinancing of the outstanding loans, the repayment of its present and future obligations will occur as required and is confident that the cash flows generated from the Group's operating activities will be sufficient to meet the repayment requirements.

Accounting classification and fair values

Fair values versus carrying amounts

The carrying amounts of the Group and the Company's financial instruments other than available-for-sale financial assets and interest rate swaps used for hedging are carried at cost or amortised cost, and are not materially different from their fair values as at 31 December 2017 and 31 December 2016.

The carrying amounts of financial assets and liabilities with a maturity of less than 1 year (including trade and other receivables, cash and cash equivalents, financial liabilities and trade and other payables) are assumed to approximate their fair values because of the short period to maturity.

Fair value hierarchy

The tables below analyse fair value measurements for financial assets and financial liabilities, by the levels in the fair value hierarchy based on the inputs to valuation techniques. The different levels are defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: unobservable inputs for the asset or liability.

For the financial year ended 31 December 2017

Available-for sale financial assets

On 14 August 2017, available-for-sale financial assets with a carrying amount of US\$1,276,000 (2016: US\$2,305,000) were transferred from Level 1 to Level 2 because the securities became voluntarily suspended. The fair value of these securities cannot be directly measured as at 31 December 2017. As a result, the carrying amount of the available-for-sale financial assets has been determined based on the last quoted price. Trading of the securities is expected to resume in April 2018.

32 SUBSEQUENT EVENT

On 29 March 2018, the Group entered into a sale and purchase agreement and an addendum to the aforesaid agreement (collectively, the "SPA") with History Maker Limited ("HML") for the purchase from HML the entire issued and paid-up share capital of Saems Capital II BV (the "1st Target Co") and Blue Maven Asia Energy (Private) Limited (the "2nd Target Co"). The acquisition includes the business of the subsidiaries of both Target Companies at a consideration of US\$1.875 million.

The consideration shall be payable by way of the issue and allotment of ordinary shares in the share capital of the Company. 490,312,500 Consideration Shares at a price of S\$0.005 per share shall be issued and allotted to HML or the HML's nominee as approved by the Company (the "HML's Nominee").

As a result of the transaction above, the Group expects no material impact to the financial position and income statement of the Group.

NOTICE OF ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN that the Annual General Meeting ("AGM") of Charisma Energy Services Limited ("the Company") will be held at Ballroom 3, The Singapore Island Country Club, 180 Island Club Road, Singapore 578774 on Thursday, 26 April 2018 at 10.00 a.m. for the following purposes:

AS ORDINARY BUSINESS

- 1.To receive and adopt the Directors' Statement and the Audited Financial Statements of the Company for the financial year
ended 31 December 2017 together with the Auditors' Report thereon.(Resolution 1)
- 2. To re-elect the following Directors of the Company ("Directors") retiring pursuant to Article 95 of the Constitution of the Company ("Constitution"):

Mr. Chew Thiam Keng (See Explanatory Note (i))	(Resolution 2)
Mr. Lim Chen Yang (See Explanatory Note (ii))	(Resolution 3)

- 3. To approve the payment of Directors' fees of S\$168,000 for the financial year ending 31 December 2018 to be paid quarterly in arrears (2017: S\$168,000). (Resolution 4)
- 4. To re-appoint Messrs KPMG LLP as the Auditor of the Company and to authorise the Directors to fix their remuneration.

(Resolution 5)

5. To transact any other ordinary business which may properly be transacted at an AGM.

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without any modifications:

6. Authority to issue shares in the capital of the Company

That pursuant to Section 161 of the Companies Act and Rule 806 of the Listing Manual Section B: Rules of the Catalist of the Singapore Exchange Securities Trading Limited ("SGX-ST") ("Catalist Rules"), authority be and hereby given to the Directors to:-

- (a) (i) issue shares in the Company ("shares") whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

(b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares pursuant to any Instruments made or granted by the Directors while this Resolution was in force,

NOTICE OF ANNUAL GENERAL MEETING

provided that:

- (1) the aggregate number of shares (including shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution) to be issued pursuant to this Resolution shall not exceed one hundred per centum (100%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro rata basis to existing shareholders of the Company shall not exceed fifty per centum (50%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the percentage of issued shares shall be based on the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
 - (a) new shares arising from the conversion or exercise of the Instruments;
 - (b) new shares arising from exercising share options or vesting of share awards outstanding or subsisting at the time of the passing of this Resolution provided that the share options or share awards (as the case may be) were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and
 - (c) any subsequent bonus issue, consolidation or subdivision of shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (4) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier.

(See Explanatory Note (iii))

(Resolution 6)

7. Authority to issue shares under the Charisma Energy Employee Share Option Scheme

That the Directors be hereby authorised and empowered to offer and grant options in accordance with the rules of the Charisma Energy Employee Share Option Scheme (the "Scheme") and to issue from time to time such number of shares in the capital of the Company as may be required to be issued pursuant to the exercise of options granted by the Company under the Scheme, whether granted during the subsistence of this authority or otherwise, provided always that the aggregate number of additional ordinary shares to be issued pursuant to the Scheme, when added to the number of shares issued and issuable in respect of such Scheme and other shares issued and/or issuable under other share-based incentive schemes of the Company, shall not exceed fifteen per centum (15%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company from time to time and that such authority shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier.

(See Explanatory Note (iv))

NOTICE OF ANNUAL GENERAL MEETING

8. Grant of Options under the Charisma Energy Employee Share Option Scheme at a discount

That the Directors be and are hereby authorised to offer and grant Options in accordance with the provisions of the Scheme to participants with exercise prices set at a discount to the Market Price provided that such discount does not exceed 20% (or such other relevant limits as may be set by the SGX-ST from time to time) of the Market Price and that such authority shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier. All capitalised terms used in this Resolution which are not defined herein shall have the meanings ascribed to them in the circular dated 6 April 2015 to Shareholders of the Company. (Resolution 8)

9. Renewal of Shareholders' Mandate for Interested Person Transactions

That for the purposes of Chapter 9 of the Catalist Rules of the SGX-ST:

- (a) approval be given for the renewal of the mandate for the Company, its subsidiaries and associated companies or any of them to enter into any of the transactions falling within the categories of Interested Person Transactions, particulars of which are set out in the Appendix to the Annual Report (the "Appendix") with any party who is of the class of Interested Persons described in the Appendix provided that such transactions are carried out on normal commercial terms, are not prejudicial to the interests of the Company and its minority shareholders, and are in accordance with the review procedures for recurrent Interested Person Transactions as set out in the Appendix (the "IPT Mandate");
- (b) the IPT Mandate shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the next AGM of the Company; and
- (c) the Directors and each of them be and are hereby authorised to do all acts and things (including, without limitation, executing all such documents as may be required) as they or each of them deem desirable, necessary or expedient to give effect to the matters referred to in the above paragraphs of this Resolution as they or each of them may in their or each of their absolute discretion deem fit in the interests of the Group.

(See Explanatory Note (v))

(Resolution 9)

By Order of the Board

Lee Tiong Hock Secretary Singapore, 11 April 2018

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes:

- (i) Ordinary Resolution 2 is to re-elect Mr. Chew Thiam Keng who will be retiring by rotation under Article 95 of the Constitution. Mr. Chew will, upon re-election, remain as the Non-Executive Chairman of the Company. Mr. Chew is the Chief Executive Officer and Executive Director of Ezion Holdings Limited, a controlling shareholder of the Company. Saved as disclosed, Mr. Chew does not have any material relationship including family relationship between himself and the Directors, the Company and its 10% shareholders. Further information on Mr. Chew can be found under "Board of Directors" and "Corporate Governance" sections in the Company's Annual Report 2017.
- (ii) Ordinary Resolution 3 is to re-elect Mr. Lim Chen Yang who will be retiring by rotation under Article 95 of the Constitution. Mr. Lim will, upon re-election, remain as the Chairman of the Nominating Committee and a member of the Audit and Remuneration Committees. The Board considers Mr. Lim Chen Yang to be independent pursuant to Rule 704(7) of the Catalist Rules. Saved as disclosed, Mr. Lim does not have any material relationships including immediate family relationships between himself and the Directors, the Company and its 10% shareholders. Further information on Mr. Lim can be found under "Board of Directors" and "Corporate Governance" sections in the Company's Annual Report 2017.
- (iii) Ordinary Resolution 6, if passed, will empower the Directors from the date of this AGM until the date of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares, make or grant instruments convertible into shares and to issue shares pursuant to such instruments, up to a number not exceeding, in total, one hundred per centum (100%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company, of which up to fifty per centum (50%) may be issued other than on a pro-rata basis to existing shareholders of the Company.

For determining the aggregate number of shares that may be issued, the percentage of issued shares in the capital of the Company will be calculated based on the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for new shares arising from the conversion or exercise of the Instruments, the exercise of share options or the vesting of share awards outstanding or subsisting at the time when this Ordinary Resolution is passed and any subsequent bonus issue, consolidation or subdivision of shares.

- (iv) Ordinary Resolution 7, if passed, will empower the Directors, effective until the conclusion of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares in the Company pursuant to the exercise of options granted or to be granted under the Scheme up to a number not exceeding in aggregate, when added to the number of shares issued and issuable in respect of such Scheme and other shares issued and/or issuable under other share-based incentive schemes or share plans of the Company, fifteen per centum (15%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company from time to time.
- (v) Ordinary Resolution 9, if passed, will authorise the Interested Person Transactions as described in the Appendix and recurring in the year and will empower the Directors to do all acts necessary to give effect to the IPT Mandate. This authority will, unless previously revoked or varied by the Company in a general meeting, expire at the conclusion of the next AGM of the Company.

Notes:

- 1. Each of the resolutions to be put to the vote of members at the AGM (and at any adjournment thereof) will be voted on by way of a poll.
- 2. (a) A member who is not a relevant intermediary, is entitled to appoint not more than two proxies to attend and vote in his/her stead at the AGM. A proxy need not be a member of the Company.
 - (b) A member who is a relevant intermediary, is entitled to appoint more than two proxies to attend and vote at the meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member.

"Relevant intermediary" has the meaning ascribed to it under Section 181 of the Companies Act.

3. The instrument appointing a proxy must be deposited at the registered office of the Company at 15 Hoe Chiang Road #12-05 Tower Fifteen Singapore 089316 not less than forty-eight (48) hours before the time appointed for holding the meeting.

NOTICE OF ANNUAL GENERAL MEETING

Personal data privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

APPENDIX DATED 11 APRIL 2018

THIS APPENDIX IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. PLEASE READ IT CAREFULLY.

If you are in any doubt as to the action you should take, you should consult your stockbroker, bank manager, accountant, solicitor or other professional adviser immediately.

This Appendix is circulated to the shareholders of Charisma Energy Services Limited (the "**Company**") together with the Company's Annual Report 2017 (as defined herein). Its purpose is to explain to the shareholders the rationale and to provide information pertaining to the proposed renewal of the IPT Mandate (as defined herein), and to seek shareholders' approval of the same at the annual general meeting to be held on Thursday, 26 April 2018 at 10.00 a.m. at Ballroom 3, The Singapore Island Country Club, 180 Island Club Road, Singapore 578774.

The Notice of Annual General Meeting and a Proxy Form are enclosed with the Annual Report 2017.

If you have sold or transferred all your Shares (as defined herein) in the Company held through The Central Depository (Pte) Limited ("**CDP**"), you need not forward the Annual Report 2017 (including the Notice of Annual General Meeting and the Proxy Form) and this Appendix to the purchaser or transferee as arrangements will be made by CDP for separate copies of the same to be sent to the purchaser or transferee. If you have sold or transferred all your Shares represented by physical share certificate(s), you should at once hand the Annual Report 2017 (including the Notice of Annual General Meeting and the Proxy Form) and this Appendix immediately to the purchaser or transferee or to the bank, stockbroker or agent through whom you effected the sale or transfer, for onward transmission to the purchaser or transferee.

This Appendix has been prepared by the Company and its contents have been reviewed by the Company's sponsor, PrimePartners Corporate Finance Pte. Ltd. (the "**Sponsor**") for compliance with the Singapore Exchange Securities Trading Limited (the "**SGX-ST**") Listing Manual Section B: Rules of Catalist. The Sponsor has not verified the contents of this Appendix.

This Appendix has not been examined or approved by the SGX-ST. The Sponsor and the SGX-ST assume no responsibility for the contents of this Appendix, including the accuracy, completeness or correctness of any of the information, statements or opinions made or reports contained in this Appendix.

The contact person for the Sponsor is Mr Lance Tan, Director, Continuing Sponsorship (Mailling Address:, at 16 Collyer Quay, #10-00 Income at Raffles, Singapore 049318 and Email: sponsorship@ppcf.com.sg).

- Mr. Simon de Villiers Rudolph (Independent Director)
- Mr. Cheng Yee Seng (Independent Director)
- Mr. Lim Chen Yang (Independent Director)

To: The Shareholders of Charisma Energy Services Limited

Dear Sir/Madam

THE PROPOSED RENEWAL OF THE IPT MANDATE

1. INTRODUCTION

1.1 Annual General Meeting

Reference is made to ordinary resolution 9 under the heading "Special Business" set out in the Notice of Annual General Meeting of Charisma Energy Services Limited (the "**Company**") dated Wednesday, 11 April 2018, accompanying the annual report of the Company for the Annual Report financial year ended 31 December 2017 ("**2017Annual Report**"), convening the AGM which is scheduled to be held on Thursday, 26 April 2018 in relation to the proposed renewal of the IPT Mandate.

1.2 Purpose of this Appendix

The purpose of this Appendix is to provide the Independent Shareholders with details in respect of the proposed renewal of the IPT Mandate and to seek Shareholders' approval for the same at the AGM to be held at on Thursday, 26 April 2018 at 10.00 a.m. at Ballroom 3, The Singapore Island Country Club, 180 Island Club Road, Singapore 578774.

2. THE PROPOSED RENEWAL OF THE IPT MANDATE

2.1 The Existing Shareholders' Mandate

At the extraordinary general meeting of the Company held on 21 April 2014, approval of Shareholders was obtained for a mandate to enable the Charisma IPT Group to enter into certain recurring Interested Person Transactions. The IPT Mandate was subsequently amended and renewed at the extraordinary general meeting of the Company held on 21 April 2015. The IPT Mandate was last renewed at the annual general meeting of the Company on 25 April 2017 (**'2017 AGM**'').

2.2 Details of the IPT Mandate

Details of the IPT Mandate, including the scope of the IPT Mandate, the class of the Interested Person, the categories of Interested Person Transactions, the rationale and benefits of the IPT Mandate and the review procedures for Interested Person Transactions are set out in Annex A to this Appendix.

15 Hoe Chiang Road #12-05 Tower Fifteen

Singapore 089316

11 April 2018

2.3 Proposed Renewal of the IPT Mandate

The IPT Mandate will expire on the date of the forthcoming AGM, which is scheduled to be held on Thursday, 26 April 2018. Accordingly, the Directors propose that the ordinary resolution relating to the renewal of the IPT Mandate be passed at the AGM, and (unless revoked or varied by the Company in a general meeting) to take effect until the next annual general meeting of the Company or the expiration of the period within which the next annual general meeting of the Company is required by law to be held, whichever is earlier. The particulars of the Interested Person Transactions in respect of which the IPT Mandate is sought to be renewed remain unchanged.

2.4 Audit Committee's Statement

The Audit Committee confirms that:

- (a) the methods or procedures for determining transaction prices under the IPT Mandate have not changed since the 2017 AGM; and
- (b) the methods or procedures referred to in sub-paragraph (a) above are sufficient to ensure that the transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.

3. INTERESTS OF DIRECTORS AND SUBSTANTIAL SHAREHOLDERS

As at the Latest Practicable Date, the interests of the Directors and the Substantial Shareholders in the Shares, based on the register of Directors' interests in Shares and Substantial Shareholders' interest in Shares respectively, are as follows:-

	Direct Inte	rest	Deemed Inte	rest	Total Inter	est
	Number of Shares	% ⁽¹⁾	Number of Shares	% ⁽¹⁾	Number of Shares	% ⁽¹⁾
Directors						
Mr. Chew Thiam Keng	-	-	-	-	-	_
Mr. Tan Ser Ko	-	-	-	-	-	-
Mr. Wong Bheet Huan	33,880	0.00	-	-	33,880	0.00
Mr. Simon de Villiers Rudolph	10,000,000	0.08	-	-	10,000,000	0.08
Mr. Cheng Yee Seng	-	-	-	-	-	-
Mr. Lim Chen Yang	-	-	-	-	-	-
Substantial Shareholders (othe	r than Directors)					
Ezion Holdings Limited	5,461,932,000	41.48	_	_	5,461,932,000	41.48
Mr. Patrick Tan Choon Hock	1,000,483,100	7.60	493,186,000(2)	3.75	1,493,669,100	11.34

Notes:

(1) The percentage of shareholdings is calculated based on the total issued capital of the Company comprising 13,166,385,035 Shares (excluding Treasury Shares) as at the Latest Practicable Date.

(2) Mr. Patrick Tan Choon Hock is able to exercise control over the voting rights of 339,000,000 Shares owned by his sponse, Mdm Serene Lee Siew Kin and 154,186,000 Shares owned by Mr. Patrick Tan Choon Hock are held through nominees

As Mr. Chew Thiam Keng is the chief executive officer and an executive director of Ezion, he has a direct interest in the proposed renewal of the IPT Mandate.

Save as disclosed in this Appendix and other than through their respective shareholdings in the Company, none of the Directors or Substantial Shareholders has any interest, direct or indirect, in the proposed renewal of the IPT Mandate.

4. ABSTENTION FROM VOTING

Ezion (being an Interested Person) and its Associates have undertaken to abstain from voting in respect of ordinary resolution 9 as set out in the Notice of Annual General Meeting relating to the proposed renewal of the IPT Mandate in respect of the Shares held by them respectively. In addition, Ezion and its Associates will also not accept nominations to act as proxy for any Shareholder (being one who is not subject to the foregoing voting restrictions) in respect of ordinary resolution 9, unless specific instructions have been given in the Proxy Form on how the votes are to be cast in respect of ordinary resolution 9. Ezion has undertaken to ensure that its associates will abstain from voting on ordinary resolution 9 in respect of the Shares held by them and that its Associates will decline to accept appointment as proxy for any Shareholder (being one who is not subject to the foregoing voting restrictions 9 unless the Shareholder concerned has given specific instructions in the Proxy Form as to the manner in which his votes are to be cast in respect of ordinary resolution 9 at the AGM.

5. NON-INTERESTED DIRECTORS' RECOMMENDATIONS

The Directors who are considered independent for the purpose of the IPT Mandate are Mr. Tan Ser Ko, Mr. Wong Bheet Huan, Mr. Simon de Villiers Rudolph, Mr. Cheng Yee Seng and Mr. Lim Chen Yang (together, the "**Non-Interested Directors**"). The Non-Interested Directors, having considered, inter alia, the rationale for the proposed renewal of the IPT Mandate, are of the opinion that the proposed renewal of the IPT Mandate is in the best interests of the Company and not prejudicial to the interests of minority Shareholders. Accordingly the Non-Interested Directors recommend that Shareholders vote in favour of ordinary resolution 9 relating to the proposed renewal of the IPT Mandate to be proposed at the AGM as set out in the Notice of Annual General Meeting.

As Mr. Chew Thiam Keng is the Chief Executive Officer and an Executive Director of Ezion (who is an Interested Person), he is interested in the proposed renewal of the IPT Mandate and therefore, has abstained from making any recommendation in respect of ordinary resolution 9 as set out in the Notice of Annual General Meeting.

6. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors (including those who may have delegated detailed supervision of the preparation of this Appendix) collectively and individually accept full responsibility for the accuracy of the information given in this Appendix and confirm after making all reasonable enquiries, that to the best of their knowledge and belief, this Appendix constitutes full and true disclosure of all material facts about the proposed renewal of the IPT Mandate, the Company and its subsidiaries, and the Directors are not aware of any facts the omission of which would make any statement in this Appendix misleading.

Where information in the Appendix has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and correctly extracted from those sources and/or reproduced in the Appendix in its proper form and context.

7. ADVICE TO SHAREHOLDERS

Shareholders who are in any doubt as to the action they should take should consult their stockbroker, bank manager, solicitor, accountant or other professional adviser immediately.

8. DOCUMENTS FOR INSPECTION

Copies of the following documents may be inspected at the registered office of the Company at 15 Hoe Chiang Road, #12-05 Tower Fifteen Singapore 089316, during normal business hours from the date of this Appendix to the date of the forthcoming AGM scheduled to be held on Thursday, 26 April 2018:

- (a) the Constitution of the Company; and
- (b) the Annual Report 2017.

Yours faithfully, For and on behalf of the Board of Directors of **Charisma Energy Services Limited**

Tan Ser Ko Executive Director and Chief Executive Officer

Chapter 9 of the Catalist Rules

Under Chapter 9 of the Catalist Rules, a listed company may seek a shareholders' mandate for recurrent transactions of a revenue or trading nature or those necessary for its day-to-day operations, which may be carried out with the listed company's interested persons, but will not cover the transactions relating to the purchase or sale of assets, undertakings or businesses. Transactions between the Charisma IPT Group and any Interested Person will constitute an interested person transaction, which is subject to Chapter 9 of the Catalist Rules.

In this connection, Rule 906 prescribes that the Company must obtain Shareholders' approval for any interested person transaction of a value equal to, or more than five per cent. (5%) of the Group's latest audited NTA or five per cent (5%) of the Group's latest audited NTA when aggregated with other transactions entered into with the same Interested Person during the same financial year. However, a transaction which has been approved by Shareholders, or is the subject of aggregation with another transaction that has been approved by Shareholders, need not be included in any subsequent aggregation. It should also be noted that Rules 905 and 906 of the Catalist Rules do not apply to any transaction which has a value that is below \$\$100,000 with an Interested Person, and therefore transactions below \$\$100,000 need not be covered under a general mandate.

A general mandate granted by shareholders is subject to annual renewal. Due to the time-sensitive nature of commercial transactions, such a mandate will enable a listed company, in its ordinary course of business, to enter into certain categories of transactions with certain classes of interested persons, provided such interested person transactions are made on normal commercial terms and are not prejudicial to the interests of the Company and its minority shareholders.

Scope and Validity of the IPT Mandate

The IPT Mandate will cover transactions between the Charisma IPT Group and the Ezion Group which are of a revenue or trading nature or those necessary for the day-to-day operations of the Charisma IPT Group, but not in respect of the purchase or sale of assets, undertakings or businesses.

The IPT Mandate will not cover any transaction with the Ezion Group which is below \$\$100,000 in value as the threshold and aggregation requirements of Chapter 9 of the Catalist Rules would not apply to such transactions. Transactions with the Ezion Group that do not fall within the ambit of the IPT Mandate shall be subject to the relevant provisions of Chapter 9 of the Catalist Rules.

If renewed by Shareholders at the AGM, the IPT Mandate will take effect from the passing of the ordinary resolution at the AGM, and will (unless revoked or varied by the Company in a general meeting) continue in force until the next annual general meeting of the Company.

Thereafter, approval from Shareholders for the renewal of the IPT Mandate will be sought at each subsequent annual general meeting of the Company, subject to satisfactory review by the Audit Committee of the IPT Mandate's continued applicability. Ezion and its Associates will abstain from voting on such resolutions in respect of the renewal of the IPT Mandate. Furthermore, Ezion and its Associates shall not act as proxies in relation to such resolutions unless voting instructions have been given by the relevant Shareholder.

Pursuant to Rule 920(1)(c) of the Catalist Rules, an independent financial adviser's opinion will not be required for the renewal of the IPT Mandate if the Audit Committee confirms that:

- (a) the methods or procedures for determining the transaction prices have not changed since the last shareholder approval; and
- (b) the methods or procedures in sub-paragraph (a) above are sufficient to ensure that the Recurrent IPTs will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.

Class of Interested Persons

The IPT Mandate will apply to the interested person transactions as described below that are carried out with the Ezion Group.

Ezion is an Interested Person as it is a Controlling Shareholder of the Company and holds, as at the Latest Practicable Date, 5,461,932,000 Shares, representing a direct interest of approximately 41.48% in the total issued share capital of the Company.

Transactions with "Interested Persons" which do not fall within the ambit of the IPT Mandate shall be subject to the relevant provisions of Chapter 9 and/or other applicable provisions of the Catalist Rules and/or the Companies Act, if any.

For FY2017, excluding transactions below S\$100,000, there was an aggregate of US\$1,149,398 of interested person transactions conducted under the IPT Mandate entered into by the Charisma IPT Group with the Ezion Group.

Categories of Recurrent IPTs

The IPT Mandate will encompass the following interested person transactions:

- (a) the provision of technical advisory and technical management services as well as personnel for marine and offshore operations (the "Provision of Services and Personnel") by the Ezion Group;
- (b) the charter of offshore support vessels, self-propelled lift-boats, service rigs, and other marine and offshore assets (the "Assets") from the Ezion Group;
- (c) the provision of Assets for charter to the Ezion Group;
- (d) the Charisma IPT Group acting as shipbroker for the Ezion Group;
- (e) the Ezion Group acting as shipbroker for the Charisma IPT Group; and
- (f) the payment of management fees to the Ezion Group for the provision of office space, human resource and information technology services (the "**Provision of Support Service**").

(the "Recurrent IPTs")

Rationale and Benefits of the IPT Mandate

It is envisaged that in the ordinary course of their businesses, transactions between the Charisma IPT Group and the Ezion Group are likely to occur from time to time as the Charisma IPT Group also focuses on on-shore and offshore oil and gas and marine related businesses that are complementary to the existing business of the Ezion Group. Such transactions would include, but are not limited to, the provision of goods and services in the ordinary course of business of the Group to the Company's interested persons or the obtaining of goods and services from them.

In addition, the Company pays the Ezion Group a management fee for the Provision of Support Service by the Ezion Group which will enable the Company to benefit from the Ezion Group's expertise and enable the Company to carry on its business and corporate functions seamlessly and effectively. The Company therefore derives synergy and benefits from being an associated member of the Ezion Group.

In view of the time-sensitive and recurrent nature of commercial transactions, the obtaining of the IPT Mandate pursuant to Chapter 9 of the Catalist Rules will enable:

- (a) the Company;
- (b) subsidiaries of the Company (excluding other subsidiaries listed on the SGX-ST or an approved exchange); and
- (c) associated companies of the Company (other than an associated company that is listed on the SGX-ST or an approved exchange) over which the Company, or the Company and its interested person(s), has or have control,

(together, the "Charisma IPT Group"), or any of them, in the ordinary course of their businesses, to enter into the categories of transactions set out above (under the section titled ("Categories of Recurrent IPTs") with the specified classes of the Company's Interested Persons set out above (under the section titled "Class of Interested Persons"), provided such Recurrent IPTs are made on normal commercial terms and are not prejudicial to the interests of the Company and its minority shareholders.

If approved, the renewal of the IPT Mandate will:

- (i) facilitate entry into the Recurrent IPTs with the Ezion Group in the ordinary course of the Charisma IPT Group's businesses;
- (ii) eliminate the need for the Company to convene separate general meetings on each occasion, pursuant to the financial limits imposed under Chapter 9 of the Catalist Rules to seek Shareholders' approval as and when such transactions with the Ezion Group arise, thereby:
 - (A) reducing substantially the administrative time, inconvenience and costs associated with the convening of such meetings;
 - (B) allowing manpower resources and time to be channelled towards attaining corporate objectives; and
 - (C) enabling the Charisma IPT Group to maintain its overall competitiveness and not be placed at a disadvantage to other parties that do not require shareholders' approval to be obtained for entering into such transactions.

Review Procedures for Recurrent IPTs

The Company will establish the following guidelines and review procedures pursuant to the IPT Mandate to ensure that the Recurrent IPTs are undertaken on normal commercial terms consistent with its usual business practice and policies and are not prejudicial to the interests of the Company and its minority Shareholders.

- (a) The Audit Committee has the overall responsibility for determining the review procedures with the authority to delegate to individuals within the Charisma IPT Group and/or such external advisors as they deem appropriate, and any member of the Audit Committee may, at his discretion, request for additional information pertaining to the Recurrent IPTs under review from independent sources or advisers.
- (b) All Recurrent IPTs with the Ezion Group above S\$100,000 each are to be approved by a Director who shall not be an Interested Person in respect of the particular transaction. Recurrent IPTs with the Ezion Group below S\$100,000 each do not require such approval.

(c) Provision of Services and Personnel to the Charisma IPT Group

Any Recurrent IPT will not be entered into unless the fees for the Provision of Services and Personnel by the Ezion Group is based on their usual fees of the relevant or comparable services and/or personnel. The fees will be no less favourable than that offered to unrelated third party customers after taking into consideration various factors including inter alia, the customers' credit standing, volume of transactions, tenure of business relationship and potential for future repeat business. The Charisma IPT Group will obtain from the Ezion Group the necessary evidence to satisfy itself that the basis set out herein has been adhered to by the Ezion Group. In addition, the Charisma IPT Group will obtain at least two quotations, where available, from unrelated third party suppliers and/or service providers ("**Third-party Quotations**") to determine if the fees quoted by the Ezion Group are competitive. If such Third-party Quotations are priced more competitively than those provided by the Ezion Group, the Charisma IPT Group will re-negotiate with the Ezion Group for a quote which is at least as competitive as the Third-party Quotations, taking into account the factors referred to above. The Charisma IPT Group will not accept a quote from the Ezion Group which is not as competitive as a Third-party Quotation.

Where it is not possible to compare against the terms of other transactions with unrelated third parties given that the services and/or personnel may be provided only by the Ezion Group, the fees payable by the Charisma IPT Group for such services and/ or personnel to be provided by the Ezion Group will be determined by the chief executive officer or the chief financial officer, financial controller or equivalent of the relevant company in the Charisma IPT Group, who has no interest in the Recurrent IPT, in accordance with the Charisma IPT Group's usual business practices and policies. In determining the fees payable to the Interested Person for such services and/or personnel, factors such as, but not limited to, volume of transactions, requirements and specifications will be taken into account.

(d) Chartering of Assets to or from the Ezion Group by the Charisma IPT Group

If there is any new charter, revision of charter rates charged to or by (as the case may be) or any renewal of chartering agreements between the Charisma IPT Group and the Ezion Group, the senior finance officer of the relevant company in the Charisma IPT Group, who has no interest in the Recurrent IPTs, will review the charter rates, the revision of charter rates, or the revised terms upon which the charter agreements are to be entered/renewed (as the case may be) to ensure that they are on normal commercial terms. This will be done by comparing the charter rates against those granted to or granted by at least two unrelated third parties.

In the event that such comparative charter rates cannot be obtained (for instance, if there are no unrelated third parties), the chief executive officer or the chief financial officer, financial controller or equivalent of the relevant company in the Charisma IPT Group, who has no interest in the Recurrent IPT, will determine whether the price and terms offered by or to the Interested Person are fair and reasonable. The terms of the charter will be in accordance with applicable industry norms, prevailing rates and at rates no less favourable than those charged by the Interested Person to an unrelated third party or from an unrelated third party to the Interested Person. In determining this, factors such as, but not limited to requirements, specifications, duration of contract and strategic purposes of the transaction will be taken into account.

(e) Shipbrokering of Vessels for the Ezion Group and the Ezion Group acting as Shipbroker for the Charisma IPT Group

For the shipbrokering of vessels for the Ezion Group by the Charisma IPT Group and having the Ezion Group act as the shipbroker for the Charisma IPT Group (as the case may be), the chief executive officer or the chief financial officer, financial controller or equivalent of the relevant company in the Charisma IPT Group, who has no interest in the Recurrent IPT, will determine whether the price and terms offered by or to the Interested Person are fair, reasonable and on normal commercial terms. The terms of the charter will be in accordance with applicable industry norms, prevailing rates and at rates no less favourable than those charged by the Interested Person to an unrelated third party or from an unrelated third party to the Interested Person (as the case may be). In determining this, factors such as, but not limited to the industry brokerage rates, condition of the vessel, size of the transaction, specifications and strategic purposes of the transaction will be taken into account:

(f) Provision of Support Services by the Ezion Group to the Charisma IPT Group

The management fee paid to the Ezion Group for the Provision of Support Service is computed based on the cost incurred by Ezion for the total office floor area occupied by the Company's employees as well as the human resources and information technology services rendered to the Company with a reasonable mark up on this base cost figure. The Charisma IPT Group will obtain from the Ezion Group the necessary evidence to satisfy itself that the basis set out herein has been adhered to by the Ezion Group. In addition, the Charisma IPT Group will obtain Third-party Quotations to determine if the fees quoted by the Ezion Group are competitive. If such Third-party Quotations are priced more competitively than those provided by the Ezion Group, the Charisma IPT Group will re-negotiate with the Ezion Group for a quote which is at least as competitive as the Third-party Quotations, taking into account factors such as, but not limited to, the synergy and benefit derived by the Company, Ezion's experience and expertise, requirements and specifications of the services or location. The Charisma IPT Group will not account for a quote from the Ezion Group which is not as competitive as a Third-party Quotation.

In the event that such Third-party Quotations cannot be obtained, the management fee payable by the Charisma IPT Group for the support services to be provided by the Ezion Group will be determined by the chief executive officer or the chief financial officer, financial controller or equivalent of the relevant company in the Charisma IPT Group, who has no interest in the Recurrent IPT, in accordance with the Charisma IPT Group's usual business practices and policies. In determining the management fee payable to the Interested Person for such support services, factors such as, but not limited to, the synergy and benefit derived by the Company, Ezion's experience and expertise, requirements and specifications of the services or location.

- (g) The Company will monitor all Recurrent IPTs and categorise them as follows:
 - (i) A Category 1 Recurrent IPT is one where the value thereof is in excess of five per cent. (5%) of the latest audited consolidated NTA of the Charisma IPT Group ("Category 1 Recurrent IPT"); and
 - (ii) A Category 2 Recurrent IPT is one where the value thereof is below or equal to five per cent. (5%) of the latest audited consolidated NTA of the Charisma IPT Group ("Category 2 Recurrent IPT").

All Category 1 Recurrent IPTs must be approved by the Audit Committee prior to entry whereas Category 2 Recurrent IPTs need no such approval provided that these transactions with a value equivalent to or greater than S\$100,000 shall be reviewed, at minimum, on a half-yearly basis by the Audit Committee.

In addition to and without prejudice to the above, where the aggregate value of all Category 2 Recurrent IPTs with the same Interested Person in the current financial year is equal to or exceeds three per cent. (3%) of the latest audited NTA of the Charisma IPT Group, the latest and all future Category 2 Recurrent IPTs with that same Interested Person (so defined) will be approved by the Audit Committee prior to the Charisma IPT Group's entry into such transactions.

If any member of the Audit Committee has an interest in any Recurrent IPT or is a nominee for the time being of an Interested Person, he shall abstain from participating in the review and approval process of the Audit Committee in relation to that transaction.

The Company shall prepare the relevant information to assist the Audit Committee in its review.

(h) The Company will keep a register to record all Recurrent IPTs, which register shall also record the basis for entry into the transactions, including the quotations and other evidence obtained to support such basis. The Audit Committee will review the register on the Recurrent IPTs on at least a half-yearly basis to ascertain if the above internal control procedures have been complied with.

- (i) The annual audit by the auditors of the Company shall incorporate a review of the Recurrent IPTs entered into pursuant to the IPT Mandate recorded in the register. The Audit Committee shall, if it deems necessary, require the appointment of auditors or any independent professional to review all matters relating to the Recurrent IPT entered into pursuant to the IPT Mandate recorded in the register.
- (j) The annual internal audit plan shall incorporate a review of all transactions entered into pursuant to the IPT Mandate. The Audit Committee will review the internal audit reports on the Recurrent IPTs on at least an annual basis to ascertain if the above internal control procedures have been complied with. If during the course of any of their reviews, the Audit Committee is of the view that the internal control procedures for the Recurrent IPTs have become inappropriate or insufficient for whatever reasons, the Company will seek the Shareholders' approval for a fresh general mandate based on the new internal control procedures to ensure that the Recurrent IPT will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.
- (k) Disclosure will be made in the Company's annual report of the aggregate value of transactions conducted pursuant to the IPT Mandate or otherwise, during the financial year under review, and in the annual reports for the subsequent financial years during which the IPT Mandate is renewed and remains in force.
- (I) The Company will maintain a list of Interested Persons, which will be updated periodically, and will disseminate the list to the relevant staffs of the companies within the Charisma IPT Group to enable the identification of the Interested Persons.
- (m) The Company shall announce the aggregate value of transactions conducted pursuant to the IPT Mandate for the financial periods on which the Company is required to report pursuant to Rule 705 of the Catalist Rules.
- (n) The Board will also ensure that all disclosure, approval and other requirements on Recurrent IPTs, including those required by prevailing legislation, the Catalist Rules and accounting standards, are complied with. In the event that a member of the Board or a member of the Audit Committee (where applicable) is interested in any Recurrent IPT he/ she will abstain from reviewing that particular transaction to ensure that the Recurrent IPT will be on an arm's length basis and on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.

Upon Shareholders' approval, the IPT Mandate shall be renewed and take effect from the passing of the ordinary resolution at the AGM and will be effective until the next annual general meeting of the Company or the expiration of the period within which the next annual general meeting is required by law to be held (whichever is the earlier), unless sooner revoked or varied by the Company in a general meeting. Thereafter, approval from the Shareholders for a renewal of the IPT Mandate will be sought at each subsequent annual general meeting of the Company, subject to satisfactory review by the Audit Committee of the IPT Mandate's continued applicability.

Transactions which do not fall within the ambit of the IPT Mandate shall be subject to the other relevant provisions of the Catalist Rules as appropriate.

CHARISMA ENERGY SERVICES LIMITED

(Company Registration No. 199706776D) (Incorporated in the Republic of Singapore)

PROXY FORM

Total number of Shares in:	No. of Shares
(a) CDP Register	
(b) Register of Members	

Signature of Shareholder(s)

or, Common Seal of Corporate Shareholder

* Delete where inapplicable

NOTES:

- 1. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Chapter 289), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert that number of Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by you.
- 2. A member of the Company entitled to attend and vote at a AGM is entitled to appoint not more than two proxies to attend and vote in his/her stead. A proxy need not be a member of the Company.
- 3. Where a member appoints two proxies, the appointments shall be invalid unless he/she specifies the proportion of his/her shareholding (expressed as a percentage of the whole) to be represented by each proxy.
- 4. A member who is a relevant intermediary is entitled to appoint more than two proxies to attend and vote instead of the member, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member appoints more than two proxies, the appointments shall be invalid unless the member specifies the number of shares in relation to which each proxy has been appointed.

"Relevant intermediary" means:

- (a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity;
- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or
- (c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
- 5. An investor who buys shares using CPF monies ("CPF Investor") and/or SRS monies ("SRS Investor") (as may be applicable) may attend and cast his vote(s) at the AGM in person. CPF and SRS Investors, who are unable to attend the AGM but would like to vote, may inform their CPF and/or SRS Approved Nominees to appoint the Chairman of the AGM to act as their proxy, in which case, the CPF and SRS Investors shall be precluded from attending the AGM.
- 6. Completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the AGM. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the AGM in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the AGM.
- 7. The instrument appointing a proxy or proxies must be deposited at the registered office of the Company at 15 Hoe Chiang Road, #12-05 Tower Fifteen Singapore 089316 not less than forty-eight (48) hours before the time appointed for the AGM.
- 8. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
- 9. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM, in accordance with Section 179 of the Companies Act, Chapter 50 of Singapore.

PERSONAL DATA PRIVACY:

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 11 April 2018.

GENERAL:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.
