With over 50 years of experience, Kim Heng Offshore & Marine Holdings Limited ("Kim Heng") and its subsidiaries (collectively, the "Group") is an established integrated offshore and marine value chain services provider. Strategically based in Singapore, the Group offers a one-stop comprehensive range of products and services that caters to different stages of marine infrastructure projects and offshore oil & gas projects from oil exploration to field development and oil production. In keeping with the changing global energy scene towards cleaner energy forms, the Group has successfully ventured into the offshore wind renewable market. The Group will continue to broaden its service offerings to the clean energy and marine construction markets as part of its diversification away from the traditional oil and gas markets.

The Group's operations are primarily located in Singapore, with two shipyards strategically located at 9 Pandan Crescent and 48 Penjuru Road. The shipyards, with a combined waterfront of 205 metres, enable Kim Heng to carry out a multitude of services, including offshore rig repair, maintenance and refurbishment, fabrication, vessel newbuilding and afloat repairs as well as support new businesses in the renewable and marine construction markets.

As a one stop solutions provider in offshore logistics, the Group has a fleet of quality anchor handling tugs, barges and cranes for both sale and rent. The Group also provides other services such as maintenance, trading and sale of heavy equipment.

Kim Heng has built its brand over the years and has established relationships with world renowned customers from over 25 countries in the regions of Asia, USA, Latin America, Australasia, Middle East and Europe.

EMBRACING THE NEW ENERGY CHANGE COMPANY OVERVIEW

OFFSHORE WIND FARM SUPPORT SERVICES

 Fabrication & installation of different offshore turbine foundations, monopiles, tripods, jackets, suction buckets & gravity base structures

OWNER & OPERATOR OF OFFSHORE

Marine salvage and oil spill response

Marine transportation and towage services

- Operation & maintenance services
- Marine transportation of windfarm components

SUPPORT VESSELS

HORIZONTAL DIRECTIONAL DRILLING ("HDD")

Experienced turnkey contractor capable to undertake in submarine cable laying and pulling

OFFSHORE SUPPORT SERVICES

- Construction and fabrication works of components for drilling rigs and vessels
- Installation of offshore production modules and systems
- Supply of offshore drilling and production equipment
- Logistics, general shipping, warehousing & inventory management

•

SHIPBUILDING & SHIP REPAIR

- Newbuilding of vessels (Tugs, Pipe-Lay Barges, Power Barges, Accommodation Work Barges etc.)
- Purchase and refurbishment of vessels for onselling
- Afloat repairs, maintenance and refurbishment of offshore rigs, platforms & vessels

HEAVY EQUIPMENT RENTAL & SALES

- Leasing, sale, maintenance, import and export of heavy equipment
- Wide range of equipment and machineries including crawler, lorry and mobile cranes

EMBRACING THE NEW ENERGY CHANGE COMPANY MILESTONES

HDD Worksite in Taiwan

2020

- Kim Heng's ownership of AHT & AHTS vessels expansion to a fleet size of 11
- Incorporation of a wholly-owned subsidiary in Singapore named Zale Offshore Response Pte Ltd
- Joint venture between Kim Heng Marine & Oilfield Pte Ltd and 蓮豪有限公司, a Taiwan-incorporated company Incorporated a 49%-owned subsidiary in Taiwan named Bridgewater Marine (Taiwan) Limited
- Setting up a branch in Taiwan named Thaitan International Pte Ltd (Taiwan Branch) formerly known as Mazu Land and Marine Works Pte Ltd (Taiwan Branch)
- Award of Horizontal Directional Drilling work for submarine cable installation contract from Hung Hua Construction Co. Ltd. Embarked on the Offshore Wind Farm Project in Taiwan

2019

- Incorporation of wholly-owned subsidiary in East Malaysia named Kim Heng Marine Labuan Limited
- Incorporation of a joint venture company, Bridgewater Offshore Pte. Ltd. between Kim Heng Offshore & Marine Pte. Ltd., Phillip Enterprise Fund Limited and Phillip Ventures Enterprise Fund 5 Ltd

2018

- Joint venture between KH Mazu Offshore & Marine Sdn. Bhd. and Ruhm Marine Sdn. Bhd. Incorporation of subsidiary in Malaysia called Ruhm Mazu Sdn. Bhd.
- Incorporation of wholly-owned subsidiary in Singapore named Mazu Land & Marine Works Pte. Ltd.
- Embarked on the first Marine and Horizontal Directional Drilling works contract
- Owner and Operator of a fleet of Offshore Support Vessels

2017

• Kim Heng's first ownership of AHTS vessels

2016

• Completion of Kim Heng's headquarters of a 4-storey office cum warehouse building at 48 Penjuru Road Singapore

2015

- Incorporation of Kim Heng Heavy Equipment Pte Ltd to expand into sale, rental, leasing, repair and maintenance of industrial machinery and equipment
- Incorporation of KH Mazu Offshore & Marine Sdn. Bhd. in Malaysia to undertake repair and docking of vessels, supply chain and crew management and heavy-lift equipment rental

2014

- Listed on the Catalist Board of the Singapore Exchange Securities Trading Limited
- Planned expansion of yard facilities, vessel fleet and business & service offerings

2013

• Completed first re-activation and refurbishment of a jack-up rig, Randoplh Yost at Pandan Crescent Yard

2011

• Constructed and delivered the first power barge KPS Alican Bey

2010

• Constructed and delivered the second accommodation and pipelay barge McDermott LB32

2009

• Constructed and delivered the first accommodation and pipe lay barge Aussie 1

2008

• Completed first retrofitting of a pipelay barge, Jascon 25

2006

- Addition of Kim Heng Shipbuilding & Engineering Pte Ltd to undertake shipbuilding projects
- Increased rig fabrication activities by fabricating blocks for the construction of semi-submersible rigs, jack-up rigs and drilling rigs

2001

- Acquired "Darwin Offshore Logistics Base Pty Ltd ("DOLB") in Darwin, Australia to provide marine transportation and offshore management and support services for oil and gas exploration, development and production activities in the Australian market.
- Sold DOLB in 2015

1997

 Incorporation of Kim Heng Tubulars Pte Ltd to expand into the rental and trading of oil field equipment and specialty steel tubular products to offshore O&G customers

1996

• Embarked on rig fabrication activities with a project awarded by Transocean for fabrication and modification works to be carried out on a semi-submersible rig

1992

 Changed name to Kim Heng Marine & Oilfield Pte Ltd to better reflect the offshore O&G and marine industries that it serves

1988

• Ventured into repair and maintenance activities for offshore oil rigs at anchorage, including fabrication, installation and painting of steel structures and the provision of specialised oil field equipment

1987

 Engaged in supply base management, carried out loading and unloading activities for offshore vessels, rig agency work and storage and maintenance of equipment related to oil and gas activities

1986

• Kim Heng Maritime Pte Ltd was set up to provide offshore maritime transportation services

1982

• Expanded into repair and maintenance in the marine offshore industry

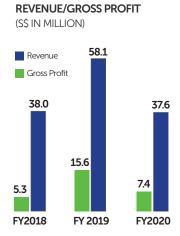

1978

• Our Group corporatized itself through the incorporation of Kim Heng Marine Pte Ltd

1968

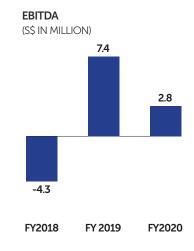

• Kim Heng Tugboat Company is founded by Mr Tan Eng Hai

Excluding one-off non-cash impairment of \$\$2.1 million for the reclassification of property at 48 Penjuru Road due to change in measurement basis of assets held-for-sale and other equipment.

Defined as the sum of indebtedness to financial institutions divided by total equity.

*** Net asset value per ordinary share is calculated based on 707,907,300, 708,682,300 and 708,832,300 shares in issue as at 31 December 2020, 31 December 2019 and 31 December 2018 respectively.

**** Loss per share is calculated by dividing the net loss attributable to equity holders of the Group by the weighted average number of shares outstanding of 708,216,300, 708,730,793 and 708,948,000 for FY2020, FY2019 and FY2018 respectively.

EMBRACING THE NEW ENERGY CHANGE CHAIRMAN'S MESSAGE

Thomas Tan Keng Siong Executive Chairman & Chief Executive Officer

Dear Shareholders,

On behalf of the Board of Directors ("**Board**") of Kim Heng Offshore & Marine Holding Limited ("**Kim Heng**") and together with its subsidiaries (the "**Group**"), I present to you our annual report for the financial year ended 31st December 2020 ("**FY2020**").

FY2020 Performance

In 2020, the whole world faced an unprecedented challenge resulting from the COVID-19 pandemic. Due to lockdowns in countries worldwide and the closing of borders, a new normal was set where an embattled world economy made it difficult for many companies to survive. Coupled with this was the crash of oil prices to negative levels in the first quarter of the year. We were fortunate to survive this tumultuous year! FY2020 was a year of transition for the Group as Kim Heng shifted away from its legacy businesses and expanded its presence in the renewable energy space. We continue to ride the wind of change as we emboldened our steps to be less reliant on the traditional oil and gas sectors.

This has led us to change our revenue reporting segments to better reflect the changes in our underlying business. Compared to the Group's initial IPO revenue segments of "Offshore Rig Services & Supply Chain Management" and "Vessel Sales & Newbuild", Kim Heng has shifted its FY2020 revenue segments to:

- 1. Renewable Energy Support Services
- 2. Vessel Chartering
- 3. Heavy Equipment Sales and Rental
- 4. Marine Offshore Support Services

In FY2020, revenue fell by 35% year-on-year ("**YoY**") to \$\$37.6 million from \$\$58.1 million in FY2019. The reduction of \$\$20.5 million in revenue was driven by reduced demand across the board due to project delays caused by COVID-19 pandemic.

Consequently, gross profit decreased by 52% YoY to \$\$7.4 million from \$15.6 million in FY2019. This represents a reduction in gross profit margin to 20% in FY2020 from 27% in FY2019. The reduction in gross margin was driven by a decrease in contribution from higher-margin revenue segments. Based on this, the Group reported Earnings Before Interest, Taxes, Depreciation, and Amortization ("**EBITDA**") of \$\$2.8 million* for FY2020 from \$\$7.4 million in FY2019 and a Total Comprehensive Loss of \$\$7.8 million in FY2020 from the loss of \$\$7.1 million in FY2019.

We note that one bright spot in our results is the increase in revenue from projects in the renewable energy space as we plant our foot firmly in this market in Taiwan completing six crossings for horizontal directional drilling in the subsea cable landfall for the Yunlin project. In FY2020, Kim Heng generated new revenue amounting to approximately S\$11.9 million from this new business activity providing strong validation for Kim Heng's expansion of its presence in the clean energy space.

Industry Outlook & Future Growth Strategy

With this achievement in FY2020, management has strengthened its commitment to evolving Kim Heng into a sustainable and clean energy solutions provider. Building on foundations it laid in 2019, the Group established several new entities to capitalize on the offshore wind farms and marine construction opportunities in Asia. In total, Kim Heng grew its total subsidiary entities from 21 units in FY2019 to 33 units as at the date of this report.

Moving forward, we intend to focus on this growing global trend in providing opportunities for our offshore renewables segment in the long term. This is based on our expectations of increased contract wins for renewable projects and continued international expansion across new markets.

Transformation and integrated roadmap

The global offshore wind operations and maintenance (**O&M**) market according to various reputable market research reports is gaining strong traction and is expected to grow annually in the next 10 years. Kim Heng is proactively pursuing to diversify from the oil & gas so to better position for the energy transition. As part of Kim Heng's plans to evolve into renewable energy, while leveraging on our knowledge transfer from offshore oil & gas operations as well as HDD expertise, we are confident that we are able to capitalize on these strengths to pivot towards renewable energy in offshore wind projects.

 (Excluding one off non-cash impairment loss of S\$2.1 million for reclassification of property at 48 Penjuru Road due to change in measurement basis of assets held-for-sale and other equipment.)

EMBRACING THE NEW ENERGY CHANGE CHAIRMAN'S MESSAGE

Installation of Wind Turbine

Our integrated roadmap for supporting the offshore wind farm development covers the following areas:

- 1. Survey and Dredging
- 2. Foundation Installation
- 3. Turbine Installation
- 4. Transportation
- 5. Cable Laying Services
- 6. Operation & Maintenance Services

Kim Heng's transition to the renewables sector is a natural evolution and response to the changing economic landscape given that the Group is leveraging the same skill sets, marine assets and capabilities it has developed over the years and is simply re-applying them to the renewable energy and marine construction sectors.

In FY2020, Kim Heng launched four key initiatives to accelerate the Group's transition away from oil & gas and towards renewable energy and supplementary businesses:

1. Thaitan International – 50% Joint Venture Between Kim Heng and Thaitan

In October 2020, Kim Heng established Thaitan International Pte Ltd as a 50% joint venture ("**JV**") with Thaitan Drilling Company Limited. The JV aims to service offshore wind projects in the region with Kim Heng providing offshore vessels, tugboats, and barges for transportation. The JV also takes on the installation of the marine construction projects, and Thaitan managing the Horizon Directional Drilling ("**HDD**") support aspects.

Over the course of the year, the JV serviced several offshore wind farms in Yunlin, Taiwan with management actively seeking to expand its role in offshore cable laying while also searching for new projects in Taiwan.

2. Bridgewater Offshore – Expanding Vessel Chartering Capabilities with Phillip Capital

In partnership with Phillip Enterprise Fund Limited and Phillip Ventures Enterprise Fund 5 Ltd, Kim Heng established Bridgewater Offshore to expand its vessel chartering capabilities. In total, Bridgewater Offshore has acquired 6 AHTS ("**Anchor Handling Tug Supply**") and AHT ("**Anchor Handling Tug**") vessels, which has enabled the Company to offer vessel chartering, support our offshore renewable business and marine construction projects at competitive rates. Since late 2017, the Group had acquired its first offshore support vessel during the period when distressed vessels were auctioned off during the Oil & Gas downturn. The group's AHTS & AHT fleet has expanded from 5 to 11 as at FY2020 to provide economies of scale.

This is a testament to Kim Heng's patience and financial prudence over the last five years which has allowed the Group to acquire AHTS and AHT vessels at strategic prices when most of its peers were offloading assets at firesale rates.

BW131 Supporting with FSO Shuttle Offtake and Cargo Operations

Vessel Disinfection and Sanitization works onboard BW130

3. Vessel Disinfection for COVID 19

In response to COVID-19, Kim Heng is going to launch a new service aimed at cleaning, disinfecting, and sanitizing marine vessels. The new services being offered are in-line with the enhanced precautionary measures being recommended by the Maritime & Port Authority of Singapore ("MPA") and comply with the stringent standards set by the National Environmental Agency ("NEA").

4. Zale Offshore – 24/7 Marine Salvage & Emergency Response

Zale Offshore is Kim Heng's newly incorporated subsidiary aimed at providing 24/7 marine salvage and emergency response services. On short notice, marine units from our existing fleet can be immediately deployed to assist in mitigating oil spills and salvage accidents in the Asia Pacific region. The need for the business was validated in December 2020 when Zale Offshore completed salvage of a grounded pleasure craft in the southern island of Singapore, East of Lazarus Island opposite Kusu Jetty.

Salvage operations for yacht grounded off Lazarus Island

In summary, the four above initiatives launched by Kim Heng favorably position the Group to ride on the accelerating shift towards the renewable energy sector and other tactical areas of growth into FY2021 and beyond. Thanks to management's patience and financial prudence, Kim Heng has successfully weathered the challenges of the oil & gas industry and is now poised to capture market share in multiple new high-growth markets.

Words of Appreciation

On behalf of the Board, I would like to express my sincere thanks to our hardworking team of management and staff, and all our shareholders for their continued support. During FY2020, we responded quickly to the COVID-19 pandemic, taking extra care of our foreign workers, crew, and staff to ensure their wellbeing while also implementing business continuity plans to minimize business interruptions. We are also thankful for the wage subsides received under the Jobs Support Scheme to help us tide over this difficult COVID-19 pandemic.

Moving forward, we are cautiously optimistic about the future as Kim Heng evolves and taps new growth opportunities around the renewable energy space. In line with our business transformation, Kim Heng plans to rebrand itself in 2021 to better reflect its new focus and the changes in its underlying business segments.

As always, we remain committed to driving long-term sustainable growth and shareholder value.

THOMAS TAN KENG SIONG

Executive Chairman & Chief Executive Officer

Ong Sie Hou Raymond • Independent Director

Ong Sie Hou Raymond is an Independent Director of Kim Heng and was appointed to the Board on 26 December 2013. He is currently a director of CTLC Law Corporation, a firm of advocates and solicitors in Singapore. He was previously a partner of Rajah & Tann of which he has been with from May 2002 to March 2010. From 1998 to 2001, he was an associate lawyer at Collin Ng & Partners. Prior to that, he was practising at Joseph Tan Jude Benny & Scott between 1997 and 1998 and Chong Yeo & Partners between 1996 and 1997. His main area of practice is in litigation and international arbitration in commercial, banking, transportation and shipping matters.

The Group had procured the undertaking set out in Appendix 7H under Rule 720(1) for the Catalist Rules for Ong Sie Hou Raymond.

Mr. Ong Sie Hou Raymond, who is seeking re-election of the Annual General Meeting had responded negative to items (a) to (k) listed in the Appendix 7F of the Catalist Rules.

EMBRACING THE NEW ENERGY CHANGE

Tan Wen Hao Justin Anderson Chief Operating Officer – Offshore & Marine

Mr Justin Tan joined the company in August 2014, spearheading the corporate and business development segments of the Company and was involved in the day to day operations of the Group under the tutelage of the senior management. He was appointed as a General Manager of the Company in October 2015 and was promoted to Chief Operating Officer- Offshore & Marine on 1 April 2020. Currently, he is overseeing the shipyard operations, its heavy equipment business, the marine & offshore vessel charter & operations and horizontal directional drilling.

Mr Justin Tan holds a Bachelor of Arts (Honours) degree in Business Economics from the University of Exeter.

Nick Lim Chief Financial Officer

Mr Nick Lim joined the group in March 2014 and was promoted to the Group's Chief Financial Officer on 22 December 2020 where he is responsible for overseeing the financial and management accounting, compliance and taxation matters. He brings with him more than 17 years of experience in accountancy, auditing and finance. He had held various audit and financial management positions at various multinational companies and SMEs.

Mr Lim obtained his Bachelor of Commerce from the University of Sydney in 2003. He is a member of the Institute of Singapore Chartered Accountants and CPA Australia.

Yeo Seh Hong Lilian Chief Operating Officer – Oilfield Services

Ms Yeo Seh Hong has been re-designated as Chief Operating Officer-Oilfield Services of the Group on 1 April 2020. She was previously with AMF Tuboscope Inc. from 1978 to 1985 where she prepared technical inspection reports and handled commercial enquiries. From 1985 to 1988, she was an operations foreman with T.D Inspection Pte Ltd overseeing the Southeast Asia inspection division for offshore & onshore rigs. She first began her career with the Group in 1988 and has, over the years, held various positions as materials manager, business development manager and general manager. She is currently managing the Group's oilfield & drilling customers, handling their commercial enquiries for oilfield products and services such as agency, mooring, drilling tubulars and drilling equipment.

Ms Yeo Seh Hong completed her formal education at Sekolah Menegah Perempuan Jalan Ipoh Kuala Lumpur in 1974 and obtained her Secretarius Certificate from ATT Singapore in 1976.

Tan Keng Hoe Melvin Chief Technical Officer

Mr Tan Keng Hoe Melvin has been re-designated as Chief Technical Officer with effect from 1 April 2020 and is responsible for overseeing the engineering division of the group. He supports Mr Justin Tan and Ms Yeo Seh Hong Lilian in the technical demands of all projects & operations to ensure that the Group's competency. His first stint with the Group was managing its Marine Division. Mr Tan Keng Hoe Melvin then moved on to assume various logistical roles in leading drilling contractor companies in the Oil & Gas industry before rejoining the Group in May 2010.

Mr Tan Keng Hoe Melvin holds a diploma in Business Management from the University of Bradford.

EMBRACING THE NEW ENERGY CHANGE OPERATIONS & FINANCIAL REVIEW

BW131 Positioning and Anchor Handling for Accommodation Work Barge

Tugs & Barges Cargo and Provision Delivery for Cruise Ship and Passenger Vessels

Installation of wind turbine & blade onshore

Revenue, Gross Profit and Gross Profit Margin

In FY2020, the Group's financial performance declined as it shifts its focus from legacy businesses to clean energy verticals. Revenue fell by 35% year-on-year to \$\$37.6 million from \$\$58.1 million in FY2019 as demand for offshore rig services and supply chain management decreased and projects were delayed due to restrictions imposed by the COVID-19 pandemic.

Cost of sales decreased by \$\$12.3 million or 29% to \$\$30.2 million in FY2020 from \$\$42.5 million in FY2019. This was due to the decrease in revenue for the Group. Consequently, gross profit decreased by \$\$8.2 million or 52% to \$\$7.4 million in FY2020 from \$\$15.6 million in FY2019.

Gross profit margin also decreased to 20% in FY2020 from 27% in FY2019. The decrease was mainly due to a drop in contribution from the Group's higher-margin businesses, vessel chartering activities and increased costs incurred arising from higher number of crew deployed and fuel expenses for new vessels purchased.

Earnings Before Interest, Taxes, Depreciation, and Amortization ("EBITDA")

The Group reported an EBITDA (excluding one off non-cash impairment loss of S\$2.1 million for reclassification of property at 48 Penjuru Road due to change in measurement basis of assets held-for-sale and other equipment) of S\$2.8 million in FY2020 as compared to S\$7.4 million in FY2019. This was primarily driven by the lower revenue and margin reported. For FY2020, the Group reported a net loss of S\$7.2 million, a 3.3% increase as compared to a net loss of S\$6.9 million in FY2019.

EMBRACING THE NEW ENERGY CHANGE OPERATIONS & FINANCIAL REVIEW

Group's Assets and Liabilities

As of 31 December 2020, the Group's total assets were S\$122.4 million, representing an increase of 5.7% YoY from S\$115.8 million in FY2019. This was primarily due to an increase in noncurrent assets arising from the purchase of new vessels and plant & equipment in FY2020.

The Group's total liabilities also increased by 16.8% YoY to \$\$63.0 million from \$\$54.0 million in FY2019 mainly due to an increase in new loans drawn down for the purchase of vessels and equipment.

Cash flow, Cash Position, and Outlook

As of 31 December 2020, the Group's cash and cash equivalents stood at \$\$6.2 million.

The Group recorded a positive operating cash flow of \$\$3.6 million for FY2020 compared to \$\$4.9 million for FY2019 due to lower revenue and profitability. Cash flow from investing activities was negative \$\$5.1 million from positive \$\$4.5 million in FY2019 due to an increase in the purchase of property, plant, and equipment. Meanwhile, cash flow from financing activities was positive \$\$3.3 million from negative \$\$8.3 million in FY2019

Scrubber Lift-off

due to an increase in proceeds from term loans and the issuance of shares in a subsidiary company to non-controlling interests.

Moving forward, the Group plans to accelerate its transition to becoming a sustainable business by targeting high potential high growth renewable energy projects in the regions that we operate in. Apart from our home market in Singapore, we will also continue with our overseas efforts to explore new related markets segments. Owing to management's financial prudence through the years, the Group is now better positioned to capitalize on strategic investment opportunities in the industry, while remaining prudent in managing its expenses and cashflows.

Entangled Anchor Chain Retrieval at Singapore Anchorage

The Board of Directors ("**Board**" or "**Directors**") of Kim Heng Offshore & Marine Holdings Limited ("**Company**") and its subsidiaries ("**Group**") are committed to observing and maintaining high standards of corporate governance to safeguard the interests of all its stakeholders and to promote investors' confidence.

This corporate governance report ("**Report**") describes the corporate governance framework and practices of the Company that were in place throughout the financial year ended 31 December 2020 ("**FY2020**") with specific reference to the Principles and Provisions of the Code of Corporate Governance 2018 ("**Code**") and accompanying Practice Guidance.

The Code aims to promote high levels of corporate governance by putting forth Principles of good corporate governance and Provisions with which companies are expected to comply. The Practice Guidance complements the Code by providing guidance on the application of the Principles and Provisions and setting out best practices for companies.

Pursuant to Rule 710 of the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited (the "SGX-ST") ("Catalist Rules"), the Board confirms that the Company and Group have for FY2020, complied with and observed the Principles as set out in the Code. The Board also confirms that where there are deviations from the Provisions of the Code, explanations, including the provision from which it has varied, reasons for deviation and how the Group's practices adopted are consistent with the intent, aim and philosophy of the Principle in question, have been provided in the relevant sections below:-

Sustainability reporting

The Board recognises that one of the keys to building a sustainable business involves finding a balance between addressing its business needs and the needs of the society and the environment in which the Group operates. The Board strongly believes that to grow sustainably as a forward-looking corporate entity, the Group has to regularly reach out and work together with all its stakeholders, from its employees to the community, and be responsible stewards of its natural environment. The Company endeavours to comply with Rule 711A of the Catalist Rules to issue its sustainability report by end of May 2021.

BOARD MATTERS

The Board's Conduct of affairs

Principle 1: The Company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the Company

Provision 1.1: Directors are fiduciaries who act objectively in the best interests of the Company and hold Management accountable for performance. The Board puts in place a code of conduct and ethics, sets appropriate tone-from-the-top and desired organisational culture, and ensures proper accountability within the Company. Directors facing conflicts of interest recuse themselves from discussions and decisions involving the issues of conflict.

The Board is primarily responsible for providing effective leadership and setting strategic directions of the Group to enhance long-term value to its shareholders and other stakeholders. The management ("**Management**") also plays a pivotal role in providing Board members with complete, adequate and timely information to assist the Board in the fulfillment of its responsibilities for the long-term success of the Group.

The Board exercises due diligence and independent judgment in dealing with the business affairs of the Group and are fiduciaries who are obliged to act in good faith and to take objective decisions in the best interests of the Group. Any Director who faces a conflict of interest, discloses and recuses himself from meetings and decisions involving the issue.

The Board oversees the business affairs of the Group and works with the Management to make objective decisions in the best interests of the Group. The Board is also aware of the requirements of Rule 905 and 906 of the Catalist Rules in relation to Interested Person Transactions ("**IPT**"). The Company will ensure that any IPT is clearly communicated to shareholders in public announcements released via SGXNET, when deemed necessary.

The Board recognises that principal duties of each Director include:

- providing entrepreneurial leadership, and setting strategic objectives, which should include appropriate focus on value creation, innovation and sustainability;
- ensuring that adequate resources are available to meet strategic objectives;
- establishing and maintaining a sound risk management framework to effectively monitor and manage risks, and achieving an appropriate balance between risks and Company performance;
- constructively challenging Management, and reviewing and monitoring their performance towards achieving organisational goals;
- overseeing succession planning for Management;
- reviewing and approving, inter alia, the releases of the quarterly and full year results announcements, the annual report and financial statements, material acquisitions and disposals of assets, interested person transactions, corporate strategies, annual budgets and investment proposals of the Group;
- reviewing and evaluating the adequacy and integrity of the Group's internal controls, compliance, risk management and financial report systems;
- instilling an ethical corporate culture for the Group and ensuring that the corporate values, standards, policies and practices are consistent with the culture;
- ensuring accurate and timely reporting in communication with shareholders;
- considering sustainability issues including environmental and social factors in the Group's strategic formulation; and
- ensuring transparency and accountability to key stakeholder groups.

Provision 1.2: Directors understand the Company's business as well as their directorship duties (including their roles as executive, non-executive and independent directors). Directors are provided with opportunities to develop and maintain their skills and knowledge at the Company's expense. The induction, training and development provided to new and existing directors are disclosed in the Company's annual report.

The Board ensures that incoming new Directors are given comprehensive and tailored induction training on joining the Board including onsite visits, if necessary, to familiarize them with the business of the Group and the corporate governance practices of the Group upon their appointment to facilitate the effectiveness in discharging their duties. Newly appointed Directors will be provided with a formal letter setting out their duties and obligations. They will be given briefings by the Management on the business activities of the Group and its strategic directions as well as its corporate governance practices. The Company is responsible for arranging and funding the trainings of Directors.

Newly appointed directors with no prior experience as a director of a listed Company in Singapore will undergo training in the roles and responsibilities of a listed Company director as prescribed by the SGX-ST in accordance to Rule 406(3). During FY2020, there were no newly appointed directors.

Provision 1.3: The Board decides on matters that require its approval and clearly communicates this to Management in writing. Matters requiring board approval are disclosed in the Company's annual report.

The Group has adopted internal guidelines setting forth matters that require the Board's approval. Matters specifically reserved for the approval by the Board are as follows:

- 1. the strategy, business plan and annual budget of the Group;
- 2. material acquisitions and disposal of assets;
- 3. capital related matters including corporate or financial restructuring, investment or expenditure exceeding certain threshold limits;
- 4. share issuances;
- 5. interim dividend and other returns to shareholders; and
- 6. interested person transactions.

Clear directions have been disseminated to the Management that reserved matters must be approved by the Board. These matters which require board approval are set out above.

Provision 1.4: Board committees, including Executive Committees (if any), are formed with clear written terms of reference setting out their compositions, authorities and duties, including reporting back to the Board. The names of the committee members, the terms of reference, any delegation of the Board's authority to make decisions, and a summary of each committee's activities, are disclosed in the Company's annual report.

The Board has delegated specific responsibilities to the committees of the Board, namely, the Nominating Committee ("**NC**"), the Remuneration Committee ("**RC**") and the Audit & Risk Committee ("**ARC**") (collectively, the "**Board Committees**"). These Board Committees, formed with clear written terms of reference which clearly set out its objectives, scope of duties and responsibilities, rules and regulations, and procedures governing the manner in which it operates and how decisions are to be taken, will assist the Board in carrying out and discharging its duties and responsibilities efficiently and effectively. These Board Committees are made up of Non-Executive Director and Independent Directors and chaired by an Independent Director respectively.

More details on each of the Board Committees, including the names of the committee members, the terms of reference, any delegation of the Board's authority to make decisions and a summary of their activities, are set out in the further sections of this Report.

Provision 1.5: Directors attend and actively participate in Board and board committee meetings. The number of such meetings and each individual director's attendances at such meetings are disclosed in the Company's annual report. Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of each Company.

The Board meets regularly with at least two (2) scheduled meetings on a half-yearly basis and as warranted held within each financial year to approve, amongst others, announcements of the Group's half-yearly and full year financial results. Ad-hoc meetings are also convened to discuss and deliberate on urgent substantive matters or issues. Attendance via telephone conference and conference via audio-visual communication at Board meetings are allowed pursuant to the Company's Constitution.

The Board may also have informal discussions on matters requiring urgent attention which would then be formally approved by circular resolutions in writing. The Company's Constitution provides for the Board to convene meetings via telephone conferencing and electronic means in the event where the Directors are unable to attend meetings in person.

The number of Board and Board Committee meetings held in FY2020 and the attendance of each Board member at these meetings are set out below:

		Board Committees			
	Board	Audit & Risk Committee	Remuneration Committee	Nominating Committee	
No. of Meeting(s) Held	4	4	2	2	
	No. of Meetings Attended				
Tan Keng Siong Thomas	4 4* 1* 1*				
Tan Chow Boon	4	4	2	2	
Ho Boon Chuan Wilson	4 4 2 2				
Ong Sie Hou Raymond	4	4	2	2	

* By invitation

The Board values the importance of Directors' attendance at Board meetings, but agrees that it should not be the only criterion to measure their contributions. Our Directors have made a conscious effort to make themselves available and accessible to the Management for discussion and consultation outside the framework of formal meetings. The Board also takes into consideration other criteria in assessing Board members' contributions including periodical reviews, the nature and extent of their guidance and expertise rendered to the committees on which they sit and the scope of advice given on various matters relating to the Group. Directors with multiple board representations also ensure that sufficient time and attention are given to the affairs of each Company.

Provision 1.6: Management provides directors with complete, adequate and timely information prior to meetings and on an on-going basis to enable them to make informed decisions and discharge their duties and responsibilities.

The Directors are provided with relevant Board papers adequately and timely prior to meetings so that they can develop a better understanding on the matters to be put before the Board meeting. This ensures that discussions during the Board meetings are constructive. The Board papers which Management provides typically include financial updates with explanations of material variances and other materials with useful information. This allows the Directors to ask well-focused questions which are directly relevant to the agenda of the meetings as well as make informed decisions to fulfill their duties and responsibilities.

Any additional materials or information requested by the Directors are promptly furnished. If necessary, management staff who are able to explain and provide insights to the matters to be discussed are invited to make the appropriate presentation and answer any queries that the Directors may have.

In addition, on an ongoing basis, Management will update the Board on matters of the Company when necessary. The Board also receives updates and information on regulatory changes, industry developments, and business initiatives as well as changes to the accounting standards. All Directors are encouraged to constantly keep abreast of developments in regulatory, legal and accounting frameworks that are of relevance to the Group.

Provision 1.7: Directors have separate and independent access to Management, the Company secretary, and external advisers (where necessary) at the Company's expense. The appointment and removal of the Company secretary is a decision of the Board as a whole.

The Directors have separate and independent access to the Company's Management, the Company Secretary, and external advisers (where necessary) at the Company's expense. The Management, together with the Company Secretary, are responsible for ensuring the Group's compliance to Board procedures and other applicable rules and regulations. The Management is responsible for day-to-day operations and administration of the Group and they are accountable to the Board. The Company Secretary assists the Chairman in making sure that board procedures

are followed and regularly reviewed so that the functioning of the Board is effective, and that the Company's Constitution and the relevant rules and regulations, not limited to the requirements of the Companies Act and the Catalist Rules, are complied with. As part of implementing and reinforcing good governance practices, the Company Secretary or their representatives administers, attends and prepares minutes of all Board meetings. The Board, as a whole, holds the decision on the appointment and the removal of the Company Secretary.

Board Composition and Guidance

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.

Provision 2.1: An "independent director" is one who is independent in conduct, character and judgement, and has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the Company.

Provision 2.2: Independent directors make up a majority of the Board where the Chairman is not independent.

Provision 2.3: Non-executive directors make up a majority of the Board.

The composition of the Board comprises of four (4) Directors, three (3) of whom are Non-Executive Directors, of which two (2) are Independent Directors. As Mr Tan Keng Siong Thomas is the Executive Chairman and Chief Executive Officer of the Group, the independent directors only make up half of the Board and does not satisfy Provision 2.2 of the Code that independent directors should make up a majority of the board where the Chairman is not independent, for FY2020.

However, taking into consideration the following factors, the Board is of the view that the current composition of the Board is consistent with the aim of Principle 2 of the Code:

- (i) Three (3) out of four (4) directors are non-executive, and hence, majority of the Board is made up of Non-Executive Directors, which satisfies the requirements of Provision 2.3 of the Code. The current Board composition is also in compliance with Rule 406(3)(c) of the Catalist Rules, which require the independent directors to make up at least one-third of the Board.
- (ii) As Independent Directors make up half of the Board, there is a strong independent element on the Board and no individual or groups of individuals dominate the Board's decision-making process.
- (iii) The Independent Directors provide the Board with independent and objective judgment on the corporate affairs of the Group and together with the Non-Executive Director, they have the necessary experience and expertise to assist the Board in decision-making and to provide a check and balance to the Board as they are not involved in the day-to-day operations of the Company and the Group.
- (iv) The Board has a Lead Independent Director who plays an additional facilitative role within the Board, and where necessary, he also facilitates communication between the Board and shareholders or other stakeholders of the Company.

Nonetheless, the Board, together with the NC, will closely monitor the practices and effectiveness of the Board and ensure that, at all times, the Board will be in compliance with the aim of Principle 2 of the Code.

Name of Director	Board Membership	Audit & Risk Committee	Nominating Committee	Remuneration Committee
Tan Keng Siong Thomas	Executive Chairman & Chief Executive Officer (" CEO ")	_	-	_
Ho Boon Chuan Wilson	Lead Independent Director	Chairman	Member	Member
Ong Sie Hou Raymond	Independent Director	Member	Chairman	Chairman
Tan Chow Boon	Non-Executive Director	Member	Member	Member

The current members of the Board and their membership on the Board Committees are as follows: -

A brief description of the background of each Director is presented at the "Board of Directors" section of the Annual Report.

The NC reviews the independence of the Directors as mentioned under Provision 2.1 of the Code on an annual basis, and as and when circumstances require. Each of the Independent Directors has confirmed that he does not have any relationship with the Company or its related corporations, its shareholders who have an interest of at least 5% of the Company's total voting shares (excluding treasury shares), or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of independent judgment in carrying out the functions as an Independent Director with a view to the best interests of the Group. The Board and the NC have reviewed, determined and confirmed the independence of the Independent Directors.

Rules 406(3)(d)(i) and 406(3)(d)(ii) of the Catalist Rules also stipulate that a director will not be independent if he is employed by the issuer or any of its related corporations for the current or any of the past three financial years; or if he has an immediate family member who is employed or has been employed by the issuer or any of its related corporations for the past three financial years, and whose remuneration is determined by the remuneration committee of the issuer. In this regard, each of the Independent Directors has confirmed that they and their respective associates do not have any employment relationships with the Company for FY2020.

None of the Independent Directors have served on the Board beyond nine (9) years from their respective date of appointment. Taking into the account the need for Board's renewal, the Board may consider developing its Board's succession plans at the appropriate time, taking into consideration the appropriate balance and mix of skills, knowledge, experience, gender and age.

Provision 2.4 The Board and board committees are of an appropriate size, and comprise directors who as a group provide the appropriate balance and mix of skills, knowledge, experience, and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate. The board diversity policy and progress made towards implementing the board diversity policy, including objectives, are disclosed in the Company's annual report.

The Board and the NC has reviewed and is satisfied that the current composition and board size of four (4) Directors is appropriate for effective decision-making, having taken into consideration the nature and scope of the Group's operations, the requirements of the business and the need to avoid undue disruptions from changes to the composition of the Board and the Board Committees. The Board is of the view that the Directors as a group provide a wide spectrum of industry skills, experience in accounting, finance, business strategies, and management experience to lead and govern the Group effectively.

The Company currently does not have a formal Board Diversity Policy. However, the Company recognises the benefits of having an effective and diverse Board, and views diversity at the Board level as an essential element in supporting the attainment of its strategic objectives and sustainable development.

The NC conducts an annual review on the Board's composition to ensure that the Board has the appropriate mix of expertise and experience. Having reviewed and considered the composition of the Board and its committees, the NC is of the view that the current Board comprises individuals whose diverse skills, experience and attributes provide for an effective functioning of the Board. The Board members also collectively possess the necessary core competencies necessary to lead and manage the Company. The profile of each of the Directors is set out on pages 10 to 13 of this annual report.

Whilst all the Directors share an equal responsibility for the Company's operations, the role of the Independent and Non-Executive Directors is crucial in helping to develop proposals on Company strategies and to ensure that the strategies proposed by the Management are constructively challenged, fully discussed and rigorously examined. The Independent Non-Executive Directors are also responsible for reviewing the performance of the Management in meeting agreed goals and objectives and monitoring the reporting of performance. The Independent and Non-Executive Directors, led by the Lead Independent Director, communicate without the presence of the Management as and when the need arises. The chairman of such meetings will then, where necessary, provide the feedback to the Board. The Company also benefits from the Management's ready access to its Directors for guidance and exchange of views both within and outside the formal environment of the Board and Board Committees meetings.

Chairman and Chief Executive Officer

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Provision 3.1: The Chairman and the CEO are separate persons to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making.

Provision 3.2: The Board establishes and sets out in writing the division of responsibilities between the Chairman and the CEO.

The Code advocates that there should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the Group's business and no one individual should represent a considerable concentration of power.

Mr Tan Keng Siong Thomas is the Chairman of the Board and CEO of the Group. As Chairman of the Board, his duties and responsibilities include:

- overseeing the smooth functioning of the Board and ensuring that Directors receive complete, adequate and timely information;
- setting the agenda and ensuring that adequate time is available for discussion of all agenda items, in particular strategic issues;
- promoting a culture of openness and debate at the Board;
- ensuring effective communication by the Board and the Management with shareholders;
- encouraging constructive relations within the Board and between the Board and Management;
- facilitating the effective contribution of non-executive directors, in particular; and
- promoting high standards of corporate governance.

In addition, as CEO of the Group, he assumes responsibility for running the day-to-day business of the Group; ensures implementation of policies and strategy across the Group as set by the Board; manages the Management team; and leads the development of the Group's strategic direction including identifying and assessing risks and opportunities for the growth of its business and reviewing the performance of its existing businesses.

Provision 3.1 of the Code sets out that the Chairman and CEO should be separate persons to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making. However, taking into account the current corporate structure, size, nature and scope of the Group's operations, the Board is of the view that it is presently not necessary to separate the roles of the Chairman and CEO, and there are sufficient safeguards and checks to ensure that the process of decision-making by the Board is independent, based on collective decisions without any individual or group of individuals being able to exercise considerable concentration of power or influence.

Provision 3.3: The Board has a lead independent director to provide leadership in situations where the Chairman is conflicted, and especially when the Chairman is not independent. The lead independent director is available to shareholders where they have concerns and for which contact through the normal channels of communication with the Chairman or Management are inappropriate or inadequate.

For good corporate governance, Mr Ho Boon Chuan Wilson has been appointed as the Lead Independent Director of the Company. Mr Ho Boon Chuan Wilson is available to shareholders where there are concerns or issues which could not be resolved with, or inappropriate to be communicated to, the Executive Chairman and CEO and/or Chief Financial Officer. Where necessary, the independent Directors will meet without the presence of the other Directors and the Lead Independent Director will provide feedback to the Chairman after such meetings.

Board Membership

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Provision 4.1: The Board establishes a NC to make recommendations to the Board on relevant matters relating to:

- (a) the review of succession plans for directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel;
- (b) the process and criteria for evaluation of the performance of the Board, its board committees and directors;
- (c) the review of training and professional development programmes for the Board and its directors; and
- (d) the appointment and re-appointment of directors (including alternate directors, if any).

Provision 4.2: The NC comprises at least three directors, the majority of whom, including the NC Chairman, are independent. The lead independent director, if any, is a member of the NC.

The NC consists of three (3) members, majority of whom, including the NC Chairman, are Independent Directors:

Mr Ong Sie Hou Raymond*	_	Chairman
Mr Ho Boon Chuan Wilson*	_	Member
Mr Tan Chow Boon	_	Member

* Independent Director

The Lead Independent Director is also a member of the NC. The NC will meet at least once a year. The NC is responsible for making recommendations to the Board on all Board appointments and re-appointments. The key terms of reference of the NC include the following:

- regularly reviewing the Board structure, size and composition and making recommendations to the Board with regards to any adjustments that are deemed necessary;
- determining the process for search, nomination, selection and appointment of new Board members and assessing nominees or candidates for appointment and re-election to the Board;

- reviewing Board succession plans for Directors, in particular, the Chairman and CEO, and key management personnel;
- making recommendations to the Board on the appointment and re-appointment of Directors (including alternate Directors, if applicable), having regard to the Director's contribution and performance and ensuring that all Directors submit themselves for re-election at regular intervals;
- identifying suitable candidates and reviewing all nominations for appointment and re-appointment to the Board;
- developing a process for assessing and evaluating the effectiveness of the Board as a whole and its Board Committees as well as the contributions of each individual Director to the effectiveness of the Board;
- deciding how the Board's performance may be evaluated and to propose objective performance criteria;
- determining on an annual basis whether a Director is independent, bearing in mind the circumstances set forth in the Code and any other salient factors;
- reviewing training and professional development programs for the Board; and
- determining whether or not a Director is able to and has been adequately carrying out his/her duties as a Director of the Company, particularly when he/she has multiple Board representations.

Provision 4.3: The Company discloses the process for the selection, appointment and re-appointment of directors to the Board, including the criteria used to identify and evaluate potential new directors and channels used in searching for appropriate candidates in the Company's annual report.

The NC has in place a formal process for the selection of new Directors and re-appointment of Directors as follows:

- the NC evaluates the balance of skills, knowledge and experience of the Board and, in light of such evaluation and in consultation with Board, prepares a description of the role and the essential and desirable competencies for a particular appointment;
- if required, the NC may engage consultants to undertake research on, or assess, candidates for new positions on the Boards;
- the NC meets with short-listed candidates to assess their suitability and ensure that the candidates are aware of the expectations; and
- the NC makes recommendations to the Board for approval.

When considering the nomination of Directors for re-election and re-appointment, the NC takes into account directors' contributions to the effectiveness of the Board, the preparedness, participation and competing time commitment faced by Directors who have multiple board representations.

Provision 4.4: The NC determines annually, and as and when circumstances require, if a director is independent, having regard to the circumstances set forth in Provision 2.1. Directors disclose their relationships with the Company, its related corporations, its substantial shareholders or its officers, if any, which may affect their independence, to the Board. If the Board, having taken into account the views of the NC, determines that such directors are independent notwithstanding the existence of such relationships, the Company discloses the relationships and its reasons in its annual report.

The NC determines annually, and as and when circumstances require, the independence of the Independent Directors, having regard to the circumstances set forth in Provision 2.1 of the Code. Saved as disclosed under Principle 2 of the Report above, there are no relationships between the Directors with the Company, its related corporations, its substantial shareholders or its officers, if any, which may affect their independence. Further, an Independent Director shall immediately disclose to the NC any relationships or circumstances that could interfere, or be reasonably perceived to interfere, with the exercise of his independent business judgement in the best interests of the Company.

Provision 4.5: The NC ensures that new directors are aware of their duties and obligations. The NC also decides if a director is able to and has been adequately carrying out his or her duties as a director of the Company. The Company discloses in its annual report the listed company directorships and principal commitments of each director, and where a director holds a significant number of such directorships and commitments, it provides the NC's and Board's reasoned assessment of the ability of the director to diligently discharge his or her duties.

The NC will ensure that the selected candidate is aware of the expectations and the level of commitment required. The NC also ensures that new directors are aware of their duties and obligations, and decides if a director is able to and has been adequately carrying out his duties as a director of the Company. Directors are encouraged to attend relevant training programs conducted by the Singapore Institute of Directors, SGX-ST, and other business and financial institutions.

The NC has considered and taken the view that it would not, at this time, be appropriate to set a limit on the number of listed directorships that a Director may hold because Directors have different capabilities. The nature of the organisations in which they hold appointments and the committees on which they serve are of different complexities. Accordingly, each Director would personally determine the demands of his competing directorships and obligations and assess the number of listed directorships they could hold and serve effectively. The NC considers that the multiple board representations held presently by its Directors do not impede their respective performance in carrying out their duties to the Company.

The NC is satisfied that sufficient time and attention are being devoted by the Directors to the affairs of the Company and the Group during FY2020. The NC will continue to review from time to time, the Board representations and other principal commitments to ensure that Directors continue to meet the demands of the Group and are able to discharge their duties adequately. Key information regarding the Directors, including the listed company directorships and principal commitments of each director, is set out in the section "Board of Directors" of this Annual Report. Information on the Directors' shareholdings in the Company and its related corporations is set out in the section "Directors' Statement" of this Annual Report.

Pursuant to Article 103 of the Company's Constitution, at least one-third of the Directors shall retire from office at each annual general meeting of the Company ("**AGM**"). Further, pursuant to Rule 720(4) of the Catalist Rules, all Directors must retire at least once every three (3) years at the AGM. The Directors, by the recommendation of NC, shall have the power to appoint any person to be the Director either to fill a casual vacancy or as an additional Director. In this respect, the NC has recommended and the Board has agreed for the following Directors who are due for retirement, pursuant to Article 103 of the Constitution of the Company, to seek re-election at the forthcoming AGM:

- 1. Mr Tan Keng Siong Thomas, and
- 2. Mr Ong Sie Hou Raymond

Mr Tan Keng Siong Thomas will, upon re-election as Director, remain as the Executive Chairman and Chief Executive Officer of the Company.

Mr Ong Sie Hou Raymond will, upon re-election as Director, remain as Independent Director, Chairman of the NC and RC, and the member of ARC. The Board considers Mr Ong Sie Hou Raymond to be independent for the purposes of Rule 704(7) of the SGX-ST Listing Manual Section B: Rules of Catalist ("**Catalist Rules**").

In making the recommendations, the NC considers the overall contribution and performance of the Directors, Mr Tan Keng Siong Thomas, being the Executive Chairman and CEO and Mr Ong Sie Hou Raymond, being the NC Chairman, had abstained from deliberation in respect of his own nomination and assessment.

As at the date of this Report, there is no Independent Director appointed to the Board of any of the Group's principal subsidiaries. The Board will be informed of the revised Board structures of the principal subsidiaries, should there be any appointment of an Independent Director onto the board of any of the principal subsidiaries at any point in time.

The Company does not have any alternate Director as the Board does not encourage the appointment of alternate Directors.

Board Performance

The Board undertakes a formal annual assessment of its effectiveness as a whole, and that **Principle 5:** of each of its board committees and individual directors.

Provision 5.1 The NC recommends for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each board committee separately, as well as the contribution by the Chairman and each individual director to the Board.

Provision 5.2 The Company discloses in its annual report how the assessments of the Board, its board committees and each director have been conducted, including the identity of any external facilitator and its connection, if any, with the Company or any of its directors.

The NC undertakes an annual evaluation of the overall effectiveness of the Board as a whole, its Board Committees, as well as the contribution by the Chairman and each individual director to the Board.

The performance criteria for the evaluation of the effectiveness of the Board as a whole and its Board Committees, include Board commitment, standard of conduct, competency, accountability, training & development and interaction with directors, management and stakeholders.

Each director also undertakes a self-assessment to evaluate their contribution to the Board. This self-assessment process takes into account, inter alia, the commitment, value of contribution to the development of strategy, availability at board meetings, interactive skills, degree of preparedness, industry awareness and business knowledge and experience of each director.

All directors are requested to complete an evaluation questionnaire designed to seek their views on the various aspects of themselves and Board performance so as to assess the overall effectiveness of the Board.

The completed questionnaires were collated by the Company Secretary and the results of the evaluation exercise were subsequently considered by the NC, before making recommendations to the Board, aimed at assisting the Board's abilities to discharge its duties more effectively. Following the review of the questionnaire assessment of the Board for FY2020, both the NC and the Board are of the view that the performance of the Board as a whole is satisfactory. The NC is satisfied that each member of the Board has effectively and efficiently contributed to the Board and the Group during the year.

The Board has not engaged any external facilitator in conducting the assessment of the effectiveness of the Board and the Board Committee and the performance of individual Directors. Where relevant, the NC will consider such engagement.

Each member of the NC shall abstain from voting on any resolutions and making any recommendation and/or participating in any deliberations of the NC in respect of the assessment of his/her own performance or re-nomination as director. Accordingly, Mr Ong Sie Hou Raymond, as chairman of the NC has abstained from voting on any resolutions in respect of the assessment of his performance and re-nomination as a Director.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

The Board has a formal and transparent procedure for developing policies on director and **Principle 6:** executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Provision 6.1 The Board establishes a Remuneration Committee ("RC") to review and make recommendations to the Board on: (a) a framework of remuneration for the Board and key management personnel; and (b) the specific remuneration packages for each director as well as for the key management personnel.

Provision 6.2 The RC comprises at least three directors. All members of the RC are non-executive directors, the majority of whom, including the RC Chairman, are independent.

Provision 6.3 The RC considers all aspects of remuneration, including termination terms, to ensure they are fair.

Provision 6.4 The Company discloses the engagement of any remuneration consultants and their independence in the company's annual report.

Matters concerning remuneration of the Board, senior executives and other employees who are related to the controlling shareholders and/or the Directors (if any) are handled by the RC whose primary function is to develop formal and transparent policies on remuneration matters in the Company. The RC also reviews and ensures that the Company's remuneration system is competitive and sufficient to attract, retain and motivate the required talents to run the Company successfully.

Matters which are required to be disclosed in the annual remuneration report have been sufficiently disclosed in this Report under Principles 7 and 8 as well as in the audited financial statements of the Company and of the Group.

The RC consists of three (3) members, all of whom are Non-Executive Directors and majority of whom, including the RC Chairman, are Independent Directors:

Mr Ong Sie Hou Raymond*	_	Chairman
Mr Ho Boon Chuan Wilson*	_	Member
Mr Tan Chow Boon	-	Member

* Independent Director

The RC will meet at least once a year. The RC carries out its duties in accordance with a set of terms of reference which includes the following:

- reviewing and recommending to the Board, in consultation with the Executive Chairman and CEO, for endorsement, a framework of remuneration policies to determine the specific remuneration packages and terms of employment for each Director and key management personnel, including employees related to the Directors and controlling shareholders, and the implementation of appropriate performance-related elements to be incorporated in the remuneration framework;
- reviewing and recommending the remuneration of the Non-Executive Directors, taking into account factors such as their effort, time spent and their responsibilities;
- reviewing and administering the award of shares and/or share options to Directors and employees under the employee performance share plan and/or employee share option scheme adopted by the Company;

- reviewing and determining the contents of any service contracts for any Directors or key management personnel; and
- carrying out other duties as may be agreed by the RC and the Board, subject always to any regulations or restrictions that may be imposed upon the RC by the Board from time to time.

The RC is responsible for ensuring a formal and transparent procedure is in place for fixing the remuneration packages of individual Directors, key management personnel and related employees. All aspects of remuneration, including but not limited to, Directors' fees, salaries, allowances, bonuses, awards to be granted under the performance share plan and the options to be issued under the employee share option scheme as well as other benefits-in-kind are reviewed by the RC. The recommendations of the RC are submitted for endorsement by the Board. Such frameworks are reviewed periodically to ensure that the Directors and key management personnel are adequately but not excessively remunerated as compared to industry benchmarks and other comparable companies. This is also to ensure that the remuneration is appropriate to attract, retain and motivate the Directors and key management personnel to successfully manage the Group for the long term. Each RC member shall abstain from reviewing, deliberating and voting on any resolution in respect of his remuneration package or that of any employees who are related to him.

The RC also reviews the fairness and reasonableness of the termination clauses of the service agreements of the Executive Director and key management personnel to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous, with an aim to be fair and avoid rewarding poor performance. The Executive Director has a service agreement with the Company which can be terminated by the Company (without prejudice to and in addition to any other remedy) by giving not less than six (6) months' written notice. The appointment of such senior position is on a long-term basis and no onerous removal clauses are contained in their respective service agreement. Where necessary, the RC will consult external professionals on remuneration matters of the Directors and key management personnel and review the independence of the external professionals. No remuneration consultants were engaged by the Company in FY2020.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.

Provision 7.1: A significant and appropriate proportion of executive directors' and key management personnel's remuneration is structured so as to link rewards to corporate and individual performance. Performance-related remuneration is aligned with the interests of shareholders and other stakeholders and promotes the long-term success of the Company.

Provision 7.2: The remuneration of non-executive directors is appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities.

Provision 7.3: Remuneration is appropriate to attract, retain and motivate the directors to provide good stewardship of the Company and key management personnel to successfully manage the Company for the long term.

The remuneration of Executive Director and key management personnel comprise a fixed component, (basic salary) and a variable component (variable performance bonus and benefits-in-kind (if applicable)). The annual variable bonus and performance-related component of remuneration is designed to align the interests of the Executive Director and key management personnel with those of the shareholders and link rewards to the Group's financial performance. As such, a significant and appropriate proportion of the remuneration of the Executive Director and key management personnel is structured to link rewards to both corporate and individual performance, where the performance-related remuneration is aligned with the interests of shareholders to promote long-term success of the Group. The Executive Director does not receive Directors' fees but is remunerated as member of Management.

The RC is of the view that it is currently not necessary to use contractual provisions to allow the Company to reclaim incentive components of remuneration from the Executive Director and key management personnel in exceptional circumstances of misstatement of financial statements, or of misconduct resulting in financial loss to the Company and the Group. The Executive Director owes a fiduciary duty to the Company. The Company should be able to avail itself to remedies against the Executive Director and key management personnel in the event of such exceptional circumstances of breach of fiduciary duty.

The remuneration of Non-Executive Director and Independent Directors is in the form of a fixed fee which will be subjected to shareholders' approval at the AGM. Directors who also serve as Chairman of each Board Committee receives additional fees in respect of their service as Chairman of the respective Board Committees. Accordingly, the RC is also of the view that the proposed remuneration of Non-Executive Directors for FY2020 is appropriate to the level of contribution, taking into account the directors' respective roles and responsibilities in the Board and Board Committees, as well as the frequency of such meetings. Each member of the RC abstains from voting on any resolutions in respect of his own remuneration package.

The remuneration of employees related to Director/CEO will be reviewed annually by the RC to ensure that their remuneration packages are in line with the staff remuneration guidelines and commensurate with their respective job scopes and level of responsibilities. Any bonuses, pay increments and/or promotions for these related employees will also be subject to the review and approval of the RC. In the event that a member of the RC is related to the employee under review, he will abstain from participating in the review.

The RC also oversees the administration of the Kim Heng Share Employee Share Option Scheme ("**Kim Heng ESOS**") and Kim Heng Performance Share Plan ("**Kim Heng PSP**") (as well as such other similar share plans as may be implemented by the Company from time to time) upon the terms of reference as defined in the Kim Heng ESOS and Kim Heng PSP. Both Kim Heng ESOS and Kim Heng PSP, which were established on 26 December 2013, had a 10-year tenure commencing on the establishment date.

Disclosure on Remuneration

Principle 8: The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Provision 8.1: The Company discloses in its annual report the policy and criteria for setting remuneration, as well as names, amounts and breakdown of remuneration of: (a) each individual director and the CEO; and (b) at least the top five key management personnel (who are not directors or the CEO) in bands no wider than S\$250,000 and in aggregate the total remuneration paid to these key management personnel.

Provision 8.2: The Company discloses the names and remuneration of employees who are substantial shareholders of the Company, or are immediate family members of a director, the CEO or a substantial shareholder of the Company, and whose remuneration exceeds S\$100,000 during the year, in bands no wider than S\$100,000, in its annual report. The disclosure states clearly the employee's relationship with the relevant director or the CEO or substantial shareholder.

Provision 8.3: The Company discloses in its annual report all forms of remuneration and other payments and benefits, paid by the Company and its subsidiaries to directors and key management personnel of the Company. It also discloses details of employee share schemes.

Details of the remuneration of the Directors and key management personnel of the Group for FY2020 are set out below:

	Breakdown of Remuneration in Percentage (%)						
Directors	Fees (%)	Salary (%)	Benefits- in-kind (%)	Variable Bonus* (%)	Total (%)		
From S\$250,000 and below							
Ong Sie Hou Raymond	100	-	-	-	100		
Ho Boon Chuan Wilson	100	_	-	-	100		
Tan Chow Boon	100	_	-	-	100		
From \$\$500,001to \$\$1,000,000		·					
Tan Keng Siong Thomas	_	97	3	_	100		

		Breakdown of Remuneration in Percentage (%)					
Key Management	Designation	Salary (%)	Benefits- in-kind (%)	Variable Bonus (%)	Total (%)		
From S\$250,000 and below							
Tan Wen Hao Justin Anderson	Chief Operating Officer – Offshore & Marine	100	_	_	100		
Michael Law Sai Leung	Chief Financial Officer*	100	-	-	100		
Nick Lim Wei Ming	Chief Financial Officer**	100	-	-	100		
From S\$250,001 to S\$500,000	·						
Yeo Seh Hong	Chief Operating Officer – Oilfield Services	95	5	_	100		
Tan Keng Hoe Melvin	Chief Technical Officer	95	5	-	100		

Michael Law Sai Leung has ceased to be the Chief Financial Officer of the Company with effect from 21 December 2020.

Nick Lim Wei Ming was appointed as the Chief Financial Officer of the Company with effect from 22 December 2020.

In aggregate, the total remuneration (including CPF contribution, bonus and benefits-in-kind) paid to the top Four (4) key management personnel (who are not Directors or the CEO) in FY2020 was \$\$1,084,612.

Provision 8.1 stipulates that the Company should disclose the names, amounts and breakdown of remuneration of each individual director and the CEO. However, to maintain confidentiality on the remuneration policies of the Company, the Board is of the view that it is in the best interests of the Company to keep the disclosure of remuneration of each individual Director and key management personnel in salary bands.

Save as disclosed, there are no termination, retirement and post-employment benefits that may be granted to the Directors and key management personnel.

For FY2020, save for (i) Ms Tan Peck Ling Jocelyn (Head of Corporate Services), and (ii) Ms Tan Peck Ching Jeliane (Head of Supply Chain), being the children of Mr Tan Keng Siong Thomas (the Executive Chairman, CEO and substantial shareholder of the Company), whose remuneration band is between S\$100,001 to S\$150,000, as well as (iii) Mr Tan Wen Hao Justin Anderson (Chief Operating Officer – Offshore & Marine) and (iv) Mr Tan Keng Hoe Melvin (Chief Technical Officer), being the son and brother of Mr Tan Keng Siong Thomas respectively, whose remuneration band is between S\$200,001 to S\$300,000, none of the other full-time employees are related to the Directors, CEO or substantial shareholders of the Company.

The RC is of the view that their remunerations are in line with the Company's staff remuneration guidelines and commensurate with their job scopes and level of responsibilities.

The remuneration package for the Executive Director is based on terms stipulated in his service agreement. The remuneration package of Mr Tan Keng Siong Thomas includes a profit-sharing scheme that is performance related to align his interests with those of the shareholders.

The Company has adopted a performance share plan known as the "Kim Heng Performance Share Plan" ("Kim Heng PSP") and a share option scheme known as the "Kim Heng Employee Share Option Scheme" ("Kim Heng ESOS") in conjunction with the listing of the Company on the Catalist of the SGX-ST, which were approved by its shareholders at an extraordinary general meeting held on 26 December 2013. Both the Kim Heng PSP and Kim Heng ESOS will provide eligible participants with an opportunity to participate in the equity of the Company and to motivate them towards better performance through increased dedication and loyalty. Both the PSP and ESOS form an integral and important component of the compensation plan and are designed primarily to reward and retain employees whose services are vital to the growth and performance of the Company and the Group.

As at the date of this Report, no awards or options have been granted under the Kim Heng PSP and Kim Heng ESOS respectively.

ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the Company and its shareholders.

Provision 9.1: The Board determines the nature and extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation. The Board sets up a Board Risk Committee to specifically address this, if appropriate.

Provision 9.2: The Board requires and discloses in the Company's annual report that it has received assurance from: (a) the CEO and the CFO that the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and (b) the CEO and other key management personnel who are responsible, regarding the adequacy and effectiveness of the Company's risk management and internal control systems.

The Board recognises the importance of providing accurate and relevant information on a timely basis. In this respect, the ARC reviews all financial statements and recommends them to the Board for approval. In addition, the ARC ensures that the Company maintains a sound system of internal controls to safeguard its shareholder's investments and the Group's assets as well as to manage potential risks.

In discharging its responsibility of providing accurate relevant information on a timely basis to shareholders in compliance with statutory and regulatory requirements, the Board strives to ensure timely release of the Group's financial results and that the results provide a balanced and understandable assessment of the Group's performance, position and prospects.

The Board takes steps to ensure compliance with legislative and regulatory requirements, including requirements under the Catalist Rules, where appropriate. The Independent Directors and Non-executive Director, in consultation with the Management, will request for the establishment of written policies of any particular matter that is deemed essential to form part of management control.

On a quarterly basis, the Management will report to the ARC the financial processes and controls that are in place, highlighting material financial risks and impacts and providing updates on the status of significant financial issues of the Group, if any.

The Board is responsible for the governance of risk. It ensures that the Management maintains a sound system of risk management and internal controls to safeguard the Company's shareholders' interests and the Group's assets and to determine the nature and extent of significant risks which the Board is willing to take in achieving its strategic objectives.

The Management is responsible to the Board for the design, implementation and monitoring of the Group's risk management and internal control systems and to provide the Board with a basis to determine the Group's level of risk tolerance and risk policies. The Board acknowledges that it is responsible for reviewing the adequacy and effectiveness of the Group's risk management and internal control systems including financial, operational, compliance and information technology controls. The Board also recognises its responsibilities in ensuring a sound system of internal controls to safeguard the Company's shareholders' investments and the Group's assets.

The Group has established an Enterprise Risk Management ("**ERM**") framework for identification of key risks within the business and has adopted the use of risk register and summary of comfort matrices to document the identified risks as well as taking appropriate measures to control and mitigate these risks.

The Company has engaged a professional services firm, PricewaterhouseCoopers Risk Services Pte. Ltd. ("**PwC**" or "internal auditors") to carry out internal control reviews, as instructed by the ARC, as part of the Group's annual internal audit plan approved by the ARC.

The Management Risk Committee ("**MRC**") which was formed in FY2015 comprises of Management and executive officers from various departments. The MRC conducts regular reviews and provides reports to the ARC every half year on the Group's business and operational activities in respect of the key risk control areas including financial, operational, compliance and information technology controls and continues to apply appropriate measures to control to mitigate these risks. All significant matters are highlighted to the Board and the ARC for further discussion. The Board and the ARC also work with the internal auditors, the external auditors and the Management on their recommendations to institute and execute relevant controls with a view to managing such risks.

Based on the internal controls established and maintained by the Group, work performed by the internal auditors and the external auditors, and reviews performed by the Management, the Board with the concurrence of the ARC on an annual basis, is of the opinion that the Group's risk management and internal control systems put in place during FY2020 to address financial, operational, compliance and information technology risks, are adequate and effective. The Board has received assurances from the CEO and the Chief Financial Officer ("**CFO**") that:

- (a) the financial records of the Group have been properly maintained and the financial statements for FY2020 give a true and fair view of the Group's operations and finances, and are prepared in accordance with the relevant accounting standards; and
- (b) the Company's risk management and internal control systems are adequate and effective.

The Board notes that the system of internal controls is designed to manage, rather than to eliminate, the risk of failure in achieving business objectives, and that no system of risk management and internal control can provide absolute assurance against the occurrence of errors, losses, fraud or other irregularities and the containment of business risk. Nonetheless, the Board believes its responsibility of overseeing the Group's risk management framework and policies are well supported. The Board will look into the need for establishment of a separate board risk committee at the relevant time.

Audit Committee

Principle 10: The Board has an Audit Committee which discharges its duties objectively.

Provision 10.1 The duties of the AC include:

- (a) reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any announcements relating to the Company's financial performance;
- (b) reviewing at least annually the adequacy and effectiveness of the Company's internal controls and risk management systems;
- (**c**) reviewing the assurance from the CEO and the CFO on the financial records and financial statements;
- (d) making recommendations to the Board on: (i) the proposals to the shareholders on the appointment and removal of external auditors; and (ii) the remuneration and terms of engagement of the external auditors;
- reviewing the adequacy, effectiveness, independence, scope and results of the external audit and the (e) Company's internal audit function; and
- reviewing the policy and arrangements for concerns about possible improprieties in financial (**f**) reporting or other matters to be safely raised, independently investigated and appropriately followed up on. The Company publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns.

Provision 10.2: The AC comprises at least three directors, all of whom are non-executive and the majority of whom, including the AC Chairman, are independent. At least two members, including the AC Chairman, have recent and relevant accounting or related financial management expertise or experience.

Provision 10.3: The AC does not comprise former partners or directors of the Company's existing auditing firm or auditing corporation: (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

Provision 10.4: The primary reporting line of the internal audit function is to the AC, which also decides on the appointment, termination and remuneration of the head of the internal audit function. The internal audit function has unfettered access to all the Company's documents, records, properties and personnel, including the AC, and has appropriate standing within the Company.

Provision 10.5: The AC meets with the external auditors, and with the internal auditors, in each case without the presence of Management, at least annually.

The ARC currently comprises three (3) members, majority of whom, including the ARC chairman, are Independent Directors:

Mr Ho Boon Chuan Wilson*	-	Chairman
Mr Ong Sie Hou Raymond*	_	Member
Mr Tan Chow Boon	_	Member

* Independent Director

The Board is of the view that the ARC members are appropriately qualified and have sufficient accounting and/or related financial management expertise and experience to discharge the ARC's responsibilities.

The ARC meets on a quarterly basis and plays a key role in assisting the Board to review significant financial reporting issues and judgments to ensure the quality and integrity of the accounting reports, the audit procedures, internal controls, financial statements and any announcements relating to the Group's financial performance, as well as the risk management functions. Where the external auditors raise any significant issues (e.g. adjustments) which has a material impact on the interim financial statement or financial updates previously announced by the Company, the ARC will bring this to the Board's attention, and the Board will then consider whether an immediate announcement under Rule 703 of the Catalist Rules is required. The ARC will also advise the Board if changes are needed to improve the quality of future interim financial statements or financial updates.

The ARC meets with the external auditors and internal auditors without the presence of the Management, at least annually.

The members of the ARC carry out their duties in accordance with a set of terms of reference which includes:

- assisting the Board in discharging its responsibilities on financial reporting matters;
- reviewing, with the internal and external auditors, the audit plans, scope of work, their evaluation of the system of internal accounting controls, their management letter and the Management's response, and results of their audits compiled by the internal and external auditors;
- reviewing the periodic consolidated financial statements and results announcements before submission to the Board for approval, focusing in particular, on changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, the going concern statement, compliance with financial reporting standards as well as compliance with the Catalist Rules and any other statutory and regulatory requirements;
- reviewing the effectiveness and adequacy of the internal control procedures addressing financial, operational and compliance risks, and ensure co-ordination between the internal and external auditors, and the Management, reviewing the assistance given by the Management to the auditors, and discussing problems and concerns, if any, arising from the interim and final audits, and any matters which the auditors may wish to discuss (in the absence of the Management where necessary);
- reviewing the assurance from the CEO and CFO on the financial records and financial statements;
- reviewing the adequacy, effectiveness, scope and results of the external audit and the Group's internal audit function, and the independence and objectivity of the external auditors and internal auditors;
- reviewing and discussing with the external auditors any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position, and the Management's response;
- making recommendations to the Board on the proposals to the shareholders relating to the appointment, re-appointment and removal of the external auditors, and approving the remuneration and terms of engagement of the external auditors;
- reviewing significant financial reporting issues and judgments with the CFO and the external auditors so as to ensure the integrity of the financial statements of the Group and any formal announcements relating to the Group's financial performance before their submission to the Board;
- reviewing and reporting to the Board at least annually the adequacy and effectiveness of the Group's main internal controls with the CFO and the internal and external auditors, including financial, operation, compliance and information technology controls via reviews carried out by the internal auditors;

- reviewing and approving transactions falling within the scope of Chapter 9 and Chapter 10 of the Catalist Rules (if any);
- reviewing any potential conflicts of interest;
- reviewing the suitability of the CFO and the adequacy of the finance team on an on-going basis;
- reviewing and approving all hedging policies and instruments (if any) to be implemented by the Group;
- undertaking such other reviews and projects as may be requested by the Board and report to the Board its findings from time to time on matters arising and requiring the attention of the ARC;
- reviewing the financial risk areas, with a view to providing an independent oversight on the Group's financial reporting, the outcome of such review to be disclosed in the annual reports or if the findings are material, to be immediately announced via SGXNET;
- reviewing and establishing procedures for receipt, retention and treatment of complaints received by the Group, inter alia, criminal offences involving the Group or its employees, questionable accounting, auditing, business, safety or other matters that impact negatively on the Group;
- reviewing the Group's compliance with such functions and duties as may be required by statute or the Catalist Rules, and by such amendments made thereto from time to time;
- reviewing arrangements by which the staff may, in confidence, raise concerns about improprieties in matters of financial reporting or other matters, and to ensure that those arrangements are in place for independent investigations of such matters and for appropriate follow-up;
- undertaking generally such other functions and duties as may be required by law or the Catalist Rules, and by such amendments made thereto from time to time;
- reviewing and recommending the risk management strategies, policies and risk tolerance levels for the Board's approval;
- overseeing and advising the Board on the current risk exposure and future risk strategy of the Group;
- reviewing and assessing, at least annually, the adequacy of risk management policies and framework in identifying, measuring, monitoring and controlling risks and the extent to which these are operating effectively;
- reviewing and recommending new policies or changes to policies and to consider their risk implications;
- reporting to the Board on the Group's risk exposures, including review risk assessment model used to monitor the risk exposures and the Management's views on the acceptable and appropriate level of risk faced by the Group;
- reviewing all relevant risk reports on the Group;
- reporting to the Board on any material changes to the risk profile of the Group;
- reviewing risk management structure and recommend appropriate measures to control and mitigate the risks of the Group, as and when these arise;
- receiving and reviewing periodic report from MRC; and
- advising the Board on proposed strategic transactions, focusing in particular on risk aspects and implications for the risk tolerance of the Group, and taking independent external advice where appropriate and available.

Apart from the duties listed above, the ARC shall commission and review the findings of internal investigations into matters where there is any suspected fraud or irregularity, or failure of internal controls or infringement of any Singapore law, rule or regulation which has or is likely to have a material impact on the Group's operating results and/or financial position. Each member of the ARC shall abstain from voting on any resolutions in respect of matters in which he is interested.

As at date of this Report, in FY2020, the ARC has:

- (i) reviewed the scope of work of the external auditors;
- (ii) reviewed the scope of work of the internal auditors;
- (iii) reviewed the MRC's report and the risk register and summary of comfort matrices;
- (iv) reviewed the audit plans of both the internal and external auditors and discussed the results of the findings and evaluation of the Company's system of internal controls;
- (v) reviewed and reported to the Board the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls;
- (vi) reviewed interested person transactions of the Company;
- (vii) met with the Company's external auditors and internal auditors without the presence of the Management;
- (viii) reviewed the independence and objectivity of external auditors;
- (ix) reviewed and recommended the adoption of the Anti Bribery Policy;
- (x) reviewed the Trade Receivable Ageing Report of the Group;
- (xi) reviewed the Company's procedures for detecting fraud and whistle blowing matters; and
- (xii) reviewed and recommended to the Board announcements relating to the Group's half year and full year results.

Key Audit Matters

Subsequent to the discussions with management and the external auditors, the ARC has determined that the following matters are the key audit matters, amongst other significant matters considered in relation to the Group's financial statements for the year ended 31 December 2020. The table below indicates how these matters were discussed and addressed:

Key audit matter	Action			
Going concern basis of accounting	The Group reported a net loss before tax of \$8.7 million and to comprehensive loss of \$7.8 million for the financial year ended 31 Decemb 2020 and the Group's current liabilities have exceeded its current assets of held-for-sale assets by approximately \$2.6 million as at 31 December 202 Furthermore, the proposed sale of the Group's property located at No. Penjuru Road Singapore 609152 to a third party was not approved by relevant government authority which would have strengthened the Group cash position by approximately \$10 million after the settlement of outstanding loan related to the Property.			
	The Audit and Risk Committee has evaluated Management's assessment of the Group ability to continue as a going concern, relying on the following sources of liquidity and funding available to the Group:			
	(1) Future cash inflows from the Group's operating activities for the financial year ending 31 December 2021;			
	(2) On 15 January 2021, the Group announced that it had entered into a non-binding memorandum of understanding with a third party in Taiwan in relation to the proposed sale of the Group's two units of 250 feet four-point mooring crane barges and related equipment for approximately \$7.2 million (equivalent to US\$5.2 million);			
	(3) The sale of one of the Group's Anchor Handling Tug vessel in February 2021 and is expected to strengthen the Group's cash position by approximately \$0.8 million (equivalent to US\$0.6 million) after the settlement of the outstanding loan related to the vessel amount to \$1.7 million (equivalent to US\$1.3 million); and			
	(4) On 26 January 2021, the Group received revised banking facility letters from a financial institution to defer 80% of the monthly principal instalments on the Group's banking facilities of approximately \$18.5 million, till 30 June 2021. The deferred instalment payments amounted to approximately \$1.4 million.			
	The Audit and Risk Committee has evaluated the sources of liquidity and funding available to the Group and discussed with the auditors on their evaluation and concurred with the Management's assessment of the Group's ability as a going concern.			

Key audit matter	Action
Impairment of non-financial assets, including investments in subsidiaries	The group's non-financial asset comprises of property, plant and equipment. In view of the recurring losses and difficult industry conditions with COVID-19, Management performed an impairment assessment of its non-financial assets including investments in subsidiaries. The Audit and Risk Committee has reviewed the Management assessment and discussed with auditors on the methodology of Management's impairment assessment. The Audit and Risk Committee concurred with the Management's assessment
Assessment of allowance on doubtful trade receivables	 and found that the allowance for impairment loss is adequate. The Group records impairment losses in accordance with SFRS(I) 9,where impairment losses are now based on expected credit loss (ECL) rather than incurred loss model. The Audit and Risk Committee has reviewed the Management's assessment of allowance for doubtful debts and discussed with the auditors on their review of the reasonableness. The Audit and Risk Committee concurred with the Management's assessment on the allowance for doubtful debt and found that allowance for doubtful debt and found that allowance for doubtful debt is adequate.

The aggregate amount of audit and non-audit fees paid or payable to the external auditors, Foo Kon Tan LLP, for FY2020 are \$\$164,500 and \$\$47,100 respectively. The ARC has undertaken a review of the volume and nature of the non-audit services provided by the external auditors to the Group and is satisfied that the nature and extent of such services will not prejudice the independence and objectivity of the external auditors. The ARC has recommended to the Board the nomination of Foo Kon Tan LLP for re-appointment as auditors of the Company at the forthcoming AGM. The Group has also complied with Rules 712 and 715 of the Catalist Rules in relation to the appointment of its external auditors.

The ARC has explicit authority to investigate any matter within its terms of reference. It has full access to, and has had the full co-operation of the Management. It also has full discretion to invite any Director or any member of the Management to attend its meetings or be provided with reasonable resources to enable it to discharge its functions properly.

To keep abreast of the changes in accounting standards and issues which have a direct impact on the financial statements, the ARC will seek advice from the external auditors at the ARC meetings held.

No former partner or director of the Company's existing auditing firm is a member of the ARC.

Whistle Blowing Policy

The Company has adopted the whistle-blowing policy where staff of the Group may, in confidence, raise concerns on any suspicion of wrongdoings which covers improprieties in matters of financial reporting, fraudulent acts and other matters within the Group via email to the ARC Chairman. The Management and the ARC have been vested with the power and authority to receive, investigate and enforce appropriate follow up actions when any such noncompliance matter is brought to its attention.

As at the date of this Report, there were no reports received through the whistle-blowing mechanism.

The ARC's responsibilities over the Group's internal controls and risk management are complemented by the work of the internal auditors. The internal auditors have unrestricted direct access to all of the Group's documents, records, properties and personnel and reports directly to the ARC on all internal audit matters, in respect of covering the scope of their reviews as part of the Group's annual internal audit plan for FY2020. The Group's annual internal audit plan is submitted to ARC for approval prior to the commencement of the internal controls reviews and PwC plans their internal controls review schedules in consultation with the Management.

Having reviewed the Group's annual internal audit plan, the ARC is satisfied that the internal auditors are independent and adequately resourced, with staff equipped with the relevant qualifications and experience, to perform the internal controls reviews effectively and to meet the needs of the Group in its current business environment.

The hiring, removal, evaluation of the internal auditors and compensation to be paid to them is recommended by the ARC and approved by the Board.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11: The Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Provisions 11.1: The Company provides shareholders with the opportunity to participate effectively in and vote at general meetings of shareholders and informs them of the rules governing general meetings of shareholders.

Provision 11.2: The Company tables separate resolutions at general meetings of shareholders on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where the resolutions are "bundled", the Company explains the reasons and material implications in the notice of meeting.

Provision 11.3: All directors attend general meetings of shareholders, and the external auditors are also present to address shareholders' queries about the conduct of audit and the preparation and content of the auditors' report. Directors' attendance at such meetings held during the financial year is disclosed in the company's annual report.

Provision 11.4: The Company's Constitution (or other constitutive documents) allow for absentia voting at general meetings of shareholders.

Provision 11.5: The Company publishes minutes of general meetings of shareholders on its corporate website as soon as practicable. The minutes record substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting, and responses from the Board and management.

Provision 11.6: The Company has a dividend policy and communicates it to shareholders.

Engagement with Shareholders

The Company communicates regularly with its shareholders and facilitates the participation Principle 12: of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the Company.

Provision 12.1: The Company provides avenues for communication between the Board and all shareholders, and discloses in its annual report the steps taken to solicit and understand the views of shareholders.

Provision 12.2: The Company has in place an investor relations policy which allows for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with shareholders.

Provision 12.3: The Company's investor relations policy sets out the mechanism through which shareholders may contact the Company with questions and through which the Company may respond to such questions.

The Group recognises the importance of maintaining transparency and accountability to its shareholders. The Board ensures that all the Company's shareholders are treated equitably and the rights of all investors, including non-controlling shareholders are protected. In line with the continuing disclosure obligations of the Company pursuant to the Catalist Rules and the Companies Act (Chapter 50) of Singapore, the Group is committed to providing shareholders with adequate, timely and relevant information pertaining to the Group's business developments, financial performance and other factors which could have a material impact on the Company's share price. The Company communicates with shareholders and the investing community through the timely release of announcements via SGXNET.

To enhance the above practices, the Company has established a channel to enable the shareholders to contact the Company's Investor Relations through a designated email as disclosed in the corporate information section.

The financial statements results announcements of the Group will be released within 45 days from the end of the Group's half-year period, and 60 days from the full financial year end. In addition, the Annual Report 2020 will be released to shareholders on SGXNet at least 14 days before the AGM to be held on 23 April 2021.

Notwithstanding the Board's decision to cease quarterly reporting from FY2020 due to, inter alia, management time, administrative efforts and costs required in connection therewith, the Board notes the importance of engaging and communicating with its shareholders under Principle 11 and 12 of the Code. In this respect, the Board will continue to monitor and will consider whether interim updates will be provided to shareholders on a voluntary basis, as well as the type of information which shareholders would deem useful and relevant to get a better understanding of the Company's performance in the context of the current business environment, in addition to the Group's mandatory financial statements. Such information would include, inter alia, a discussion of the significant factors that affected the Company's interim performance, relevant market trends including the risks and opportunities that may have a material impact on the Company's prospects.

The Board embraces openness and transparency in the conduct of the Group's affairs, whilst safeguarding its commercial interests. The Company does not practice selective disclosure and price sensitive and/or trade sensitive information is publicly disclosed on an immediate basis where required under the Catalist Rules. Material information on the Group has been released to the public through the Company's announcements via the SGXNET.

The Group strongly encourages shareholders' participation during the AGM which will be held through electronic means. Shareholders are able to proactively engage the Board and the Management on the Group's business activities, financial performance and other business-related matters through dialogue sessions. The Group believes in regular, effective and fair communication with shareholders and is committed to hearing shareholders' views and addressing their concerns. Shareholders are also informed of the rules and voting procedures governing such meetings.

The Board notes that Provision 11.6 of the Code sets out that the Company should have a dividend policy and communicates it to shareholders. However, as at the date of this Report, the Company does not have a fixed dividend policy. Nonetheless, the Company is of the view that the following disclosure would constitute a balanced and understandable assessment of its position on a dividend policy, and such practice is consistent with the intent of Principle 11 of the Code. Additionally, the Company also discloses the reasons for the decision of the Board not to declare or recommend a dividend, together with the announcement of the financial statements, which is in line with Rule 704(23) of the Catalist Rules.

In considering the form, frequency and amount of dividends that the Board may recommend or declare in respect of any particular year or period, the Board takes into account various factors including:

- The level of the Group's cash and retained earnings;
- The Group's actual and projected financial performance;
- The Group's projected levels of capital expenditure and other investment plans; and
- The Group's working capital requirements and general financing condition.

Any payouts of dividend are clearly communicated to shareholders in public announcements and via announcements on SGXNET when the Company discloses its financial results. No dividend was declared or recommended for FY2020 as the Group has been incurring losses. It is the Group's intention to conserve cash for working capital and business expansion purposes.

The Group supports and encourages active shareholders' participation and vote at general meetings. The Board believes that general meetings serve as an opportune forum for shareholders to meet the Board and key management personnel, and to interact with them. Information on general meetings is disseminated through notices in the annual reports or circulars sent to all shareholders. The notices are also released via SGXNET and published in local newspapers, as well as posted on the Company's website.

In addition to SGXNET announcements and its annual report, the Company updates shareholders its major corporate developments thought its corporate website at <u>www.kimheng.com.sg</u>.

The Company's Constitution allows all shareholders to appoint not more than two proxies to attend general meetings and vote on their behalf. Presently, the Company's Constitution does not allow a shareholder to vote in absentia, such as via mail, electronic mail or facsimile. This is not in line with Provision 11.4 of the Code, where the Company's Constitution should allow for absentia voting at general meetings of shareholders. As the authenticity of shareholders' identity and other related integrity issues still remain a concern, the Company has decided, for the time being, not to implement voting in absentia.

However, for the forthcoming AGM, In line with the joint statement by ACRA, MAS and SGX RegCo on 1 October 2020 on the updated checklist providing guidance for listed and non-listed entities on the manner in which general meetings are to be conducted, the Company is arranging for a live webcast of the Annual General Meeting proceedings (the "Live AGM Webcast") which will take place on 23 April 2021 at 9:30 a.m. in place of a physical meeting. Shareholders will be able to watch the AGM proceedings through the Live AGM Webcast, and the Company will not accept any physical attendance by shareholders. Shareholders who wish to vote at the AGM may submit a proxy form to appoint the Chairman of the AGM to cast votes on their behalf, with specific instructions on how they wish to cast their votes.

Separate resolutions on each distinct issue are tabled at general meetings and explanatory notes are set out in the notices of general meetings where appropriate. The Company shall avoid "bundling" resolutions unless the issues are interdependent and linked so as to form one significant proposal. In situations where resolutions are "bundled", the Company will provide clear explanations on the reasons and material implications in the notice of meeting.

All Directors including Chairman of the Board and the respective Chairman of the Board Committees, the Management, legal professionals and the external auditors are intended to be in attendance at the AGMs to address any queries of the shareholders.

The Company will record the minutes of general meetings that include substantial and pertinent comments from shareholders relating to the agenda of the meetings and responses from the Board and Management. Such minutes will be made available to shareholders upon their written request. The Company does not publish minutes of general meetings of shareholders on its corporate website as contemplated by Provision 11.5 of the Code. There are potential adverse implications for the Company if the minutes of general meetings are published to the public at large (outside the confines of a shareholders' meeting), including risk of litigation if defamatory statements are made during the meeting. The Company is of the view that its practices are consistent with the intent of Principle 11 of the Code as shareholders have a right to attend general meetings either in person or by proxy, where they may exercise their right to speak and vote and have the opportunity to communicate their views on various matters affecting the Company. Further, shareholder, including those who did not attend the relevant general meeting, have a statutory right to be furnished copies of minutes of general meetings in accordance with Section 189 of the Companies Act.

However, in view that the forthcoming AGM will be held by electronic means due to the Covid-19 situation, the Company will publish the minutes of the AGM the SGX website within one month after the date of the AGM.

The Company will put all resolutions to vote by poll at general meetings and an announcement of the detailed results of the number of votes cast for and against each resolution and the respective percentages will be made on the same day.

MANAGING STAKEHOLDERS RELATIONSHIPS

Engagement with Stakeholders

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the Company are served.

Provision 13.1: The Company has arrangements in place to identify and engage with its material stakeholder groups and to manage its relationships with such groups.

Provision 13.2: The Company discloses in its annual report its strategy and key areas of focus in relation to the management of stakeholder relationships during the reporting period.

Provision 13.3: The Company maintains a current corporate website to communicate and engage with stakeholders.

The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the Company are served.

The Company's engagement with all stakeholders is set out in detail in the Sustainability Report which will be published as a standalone report within five months from its financial year end. The Company ensures that all material information relating to the Company and its financial performance is disclosed in a timely manner via SGXNet.

The Company also maintains a current corporate website, at <u>https://www.kimheng.com.sg</u>, on which financial and other information to be communicated to members of the public are made available.

OTHER CORPORATE GOVERNANCE MATTERS

The Company has in place internal codes of conduct and practices for its Board members and employees on securities transactions while in possession of price-sensitive information and their conduct of business activities.

DEALINGS IN SECURITIES

(Rule 1204 (19) of the Catalist Rules)

The Company has complied with Rule 1204(19) of the Catalist Rules in relation to dealings in the Company's securities by the Company, Directors and all employees of the Group.

The Group has adopted an internal compliance code to provide guidance to its Directors and all employees of the Group with regards to dealings in the Company's securities. The code prohibits dealing in the Company's securities by the Directors and employees of the Group while in possession of unpublished price sensitive or trade sensitive information. Directors and employees are not allowed to deal in the Company's securities on short-term considerations and during the period of one (1) month before the announcement of the Company's half year and full year financial results. The Company, Directors and employees are also required to adhere to the provisions of the Securities and Futures Act (Chapter 289) of Singapore, Companies Act (Chapter 50) of Singapore, the Catalist Rules and any other relevant regulations with regards to their securities transactions. They are also expected to observe insider trading laws at all times even when dealing in securities within the permitted trading period.

INTERESTED PERSON TRANSACTIONS

(Rule 907 of the Catalist Rules)

The Company has established internal control policies to ensure that transactions with interested persons are reported in a timely manner to the ARC and that the transactions are carried out on an arm's length basis and on normal commercial terms that will not be prejudicial to the interests of the Company and its minority shareholders.

The ARC and the Board have reviewed all interested person transactions for FY2020. There were no interested party transactions of aggregate value of \$\$100,000 or more for FY2020.

The Company does not have a shareholders' mandate for interested person transactions pursuant to Rule 920 of the Catalist Rules.

MATERIAL CONTRACTS

(Rule 1204(8) of the Catalist Rules)

Save for the service agreement between the Company and the Executive Director, disclosures above in the "Interested Person Transactions" section and except as disclosed in this Report, Directors' Report and the audited financial statements of the Company for FY2020, there were no other material contracts of the Company and its subsidiaries involving the interests of the CEO or any Director or controlling shareholder, either subsisting at the end of the financial year reported on or if not then subsisting, which were entered into since the end of the previous financial year.

NON-SPONSOR FEES

(Rule 1204(21) of the Catalist Rules)

No non-sponsor fees were paid to the Company's sponsor, SAC Capital Private Limited in FY2020.

CODE OF CONDUCT & PRACTICES

The Group recognises the importance of integrity and professionalism on the conduct of its business activities. Employees are expected to embrace, practise and adopt these values when performing their duties and always to act in the best interest of the Group and avoid situations that may create conflicts of interest.

Tan Keng Siong Thomas, by virtue of his interests of not less than 20% of the issued share capital of the Company, is deemed to have an interest in the whole of the share capital of the Company's wholly-owned subsidiaries. Tan Chow Boon is deemed to have interests in the shares of the Company held by Credence Capital Fund II (Cayman) Limited.

EMBRACING THE NEW ENERGY CHANGE DIRECTORS' STATEMENT

for the financial year ended 31 December 2020

Directors' interests in shares or debentures (Cont'd)

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares, debentures, warrants or share options of the Company, or of related corporations, either at the beginning or at the end of the financial year.

There are no changes to the above shareholdings as at 21 January 2021.

Share options and share-based incentive

<u>Kim Heng Employee Share Option Scheme 2013 ("Kim Heng ESOS") and Kim Heng Performance Share Plan 2013</u> ("Kim Heng PSP")

The Company has adopted a share option scheme known as Kim Heng ESOS and performance share plan known as Kim Heng PSP. The Kim Heng ESOS and Kim Heng PSP were approved and adopted by the shareholders pursuant to a members' resolution in writing on 26 December 2013. The share option scheme and performance share plan are administered by the Company's Remuneration Committee. No share options or performance shares have been granted or awarded pursuant to the Kim Heng ESOS and Kim Heng PSP.

There were no share options granted by the Company or its subsidiaries during the financial year. There were no shares issued during the financial year by virtue of the exercise of option to take up unissued shares of the Company or its subsidiaries.

There were no unissued shares of the Company or of its subsidiaries under option as at the end of the financial year.

Audit & Risk Committee

The Audit & Risk Committee at the end of the financial year comprises the following members:

Ho Boon Chuan Wilson (Chairman) Ong Sie Hou Raymond Tan Chow Boon

The Audit & Risk Committee performs the functions set out in Section 201B(5) of the Singapore Companies Act, Chapter 50, the Listing Manual of the Singapore Exchange and the Code of Corporate Governance. In performing those functions, the Audit & Risk Committee reviewed the following:-

- (i) overall scope of both the internal and external audits and the assistance given by the Company's officers to the auditors. It met with the Company's internal and external auditors to discuss the results of their respective examinations and their evaluation of the Company's system of internal accounting controls;
- (ii) the audit plan of the Company's independent auditor and any recommendations on internal accounting controls arising from the statutory audit;
- (iii) the half yearly and annual financial information and the statement of financial position of the Company and the consolidated financial statements of the Group for the financial year ended 31 December 2020 as well as the auditor's report thereon;
- (iv) effectiveness of the Company's material internal controls, including financial, operational and compliance controls and information technology controls and risk management systems via reviews carried out by the internal auditors;

for the financial year ended 31 December 2020

Audit & Risk Committee (Cont'd)

- (v) met with the external auditor, internal auditor, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the Audit & Risk Committee;
- (vi) reviewed legal and regulatory matters that may have a material impact to the financial statements, related compliance policies and programmes and any reports received from regulators;
- (vii) reviewed the cost effectiveness and the independence and objectivity of the external auditor;
- (viii) reviewed the nature and extent of non-audit services provided by the external auditor;
- (ix) recommended to the Board of Directors the external auditor to be nominated, approved the compensation of the external auditor, and reviewed the scope and results of the audit;
- (x) reported actions and minutes of the Audit & Risk Committee to the Board of Directors with such recommendations as the Audit & Risk Committee considered appropriate;
- (xi) reviewed with the Board of Directors and management the possible risks or exposures that may exist and identifying the necessary steps to take in order to minimise such risks to the Company; and
- (xii) reviewed interested person transactions (as defined in Chapter 9 of the Listing Manual of the Singapore Exchange).

The Audit & Risk Committee has full access to and has the co-operation of the management and has been given the resources required for it to discharge its functions properly. It also has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit & Risk Committee also recommends the appointment of the external auditor and reviews the level of audit and non-audit fees. The external and internal auditors have unrestricted access to the Audit & Risk Committee.

The Audit & Risk Committee is satisfied with the independence and objectivity of the external auditor and has recommended to the Board of Directors that the auditor, Foo Kon Tan LLP, be nominated for re-appointment as auditor at the forthcoming Annual General Meeting of the Company.

Further details regarding the Audit & Risk Committee are provided in the Report on Corporate Governance.

In appointing auditors of the Company and its subsidiaries, we have complied with Rules 712 and 715 of the SGX Listing Manual.

DEPENDENT AUDITOR'S REPORT

To the members of Kim Heng Offshore & Marine Holdings Limited and its subsidiaries

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Kim Heng Offshore & Marine Holdings Limited (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2020, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020, and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Going concern basis of accounting

The Group reported a net loss before tax of \$8.7 million and total comprehensive loss of \$7.8 million for the financial year ended 31 December 2020 and the Group's current liabilities have exceeded its current assets and held-for-sale assets by approximately \$2.6 million as at 31 December 2020. Furthermore, the proposed sale of the Group's property located at No. 48 Penjuru Road Singapore 609152 to a third party was not approved by the relevant government authority. The proposed sale, had it been completed, would have strengthened the Group's cash position by approximately \$10 million after the settlement of the outstanding loan related to the Property.

Management's basis for preparing the financial statements on a going concern basis as at 31 December 2020 is provided in Note 2. Management's assessment of the Group's and the Company's ability to generate sufficient operating cash flows and availability of sufficient funds for its operations amidst the disruptions caused by the COVID-19 pandemic are important considerations in our assessment of the appropriateness of the going concern assumption used in the preparation of these financial statements. As the going concern assessment is a significant risk area of our audit and involves significant judgement, we have identified this as a key audit matter.

INDEPENDENT AUDITOR'S REPORT

To the members of Kim Heng Offshore & Marine Holdings Limited and its subsidiaries

Key Audit Matters (Cont'd)

1. Going concern basis of accounting (Cont'd)

In assessing the appropriateness of the use of going concern basis of accounting in the preparation of the financial statements, management has considered the following sources of liquidity and funding available to the Group:

- (1) Future cash inflows from the Group's operating activities for the financial year ending 31 December 2021;
- (2) On 15 January 2021, the Group announced that it had entered into a non-binding memorandum of understanding with a third party in Taiwan in relation to the proposed sale of the Group's two units of 250 feet four-point mooring crane barges and related equipment for approximately \$7.2 million (equivalent to US\$5.2 million);
- (3) The sale of one of the Group's Anchor Handling Tug vessel in February 2021 is expected to strengthen the Group's cash position by approximately \$0.8 million (equivalent to US\$0.6 million) after the settlement of the outstanding loan related to the vessel amounting to \$1.7 million (equivalent to US\$1.3 million); and
- (4) On 26 January 2021, the Group received revised banking facility letters from a financial institution to defer 80% of the monthly principal instalments on the Group's banking facilities of approximately \$18.5 million, till 30 June 2021. The deferred instalment payments amounted to approximately \$1.4 million.

This assessment involves consideration of future events and there is a risk that the future events do not occur as expected and the variations may be material, and the required disclosures in the financial statements may be inadequate.

Our response and work performed:

We obtained an understanding of management's going concern assessment, taking into consideration the current business environment to corroborate our review of the key assumptions used by management. In our assessment, we considered past, current and anticipated changes in the business and economic environment and the effects of COVID-19 pandemic.

We evaluated the reasonableness of the key assumptions, such as revenue projections, and timing of significant cash flows used in the forecasts as approved by the directors and taking into consideration the Group's plans on return of operations to normalcy using different possible scenarios. We also assessed if the forecasts are reasonable by performing sensitivity analyses on the forecasts by considering potential downside scenarios and the resultant impact on available funds. We have also considered the liquidity and recoverability of existing financial and non-financial assets on the balance sheet, which will strengthen the Group's cash position in the next 12 months.

Disclosure of the pertinent information has also been set out in Note 2 to the financial statements.

EMBRACING THE NEW ENERGY CHANGE

DEPENDENT AUDITOR'S REPORT

To the members of Kim Heng Offshore & Marine Holdings Limited and its subsidiaries

Key Audit Matters (Cont'd)

2. Impairment testing of assets

The Group continues to incur losses before tax for the financial year ended 31 December 2020 because the business segments in which the Group operates remain weak in terms of volume and margins. The enactment of the COVID-19 control order as announced on 3 April 2020 and a stringent set of preventive measures collectively called the "Circuit Breaker" from 7 April 2020 to 4 May 2020 and the subsequent extension to 1 June 2020 has impacted the Group's yard operations in Singapore. The demand for various classes of vessels in the Group's chartering fleet remains depressed due to COVID-19 and oil price shock in FY 2020 has hit the oil and gas market. Furthermore, the market capitalisation of the Company was lower than the Group's and the Company's net assets as at the balance sheet date.

This gives rise to financial statements risks such as impairment of (i) the Group's non-financial assets, comprising mainly buildings on leasehold land, vessels, machinery and equipment and right-of-use assets, (ii) the Company's investment in a subsidiary, including non-trade advances extended to the subsidiary and (iii) the recoverability of the Group's trade receivables.

Impairment of property, plant and equipment and right-of-use assets (a)

The Group's property, plant and equipment and right-of-use assets (collectively known as "PPE") amounted to \$88.7 million and \$9.0 million, respectively, as at 31 December 2020. This area is significant to our audit as the carrying amounts of PPE represented 80% of the Group's total assets as at 31 December 2020. Management has performed an annual impairment test on the PPE due to the existence of impairment indicators as at 31 December 2020. The impairment test was conducted by comparing the carrying amounts of PPE to their respective recoverable amounts. There is significant judgement involved in the impairment assessment to determine the recoverable amounts. Management had estimated the recoverable amounts of PPE based on their fair value less cost of disposal. Management has engaged external independent valuers to perform valuations of the PPE and have considered the reasonableness of the valuations. The valuation techniques involve various underlying assumptions used by the external independent valuers. The COVID-19 pandemic has resulted in significant economic uncertainty in current and future economic environment and there is heightened uncertainty inherent in estimating the impact of COVID-19 on the respective fair value less cost of disposal of the PPE.

Our response and work performed:

We assessed the appropriateness of management's identification of the cash generating units ("CGUs") through making inquiries with management and our understanding of the Group's operations and its internal management reporting process.

We evaluated management's assessment of impairment by comparing the carrying values of the PPE with their recoverable amounts determined based on fair value less cost of disposal, to determine if any impairment loss is required. We have assessed the competencies and objectivities of the management experts.

We involved our auditor's expert to assist us in evaluating the valuation methodologies and assessing the appropriateness of key assumptions used, inter alia, the specifications and the age of the PPE. We evaluated the competency and objectivity of the auditor's expert and the adequacy of the work performed by the auditor's experts.

Disclosure of the pertinent information has also been set out in Notes 4 and 5 to the financial statements.

Key Audit Matters (Cont'd)

2. Impairment testing of assets (Cont'd)

Impairment of the Company's cost of investment in a subsidiary, including amounts due from (b) subsidiaries at the Company level

As at 31 December 2020, the Company's cost of investment in Kim Heng Offshore & Marine Pte Ltd ("KHOM"), an investment holding company, amounted to \$77.5 million (FY 2019: \$80.1 million), and it included non-trade amounts due from the subsidiary of \$41.3 million (FY 2019: \$44.0 million) which represented an extension of the Company's net investment in KHOM where the latter has, in turn, invested the amounts in the Company's indirect subsidiaries. Management has recorded an impairment loss of \$2.7 million on investment in a subsidiary during the current financial year ended 31 December 2020.

We considered the audit of management's impairment test on the balance to be significant because the carrying amount of the investment in the subsidiary represented 98% of the Company's total assets as at 31 December 2020 and the impairment assessment involves significant judgment. Management has determined the recoverable amount of the cost of investment, including the non-trade amounts, in KHOM based on the respective realisable net assets values of the cash generating units of KHOM.

Our response and work performed:

We assessed the appropriateness of management's identification of the cash generating units ("CGUs") through making inquiries with management and our understanding of the Group's operations and its internal management reporting process.

We obtained an understanding from management on their assessment of the potential impact of COVID-19 pandemic has on the operations of the direct subsidiaries of KHOM.

In addition, the audit procedures discussed in the preceding paragraphs relating to the impairment assessment on PPE and other factors such as the various subsidiaries' historical and current performance and financial positions were taken into consideration when assessing the impairment assessment of investment in the subsidiary and the non-trade amounts extended to the subsidiary.

We also assessed the adequacy and appropriateness of the related disclosures set out in Note 7 to the financial statements.

Assessment of allowance on doubtful trade receivables (c)

The Group's trade receivables as at 31 December 2020 amounted to \$6.9 million, representing 6% of the Group's total assets. The collectability of trade receivables is a key element of the Group's working capital management, which is managed on an ongoing basis by management. Management determines impairment of trade receivables by making debtor-specific assessment for credit-impaired debtors. For the remaining group of debtors, management provides lifetime expected credit losses using a provision matrix. The provision rates are determined based on the Group's historical default rates analysed based on days past due by grouping customers based on the customer profiles, adjusted for current and forward-looking information. This area is a key audit matter due to the amounts involved, as well as the inherent subjectivity that was involved in making judgement by the management in relation to assumptions used in the expected credit loss ("ECL") model such as forward-looking macroeconomic factors.

DEPENDENT AUDITOR'S REPORT

To the members of Kim Heng Offshore & Marine Holdings Limited and its subsidiaries

Key Audit Matters (Cont'd)

2. Impairment testing of assets (Cont'd)

Assessment of allowance on doubtful trade receivables (Cont'd) (c)

Our response and work performed:

As part of our audit, we assessed the Group's processes and key controls relating to the monitoring of trade receivables including the process in determining whether a debtor is credit- impaired and the Group's processes in collating the key data sources and assumptions for data used in the ECL model. We reviewed the key data sources and assumptions for data used in the determination of default rate and the correlation between the default rate and the current and forward-looking adjustment factor. We considered the age of the debts as well as the trend of collections to identify the collection risks. We obtained trade receivable confirmations and reviewed for collectability by way of obtaining evidence of receipts from the debtors on a sampling basis subsequent to the balance sheet date. We also considered the disclosures in the financial statements about the extent of estimation and judgement involved in determining allowance for doubtful debts.

Disclosure of the pertinent information has also been set out in Notes 9 and 28 to the financial statements respectively.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's and the Company's financial reporting processes.

EMBRACING THE NEW ENERGY CHANGE

INDEPENDENT AUDITOR'S REPORT

To the members of Kim Heng Offshore & Marine Holdings Limited and its subsidiaries

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

EMBRACING THE NEW ENERGY CHANGE

CONSOLIDATED STATEMENT OF CASH FLOWS

for the financial year ended 31 December 2020

Note A:

In the current financial year ended 31 December 2020, the Group acquired property plant and equipment and right-of-use assets with an aggregate cost of \$21,059,000 of which \$9,235,000 and \$1,120,000 were financed by loans and borrowings and lease liabilities, respectively. Cash payment of \$10,704,000 was made to purchase property, plant and equipment and right-of-use assets.

Note B:

The table below details changes in the Group's liabilities arising from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are those for which cash flows were, or future cash flows will be, classified in the Group's consolidated statement of cash flows as cash flows from financing activities.

	Borrowings \$′000 (Note 14)	Lease liabilities \$′000 (Note 15)	Total \$′000
At 1 January 2019	34,858	_	34,858

Note C:

There was a reversal of current tax payable of \$406,000 against other receivables in FY 2020.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

1 General Information

The financial statements of the Group and the Company for the year ended 31 December 2020 were authorised for issue in accordance with a resolution of the directors on the date of the Directors' statement.

The Company is incorporated as a limited liability company domiciled in Singapore and listed on the Catalist Exchange of Singapore.

The registered office of the Company is located at 9 Pandan Crescent, Singapore 128465. The principal activities of the Company are that of an investment holding company. The principal activities of the subsidiaries are disclosed in Note 7 to the financial statements.

2 Going concern

The Group reported a net loss before tax of \$8.7 million and total comprehensive loss of \$7.8 million for the financial year ended 31 December 2020 and the Group's current liabilities have exceeded its current assets and held-for-sale assets by approximately \$2.6 million as at 31 December 2020. Furthermore, the proposed sale of the Group's property located at No. 48 Penjuru Road Singapore 609152 to a third party was not approved by the relevant government authority. The proposed sale, had it been completed, would have strengthened the Group's cash position by approximately \$10 million after the settlement of the outstanding loan related to the Property.

In assessing the appropriateness of the use of going concern basis of accounting in the preparation of the financial statements, management has considered the disruptions caused by the COVID-19 pandemic and the following sources of liquidity and funding available to the Group:

- (1) Future cash inflows from the Group's operating activities for the financial year ending 31 December 2021;
- (2) On 15 January 2021, the Group announced that it had entered into a non-binding memorandum of understanding with a third party in Taiwan in relation to the proposed sale of the Group's two units of 250 feet four-point mooring crane barges and related equipment for approximately \$7.2 million (equivalent to US\$5.2 million);
- (3) The sale of one of the Group's Anchor Handling Tug vessel in February 2021 is expected to strengthen the Group's cash position by approximately \$0.8 million (equivalent to US\$0.6 million) after the settlement of the outstanding loan related to the vessel amounting to \$1.7 million (equivalent to US\$1.3 million);
- (4) On 26 January 2021, the Group received revised banking facility letters from a financial institution to defer 80% of the monthly principal instalments on the Group's banking facilities of approximately \$18.5 million, till 30 June 2021. The deferred instalment payments amounted to approximately \$1.4 million.

The financial statements have been prepared on a going concern basis, which contemplate the realisation of assets and the satisfaction of liabilities in the normal course of business. As described above, management is of the view that they have a reasonable expectation that the Group and the Company have adequate resources to continue in operational existence for the foreseeable future.

If for any reason the Group and the Company are unable to continue as a going concern, the Group and the Company may be unable to discharge their liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal ordinary course of business and at amounts which could differ from the amounts at which they are currently recorded in the statements of financial position. In addition, the Group and the Company may have to provide for further liabilities which may arise and to reclassify non-current assets and liabilities as "current assets" and "current liabilities" respectively. No such adjustments have been made to the financial statements of the Group and the Company in respect of these.

EMBRACING THE NEW ENERGY CHANGE

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(a) Basis of preparation

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)") including related Interpretations promulgated by the Accounting Standards Council ("ASC").

The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollar which is the Company's functional currency. All financial information is presented in Singapore Dollar have been rounded to the nearest thousand, unless otherwise stated.

The accounting policies have been applied consistently to all years presented in these financial statements.

The preparation of the financial statements in conformity with SFRS(I) requires the use of judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the financial year. Although these estimates are based on management's best knowledge of current events and actions, actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

Significant accounting estimates and judgement

The significant accounting estimates and assumptions used and areas involving a high degree of judgement are detailed below:

- (a) Significant judgement made in applying accounting policies
 - (i) <u>Identification of functional currency</u>

The functional currency for each entity in the Group is the currency of the primary economic environment in which it operates. Determination of the functional currency involves significant judgement and other companies may make different judgements based on similar facts. Management reconsiders the functional currency if there is a change in the underlying transactions, events and conditions which determines its primary economic environment.

The determination of functional currency affects the carrying amount of the non-current assets included in the statement of financial position and, as a consequence, the amortisation of those assets included in the statement of comprehensive income. It also impacts the exchange gains and losses included in the statement of comprehensive income.

(ii) <u>Control over Bridgewater Marine (Taiwan) Limited, Ruhm Mazu Sdn Bhd and its subsidiaries and</u> <u>Thaitan International Pte Ltd and its branch ("the Investees")</u>

The Group determines if it has control, or not, over the Investees based on whether the Group has the practical ability to direct the relevant activities significantly affecting the Investee's returns. Although the Group owns less than half or 50% of the ownership interest and voting rights in the above investees, management has determined that the Group has existing rights arising from contractual arrangement or Board representation that give it the current ability to direct the relevant activities that significantly affects the Investee's returns. On this basis, management classifies these Investees as subsidiaries in the consolidated financial statements.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(a) Basis of preparation (Cont'd)

Significant accounting estimates and judgement (Cont'd)

- (a) Significant judgement made in applying accounting policies (Cont'd)
 - (iii) Determination of cash generating unit ("CGU")

Assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups thereof. A CGU is identified consistently from period to period for the same type of assets, unless a change is justified. The identification of CGUs requires significant judgement and can be one of the most difficult areas of impairment accounting. Other than identification of independent cash inflows, management also takes into account other factors such as revenue or asset separation, i.e. whether the streams of revenue derived from the groups of assets are independent of one another or whether assets that operated together to such an extent that they do not generate independent revenue streams.

(iv) Determination of the lease term of right-of-use assets (Note 5)

In determining the lease term of right-of-use assets, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not to exercise a termination option. Extension options (or period after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated). The lease term is reassessed if an option is actually exercised (or not exercised) or the Group becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects the assessment, and that is within the control of the lessee. For leases of the leasehold land, the following factors are normally the most relevant:

- (a) If there are significant penalties to terminate (or not extend), the Group is typically reasonable to certain to extend (or not terminate),
- (b) If the leasehold improvements are expected to have a significant remaining value, the Group is typically reasonably certain to extend (or not to terminate), or
- (c) Otherwise, the Group considers other factors including historical lease durations and the costs and business disruption required to replace the leased asset.

(v) Impairment of investment in a subsidiary (Note 7)

The carrying value of the investment in a subsidiary is reviewed for impairment whenever there is any indication that the investment is impaired. If an indication of impairment exists, the investment's recoverable amount is estimated in accordance with the accounting policy described in Note 3(d). This determination requires significant judgement. The Company evaluates, amongst other factors, the future profitability of the subsidiaries, the financial health and the near-term business outlook including factors such as industry performance and operational and financing cash flows. The recoverable amount of the investment could change significantly as a result of changes in market conditions and assumptions used in determining the recoverable amount.

EMBRACING THE NEW ENERGY CHANGE NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(a) Basis of preparation (Cont'd)

Significant accounting estimates and judgement (Cont'd)

- (a) Significant judgement made in applying accounting policies (Cont'd)
 - (vi) Accounting for government assistance (Note 19)

SFRS(I) 1-20 Accounting for Government Grants and Disclosures of Government Assistance shall be applied when there is a transfer of resources from the government to an entity in return for meeting the stipulated conditions related to the operating activities of the entity and there is no service or goods provided back to the government by the entity. Government grant is recognised when there is reasonable assurance that it will comply with the conditions attached to them and the grants will be received. Government grant shall be recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate. Significant judgement is required in determining the systematic basis, and timing of recognition of grant receivable and realisation to profit or loss.

Included in the government grant income for the current year of \$2,291,000 including government grant receivable at the reporting date of \$278,000 related to the Jobs Support Scheme ("JSS") announced by the Singapore Government to provide wage support to employers during the period of economic uncertainty caused by the COVID-19 pandemic. In determining the timing of recognition of the JSS grant income, management has evaluated and assessed that the adverse impact of this economic uncertainty to the Group commenced in April 2020 when significant volume of marine offshore support activities and chartering services declined following the lockdown measures and travel restrictions.

(b) Critical accounting estimates and assumptions used in applying accounting policies

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The Company based its assumptions and estimate on parameters available when the financial statements are prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumption when they occur.

(i) Depreciation of property, plant and equipment and right-of-use assets (Notes 4 and 5)

The costs of property, plant and equipment and right-of-use assets are depreciated on a straight-line basis over their estimated useful lives. Management estimates the useful lives of these property, plant and equipment to be ranging from 3 years to 20 years. The Group reviews annually the estimated useful lives of property, plant and equipment and right-of-use assets based on factors that include asset utilisation, internal technical evaluation, technological changes and anticipated use of the assets. It is possible that future results of operations could be materially affected by changes in these estimates brought about by changes in the factors mentioned. A reduction in the estimated useful lives of property, plant and equipment and right-of-use assets would increase depreciation expense and decrease non-current assets. If depreciation on plant and equipment and right-of-use assets increases/decreases by 10% (2019 - 10%) from management's estimates, the Group's total comprehensive loss for the financial year will increase/decrease by approximately \$755,000 (2019 - \$901,000).

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(a) Basis of preparation (Cont'd)

Significant accounting estimates and judgement (Cont'd)

- (b) Critical accounting estimates and assumptions used in applying accounting policies (Cont'd)
 - (ii) Impairment of Group's non-financial assets (Notes 4 and 5)

The Coronavirus Disease 2019 ("COVID-19") pandemic has led to heightened uncertainty inherent in estimating the recoverable amounts of the non-financial assets based on fair value less costs to sell due to increased volatility in their selling prices because there is still significant uncertainty in the recovery trajectory of the economy in the near future. In view of the recurring losses in difficult industry conditions, the negative impact arising from COVID-19 on the Group's operations and the Group's market capitalisation being lower than its net assets as at 31 December 2020, management performed an impairment assessment of its property, plant and equipment and right-of-use assets. The estimated recoverable amounts are based on valuation reports obtained from independent professional valuers, having appropriate recognised professional qualifications and experience in the assets being valued. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The recoverable amounts could change significantly as a result of changes in market conditions and the assumptions used in determining the market value. The carrying amounts of the Group's and the Company's non-financial assets are disclosed in Notes 4 and 5.

(iii) <u>Provision for expected credit losses on trade receivables (Note 9)</u>

The Group uses a provision matrix to calculate expected credit losses ("ECL") for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns. The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At the end of each reporting period, historical default rates are updated and changes in the forward-looking estimates are analysed. The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The ECL assessment involves estimation uncertainty heightened by the global economic slowdown ensuing the COVID-19 pandemic, such as a low down in payment collections from the customers. Significant management judgement is required to assess recoverability of debts from known customers who are potentially more negatively impacted by COVID-19. Forward looking adjustments, such as economic data, by management have incorporated potential impact of the COVID-19 pandemic. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information relating to ECLs on the Group's trade receivables is disclosed in Notes 9 and 28. A reasonable change in the estimates will not result in a significant impact to the Group's ECL.

(iv) Estimation of the incremental borrowing rate ("IBR") (Notes 5 and 15)

For the purpose of calculating the right-of-use asset and its related lease liability, the Group applies the interest rate implicit in the lease ("IRIIL") and, if the IRIIL is not readily determinable, the entity shall use its IBR applicable to the lease asset. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

EMBRACING THE NEW ENERGY CHANGE NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(a) Basis of preparation (Cont'd)

Significant accounting estimates and judgement (Cont'd)

- (b) Critical accounting estimates and assumptions used in applying accounting policies (Cont'd)
 - (iv) Estimation of the incremental borrowing rate ("IBR") (Notes 5 and 15) (Cont'd)

For most of the leases whereby the Group is the lessee, the IRIIL is not readily determinable. Therefore, the Group estimates the IBR relevant to each lease asset by using observable inputs (such as market interest rate and asset yield) when available, and then making certain lessee specific adjustments (such as the Group's credit rating). The carrying amount of the Group's right-of-use assets and lease liabilities are disclosed in Notes 5 and 15, respectively. An increase/decrease of 100 basis points in the estimated IBR does not have a material impact on the Group's right-of-use assets and lease liabilities as at the balance sheet date.

(v) Income tax (Note 22)

The Group has exposures to income taxes in jurisdictions that it operates in. Significant judgment is involved in determining the group-wide provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The carrying amounts of the Group's income tax payable as at 31 December 2020 is \$0.06 million (2019 - \$0.2 million).

3(b) Interpretations and amendments to published standards effective in 2020

On 1 January 2020, the Group adopted the following SFRS(I) that are mandatory for application from that date. Changes to the Group's accounting policies have been made as required in accordance with the transitional provisions in the respective SFRS(I).

Reference	Description	Effective date (Annual periods beginning on or after)
SFRS(I) 1-1, SFRS(I) 1-8	Amendments to SFRS(I) 1-1 and SFRS(I) 1-8: Definition of Material	1 January 2020
Revised Conceptual Framewor		1 January 2020

Amendments to SFRS(I) 1-1 and SFRS(I) 1-8: Definition of Material

The amendments include clarifications to the definition of 'material' and the related guidance:

- the threshold of "could influence" has been replaced with "could reasonably be expected to influence";
- the term of 'obscuring information' has been included in the definition of 'material' to incorporate the existing concept in SFRS(I) 1-1 and examples have been provided of circumstances that may result in information being obscured; and
- the scope of 'users' has been clarified to mean the primary users of general purpose financial statements and their characteristics have been defined.

The amendments are to be applied prospectively and are effective for annual periods beginning on or after 1 January 2020. There is no material impact to the Group's and the Company's financial statements on initial application.

for the financial year ended 31 December 2020

3(b) Interpretations and amendments to published standards effective in 2020 (Cont'd)

Revised Conceptual Framework for Financial Reporting

The purpose of the Conceptual Framework is to assist in developing financial reporting standards. The Conceptual Framework is not a standard itself and none of the concepts contained therein override the requirements in any standard. The main changes to the Conceptual Framework's principles have implications for how and when assets and liabilities are recognised and derecognised in the financial statements. These revisions affect those entities which had developed their accounting policies based on the Conceptual Framework in the absence of specific SFRS(I) requirements. In such cases, the entities shall review those policies and apply the new guidance retrospective for annual periods beginning on or after 1 January 2020.

Some SFRS(I), their accompanying documents and SFRS(I) practice statements contain references to, or quotations from the Conceptual Framework. The Amendments to References to the Conceptual Framework in SFRS(I), issued together with the revised Conceptual Framework, sets out updates to SFRS(I), their accompanying documents and SFRS(I) practice statements to reflect the issue of the revised Conceptual Framework. These amendments are effective for annual periods beginning on or after 1 January 2020. There is no material impact to the Group's and the Company's financial statements on initial application.

3(c) Standards issued but not yet effective

At the date of authorisation of these financial statements, the Group and the Company have not adopted the new and revised SFRS(I), INT SFRS(I) and amendments to SFRS(I) that have been issued but are not yet effective, which are relevant to them. Management anticipates that the adoption of these new and revised SFRS(I) pronouncements in future periods will not have a material impact on the Group's and the Company's financial statements in the period of their initial application.

Reference	Description	Effective date (Annual periods beginning on or after)
Amendments to SFRS(I) 16	COVID-19 Related Rent Concessions	1 June 2020
Amendments to SFRS(I) 1-16	Property, Plant and Equipment – Proceeds before Intended Use	1 January 2022
Amendments to SFRS(I) 1-37	Onerous Contracts – Cost of Fulfilling a Contract	1 January 2022
Amendments to SFRS(I) 1-1	Classification of Liabilities as Current or Non-current	1 January 2023

Amendments to SFRS(I) 16 COVID-19 Related Rent Concessions

The amendments provide relief to lessees from applying SFRS(I) 16 guidance on lease modification accounting for rent concessions arising as a direct consequence of the Coronavirus Disease 2019 ("COVID-19") pandemic. As a practical expedient, a lessee may elect not to assess whether a COVID-19 related rent concession from a lessor is a lease modification. A lessee that makes this election accounts for any change in lease payments resulting from the COVID-19 related rent concession the same way it would account for the change under SFRS(I) 16 if the change were not a lease modification. The amendments are applicable on a modified retrospective basis for annual reporting periods beginning on or after 1 June 2020. Early application is permitted.

It is currently impractical to disclose any further information on the known or reasonably estimable impact to the Group's and the Company's financial statements in the period of initial application.

EMBRACING THE NEW ENERGY CHANGE NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(c) Standards issued but not yet effective (Cont'd)

Amendments to SFRS(I) 1-16 Property, Plant and Equipment – Proceeds before Intended Use

The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced before that asset is available for use, i.e. proceeds while bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. An entity shall recognise such sales proceeds and related costs in profit or loss and measure the cost of those items in accordance with SFRS(I) 1-2 Inventories.

The amendments also clarify the meaning of 'testing whether an asset is functioning properly' and specify this as assessing whether the technical and physical performance of the asset is such that it is capable of being used in the production or supply of goods or services, for rental to others, or for administrative purposes.

The amendments are effective for annual periods beginning on or after 1 January 2022, with early application permitted. The amendments are applied retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognise the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

There is no material impact expected to the Group's and the Company's financial statements on initial application.

Amendments to SFRS(I) 1-37 Onerous Contracts – Cost of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract consist of both the incremental costs of fulfilling that contract (e.g. direct labour or materials) and an allocation of other costs that relate directly to fulfilling contracts (e.g. depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

The amendments are effective for annual periods beginning on or after 1 January 2022, with early application permitted. The amendments apply to contracts for which the entity has not yet fulfilled all its obligations at the beginning of the annual reporting period in which the entity first applies the amendments. Comparatives are not restated. Instead, the entity shall recognise the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the date of initial application.

There is no material impact expected to the Group's and the Company's financial statements on initial application.

Amendments to SFRS(I) 1-1 Classification of Liabilities as Current or Non-current

The amendments affect only the presentation of liabilities as current or non-current in the statement of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items.

The amendments clarify that the classification of liabilities as current or non-current is based on the rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise the right to defer settlement of a liability, explain that rights are in existence if covenants are complied with at the end of the reporting period, and introduce a definition of 'settlement' to make clear that settlement refers to the transfer of cash, equity instruments, other assets or services to the counterparty.

The amendments are applied retrospectively for annual periods beginning on or after 1 January 2023, with early application permitted.

There is no material impact expected to the Group's and the Company's financial statements on initial application.

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies

Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intragroup transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control and continue to be consolidated until the date that such control ceases.

Losses and other comprehensive income are attributable to the non-controlling interest even if that results in a deficit balance.

<u>Subsidiary</u>

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Thus, the Group controls an investee if, and only if, the Group has all of the following:

- power over the investee;
- exposure, or rights or variable returns from its involvement with the investee; and
- the ability to use its power over the investee to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally.

The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Acquisitions from entities under common control

Business combinations arising from transfers of interests in entities that are under the control of the shareholder that controls the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative year presented or, if later, at the date that common control was established. For this purpose, comparatives are restated. The assets and liabilities acquired are recognised at the carrying amounts recognised previously in the Group controlling shareholder's consolidated financial statements. The components of equity of the acquired entities are added to the same components within Group equity and any gain/loss arising is recognised directly in equity.

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Consolidation (Cont'd)

Transactions with Non-Controlling Interest

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company, and are presented separately in the consolidated statement of comprehensive income and within equity in the consolidated statement of financial position, separately from equity attributable to owners of the Company.

Change in ownership interest without loss of control

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Group.

Loss of control

When the Group loses control of a subsidiary, a gain or loss is recognised in the statement of comprehensive income and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interest. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable SFRS(I)).

The fair value of any investment retained in the former subsidiary at the date when the control is lost is regarded as the fair value on the initial recognition for subsequent accounting under SFRS(I) 9, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

Property, plant and equipment and depreciation

Property, plant and equipment are stated at cost or valuation less accumulated depreciation and accumulated impairment losses, if any. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amount over their estimated useful lives as follows:

Building on a leasehold land	remaining lease term of 2 and 16 years
Machinery and equipment	3 - 20 years
Vessels	5 - 20 years
Furniture, fittings, office equipment and computers	3 - 10 years

Assets under construction are not depreciated.

The cost of property, plant and equipment includes expenditure that is directly attributable to the acquisition of the items. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the asset.

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset when it is probable that future economic benefits in excess of the standard of performance of the asset before that expenditure was made will flow to the Group and the cost can be reliably measured. Other subsequent expenditure is recognised as an expense during the financial year in which it is incurred.

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Property, plant and equipment and depreciation (Cont'd)

For acquisitions and disposals during the financial year, depreciation is provided from the month of acquisition and to the month before disposal, respectively. Fully depreciated property, plant and equipment are retained in the books of accounts until they are no longer in use.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amounts of the asset and is recognised in the statement of comprehensive income.

Depreciation methods, useful lives and residual values are reviewed, and adjusted as appropriate, at each reporting date as a change in estimates.

Leases

The Group as a lessee

The Group assesses whether a contract is or contains a lease at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of twelve months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

(a) Lease liabilities

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses the incremental borrowing rate specific to the lessee. The incremental borrowing rate is defined as the rate of interest that the lessee would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

Variable lease payments that are not based on an index or a rate are not included as part of the measurement and initial recognition of the lease liability. The Group recognises those lease payments in the statement of comprehensive income in the periods that trigger those lease payments. For all contracts that contain both lease and non-lease components, the Group has elected to not separate lease and non-lease components and account these as one single lease component. The lease liabilities are presented as a separate line item in the statement of financial position.

The lease liability is subsequently measured at amortised cost, by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Leases (Cont'd)

The Group as a lessee (Cont'd)

(a) Lease liabilities (Cont'd)

The Group remeasures the lease liability (with a corresponding adjustment to the related right-of-use asset or to the statement of comprehensive income if the carrying amount of the right-of-use asset has already been reduced to nil) whenever:

- the lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate;
- the lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using the initial discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used); or
- a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

(b) <u>Right-of-use assets</u>

The right-of-use asset comprises the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under SFRS(I) 1-37. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Depreciation on right-of-use assets is calculated using the straight-line method to allocate their depreciable amounts over the shorter period of lease term and useful life of the underlying asset, as follows:

Leasehold land:	Over the lease term of 2 years and 18 years
Machinery and equipment:	3 – 20 years
Motor vehicles	5 years

If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

The right-of-use assets are presented as a separate line item in the statement of financial position.

The Group applies SFRS(I) 1-36 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss.

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Leases (Cont'd)

The Group as a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

At inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices. If an arrangement contains lease and non-lease components, then the Group applies SFRS(I)15 to allocate the consideration in the contract.

The Group applies the derecognition and impairment requirements in SFRS(I) 9 to the net investment in the lease. The Group further regularly reviews estimated unguaranteed residual values used in calculating the gross investment in the lease.

Club memberships

Club memberships are stated at cost less allowance for impairment losses.

Investment in subsidiaries

In the Company's separate financial statements, investments in subsidiaries are stated at cost less allowance for any impairment losses on an individual subsidiary basis.

Non-current assets held-for-sale

Non-current assets that are highly probable to be recovered primarily through sale rather than through continuing use, are classified as held-for-sale. Immediately before classification as held-for-sale, the assets are remeasured in accordance with the Group's accounting policies. Thereafter, the assets classified as held-for-sale are generally measured at the lower of their carrying amount and fair value less costs to sell. Impairment losses on initial classification as held for sale and subsequent gains or losses on remeasurement are recognised in statement of comprehensive income. Gains are not recognised in excess of any cumulative impairment loss.

Property, plant and equipment and right-of-use assets once classified as held-for-sale, are not depreciated.

The Group shall measure a non-current asset that ceases to be classified as held for sale at the lower of: (a) its carrying amount before the asset was classified as held for sale, adjusted for any depreciation, amortisation or revaluations that would have been recognised had the asset not been classified as held for sale, and (b) its recoverable amount at the date of the subsequent decision not to sell.

EMBRACING THE NEW ENERGY CHANGE NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Impairment of non-financial assets

As at each reporting date, the Group and the Company review the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group and the Company estimate the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value-in-use. In assessing value-inuse, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of comprehensive income, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of comprehensive income, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Inventories

Inventories are valued at the lower of cost and net realisable value. Cost is determined on a first-in first-out basis and includes all costs in bringing the inventories to their present location and condition. Allowance is made, where necessary, for obsolete, slow-moving and defective inventories.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs necessary to make the sale.

Financial instruments

Financial instruments carried on the statement of financial position include financial assets and financial liabilities. The particular recognition methods adopted are disclosed in the individual policy statements associated with each item. These are recognised on the Group's and the Company's statement of financial position when the Group and the Company become a party to the contractual provisions of the instrument. Disclosures of the Group's and the Company's financial risk management objectives and policies are provided in Note 28.

Financial assets and financial liabilities are offset and the net amount presented on the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the recognised amounts, and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Financial instruments (Cont'd)

Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, and subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI"), and fair value through profit or loss ("FVTPL").

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group and the Company have applied the practical expedient, the Group and the Company initially measure a financial asset at its fair value plus, in the case of financial asset not at fair value through profit or loss, transaction costs. Trade receivables are measured at the amount of consideration to which the Group and the Company expect to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party if the trade receivables do not contain a significant financing component at initial recognition.

In order for a financial asset to be classified and measured at amortised cost or FVOCI, it needs to give rise to cash flows that are "solely payments of principal and interest" ("SPPI") on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's and the Company's business model for managing financial assets refer to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments);
- Financial assets at FVOCI with recycling of cumulative gains and losses (debt instruments);
- Financial assets designated at FVOCI with no recycling of cumulative gains and losses upon derecognition (equity instruments); or
- Financial assets at FVTPL

The Group and the Company do not hold any financial assets at FVOCI or financial assets at FVTPL.

Subsequent measurement of debt instruments depends on the Group's and the Company's business model with the objective to hold financial assets in order to collect contractual cash flows and the contractual cash terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding the asset.

Financial assets that are held for the collection of contractual cash flows where those cash flows represent SPPI are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in the statement of comprehensive income when the assets are derecognised or impaired, and through amortisation process.

The Group's and the Company's financial assets at amortised cost comprise trade and other receivables and cash and cash equivalents.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Financial instruments (Cont'd)

Financial assets (Cont'd)

Impairment of financial assets

The Group and the Company assess on a forward-looking basis, the expected credit losses ("ECLs") associated with its debt instrument assets carried at amortised cost and FVOCI. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group and the Company expect to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (12-month ECLs). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (lifetime ECLs).

For trade receivables and contract assets, the Group and the Company measure the loss allowance at an amount equal to lifetime ECLs. Therefore, the Group and the Company do not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at the end of each reporting period. The Group and the Company have established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other receivables, the Group recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on other receivables has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increase in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

The Group and the Company consider a financial asset to be in default when internal or external information indicates that the Group and the Company are unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group and the Company

At the end of each reporting period, the Group and the Company assess whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of these assets. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and short-term deposits with maturities of three months or less from the date of acquisition that are subject to an insignificant risk of changes in their fair value, and are used by the Group in the management of its short-term commitments. For the purpose of the statement of cash flows, pledged deposits are excluded whilst bank overdrafts that are repayable on demand and that form an integral part of the Group's cash management are included in cash and cash equivalents.

Financial liabilities

Initial recognition and measurement

The Group and the Company determine the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at FVTPL, directly attributable transaction costs.

Borrowings to be settled within the Group's normal operating cycle are considered as "current". Other borrowings due to be settled more than 12 months after the reporting date are included in "non-current" borrowings in the statement of financial position. Borrowings are recognised initially at fair value of proceeds received less attributable transaction costs, if any. Borrowings are subsequently stated at amortised cost which is the initial fair value less any principal repayments. Any difference between the proceeds (net of transaction costs) and the redemption value is taken to the statement of comprehensive income over the period of the borrowings using the effective interest method. The interest expense is chargeable on the amortised cost over the period of borrowing using the effective interest method.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at FVTPL are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the statement of comprehensive income when the liabilities are derecognised, and through the amortisation process.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of comprehensive income.

Contract Assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customers. If the Group transferred goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract Liabilities

Contract liabilities relate primarily to the progress billing issued in excess of the Group's right to the consideration in respect of its marine service business.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

Repurchase, disposal and reissue of share capital (treasury shares)

When share capital recognised as equity is repurchased, the amount of the consideration paid, which includes directly attributable costs, net of any tax effects, is recognised as a deduction from equity. Repurchased shares are classified as treasury shares and are presented in the reserve for own share account. When treasury shares are sold or reissued subsequently, the amount received is recognised as an increase in equity, and the resulting surplus or deficit on the transaction is presented in non-distributable capital reserve.

Financial guarantee contracts

Financial guarantee contracts are accounted for as insurance contracts and treated as contingent liabilities until such time as they become probable that the Group will be required to make a payment under the guarantee. A provision is recognised based on the Group's estimate of the ultimate cost of settling all claims incurred but unpaid at the balance sheet date. The provision is assessed by reviewing individual claims and tested for adequacy by comparing the amount recognised and the amount that would be required to settle the guarantee contract.

Provisions

Provisions are recognised when the Group and the Company have a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The directors review the provisions annually and where in their opinion, the provision is inadequate or excessive, due adjustment is made.

Borrowing costs

Borrowing costs are recognised in the statement of comprehensive income as incurred except to the extent that they are capitalised. Borrowing costs are capitalised if they are directly attributable to the acquisition, construction or production of a qualifying asset. Foreign exchange differences arising from foreign currency borrowings are capitalised to the extent that they are regarded as an adjustment to interest costs.

Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are ready for their intended use or sale.

Employee benefits

Defined contribution obligations

The Group contributes to the Central Provident Fund ("CPF"), a defined contribution plan regulated and managed by the Government of Singapore, which applies to the majority of the employees. The Group's contributions to CPF are charged to the statement of comprehensive income in the period to which the contributions relate.

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Employee benefits (Cont'd)

Employee leave entitlements

Employee entitlements to annual leave are recognised when they accrue to employees. Accrual is made for unconsumed leave as a result of services rendered by employees up to the end of the reporting period.

Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of reporting period.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting or taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiaries, associates and joint ventures, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the date of the financial position; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the date of the financial position, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in the statement of comprehensive income except to the extent that the tax arises from a business combination or a transaction which is recognised either in other comprehensive income or directly in equity. Deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Revenue

Revenue from sale of goods and services rendered in the course of ordinary activities is recognised when the Group satisfies a performance obligation (PO) by transferring control of a promised good or service to the customer. The amount of revenue recognised is the amount of the transaction price allocated to the satisfied PO.

The transaction price is allocated to each PO in the contract on the basis of the relative stand-alone selling prices of the promised goods or services. The individual standalone selling price of a good or service that has not been previously sold on a stand-alone basis, or has a highly variable selling price, is determined based on the residual portion of the transaction price after allocating the transaction price to goods and/or services with observable stand-alone selling prices. A discount or variable consideration is allocated to one or more, but not all, of the performance obligations if it relates specifically to those performance obligations.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Revenue (Cont'd)

Transaction price is the amount of consideration in the contract to which the Group expects to be entitled in exchange for transferring the promised goods or services. The transaction price may be fixed or variable and is adjusted for time value of money if the contract includes a significant financing component.

Consideration payable to a customer is deducted from the transaction price if the Group does not receive a separate identifiable benefit from the customer.

When consideration is variable, the estimated amount is included in the transaction price to the extent that it is highly probable that a significant reversal of the cumulative revenue will not occur when the uncertainty associated with the variable consideration is resolved.

Revenue may be recognised at a point in time or over time following the timing of satisfaction of the PO. If a PO is satisfied over time, revenue is recognised based on the percentage of completion reflecting the progress towards complete satisfaction of the PO.

Marine offshore support services income

Marine offshore support services principally generate revenue from offshore support services rendered and freight service income. Revenue is recognised when services are rendered over time.

Chartering, towage and rental of equipment

Chartering and towage income, and equipment rental income are recognised on an accrual basis over the period for which the vessels are chartered and the period of rental of equipment, respectively.

Trading in vessels and sale of goods

Revenue is recognised when the vessels or goods are delivered to the customer and all criteria for acceptance has been satisfied.

Related parties

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Group and the Company if that person:
 - (i) has control or joint control over the Company;
 - (ii) has significant influence over the Company; or
 - (iii) is a member of the key management personnel of the Group or Company or of a parent of the Company.

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Related parties (Cont'd)

- (b) An entity is related to the Group and the Company if any of the following conditions applies:
 - (i) the entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
 - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) both entities are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely the legal form.

Key management personnel

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the entity. Directors and certain key executive officers are considered key management personnel.

Functional currencies

Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The functional currency of the Company is Singapore Dollar.

The consolidated financial statements of the Group and the statement of financial position of the Company are presented in Singapore Dollar. The choice of presentation currency is to better reflect the currency that mainly determines economic effects of transactions, events and conditions of the Group.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

3(d) Summary of significant accounting policies (Cont'd)

Conversion of foreign currencies

Foreign currency transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the date of the transactions. Currency translation differences from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the end of reporting period are recognised in profit of loss, unless they arise from borrowings in foreign currencies and net investment in foreign operations. Those currency translation differences are recognised in the currency translation reserve in the consolidated financial statements and transferred to the profit or loss as part of the gain or loss on disposal of the foreign operation.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the date of the transactions.

Group entities

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) and the Company that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) Assets and liabilities (including comparatives) are translated at the closing exchange rates at the end of reporting period;
- (ii) Income and expenses for each statement presenting profit or loss and other comprehensive income (i.e. including comparatives) shall be translated at exchange rates at the dates of transactions; and
- (iii) All resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve.

Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares, which comprise share options granted to employees.

Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker has been identified as the Chief Executive Officer who makes strategic resources allocation decisions.

Additional disclosures on operating segments are shown in Note 27 to the financial statements, including the factors used to identify the reportable segments and the measurement basis of segment information. Segment results that are reported to Chief Executive Officer include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

	77,453	80,127

Pursuant to a directors' resolution dated 31 December 2019, the non-trade amounts due from subsidiaries amounting to \$44.0 million were reclassified from "trade and other receivables" to "investments in subsidiaries" as the non-trade amounts represent an extension of the Company's net investment in the subsidiaries.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

7 Subsidiaries (Cont'd)

These amounts are unsecured and interest-free with repayment terms at the discretion of the subsidiaries. As the amount is, in substance, a part of the Company's net investment in the subsidiary, it is considered to be part of the cost of investment, and is stated at cost, less impairment losses, if any.

As at 31 December 2020, management performed an impairment assessment and concluded that impairment indicators existed. Accordingly, management carried out a review of the recoverable amount of its investment in the subsidiary using the realisable net assets value ("RNAV") approach of the cash generating units of the subsidiary. Arising from this, management recognised an impairment loss of \$2.7 million in cost of investment in Kim Heng Offshore & Marine Pte Ltd in the Company's statement of comprehensive income for the financial year ended 31 December 2020.

Details of the subsidiaries are set out below:

Amounts due from subsidiaries

The outstanding balances with subsidiaries are unsecured, interest-free and are repayable on demand. There is no allowance for doubtful debts arising from these outstanding balances as the ECL is not material.

Contract assets

Progress billings to the customers are typically triggered upon achievement of specified milestones. Contract assets is recognised when the Group has performed under the contract but has not yet billed the customers. Contract assets are transferred to receivables when the rights to consideration become unconditional.

for the financial year ended 31 December 2020

9 Trade and other receivables (Cont'd)

Contract assets (Cont'd)

Significant changes in contract assets are explained as follows:

The Group	2020 \$′000	2019 \$'000
Contract assets reclassified to trade receivables	5,072	1,129
Revenue recognised not yet billed	3,543	5,072

At 31 December	5,702	27,807

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

11 Assets held-for-sale (Cont'd)

As at 31 December 2020, the carrying amount of the assets held-for-sale comprised (i) two units of 250 feet four-point mooring crane barges with two cranes amounting to \$5.3 million pursuant to the finalisation of a non-binding memorandum of understanding entered with a third party in Taiwan; and (ii) three units of diving support vessels amounting to \$0.4 million, respectively.

As at 31 December 2019, the carrying amount of the assets held-for-sale comprised (i) \$26.56 million for the leasehold land and building located at No. 48 Penjuru Road, Singapore 609152; and (ii) \$1.25 million for 2 units of cranes, respectively.

No. 48 Penjuru Road (the "Property")

On 30 December 2019, the Group entered into a conditional Option to Purchase ("OTP") with a third party (the "Purchaser") for the proposed sale of the Property for an aggregate consideration of \$18.5 million ("Sale price").

The Group received a deposit of \$0.2 million, i.e. 1% on the Sale Price, which was recorded in "deposits from customers" in Note 17 to the financial statements as at 31 December 2019. On 29 January 2020, the Purchaser exercised the OTP and a further \$0.7 million, representing 4% on the Sale Price, was paid and retained by the Singapore Academy of Law to be released to the Group upon completion of the sale. The sale of the Property to the Purchaser is subject to Jurong Town Corporation ("JTC") approval as at the date of these financial statements.

Management had classified the Property as "assets held-for-sale" as at 31 December 2019.

On 6 October 2020, the Group announced that JTC did not approve the proposed sale of the Property to the Purchaser as the latter did not meet the requirements to purchase a waterfront yard facility. Accordingly, both parties mutually agreed to cancel the OTP and the Group has refunded the aggregate cash deposit of \$0.9 million to the Purchaser.

With the cancellation of the OTP, management reclassified the Property to (a) property, plant and equipment (building on leasehold land) and (b) right-of-use assets (leasehold land) respectively on 31 October 2020. Management recorded the Property at \$20 million in accordance with SFRS(I) 5, which is based on the lower of: (i) the carrying amount of the Property before the Property was classified as held-for-sale, adjusted for impairment and depreciation that would have been recognised had the Property not been classified as held for sale; and (ii) its recoverable amount of the Property was determined based on fair value determined by an independent external valuer. Accordingly, management recognised an adjustment on change in measurement basis amounting to \$1.9 million in the consolidated statement of comprehensive income.

12 Share capital

The Company	No. of ord	linary shares	Amount		
	2020	2019	2020	2019	
	'000	' 000	\$′000	\$'000	
Issued and fully paid with no par value					
At beginning of year	708,682	708,832	74,409	74,409	
Purchase of treasury shares	(775)	(150)	-	-	
At end of year	707,907	708,682	74,409	74,409	

for the financial year ended 31 December 2020

12 Share capital (Cont'd)

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

Treasury shares

Treasury shares of \$140,000 (2019 - \$120,000) relate to ordinary shares of the Company that are held by the Company.

During the financial year, the Company purchased 775,000 (2019 - 150,000) of its ordinary shares by way of on-market purchases at share prices averaging from \$0.026. The total amount paid to purchase the shares was \$20,000 (2019 - \$10,000).

13 Reserves

The reserves comprise the following balances:

	The	Group	The Company	
	2020	2019	2020	2019
	\$′000	\$'000	\$′000	\$'000
Merger deficit	(32,763)	(32,763)	-	-
Translation reserve	(561)	(194)	-	_
	(33,324)	(32,957)	_	_

Merger deficit

The merger deficit arises from the difference between the nominal value of the shares issued by the Company and the nominal value of shares of the subsidiaries acquired under the pooling-of-interest method of consolidation as described in Note 3(d).

Translation reserve

The translation reserve comprises the foreign exchange differences arising from the translation of financial statements of foreign operations whose functional currencies are different from the presentation currency of the Group.

EMBRACING THE NEW ENERGY CHANGE NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

14 Loans and borrowings (Cont'd)

The banking facilities for term loans and finance lease liabilities are secured as follows:

- Corporate guarantees by the Company amounted to \$77,371,000 (2019: \$58,830,000); and
- Property, plant and equipment and fixed deposits as disclosed in notes 4 and 10 respectively.

(a) Term loans

The Group had secured bank loans with a carrying amount of \$38,861,000 and \$26,465,000 at 31 December 2020 and 31 December 2019, respectively.

The Group is subject to externally imposed capital requirements whose loan facilities are required to maintain its financial position in excess of specified financial thresholds at all times. The Group has complied with these covenants at the reporting date.

On 26 January 2021, the Group received revised banking facility letters from a financial institution to defer 80% of the monthly principal instalments on the Group's banking facilities of approximately \$18.5 million, till 30 June 2021. The deferred instalment payments amounted to approximately \$1.4 million.

Arising from the reclassification of the Property from assets held-for-sale to property, plant and equipment and right-of-use assets, the "non-current" portion of the corresponding term loan amounting to \$6,247,000 has been reclassified to non-current liabilities as at 31 December 2020.

(b) Terms and debt repayment schedule

Terms and conditions of outstanding loans and borrowings are as follows:

	Nominal ir	nterest rate	Year of	maturity	Carrying	g amount	Fair	value
	2020	2019	2020	2019	2020	2019	2020	2019

Information about the Group and Company's exposure to interest rate and liquidity risks is disclosed in Note 28.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

15 Lease liabilities

	2020	2019
The Group	\$'000	\$'000
Undiscounted lease payments due:		
- No later than one year	2,161	9,273
- Later than one year and not later than five years	4,125	3,068
- Later than five years	4,524	30
	10,810	12,371
Less: Future interest costs	(2,488)	(2,790)
	8,322	9,581
Presented as:		
- Non-current	6,506	2,845
- Current	1,816	6,736
	8,322	9,581

The Group's lease liabilities are secured by the lessors' title to the leased assets.

Arising from the reclassification of the Property from assets held-for-sale in Note 11 to property, plant and equipment and right-of-use assets in Notes 4 and 5, respectively, the "non-current" portion of the corresponding lease liabilities amounting to \$4,278,000 has been reclassified to "non-current" liabilities as at 31 December 2020.

Total cashflows for all leases in the current financial year amounted to \$2,950,000 (2019 - \$3,463,000).

Interest expense on lease liabilities of \$413,000 (2019 - \$484,000) is recognised within "finance costs" in the consolidated statement of comprehensive income.

Rental expenses not capitalised in lease liabilities but recognised within "operating expenses" in the consolidated statement of comprehensive income are set out below:

The Group	2020 \$′000	2019 \$'000
Short-term leases	37	322
Leases of low-value assets	43	109
	80	431

As at 31 December 2020 and 31 December 2019, the Group's short-term lease commitments at the reporting date are not substantially dissimilar to those giving rise to the Group's short-term lease expense for the year.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

16 Deferred tax liabilities

Deferred tax assets and liabilities of the Group (prior to offsetting of balances) during the year are as follows:

		Recognised	
	At	in profit	At
	1 January	or loss	31 December
	\$'000	\$'000	\$'000
		(Note 22)	
At 31 December 2020			
Deferred tax liabilities			
Property, plant and equipment	3,397	(1,874)	1,523
At 31 December 2019			
Deferred tax liabilities			
Property, plant and equipment	3,278	119	3,397

Deferred tax liabilities and assets are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same tax authority. The amounts determined after appropriate offsetting are included in the statements of financial position as follows:

	2020	2019
The Group	\$′000	\$'000
Deferred tax liabilities - to be settled beyond one year	1,523	3,397

As at the reporting date, no deferred tax assets have been recognised in respect of the following temporary differences:

The Group	2020 \$'000	2019 \$'000
Unutilised tax losses	14,474	14,701
Unutilised capital allowances	-	67
	14,474	14,768

The unutilised tax losses and unabsorbed capital allowances are available for set-off against future taxable profits subject to compliance with the Singapore Income Tax Act Chapter 134. The deductible temporary differences do not expire under current tax legislation.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

17 Trade and other payables

	The Group		The Co	mpany
	2020	2019	2020	2019
	\$′000	\$'000	\$′000	\$'000
Trade payables	6,285	5,877	120	223
Accrued operating expenses	4,274	4,794	84	83
Amounts due to directors (non-trade)	412	354	-	_
Deposits from customers	15	802	-	_

Financial liabilities at amortised cost	11,112	11,886	204	306
Advance billings to customers	275	241	_	_
	11,387	12,127	204	306

The non-trade amounts due to directors are interest-free, unsecured and repayable on demand. The Group's exposure to currency and liquidity risks related to trade and other payables is disclosed in Note 28.

18 Revenue

The Group	2020 \$′000	2019 \$′000
Marine offshore support services income, recognised over time	21,540	28,138
Chartering and towage income, recognised over time	10,811	15,546
Equipment rental income, recognised over time	3,802	4,845
Sale of goods, recognised at a point in time	1,490	9,551
	37,643	58,080

19 Other income

The Group	2020 \$′000	2019 \$′000
Interest income	7	7
Rental income	215	423
Government grant income	2,723	_
Miscellaneous income	163	318
	3,108	748

Included in government grant income comprised mainly (i) Job Support Scheme ("JSS") grant of \$2,291,000 and (ii) cash grant under Rental Relief Framework of \$159,000, respectively, from the Singapore Government. JSS grant is to help employers to retain their local employees during the period of economic uncertainty as a result of COVID-19. JSS grant income is allocated over the period of uncertainty to match the related staff costs for which the grant is intended to compensate.

- Bank overdrafts and term loans	1,310	1,441
- Lease liabilities	413	484
- Trust receipts	61	115
	1,784	2,040

21 Loss before tax

The following items have been included in arriving at loss before tax:

		2020	2019
The Group	Note	\$′000	\$'000
Audit fees paid/payable to:			
- auditors of the Company		165	150
- other auditors		113	56
Non-audit fees paid/payable to auditors of the Company			
- auditors of the Company		47	34
- other auditors		30	10
Adjustment on change in measurement basis upon reclassification of the Property	11	1,905	_
Depreciation of property, plant and equipment	4	5,723	7,191
Depreciation of right-of-use assets	5	1,828	1,819
Directors' fees		152	152
Exchange loss - net		201	40
Impairment loss on property, plant and equipment	4	225	3,106
Impairment loss on trade and other receivables (net)	28	274	47
Loss on disposal/write-off of property, plant and equipment and right-of use assets		50	694
Employee benefits:	_		
- Staff costs, including salaries, bonuses and other costs*		8,100	8,447
- Contributions to defined contribution plans*		867	1,215
	=	8,967	9,662

Included in the above is key management personnel compensation, excluding directors' fees paid to non-executive directors, which is disclosed in Note 24 (ii).

for the financial year ended 31 December 2020

22 Tax expense

Major components of income tax expense

The major components of income tax expenses for the year ended 31 December 2020 and 31 December 2019 are:

	2020	2019
The Group	\$′000	\$'000
Current tax expense		
Underprovision of current tax in respect of prior years	339	78
Deferred tax expense		
Movements in temporary differences (Note 16)	(1,874)	119
	(1,535)	197
Reconciliation of effective tax rate		
	2020	2019
The Group	\$′000	\$'000
Loss before taxation	(8,708)	(6,749)
Tax at statutory rate of 17% (2019 - 17%)	(1,480)	(1,147)
Effect of tax rates in foreign jurisdictions	-	142
Tax effect on non-deductible expenses	905	2,361
Tax effect on non-taxable income	(1,249)	(879)
Utilisation of previously unrecognised deferred tax assets	(50)	(261)
Underprovision of current tax in respect of prior years	339	78
Others		(97)
	(1,535)	197

Non-deductible expenses mainly relate to depreciation expenses on property, plant and equipment and right-of-use assets determined based on a ratio to allocate the common expenses and common assets incurred by the Group between its tax exempt and non-tax exempt income categories.

Non-taxable income mainly relates to certain chartering income that is not subject to tax under Section 13A of the Singapore Income Tax Act and government grant received under JSS and Rental Relief Framework.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

23 Loss per share

The Group	2020 \$′000	2019 \$'000
Loss attributable to ordinary shareholders of the Company	(5,264)	(7,756)

The calculation of the basic and diluted loss per share was based on the weighted average number of ordinary outstanding shares of the Company of 708,216,000 (2019 - 708,731,000) shares, calculated as follows:

Weighted average number of shares

	2020	2019
The Group	\$′000	\$'000
Issued ordinary shares at 1 January	708,731	708,832
Effect of own share held	(515)	(101)
Weighted average number of ordinary shares during the year	708,216	708,731

There were no dilutive potential ordinary shares in existence for the year ended 31 December 2020 and 2019.

24 Related party transactions

(i) Sale and purchase of goods and services

During the financial year, other than those transactions as disclosed elsewhere in the financial statements, there were no related party transactions.

(ii) Compensation of key management personnel

Key management personnel of the Group are those persons having the authority and responsibility for planning, directing and controlling the activities of the Group. The directors are considered as key management personnel of the Group.

The key management personnel compensation comprises:

	2020	2019
The Group	\$'000	\$'000
Short term employee benefits	2,088	2,105
Contributions to defined contribution plans	46	47
	2,134	2,152

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

25 Commitments

Capital commitments

As at 31 December 2020, capital expenditures contracted for but not recognised in the financial statements, are as follows:

The Group	2020 \$'000	2019 \$′000
Right-of-use assets	2,857	_
Property, plant and equipment	_	1,400
	2,857	1,400

Lease commitments

Where the Group is the lessor

In FY 2019, the Group sub-leased certain office spaces to a non-related party under non-cancellable operating leases receivables amounting to \$70,000 within the next twelve months.

26 Contingent liabilities

The Group

There were contingent liabilities in respect of the following:

- (a) Immigration bond given to Ministry of Manpower by three of the subsidiaries within the Group in respect of the employment of foreign workers amounting to \$1,750,000 (2019 \$1,750,000); and
- (b) Guarantees given to suppliers, customers, port authorities and immigration authorities by one of the entities within the Group in respect of services rendered amounted to \$1,758,000 (2019 \$2,857,000).

27 Operating segments

The Group has two reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Group's Chief Executive Officer ("CEO") (the chief operating decision maker) review internal management reports on a monthly basis to make strategic decisions. The following summary describes the operations in each of the Group's reportable segments:

- Offshore Rig Services and Supply Chain Management: Includes chartering, freight, servicing and repair of vessels, provision of services of marine engineers, consultants, sub-contractors, labour supply, fabrication services, trading in drill pipes and related drilling materials, provision of services and rental of marine equipment and cranes.
- Vessel Sales and Newbuild: Includes trading of vessels and newbuild.

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

27 Operating segments (Cont'd)

Performance is measured based on segment loss before tax, as included in the internal management reports that are reviewed by the Group's CEO. Segment loss before tax is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

The segmental results for the financial years ended 31 December 2020 and 2019 relate solely to the offshore rig services and supply chain management.

Geographical Information

The Group's operations are mainly in the region of Southeast Asia, Australasia (comprising mainly Australia, Marshall Islands and Papua New Guinea), Middle East, Europe and North America. In presenting information on geographical segments, segment revenue is based on the delivery order address of customers. Segment assets which are based on the geographical location of the assets, are all in Singapore.

	\$'000 644 - 1,213 6,431 10,403 11,925 1,168 339 3,709 1,811

28 Financial risk management objectives and policies

The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise adverse effects from the unpredictability of financial markets on the Group's financial performance. The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks included credit risk, liquidity risk, interest rate risk and foreign currency risk.

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. Management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner. There has been no significant change in the Group's exposure to these risks or the manner in which it manages and measures risks.

The Group does not hold or issue derivative financial instruments for trading purposes or to hedge against fluctuations, if any, in interest rates and foreign exchange.

for the financial year ended 31 December 2020

28 Financial risk management objectives and policies (Cont'd)

Credit risk

Credit risk refers to the risk that counterparties may default on their contractual obligations resulting in financial loss to the Group.

The Group has a credit policy in place which establishes credit limits for customers and monitors their balances on an ongoing basis. Credit evaluations are performed on all new customers.

The carrying amounts of the financial assets in the statement of financial position represent the Group's maximum exposure to credit risk before taking into account any collateral held. The Group and the Company do not require any collateral in respect of their financial assets.

The exposure to credit risk for trade and other receivables at the reporting date (by geographical region) was:

	The Group		The Co	ompany
	2020	2019	2020	2019
	\$′000	\$'000	\$′000	\$'000
Singapore	5,045	8,700	1,573	1,699
Southeast Asia excluding Singapore	1,650	1,820	83	75
Australasia	-	250	_	_
Middle East	62	54	_	_
Taiwan	4,142	-	_	_
Europe and others	402	2,568	_	_
	11,301	13,392	1,656	1,774

At reporting date, the Group has concentration of credit risk with 3 customers (2019 - 3 customers) engaged in the Oil and Gas sector accounting for approximately 25% (2019 - 19%) of the total trade receivables.

The Group uses an allowance matrix to measure the ECLs of trade receivables from individual customers, which comprise a very large number of small balances.

The movement in the allowance for impairment loss during the year is summarised as follows:

	2020	2019
The Group	\$′000	\$'000
At 1 January	1,250	1,368
Impairment loss recognised	287	922
Impairment loss reversed	(13)	(875)
	274	47
Amounts utilised		(165)
At 31 December	1,524	1,250

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 December 2020

28 Financial risk management objectives and policies (Cont'd)

Credit risk (Cont'd)

The following table provides information about the exposure to credit risk and ECLs for trade receivables for individual customers as at each reporting date.

The Group	Weighted average loss rate %	Net carrying amount \$	Impairment loss allowance \$	Credit- impaired \$
At 31 December 2020				
Current (not past due)	-	1,707	-	Νο
1 - 30 days past due	-	1,395	-	Νο
31 - 120 days past due	-	1,323	-	Νο
More than 120 days past due	23.27	2,462	(573)	Yes
		6,887	(573)	
At 31 December 2019				
Current (not past due)	4.38	1,355	(59)	Yes
1 - 30 days past due	6.78	1,902	(129)	Yes
31 - 120 days past due	10.56	3,059	(323)	Yes
More than 120 days past due	4.59	1,350	(62)	Yes
		7,666	(573)	

As at the balance sheet date, specific impairment loss on trade receivables amounted to \$1 million (2019: \$0.7 million).

Loss rates are based on actual credit loss experience over the past four years. These rates are adjusted by scalar factors to reflect differences between economic conditions during the period over which the historic data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables. These scalar factors are calculated using statistical models that determine numeric co-relation of loss rates with relevant economic variables.

The cash and cash equivalents are held with reputable banks and financial institutions which are regulated.

As disclosed in Note 9 to the financial statements, the Company held non-trade receivables from its subsidiaries. These balances relate to accrued management fee receivable from subsidiaries. Impairment on these balances has been measured on the 12-month expected loss basis which reflects the low credit risk of the exposures. The amount of the allowance on these balances is insignificant.

The Group and the Company measure loss allowance for contract assets and other receivables using lifetime ECL and 12-month ECL respectively. The amount of the allowance on these balances has been assessed to be insignificant.

for the financial year ended 31 December 2020

28 Financial risk management objectives and policies (Cont'd)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates.

The Group is exposed to changes in interest rates primarily due to the Group's loans and borrowings which are subject to variable interest rates. Interest rate risk is managed by the Group on an ongoing basis with the primary objective of limiting the extent to which net interest expense could be affected by an adverse movement in interest rates.

At the reporting date, the interest rate profile of the Group's and the Company's interest-bearing financial instruments, as reported to the management, was as follows:

	2020	2019
The Group	\$′000	\$'000
Fixed rate instruments		
Fixed rate loans	(19,650)	(15,860)
Trust receipts	(1,696)	(2,225)
Bank overdrafts	(1,176)	_
Lease liabilities	(8,322)	(9,581)
	(30,844)	(27,666)
Variable rate instruments		
Fixed deposits	595	292
Floating rate loans	(19,211)	(10,605)
	(18,616)	(10,313)
The Company		
Fixed rate instruments		
Fixed rate loan	(3,567)	(3,822)

Sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets or liabilities at fair value through profit or loss. Therefore, in respect of the fixed rate instruments, a change in interest rates at the reporting date would not affect the statement of comprehensive income.

for the financial year ended 31 December 2020

28 Financial risk management objectives and policies (Cont'd)

Interest rate risk (Cont'd)

Cash flow sensitivity analysis for variable rate instruments

For the variable rate financial assets and liabilities, a 100 basis points ("bp") change in interest rates at the reporting date would have increase/decrease loss before tax and equity by amounts as shown below. This analysis has not taken into account the associated tax effects and assumes that all other variables, in particular foreign currency rates, remain constant.

The Group's policy is to obtain the most favourable interest rates available without increasing its interest exposure.

	Loss before tax increase/(decrease)		Equity increase/(decrease)	
The Group	(100 bp Increase) \$′000	(100 bp Decrease) \$′000	(100 bp Increase) \$'000	(100 bp Decrease) \$'000
31 December 2020				
Variable rate instruments	(186)	186	(186)	186
31 December 2019				
Variable rate instruments	(103)	103	(103)	103

Foreign currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Currency risk arises when transactions are denominated in foreign currencies.

The Group is exposed to currency risk on sales and purchases that are denominated in a currency other than the respective functional currencies of Group entities. The currency in which these transactions primarily is denominated is the United States dollar and Singapore dollar respectively.

The Group's and the Company's exposure to foreign currency is as follows:

	The Group		The Co	mpany
	2020	2019	2020	2019
	\$′000	\$'000	\$′000	\$'000
United States Dollar				
Trade and other receivables	1,828	609	59	60
Cash and cash equivalents	734	630	-	_
Trade and other payables	(1,036)	(1,485)	_	(79)
	1,526	(246)	59	(19)
Singapore Dollar				
Loans and borrowings	(3,738)	(2,777)		

The Group does not have a formal policy to hedge its financial assets and liabilities denominated in foreign currencies.

for the financial year ended 31 December 2020

28 Financial risk management objectives and policies (Cont'd)

Foreign currency risk (Cont'd)

Sensitivity analysis - Foreign currency risk

A 10% strengthening of the United States dollar and Singapore dollar against the functional currencies of the respective entities within the Group at the reporting date would increase the loss before tax by the amounts below. This analysis is based on foreign currency exchange rate variances that the Group considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2020 and 2019, albeit that the reasonably possible foreign exchange rate variances may have been different.

	The G	The Group		mpany
	2020	2019	2020	2019
	\$'000	\$'000	\$'000	\$'000
United States dollar	153	(25)	6	(2)
Singapore dollar	(374)	(278)	_	

A 10% weakening of the United States dollar and Singapore dollar against the functional currencies of the respective entities within the Group would have the equal but opposite effect on the loss before tax to the amounts shown above, on the basis that all other variables remain constant.

Liquidity risk

Liquidity or funding risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

To ensure the continuity of funding, the Group's policy is to use a mix of long-term and short-term financing. Short-term funding is obtained through overdrafts and trust receipts. Long-term funding is primarily used for acquisition of property, plant and equipment. The Group evaluates various alternative financing arrangements to balance its debt leverage.

The Group monitors current and expected liquidity requirements to ensure that it maintains sufficient working capital and adequate external financing to meet its liquidity requirements in the short and longer term. The sources of liquidity and funding available to the Group are the financing from various financial institutions and the realisation of the property, plant and equipment, if required.

for the financial year ended 31 December 2020

28 Financial risk management objectives and policies (Cont'd)

Liquidity risk (Cont'd)

Analysis of financial instruments by remaining contractual maturities

The following are the contractual maturities of financial liabilities. The amounts are gross and undiscounted, and include contractual interest payments and exclude impact of netting agreements:

	4,128	4,685	1,306	3,379	

The maturity analysis shows the contractual undiscounted cash flows of the Group's and the Company's financial liabilities on the basis of their earliest possible contractual maturity. The cash outflows disclosed relate to those instruments held for risk management purposes and which are usually not closed out prior to contractual maturity.

for the financial year ended 31 December 2020

28 Financial risk management objectives and policies (Cont'd)

Market price risk

Market price risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market prices.

The Group and the Company are not exposed to any movement in price risk as it does not hold any quoted or marketable financial instruments.

29 Fair value measurement

Definition of fair value

SFRS(I) define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value measurement of financial instruments

The carrying values of variable rate bank loans approximate their fair values as disclosed in Note 14 to the financial statements. The carrying amounts of financial assets and liabilities with a maturity of less than one year (including trade and other receivables, balances with related parties, cash and cash equivalents, trade and other payables, and borrowings) approximate their fair values because of the short period to maturity.

The table below presents assets and liabilities recognised and measured at fair value and classified by level of the following fair value measurement hierarchy:

- Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 : inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 : unobservable inputs for the asset or liability.

30 Financial instruments

Accounting classifications of financial assets and financial liabilities

The carrying amounts of financial assets and financial liabilities in each category are as follows:

The Group	Note	2020 \$′000	2019 \$'000
Financial assets at amortised cost			
Trade and other receivables	9	11,301	13,392

31 Capital management

The Group's and the Company's objectives when managing capital are:

- (a) To safeguard the Group's and the Company's ability to continue as a going concern;
- (b) To support the Group's and the Company's stability and growth; and
- (c) To provide capital for the purpose of strengthening the Group's and the Company's risk management capability.

The Group and the Company actively and regularly review and manage its capital structure to ensure optimal capital structure and shareholder returns, taking into consideration the future capital requirements of the Group and the Company and capital efficiency, prevailing and projected profitability, projected operating cash flows, projected capital expenditures and projected strategic investment opportunities. The Group and the Company currently do not adopt any formal dividend policy.

The Group and the Company monitor capital using Gearing Ratio, which is net debt divided by total equity attributable to owners of the Company. Net debt represents total borrowings less cash and bank balances.

There were no changes in the Group's and the Company's approach to capital management during the year.

The Company and its subsidiaries are not subject to externally imposed capital requirements, other than those as disclosed in Note 14 to the financial statements.

32 Subsequent events

(a) Joint venture agreement with Ruhm Marine Sdn Bhd ("RUHM")

On 18 February 2021, the Group's 51% owned subsidiary, Bridgewater Offshore Sdn Bhd ("BWOSB") has signed a joint venture agreement with RUHM to form a joint venture company, Ruhm Bridgewater Offshore Sdn Bhd ("JVC") in Malaysia.

The initial share capital of the JVC will be RM1,000. The Group will also inject its vessel "Bridgewater 63" valued at USD900,000 into Bridgewater 63 Sdn Bhd, a wholly-owned subsidiary of the JVC.

(b) <u>Acquisition of the remaining 20% issued and paid-up share capital in Khan Hin Engineering Pte Ltd</u> ("KHE")

Alpine Progress Shipping Pte. Ltd. ("ALP"), a wholly owned subsidiary, has on 2 March 2021 acquired the remaining 20% issued and paid-up share capital of KHE from a third party for a cash consideration of \$1.00 (the "Acquisition"). The Acquisition results in KHE becoming a wholly-owned subsidiary of ALP, which in turn is an indirect wholly-owned subsidiary of the Group.

(c) Incorporation of an indirect subsidiary

Solid Facility Maintenance Pte. Ltd. ("SFMPL") was incorporated on 5 January 2021 by the Company's wholly owned subsidiary - Kim Heng Offshore & Marine Pte. Ltd ("KHOMPL"). SFMPL is wholly-owned by KHOMPL.
