#### **Gross Profit Margins**

#### Revenue

The Group recorded a 13.4% decline in revenue to \$111.2 million for 4Q14, from \$128.5 million in 4Q13, in tandem with the slowdown in the overall demand for construction services.

In addition, restrictions on the export of granite by a foreign country have also led to a disruption in the supply of ready-mixed concrete, and contributed to lower business activity levels and revenue in 4Q14.

The property cooling measures introduced in Singapore in 2013 have weighed down on demand for the Group's foundation works in the second half of FY14 as construction demand for the private residential sector moderated. However, this was mitigated somewhat by sustained domestic demand in Malaysia, which enabled the Group to record a growth in revenue contribution from Malaysia.

For FY14, the Group thus recorded an 8.6% decline in revenue to \$487.1 million, compared to \$533.1 million recorded in FY13.

### **Gross Profit and Gross Profit Margins (GPM)**

Gross profit and GPM for 4Q14 were \$8.9 million and 8.0% respectively (4Q13: \$10.9 million and 8.5%). For FY14, Gross profit and GPM also declined to \$33.8 million and 6.9%, from \$40.6 million and 7.6% in FY13.

These lower margins reflect the keen competition across the industry, as contracts were secured at depressed prices while construction costs remained high.

Operating in a labour-intensive industry, the Group, like its counterparts, has been further hit by increasing labour costs, resulting from the Singapore government's push to tighten regulations on foreign labour employment. The restrictions on the export of granite from a foreign country also contributed to a sharp increase in the cost of ready-mixed concrete which resulted in the margin erosion in 4Q14.

### **Other Income**

The Group recorded other income of \$1.4 million for 4Q14 (4Q13: \$0.6 million) and \$8.1 million in FY14 (FY13: \$3.6 million) respectively. Gain on disposals of older equipment and leasehold buildings contributed \$2.5 million (FY13: \$1.5 million). In addition, the Group also recorded a net gain of \$2.8 million (FY13: \$Nil) from fees received for the nomination and assignment of the Group's rights, title, interests and benefits to one parcel of freehold industrial land in Iskandar Malaysia in 3Q14.

<b>Other Operating Expenses /Revenue</b>	7.8%	5.1%		6.5%	5.6%	

Other operating expenses for 4Q14 were \$8.7 million, a 16.4% increase as compared to 4Q13. However, overall other operating expenses were comparable to FY13.

In 4Q13, the Group made provisions for doubtful debts amounting to \$8.6 million, for amounts due from 2 contractors, Poh Lian Construction (Pte.) Ltd, and Alpine Bau GmbH.

Other operating expenses to revenue ratio for 4Q14 and FY14 were 7.8% (4Q13: 5.1%) and 6.5% (FY13: 5.6%) respectively. These higher ratios reflect the challenging operating conditions in the industry in FY14.

### **Net Finance Expenses**

Net interest expenses for 4Q14 decreased by 15.0% to \$1.0 million (4Q13: \$1.2 million) in tandem with the lower level of borrowings required to finance the reduced level of business activity in 4Q14.

Net interest expenses for FY14 was 13.8% lower at \$4.3 million (FY13: \$4.9 million), reflecting the lower level of borrowings for FY14.

### **Share of Profit of a Jointly-Controlled Entity**

Share of profit of a jointly-controlled entity amounted to \$0.3 million in FY14 (FY13: \$0.3 million). This positive contribution was the result of positive and profitable operations of the Group's business in Thailand.

In FY14, the Group has finalised most of its recent tax filings with the Inland Revenue Authority of Singapore. As a result, the Group has aligned its tax liabilities to the Group's latest finalised tax positions. With the finalisation of the Group's taxes, the availability of certain capital allowances and investment allowances under the Group Relief System has resulted in a tax credit of \$2.8 million for 4Q14 and FY14.

Taking into account the above factors, the Group's 4Q14 net profit and earnings per share were \$1.8 million and 0.04 cent, as compared to a net loss and loss per share of \$5.5 million and 0.50 cent respectively.

Net profit for FY14 was \$6.2 million, compared to a net loss of \$0.8 million recorded in FY13. Earnings per share was 0.25 cent, while loss per share was 0.28 cent for FY13.

## Outlook

The Singapore economy is expected to grow by between 2% to 4% for year 2014 according to the Ministry of Trade and Industry. The Building and Construction Authority of Singapore forecasts that 2014 total construction demand is likely to be between \$31 billion and \$38 billion.

The overall construction demand will come from expansion in public sector demand, mainly from stronger institutional and civil engineering construction works. In particular, construction activities for the Thomson Line MRT will pick up in 2014.

In contrast, construction demand from the private sector is projected to soften. Private residential construction demand in 2014 will be weighed down by reduction in residential construction demand amid subdued property market sentiments. This was a result of various cooling measures implemented by the Government, the substantial supply of completed residential units coming on-stream over the next few years as well as the scaling back of new Government land sales for the first half of 2014.

Construction costs will continue its uptrend as a result of rising cost pressures due to progressive tightening of manpower policies and increase in construction material costs. Intensive competition within the industry will also adversely affect future gross margins.

The Group will intensify its efforts to optimise its operating costs. In addition, no effort will be spared to improve the Group's productivity via streamlining of work processes. To mitigate the challenges faced in the Singapore market, the Group has also redeployed some of its resources to markets in the region that hold better potential to pursue growth opportunities there.

As at 21 May 2014, the Group's order book stands at approximately \$200 million with the bulk of the order book to be completed within the next few quarters.

The Board of Directors expects the next financial year ending 31 March 2015 to be extremely challenging. However, with appropriate streamlining of the Group's cost structure and strong balance sheet, the Group will be ready for the next wave of construction demand.
